University Profile

Overview

Weber State University is an exceptional comprehensive university providing associate, bachelor and master's degrees to meet the needs of the region. WSU graduates are broadly educated, capable and prepared for meaningful careers, graduate and professional schools, and civic engagement. The hallmark of the university is excellent teaching with extraordinary interactions between faculty and students. WSU offers a wide and diverse variety of degrees/programs (see Programs Sorted by Degree or Programs Sorted by Major/Minor) - the largest and most expansive undergraduate program in the State of Utah. With a student body of over 29,000 drawn predominantly from Utah, but also including students from 48 states and 61 foreign countries, WSU takes pride in its student-centered environment for learning and believes that quality education is founded upon close associations between faculty and students.

WSU is distinguished by outstanding academic programs that recruit motivated students to work with faculty to create and share knowledge. More than fifty academic departments and programs in seven colleges provide learning opportunities for a diverse spectrum of students, including grants and support for undergraduate research, community-based and service learning, an Honors program, and a Bachelor of Integrated Studies (BIS) program. The Office of Undergraduate Research (OUR) and the Center for Community Engaged Learning help to engage students in learning both inside and outside the classroom, and the Honors program provides small classes in a rich, supportive, and challenging academic setting. The BIS offers students the opportunity to design their own degrees with three areas of academic emphasis meant to prepare them for specific career paths or graduate study.

Academic studies are complemented by a wide range of extracurricular activities, including student government, intramural and intercollegiate athletics, and award-winning performing arts groups. In addition, the Student Success Center along with the First Year Experience program helps new students adjust to the university community, while a variety of support services aid those with particular needs.

The WSU Ogden campus has 60 buildings on 526 acres that house abundant classrooms and laboratories, excellent student computing facilities, outstanding performing arts auditoriums, a spacious library, and a well-equipped health and fitness center. An area of continued growth is WSU-Davis, which provides instruction to students on a new high-tech campus in Layton. In addition to its Ogden and Davis campuses, WSU offers courses throughout the state and Intermountain West and is a leader in online instruction.

Historical Perspective

Weber State University was founded in Ogden, Utah, as Weber Stake Academy on January 7, 1889, by the Weber Stake Board of Education of the Church of Jesus Christ of Latter-day Saints. The 1933 Utah Legislature established Weber College as a state junior college and placed it under the control of the Utah State Board of Education. Following World War II the college outgrew its downtown campus and moved to the present 400-acre site, spectacularly perched on the mountainside overlooking Ogden and the Great Salt Lake.

In 1959 the Utah Legislature authorized the addition of upper division courses, leading to award of the first baccalaureate degrees by Weber State College in 1964. The 1969 Legislature created the Utah System of Higher Education, comprising nine public institutions of higher learning, including Weber State College. The system is governed by a State Board of Regents, and each institution has its own Board of Trustees; members of both boards are appointed by the governor.

In 1990 the state legislature renamed the institution Weber State University, effective New Year's Day 1991, appropriately symbolizing its role as Utah's premier public, undergraduate university.

Mission Statement

Weber State University provides associate, baccalaureate and master degree programs in liberal arts, sciences, technical and professional fields. Encouraging freedom of expression and valuing diversity, the university provides excellent educational experiences for students through extensive personal contact among faculty, staff and students in and out of the classroom. Through academic programs, research, artistic expression, public service and community engaged learning, the university serves as an educational, cultural and economic leader for the region.
WSU Mission Core Themes Assessment

Each of the mission core themes has objectives, indicators of achievement and empirical assessment measures of the indicators. This section contains summary assessment data for the indicators of achievement for each of the core theme objectives.

ACCESS
  • Weber State will offer programs that address the needs of the community
  • Weber State will serve cohorts of interest in the community

LEARNING
  • Students who enroll will be retained
  • Students will participate in engaged learning experiences
  • Students will achieve General Education learning outcomes
  • Students will achieve program learning outcomes
  • Lower-division students will achieve success
  • Students will complete degrees

COMMUNITY
  • Weber State University will contribute to K-12 education in the community
  • The community will participate in a wide array of WSU sponsored cultural programs
  • Students will engage with the community and become productive members of society
  • Faculty will contribute to their professions
  • Faculty, staff, and students will support the community through service and outreach efforts
  • Weber State University will contribute to economic development of the region

Accreditation

Weber State University is regionally accredited by the Northwest Commission on Colleges and Universities. All applied technical education programs are accredited by the Utah State Office of Vocational Education. Teacher education programs are accredited by the National Association of State Directors of Teacher Education and Certification. In addition, specific professional agencies currently accredit or approve the following departments and programs:

College of Engineering, Applied Science & Technology

Automotive Service Technology [AAS programs] (National Automotive Technicians Education Foundation [NATEF])
Computer Science (Computing Accreditation Commission of ABET, Inc.)
Electrical Engineering (Engineering Accreditation Committee [EAC] of ABET, Inc.)
Interior Design--Technical Sales BS/BA (Council for Interior Design Accreditation [CIDA])

Telitha E. Lindquist College of Arts & Humanities

Music (National Association of Schools of Music [NASM])
Visual Arts (National Association of Schools of Art and Design [NASAD])

John B. Goddard School of Business & Economics

All undergraduate and graduate programs in business (Association to Advance Collegiate Schools of Business [AACSB])
School of Accounting & Taxation—all undergraduate and graduate programs in accounting (Association to Advance Collegiate Schools of Business [AACSB])
Jerry and Vickie Moyes College of Education

Athletic Training (Commission on Accreditation of Athletic Training Education [CAATE])
Early Childhood and Early Childhood Education (National Association for the Education of Young Children Teacher Education Standards [NAYEC], National Council for Accreditation of Teacher Education)
Family Studies (National Council on Family Relations Standards for the Certified Family Life Educator [NCFR])
Teacher Education (Association for Advancing Quality Educator Preparation [AAQEP])

Dr. Ezekiel R. Dumke College of Health Professions

Dental Hygiene (Commission on Dental Accreditation of the American Dental Association [CODA])
Emergency Care & Rescue (Commission on Accreditation of Allied Health Education Programs, (CAAHEP)
Health Administrative Services (Association of University Programs in Health Administration [AUPHA])
Health Information Management, Health Information Technology (Commission on Accreditation for Health Informatics and Information Management Education [CAHIM])
Master of Health Administration Program (Commission on Accreditation of Healthcare Management Education [CAHME])
Medical Laboratory Sciences (National Accrediting Agency for Clinical Laboratory Science [NAACLS])
Nursing (Accreditation Commission for Education in Nursing [ACEN])
Respiratory Therapy (Commission on Accreditation for Respiratory Care [Co ARC])

College of Science

Chemistry (American Chemical Society [ACS])

College of Social & Behavioral Sciences

Social Work (Council on Social Work Education [CSWE])

Division of Student Affairs

Nontraditional Student Hourly Childcare Program (National Association for the Education of Young Children)

Catalog Information

The Weber State University catalog is maintained by the Registrar's Office based on approved curricula. Although some areas of information are covered in detail, much of the content is presented in a general way. The catalog is not to be considered a binding contract between Weber State and any student or other institution. Weber State reserves the right to change its regulations or course offerings as conditions require during the period of any student's attendance. Students should refer to the official schedule of classes online which is available before and during registration each semester.

Assessment at WSU

WSU routinely conducts campus-based studies of student attitudes, student achievement, student satisfaction, and personal, professional and career development. These studies are grouped under the heading of student outcomes assessment. Each WSU student is expected to participate in outcomes assessment. While every student is not selected for participation in every activity, it is likely that an individual student will be involved in one or more assessment activities during the college years. It is only through cooperative participation in the assessment process that WSU can better understand itself and better serve its students.
As well, every academic program assesses student learning for both formative and summative assessment purposes. This assessment is generally embedded in the curriculum, but may also utilize outside exams, internships, and portfolios.

For more information on outcomes assessment at WSU, contact the Office of Institutional Effectiveness, Annex 2, 801-626-8386 http://www.weber.edu/e.

**Campus Safety and Nondiscrimination Policy Statement**

**CAMPUS SAFETY**

Your safety while attending WSU is extremely important to us. The university maintains a campus alert system called Code Purple that provides notices about significant emergency situations on campus such as snow closures, power outages, gas leaks, or other potentially dangerous threats. We encourage you to sign-up for campus alerts at weber.edu/codepurple.

To report any crime or emergency, call 911 or University police at 801-626-6460, 3734 Dixon Parkway, Ogden, UT 84408.

The university also publishes an Annual Security Report and Fire Safety Report which provides information about crime statistics, crime prevention, alcohol and drug policies, fire statistics, etc. These reports can be found online at http://apps.weber.edu/wsuimages/police/2014-15%20Clery%20Book.pdf. You may request a physical copy by calling 801-626-7440 or visiting the WSUPD at 3734 Dixon Parkway, Ogden, UT 84408.

**NONDISCRIMINATION**

Weber State University is committed to protecting the personal rights of all students, employees, and visitors by providing an environment free from harassment and other forms of discrimination based upon race, color, national origin, pregnancy or pregnancy-related conditions, genetics, age (over 40), disability, religion, sex, sexual orientation, gender identity/expression, veteran, active military status, and other classifications protected by law. Such an environment is a necessary part of a healthy learning and working atmosphere. Unlawful discrimination undermines human dignity and the sense of community WSU seeks to foster.

Discrimination and harassment are illegal and specifically prohibited by the constitutions, statutes, precedents and regulations of the United States and Utah. It is the policy of the University to vigorously enforce these laws among its students and employees.

Individuals who believe any of these rights have been violated should review information available at Affirmative Action/Equal Opportunity website (http://weber.edu/aaeo) and PPM 3-32, available at https://www.weber.edu/ppm/Policies/3-32_DiscriminationHarassmentandSexualMisconduct.html

Discrimination and harassment complaints or those who need assistance with reasonable accommodations may contact:

Executive Director or Deputy Director of AA/EO
AA-EO@weber.edu
801-626-6239 or 801-626-6240
Miller Administration Building, Room 102,
3850 Dixon Parkway, DEPT. 1022,
Ogden, UT 84408-1022

Note that persons who participate in this grievance procedure in good faith are protected against retaliation for doing so.

Questions may also be directed to:

1) Utah Antidiscrimination and Labor Division
P.O. Box 146630
Salt Lake City, UT, 84114 6630
Street Address:
160 East 300 South, 3rd Floor,
Salt Lake City, UT 84111
Phone: 801 530 6801
Email: discrimination@utah.gov

2) Equal Employment Opportunity Commission
Phoenix District EEOC Office
3300 North Central Avenue, Ste. 690
Phoenix, AZ 85012 2504
Phone: 602 640 5000
Fax: 602 640 5071
Sexual harassment is a type of discriminatory harassment involving unwelcome conduct directed against persons based on their sex, sexual orientation or gender identity/expression which is prohibited by WSU. Sexual harassment includes unwelcome sexual advances, requests for sexual favors or other verbal or nonverbal conduct of a sexual nature, including potentially criminal conduct such as rape, sexual assault, sexual exploitation, dating violence, domestic violence and stalking. Sexual violence is a severe form of sexual harassment. Individuals who experience or become aware of any form of violence, sexual violence, or sexual harassment are encouraged to immediately report such behaviors. To report any emergency or to file a police report regarding these behaviors, call 911 or University police at 801-626-6460, 3734 Dixon Parkway, Ogden, UT 84408. For help responding to non-emergency situations involving these behaviors, contact the Executive Director of AA/EO, AA-EO@weber.edu, Miller Administration Building, Room 102, 3850 Dixon Parkway, DEPT 1022, Ogden, UT 84408-1022, at 801-626-6239 or 801-626-6240, or a Survivor Advocate with the Women's Center at 801-626-6372. For more information, including options, processes, and a list of on and off campus resources, go to: http://www.weber.edu/safeatweber/.

The university provides training materials regarding sexual assault, violence prevention, dating violence, domestic violence, stalking, alcohol abuse, and how to assist if you are a bystander. These materials are a helpful guide for safe practices on and off-campus. The university expects all students, faculty and staff to complete this training. Go to portalapps.weber.edu/everfiSSO/.

Commitment to an Inclusive Community

Pivotal to Weber State University's mission is the need to embrace and value the diversity of its members. Acknowledging the uniqueness of each individual, we seek to cultivate an environment that encourages freedom of expression. Because the University is a community where inquiry is nurtured and theories are tested, every individual has the right to feel safe to express ideas that differ from those held by other members of the community. However, all persons who aspire to be part of our campus community must accept the responsibility to demonstrate civility and respect for the dignity of others. Recognizing that the proper balance between freedom of expression and respect for others is not always apparent or easy to achieve, we must continually challenge ourselves and each other in an atmosphere of mutual concern, good will and respect. Therefore, expressions or actions that disparage an individual's or group's ethnicity, gender, religion, sexual orientation, marital status, age or disability are contrary to the mission of Weber State University.

Exceptions to University Policy

All students at Weber State University have the right, with appropriate rationale, to request an exception to University policies or requirements. Help with preparing requests for exceptions can be obtained from the Registrar's Office, SC 101, 801-626-6061, or from the Assistant Dean of Students, Davis Campus Room 261, 801-395-3460.

Student Code

Students attending the University are expected to adhere to certain standards as defined in the Weber State University Student Code, a copy of which is available from the Office of the Dean of Students (Miller Administration Building, Suite 317) or on-line at http://weber.edu/ppm/6-22.html.
Administration & Faculty

Brock Adams (2017) - Assistant Professor of Professional Sales. BS, Dixie State University, 2009; MA, Southern Utah University, 2012; PhD, Louisiana State University, 2018.

Mark S. Adams (2014) - Associate Professor of Child & Family Studies. BS, Brigham Young University, 1996; MS, University of Arizona, 1999; PhD, Texas Tech University, 2005.

Shaun Adamson (2008) - Professor of Library Science. BA, MA, University of South Florida, 1994, 1996; PhD, Walden University, 2008.

Jude Yaw Agboada (2021) - Assistant Professor of Graphic Design. BA, Kwame Nkrumah University of Science and Technology, 2013; MFA, School of the Art Institute of Chicago, 2019.

David Aguilar-Alvarez (2015) - Assistant Professor of Nutrition. BS, Technological Institute of Sonor, MS, PhD, University of Connecticut, 2012, 2014.

Nazneen Ahmad (2006) - Associate Professor of Economics. BS, MS, Jahangirnagar University, 1994, 1996; MA, York University, 2000; MS, PhD, University of New Orleans, 2005.

Mahmud Akelbek (2010) - Associate Professor of Mathematics. BS, MS, Xinjiang University, 1996, 1999; PhD, University of Regina, 2008.

Melina Alexander (2005) - Professor of Teacher Education. BS, Weber State University, 1990; MS, Weber State University, 1996; PhD, Utah State University, 2005.

Abdulmalek Al-Gahmi (2017) - Assistant Professor of Computer Science. BS, Sana'a University, 1997; MS, PhD, New Mexico State University, 2002, 2008.

Anthony T. Allred (1996) - Professor Business Administration. BGS, Weber State University, 1984; PhD, Oklahoma State University, 1997.

Noël T. Alton (2020) - Assistant Professor of Web and User Experience, School of Computing. BS, MS, Brigham Young University, 2005, 2010; DS, University of Baltimore, 2019.

Clinton L. Amos (2013) - Associate Professor of Business Administration. BBA, Northeastern State University, 1999; MBA, Dallas Baptist University, 2002; PhD, University of North Texas, 2008.

Nicole A. Anderson (2020) - Assistant Professor of Computer Science. BS, MS, University of Iowa, 1998, 2000; PhD, University of Uah, 2007.

Jennifer S. Anderson (2014) - Associate Professor of Management. BA, MBA, University of Washington, 1990, 1999; PhD, University of Arizona, 2014.

Sheila Anderson (2014) - Associate Professor of Child & Family Studies. BS, University of Utah, 1994; MEd, Weber State University, 2004; PhD, Utah State University, 2012.
Adrienne Andrews (2005) - Assistant Vice President for Diversity & Chief Diversity Officer. BA, University of Utah, 1993, 1996; MS, Minnesota State University, Mankato, 1997; MA, Rutgers, the State University of New Jersey, 2001.

Rachel E. Ardern (2017) - Assistant Professor of Nursing. BN, Queensland University of Technology, 1997; MN, University of Southern Queensland, 2007.

Tariq Mohammad Arif (2019) - Assistant Professor of Mechanical Engineering. BSc, Bangladesh University of Engineering and Technology, 2005; M.Sc., University of Tokushiima, 2011; PhD., New Jersey Institute of Technology, 2017.

Michelle L. Arnold (2002) - Associate Professor of Physics. BS, University of Winnipeg, 1996; PhD, McMaster University, 2000.

Isabel Asensio (2006) - Department Chair of Foreign Languages and Professor of Spanish. BA, University of Extremadura, 1999; MA, University of Kentucky, 2001; MA, PhD, Vanderbilt University, 2004, 2006.

Aaron L. Ashley (2006) - Department Chair and Professor of Psychology. BA, University of North Carolina at Greensboro, 1995; MA, Ball State University, 2000; PhD, University of Memphis, 2004.

Ashley D. Badali (2020) - Instructor of Interior Design. BS, Weber State University, 2017; MEd, Western Governors University, 2018.

Elizabeth A. Balgord (2015) - Assistant Professor of Earth and Environmental Sciences. BS, University of Wisconsin, 2009; MS, Idaho State University, 2011; PhD, University of Arizona, 2015.

Robert G. Ball (2015) - Associate Professor of Computer Science. BS, MS, Brigham Young University, 2002, 2003; PhD, Virginia Polytechnic Institute and State University, 2006.

Andrea M. Baltazar (2017) - Assistant Professor of Communication. BA, University of California, 2008; MFA, Pepperdine University, 2017.

Evan T. Barlow (2016) - Assistant Professor of Supply Chain Management. BS, Brigham Young University, 2004; MS, University of Texas, 2007; PhD, Northwestern University, 2016.

Kristy A. Baron (2012) - Associate Professor of Nursing. BS, Weber State University, 1998; MFHD, Utah State University, 2004; PhD, Rocky Mountain University.

Joyce Marie Barra (2010) - Instructor of Nursing. BS, Northern Illinois University, 1980; MS, PhD, University of Utah, 1992, 2005.

Jason E. Barrett-Fox (2016) - Assistant Professor of English and Director of Composition. BA, Bethel College, 2001; MA, PhD, University of Kansas, 2004, 2013.

Steven B. Bateman (2017) - Executive in Residence and Instructor of Health Administration. BA, Weber State College, 1982; MBA, Utah State University, 1985.

Vincent C. Bates (2012) - Associate Professor of Teacher Education. BM, MM, Brigham Young University, 1992, 1996; PhD, University of Arizona, 2005.

Diego Rey Batista (2011) - Associate Professor of Spanish. BA, Brigham Young University, 2001; MA, California State University Fullerton, 2005; PhD, University of Oklahoma, 2011.

Micah J. Bauer (2016) - Assistant Professor of Visual Arts & Design. BFA, Brigham Young University, 2003; MFA, Utah State University, 2015.

Mark R. Baugh (2004) - Professor of Manufacturing and Systems Engineering. BS, University of Utah, 1990; MS, Utah State University, 1996.

Bruce K. Bayley (2007) - Professor of Criminal Justice. BS, MS, University of Utah, 1997, 1999; PhD, Utah State University, 2002.

Nicole A. Beatty (2012) - Associate Professor of Library Science and Arts and Humanities Librarian. BA, University of Northern Colorado, 1998; MA, University of Illinois, 2001; MLS, Indiana University, 2007.

Steven Kendal Beazer (2016) - Assistant Professor of Medical Laboratory Sciences. BS, MHA, Weber State University, 2010, 2014.

Craig N. Bergeson (1999) - Professor of Spanish. BA, Weber State University, 1991; MA, University of Nevada, 1993; PhD, University of Colorado, 1998.

Tamara P. Berghout (2013) - Associate Professor of Nursing. BS, MSN, Weber State University, 2007, 2011; EdD, Walden University, 2019.

Anne M. Bialowas (2008) - Professor of Communication. BA, University of Puget Sound, 1998; MA, California State University Sacramento, 2002; PhD, University of Utah, 2009.

Dustin S. Birch (2011) - Associate Professor of Mechanical Engineering. BS, MS, University of Utah, 1997, 2000; PhD, Colorado State University, 2021.

Timothy E. Black (2021) - Assistant Professor of Psychology. BA, Drury University, 2013; MS, PhD, Oklahoma State University, 2019, 2021.

Eric W. Bottelberghe (2021) - Instructor of Nursing. BA, Utah State University, 2011; BS, MSN, Weber State University, 2015, 2018.

Rebecca Brasso (2018) - Assistant Professor of Zoology. BS, University of North Carolina, 2004; MS, The College of William and Mary, 2007; PhD, University of North Carolina, 2014.

Delroy A. Brinkerhoff (1996) - Professor of Computer Science. BS, Brigham Young University, 1984; MS, PhD, Utah State University, 1996, 2010.

Shawn D. Broderick (2016) - Assistant Professor of Math Education. BA, Arizona State University, 2003; MA, Brigham Young University, 2009; PhD, University of Georgia, 2013.

Brady M. Brower (2007) - Professor of History. BA, University of Idaho, 1993; MA, University of Colorado, 1996; PhD, Rutgers University, 2005.

Fon R. Brown (2010) - Department Chair and Professor of Electrical Engineering. BS, Utah State University, 1984; MS, Brigham Young University, 1989; PhD, Utah State University, 1998.

Jeremy G. Bryson (2013) - Associate Professor of Geography. BS, Brigham Young University, 2004; MS, Montana State University, 2006; PhD, Syracuse University, 2010.

Amy J. Buckway (2014) - Associate Professor of Nursing. BS, Weber State University, 1997; MSN, University of Phoenix, 2004; EdD, Walden University, 2019.

Brandon J. Burnett (2015) - Assistant Professor of Chemistry. BS, Weber State University, 2009; PhD, University of Nebraska, 2013.

Justin V. Burr (2020) - Assistant Professor of Health Sciences. BS, Weber State University, 2012; DPT, New York University, 2016.

Russell C. Butler (2016) - Instructor of Construction and Building Sciences. BS, Brigham Young University, 1994; MBA, Brigham Young University, 2001.

David R. Byrd (2008) - Professor of Teacher Education. BA, Brigham Young University, 1989; MA, University of Arizona, 1993; PhD, University of Iowa, 2007.

Kathleen E. P. Cadman (2013) - Associate Professor of Nursing. BS, MSN, Western Governors University, 2012, 2013; PhD, University of Nevada Las Vegas.

Chloe Cai (2008) - Professor of Mathematics. BS, Hebei Normal University, 1997; MS, PhD, West Virginia University, 2004, 2008.

Ryan F. Cain (2018) - Instructor of Teacher Education. BA, University of Buffalo, 2001; MAT, Queens College, 2006; PhD, Utah State University, 2019.

Kimberlee Caldwell (2014) - Assistant Professor of Dental Hygiene. BS, MEd, Weber State University, 2005, 2012.
Christy A. Call (2008) - Assistant Professor of English. BA, MA, Weber State University, 1999, 2004; PhD, University of Utah, 2015.

Carol J. Campbell (2012) - Instructor of Chemistry. BS, Northern Arizona University; PhD, Utah State University, 1987.

Sally A. Cantwell (2007) - Department Chair and Professor, School of Nursing. BSN, Weber State University, 2004; MSN, University of Utah, 2007; PhD, Northcentral University Arizona.

John F. Cavitt (1999) - Professor of Zoology and Director of Undergraduate Research. BS, MS, Illinois State University, 1990, 1993; PhD, Kansas State University, 1998.

Valerie Chambers (2017) - Assistant Professor of Accounting & Taxation. BPACC, Oklahoma Baptist University, 2005; MACC, PhD, Arizona State University, 2010, 2017.

Julian D. Chan (2011) - Associate Professor of Mathematics. BS, University of Washington, 2005; MS, PhD, University of Utah, 2007, 2011.

Matthew P. Choberka (2005) - Professor of Art. BA, Columbia College, 1993; MFA, Indiana University, 2005.

Arpit Christi (2019) - Assistant Professor of Computer Science. BE, Dharmsinh Desai University, 2004; MS, Sacramento State University, 2007; PhD, Oregon State University, 2019.

Daniel N. Clark (2017) - Assistant Professor of Microbiology. BS, Weber State University, 2007; PhD, Brigham Young University, 2013.

Jonathan B. Clark (1998) - Professor of Zoology. BS, Bowling Green State University, 1981; PhD, Ohio State University, 1990.

Juan Carlos Claudio (2022) - Instructor of Dance. BS, Utah State University, 1995; MFA, University of Utah, 2009.

Jeffrey A. Clements (2015) - Assistant Professor of Management Information Systems. BS, MS, University of Utah, 2008, 2010; PhD, Florida State University, 2014.

Mihail Cocos (2007) - Associate Professor of Mathematics. BS, University of Bucharest, 1994; MS, University of New Mexico, 1998; PhD, University of British Columbia, 2003.

Alysia Cohen (2018) - Assistant Professor of Athletic Training. BS, Oregon State University, 2002; MA, Boise State University, 2005; MPH, PhD, Oregon State University, 2015.
James I. Cohen (2020) - Assistant Professor, Plant Taxonomy. BS, University of Michigan, 2002; PhD, Cornell University, 2010.

George E. Comber (2000) - Department Chair of and Professor of Manufacturing and Systems Engineering. BS, MS, Brigham Young University.

Nicola A. Corbin (2013) - Associate Professor of Communication. BA, Seton Hall University, 1999; MA, New York University, 2003; PhD, University of Georgia, 2013.

Jonathan M. Cornell (2020) - Assistant Professor of Physics. BS, MS, PhD, University of California, 2006, 2011, 2015.

Darcie M. Costello (2016) - Assistant Professor of Accounting and Taxation. BS, Xavier University, 2001; MT, University of Denver, 2002; PhD, Washington State University, 2014.

Tracy M. Covey (2014) - Associate Professor of Chemistry. BS, University of Dallas, 2001; PhD, University of Utah, 2007.

Courtney L. Craggett (2018) - Assistant Professor of English. BS, BA, LeTourneau University, 2008; PhD, University of North Texas, 2016.

Matthew B. Crook (2017) - Assistant Professor of Microbiology. BS, PhD, Brigham Young University, 2006, 2013.

Paul H. Crow (2011) - Associate Professor of Art. BA, University of Texas, 1988; MFA, University of Southern California, 2005.

Michele D. Culumber (2004) - Professor of Microbiology. BS, Eastern Illinois University, 1995; PhD, University of Wisconsin, 2002.

Rebekah L. Cumpsty (2017) - Assistant Professor of English. BA, MA, University of Cape Town, 2006, 2010; PhD, University of York, 2016.

Charles F. Davidson (1997) - Professor of Chemistry. BS, Weber State University, 1973; PhD, University of Utah, 1977.

Don R. Davies (2001) - Professor of Chemistry. BS, Southern Utah University, 1993; PhD, University of Nebraska-Lincoln, 1998.

Jefferson T. Davis (1999) - Professor of Accounting & Taxation. BS, Utah State University; MS, Utah State University; PhD, University of Tennessee-Knoxville.

Shirley A. Dawson (2013) - Associate Professor of Teacher Education. BS, MEd, PhD, University of Utah.

Alan J. Dayley (1962) - Assistant Dean of Students, Davis Campus, and Professor of Psychology. BS, Brigham Young University, 1959; MA, PhD, University of Utah, 1961, 1964.

C. Francisco de Galvez (2013) - Associate Professor of Music and Orchestra Director. MA, McGill University, 1993; PhD, Málaga University, 2012.

Nicholas E. Dean (2021) - Assistant Professor of Physician Assistant Studies. BS, Weber State University, 2010; MPAS, Oregon Health & Science University, 2016.

Nicole L. Defenbaugh (2021) - Associate Professor of Organizational Communication. BA, University of Wisconsin, 1998; MA, Northern Illinois University, 2000; PhD, Southern Illinois University, 2007.

Mark W. Denniston (2013) - Associate Professor of Criminal Justice. BA, Simpson College, 1997; JD, University of Iowa, 2000; MA, PhD, University of Colorado, 2007, 2012.

Matthew J. Domek (2004) - Department Chair and Professor of Microbiology. BS, Saint Mary's College, 1976; MA, California State University, 1980; PhD, Montana State University, 1985.

Matthew Donahue (2012) - Associate Professor of Athletic Training. BS, University of New Hampshire, 2006; MS, PhD, Indiana University, 2008; 2012

Bryan S. Dorsey (1997) - Professor of Geography and Coordinator of Urban and Regional Planning. BS, Utah State University, 1985; MA, PhD, University of Colorado, 1992, 1996.

Bryan T. Dowdell (2021) - Assistant Professor of Exercise and Sport Science. BS, MS, The University of Akron, 2013, 2015; PhD, Kent State University, 2020.

London Draper (2000) - Professor of Nursing. BS, Weber State University, 1989; MSN, University of Texas at Austin, 1994; PhD, University of Northern Colorado, 2016.

Linda P. DuHadway (2016) - Associate Professor of Computer Science. BS, MS, Utah State University, 2000, 2002; PhD, University of Utah, 2016.

Charles R. Dunn (2016) - Assistant Professor of Child and Family Studies. BS, PhD, Utah State University, 2001, 2016.

Shellee D. Dyer (2020) - Assistant Professor of Engineering. BS, MS, PhD, University of Utah, 1990, 1994, 19956.

Andrea L. Easter-Pilcher (2018) - Dean of the College of Science and Professor of Zoology. BA, Bowdoin College; MS, University of Montana, 1987; PhD, Montana State University, 1993.

Paul G. Eberle (1987) - Department Chair and Professor of Respiratory Therapy. BS, MEd, Weber State University, 1984, 1993; PhD, University of Utah, 2008.

Chris A. Eisenbarth (2008) - Professor of Health and Physical Education. BA, Pacific University, 1994; MS, Boise State University, 1997; PhD, Oregon State University, 2003.

Eric C. Ewert (2001) - Department Chair and Professor of Geography. BS, Northern Arizona University, 1987; MA, University of Oregon, 1990; PhD, University of Idaho, 2003.

Yuhong Fan (2005) - Professor of Finance. BE, ME, Xi'an University of Architecture and Technology, 1994, 1997; PhD, Old Dominion University, 2004.
Jeremy R. Farner (2008) - Associate Professor of Construction and Building Sciences. BS, Weber State University, 2003; MS, Purdue University, 2011.

David E. Feller (1989) - Professor of Performing Arts. BA, Brigham Young University, 1976; MA, DMA, Indiana University School of Music, 1979, 1983.

Kyle D. Feuz (2014) - Department Chair and Associate Professor, School of Computing. BS, MS, Utah State University, 2010, 2011; PhD, Washington State University, 2014.

Maria Electra Gamón-Blanch Fielding (2011) - Associate Professor of Spanish. BA, Utah State University, 1996; MA, PhD, University of Utah, 1999, 2011.

Diane K. Leggett Fife (1999) - Associate Professor of Nursing. LPN, AS, Weber State College, 1973, 1974; BS, Weber State University, 1998; MSN, University of Phoenix, 2000; PhD, University of Utah.

Sandra A. Fital-Akelbek (2008) - Department Chair and Professor of Mathematics. MSc, Adam Mickiewicz University, 1995; PhD, University of Regina, 2007.

Nicole Flink (2018) - Assistant of Professional Sales. BS, Weber State University, 2000; MBA, University of Phoenix, 2005; PhD, Oklahoma State University, 2021.

Mary R. Foss (2016) - Assistant Professor of Mechanical Engineering Technology. BSE, Arizona State University, MSE, Stevens Institute of Technology.

Amber Fowler (2021) - Instructor of Nursing. BS, MSN, Western Governors University, 2014, 2016.

Wendy L. Fox-Kirk (2013) - Department Chair and Assistant Professor of Business Administration and Marketing. Bsc, MSc, Aston University, Birmingham, 1996, 2005; PhD, University of Birmingham, 2014.

Jason J. Francis (2012) - Associate Professor of Library Science. BS, Weber State University, 2001; MLS, University of North Texas, 2008.

Carie M. Frantz (2016) - Assistant Professor of Earth and Environmental Sciences. BS, University of Washington, 2007; PhD, University of Southern California, 2013.

Ryan J. Frazier (2019) - Assistant Professor of Geospatial Science and Technology. BA, MA, Clark University, 2006, 2007; PhD, University of British Columbia, 2016.

Richard C. Fry (2001) - Professor of Computer Science. BS, Park University, 1998; MA, Troy State University, 2000; PhD, Northcentral University, 2011.

Conrad M. Gabler (2016) - Assistant Professor of Athletic Training. BS, University of Wisconsin, 2010; MS, Ohio University, 2012; PhD, University of Kentucky, 2016.

Avery Tye Gardner (2020) - Assistant Professor Engineering. BS/MS, PhD, University of Utah, 2015, 2020.

Azenett A. Garza (2002) - Professor of Psychology. BA, University of Texas at San Antonio, 1995; MA, PhD, University of Texas at El Paso, 2000, 2003.

Joanna R. Gautney (2018) - Assistant Professor Anthropology. BA, California State University, 2007; MA, PhD, Tulane University, 2012, 2016.

Becky Jo Gesteland (2000) - Executive Director of Center for Community Engaged Learning and Professor of English. BA, University of Utah, 1984; MA, University of Wisconsin, 1989; PhD, University of Utah, 1996.

Afshin Ghoreishi (1992) - Professor of Mathematics. BS, Oregon State University, 1982; MS, Marshall University, 1984; PhD, Kansas State University, 1990.

Hailey G. Gillen (2014) - Associate Professor of Communication. BA, University of Washington, 2009; MA, DePaul University, 2011; PhD, University of West Virginia, 2014.

Aimee S. Gillette (2019) - Assistant Professor of Digital Media. BA, University of Southern California, 2001; MFA, New York University, 2008.

Francois C. Giraud-Carrier (2018) - MBA Director and Assistant Professor of Supply Chain Management. MS, Paris Institute of Technology, 1994; PhD, University of Utah, 2014.

Henry (Pepper) G. Glass III (2011) - Associate Professor of Sociology. BA, Saint Louis University, 1997; MA, University of Kansas, 2000; PhD, University of California, 2008.

Matthew K. Gnagey (2014) - Associate Professor of Economics. BS, Eastern Mennonite University, 2005; MA, PhD, The Ohio State University, 2011, 2014.

Tamara D. Goldbogen (2013) - Beverley Taylor Sorenson Endowed Chair for Arts Learning and Associate Professor of Performing Arts. BA, College of Charleston, 1991; MFA, The University of Texas at Austin, 2000.

Youn Soo Kim Goldstein (2020) - Assistant Professor of Localization and Translation. BA, Arizona State University, 2011; MA, Yonsei University, 2014; PhD, State University of New York, 2019.

Maria del Mar Gonzalez (2020) - Assistant Professor of Art History. BA, University of Puerto Rico, 2001; MA, Indiana University, 2005; PhD, University of Illinois, 2013.

Andrea L. Gouldman (2013) - Associate Professor of Accounting & Taxation. BS, University of Virginia, 2000; MAcc, PhD, Virginia Commonwealth University, 2009, 2013

Jessica M. Greenberg (2013) - Associate Professor of Performing Arts. BA, Hampshire College, 2005; MFA, University of Massachusetts, 2012.

Richard V. Greene (2001) - Professor of Philosophy. BS, California State University, Stanislaus, 1989; MA, San Francisco State University, 1992; MA, CPhil, PhD, University of California, Santa Barbara, 1995, 1995, 1998.

Cass A. Griffith (2013) - Associate Dean, Moyes College of Education, and Associate Professor of Recreation. BS, Montreat College, 2004; MS, East Carolina University, 2007; PhD, University of Utah, 2012.

Therese A. Grijalva (2000) - Professor of Economics. BS, Florida State University, 1991; MBA, Cleveland State University, 1993; PhD, University of New Mexico, 2000.
**Dustin M. Grote** (2021) - Assistant Professor of Teacher Education. BA, University of Portland, 2009; MA, University of Northern Colorado, 2015; PhD, Virginia Tech, 2020.

**Mariangelica Groves** (2018) - Assistant Professor of Geography. BS, The Pennsylvania State University, 1997; MA, California State University, 2009; PhD, University of Utah, 2019.

**Carl L. Grunander** (1977) - Professor of Professional Sales. BA, Brigham Young University, 1971; MS, Utah State University, 1978.

**Kristin M. Hadley** (2005) - Dean of the Moyes College of Education and Professor of Teacher Education. BS, MS, PhD, Utah State University, 1982, 1984, 2005.

**Scott M. Hadzik** (2011) - Department Chair and Associate Professor of Automotive Technology. BS, Weber State University, 2010; MS, Utah State University, 2011.

**Kirk D. Hagen** (1993) - Professor of Mechanical Engineering and Coordinator of Pre-Engineering Program. BS, Weber State College, 1977; MS, Utah State University, 1980; PhD, University of Utah, 1989.

**Robin L. Haislett** (2014) - Assistant Professor of Communication. BS, Black Hill State University, 2007; MA, Eastern New Mexico University, 2010; PhD, Texas Tech University, 2019.

**Thomas A. Hales** (2021) - Assistant Professor of Construction and Building Sciences. BS, Utah State University, 1993; BS, Weber State University, 2005; MS, PhD, University of Utah, 1998; 2015.

**Saori Hanaki** (2017) - Assistant Professor of Exercise Science. BS, University of Montana, 2000; MS, Illinois State University, 2005; PhD, University of Kentucky, 2012.

**James C. Hansen** (2013) - Department Chair and Associate Professor, School of Accounting & Taxation. BS, MS, Brigham Young University, 1999; PhD, University of Georgia, 2004.

**Shaun D. Hansen** (2012) - Associate Professor of Business Administration and Marketing. BA, Weber State University, 2000; MBA, Willamette University, 2005; PhD, Purdue University, 2010.

**Suzanne M. Harley** (1989) - Department Chair and Professor of Botany. BS, University of California, Riverside, 1979; PhD, University of California, Santa Cruz, 1983.

**Catherine M. Harmston** (2017) - Instructor of Nursing. BS, Weber State University, 2004; MSN, University of Utah, 2006; DNP, Weber State University, 2021.

**David W. Hartwig** (2017) - Assistant Professor of English and Director of the Master of Arts in English Program. BA, University of Notre Dame, 2001; MA, University of Birmingham, 2005; PhD, University of Warwick, 2010.

**Christian W. Hearn** (2012) - Associate Professor of Electrical Engineering. BSME, Virginia Tech, 1989; BSEE, Old Dominion University, 1997; MSEE, PhD, Virginia Tech, 2001, 2012.

**AJ Hepler** (2017) - Instructor of Networking/Cybersecurity. BS, Weber State University, 2012; MS, Western Governor's University, 2021.

Teresa M. Henke (2013) - Associate Professor of Child & Family Studies. BS, University of Tennessee, 1983; MEd, State University of West Georgia, 1987; PhD, University of Tennessee, 2012.

Sarah D. Herrmann (2017) - Assistant Professor of Psychology. BA, The University of Arizona, 2010; MA, PhD, Arizona State University, 2014, 2017.

Ernesto Hernandez, Jr. (2017) - Assistant Professor of Library Science and Reference Librarian. BS, Weber State University, 2009; MLS, San Jose State University, 2012.

Timothy A. Herzog (2008) - Professor of Chemistry. BS, Gonzaga University, 1990; PhD, California Institute of Technology, 1996.

Valerie W. Herzog (2005) - Department Chair and Professor of Athletic Training. BS, Alderson-Broaddus College, 1993; MEd, University of Virginia, 1996; EdD, Marshall University, 2004.

Bridget E. Hilbig (2016) - Assistant Professor of Botany. BS, Lafayette College, 2010; PhD, University of California, 2015.

Christopher Hoagstrom (2006) - Professor of Zoology. BS, Ohio Northern University, 1992; MS, Sul Ross State University, 1994; PhD, South Dakota State University, 2006.

Wendy Holliday (2017) - Dean of the Stewart Library and Professor of Library Sciences. BA, University of Virginia, 1988; PhD, New York University, 1995; MLS, University of Illinois, 2002.

Rieneke Holman (2010) - Associate Professor of Nursing. BS, MSN, University of Utah, 1997, 2010.

Ronald L. Holt (1986) - Professor of Anthropology. BA, MA, Texas Tech University, 1974, 1976; PhD, University of Utah, 1987.

Tiffany L. Hood (2020) - Assistant Professor of Nursing. BS, MSN, Weber State University, 2003, 2016; PhD, University of Northern Colorado, 2020.

Brent A. Horn (2005) - Associate Dean of the College of Social & Behavioral Sciences and Professor of Criminal Justice. BS, Brigham Young University, 1995; MS, California Institute of Technology, 1997; PhD, Brigham Young University, 2001.

Joseph J. Horvat, Jr. (1982) - Professor of Psychology. BA, Fort Lewis College, 1975; MA, PhD, University of Nebraska-Lincoln, 1976, 1979.

Leslie D. Howerton (2016) - Assistant Professor of Communication. BA, University of Alabama, 2010; MS, Colorado State University, 2013; PhD, University of Oregon, 2021.

Daniel S. Hubler (2012) - Associate Professor of Child & Family Studies. BS, Weber State University, 2006; MS, PhD, Oklahoma State University, 2009, 2012.

Randy C. Hurd (2020) - Assistant Professor of Mechanical Engineering. BS, MS, Brigham Young University, 2012, 2015; PhD, Utah State University, 2017.

Mark Huson (2018) - Assistant Professor Computer Science. BS, University of Tulsa, 1985; MS, University of Southern California, 1988; MS, Air Force Institute of Technology, 1989; PhD, Arizona State University, 1995.

Jim Hutchins (2005) - Professor of Health Sciences. BA, University of Colorado, 1980; MA, University of Colorado, 1982; PhD, Baylor College of Medicine, 1985.

Dianna M. Huxhold (2016) - Assistant Professor of Arts Education & Visual Arts. BFA, MS, PhD, Indiana University, 1993, 2002, 2016.

Alica R. Ingersoll (2020) - Assistant Professor Supply Chain Management. BS, University of Utah, 2004; MBA, Westminster College, 2011; PhD, Utah State University, 2019.

Colin E. Inglefield (1998) - Department Chair and Professor of Physics. BS, Rensselaer Polytechnic Institute, 1992; PhD, University of Utah, 1998.

Vincente Iranzo (2020) - Assistant Professor of Translation and Spanish. BA, Universidad de Valencia, 2011; MA, Universidad Politécnica de Valencia, 2012; PhD, Texas Tech University, 2020.

Michelle J. Jeffs (2021) - Assistant Professor of Criminal Justice. BS, Weber State University, 2009; JD, Brigham Young University, 2014.

Brooke E. Jenkins (2018) - Instructor of Chemistry. BA, Brigham Young University; MS, Arizona State University.

Benjamin A. Johnson (2015) - Instructor of Nursing. BS, University of Utah, 2008; MSN, Weber State University, 2011.

Kenneth L. Johnson (1998) - Associate Dean, Dr. Ezekiel R. Dumke College of Health Professions and Professor of Health Administrative Services. BA, Brigham Young University, 1982; MBA, University of Utah, 1988; PhD, University of Utah, 1998.

Kimball Johnson (2012) - Instructor Professor of Nursing. MSN, Brigham Young University, 1991.

Todd M. Johnson (1994) - Professor of Chemistry. BS, Weber State University, 1986; PhD, Utah State University, 1994.

Sheree Josephson (1993) - Professor and Department Chair of Communication. BS, MS, Utah State University, 1980, 1985; PhD, University of Utah, 1992.

Damon Joyner (2018) - Assistant Professor of Nutrition. BS, University of Utah, 2014; PhD, Utah State University, 2018.

Justin Kani (2021) - Business and Economics Librarian and Assistant Professor of Library Science. BA, Pennsylvania State University, 2008; MLS, Clarion University of Pennsylvania.

Andrew C. Keinsley (2015) - Assistant Professor of Economics. BA, Franklin College, 2010; MA, PhD, University of Kansas, 2013, 2015.

Jonny Kelly (2001) - Associate Professor of Nursing. AD, Weber State University, 1994; BA, Utah State University, 1992; MNA, Mayo Clinic, 1999.

Jesse S. King (2015) - Associate Professor of Business Administration. BS, Montana State University, 2004; PhD, University of Oregon, 2011.

Mandy Kirkham King (2018) - Assistant Professor of Physical Education. BS, Brigham Young University, 2005; MA, Concordia University, 2013; PhD, University of Utah, 2018.

Skyler M. King (2016) - Assistant Professor of Marketing. BS, MBA, Weber State University, 2007, 2011; PhD, Washington State University, 2016.
Miranda Orvis Kispert (2017) - Science Librarian and Assistant Professor of Library Science. BA, Bryn Mawr College, 2003; MLIS, University of Tennessee, 2013.

Justin Knighton (2016) - Instructor of Manufacturing and Systems Engineering. BS, Weber State University, 2015; CMfgT

Brandon C. Koford (2010) - Professor of Economics. BA, Weber State University, 2004; MS, PhD, University of Kentucky, 2005, 2008.

Jennifer A. Kokai (2011) - Department Chair of Performing Arts and Associate Professor of Theatre Arts. BA, University of Bristol, 2000; MA, Washington University in St Louis, 2003; PhD, The University of Texas at Austin, 2008.

Wade R. Kotter (1994) - Professor of Library Science and Social Sciences Librarian. BS, Brigham Young University, 1978; MA, Andrews University, 1980; PhD, University of Arizona, 1986; MLS, University of Maryland, 1993.

Brenda Marsteller Kowalewski (1995) - Associate Provost: High Impact Programs and Faculty Development; Professor of Sociology. BA, Hofstra University, 1990; MA, PhD, University of Maryland, 1992, 1995.

John Kroon (2021) - Instructor of Physics. BS, James Madison University, 2010; MS, PhD, George Mason University, 2013, 2016.

Ravi Krovi (2020) - Provost and Professor of MIS. BE, University of Baroda, 1986; MS, PhD, The University of Memphis, 1988, 1993.

Aubrey Jones Kubiak (2016) - Assistant Professor of French. BA, Saint Bonaventure University, 2006; MA, PhD, University at Buffalo, 2008, 2014.

Thomas C. Kuehls (1993) - Department Chair and Professor of Political Science. BA, College of Wooster, 1986; MA, PhD, Johns Hopkins University, 1989, 1992.

George Kvernadze (1998) - Professor of Mathematics. BS, Tbilisi State University, 1984; MS, Georgian Polytech Institute, 1987; PhD, University of Mexico, 1993.

Álvaro La Parra-Pérez (2014) - Associate Professor of Economics. BA, MA, University of Valencia, 2007, 2008; PhD, University of Maryland, 2014.

Leah LaGrone (2021) - Assistant Professor of History. BA, Texas A&M, 2005; MEd, Lamar International University, 2012; MS, Texas A&M University, 2016; PhD, Texas Christian University, 2016.

Alexander L. Lancaster (2015) - Assistant Professor of Communication. BA, MA, California State University, 2010, 2012; PhD, West Virginia University, 2015.

Sarah C. Langsdon (2018) - Assistant Professor of Library Science. BA, Weber State University, 1997; MA, Utah State University, 2000; MLS, San Jose State University, 2014.

Alex C. Lawrence (2016) - Assistant Professor of Professional Sales. BS, University of Utah, 1999; MBA, Weber State University, 2005; PhD, Oklahoma State University, 2016.

Taowen Le (1998) - Professor of Management Information Systems. BS, Wuhan University, 1983; MLS, Brigham Young University, 1985; PhD, Brigham Young University, 1991.

Ales Lee (2020) - Assistant Professor of Mathematics Education. BS, Metropolitan State University of Denver, 2012; MA, PhD, University of Northern Colorado, 2015, 2020.

Justin S. Lee (2021) - Assistant Professor of Social Work. BS, Brigham Young University, 2005; MSW, Eastern Washington University, 2007; PhD, Virginia Commonwealth University, 2012.
Mark S. LeTourneau (1987) - Professor of English. BA, University of Vermont, 1977; MA, PhD, Purdue University, 1979, 1986.

Gregory S. Lewis (1999) - Professor of History and Coordinator of Asian Studies Program. BS, MA, Arizona State University, 1977, 1986; PhD, Arizona State University, 1999.

J. Andreas Lippert (1999) - Professor of Chemistry. BS, Weber State University, 1993; PhD, Brigham Young University, 1999.

Barry A. Lloyd (1985) - Professor of Chemistry. BA, MS, PhD, University of Utah, 1975, 1977, 1985.

Madeline E. Mackie (2021) - Assistant Professor of Anthropology. BS, University of California, 2011; MA, PhD, University of Wyoming, 2014, 2019.

Laura G. MacLeod (1998) - Associate Professor of Web and User Experience. BS, Emporia State University, 1978; MS, Southwest Missouri State University, 1983; PhD, Northern Illinois University, 1990.

Daniel J. Magda (1998) - Department Chair and Professor of Mechanical Engineering. BS, University of New Hampshire, 1984; MS, PhD, University of Utah, 1990, 1995.

J. David Malone (2007) - Professor of Accounting & Taxation. BBA, MBA, Southwest Texas State University, 1979, 1981; PhD, University of Arkansas, 1987.

Cade D. Mansfield (2017) - Assistant Professor of Psychology. BA, MS, Western Washington University; PhD, University of Utah, 2015.

Jonathon C. Marshall (2008) - Professor of Zoology. BA, University of Utah, 1995; PhD, Brigham Young University, 2004.

Andrea Martinez (2020) - Assistant Professor of Teacher Education. BA, University of California, 2007; MEd, PhD, University of Utah, 2009, 2018.

Susan J. Matt (1999) - Director Interdisciplinary Programs and Professor of History. BA, University of Chicago, 1989; MA, PhD, Cornell University, 1992, 1996.

David J. Matty (2011) - Professor of Earth and Environmental Sciences. BS, Central Michigan University, 1977; MA, Portland State University, 1980; PhD, Rice University, 1984.

Marek Matyjasik (1997) - Department Chair and Professor of Earth and Environmental Sciences. MS, Warsaw University, 1988; PhD, Kent State, 1997.

John Mukum Mbaku (1991) - Professor of Economics. BS, Berry College, 1977; MIBS, University of South Carolina, 1979; PhD, University of Georgia, 1985; Graduate Certificate in Environmental and Natural Resources Law, SJ Quinney College of Law, University of Utah, 2010; JD, SJ Quinney College of Law, University of Utah, 2010.

Frances L. McConaughy (1984) - Professor and Department Chair of Dental Hygiene. BS, Weber State College, 1982; MS, University of Utah, 1987.

Megan McDonald Van Deventer (2018) - Assistant Professor of English Teaching. BS, University of Portland, 2008; MEd, University of Utah, 2013; PhD, University of Minnesota, 2018.

Jeremy Meister (1999) - Visiting Assistant Professor of Biochemistry. BA, University of Wisconsin, 1994; PhD, University of Utah, 2008.

Chloe D. Merrill (1979) - Professor of Child and Family Studies. AS, College of Eastern Utah, 1976; BS, MS, Utah State University, 1977, 1979; PhD, Colorado State University, 1984.

Constance L. Merrill (2017) - Instructor of Nursing. BSN, Weber State University, 2012; MSN, Western Governors University, 2015.

Isabel Meusen (2020) - Visiting Assistant Professor of German. BA, MA, Ruhr-Universität Bochum, 2007, 2011; MA, PhD, University of South Carolina, 2011, 2015.

Ron A. Meyers (1993) - Department Chair and Professor of Zoology. BA, University of Rochester, 1984; MS, Louisiana State University, 1987; PhD, Brown University, 1992.

Heidee Miller (2021) - Instructor and Director of Graduate Social Work Field Education. BS, Weber State University, 2014; MSW, University of Utah, 2016.

F. Ann Millner (1985) - Regents Professor and Former President and Professor of Health Administrative Services. BS, University of Tennessee, 1974; MS, S.W. Texas State University, 1981; EdD, Brigham Young University, 1986.

Alyssa L. Mock (2021) - BS, PhD, University of Nebraska, 2011, 2017.

Kristina Moleni (2012) - Assistant Professor of Social Work. BS, Brigham Young University, 2004; MSW, University of Utah, 2009.

Michael S. Moore (2017) - Assistant Professor of Medical Laboratory Sciences. BA, Weber State University, 2009; DO, Midwestern University, 2014.

Molly C. Morin (2013) - Associate Professor of Visual Arts. BFA, University of Notre Dame, 2003; MFA, Clemson University, 2007.

Michele K. Morrill (2021) - Instructor of Nursing. BS, Weber State University, 2015; Western Governors University, 2018.

Robert C. Morris (2017) - Assistant Professor of Sociology. BS, Weber State University, 2004; MS, PhD, Purdue University, 2008, 2014.

Cory W. Moss (2013) - Associate Professor of Health Administrative Services. BA, Brigham Young University, 1994; MBA, University of Phoenix, 2002; DHA, Central Michigan University, 2013.

Louise R. Moulding (2004) - Professor of Teacher Education. BS, MEd, Weber State University, 1989, 1995; PhD, Utah State University, 2001.

DeAnna (DeDee) Mower (2014) - Associate Professor of Teacher Education. BS, Weber State University; MA, PhD, University of Utah, 2002, 2013.

John F. Mull (1997) - Professor of Zoology. BS, University of Pittsburgh, 1986; PhD, Utah State University, 1994.

Cora L. Neal (2015) - Associate Professor of Mathematics. BS, MS, Brigham Young University, 1992; PhD, Utah State University, 2001.

Paul Neiman (2020) - Assistant Professor of Philosophy. BA, University of Wisconsin, 2001; MA, PhD, Marquette University, 2006, 2007.

Benjamin V. Neve (2021) - Assistant Professor of Supply Chain Management. BS, Southern Utah University, 2006; MS, PhD, University of Alabama, 2008, 2011.

Kathryn T. Newton (2008) - Professor of Health Sciences. BS, Utah State University, 1980; MS, PhD, University of Utah, 2001, 2008.

Matthew J. Nicholaou (2012) - Department Chair and Associate Professor of Medical Laboratory Sciences. BS, University of Delaware, 2002; DPH, University of Pittsburgh, 2011.

Blake E. Nelson (2015) - Department Chair and Associate Professor of Professional Sales. BS, Dixie State University, 2007; MBA, Southern Utah University, 2010; PhD, Jackson State University, 2013.

David Noack (2014) - Assistant Professor of Business Administration. BS, Utah State University, 2007; MBA, University of Louisville, 2010; PhD, Washington State University, 2014.

Jean R. Norman (2014) - Associate Professor of Communication. BS, Northwestern University, MA, PhD, University of Nevada, 2010, 2014.

Bharath Babu Nunna (2021) - Assistant Professor of Mechanical Engineering. B.Tech., Acharya Nagarjuna University, 2004; MS, University of Bridgeport, 2007; PhD, New Jersey Institute of Technology, 2018.

O’Hare, Aminda J. (2019) - Assistant Professor of Neuropsychology/Neuroscience. BA, University of Wyoming, 2005; MA, PhD, University of Kansas, 2007, 2010.

Craig J. Oberg (1982) - Professor of Microbiology. BS, Weber State College, 1979; PhD, Utah State University, 1985.

A. Marjukka Ollilainen (1999) - Department Chair of Sociology & Anthropology and Professor of Sociology. MSS, University of Tampere, Finland, 1991; MA, PhD, Virginia Tech, 1992, 1999.

Michael N. Olpin (2000) - Professor of Health and Physical Education. BS, MS, Brigham Young University, 1988, 1993; PhD, Southern Illinois University, 1996.

Christine O’Neil (2017) - Assistant Professor of Emergency Healthcare. BS, Weber State University, 2010; MEd, Western Governors University, 2019.

Keith V. Osai (2018) - Assistant Professor of Child & Family Studies. BS, Brigham Young University, 2008; MS, PhD, Utah State University, 2012, 2018.

Carrie Lou Ota (2011) - Associate Professor of Child and Family Studies. BS, Montana State University, 1997; MS, Louisiana State University, 2005; PhD, Utah State University, 2010.

Ryan H. Pace (2004) - Professor of Accounting & Taxation and Director of Master's of Accounting and Master's of Taxation. BS, University of Utah, 1992; MTAX, Arizona State University, 1995; JD, Washburn University, 1998; LLM, New York University, 1999.

Colleen Packer Berg (1986) - Professor of Communication. BS, Weber State University, 1980; MEd, University of Central Oklahoma, 1983; PhD, University of Utah, 2005.

Demetrios J. Pagonis (2021) - Assistant Professor of Chemistry. BS, Davidson College, 2013; PhD, University of Colorado, 2018.

Stacy E. Palen (2002) - Professor of Physics and Director of the Ott Planetarium. BA, Rutgers University, 1993; MS, PhD, University of Iowa, 1996, 1998.

Julia L. Panko (2012) - Associate Professor of English. BA, Pomona College, 2001; MPhil, Trinity College, Dublin, 2004; PhD, University of California, 2014.

Katarina Pantie (2020) - Assistant Professor of Teacher Education. BA, University of Belgrade, 2003; MS, North Carolina State University, 2012; PhD, Utah State University, 2020.

Matthew B. Paulson (2017) - Assistant Professor of Networking/Cybersecurity. BS, Weber State University, 1999; MS, Western Governors University, 2016; PhD, Colorado Technical University, 2021.

Michelle B. Paustenbaugh (2000) - Professor of Chemistry. BS, University of Texas at Austin, 1991; PhD, University of Utah, 1996.

Kacy M. Peckenpaugh (2013) - Associate Professor of Foreign Languages. BA, Bucknell University, 2004; MA, PhD, University of Arizona, 2008, 2013

Ambree L. Penrold (2021) - Assistant Professor of Radiologic Sciences. BS, Weber State University, 2007; MEd, Western Governors University, 2020.

Tyandra Perez (2020) - Instructor of Nursing. BS, Brigham Young University, 2006; MSN, Weber State University, 2017.

James E. Peters (1988) - Associate Professor of Mathematics. BS, MS, Michigan State University, 1979, 1982; PhD, Georgia Institute of Technology, 1988.

Emily J. Petersen (2017) - Assistant Professor of English. BA, Brigham Young University, 2001; MA, Weber State University, 2010; PhD, Utah State University, 2016.

Brad R. Peterson (2007) - Assistant Professor of Computer Science. BS, Weber State University, 2004; PhD, University of Utah, 2019.

Chelsea Pike (2020) - Instructor of Nursing. BSN, MSN, Western Governors University, 2018, 2019.

Brian K. Pilcher (2018) - Instructor of Zoology. BS, Oklahoma State University, 1976; MS, Louisiana State University, 1981.

Kenneth W. Plain (2017) - Visiting Assistant Professor of Musical Theatre. BM, University of Utah, 1991.

Richard S. Price (2012) - Associate Professor of Political Science. BA, Western Washington University, 2003; JD, Roger Williams University School of Law, 2006; MA, PhD, Syracuse University, 2007, 2012.

Travis M. Price (2003) - Department Chair and Associate Professor of Health Sciences. BS, Weber State University, 2003; MS, University of Utah, 2007; PhD, Utah State University, 2013

Daniel R. Pyle (2016) - Assistant Professor of Teacher Education. BS, SUNY College at Buffalo, 1999; MS, Azusa Pacific University, 2004; PhD, Utah State University, 2015.

Kristin G. Rabosky (2015) - Assistant Professor of Physics. BS, University of Maryland, 2005; MS, University of Colorado, 2007; PhD, Colorado School of Mines, 2011.

Clay L. Rasmussen (2012) - Department Chair and Associate Professor of Teacher Education. BS, University of Arizona, 2000; MEd, Northern Arizona University, 2005; PhD, Utah State University, 2008.

Jack L. Rasmussen (2002) - Professor of Teacher Education. BEd, Dipl in Ed, University of Lethbridge, 1977, 1987; MA, Gonzaga University, 1987; PhD, Brigham Young University, 1989.

David W. Read (2012) - Associate Professor of Business Administration and Marketing. BA, University of Utah, 2004; MSc, London School of Economics and Political Science, 2004; JD, University of Houston, 1009.

Mary Anne Reynolds (2017) - Associate Professor of Nursing. BSN, University of Utah, 1979; MS, University of California, 1984; PhD, University of Utah, 1997.

Robert W. Reynolds (1993) - Associate Professor of Sociology. BS, MS, Brigham Young University, 1983, 1984; PhD, Washington State University, 1993.

Bradford W. Reynolds (2011) - Associate Professor of Criminal Justice and Director of the Criminal Justice Master's program. BA, MS, Weber State University, 2001, 2004; PhD, University of Cincinnati, 2010.

Justin R. Rhees (2018) - Assistant Professor of Medical Laboratory Sciences. BA, Weber State University, 2006; MS, University of Utah, 2010.

Andrew E. Rice (2021) - Instructor of Printmaking and Studio Manager. BFA, University of Colorado; MFA, University of Utah, 2013.

Ryan C. Ridge (2016) - Assistant Professor of English/Fiction Writing. BA, University of Louisville, 2006; MFA, University of California, 2010.

Nathan S. Rives (2018) - Instructor of History. BA, Brigham Young University, 2001; PhD, Brandeis University, 2011.

Gavin E. Roberts (2017) - Assistant Professor of Economics. BA, Metropolitan State University of Denver, 2011; PhD, University of Wyoming, 2017.

William E. Robertson (2013) - Department Chair and Associate Professor of Emergency Care & Rescue. BS, Bowling Green State University; MS, Florida Gulf Coast University, 2013; DHSc, Nova Southeastern University, 2016.

Elizabeth D. Rocha (2016) - Assistant Professor of Nursing. BSN, Texas Christian University, 1981; MSN, PhD, University of San Diego, 1995, 2014.

Heather T. Root (2014) - Associate Professor of Botany. BS, Cornell University, 2003; MS, State University of New York College, 2006; PhD, Oregon State University, 2011.

Sheryl J. Rushton (2014) - Associate Professor of Teacher Education. BS, MEd, PhD, Utah State University, 1987, 2004, 2014.

Melinda Russell-Stamp (2007) - Assistant Professor of Psychology. BA, University of Utah, 1995; EdS, PhD, University of Kansas, 1997, 2006.

Anssi I. Saari (2021) - Assistant Professor Exercise and Sport Science. BS, Loughborough University, 2013; MS, Minnesota State University, 2015; PhD, University of Kentucky, 2019.

Elizabeth Sandquist (2018) - Assistant Professor of Zoology. BS, PhD, University of North Dakota, 2010, 2015.

Daniel V. Schroeder (1993) - Professor of Physics. BA, Carleton College, 1984; PhD, Stanford University, 1990.

James E. Schultz (2021) - Instructor of Communication and Director of Debate. BA, Idaho State University, 2013; MA, Wake Forest University, 2015.

Meher Talat Shaikh (2020) - Assistant Professor of Computer Science. MS, PhD, Brigham Young University, 1994; 2020.

Leigh A. Shaw (2003) - Professor of Psychology. BS, University of Wyoming, 1994; MS, PhD, University of Utah, 1997, 2002.

Sally Bishop Shigley (1992) - Professor of English. BA, University of Utah; MS, PhD, Oklahoma State University.

Yasmen Simonian (1981) - Dean, Dr. Ezekiel R. Dumke College of Health Professions and Professor of Medical Laboratory Sciences. BS, MS, PhD, University of Utah, 1975, 1981, 1998.

Abraham E. Smith (2017) - Assistant Professor of English. BA, University of Wisconsin, 1996; MFA, University of Alabama, 2004.

Chad E. Smith (2012) - Department Chair of Health, Physical Education and Recreation and Associate Professor of Physical Education. BS, MS, Southern Utah University, 2008, 2009; PhD, University of Utah, 2012.

Eric S. Smith (2009) - Professor of Accounting & Taxation. BA, Weber State University, 2004; JD, University of Kentucky, 2008; LLM, Georgetown University, 2009.

John E. Sohl (1990) - Professor of Physics. BS, University of West Florida, 1979; MS, PhD, Ohio State University, 1986, 1990.

Seokwoo Song (2007) - Professor of Management Information Systems and Department Chair of Supply Chain and Information Management Systems. BA, Seoul National University, 1986; MBA, Syracuse University, 1991; PhD, University of Wisconsin, 2001.

Holli Sowerby (2013) - Associate Professor of Nursing. BS, MSN, Weber State University, 2009, 2011; EdD, Walden University.

Stephanie L. Speicher (2017) - Assistant Professor of Teacher Education. BS, Towson University, 1993; MEd, University of Maine, 2002; PhD, Utah State University, 2016.

Kathryn A. Sperry (2020) - Instructor of Psychology. BS, California Polytechnic State University, 2004; MA, PhD, Claremont Graduate University, 2006, 2009.

Jeffrey W. Steagall (2011) - Professor of Economics. BA, 1985, St Norbert College; MS, PhD, University of Wisconsin, 1987, 1990.

Hannah L. Stedge (2016) - Instructor of Athletic Training. BS, Cedarville University, 2008; MS, Indiana University, 2010.

Timothy H. Steele (1994) - Professor of Mathematics. BS, United States Military Academy at West Point, 1986; MA, PhD, University of California-Santa Barbara, 1992, 1994.

Christopher Steelman (2019) - Assistant Professor of Radiologic Sciences. BS, West Chester University, 1984; MS, Saint Joseph's University, 2010.
Sarah J. Bourassa Steimel (2011) - Associate Professor of Communication. BBA, University of Oklahoma, 2005; MA, Kansas State University, 2007; PhD, University of Nebraska-Lincoln, 2011.

Erik A. Stern (1993) - Professor of Dance. BA, University of California, Santa Cruz, 1982; MFA, California Institute of the Arts, 1989.

Michael J. Stevens (2008) - Professor of Business Administration. BA, University of Utah, 1984; PhD, Purdue University, 1993.

Brandon Stevenson (2021) - Assistant Professor of Automotive Technology. BS, Weber State University, 2013; MBA, University of Southern Indiana, 2020.

Kathleen "K" Stevenson (2001) - Department Chair of Visual Art and Design and Professor of Art. BA, College of St Benedict, 1974; MFA, University of Notre Dame, 1999.

Mark A. Stevenson (2015) - Assistant Professor of Anthropology. BA, State University of New York College, 1984; PhD, Temple University, 1996.

Pene'e W. Stewart (2000) - Professor of Teacher Education. BS, PhD, Brigham Young University, 1975, 1986.

Brandon Stoddard (2017) - Instructor of Business Administration. BS, University of Utah, 2007; MS, Case Western Reserve University, 2011.

Janicke Stramer-Smith (2018) - Assisant Professor of Political Science. BA, University of Southern Denmark, 2000; MA, The American Graduate School of International Relations & Diplomacy, 2006; PhD, The University of Nevada, 2018.

Mahalingam Subbiah (1987) - Professor of English and Director of Master of Arts in English program. BS, Annamalai University-India, 1971; MA, Pachaiyappas College-India, 1978; PhD, Oklahoma State University, 1987.

Eric G. Swedin (2001) - Professor of History. BS, Weber State University, 1988; MS, Utah State University, 1991; PhD, Case Western Reserve University, 1996.

Molly C. Sween (2011) - Department Chair and Associate Professor of Criminal Justice. BS, MS, PhD, Iowa Sate University, 2005, 2008, 2011.

Caitlin E. Tems (2019) - Assistant Professor Applied Climate Science. BA, Colorado College, 2008; PhD, University of Southern California, 2016.

Janice Thomas (2012) - Associate Professor of Medical Laboratory Sciences. BS, MEd, Weber State University, 2001, 2010.
Shelley L. Thomas (2003) - Associate Professor of English. BA, Phillip's University, 1986; MA, St Mary's University, 1989; PhD, Oklahoma State University, 1997.

Bryant S. Thompson (2014) - Associate Professor of Management. BIS, Weber State University, 2002; PhD, University of South Carolina, 2012.

Matthew I. Thue (2018) - Instructor of Business Administration. BA, Utah State University, 2005; JD, University of Utah, 2008.

Kerry N. Tobin (1981) - Professor of Manufacturing and Systems Engineering. BS, Weber State College, 1975; MS, Brigham Young University, 1984.

Barbara C. Trask (2003) - Associate Dean of the College of Science and Professor of Zoology. BS, Southern Illinois University, 1988; PhD, Washington University, 1999.

John C. Trimble (2013) - Associate Professor of Foreign Languages. BA, MA, Northern Arizona University, 2007, 2009; PhD, University of Minnesota, 2013.

Kelley R. Trump (2020) - Instructor of Nursing. BS, MSN, Western Governors University, 2017; DNP, Samford University, 2019.

Jennifer M. Turley (1997) - Professor of Nutrition and Department Chair of Exercise and Nutrition Sciences. BS, Arizona State University, 1989; PhD, University of Texas, 1993.

James A. Turner (2005) - Associate Professor of Finance. BA, University of Utah, 1985; MA, University of Michigan, 1987; PhD, University of Utah, 2007.

Katrina I. Twing (2020) - Assistant Professor Applied Environmental Microbiology. BA, Clark University, 2007; MS, University of Delaware, 2009; PhD, Michigan State University, 2015.

Sage R. Ukena (2017) - Instructor of Nursing. BS, Weber State University, 2008; MSN, Indiana State University, 2012.

Megumi Usui (2009) - Associate Professor of Design Engineering Technology. BS, Weber State University, 2003; MS, Purdue University, 2005.

Viktor Uzur (2005) - Professor of Music. BA, MA, Moscow Conservatory Tchaikovsky, 1995; MM, University of Georgia, 1997; DMA, Michigan State University, 2004

Hugo E. Valle (2013) - Associate Professor of Computer Science. BS, University of Texas-Pan American; MS, PhD, Vanderbilt University, 2006, 2008.

Ralph H. van der Beck (2006) - Associate Professor of Music. BM, Utah State University, 1990; MM, Indiana University, 1993; DMA, University of Southern California, 2005.

Pieter J. van der Have (2011) - Department Chair and Instructor of Construction and Building Sciences. MS, University of Utah.

Sherri Vasas (2018) - Assistant Professor of Respiratory Therapy. BS, MS, Weber State University, 2000, 2018.

Steve C. Vigil (2005) - Assistant Professor of Social Work. BS, Brigham Young University, 1992; MS, University of Utah, 1994.

Edward B. Walker (1981) - Director, Utah Center of Excellence for Chemical Technology, and Professor of Chemistry. BA, Weber State College, 1976; PhD, Texas Tech University, 1980; PostDoc, Stanford University, 1981.

Robert J. Walker (1982) - Department Chair and Professor of Radiologic Sciences and Professor of Health Administrative Services. BS, Weber State College, 1982; MS, University of Utah, 1985; PhD, University of Utah, 1996.

C. David Walters (2017) - Assistant Professor of Mathematics. BS, MS, Miami University, 2004, 2008; MA, Columbia University, 2008; PhD, San Diego State University and University of California, 2017.

Yimin Wang (2019) - Senior International Officer and Assistant Professor of Teacher Education. BA, Lanzhou University; MA, Nanyang Technological University; PhD Indiana University- Bloomington.

Shi-Hwa Wang (1990) - Professor of Music. BA, Soochow University, Taiwan, 1983; MM, DMA, University of Illinois at Urbana-Champaign, 1986, 1989.

WeiWei Wang (2017) - Assistant Professor of Accounting and Taxation. PhD., University of Texas, 2016; MBA, University of Chicago; BS, University of International Business and Economics.

Jamie Wankier (2012) - Associate Professor of Nursing. BSN, University of Utah, 2002; MSN, Weber State University, 2012.

Jamie J. Weeks (2018) - Assistant Professor of Library Science. BS, Weber State University, 2003; MLS, University of North Texas, 2006.

Drew A. Weidman (1999) - Professor of Computer Science. BS, Brigham Young University, 1985; MS, University of Wisconsin, 1986; MS, University of Maryland University College, 2009.

Jonathan West (2020) - Assistant Professor of Electrical and Computer Engineering. BS, MS, PhD, University of New Mexico, 1995, 2013, 2017.

Nancy T. Weston (2017) - Instructor of Nursing. BS, Weber State University, 2014; MSN, Western Governors University, 2017.

David K. Wetzel (2018) - Assistant Professor of Manufacturing and Systems Engineering. BS, The Ohio State University, 1984; MS, Rensselaer Polytech Institute, 1990; PhD, The Ohio State University, 1995.

Mary Beth Willard (2011) - Associate Professor of Philosophy. BA, University of Notre Dame, 2001; MPhil, PhD, Yale University, 2005, 2009.

Jeffrey M. Williams (2021) - Assistant Professor and Director of Didactic Education, Physician Assistant Medicine. BHS, University of Kentucky, 1999; MPAS, University of Nebraska, 2011.

Kristiann T. Williams (2004) - Associate Professor of Nursing. ADN, Weber State College, 1983; BSN, University of Utah, 1987; MSN, Brigham Young University, 1990; DNP, Chatham University, 2011.

Monica J. Williams (2013) - Associate Professor of Criminal Justice. BA, University of Colorado; MA, PhD, University of California, 2007, 2013.
Natalie Allen Williams (2005) - Professor of Teacher Education. BS, Utah State University, 1993; MS, University of Utah, 2002; PhD, Ohio State University, 2005.

Lisa B. Wiltbank (2020) - Assistant Professor Applied Environmental Microbiology. BS, Brigham Young University, 2007; PhD, Indiana University, 2015.

Stacie L. Wing-Gaia (2019) - Assistant Professor of Exercise and Nutrition Sciences. BS, University of California, MS, PhD, University of Utah, 2001, 2006.

Stephanie A. Wolfe (2013) - Associate Professor of Political Science. BA, MS, University of Oklahoma, 2000, 2001; PhD, University of Kent, 2012.

Stephen J. Wolochowicz (2011) - Associate Professor of Art. BFA, University of Delaware, 2000; MFA, Miami University, 2005.

Linnette Wong (2017) - Assistant Professor of Health and Physical Education. BS, Shanghai University, 2007; MS, Brandeis University, 2008; PhD, Indiana University, 2014.

McKenzie Wood (2020) - Assistant Professor of Criminal Justice. BS, MS, Weber State University, 2009, 2010; PhD, North Dakota State University, 2015.

Michael Wutz (1992) - Professor of English and Editor of Weber: The Contemporary West. BA, Universitaet Wuerzburg, Germany, 1983; MA, University of Montana, 1986; PhD, Emory University, 1991.

Ezgi Yesilyurt (2020) - Assistant Professor of Life Sciences Education. BS, MS, Middle East Technical University, 2010, 2014; PhD, University of Nevada, 2020.

David T. Yoder (2017) - Assistant Professor of Assistant Professor of Sociology. BS, Weber State University, 2003; MA, Brigham Young University, 2005; PhD, University of Nevada, 2009.

James A. Zagrodnik (2011) - Associate Professor for Health, Physical Education and Recreation. BSA, University of Georgia, 2002, BSE, Augusta State University, 2005; MA, PhD, University of Georgia, 2007, 2011.

Lixuan (Grace) Zhang (2014) - Associate Professor of Management Information Systems. BA, Nankai University; MBA, MIS, University of Oklahoms; PhD, University of North Texas, 2006.

Yong Zhang (2012) - Assistant Professor of Computer Science. BE, ME, Harbin Institute of Technology, 1995, 1998; PhD, West Virginia University, 2006.

Ryan G. Zimmerman (2016) - Assistant Professor of Physical Education. BS, MEd, Utah State University, 2009, 2011; PhD, Springfield College, 2015.

Emeriti Faculty
Lowell S. Adams (1964) - Professor Emeritus of Microbiology. BS, MS, PhD, Oklahoma State University, 1961, 1964, 1973.

Diane C. Baughman (1972) - Professor Emerita of Nursing. BS, MS, University of Utah, 1972, 1979; EdD, Brigham Young University, 1985.

Michael A. Beard (1972) - Professor Emeritus and Program Director of Clinical Laboratory Technician Program. BS, Utah State University, 1963; MS, University of Utah, 1970; EdD, Brigham Young University, 1979. SBB.

Robert R. Beishline (1965) - Professor Emeritus of Chemistry. BS, MS, Brigham Young University, 1955, 1957; PhD, Penn State University, 1962.

Robert W. Belka (1970) - Associate Professor Emeritus of Foreign Languages. BA, Weber State College, 1966; MA, Tulane University, 1968; PhD, Brigham Young University, 1975.

F. A. (Bud) Belnap (1962) - Professor Emeritus of Health and Physical Education. BS, MS, Brigham Young University, 1961, 1962; PhD, University of New Mexico, 1983.

Jewell (Judy) Bezoski (1985) - Instructor Specialist Emerita of Teacher Education. BS, Weber State College, 1972; MS, Utah State University, 1980.

L. G. Bingham (1975) - Associate Professor Emeritus of Criminal Justice. BSL, University of Utah, 1951; JD, University of Utah, 1951.

Richard H. Blake (1974) - Professor Emeritus of Teacher Education. BS, Brigham Young University, 1967; MS, University of Oregon, 1969; PhD, University of Utah, 1974.

Hayle Buchanan (1965) - Professor Emeritus of Botany. BA, MA, Brigham Young University, 1951, 1953; PhD, University of Utah, 1960.

Frances M. Butler (1999) - Professor Emerita of Teacher Education. BA, University of California, Berkeley, 1968; MEd, University of Southern Mississippi, 1996; EdD, University of Nevada, Las Vegas, 1999.

Paul G. Butterfield (1959) - Professor Emeritus of Adult Education. BS, Utah State University, 1952; MEd, Colorado State University, 1960; PhD, University of Wisconsin, 1965.

S. Craig Campbell (1984) - Professor Emeritus of Child & Family Studies. BS, University of Washington, 1971; MA, Ball State University, 1974; PhD, Utah State University, 1979.

Robert L. Capener (1965) - Professor Emeritus of Computer Science. BS, University of Utah, 1955; PhD, Utah State University, 1968.

Gary L. Carson (1965) - Professor Emeritus of Psychology. BA, MS, Brigham Young University, 1956, 1959; EdD, Utah State University, 1965.

Michael E. Cena (1994) - Professor Emeritus of Teacher Education. BS, MEd, Brigham Young University, 1975, 1980; PhD, Utah State University, 1995.

Stella S. Chang (1970) - Associate Professor Emerita of Library Science and Bibliographic Services Librarian. BA, Tamkang College of Arts and Sciences, 1963; MLS, George Peabody College for Teachers, 1965.

Rosalind N. Charlesworth (1993) - Professor Emerita of Child and Family Studies. BA, Stanford University, 1956; MA, University of Iowa, 1958; PhD, University of Toledo, 1974.

Merlin G. Cheney (1965) - Professor Emeritus of English. BS, MA, Brigham Young University, 1961, 1966; PhD, Bowling Green University, 1971.

Wan Fu Chi (1969) - Professor Emeritus of Economics. BA, Chung Hsing University, 1962; PhD, Southern Illinois University, 1969.

Bruce P. Christensen (1989) - Associate Professor Emeritus of Business Administration. BS, PhD, University of Utah, 1969, 1984; MS, USAF Institute of Technology, 1977.

Evan J. Christensen (1968) - Assistant Professor Emeritus of Library Science. BS, Utah State University, 1959; MLS, University of Illinois, 1961.

Stephen L. Clark (1967) - Professor Emeritus of Botany. BS, Weber State College, 1964; MS, Utah State University, 1967; PhD, Brigham Young University, 1980.

Rosemary Conover (1970) - Professor Emerita of Anthropology. BA, University of Utah, 1967; MA, Brandeis University, 1969; PhD, University of Utah, 1984.

Forrest C. Crawford (1977) - Professor Emeritus of Teacher Education. BS, Weber State College, 1975; MS, University of Utah, 1977; EdD, Brigham Young University, 1990.

Richard J. Dahlkemper (2002) - Associate Professor Emeritus of Health Administrative Services. BBA, University of Notre Dame; MBA, Indiana University, 1975; PhD, Walden University, 2008.

W. Lee Dickson (1963) - Professor Emeritus of Electronics Engineering Technology. BS, MS, PhD, University of Utah, 1959, 1962, 1964.

Gary R. Dohrer (1989) - Professor Emeritus of English. BA, Wichita State University, 1974; MA, St Louis University, 1979; PhD, University of Texas at Austin, 1989.

Larry W. Doman (1972) - Professor Emeritus of Foreign Languages. BA, University of Utah, 1964; PhD, St. Louis University, 1972.

Rick L. Dove (1990) - Associate Professor Emeritus of Professional Sales. BS, MS, Utah State University, 1978.

Andrew M. Drake (1990) - Professor Emeritus of Manufacturing and Mechanical Engineering Technology. BS, Brigham Young University, 1980; MS, Florida Institute of Technology, 1985; PhD, Leeds Metropolitan University, 2008.

Evelyn N. Draper (1969) - Associate Professor Emerita of Emergency Care and Rescue. BS, University of Utah, 1959.

David A. Durkee (1991) - Professor Emeritus of Accounting. BA, Brigham Young University, 1965; MBA, University of Utah, 1972; PhD, Oklahoma State University, 1987.

Steven H. Eichmeier (1968) - Professor Emeritus of Professional Sales. BS, MS, Utah State University, 1967, 1968; EdD, Brigham Young University, 1976.

Claudia Eliason (1996) - Professor Emerita of Teacher Education. BS, Utah State University, 1966; MS, Utah State University, 1968; EdD, Brigham Young University, 1996.

Ann Larson Ellis (1990) - Associate Professor Emerita of Teacher Education. BA, Brigham Young University, 1975; MA, University of Connecticut, 1982; PhD, Purdue University, 1993.

Richard L. Ford (1996) - Professor Emeritus of Earth and Environmental Sciences. BS, Virginia Polytechnic Institute & State University, 1978; MS, University of New Mexico, 1986; PhD, University of California-Los Angeles, 1997.

Alfred S. Forsyth (1987) - Professor Emeritus of Teacher Education. BA, Brown University, 1967; MA, Columbia University, 1972; MA, Ohio State University, 1976; EdD, Utah State University, 1986.

James H. Foster (1975) - Professor Emeritus of Mathematics. BS, University of Notre Dame, 1964; MS, PhD, University of Wisconsin, 1969.

Dan A. Fuller (1981) - Professor Emeritus of Economics. BS, University of Utah, 1974; PhD, University of North Carolina, 1982.

L. Kay Gillespie (1974) - Professor Emeritus of Criminal Justice. BA, MS, Brigham Young University, 1965, 1969; PhD, University of Southern California, 1976.

Melba J. Glade (1962) - Professor Emerita of Elementary Education. BA, University of Utah, 1932; MS, University of Southern California, 1935; EdD, University of Utah, 1972.

Linda P. Gowans (1990) - Professor Emerita of Teacher Education. BA, Utah State University, 1969; MS, University of Oregon, 1980; PhD, University of Utah, 1988.

Darrell J. Graff (1965) - Professor Emeritus of Zoology. BS, MS, Utah State University, 1958, 1960; PhD, University of California-Los Angeles, 1963.

Deon Greer (1968) - Professor Emeritus of Geography. BA, MA, Brigham Young University, 1959, 1960; PhD, Indiana University, 1968.

Richard T. Grow (1976) - Professor Emeritus of Psychology. BS, Utah State University, 1964; MA, University of Utah, 1967; EdD, Utah State University, 1969.

JoAnn C. Hackley (1965) - Associate Professor Emerita of Nursing. BS, University of Utah, 1965; MS, Brigham Young University, 1983.

Susan Hafen (2003) - Professor Emerita of Communication. BS, MEd, Brigham Young University, 1974, 1978; PhD, Ohio University, 1995.

Carol Hannan (1980) - Professor Emerita of Nursing. BSN, University of Utah, 1979; MSN, Brigham Young University, 1984; PhD, University of Utah, 1994.

Carol Hansen (1986) - Professor Emerita of Library Science. BA, Johnston College, University of Redlands, 1973, MS; University of Southern California, 1975.

Alma F. Harris (1973) - Professor Emeritus of Business Administration. BS, MS, Utah State University, 1963, 1972; PhD, Purdue University, 1973.

David G. Hart (1972) - Associate Professor Emeritus of Computer Science. BA, University of Utah, 1967; MS, Rensselaer Polytechnic Institute, 1972.

W. Bruce Haslam (1967) - Professor Emeritus of Psychology. BA, MA, PhD, Brigham Young University, 1961, 1966, 1970.

David S. Havertz (1965) - Professor Emeritus of Zoology. BS, MS, PhD, University of Utah, 1956, 1957, 1962.

Patricia P. Henry (1967) - Professor Emerita of Mathematics. BS, MS, PhD, University of Utah, 1960, 1965, 1972.

Richard G. Hills (1964) - Professor Emeritus of Physics. BS, PhD, University of Utah, 1958, 1965.

Jay Hollingsworth (1965) - Associate Professor Emeritus of Health, Physical Education, Recreation, and Dance. BS, University of Southern California, 1963; MS, University of Utah, 1970; EdD, University of Missouri, 1975.

Diane S. Horne (1981) - Professor Emerita of Microbiology. BS, Mundelein College, 1966; PhD, Northwestern University, 1974.

Helen J. James (1971) - Professor Emerita of Chemistry. BS, PhD, University of Nebraska, 1965, 1970.
Rondo N. Jeffery (1980) - Professor Emeritus of Physics. BS, MS, Brigham Young University, 1963, 1965; PhD, University of Illinois-Champaign, 1970.

Paul R. Joines (1978) - Professor Emeritus of Performing Arts. BM, Kansas State University, 1962; MM, University of Texas, 1965; DMA, University of Oregon, 1975.

Donald K. Keipp (1985) - Professor Emeritus of Performing Arts. BA, University of Northern Iowa, 1972; MA, DMA, University of Iowa, 1974, 1985.

Marie L. Kotter (1973) - Professor Emerita of Health Sciences. BS, MS, PhD, University of Utah, 1968, 1973, 1979.

Ronald V. Ladwig (1982) - Professor Emeritus of Theatre Arts. BA, University of Denver, 1960; MA, California State University, 1967; PhD, Bowling Green State University, 1978.

LaRae Larkin (1991) - Associate Professor Emerita of History. BS, Brigham Young University, 1963; MS, Utah State University, 1976; PhD, University of Utah, 1990.

Lael Larsen (1973) - Assistant Professor Emerita of Nursing. BS, University of Utah, 1953; MSN, Brigham Young University, 1983.

Shirley A. Leali (1993) - Professor Emerita of Teacher Education. BA, PhD, University of Denver; MA, University of Colorado.

E. Jeffery Livingston (1980) - Professor Emeritus of Business Administration. BS, Brigham Young University, 1968; MBA, University of Utah, 1969; PhD, Arizona State, 1974.

Karen Lofgreen (1979) - Professor Emerita of Teacher Education. BS, Utah State University, 1956; MEd, EdD, Brigham Young University, 1972, 1988.

Marilyn A. Lofgreen (1994) - Instructor Specialist Emerita of Teacher Education and Teacher Assistant Path to Teaching (TAPT) Director. BS, MEd, Weber State University, 1980, 1991; Administrative Endorsement, Utah State University, 1993.

Scott A. Loughton (1976) - Associate Professor Emeritus of English. BS, Weber State College, 1971; MA, PhD, Brigham Young University, 1974, 1986

S. Jack Loughton (1987) - Professor Emeritus of Health Promotion and Human Performance. BS, University of Utah, 1968; MA, Utah State University, 1972; PhD, University of Utah, 1974.

Kathleen M. Lukken (1975) - Professor Emerita of Dental Hygiene. BS, Marquette University, 1970; MS, University of Iowa, 1975; PhD, University of Utah, 1985.

Susan Makov (1977) - Professor Emerita of Art. BFA, Syracuse University, 1974; Diploma, University of Brighton, 1975; MFA, State University of New York at Buffalo, 1977.

Judith P. Mitchell (1984) - Professor Emerita of Teacher Education. BA, Stanford University, 1953; BS, Weber State College, 1973; MEd, Utah State University, 1975; PhD, University of Utah, 1981.

Monica G. Mize (1994) - Professor Emerita of Physical Education. BS, Indiana State University, 1972; MS, Eastern Illinois University, 1973; PhD, Southern Illinois University, 1979.

Pamela A. Molen (1981) - Associate Professor Emerita of Nursing. BS, California State University-Sonoma, 1976; MSN, University of California-San Francisco, 1978.

Steven A. Moss (1964) - Associate Professor Emeritus of Mathematics. BS, MS, University of Utah, 1957, 1959; MA, University of Illinois, 1964.

C. Thomas Musgrave (1969) - Professor Emeritus of Psychology. BS, University of Utah, 1957; MS, Utah State University, 1965; EdD, Utah State University, 1976.

Karen G. Nakaoka (1997) - Professor Emerita of Microbiology. BS, Ohio University, 1976; PhD, Ohio State University, 1981.

Mark J. Nelson (1973) - Professor Emeritus of Business Administration. BS, Brigham Young University, 1962; MBA, PhD, University of Oregon, 1964, 1969.

LaPrele Neville (1953) - Assistant Professor Emerita of Nursing. BS, Brigham Young University, 1950.

Leonard Gary Nielsen (1977) - Professor Emeritus of Medical Laboratory Sciences. BS, Metropolitan State College, 1972; MS, University of Utah, 1977.

Dale A. Ostlie (1984) - Professor of Emeritus Physics. BA, St Olaf College, 1977; PhD, Iowa State University, 1982.

Lloyd Ott (1972) - Professor Emeritus of Professional Sales. BS, Southern Utah State College, 1968; MS, Utah State University, 1972.

Clayton Parkinson (1986) - Professor Emeritus of Health Sciences. DDS, Northwestern University, 1958; PhD, Utah State University, 1974.

Joel C. Passey (1980) - Associate Professor Emeritus of Communication. BA, Utah State University, 1961; MA, University of Washington, 1969; PhD, University of Illinois, 1975.

A. Cordell Perkes (1979) - Professor Emeritus of Teacher Education. BS, MA, Utah State University, 1966, 1969; PhD, Ohio State University, 1973.

Levi S. Peterson (1965) - Professor Emeritus of English. BA, MA, Brigham Young University, 1958, 1960; PhD, University of Utah.

June K. Phillips (1993) - Dean Emerita of the College of Arts and Humanities and Professor Emerita of Foreign Languages. BA, University of Pittsburgh, 1960; PhD, Ohio State University, 1974.

Paul D. Pitts (2000) - Associate Professor Emeritus of Teacher Education. BA, University of Utah, 1969; MEd, Utah State University, 1988; EdD, Brigham Young University, 1998.

Richard W. Pontius (2003) - Associate Professor Emeritus of Teacher Education. BA, MS, University of Wyoming, 1975, 1989; PhD, Ohio State University, 1993.

Judith P. Pratt (1990) - Associate Professor Emerita of Nursing. BS, Idaho State University, 1964; MSN, Brigham Young University, 1990.

Valory Quick (1983) - Associate Professor Emerita of Emergency Care and Rescue. BS, California State University-Long Beach, 1973; MS, Utah State University, 1988.

Ty Sanders (1991) - Associate Professor Emeritus of Communication. BA, California State University, 1976; MA, Central Missouri University, 1990; PhD, University of Oregon, 2008.

Leland B. Sather (1970) - Professor Emeritus of History. BA, Augustana College, 1964; MA, University of Nebraska, 1967; PhD, University of California-Santa Barbara, 1975.

Gene A. Sessions (1976) - Professor Emeritus of History. BA, Utah State University, 1970; MA, PhD, Florida State University, 1972, 1974.

Donald K. Sharpes (1978) - Professor Emeritus of Education. BA, MA, Gonzaga University, 1959, 1961; MA, Stanford University, 1968; PhD, Arizona State University, 1969.

Patricia L. Shaw (1991) - Professor Emerita of Health Administrative Services. BS, College of St Scholastica, Duluth, MN, 1981; MEd, Weber State University, 1997; EdD, Northcentral University, 2016.

Allen F. Simkins (1976) - Professor Emeritus of Accounting. BS, Utah State University, 1969; MACC, Brigham Young University, 1970; PhD, Arizona State University, 1976.

C. Jan Slabaugh (1975) - Professor Emerita of Interior Design Technology. BS, Utah State University, 1958; MS, Iowa State University, 1967.

Michael R. Slabaugh (1971) - Professor Emeritus of Chemistry. BS, Purdue, 1965; PhD, Iowa State University, 1970.

Lyneer C. Smith (1964) - Assistant Professor Emeritus of Music. BA, MS, Brigham Young University, 1951, 1952.

Molly M. Smith (1989) - Professor Emerita of Health Promotion and Human Performance. BS, University of Missouri, 1974; MS, University of Arizona, 1978; PhD, University of New Mexico, 1988.

William E. Smith (1981) - Professor Emeritus of Health Administrative Services. BS, Westchester State University, 1956; MS, Indiana University, 1957; EdD, Arizona State University, 1970.

Mohammad Sondossi (1991) - Professor Emeritus of Microbiology. BS, University of Azarabadehgan, 1974; MS, University of Detroit, 1978; PhD, Wayne State University, 1988.

Douglas M. Spainhower (1967) - Associate Professor Emeritus of English. BS, Brigham Young University, 1956; MA, California State College-Fullerton, 1967; EdD, Brigham Young University, 1988.

Stephen S. Stanford (1965) - Professor Emeritus of Sociology. BS, MS, Brigham Young University, 1950, 1951; PhD, University of Colorado, 1959.

Bud W. Stephenson (1967) - Associate Professor Emeritus of Psychology. BS, MS, Utah State University, 1962, 1973; PhD, University of Minnesota, 1982.

Alan E. Stockland (1970) - Professor Emeritus of Microbiology. BS, University of Nebraska, 1961; MS, PhD, Michigan State University, 1967, 1970.

H. Stephen Stoker (1968) - Professor Emeritus of Chemistry. BA, University of Utah, 1963; PhD, University of Wisconsin, 1968.

Jerald T. Storey (1964) - Professor Emeritus of Management. BS, Brigham Young University, 1957; MBA, PhD, University of Utah, 1964, 1972.

Eva L. Szalay (1999) - Professor Emerita of German. BS, Virginia Polytechnic Institute and State University: MS, PhD, Georgetown University, 1998.

Alden A. Talbot (1975) - Professor Emeritus of Telecommunications. BS, Weber State College, 1967; MS, Utah State University, 1969; PhD, University of Iowa, 1976.

Michael B. Vaughan (1981) - Professor Emeritus of Economics. BS, MBA, University of Arkansas, 1976, 1977; PhD, University of Nebraska, 1981.

Peter J. Vernezze (1990) - Associate Professor Emeritus of Philosophy. BA, University of Wisconsin at Madison, 1982; MA, University of Illinois at Chicago, 1985; PhD, University of Washington, 1989.

Wayne L. Wahlquist (1964) - Professor Emeritus of Geography. BA, MA, Brigham Young University, 1958, 1961; PhD, University of Nebraska, 1974.

Robert E. Wallentine (1963) - Professor Emeritus of Manufacturing Engineering Technology. BS, MS, Utah State University, 1959, 1970.

Leland A. Walsh (1967) - Professor Emeritus of Foreign Languages. BA, MA, Brigham Young University, 1964, 1967; PhD, University of Utah, 1975.

Wangari wa Nyatetu-Waigwa (1990) - Professor Emerita of Foreign Languages. BA, Université de Dijon, 1974; MA, PhD, University of Utah, 1983, 1989.

Helena B. Watson (1967) - Assistant Professor Emerita of Elementary Education. BS, Utah State University, 1960; MS, Montana State University, 1961.

Garth L. Welch (1964) - Professor Emeritus of Chemistry. BS, PhD, University of Utah 1959, 1963.

Glén J. Wiese (1959) - Professor Emeritus of English. BA, MA, Brigham Young University, 1958, 1959; PhD, University of Utah, 1971.

Benne D. Williams (1958) - Professor Emeritus of Psychology. BS, Utah State University, 1958; MS, Utah State University, 1959; EdD, Utah State University, 1965.

Deanna L. Williams (1979) - Associate Professor Emeritus of Nursing. BS, Brigham Young University, 1966; MS, Pittsburgh State University, 1976.

Lydia Wingate (1998) - Dean Emerita Dr. Ezekiel R. Dumke College of Health Professions. BS, University of Leeds, 1956; MS, Albany Medical College, Union University, 1978; PhD, State University of New York, 1984.

Ray E. Wong (1980) - Professor Emeritus of Teacher Education. BA, Temple University, 1970; MA, Northeast Missouri State University, 1974; PhD, Iowa State University, 1992.

Ronald L. Wooden (1967) - Professor Emeritus of Music. BS, MS, Utah State University, 1961, 1965; PhD, University of Utah, 1975.

Board and Administration

Utah State Board of Regents

Commissioner of Higher Education

WSU Board of Trustees

WSU President's Council
Student Affairs, Services and Information

The Division of Student Affairs includes a variety of services ranging from those that directly supplement classroom learning to those which are aimed at helping students attain a holistic education and a healthy lifestyle. The goal of Student Affairs is a commitment to solving student problems and helping students become aware of services, activities and programs available to them. The staff in Student Affairs will assist in designing, developing, implementing and evaluating programs to expand the students' personal development and enrich co-curricular opportunities.

Campus Services

Bookstore

Telephone: 801-626-6352
Location: Shepherd Union Building and Davis Campus
Website: bookstore.weber.edu
- Textbooks
- Computer Sales and Service
- School and Office Supplies
- Vocational Art & Engineering Supplies
- General Books & Gifts

IT Service Desk

Location: Lampros Hall (LP) 110
Telephone: 801-626-7777

Wildcat and Email Account

All Weber State University students are provided a Wildcat account that includes email. Many professors communicate with their students by email, so it is important for students to activate their accounts early on. Students must also activate their Wildcat account prior to online registration. This can be done via the Computing Support Services Website at weber.edu/eservices (visit any student computer lab to access the Internet).

Student ID (Wildcard)

Ogden Campus Telephone: 801-626-6367
Location: Shepherd Union Lobby Information Center
Hours: Mon - Fri 7:30 a.m. - 8:30 p.m., Sat - 8:30 a.m. - 5:30 p.m. (Hours may vary during breaks and summer)

Davis Campus Telephone: 801-395-3460
Location: Bldg. D2, Suite 262
Hours: Mon-Thurs 8 a.m. - 6:30 p.m., Fri 8 a.m.-5:30 p.m. (Hours may vary during breaks and summer)
You need a Wildcard because it:
- is your library card
- allows you use of the physical education and campus recreation facilities
- gives you free admittance into athletic events and discounts to select club events
- is used for dining options
- allows you to print in the computer labs
- gives you access to campus health facilities
- is your I.D. to be used at the testing center and to get transcripts printed
The Wildcard is available for students and their dependents and spouse. There is a $10.00 fee for each new card. Dependents and spouses of students also pay an additional activation fee per semester. There is a $20.00 fee for all replacements, lost or stolen Wildcards. See weber.edu/wildcard for more information.

Parking Services

Telephone: 801-626-6533
Location: Public Safety Building
Hours: Monday through Friday, 7:00 a.m. to 4:30 p.m.
Parking Services is responsible for issuing parking permits and regulating traffic, parking, and related campus matters. See weber.edu/parking for more information.

Academic Support Services

Academic Support Centers & Programs

Main Telephone: 801-626-7847
Website: weber.edu/ascp
Academic Support Centers and Programs (ASCP) offers an array of services designed to meet the individual needs of WSU students. These services include tutoring, testing centers, computer labs, and international academic support programs.

Tutoring Services

Website: weber.edu/tutoring
Academic Support Centers and Programs (ASCP) offers an array of peer tutoring services designed to meet the individual needs of WSU students. Tutoring focus is on developmental and general education courses. The program is certified by the National Association for Developmental Education (NADE) and includes peer tutors certified through the College Reading and Learning Association (CRLA). ASCP strives to assist WSU students reach their academic goals by helping them become strong, independent learners.

Locations:
- Davis Bldg. D2, Room 214 phone 801-395-3569
- Ogden Appointment Tutoring-TH suite 101 phone 801-626-7484
- Writing Center EH Room 210 phone 801-626-6463
- DELC EH Room 212 phone 801-626-6463
- Solution Space TY 233 phone 801-626-7225
- Ogden Hub LP Main Floor phone 801-626-7225.

Supplemental Instruction

Ogden Campus Telephone: 801-626-6804; Location: Tracy Hall, Suite 101
Davis Campus Telephone: 801-395-3539; Location: Bldg. D2, Room 213
Website: weber.edu/si
Supplemental Instruction (SI) provides opportunities for students to participate in learning teams where they explore concepts and solve problems through group discussion and interaction as directed by a student team leader who has successfully completed the course. SI student leaders work in collaboration with the course professor and SI coordinator.

Student Support Services

Telephone: 801-626-7009
Location: Student Services, Suite 265
Website: weber.edu/sss
Student Support Services (SSS) provides opportunities for academic development, assists students with basic college requirements, and motivates students toward completion of their college degree. The goal of SSS is to increase college retention and graduation rates of its participants and to help students make the transition from one level of higher education to the next. The program is only open to students who have been admitted to, or are enrolled at, Weber State University, and are low-income, first generation college students, or have a documented disability.
Computer Labs

Telephone: 801-626-7018
Website: weber.edu/computerlabs
Website: weber.edu/sat

Student Affairs Technology manages WSU's ten open student computer labs. These computer labs are meant to serve the general needs of all enrolled WSU students. Lab hours vary from lab to lab, but overall lab hours range from 7:00 a.m. to midnight and some labs are open seven days a week.

Locations:
- Davis Campus building D2, Room 205
- Davis Laptop Lounge building DSC, Lobby
- Dumke College of Health Professions: Marriott Health (MH) building, Room 111
- Elizabeth Hall (EH), Room 214
- Shepherd Union Computer Lab, SU Room 230
- Lindquist Hall (LH), Room 016
- Tracy Hall (TY), Rooms 101R & 101E
- University Village, CC 310
- Wattis Business (WB), Room 118
- West Center (Roy), Lobby and Room 109

Testing Centers

Telephone: 801-626-6803
Website: weber.edu/testingcenter

The testing center offers a variety of standardized tests for the purpose of placement into appropriate courses, and admission to academic programs. Tests are also administered for various academic departments on campus and for Independent Study courses.

Locations:
- Student Services, Room 262
- Library, Room 110
- Tracy Hall, Room 101C
- Davis Campus, DSC Room 231
- Lindquist Hall location, Room 024, overflow room, 017
- West Center, Roy, Room 114
- Morgan Testing Center

Career Services

Telephone: 801-626-6393

Ogden Campus Location: Student Services, Suite 230
Davis Campus Location: Bldg. D2, Suite 262

Website: weber.edu/careerservices

Career Services provides Career Counseling and Employment Advising to individuals and groups through interest, personality and ability assessments. A career development class is offered to students in a traditional classroom setting and on-line. Help is provided with resume and interview preparation and networking strategies. The Career Center introduces students to employers through Career and Job Fairs and through employer information sessions during the year. Students can find part-time jobs on campus and full and part-time jobs off campus through Career Connect. Career Services works with employers to develop internships and jobs through employer outreach efforts. Counselors provide students with graduate school information and a Graduate School Fair is held annually. Career Services is a key contributor to the next step success of Weber State Students.

Student Wellness Services

Student Wellness Program

Telephone: 801-626-7561
Location: WI Rm 210A, Wildcat Center for Health, Education and Wellness
Website: weber.edu/studentwellness
The Student Wellness program (located in the Wildcat Center, Room 210) provides evidence-based Health Education programming, services and resources to address eight interconnected dimensions of wellness: intellectual, social, spiritual, physical, emotional, environmental, financial and occupational. The program helps students develop healthy habits in all dimensions to facilitate their full engagement in the classroom, in their personal lives, and in their future careers. Individual consultations with a Master Certified Health Education Specialist are also available for assistance with most health and wellness concerns. Limited services may also be available at Davis Campus.

Student Health Services

Telephone: 801-626-6459  
Location: Student Services, Suite 190  
Website: weber.edu/healthcenter

The Student Health Center (located in the Student Service Center, Room 190) provides quality, cost-effective health services to students with a current Wildcard. Funding is provided through student fees and most services are available at no cost or low cost. Available services include outpatient medical care for common illnesses, health conditions, and injuries; some immunizations; women's health care/contraception needs; and physical examinations. Some laboratory services, X-rays, and a small pharmacy are also available.

Counseling & Psychological Services Center

Telephone: 801-626-6406  
Location: Student Services, Suite 280  
Website: weber.edu/counselingcenter

The Counseling and Psychological Services Center (located in the Student Service Center, Room 280) provides high-quality, culturally-sensitive, professional psychotherapy for students struggling with anxiety, depression, relationship problems, stress, grief, or other concerns. The center offers individual, couples, family, and group counseling, crisis intervention, psychiatric care, and outreach activities that help students overcome emotional barriers, improve coping, and achieve personal goals. Limited services may also be available at Davis Campus.

Services for Special Student Populations

Office of Access & Diversity

Telephone: 801-626-7006  
Location: Student Services, Room 150  
Website: weber.edu/accessanddiversity

The Office of Access & Diversity is a department that includes college access and outreach programs as well as student retention programs and initiatives that focus on increasing college participation for underrepresented students to pursue and successfully complete a post-secondary education and meets the mutual needs of the university, public school system and community. This office provides services in approximately 15 secondary junior high schools within Ogden, Weber and Davis school districts, as well as in their local communities.

State GEAR UP College Access Program

Brandon Flores, GEAR UP Director  
Telephone: 801-395-3547  
Location: Davis Campus, DSC, Suite 308  
Website: weber.edu/stategearup

GEAR UP (Gaining Early Awareness & Readiness for Undergraduate Programs) provides college readiness support for targeted students in the Weber and Davis school districts. First Year services are also provided for GEAR UP students pursuing post-secondary education. The GEAR UP program includes the following services:

- Financial Aid/Scholarship Advising
- FAFSA Completion
Center for Multicultural Excellence

Telephone: 801-626-7330  
Location: Student Services, Suite 150  
Website: weber.edu/multicultural

The Center for Multicultural Excellence (CME) empowers students from diverse backgrounds to help them engage, navigate, and connect with campus and community resources through retention specialists and a Peer Mentor Program. Our focus is to develop the knowledge, skills, and abilities needed to fulfill student career and graduation goals. Our study lounge with computers and free printing is available to all students. The Peer Mentor Program is located in the Shepherd Union, Room 232D.

College Access and First-Year Transition

Telephone: 801-626-7006  
Location: Student Services, Room 150  
Website: weber.edu/access

The unit focuses on creating a pathway for underrepresented students to go to college in collaboration with local secondary schools. Student 2 Student is an outreach program with college advocates and outreach tutors that provide college-readiness and access opportunities for under-represented youth through mentorship, advocacy, on-campus activities and college enrollment assistance. Historically underrepresented first-year WSU students (first generation, ethnic minority, low-income) can connect and find support for a successful transition from high school to their first year of college. Students get assistance completing enrollment, gain a sense of belonging, network with their peers, become engaged learners, and make connections to campus resources and information. Support and resources are also available for undocumented students and families. These services are focused on increasing underrepresented, student enrollment, retention and graduation.

Educational Talent Search (TRIO Program)

Telephone: 801-626-7369  
Location: Student Services, Room 150  
Website: weber.edu/talentsearch

The Talent Search program identifies and assists individuals from disadvantaged backgrounds who have the potential to succeed in higher education. The program provides academic, career, and financial counseling to its participants and encourages them to graduate from high school and continue on to and complete their postsecondary education. The program publicizes the availability of financial aid and assist participant with the postsecondary application process. Talent Search also encourages persons who have not completed education programs at the secondary or postsecondary level to enter or reenter and complete postsecondary education. The goal of Talent Search is to increase the number of youth from disadvantaged backgrounds who complete high school and enroll in and complete their postsecondary education.

Services include:
- Academic advising
- Career and college planning
- Admission application assistance
- Financial aid/scholarship assistance
- College entrance examination preparation
- Referrals to community resources
- Referrals to tutoring/mentoring programs
- Field trips to colleges and cultural programs
- College resources/workshops for parents and families

Upward Bound (TRIO Program)
The Upward Bound program is a federal project that assists low-income, first generation students throughout high school in becoming academically prepared and mentally ready for entrance into post-secondary education with the goal of obtaining a Baccalaureate, or higher, degree.

Services include but are not limited to:
- Academic Advising and Counseling in preparation for college entrance
- Academic tutoring both individually and in group sessions
- College and University life skills and academic skills training
- Career Exploration
- Financial Aid, FAFSA, and Scholarship workshops and assistance
- Life Enrichment Activities
- College Tours
- Weekly College Preparation Sessions
- Six Week Residential Campus Program

International Student & Scholar Center

Telephone: 801-626-6853  
Fax: 801-626-7693  
Location: Student Services, Suite 143  
Website: weber.edu/issc

The International Student and Scholar Center advises and assists international students with their personal, cultural, and academic adjustment to WSU, and is responsible for the recruitment, admission, and retention of international students. An orientation program is provided for all new international students each semester. Advisement is available to assist students concerning immigration related questions and concerns. The ISSC assists students with the following:
- International Student Admissions
- Student Advocacy and Adjustment
- Student Clubs
- International Events
- International Exchange Programs
- Consultation & Outreach

Nontraditional Student Center

Telephone: 801-626-7794  
Location: Shepherd Union Building, Room 322 and Davis Campus, D2, 307  
Website: weber.edu/nontrad

The Nontraditional Student Center (located in Shepherd Union, Room 322 and at Davis Campus, D2, 307) has a lounge, kitchen, computer lab, study area, and hourly childcare center (Ogden Campus only) to help meet the needs of students who are over 25, and/or married, divorced, widowed or a parent. Advisor and Peer mentors are available to help students navigate the campus and provide support to students academically and personally. The center strives to provide a supportive environment and remove barriers students may face while balancing school, family, home and work. The center offers scholarships and leadership opportunities.

Hourly Childcare Center

Telephone: 801-626-7798  
Location: Shepherd Union Building, Room 322 E  
Website: weber.edu/nontrad

The Hourly Childcare Center (located in Shepherd Union, Room 322 E, inside the Nontraditional Student Center) is designed to provide flexible, hourly, or back-up care for the children of WSU students. Back-up care is based on availability. Children ages two to nine years old may attend. A child may be at the center while parents are attending classes, using the computer lab,
studying, or using other campus resources. There is a $15 application fee (one-time, nonrefundable). Applications are accepted on an on-going basis. The hourly rate is $3.50/hour.

Disability Services

**Ogden Telephone:** 801-626-6413; **Ogden Location:** Student Services, Suite 181  
**Davis Telephone:** 801-395-3442; **Davis Location:** Bldg D2, Room 256  
**Website:** weber.edu/disabilityservices  
**Email:** For general questions or when referring students to the office: dsc@weber.edu  
For questions about a specific student or situation: disabilityadvisor@weber.edu

Students requesting accommodations due to disability should be referred to Disability Services. Based upon documentation of the disability, Disability Services will authorize appropriate accommodations. Disability Services works closely with faculty and staff to ensure that any approved accommodation is appropriate and necessary for the situation. Some examples of accommodations include the following: classroom interpreting for deaf students, alternative-format textbooks, Braille and large print materials for handouts and syllabi, test accommodations, adaptive technology, registration assistance and advisement. Disability Services advise students on issues related to disabilities and higher education and provides priority registration for qualified students.

Veterans Services

**Ogden Campus Telephone:** 801-626-6039; **Location:** Shepherd Union Building, Room 322  
**Davis Campus Telephone:** 801-395-3460; **Location:** Bldg. D2, Suite 262  
**Website:** weber.edu/vetaffairs  

Veterans Services (Shepherd Union Building, Room 322) is the liaison between Weber State University and the U.S. Department of Veterans Affairs for educational benefits for veterans and dependents who are eligible for the GI Bill®. In addition, Veterans Services provides a variety of support services to assist in making education a successful experience for veterans. The center also helps veterans and their dependents identify sources of support for their educational needs.

Veterans Upward Bound

**Ogden Campus Telephone:** 801-626-7173; **Location:** Annex 12  
**Davis Campus Telephone:** 801-395-3460; **Location:** Bldg. D2, Suite 262  
**Website:** weber.edu/vetsupwardbound

Veterans Upward Bound (located in Annex 12) is designed to motivate and assist veterans in the development of academic and other requisite skills necessary for acceptance and success in a program of postsecondary education. The program provides assessment and enhancement of basic skills through counseling, mentoring, tutoring and academic instruction in the core subject areas. Veterans Upward Bound provides instruction in mathematics, English, science, foreign language, composition and literature and computer use. The project also assists veterans in securing support services from other locally available resources such as the Veterans Administration, state veterans agencies, veteran associations, and other state and local agencies that serve veterans. Other services include: Education or counseling services designed to improve the financial and economic literacy of participants; Instruction in reading, writing, study skills, and other subjects necessary for success in education beyond high school; Academic, financial counseling; Tutorial services; Information on postsecondary education opportunities; Assistance in completing college entrance and financial aid applications; Assistance in preparing for college entrance exams; Information on the full range of Federal Student financial aid programs and benefits.

Women's Center

**Telephone:** 801-626-6090  
**Location:** Shepherd Union 323  
**Website:** weber.edu/womenscenter; weber.edu/safeatweber  
**Email:** womenscenter@weber.edu; safeatweber@weber.edu

The WSU Women's Center advocates for the best educational experience for all by addressing systemic oppression, empowering communities, and working toward a shared vision of gender equity in pursuit of a safe, inclusive, and compassionate campus. Our values include gender equity, intersectionality, and advocacy. Main initiatives include:
• Safe@Weber Advocacy Services: Trauma-informed and confidential advocacy services for victims/survivors of discrimination, harassment and sexual misconduct (sexual assault/harassment, rape, domestic/dating violence and/or stalking). Services include: supportive measures such as petition support, civil protective order support, referrals to community resources, etc.; assistance reporting to Title IX and/or law enforcement; and safety planning.
• Safe@Weber Violence Prevention Education: Comprehensive education on consent, healthy relationships, bystander intervention, risk reduction and supporting survivors. Workshops can be requested at: https://weber.edu/SafeAtWeber/workshops.html
• Education & Empowerment Programs: Student-led discussions of social justice education and feminist leadership training through monthly discussion groups, annual events, self-care activities, film screenings, etc. We have a free resource pantry that is stocked with menstrual products, safe sex products and pregnancy tests. Additionally, we have many scholarships available for students.
• Leadership & Engagement: Hourly student staff positions, Safe@Weber Peer Educators, internships for Women & Gender Studies minors, a Student Advisory Board, and student volunteers.

Housing & Residence Life

Telephone: 801-626-7275  
Location: Wildcat Village  
Website: weber.edu/housing  
Housing serves single students who choose to live on campus in a living/learning environment which includes peer counseling, social education, academic support, and planned activities. Housing is located in two distinct villages. University Village is comprised of 4-person suite style with kitchens, private bedrooms and 2 bathrooms. Wildcat Village, our newest on-campus housing offers single and double rooms in a suite style with 4 people per suite. Housing includes high speed internet, IPTV, fully furnished, fitness centers, laundry, and mail facilities. Wildcat Village also has a food service operation in the complex.  
With our Living/Learning Villages, Housing offers several opportunities for students to get involved. Resident Assistants (RA’s), Residence Hall Association (RHA), and Office Assistants (OA’s) work and/or volunteer in the housing community.

Student Life & Activities

Campus Recreation

Telephone: 801-626-7967  
Location: Stromberg Wildcat Center for Health, Education, and Wellness, Room 101  
Website: weber.edu/campusrecreation  
The Department of Campus Recreation offers a variety of recreational opportunities throughout the Ogden and Davis campuses for users with an active WSU Wildcard. The staff strive to create opportunities that inspire engagement in healthy active lifestyles! Please check weber.edu/campusrecreation for facility hours, program information, and schedules. Campus Recreation offers students opportunities to improve their personal health, well-being, and overall fitness through the following programs/services:  
• Aquatics & Safety (drop-in swim, swimming lessons, CPR/First Aid certifications)  
• Fitness (drop-in strength and cardio, drop-in group exercise classes, personal fitness training)  
• Competitive Sports (Intramural Sport leagues/tournaments and Sport Clubs)  
• Outdoor Programs (Located in Annex 9; outdoor equipment rental center, outdoor trips/clinics, drop-in climbing/special events at the Weber Rocks Climbing Wall, Challenge Course activities)  
• Special Events

WSU Athletics

Telephone: 801-626-6817  
Location: Stadium, second floor  
Website: www.weberstatesports.com
The mission of the Department of Intercollegiate Athletics is to support the greater mission of Weber State University in meeting the educational needs of Utah by stimulating and improving athletics programs for students designed to develop and promote skills that assure an excellent chance of success in athletics participation, college, and career.

Shepherd Union

Telephone: 801-626-6367  
Location: Shepherd Union  
Website: weber.edu/union  
The Shepherd Union provides a focal point for the Weber State University community through an array of programs, services and operations which are:

- Wildcard Office - Shepherd Union Information Center
- Information Center
- Wildcat Lanes & Games Center
- Personal Banking
- WSU Bookstore
- Scheduling Events and Conference Services
- Dining Services

Student Involvement and Leadership

Telephone: 801-626-6349  
Location: Shepherd Union, Suite 326  
Website: weber.edu/studentinvolvement  
Student Involvement and Leadership is committed to enhancing student life by providing inclusive programs and leadership opportunities which promote education, engagement and development. SIL is committed to providing opportunities for all students in clubs and organizations, leadership workshops and programs, events and campus activities, the WSUSA Senate, service and civic engagement, and diversity programming.

SIL programs focus on helping students develop in the following areas:

- Leadership development
- Interpersonal skills
- Personal growth
- Problem solving skills
- Cultural awareness
- Critical thinking skills
- Self-esteem
- Civic engagement

Diversity and Inclusive Programs

Coordinator: Teresa Martinez  
Location: Shepherd Union Building, Room 232C  
Telephone: 801-626-6957  
Internet Address: weber.edu/diversity  
Email: diversity@weber.edu  
At Weber State University's Diversity and Inclusive Programs, we are committed to providing access, building community, and educating each other about diversity issues while creating a learning environment that values inclusion, cultural competence, and intercultural sensitivity for all students, staff, and faculty. We are committed to the pursuit of learning from and with a diverse group that sometimes reflects who we are and sometimes does not in order to affirm the dignity of all people.

The Diversity and Inclusive Programs strives to achieve these efforts by following closely along with the University's Inclusivity Statement and Diversity Initiative.

Opportunities for students include:

- Planning, volunteering and attending diversity-related events
- Participating on the Diversity Board planning committees
• Leadership opportunities within WSUSA
Office hours at Ogden Campus Only (Shepherd Union 232C)
8:00 AM - 5:00 PM Monday - Friday

LGBT Resource Center

Location: Student Service Center, Room 154
Telephone: 801-626-7271
Website: weber.edu/lgbtresourcecenter

The LGBT Resource Center is committed to supporting students, faculty, staff and community members by providing information, resources and support to accommodate the needs of individuals in our community. Our goal is to create a safe and inclusive environment for the LGBTQ+ and ally community within the university through educational experiences, advocacy and support that promotes the personal, intellectual and academic growth of all students, faculty and staff.

The LGBT Resource Center strives to achieve these efforts by following closely along with the university's Inclusivity Statement and Diversity Initiative.

Opportunities for students, faculty and staff include:

- Safe Zone Ally Training, Transgender and LGBTQ 101 workshops and activities
- Weekly LGBTQIA Support and Discussion Group
- Annual events and activities including Pride Week, National Coming Out Day, Transgender Education and Awareness Month, Gaypril and PRIDE
- Scholarship opportunities

Center for Community Engaged Learning

Telephone: 801-626-7737
Location: Shepherd Union, Suite 327
Website: weber.edu/CCEL

The Center for Community Engaged Learning at Weber State University facilitates both curricular and co-curricular community engaged learning experiences. The main mission of the center is to engage students, faculty and staff members in direct service, civic engagement, and community research to promote civic participation, build community capacity, and enhance the educational process.

Community engaged learning can be facilitated through one of our three pathways: direct service, civic engagement and community research.

Direct Service experiences often involve working directly with community residents to meet an immediate need. Examples of direct service include, but are not limited to: volunteering to serve meals at a homeless shelter, using academic knowledge to develop an electronic food-monitoring database for a food pantry, serving as a mentor or tutor in a local school or youth development program, cleaning up the banks of the Ogden River, or coaching a city youth sport.

Civic engagement experiences often involve raising awareness about issues of public concern and working more systematically through both political and non-political processes to create change. Examples of civic engagement include, but are not limited to: attending organized discussions about pollution; community organizing; writing a letter to an elected official; engaging others in the process of deliberative democracy; or producing information about community issues.

Community research experiences often involve gathering information with and for community organizations to solve a pressing community problem or create change. Examples of community research include, but are not limited to: community needs assessment survey; water quality or scientific assessment; or program evaluation for non-profit organizations.

Regardless of the type of community engaged learning experience, students are expected to acquire four CEL outcomes through their experiences: civic knowledge, civic skills, civic values, and civic action. Student learning outcomes, definitions, and measurement rubrics can be found at www.weber.edu/CCEL.

WSU Student Association (WSUSA)

Telephone: 801-626-6349
Location: Shepherd Union, Suite 326
Website: weber.edu/studentinvolvement

WSU Student Association (WSUSA) includes:

- Legislative Branch (Student Senate)
The Office of the Dean of Students (located in the Miller Administration Building, Suite 317A) is committed to assisting each student to become a successful member of the Weber State University community. As a means of supporting this mission, the Dean's office is responsible for Student Code of Conduct. The Student Conduct process is designed to assist in the development and education of students, promote mutual respect within the University community, contribute to maintaining a safe campus environment, and provide a process for tracking repeated incidents of student code violation. The WSU Student Code can be found online (weber.edu/ppm), WSU Policy and Procedures Manual section 6-22.
More Student Services

Innovation & Economic Development

Director: Brandon Stoddard
Location: Weber State Downtown, Rm 211, 801-626-7232
Innovation & Economic Development in the Provosts Office at Weber State University fosters a broad and continuing partnership between business, government agencies, and Innovation & Economic Development. Innovation & Economic Development promotes business and economic development in the community and serves as a community resource for entrepreneurship and small business management. As a service organization, Innovation & Economic Development provides business technical assistance, training and education, and information to businesses and government agencies. Specific programs and services of the Center is listed below.

Small Business Development Center

The Small Business Development Center (SBDC) is a partnership between Weber State University, the U.S. Small Business Administration, and the Utah Governor's Office of Economic Development. The SBDC provides counseling, training, and resource referral for individuals from Northern Utah looking to start, grow or exit small business endeavors. The Center provides a wide variety of seminars, workshops and courses for free or a low fee. Consulting is free of charge and covers areas such as business assessment and planning, market research and marketing strategy, financial analysis and forecasting, debt and equity funding development, ecommerce, and human resource management. For additional information see https://www.weber.edu/sbdc/.

Small Business Institute

The Small Business Institute (SBI) uses teams of senior-level or graduate students to provide management consulting and technical assistance to small business concerns. Students participating in the program receive university credit and the opportunity to apply their knowledge and skills in a real world setting. Participating businesses receive management assistance at no charge.

Office of International Programs

Dr. Yimin Wang, Senior International Officer

International Programs - http://www.weber.edu/internationalprograms
International Student Center - weber.edu/sis/
ESL/LEAP - weber.edu/leap
Study Abroad - weber.edu/studyabroad

The Office of International Programs is your resource to the many international opportunities at Weber State University. The office of International Programs includes the International Student and Scholar Center, the Learning English for Academic Purposes (LEAP) department and the Office of Study Abroad and Exchanges.

Location: Student Services Building Room 174 - 3910 West Campus Dr, Ogden, UT 84408-4013
Telephone: 801-626-7521
Web Site: weber.edu/internationalprograms

International Student and Scholar Center (ISSC)

Director: Mary Machira, 801-626-6839
The International Student and Scholar Center advises and assists international students with their personal, cultural, and academic adjustment to WSU, and is responsible for the recruitment, admission, and retention of international students. Services include providing support for admission, student visas, orientation, housing, transportation, and other assistance. Advisement is available to assist students concerning immigration related questions and concerns. Information for the ISSC can be found at http://www.weber.edu/sis/
Learning English for Academic Purposes (LEAP)

Chair: Debi Sheridan, 801-626-6775
The LEAP department provides intensive English language courses (ESL) for students in the process of acquiring English as a second language for academic use. LEAP courses are taught in Elizabeth Hall on the WSU Ogden Campus. See the full program description in the Interdisciplinary Programs section or visit weber.edu/leap.

Travel Study: Office of Study Abroad and Exchanges

Director of Study Abroad and Exchanges: Rebecca Schwartz, 801-626-8740
Students who have experienced living and learning in the social and educational environment of another culture will be broadened in ways impossible to achieve on an American campus. The Office of Study Abroad and Exchanges will provide you with information on the study abroad and exchange programs available and help you prepare for a unique learning experience. See weber.edu/studyabroad.
Division of Online & Continuing Education

The Division of Online & Continuing Education seeks to extend lifelong learning opportunities beyond the traditional campus using innovative, collaborative and flexible approaches to meet the needs of students and other stakeholders. The division works with academic colleges and departments to deliver evening and weekend courses at the Ogden campus. The division also helps to provide daytime and evening courses at the Davis campus and several off-campus centers, and through WSU Online. In addition, the division administers distance learning and independent study courses, and a wide range of professional development and community education programs.

Location: Hurst Center for Lifelong Learning - 1265 Village Dr. Dept 4006, Ogden UT 84408-4006  
Telephone: 801-626-6600 or toll-free 800-848-7770, option 4  
Website: weber.edu/oce

Programs

The Division of Online & Continuing Education offers both credit and non-credit programs. Credit programs focus on courses related to degree attainment while non-credit programs provide professional training, certification, credentialing and personal enrichment. Staff members affiliated with credit programs work to provide expanded educational options that bridge gaps and eliminate barriers in achieving each student's educational goals.

Credit Programs:

- WSU Online
- Independent Study
- Accelerated Hybrid Classes
- Off-Campus Centers

Non-Credit Programs:

- Community Education
- Law Enforcement Academy
- Professional Development
- Badge Up Credentialing Program

Locations:

- WSU Center for Continuing Education
- WSU Community Education Center
- WSU Farmington Station
- WSU West Center
- WSU Morgan Center
- Rocky Mountain Center for Occupational Safety & Environmental Health (in partnership with the University of Utah).
Enrollment Services and Information

Weber State University is continually working to make it easier for students to access information and receive the assistance they need. Students may apply for admission and access registration, transcripts, and a lot more online at weber.edu. Academic advisement, admissions, registration and other enrollment services are also provided at the Davis Campus. Class schedule information for specific semesters is available online at weber.edu.

Information on records, grading and transcripts; academic standards and eligibility; credit by examination or petition; and graduation requirements is provided in this catalog under the Academic Info & Policies.

The Office of Admissions

Admissions Director: Scott Teichert
Associate Director of Admissions: Andrew Young
Location: Student Service Center, Room 201 and Room 210
Telephone: 801-626-6050
Internet Address: www.weber.edu/admissions

The Office of Admissions encourages future students to reach their educational dreams by providing exceptional service and personal support through the exploration, application, acceptance, transfer, orientation and initial enrollment processes.

Recruitment Services

Location: Student Service Center, Room 210
Telephone: 801-626-6050
Email: www.weber.edu/getintoweber

Admissions Advisors and staff help future students navigate the admission process and provide general information on transferring from another institution, scholarships, programs and majors. Additionally, staff regularly visit high schools and community colleges to inform students, educators, and parents of the educational programs and opportunities available at Weber State University.

Members of the Office of Admissions, including Student Ambassadors, provide campus tours and regularly host campus visit opportunities. Campus visits may be scheduled through the Office of Admissions by calling 801-626-6050 or by visiting weber.edu/getintoweber.

Transfer Advisement

Location: Student Service Center, Room 201
Telephone/Appointments: 801-626-6050
Email: admissions@weber.edu
Internet Address: weber.edu/transfer
Transfer Guide: weber.edu/transferguide

Transfer students are strongly encouraged to contact the Office of Admissions for valuable information and assistance while making the transition to Weber State University. This office provides advisement on transferring courses and general education requirements, information on admission, scholarships and financial aid, and more. In addition, students can learn how a course might transfer to Weber State from another school by exploring the transfer guide on the Office of Admissions website.

NOTE: The Office of Admissions does not determine how courses will transfer; those decisions are made by academic departments. To see how your credits will transfer, first check the transfer guide to see if an equivalency has already been established. If an equivalent course does not exist, students may either submit the transfer request form on the transfer guide website or apply for admission providing official transcripts.

Admission Process

Before students may take classes at Weber State University, they must first be admitted. To apply for admission a student must submit a completed application for admission, a $30 non-refundable processing fee and official high school/college transcripts to the WSU Admissions Office located in the Student Service Center, Room 201. This may also be done by mail:
Students can complete an online application by going to www.weber.edu/apply. For more information visit the above Internet address or call 801-626-6050. Refer to the Academic Calendar for semester dates. Specific guidelines for international students are described below.

Acceptance letters are sent to students for the academic semester indicated on their application. A student must inform the Office of Admissions if they wish to begin school in a semester earlier than that listed on his/her acceptance letter. Important: All information submitted for admission will be kept on file for 6 months. If applicants do not enroll within 6 months, the information will be destroyed.

Freshman Students

Students will be considered freshmen if they meet any of the following criteria:

- Students who have never attended any college or university.
- Students who graduated from high school or have a GED.
- Students with fewer than 30 semester credit hours from another university or college.

Application Steps for Freshman Admission

1. Submit an application for admission.
2. Pay the $30 application fee (non-refundable processing fee).
3. Submit an official transcript from the high school of graduation. The transcript should be sent directly from the high school to the WSU Admissions Office or brought into the Admissions Office in an envelope sealed by the school.
4. Submit an official transcript for any college-level course work completed through another institution. The transcript should be sent directly from the institution to the WSU Admissions Office.

Transfer Students

Students who have attended another college or university after high school graduation, and have completed the equivalent of at least 30 semester credit hours, will be considered a transfer student. Students who have completed fewer than 30 semester hours will be considered freshman (see above). These students will also receive transfer credit based on the guidelines below.

Application Steps for Transfer Students

1. Submit an application for admission.
2. Pay the $30 application fee.
3. Submit an official transcript from EACH college or university previously attended. The transcript must be sent directly to the WSU Admissions Office.

Transfer Credit

Weber State University accepts transfer credit from regionally accredited colleges and universities. Associate of Arts (AA) and Associate of Science (AS) degrees earned at any higher education institution accredited by one of the following six regional accrediting associations (recognized by the U.S. Department of Education) will satisfy all general education core and breadth requirements provided the granting institution was regionally accredited at the time the degree was awarded.

- North Central Association Commission on Accreditation and School Improvement
- New England Association of Schools and Colleges
- Middle States Association of Schools and Colleges
- Southern Association of Schools and Colleges
• Western Association of Schools and Colleges
• Northwest Association of Schools and Colleges

Transfer credit for college courses that are remedial or developmental will not be transferred to WSU. Credit will be carried on the student's transcript by WSU but may not apply toward certain degree requirements. WSU Academic Departments will evaluate and determine whether the transfer credits will be acceptable toward their major or minors.

For students who are transferring from a non-regionally accredited institution, please refer to Credit by Examination or Petition in Academic Information.

Interstate Passport

The Interstate Passport enables successful transfer of a block of lower-level general education learning to other institutions participating in the Interstate Passport Network. Students who complete their Passport at Weber State University will not be required to repeat or take additional course work to meet lower-division general education requirements in the Passport's nine areas when they transfer to any other Passport institution. Weber State University will begin transcripting the Interstate Passport following the Spring 2017 semester. Students with an interest in achieving the Passport should see our website at weber.edu.passport and contact their Advisor.

International Students

International applicants with no prior college or university credit will be considered for admission by submitting evidence of the U.S. equivalent of a high school diploma. International applicants who have attended a U.S. college or university and have at least 30 semester hours and a 2.0 GPA will be considered a transfer student.

Application Steps for International Students

The following must be submitted at least 60 days prior to the start of the semester in which the applicant plans to enroll.

1. A completed international application for admission. (see weber.edu/issc)
2. A $65 USD non-refundable application fee (check or money order payable to Weber State University).
3. A copy of the identification page of the passport.
4. A Financial Guarantee consisting of the following documents.
   
   Bank Statement or a Bank Letter: Indicating the required funds are available for use. This document may NOT be faxed or printed from the internet; it must be printed on bank letterhead with a signature and stamp from a bank official. The bank statement or letter may be from any banking institution in the world. Please make sure that the amount being verified by the bank is listed in U.S. dollars ($).

   Financial Guarantee Form: Must be filled out by the sponsor, which is the person that provided the bank statement. The sponsor will need to fill out the form completely. If the bank statement is from the applicant's personal bank account, then a Financial Guarantee form is not required.

5. Official transcripts, certificates and diplomas from all high schools, colleges, and universities previously attended. To be considered official they must either be sent directly from the school to Weber State University or be in a sealed envelope. The transcripts must show course work taken and marks earned. Please send them in the original language as well as a certified English translation, if appropriate.

International Transfer Students: Need to provide all items listed above and also the items listed below.

6. Copy of current I-20 from a U.S. educational institution and a copy of their visa.
7. Transfer Authorization form, which will be provided by WSU once all other application requirements have been met. Please inform the school you previously attended that you wish to transfer to WSU and submit the Transfer Authorization form to them to be complete and faxed back to WSU.

NOTE: If you are transferring from a school outside of the U.S., you will be considered a freshman until your credential evaluation report is received and entered into your student record by the WSU Admissions office. If you wish to receive credit for college/university course work completed outside the U.S., you will need to send your transcripts to a credential evaluation company accepted by WSU. You may view a list of accepted credential evaluation companies at weber.edu/issc. Please request that the course by course evaluation be sent to the WSU International Student and Scholar Center.
International Graduate Applicants: If you wish to apply for a graduate program at WSU, you will need to apply for admission with the graduate program in addition to applying to the University as an international student. You will need to meet the graduate program's admission requirements and the International Student admission requirements before you will be issued an I-20.  

TOEFL or IELTS Requirements: A TOEFL or IELTS score is not required for admission to WSU. However if an official score report with the following minimum scores is provided, the student will not be required to take Learning English for Academic Purposes (LEAP) courses.

Minimum placement scores:
- TOEFL Internet Based Score: 61 or higher
- TOEFL Paper Based Score: 500 or higher
- IELTS Score: 6.0 or higher, with a minimum of 5.0 on each subscale

If a TOEFL or IELTS score is not provide or the score is below the required score, you will be required to take a placement test to determine your English proficiency level.

Additional Requirements

International students must attend fall and spring semesters and take at least 12 credit hours each semester. All international students are required to meet with an International Student advisor immediately after arriving on campus to receive individualized guidance. The International Student advisor gives assistance to students in meeting U.S. Immigration and Customs Enforcement requirements concerning visas, passports, permits, permission to work, and related matters. Students are also assisted in making academic, social, and environmental adjustments to campus and community life.

International students must carry medical insurance while studying in the U.S.

Graduate Program Information

WSU offers the following graduate programs. More information is available at weber.edu/graduateprograms.

- Master of Arts in English (MA), Literature Emphasis Telitha E. Lindquist College of Arts & Humanities
- Master of Professional Communication (MPC) Telitha E. Lindquist College of Arts & Humanities
- Master of Accounting (MAcc) John B. Goddard School of Business & Economics
- Master of Business Administration (MBA) John B. Goddard School of Business & Economics
- Master of Taxation (MTax) John B. Goddard School of Business & Economics
- Master of Education (MEd) Jerry and Vickie Moyes College of Education
- Master of Science in Athletic Training (MS) Jerry and Vickie Moyes College of Education
- Master of Health Administration (MHA) Dr. Ezekiel R. Dumke College of Health Professions
- Master of Science in Nursing (MSN) Dr. Ezekiel R. Dumke College of Health Professions
- Master of Science in Nursing-Nurse Practitioner (MSNP) (Replaced by DNP-FNP) Dr. Ezekiel R. Dumke College of Health Professions
- Master of Science in Radiologic Sciences (MSRS) Dr. Ezekiel R. Dumke College of Health Professions
- Master of Science in Respiratory Therapy (MSRT) Dr. Ezekiel R. Dumke College of Health Professions
- Master of Science in Criminal Justice (MCJ) College of Social & Behavioral Sciences
- Master of Science in Computer Engineering (MSCE) College of Engineering, Applied Science, & Technology
- Master of Science in Computer Science (MS) College of Engineering, Applied Science, & Technology
- Master of Science in Electrical Engineering (MSEE) College of Engineering, Applied Science & Technology
- Master of Social Work (MSW) College of Social & Behavioral Sciences
- Master of Physician Assistant Studies (MPAS) Dr. Ezekiel R. Dumke College of Health Professions
- Doctor of Nursing Practice (DNP) Dr. Ezekiel R. Dumke College of Health Professions

I. Application Procedures

To apply to a graduate program all individuals must contact the graduate program for specific admissions requirements. The following items must be provided to the specific graduate program office:

1. A completed online application accompanied by the nonrefundable application fee (as designated by the Graduate Council).
2. A bachelor's degree from a regionally accredited college or university is required for admission as a graduate student at Weber State University. An official transcript from each previously attended college and/or university (except WSU)
must be sent directly from each institution to the graduate program. Transcripts must be submitted for all coursework above the high-school level and all prior degrees. For international students, transcripts must be accompanied by a professional degree and transcript evaluation, which must be sent directly to the graduate program by a WSU-approved foreign credentials evaluation service. See International Student Admissions website for further details. Transcripts submitted as application credentials become the property of the Weber State University and will not be returned to the applicant.

3. Admissions tests may be required by the specific graduate program (GRE, GMAT, Miller's Analogies Test, etc.), as well as proof of English language competency for international applicants. Applicants should request that their test score reports be sent directly to the graduate program to which they are applying, or to WSU if a specific institutional code is not available for the graduate program.

II. Admission Requirements

Admission to a graduate program at Weber State University is based on the applicant's academic ability, past performance and evidence of a reasonable chance of success within that program. Selection for admission is made without regard to race, color, ethnic background, national origin, religion, creed, age, lack of American citizenship, disability, status of veteran of the Vietnam era, sexual orientation or preference or gender.

Admission is competitive and solely at the discretion of the graduate program to which the applicant has applied: meeting minimum admission requirements does not guarantee admission. Minimum requirements for admission to a Weber State University graduate program are as follows:

- A bachelor's degree from a regionally accredited college or university that will be completed before matriculation into the graduate program (see the U.S. Department of Education website for a list of recognized regional accreditation agencies). A satisfactory GPA on all undergraduate work. Contact the graduate program for specific GPA requirements.
- Appropriate admissions test scores if required. (Contact graduate program for specific admissions test requirements.)
- A completed application, along with the submission of all required supporting materials (contact graduate program office for specific requirements).

Note: Individual graduate programs may have additional requirements. Information concerning admission to and requirements for these programs is located in the sections of this catalog for the colleges indicated above.

Departmental Admissions

Certain programs of study require an additional acceptance process into the major beyond admission to the institution. Upon successful completion of required prerequisites, students may apply for formal acceptance into the program, which may include a competitive selection process. More detailed information is available in this catalog under the Acceptance Requirements listed for each program. Students should contact the academic department responsible for the program in which they are interested in more information about specific acceptance and/or prerequisite requirements.

Admission Requirements

Freshman Students

New freshmen students, and transfer students with fewer than 30 semester credit hours, will be admitted to the University on the basis of the following:

- Verification of high school graduation from an accredited high school or General Education Development test (GED) with scores established by the University. (See Applicants Without High School Diplomas.)
- Submission of official college or university transcripts if college credit has been earned.

Applicants Without High School Diplomas

Applicants who are not high school graduates must present evidence of high school equivalency to be considered for admission. High school equivalency may be satisfied in one of the following ways:
Passing the General Education Development test (GED) with an overall score of 2250 or above with no individual score below 450. Applicants who plan to submit GED scores in lieu of a high school diploma are not eligible to take the test until they are 16 years old.

Passing the American College Test (ACT) with a composite score of 21 or above (SAT score of 1030 or above).

Transfer Students

Transfer students will be admitted to the University on the basis of the following:

- More than 30 semester credit hours earned at an accredited institution with a cumulative college-level GPA of 2.00 or above.

Transfer students with a cumulative GPA below 2.00 will be referred to the Admissions Committee and may be considered for admission to WSU on warning or probation according to the current Academic Standards policy.

Admission Appeal Process

An information sheet highlighting grounds for appeals to admission decisions is available at the WSU Admissions Office.

Utah Residency

The Admissions Office classifies all applicants as either resident or non-resident based on information from the application for admission. Applicants whose credentials indicate out-of-state status are classified as non-residents. If there is doubt concerning resident status, an applicant is classified as a non-resident. Non-residents who have reason to believe they can qualify for resident status should file a residency application with the Admissions Office. Applications are accepted only until the end of the third week of the current semester. Any application received after the third week will be considered for the following semester only.

Residency applications are available online at weber.edu/utahresident. Each application will be considered in accordance with the provisions of Utah Code Annotated 53B-8-102 and Utah State Board of Regents Policy and Procedures R-512 and WSU PPM 6-01.

Math and English Placement

Upon admission to Weber State University, Math and English course placement is determined based on students' prior academic performance and test results. Fees may be charged for assessment tests and/or tutoring. Students may enroll in courses for which they meet the prerequisites. For specific information about placement, visit weber.edu/placement.

Special Admission Programs

Concurrent Enrollment

The Weber State University Concurrent Enrollment Program allows eligible high school juniors and seniors to fulfill both high school and university graduation requirements at the same time by attending WSU-approved high school classes taught by WSU approved teachers. These classes match the WSU course content and student performance criteria. These students, though not officially matriculated at WSU, still create a WSU official permanent transcript. WSU academic department representatives work closely with these teachers to provide professional development opportunities as well as to assure WSU standards are maintained. For updated information, visit weber.edu/concurrent.

Early College

Location: Student Service Center, Room 140 OR Davis Campus, Building D2, Suite 241
Telephone: 801-395-3480
Early College allows students to fulfill both high school and university graduation requirements at the same time by attending classes at the university while they are still in high school. University faculty teach classes, and the credits/grades from the Early College program become part of the student's permanent WSU transcript. Students are responsible for the university tuition and fees, although scholarships are available. Utah colleges and most out-of-state and private universities will accept Early College credits.

For more information, visit weber.edu/earlycollege.

**First Year Experience**

**Location:** Student Service Center, Room 140  
**Telephone:** 801-626-6752  
**Internet Address:** weber.edu/fye

The First Year Experience (FYE) Program is designed to help incoming students make a successful transition into the university community. The program assists students in making progress toward fulfilling the following educational and personal goals:

- Acquiring a sense of competence as a student and becoming successful in college.
- Mastering academic skills, such as note taking, textbook reading, test taking, writing, and time management.
- Demonstrating knowledge and use of campus resources.
- Demonstrating effective interpersonal skills with a variety of people.
- Developing a sense of belonging to the WSU community through the connections with other students, teachers, mentors and WSU employees.
- Enhancing his or her mental, physical, spiritual and social health.

*The FYE Program is further explained below.*

**Honors Program**

**Location:** Library, Room 324  
**Telephone:** 801-626-7591

The Honors Program is designed to offer students of superior ability and motivation opportunities to broaden and enrich their academic program and accelerate their preparation for graduate work.

*The Honors Program is further explained on Engaged Learning, Honors, and Interdisciplinary Programs.*

**Senior Citizen**

**Location:** Student Services Center, Room 201  
**Telephone:** 801-626-6743

Utah residents age 62 and over are permitted to enroll on a tuition-free, audit basis. Senior citizens will be required to complete an application for admission and register at the Registration Office on or after the first day of class. Where applicable, senior citizens will be charged a fee for use of consumable materials. A $10 per semester administrative fee will be charged and enrollment is limited to space availability.

**Scholarships**

**Director:** Jed W. Spencer  
**Location:** Student Service Center, Room 120  
**Telephone:** 801-626-7569  
**Internet Address:** weber.edu/scholarships

WSU awards scholarships for academic excellence or specific activities as described below. Unless otherwise specified, all scholarships are for one year and are not renewable. New freshmen students are automatically considered for academic scholarships upon being admitted to the University. Students should complete the Specialized Scholarship Application to apply for non-academic scholarships by December 1st. It is important to apply early; the online application becomes available on September 1st each year.

*An award may be canceled if the Award Offer is not accepted within the specified time period.*

The priority deadline for scholarships is:

- Continuing Students: December 1st
New Freshman  December 1st
Transfer Students  March 1st

*Students may only have up to full tuition in academic and activity waiver combined.*

**Academic Awarding Categories**

**New Freshmen**

Scholarships include the Presidential Aletheia Scholarship (8 consecutive semesters of tuition waiver and general fees); Trustees, Deans, Merit, Opportunity, and Concurrent Enrollment Edge. These scholarships are a four year award (8 semesters, or until graduation with a Bachelor's degree) and may consist of up to full tuition, and are generally based upon an index score (determined by the high school cumulative grade point average and the composite ACT/SAT score - see the Scholarship Index Score Chart). Sterling Scholar winners is a one year award.

**Transfer Students**

The Academic Distinction Scholarship is awarded based upon cumulative GPA and completion of 30 hours of college credit.

**Continuing Students**

Scholarships are based upon WSU cumulative GPA. A minimum of 12 semester credit hours at Weber State University is required for this category. Scholarships include High Honors, Honors, and Achievement.

**Wildcat Activity Award Categories**

**General Requirements**

- Must be registered full time (12 credit hours).

Activity scholarships are one-year awards waiving up to full tuition, and are based on the student's abilities or outstanding achievements. Activity scholarships (with the exception of leadership scholarships) may be renewed when the student meets the selection criteria established by the awarding department.

**Scholarships for Specific Activities**

With the exception of leadership, students are required to contact the activity area to get information about specific requirements and auditions. Scholarships are available in the following areas:

- **Performing Arts** - Band, Orchestra, Dance, Theatre Arts, Piano, Vocal. Advise contact prior to January 9, audition only, call 801-626-6437 for more information
- **Debate** - Contact WSU Communication Department, 801-626-8924
- **Cheerleaders** - Contact WSU Athletics, 801-626-6500
- **Rodeo** - Contact Club Sports, 801-626-6476
- **Signpost** - Student newspaper. Contact Signpost, 801-626-7974
- **KWCR Radio** - Contact KWCR, 801-626-6299
- **Visual Arts** - Contact WSU Visual Arts Department, 801-626-6455
- **Club Sports** - Contact Club Sports, 801-626-6476

**Emerging Leaders Scholarships**
These scholarships are available only to graduating high school seniors and transfer students. Students are not required to be student body officers to be considered. In addition to the scholarship application, students applying for a leadership scholarship must meet the following requirements:

1. Have a cumulative GPA of 3.0 or higher on a 4.0 scale.
2. ACT score: 18 or greater, or a SAT of 950 or greater.
3. Exhibit involvement in academic and community activities, with particular experience in leadership roles within the state of Utah. (Only Utah residents are eligible.)
4. Be accepted to Weber State University and will be attending in the next fall and spring semesters.
5. Successfully participate in the Emerging Leaders program as established by the Department of Student Involvement & Leadership.

Students must apply for admissions/scholarships by the 2nd Monday in January. Portfolios are due February 1 - Send to: Sheldon Cheshire, Student Involvement & Leadership Programs, 2102 University Circle, Ogden, UT 84408-2102.

Donor Sponsored Departmental and Special Consideration Scholarships (Privately Funded)

Privately funded scholarships are awarded according to the donor's specifications, which can be major-specific (often referred to as departmental scholarships), need based or special conditions. To apply for private donor scholarships, complete the Specialized and Scholarship Application by the priority date of December 1.

General Requirements

- Maintain the minimum GPA specified by the scholarship (varies between 2.0 and 3.7).
- Register for the minimum number of credit hours specified by the scholarship (most scholarships require 12 credit hours).

Scholarships for Out-of-State Students

Out of state students are eligible for tuition incentive programs or academic waivers. Tuition incentive programs include: Alumni Legacy, the Western Undergraduate Exchange Program, and the 100 mile radius scholarship. Academic Waivers include Mt. Ogden, Golden Spike, and Waterfall Canyon for new freshman and Ben Lomond, Skyline Trail, Antelope Island and Malan's Peak for transfer students. Nonresident waivers cannot be combined with tuition incentive programs. Current information for each program can be found on WSU website at weber.edu/Scholarships.

Nonresident Academic Scholarships

Academic nonresident scholarships for new freshmen students are determined based on index score (high school GPA and ACT/SAT test scores). Academic nonresident scholarships for transfer students will be determined by cumulative transfer GPA.

Alumni Legacy

The Alumni Legacy Program allows children or grandchildren of non-resident Weber State alumni to pay in-state tuition. This scholarship pays the out-of-state portion of tuition and fees for students who live in on-campus housing.

100-Mile Tuition Reduction

Non-resident students living within 100 highway miles of WSU are eligible to apply for this tuition reduction. It will pay one-half of the difference between resident and nonresident tuition charges.
Western Undergraduate Exchange Program (WUE)

For undergraduate students from Alaska, Arizona, California, Colorado, the Commonwealth of the Northern Mariana Islands, Guam, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Washington and Wyoming. This program offers a reduced tuition level to 150% of Weber's resident tuition.

International Students

New freshman International students who have not attended another Utah System of Higher Education may apply for a 4 year award (8 semesters, or until graduation with a bachelor's degree) and is dependent on a GPA or grade profile that is unique to each country - Transfer students with 30 or more college credits may apply for a 3 year award (6 semesters, or until graduation with a bachelor's degree) and will be determined by transfer GPA. International scholarships include Louis F Moench, H. Aldous Dixon, Aaron W. Tracy and William P. Miller.

Scholarship Deferment

Scholarship deferment requests must be submitted at weber.edu/returntoweber.

Nonresident index chart for incoming freshmen

Financial Aid

Director: Jed W. Spencer
Location: Student Services Center, Room 120
Telephone: 801-626-7569
Internet Address: weber.edu/financialaid

The Financial Aid Program was established to assist students in achieving their educational goals. The following sources of financial aid are available for eligible students:

- Grants - Funds that are considered gifts and do not have to be repaid if Satisfactory Academic Progress (SAP) is maintained.
- Student Loans - Funds that are loaned to students and must be repaid with interest.
- Work-Study - Employment opportunities that allow students to earn funds to help pay for school.

Each form of financial aid has different regulations. The following is only a brief summary of the financial aid process. Students desiring financial aid should contact the Financial Aid & Scholarship Office as early as possible for guidance and assistance. The priority deadline for financial aid is April 1.

General Eligibility Requirements

- Meet the admission requirements of WSU as described in the Admissions section of this catalog. Conditional admission does not qualify for federal aid.
- Be enrolled or accepted for enrollment in a program that leads to a degree or certificate at WSU.
- Be a U.S. citizen, permanent resident, or other eligible non-citizen.
- Be registered with the Selective Service, if required.
- Be in good standing (not in default) on any student loan, federal loan or grant.
- Maintain Satisfactory Academic Progress.
- Have a correct Social Security Number.
Types of Financial Aid Available at WSU

Grants/Gifts

Grants are gifts that do not have to be repaid if Satisfactory Academic Progress is maintained. All grants require a minimum overall GPA of 2.00 by the end of a student's fourth semester. All grants require that the student demonstrate a financial need, as determined by the FAFSA. The types of grants available are:

Federal Pell Grant - Available to undergraduate students. For the 2020-2021 aid year, awards may range up to $3,173 per semester.

Federal SEOG (Supplemental Educational Opportunity Grant) - Awarded to help undergraduates pay for their education after high school. Awards may range up to $400 per semester.

Student Loans

Loans are aid that must be repaid with interest. The types of loan programs available are:

- Federal Direct Loan
  - Subsidized Stafford
  - Unsubsidized Stafford
  - Federal Parent Loan for Undergraduate Students (PLUS)
  - Federal Graduate Plus Loan for Students in Graduate Programs
  - Talent Development Incentive Loan Program

Employment - FWSP (Federal Work-Study Program)

This program provides jobs for undergraduate and graduate students who meet the basic eligibility requirements for financial aid and demonstrate financial need. Jobs are available both on-campus and off-campus. To see a listing of all jobs available visit jobs.weber.edu, select "Search Jobs" in the left menu, then Position Type "Hourly." Work study jobs will be defined in the job description as federal work study or FWS.

Application Process

Students should first determine if they are eligible for financial aid. Refer to General Eligibility Requirements above. The priority application deadline is April 1; this does not guarantee receipt of any specific type(s) of grants. Applications received after the deadline will be processed as quickly as possible with no guarantee that the award will be ready to meet fall semester tuition and fees payment deadlines.

Application Steps

The WSU FINANCIAL AID CODE IS 003680. This code will be needed to complete your FAFSA application online at https://studentaid.gov/h/apply-for-aid/ffas. All other applications and forms are available online at www.weber.edu.

1. Complete the Free Application for Federal Student Aid (FAFSA) or the Renewal Application (for continuing students) at https://studentaid.gov/h/apply-for-aid/ffas.
2. Submit additional, required documents through Financial Aid Verify, located in the eWeber student portal.

The Review Process

Students are advised to apply online at https://studentaid.gov/h/apply-for-aid/ffas. Applications will go through a Federal "needs analysis." The ability of a student and the student's family to contribute, as well as other resources, will determine the need for financial assistance. Students will receive a Student Aid Report (SAR) which will provide information on the expected family contribution and financial need.
Once a student's FAFSA is sent to Weber State University, it will be reviewed in the order it was received. As part of the review, our office may require additional information which may include, but is not limited to, official academic transcripts, tax return transcripts, marriage documentation, citizenship documentation, and/or emancipation documentation. Students will be notified through their Wildcat Mail of additional requirements. If a student feels that their FAFSA does not accurately reflect their situation, they should contact a Financial Aid Advisor. When a student's file is complete, an award notice will be emailed to the student, directing them to their student portal. Students can view/accept their award(s) through the eWeber student portal, under Award Information. An award may be canceled if the Award Offer is not accepted within the specified time period.

Satisfactory Academic Progress

In order to receive financial aid, students must meet qualitative and quantitative academic standards.

Qualitative (Academic Standing)

In addition to the University's standards, all students who receive financial aid must maintain at least a "C" average overall GPA (2.00) by the end of their fourth semester. This includes transfer work. Students not meeting this requirement will be disqualified from financial aid until they bring their overall GPA to the minimum requirement.

Quantitative (Completion Rate & Maximum Time Frame)

Students who receive financial aid must satisfactorily complete (receive grades other than I, T, W, UW, NC, E, or AU) at least 67% of their attempted credits, on a semester-by-semester and overall basis. Students who receive financial aid must also complete their program of study within 150% of their program length. For example, a student in a bachelor's program that requires 126 credits will need to complete their program within 189 attempted credit hours. A student in an associate's degree that requires 62 credits will need to complete their program within 94 attempted credits. A student in a certificate program that requires 30 credits will need to complete their program within 45 attempted credits. Any exceptions to these requirements must be approved by the Financial Aid & Scholarship Petition Committee (see Petitions and Reinstatement of Aid).

Eligibility Status

Students who receive financial aid and complete less than the minimum number of credit hours required by their award level will be put on financial aid denial or warning. Please be aware that any time a student drops a class, there will be financial aid consequences. Credit hours transferred from other colleges/universities will be included in the total hour eligibility for Satisfactory Academic Progress whether or not financial aid was received at the other institution(s). If students change their program of study, credit hours completed for the previous major or majors will still be included in the total number of hours for financial aid eligibility even though the credit hours may or may not satisfy program requirements for the new major. If a student cannot complete their program within the maximum time frame for their program (150% of credits needed for graduation), their financial aid will be denied.

Petitions & Reinstatement of Aid

Students who are denied financial aid, but who experienced extenuating circumstances, may petition to have their denial removed. Petitions include 1) a letter from the student 2) documentation of their circumstance and 3) a graduation plan. All petitions are reviewed by the Financial Aid & Scholarship Petition Committee. For students who do not have extenuating circumstances, or whose petition is denied, can regain financial aid eligibility by paying for their courses with other funding until they meet the completion rate and GPA Satisfactory Academic Progress requirements. Programs must be completed within the maximum time frame.

Withdrawals and Return of Title IV Funds
Withdrawals will negatively affect your satisfactory academic progress calculation. If you completely withdraw from school, you may be required to return a portion, if not all, of the financial aid awarded for the semester. If you are dropping some, but not all of your classes, make sure you know how this could affect your Pell Grant.

Return to Title IV Policy (R2T4)

Federal regulations require your eligibility for aid to be recalculated whenever you withdraw from the university, either officially or unofficially. The recalculation determines the amount of aid you have "earned" by prorating according to the percent of the term completed before withdrawing.

After the 60% point in the semester or period of enrollment, you are considered to have earned 100% of the Title IV funds you were scheduled to receive during that period. The Financial Aid and Scholarship Office will use the withdraw date recorded in the Registrar's Office as your official withdrawal date from the university. In the case of unofficial withdraws (i.e. dropped courses, UW grades, and/or retroactive withdrawals), your last date of attendance is reported by the instructor. When such a date can't be determined, the midpoint of the semester is used as your last date of attendance.

A repayment of aid is required when the actual amount of aid disbursed is greater than the amount earned, as determined by the recalculation. The university will return funds to the Title IV Program on your behalf when you owe an overpayment, and the university will consider the returned funds as your debt to the institution.

If the overpayment is not repaid by the end of the semester:
- A hold is placed on future registration.
- Your account is referred to the Loan Servicing Department for collection.
- You will be put on financial aid denial and will not be eligible to receive any future federal financial aid funding until the overpayment is paid is full and satisfactory progress requirements have been met.

A post-withdrawal disbursement will be made if you had eligibility for the Title IV funds (essentially earning more aid than was disbursed.) If you are entitled to a post-withdrawal disbursement:
- You will be sent an email informing you that you are entitled to additional funding.
- You must respond within 14 days of the receipt of the notification confirming the receipt of loan funds.
- You will be informed what type of funds you are eligible to receive and reminded that if the funds are loans, you are responsible for the repayment.
- If you still have outstanding institutional balances, the funds will be applied to the balance first.

A school must return Title IV funds to the programs from which you received aid during the semester as soon as possible, but no later than 45 days after the date it determines you withdrew. Funds are returned in the following order, as applicable.

1. Unsubsidized Federal Stafford loans
2. Subsidized Federal Stafford loans
3. Federal PLUS loans
4. Federal Pell Grants
5. Federal Supplemental Educational Opportunity Grants (FSEOG)

Sample Calculations

Example 1: Withdrawal Date: February 23, 2016
You initially received $1,979 in Direct Unsubsidized Loan and $1,155 in Direct Subsidized Loan. You attended 44% of the term, so the repayment amount, which must be repaid immediately, is calculated to be $1,121. Your revised award is $858 in Direct Unsubsidized Loan and $1,155 in Direct Subsidized Loan.

Example 2: Withdrawal Date: March 22, 2016
You initially received $1,484 in Direct Unsubsidized Loan, $2226 in Direct Subsidized Loan, and $1,381 in Pell Grant. You attended 62% of the term, so no repayment is required. You are allowed to keep all the aid initially awarded.

Student Expense Budget (Cost of Attendance)

The cost of attending Weber State University includes direct educational costs such as tuition, fees, books and supplies, as well as living costs such as room and board. Below is a table that gives an approximate budget for students attending the 2018-2019 fall and spring semesters. Students should use this only as an estimate when planning their education expenses.
Sample Budget: 2020-2021 Undergraduate - 2 semesters at Full Time Attendance

<table>
<thead>
<tr>
<th></th>
<th>In-state (Utah residents)*</th>
<th>Out-of state (non-resident)*</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuition and Fees (2 semesters)</td>
<td>$6,106</td>
<td>$16,288</td>
</tr>
<tr>
<td>Misc. Expenses</td>
<td>$3,000</td>
<td>$3,000</td>
</tr>
<tr>
<td>Books (estimated)</td>
<td>$1,400</td>
<td>$1,400</td>
</tr>
<tr>
<td>Room &amp; Board ** (on-campus housing)</td>
<td>$7,380</td>
<td>$7,380</td>
</tr>
</tbody>
</table>

*Based on attending full time for 2 semesters. Please note that these amounts are from last year. Graduate tuition and fees vary by program. Current tuition and fee amounts by credit hour load are published on the web at weber.edu/bursar/TuitionFee_Tables.html.

**Room and board can vary greatly depending on whether or not students live in the dorms and what meal plan they select.

Student Success Center

**Director:** Leslie Park  
**Location:** Student Services Center, Room 140  
**Telephone:** 801-626-6752  
**Internet Address:** weber.edu/ssc  
**Email:** studentsuccess@weber.edu

Weber State University’s Student Success Center provides student-centered programs focused on retention and persistence to graduation. The Center's dedicated staff provides academic advisement to students pursuing an Associate of Arts or Science in General Studies, and oversees programs on multiple WSU campuses supporting academic skills training, early college access, and academic interventions. Student Success Center programs support students throughout their academic journey from orientation to graduation as part of the University's mission to offer excellent educational experiences to all students. The Student Success Center is also responsible for the administration of the Early College Program, Concurrent Enrollment Advisement, the First Year Experience Program (FYE), New Student Orientation, Starfish Early Alert, the Bounce Back Program, and the Academic Advising Referral Service.

**Office hours at Ogden Campus** (Student Services Center, Room 140)

**Telephone:** 801-626-6752  
**Internet Address:** weber.edu/orientation

All students new to WSU are required to complete New Student Orientation (NSO). Students must complete NSO through their eWeber Portal and will become familiar with:

- Student services, student involvement and activities, and Weber State's campuses
- eWeber account and how to register for classes
- Procedures for obtaining parking permits, Wildcards, and purchasing textbooks
- Policies and procedures
The Weber Welcome is an optional event that students are highly encouraged to attend. This experience will help connect students with student leaders, faculty and staff, and resources, easing the transition into the WSU community. Students are invited to attend this event as they complete the NSO requirement.

First Year Experience Program

Location: Student Services Center, Room 140
Telephone: 801-626-6752
Email: fye@weber.edu
Internet Address: weber.edu/fye

The First Year Experience (FYE) Program is designed to help incoming students make a successful transition into the university community. The program assists students in making progress toward fulfilling the following educational and personal goals:

- Acquiring a sense of competence as a student and becoming successful in college.
- Mastering academic skills, such as note taking, textbook reading, test taking, writing, and time management.
- Demonstrating knowledge and use of campus resources.
- Demonstrating effective interpersonal skills with a variety of people.
- Developing a sense of belonging to the WSU community through the connections with other students, teachers, mentors and WSU employees.
- Enhancing his or her mental, physical, spiritual and social health.

Program Components

To aid students in achieving these goals, the FYE Program includes the following components:

- UNIV 1105 - Foundations of College Success (3)
  This course assists incoming students in making a successful transition to college. Topics include the purpose of higher education, goal setting, time management, study and test taking skills, critical thinking, stress management, academic advisement, career and major exploration, using campus resources, and understanding student responsibilities.

- UNIV 3170 - First Year Experience Mentor Leadership Seminar (2)
  In this seminar course, FYE Peer Mentors are taught to effectively help Foundations of College Success (UNIV 1105) students in making a successful transition to college. FYE Mentor requirements are available at weber.edu/fye. Course enrollment limited to FYE Peer Mentors. May be repeated once for 2 more credits and additionally for zero credits.

Program Requirements

Any WSU student with 30 hours or fewer is welcome to participate in the program by taking UNIV 1105.

Program of Study (Major/Minor) Declaration

Contact: Department Office for Major and Minor
All degree-seeking students must select a program of study. When students declare their program of study, they indicate their degree, major, (and minor if applicable), and catalog year. To declare or change a program of study, students should contact the department office of their chosen major and minor. To declare an associate's degree in general studies, students should contact the Student Success Center.

Registration

Deputy Registrar: Ms. Cori Horne
Registration Office: Ms. Corinne Bigler
The University offers classes during fall, spring, and summer semesters. Students must register each semester to attend classes. Class schedule information for specific semesters is available on the WSU home page (weber.edu). The web-based class schedule provides information about the dates and times classes are offered for the selected semester. See the Academic Calendar of this catalog for registration dates and beginning and ending dates for each semester.

Registration Process - New Students

To register for classes, new students should:

1. Complete the admissions process - new students who have applied for admission (available on-line at weber.edu/admissions), but have not received an acceptance notice by mail, should contact the Admissions Office at 801-626-6050.
2. Obtain a registration appointment by accessing the Internet* see the Academic Calendar in this catalog to determine when registration begins each semester; the system will be available to provide appointments one week prior to that date. Log in to the eWeber portal and access the "Registration Time - Check Status" app to see your appointment.
3. Plan a course schedule - some alternate classes should be selected in case first selections are closed.
4. At the correct appointment time access the Internet*. Log in to the eWeber portal and access either "Register for Classes Add/Drop" or "Registration Schedule Builder" to register for classes.
5. Pay tuition and fees - log in to the eWeber student portal* to pay tuition and fees online. Electronic statements and up-to-date balances are available in the student account at any time.

* To log in, go to weber.edu and enter your Wildcat Username and password. A Wildcat ID and password are required before registering online in your eWeber student portal. You can sign up for a Wildcat ID online at weber.edu/eservices. For assistance contact Computing Support at 801-626-7777.

Registration Process - Continuing Students

To register for classes, continuing students should:

1. Obtain a registration appointment by accessing the Internet* - see the Academic Calendar to determine when registration begins each semester; the system will be available to provide appointments one week prior to that date. Log in to the eWeber portal and access the "Registration Time - Check Status" app to see your appointment.
2. Plan a course schedule - some alternate courses should be selected in case first selections are closed.
3. At the correct appointment time access the Internet*. Log in to the eWeber portal and access either "Register for Classes Add/Drop" or "Registration Schedule Builder" to register for classes.
4. Pay tuition and fees - log in to the eWeber student portal* to pay tuition and fees online. Electronic statements and up-to-date balances are available in the student account at any time.

* To log in, go to weber.edu, and enter your Wildcat Username and password. A Wildcat ID and password are required before registering online in your eWeber student portal. You can sign up for a Wildcat ID online at weber.edu/eservices. For assistance contact Computing Support at 801-626-7777.

Registration Appointments

- Registration appointments are issued to new and continuing students one week before registration begins each semester. During this week students may obtain a registration appointment by accessing the Internet at weber.edu and entering their Wildcat Username and password. Go to the eWeber portal and access the "Registration Time - Check Status" app.
- Registration appointments are calculated based on a student's total earned hours (hours earned with a passing letter grade and hours earned through credit by examination).

First Registration Phase - (Registration by Appointment)

- During this registration phase, students may register starting on their appointed day.
• On their assigned day and appointed time, students should access the registration system on the Internet at weber.edu and enter their Wildcat Username and password.
• Tuition and fees may be paid by cash, check, VISA, DiscoverCard, or MasterCard. Log in to the eWeber student portal to pay tuition and fees online. Electronic statements and up-to-date balances are available in the student account at any time. A paper billing statement will be mailed at the student's request by sending an email to cashiers@weber.edu.
• Refer to Bursar's Office to obtain information about payment deadlines and tuition and fee amounts. It is the student's responsibility to understand the registration, payment, withdrawal, and refund schedule and to make sure account balances are paid in-full and on-time to avoid late fees or other charges.

Second Registration Phase - (Open Registration)

Once appointment registration is complete, "open registration" continues and all students are allowed access to register and/or make changes to their class schedules on a first-come-first-served basis.

• During the second phase of registration, all students may register or make changes by accessing the registration system on the Internet at weber.edu and entering their Wildcat Username and password.
• Tuition and fees may be paid by cash, check, VISA, DiscoverCard, or MasterCard. Log in to the eWeber student portal to pay tuition and fees online. Electronic statements and up-to-date balances are available in the student account at any time. A paper billing statement will be mailed at the student's request by sending an email to cashiers@weber.edu.
• Refer to the Bursar's Office to obtain information about payment deadlines and tuition and fee amounts. It is the student's responsibility to understand the registration, payment, withdrawal, and refund schedule and to make sure account balances are paid in-full and on-time to avoid late fees or other charges.

Changes in Registration

• Students may add classes online through the 5th business day of the semester or block. Instructor approval will be required to add a class beginning on the 6th business day of the semester or block. Students should contact their instructor to get this approval and will be able to add the course online.
• Students may drop classes online by emailing registration@weber.edu by the deadline dates (see the Academic Calendar online). There are different deadlines for refunds and grading when withdrawing from classes.
• If students need instructor or department permission to make a change in their registration, any required forms can be found on our website, or permission can be emailed to our office. For more information, please visit weber.edu/registration.
• Students are strongly encouraged to plan their class schedules in consultation with an advisor to avoid unnecessary changes and ensure efficient progress toward completion of degree requirements.
• Students receiving financial aid should be careful not to reduce their credit hour load below the minimum number of hours required by their award level.

Closed Classes

• Only academic departments and instructors have the authority to admit students to closed classes.
• Students may contact the individual department and/or the instructor for specific procedures regarding admission to closed classes.

Credit/No Credit (CR/NC) Registration

The basic objective of credit/no credit grading is to allow students the opportunity to enroll in classes outside their major or minor on a pass (CR)/ fail (NC) basis without affecting their GPA. The following rules apply:

• Freshmen students may take no more than one class per term on a credit/no credit basis.
• Students with 30 or more credit hours who have a cumulative GPA of 2.0 or above may register for no more than two classes per term on credit/no credit basis.
• A maximum of 20 hours of credit/no credit in elective courses may be used for graduation.
• Classes taken on a credit/no credit basis will not satisfy major, minor, general education, or specific course requirements. The University Curriculum and General Education Committee have designated a few exceptions to this rule. Please see the academic department for information on these course exceptions.

• Grades on the credit/no credit system are not included in computing the term or cumulative grade point average. A grade of credit is recorded only for letter grades of C- and above. Grades less than C-, including UW, will be recorded as no credit.

• Students who change their Program of Study must submit the appropriate form to the Records Office and request the grade be changed to the letter grade issued by the instructor if a credit/no credit course applies to the new Program of Study.

• If a student has previously taken a course for a letter grade, the same course may not be retaken for credit/no-credit.

• Choice of credit/no credit registration should be made at the beginning of the term, but a student may change classes to credit/no credit status until the CR/NC deadline. This date can be found in the University's Academic Calendar.

• The instructor is not notified when a student takes a class for a credit/no credit grade. The instructor will assign a letter grade on the Final Grade Report and then the Records Office will convert the letter grades to credit or no credit.

• For more information, please visit weber.edu/registration.

Audit Course Registration

The basic objective of taking a class as audit is to allow students the opportunity to attend a class without earning either a grade or credit for the class.

• Students registering to audit a class will pay tuition and fees per the current tuition and fee schedule.

• Students in regulated programs, i.e. Financial Aid and Athletics, are subject to the respective program guidelines for audit registration.

• Some courses may not be open to audit students because of classroom space limitations. Students must receive instructor permission to audit a class.

• Choice of audit registration should be made at the beginning of the term, but a student may change classes to audit status until the audit deadline. This date can be found in the University's Academic Calendar.

• Students auditing classes are expected to attend on a regular basis. Students may officially withdraw from the audited class according to the deadline. Audit students failing to attend class may be issued a "W" grade at the discretion of the instructor.

• Senior Citizens (Utah residents ages 62 and over) may audit a course as a Lifetime Learner for a $10.00 fee per semester, on a space available basis, by applying at the Admissions Office. Lifetime Learner's selecting this option for courses do not have the option to receive a letter grade nor credit on their transcript for these courses.

• For more information, please visit weber.edu/registration.

Registration Credit Hour Loads

• It is recommended that undergraduate students planning to graduate with a bachelor's degree in four years register for at least 15 credit hours per semester.

• Undergraduate students are classified as full-time if they register for 12 or more credit hours, as three-quarter time with 9 credit hours, and as half-time with 6 credit hours.

• Graduate students are classified as full-time if they register for 9 or more credit hours, and as half-time if they register for 5 or more credit hours.

Overload Registration

• Students may register for a maximum of 20 credit hours without special permission.

• Students with a cumulative GPA of 3.50 or better may petition for a maximum of 24 credit hours, and students with a cumulative GPA of 3.75 or better may petition for additional credit hours. Petition forms are available at weber.edu/registration.

• For more information, please visit weber.edu/registration.
Withdrawal

- Students can withdraw from individual classes online according to the deadlines on the Academic Calendar.
- Students who want to completely withdraw from the semester or block may do so online according to the deadlines on the Academic Calendar. Students who need help may send an email request to registration@weber.edu from their Weber email account ending in @mail.weber.edu, or send a signed written request via fax (801-626-6679) or mail (3885 West Campus Drive Dept. 1102, Ogden, UT 84408). Requests should always include the student name, W#, and a clear statement explaining the request.

Go to the Cashier's Office page online (www.weber.edu/bursar/RefundDates) and check the Refund Policy and Deadlines before making a decision to drop classes. You will be accountable to the refund schedule for any tuition and fee costs associated with the time you spent registered for your classes.

- From the 16th to 50th business day of a semester, or 16th to 30th business day of a block, students may withdraw from classes online or by emailing registration@weber.edu from their Weber email account ending in @mail.weber.edu. Courses dropped during this period will appear on the transcript with a "W" notation.

State Authorization

Weber State University is registered as a Private Institution with the Minnesota Office of Higher Education pursuant to sections 136A.61 to 136A.71. Registration is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions.

Internet Address: weber.edu/bursar
Email: cashiers@weber.edu

Tuition and Fees

Weber State University reserves the right to assess tuition and fees as approved by the Board of Regents. Current policies, procedures, tuition and fee tables, payment deadlines, refund schedules and other important information are available at weber.edu/bursar (click on the link for Tuition and Fee Tables).

- Tuition is established by the Utah State Board of Regents and is subject to change without notice.
- Full-time students (12-18 credit hours) are assessed full tuition.
- Part-time students (less than 12 credit hours) are assessed tuition on a per credit hour basis.
- Students that enroll in more than 18 hours will be assessed tuition on a per credit hour basis for the additional hours.

Please also see Surcharge.

Tuition and Fee Schedule

Tuition and fees are established each year in late spring. Current tuition and fees will be posted on the Internet at weber.edu/bursar/TuitionFee_Tables.html.

HB248 Tuition Disclosure 2012-2013

Full-time undergraduate resident students at Weber State University paying a semester of tuition and fees amount of $2,384 contribute an estimated 59% of the full cost of instruction of $4,041. The remaining support of $1,657 is provided by state tax funds.

Tuition and Fee Assessment

Weber State University does not drop courses for non-payment or non-attendance. Students are responsible for dropping courses they do not plan to attend. Tuition and fees will not be waived for nonattendance. Once registered, each student is obligated to pay for their courses unless the student has dropped courses or the student completes a total withdraw from school during the 100% refund period. If a student drops or completely withdraws from school after the 100% refund period, the student is obligated to pay tuition and fees according to the current semester refund schedule. Also, a student must pay for or drop courses by the payment deadline to avoid late fees and interest. (See Withdrawal for further information.)

Tuition and Fees for Online and Independent Study Courses

Refer to wsuonline.weber.edu/students/costs.asp for tuition and fee information for WSU Online and Independent Study courses, or call 1-800-848-7770 and choose "Online & Independent Study Student Services" from the phone menu.

Course (Lab) Fees
Some courses require additional fees for materials and/or resources.

Rentals and Deposits

Rentals and/or deposits are required on certain items and are paid to the Cashier. Any applicable refunds must be obtained from the Cashier prior to June 30.

Surcharge

In 2003 the Utah State Board of Regents passed a policy designed to encourage students to make reasonable progress toward completion of degree requirements. The policy states that students who exceed 135% of the credits required for completion of their baccalaureate degree will be charged the full cost of instruction. For example, a student whose program of study requires 126 semester credit hours will be allowed a maximum of 170 semester hours in which to complete degree requirements (126 credits x 1.35 = 170 credit hours). Any work beyond the allowed 135% will be charged at the full cost of instruction. Credit hours that do not count toward the 170 hours are concurrent enrollment, advanced placement, and credit by examination.

Individuals are also exempt from the surcharge if:

- the credits are necessary for the student to complete the student's program of study; and the excess credits are a result of circumstances where a substantial number of credits from a transferring institution could not be applied to the program of study;
- the excess credits are a result of a reasonable enhancement of the student's major by the addition of a minor or emphasis to the program of study; or
- the excess credits are the result of a re-entry into the educational system by a student who may have accumulated a large number of credits, or even completed degrees, but where employment requirements obligate his or her return to college.

More information is available by contacting the Cashier’s Office at 801-626-8006 (SC 209).

Agreement to Pay Tuition Charges

When a student registers for courses at Weber State University the student agrees to the terms of the "Agreement to Pay Tuition Charges." The agreement states:

In consideration of the University's allowing me to register for courses, thus incurring the attendant costs to the University, both direct and indirect, I promise to pay Weber State University (WSU), Ogden, Utah, tuition and fees (principal) assessed to me for courses for which I have registered by the published payment due date for each semester. Also, I agree to pay for any additional fees and interest charges that are assessed to my account each semester. I hereby agree to pay a late payment fee of $40 if my account balance is not paid by the published payment due date, together with interest at the rate of 12% per annum on the unpaid balance. In the event I default on this agreement and it becomes necessary to place this account for collection, I also agree to pay collection fees, not to exceed 50.00% of the original principal balance, plus any court and/or attorney fees resulting from the enforcement of this agreement. Any collection costs stated above are in addition to the principal, fees and interest due on my account. In the event of default of any of the terms of this agreement, I hereby give to the WSU Controller, or his/her designee, Power of Attorney to apply all monies due me from WSU to any delinquent portion of this note until the principal, fees, interest and costs are paid in full. I agree that WSU may repay my account balance from any TITLE IV funds due me. I understand that the principal amount is calculated based on my class-load each semester at WSU. All outstanding tuition account balances are considered qualified educational loans under I.R.C § 221 and are extended with the express understanding that future repayment shall be made to the university. I further understand that my acceptance of these terms represents my acknowledgement and acceptance of my tuition account balance qualifying as a qualified education loan under I.R.C. § 221, and as such, is exempt from discharge under federal bankruptcy code 11 U.S.C. § 523(a)(8).

Billing Statement

Tuition and fees statements are available on the eWeber student portal. Electronic statements and up-to-date balances are available in the student account at any time. Students are responsible for viewing up-to-date balance or e-statements in the student account. It is the student's responsibility to make sure account balances are paid in-full and on-time. A paper billing statement will only be mailed at the student's request by sending an email to cashiers@weber.edu.

Payment Schedule
Payment deadlines are listed on the Internet at weber.edu/bursar.
Tuition and fees may be paid by cash, check VISA, DiscoverCard, MasterCard or American Express.
Monthly payment plans are available to help students who are not able to pay in full when tuition is due. (See Monthly Payment Plan Option below.)

Late Payment Fee

A late payment fee will be assessed to all students who have not paid their tuition and fees in-full or have not signed up for a monthly payment plan (see weber.edu/bursar/Late_fees.html for the amount and schedule for assessment of the fee.) If a student has an outstanding balance after their financial aid or scholarships have been applied, the student is responsible to pay this amount by the payment deadline to avoid the late payment fee and interest charges. The late payment fee and interest are nonrefundable and will not be waived.
If a student changes his/her schedule by adding classes, the student has until Friday at 4:00 p.m. of that week to pay the balance or the late payment fee will be assessed to the student account. Students should check their account balance each time a change is made to his/her schedule to determine the new balance due.

Interest Assessment

Interest will begin the fourth week of the semester. The annual rate is 12%. A student will not be assessed interest as long as the student is in a Monthly Payment Plan that covers all tuition and fees and current on all payments. Interest on unpaid balances will be assessed in addition to the late payment fee.

Monthly Payment Plan Option

The Monthly Payment Plan is a program intended to help students who are not able to pay their account in full by the tuition and fee deadline. Instead of one large payment, tuition and fees are broken down into equal monthly payments. Enrollment in a plan is available at the time of registration prior to beginning of each semester. See weber.edu/bursar for details about monthly payment plans.

Personal Checks or eChecks

Personal checks or eChecks returned by a financial institution for any reason are subject to a service charge and may result in the withholding of student records and/or dropping of courses.

Delinquent Accounts-Collection Fees

Students with unpaid tuition and fees, room and board, parking fines, or other fees due to the University will have a hold placed on their records until such obligations are paid in full. The hold will prevent the student from registering for future semesters, viewing transcripts or grades, delay graduation, and limit use of the Wildcard and certain student services.
Unpaid accounts will be processed by University collections. A collection fee of ten percent of the outstanding balance will be assessed to the student. Interest and monthly collection fees will also be assessed on any unpaid balance. In the event additional collection efforts become necessary, WSU may refer a past due account to an outside collection agency. All delinquent accounts are subject to collection fees, interest, plus all court costs and reasonable attorney fees. The collection agency and/or WSU will report delinquent accounts to a credit reporting agency.

Third Party/Sponsored Payments

Students are responsible for ensuring that appropriate documentation for third party/sponsored payments is submitted to the main cashier's office prior to the start of classes each semester. Students must comply with the terms of the agreement and verify that all tuition and fees changes are paid by the sponsor agreement. It is the student's responsibility to verify that any course or tuition and fee changes will be paid by the sponsor and that these changes are reported to the accounts receivable office for proper processing. If the sponsor does not provide funding by the end of the semester, the student will be responsible for payment of
tuition and fees. The account will be considered delinquent if unpaid at the end of the semester. (See Delinquent Accounts above.) Contact 801-626-6263 for information on how to submit vouchers or contracts.

**Administrative Withdrawals**

The University reserves the right to administratively withdraw a student from a current semester if a student has an unpaid tuition and fee balance from a prior semester or if the student provides a dishonored check or other payment to pay for tuition and fees. The prior semester courses will not be dropped or withdrawn.

**Financial Petitions**

Tuition and fee assessment is based on the registration date of the course and date of withdrawal from the course. The withdrawal dates are published on the Academic Calendar each semester. If, due to extenuating or for other acceptable circumstances, the student must drop a course after the published deadline, the student must complete the "Exception to University Policy-Tuition and Fee Assessment Petition" weber.edu/bursar/Petition.html and submit supporting documentation. Tuition and fees are assessed according to approved tuition and fee tables. The assessment is based on the number of registered credit hours or liable hours for each student. For example, if the student signs up for 12 credit hours, he or she is liable for paying for 12 hours according to the tuition and fee table.

**Deadlines for Filing Petition**

The deadline for filing a petition is the last day of the semester of enrollment. The burden of proof rests with the student to submit documentation of circumstances that prevented the student from adhering to the University policies and procedures. For more information and forms refer to: weber.edu/bursar/Petition.html

**Refunds and Reimbursements**

Student fees and course fees are refunded based on the University refund schedule (see weber.edu/bursar). Late fees and withdrawal fees are nonrefundable. In most cases, if a credit card is used to pay for tuition and fees, refunds and residual funds will be credited to the credit card. Students may opt to have any refund sent electronically to a bank account of their choice by setting up a refund profile at weber.edu/bursar/erefunds.html. All other refunds will be mailed to the student. Admission fees and recording fees are nonrefundable. Refunds for dropped courses will be processed after the third week of class.

**Financial Aid Withdrawals and Return of Title IV Funds**

See Withdrawals and Return of Title IV Funds in the Financial Aid section.
Academic Info & Policies

Weber State University is committed to providing a quality undergraduate education for students. The role of the offices and services listed in this section of the catalog is to support students and help them achieve their educational goals.

Privacy Rights

The WSU Records Office maintains student records in accordance with the Family Educational Rights and Privacy Act (FERPA), which affords students the right to inspect and review their educational records, the right to seek to have the records amended, and the right to have some control over the disclosure of information from the records. The law generally requires that written consent of the student be received before personally identifiable data about the student is released. Institutions may release, without written consent, those items specified as public or directory information, provided the institution informs students of the data designated as public information and gives students prior opportunity to refuse disclosure of any or all categories of that information. Directory information at Weber State University is currently specified to include name, address, telephone number, major (program of study), dates of attendance, degree(s) received, full-time/part-time status, and honors received. A student may have their public or directory information made confidential by submitting a written request to the Registrar's Office.

If a student feels that information other than directory information has been made public in violation of this act, they may contact the Registrar's Office to file a formal grievance. Copies of the entire policy or information about specific procedures may be obtained from the Office of the Registrar.

Transcripts

Students may obtain official copies of their academic transcripts from the Registrar's Solution Center. There is a $5.00 charge for this service. For students who attended prior to Summer 2010, four fee-free transcripts will be provided if the request is made in person or by mail.
• Transcripts picked up in person require photo identification.
• Transcript requests may be made by mail or online at www.weber.edu/records (telephone requests cannot be accepted) and should include the student's name, social security number or WSU student ID number, birthdate, student's signature and complete address where the transcript should be sent.
• Transcript requests by anyone other than the student must be accompanied by a written release from the student that includes:
  o A sentence stating that you have given your consent to a friend or a relative to pick up your transcript
  o The name of your friend or relative that will be retrieving your transcript
  o Your full name and any prior names
  o Your Social Security Number or Student ID Number and birthdate
  o Your approximate dates of enrollment
  o Your signature
The person receiving the record will be asked to show photo identification.
A printable copy of a transcript request form is available via the WSU Web site at weber.edu/records. Requests should be mailed to: Weber State University, Records Office, 3885 West Campus Dr. DEPT 1102, Ogden, UT 84408-1102; or emailed as a pdf or jpeg attachment to records@weber.edu.

Record Holds

Transcripts and diplomas will not be issued for students who owe money to the University for financial aid, library fines, housing, traffic tickets, etc.

Students may access their grades on the Internet with a "Wildcat Username" and password. To obtain information about access to the eWeber student portal, contact the Computing Support Center Help Desk at 801-626-7777.

Grading

Grade System

The following grades and numeric point values are used to compute the cumulative grade point average (GPA).

UW (Unofficial Withdrawal): 0.0

To calculate a cumulative GPA, the total number of grade points (the number of credit hours per course multiplied by the numeric points listed above for the grade) is divided by the total number of credit hours.

Courses coded with an R in front of the grade (indicating academic renewal), or an E in the far right column of the form (indicating exclusion due to a repeat), are not used in computing the GPA, the graduation hours, or the total hours completed.

Courses coded ND (non-degree) are not used in computing the GPA or the graduation hours completed, but they are included in computing the total hours attempted.

Courses with the following notations in the grade column are not used in computing the GPA, the graduation hours, or the total hours completed (with the exception of CR-Credit courses which may be used toward graduation hours or total hours).

AU-Audit

• Indicates the student was allowed to sit in a class without earning credit or a grade.
• Audit students who fail to attend class without withdrawing may be issued a withdrawal (W).  
  (See Registration section of this catalog.)

CE-Continuing Education Unit

• Students who enroll in a Continuing Education Unit through the Continuing Education Office will receive a CE grade.  
  It is not counted in the WSU GPA or Total Hours, but can be listed on a transcript.

CR-Credit

• Indicates the student registered for a course on a pass/fail basis and earned a C- or better.  (See Registration section of  
  this catalog.)
• Certain courses are offered on a credit/no credit basis only and letter grades are not given.
• Credit/no credit courses may only be used as electives in a student graduation requirements.  Classes taken on a  
  credit/no credit basis will not satisfy major, minor, or general education requirements with exception of those courses  
  or programs of study approved by the University Curriculum and General Education committees and those courses  
  approved by academic departments for credit by special examination.
• A maximum of 20 hours of credit/no credit electives may be used for graduation.

I-Incomplete

• Indicates the student was unable to complete the course for a legitimate reason (such as accident or illness) after having  
  completed a substantial portion (approximately 80%) of the required work.
• A written contract between the student and the instructor indicates the work still to be done and the deadline for its  
  completion (within 12 months).
• The student must complete remaining work without re-registering or attending the class during a subsequent semester.
• Credit hours are not counted until a letter grade is posted.
• All incomplete (I) courses must be completed prior to graduation.

NC-No Credit

• Indicates the student registered for a course on a credit/no-credit basis and earned less than a C-.
• Students who stop attending a class for which they are registered on a credit/no-credit basis without officially  
  withdrawing will receive an NC grade entry for that class.
• Certain courses are offered on a credit/no credit basis only and letter grades are not given.

NG-No Grade Reported

• The instructor has not reported a grade for the course.

SC-Special Credit

• The student has received credit through an examination, waiver, or substitution for which they are not eligible for a  
  letter grade.
• These credits are counted toward the total number of credits required for graduation but are not used to calculate the  
  cumulative grade point average.
• Special credits may be used for graduation requirements as determined by the academic departments.

T-Temporary Grade
• The course is being continued in the subsequent semester and a grade and credits will be calculated when the course is complete and a letter grade has been issued. The “T” grade is approved for specific courses only.

**UW-Unofficial Withdrawal**

• Indicates the student stopped attending the course without officially withdrawing. UWs are calculated as failing grades in the student's semester and cumulative grade point averages.

**W-Withdrawal**

• The student withdrew from the course in the interval comprising the 16th through the 50th business day of a semester or the 30th business day of a block. Withdrawals are not permitted after the 50th business day of a semester or 30th business day of a block.

**Changing of Grades**

• Grades may be changed only by the instructor who submitted the original grade.
• Students who feel their work has been evaluated unfairly should contact the instructor.
• Students who choose to complete a course on a credit/no credit basis may petition the Registrar's Office to have a CR grade replaced by the earned letter grade if they recently changed their major or minor and need the letter grade to meet graduation requirements for the new major or minor.

**Repeat Courses**

• Repeated courses will be automatically flagged as part of the grading process at the end of each term.
• Each course (unless specifically listed as repeatable for credit in the course description) may be used only once in cumulative hours and GPA.
• A course will appear on the transcript each time it is completed, but it will be counted only once in total hours and only the most recent letter WSU grade received will be used to calculate the GPA (CR is not considered a letter grade and will not cause a previous grade to be discounted).
• Once a bachelor's degree has been posted to a student's permanent record, courses used for that degree may not be repeated to improve their GPA.

**Academic Renewal Policy**

1. The applicant for academic renewal must be a currently enrolled undergraduate student or must have been enrolled during the previous term. Students who are not currently enrolled and who cannot obtain financial aid until their GPA is recalculated using Academic Renewal should begin the process with Academic Records and take written evidence of the initiation of this process to the Financial Aid Office.
2. Academic renewal may be requested only once during a student's academic career.
3. Once a certificate, associate, or bachelor degree is awarded by Weber State University or received as a transfer credit, any Weber State course(s) completed prior to the completion of that certificate or degree will not qualify for academic renewal. However, WSU courses completed after receiving a certificate or associate degree, but before completion of a bachelor degree, are eligible for renewal if they meet the requirements.
4. The policy does not apply to graduate students or students pursuing a second bachelor's degree.
5. Grades of "D+" or less which were earned six years or more prior to the petition date will not be computed in the GPA.
6. Academic requirements may not be satisfied by courses to which academic renewal has been applied.
7. Hours not used for GPA purposes are not used to satisfy total and upper division credit hour requirements.
8. The Academic Renewal Policy will apply only to courses taken at Weber State University.
9. Only the calculation of a student's GPA will be affected by this policy.
10. This policy applies to WSU GPA calculation only. A student's GPA when transferring or applying for graduate/professional schools will be calculated according to the policy of that institution, i.e. the receiving institution may average the grades or use the original grades.
11. Students who are applying for academic renewal and graduating in the same semester must notify the Graduation Department. Applications for academic renewal and detailed policy information are available at the Records Office or at www.weber.edu/records.

Credit by Examination or Petition

Contact: Records Office
Location: Student Services Center, Room 101
Telephone: 801-626-6100

Students may receive WSU degree credit by examination or petition under the following restrictions:

- The student must be a WSU-admitted student.
- The student must pay the appropriate recording fee in addition to specific test fees.
- Credit will not be given if it duplicates previous examinations, petitions, or course work for which a student received a grade (A-E) or notation I, T, W, UW, CR, NC.
- Credit by examination or petition will not be considered part of the residency requirement.
- Credit by examination or petition, although graded with credit (SC), may be used to satisfy major, minor and general education requirements.

Advanced Placement Examination (AP)

- AP credit is earned by completing one or more high school AP courses and successfully completing the appropriate exam(s) while in high school.
- WSU credit hours may be earned with each AP examination score of 3, 4, or 5. Credit awarded is at the discretion of the academic department. Some departments require a score of 4 or 5 for the awarding of credit. Please see http://www.weber.edu/admissions/aptests.html for details.
- To have credit evaluated, a student must submit their scores and pay a $10 recording fee.
  - Scores may be submitted to the Admissions Office as a part of the Admissions process, or
  - Scores may be submitted to the Admissions Office in person, along with a receipt for the $10 recording fee payment.
- If a student submits AP, CLEP, and IB scores for evaluation, the IB scores will be awarded first. If the AP or CLEP credit duplicates the IB credit already awarded, the AP and CLEP credits will be reduced by the amount of credit awarded for the IB Higher-Level Subject in the specific area.

International Baccalaureate Credit (IB)

- A student who completes the IB Diploma program will receive 30 semester credit hours, a waiver of all Breadth Requirements contained in the general education requirements, and a waiver of the University Diversity requirement. To further waive the Core Requirements of general education, a student must complete the corresponding Higher-Level Subject with a score of five (5) or higher.
- If the IB Diploma is not earned, students will be awarded eight (8) semester hours of credit and a waiver of the corresponding general education requirement for each Higher-Level Subject completed with a score of five (5) or higher.
- If a student submits AP, CLEP, and IB scores for evaluation, the IB scores will be awarded first. If the AP or CLEP credit duplicates the IB credit already awarded the AP and CLEP credits will be reduced by the amount of credit awarded for the IB Higher-Level Subject in the specific area.
- A student must be admitted and matriculated at WSU to have IB credit evaluated.
- Once test results have been received, students eligible for credit will receive an evaluation from the Admissions Office with instructions about how to have credits added to their transcript.

College Level Examination Program (CLEP)
• CLEP is a way for students to earn college credit by completing one or more of the General or Subject Examinations administered by the Testing Center.
• Applications and further information on the procedure, fees, and testing schedule are available from the WSU Testing Center.
• A student's test scores will be considered if the student drops the same course within the first 3 weeks of the semester.
• Students must submit examination scores and a receipt for the $10 application fee to the Admissions Office to initiate the evaluation process.

Special Examination

• Special examinations may be arranged to earn credit for some WSU courses not covered by CLEP testing. Each department determines which courses will qualify.
• Students must provide evidence of sufficient background in the area to be tested.
• Applications for Special Examinations and further information about requirements, limitations, and fees may be obtained from the academic departmental offices.

Foreign Language Credit for Prior Language Experience

• Students with prior language experience may be given foreign language credit by examination or by passing an upper division (3000-level or higher) course with a minimum grade of C. See the Foreign Language Department for applications and more information.

Credit for Military Training

• Students who have completed at least 24 months of active military service may be granted a maximum of 10 credit hours. These credits are awarded as social science general education course HLTH 1030 (3 credit hours) and 7 elective credit hours.
• Students who have completed four or more years in the National Guard or a reserve unit may be granted social science general education course HLTH 1030 (3 credit hours) and 7 elective credit hours.
• Additional credit may be granted for military schooling if specific requirements are met.
• To receive credit students should submit military form DD-214 and a receipt for the $10 recording fee to the Records Office to start the process.
• Military credit will be evaluated only if it can be applied to a legitimate undergraduate degree program. Students who have already earned a bachelor's degree may have their credit evaluated upon request.
• Military credit is added to a student's total credit hours completed, and may reduce a student's eligibility for financial aid.
• More information can be found at: http://www.weber.edu/Records/Military_Credit.html

Credit for Courses from Non-accredited Schools and Colleges

• Students with credit from non-accredited schools may request transfer credit for certain courses which are equivalent to courses described in the catalog.
• Official transcripts with the Application for Transfer Credit form should be taken to the appropriate academic department for evaluation. Transfer credits from non-accredited schools may be accepted under the following guidelines.
• Credit may be accepted only if the course is deemed to be equivalent to a course at in the WSU catalog.
• Specific course credit may be applied by the Records Office if recommended and approved by the appropriate department chair with the Application for Transfer Credit form which can be obtained from the Records Office.
Credit for Experiential Learning and Industrial or Commercial Training

- Credit for experiential learning shown to be equivalent to courses described in the catalog may be allowed by some departments according to specific guidelines.
- Application for Credit forms and further information are available from the major and minor department offices.
- Before credit for prior experiential learning becomes part of the student's permanent record, the student must have completed thirty credit hours with a GPA of 2.25 or better to establish evidence of a satisfactory learning pattern.

Academic Standards/Eligibility

University Registrar: Dr. Casey Bullock
Deputy Registrar: Ms. Cori Horne
Location: Student Services Center, Room 101
Telephone: 801-626-6061
Assistant Registrar for NCAA Eligibility: Mr. Stephen Salmon
Location: Student Services Center, Room 101
Telephone: 801-626-8881

Minimum GPA Standards

The minimum cumulative institutional grade point average (GPA) required at WSU is 2.00 or C. The minimum institutional GPA required by the University for graduation is 2.00; however, many majors and minors have a higher requirement. Students with a GPA below 2.00 will receive one of the following notices and should see an academic advisor immediately.

Academic Warning

- Students with a cumulative institutional GPA below 2.00 will be placed on academic warning. They must earn a semester GPA of at least 2.00 each semester until their cumulative WSU GPA reaches 2.00 to remain on academic warning and avoid academic probation. Students whose cumulative WSU GPA reaches 2.00 will be restored to good academic standing.

Academic Probation

- Students who earn a semester GPA below 2.00 while on academic warning will be placed on academic probation. They must earn a semester GPA of at least 2.00 each semester until their cumulative WSU GPA reaches 2.00 to remain on academic probation and avoid academic suspension. Students whose cumulative WSU GPA reaches 2.00 will be restored to good academic standing.

Academic Suspension

- Students who earn a semester GPA below 2.00 while on academic probation will be placed on a one-semester academic suspension. After serving the one-semester suspension, students will be returned to academic warning and will be eligible to re-enroll at the institution.

Appeal Procedure

- Students who have been placed on academic warning, probation, or suspension and feel their classification is in error should see the Associate Registrar to review their records and receive information regarding the process of appeal.
Students who have received an academic suspension will be required to serve the full suspension length of one semester before re-enrolling at the University unless their classification was made in error.

Academic Excellence

Each semester, students who complete at least 12 credit hours with letter grades (CR/NC grades and ND courses will not be counted) will qualify for academic excellence recognition on the basis of their semester GPA as follows:

- 4.00 for the High Academic Excellence Certificate
- 3.50 to 3.99 for the Academic Excellence Certificate

Student Activity Eligibility

Students participating in activities such as student government, university organizations, clubs, special awards, and intramural athletics should be matriculated students working toward a degree or certificate. Many individual programs and organizations have standards higher than this minimum.

Intercollegiate Athletics Eligibility

Students participating in NCAA sports must be enrolled as full-time students in a Bachelor's degree program, must remain in good academic standing, and must meet the satisfactory progress policies of the University, the Big Sky Conference, and the NCAA. Details of these requirements may be obtained from the Eligibility or Compliance Office.

Graduation

University Registrar: Dr. Casey Bullock
Deputy Registrar: Ms. Cori Horne
Assistant Registrar for Graduation: Denae Sportsman
Location: Student Services Center, Room 101
Telephone: 801-626-6100
Internet Address: www.weber.edu/graduation

Commencement

Commencement ceremonies are held in April and December. Students who complete degree requirements during the fall semester may attend commencement ceremonies in December, or the following April. Students who complete requirements in the spring are eligible to attend the April commencement ceremonies. Students who complete degree requirements in the summer may attend ceremonies the prior April or the following December.

Students' names will appear in the commencement program according to the following:

- Fall applications received by the Fall deadline will appear in the December commencement program
- Spring applications received by the Spring deadline will appear in the April commencement program.
- Summer applications received before the Spring deadline will appear in the April commencement program.
- Summer applications received after the Spring deadline will appear in the December commencement program.

Commencement information will be mailed to all candidates who apply for graduation by the application deadlines. This information may also be obtained from the Graduation website.

Graduation Application Deadlines and Verification Process

<td>April* and December 2023</td>
<td>October 9, 2023</td>
</tr>
</tbody>
</table>

*NOTE: Summer graduation candidates who wish to participate in the Spring commencement ceremonies should apply for Summer, but follow the Spring semester deadline.

Students who are nearing completion of Graduation Requirements, should take the following steps:

1. Schedule an appointment and meet with your advisor(s) as required. Keep in mind that you may need to see a college advisor, a major advisor, and a minor advisor. NOTE: Students seeking an Associate of Science or Arts degree in General Studies should meet with an Academic Advisor in the Student Success Center.

2. Review your CatTracks degree evaluation with your advisor(s). Make sure that your Program of Study is correctly listed in your CatTracks degree evaluation and then check for missing requirements with your advisor(s). Program of Study corrections must be completed with your advisor prior to submitting your graduation application.

3. Submit your application for the semester that all of your program requirements will be complete. Applications are online - log into your eWeber portal, search for "Graduation Application" in the search bar and then follow the instructions outlined in the graduation application.

4. Commencement Ceremony information will be sent to all candidates who apply by the application deadline, or it can be found on the Graduation website.

All possible care is taken in checking student records for graduation; however, it is the sole responsibility of the student to verify all requirements for a degree.

- The Graduation Office will confirm that the requirements defined in the student's degree evaluation are completed before posting their degree or certificate.
- Students who do not complete graduation requirements by the Graduation Requirement Completion Deadline or who change their graduation semester should notify the Graduation Office of their new anticipated semester graduation date. Complete policy information on Graduation Requirement Deadline is at http://www.weber.edu/ppm/Policies/4-1_GraduationStandards.html
- Diplomas will be sent and degrees will be posted to student transcripts the semester following completion.

Changes in Graduation/Catalog Requirements

Entering students, including first-time and transfer students, will be required to complete the degree and program requirements listed in the catalog in effect when they first enroll, with the following exceptions:

- When students change their program of study, they are then required to graduate under the catalog in effect when they declare the new program of study (see Program of Study (Major/Minor) Declaration).
- Students must complete major and minor requirements under a catalog no older than 6 years for a bachelor's degree or 3 years for an associate's degree.

Requests for Exceptions to Graduation Requirements

Requests for exceptions to graduation requirements are considered only on the basis of substantial and reasonable grounds. Students should contact the academic department who has oversight for the major or minor requirements for more information about their exceptions process. Questions about all other degree requirements can be brought to the Registrar's Office.

Completed Degree

Once a degree has been completed, the degree title and program name cannot be altered and a student cannot change factors related to that degree; courses cannot be repeated to improve the GPA, grades cannot be changed, and majors or minors cannot be added. If a student continues to earn a second bachelor's degree or a master's degree, credit hour and GPA calculations begin again. If a student continues on to earn a bachelor's degree after earning an associate's degree, the grades earned toward the associate's degree will be used in calculating cumulative GPA for the bachelor's degree. Academic renewal cannot be applied to courses taken prior to the posting of an associate's degree.
Awarding of Multiple Degrees

- Students may receive multiple degrees in the same academic year. However, students who first earn their degree in a specific academic area, with the exception of the AAS degrees and certificates, will not be awarded a general AS or AA degree in a subsequent term.
- Students must apply for each degree requested.

Second Bachelor's Degree

A student may qualify for admission to a second baccalaureate degree following the completion of a first bachelor's degree at an accredited institution. The first and second baccalaureate degrees may not be awarded during the same semester or term. To qualify for a second degree, a student must complete a minimum of 30 credit hours in residence at WSU with a GPA of at least 2.00 and fulfill all requirements for the programs declared in second degree. For students whose first baccalaureate degree is also from Weber State University, credits earned in conjunction with but beyond the minimum credits required for the first degree may be applied toward the second baccalaureate degree. However, a minimum of 30 semester credit hours must be earned at WSU after the first degree is conferred. All candidates for a second bachelor's degree must satisfy the university's American Institutions (AI) requirement. Course work taken as part of the first degree that is comparable to the current list of approved diversity courses may be used to satisfy this requirement. Students pursuing a Bachelor of Arts, Bachelor of Music, Bachelor of Music Education, or Bachelor of Arts in Music must fulfill WSU's foreign language requirement. Policy governing the second bachelor's degree can be found in PPM 4-1.I.G. For additional information about a second baccalaureate policy please contact the academic department in which you plan to earn your second degree.

Honors at Graduation

Students who qualify for honors based on their cumulative institutional grade point average (GPA) will have the appropriate designation indicated on their transcripts and diplomas.

Bachelor's Degree Honors

- Summa Cum Laude - WSU GPA of 3.90 or higher.
- Magna Cum Laude - WSU GPA of 3.80 or higher.
- Cum Laude - WSU GPA of 3.60 or higher.

Associate's Degree Honors

- High Honors - WSU GPA of 3.85 or higher.
- Honors - WSU GPA of 3.60 or higher.

Additional honors awarded at graduation are described under the Honors Program (see Honors Program).

Interruption or Changes in Instruction Due to Circumstances Beyond the Reasonable Control of the University

Each semester the University will endeavor to provide courses and services as it traditionally has including face-to-face or hybrid instruction for those courses for which all or a portion would normally occur on site. However, as recent experience has taught us, the traditional delivery of courses may be interrupted or changed due to circumstances beyond the reasonable control of the University. Such circumstances may be a health emergency, like the recent COVID-19 outbreak, closure of the University due to damage or destruction of the physical facilities, like an earthquake, or other events including but not limited to natural or person-made events such as civil unrest, strike, cyberattack, pandemic, directive of government or health authorities, etc. (hereinafter "Circumstances Beyond the Reasonable Control of the University"). In the event of the interruption of or changes in instruction caused by Circumstances Beyond the Reasonable Control of the University you recognize and agree that the University may deliver all or part of the courses and services in a virtual environment or in other non-traditional ways. This may occur at any time including prior to the start of or in the middle of a semester. Agreeing to the statement and registering for courses...
acknowledges your understanding and acceptance of this delivery method. In addition, you recognize and agree that in the event of Circumstances Beyond the Reasonable Control of the University that cause courses to be suspended or canceled that the University will make a good faith determination of when or if courses will be resumed and may determine that the courses are sufficiently complete for the awarding of credit without further instruction with or without final exams, projects, papers, etc. You agree that the University's decision in such cases is final and that you will be entitled only to a refund of a pro rata amount of tuition if courses are not finished and not resumed or rescheduled or no refund if courses are completed and you agree that this is your sole remedy. In addition, you agree to waive any right to seek damages, direct or indirect resulting from or related to Circumstances Beyond the Reasonable Control of the University. If the University determines to provide pro rata refunds, you agree that such refunds may be in the form of a tuition credit for future semesters.
Degree Requirements

General Requirements All Degrees

1. Students must earn a cumulative GPA of at least 2.00 for all WSU work. No more than 20 credit hours of "D" grade may be applied toward graduation. A college or department may reject any or all "D" grade work toward major or minor requirements.
2. Graduation credit hours must be earned after students have matriculated. Credit hours earned prior to matriculation must be approved by the Graduation Office.
3. All financial obligations to the university must be cleared.

Requirements for Minors

The term "minor" refers to a collection of related courses that are a student's secondary field of academic concentration or specialization while completing a bachelor degree. Minors may be completed with any bachelor degree. Many majors require the completion of a minor; this is designated under the requirements for each major.

Requirements for Graduate Degrees

WSU offers nineteen graduate degree programs, including eighteen master’s degree programs and one doctoral degree program. Information concerning admission to and requirements for these programs is located in the sections of this catalog for the colleges indicated below.

Also refer to the WSU Graduate Programs policy at weber.edu/ppm/Policies/11-1_GraduatePrograms.html.

- Master of Science in Criminal Justice (MCJ)
- Master of Social Work (MSW)
- Master of Science in Computer Engineering (MSCE)
- Master of Science in Computer Science (MS)
- Master of Science in Electrical Engineering (MSEE)
- Masters of Science in Systems Engineering (MSSE)
- Master of Health Administration (MHA)
- Master of Physician Assistant Studies (MPAS)
- Master of Science in Athletic Training (MS)
- Master of Science in Nursing (MSN)
- Master of Science in Nursing-Nurse Practitioner (MSNP) (Replaced by DNP-FNP)
- Master of Science in Radiologic Sciences (MSRS)
- Master of Science in Respiratory Therapy (MSRT)
- Doctor of Nursing Practice (DNP)
• Master of Education (MEd)
• Master of Accounting (MAcc)
• Master of Business Administration (MBA)
• Master of Taxation (MTax)
• Master of Arts in English (MA)
• Master of Professional Communication (MPC)

Requirements for Bachelor's Degrees

1. A minimum of 120 credit hours.
2. A minimum of 40 upper-division credit hours (courses numbered 3000 and above).
3. A minimum of 30 hours in residency (WSU courses).
4. At least a 2.0 (C) WSU grade point average (GPA).
5. Completion of WSU general education, diversity, major and minor requirements.
6. One of the following bachelor's degrees must be specified and the WSU general education, major and minor requirements completed. Some departments may specify completion of specific general education courses.
   ○ Bachelor of Arts (BA)
   ○ Bachelor of Fine Arts (BFA)
   - This degree may be earned only by Visual Arts majors; see the Visual Arts Department section for the application process.
   ○ Bachelor of Music (BM)
   ○ Bachelor of Music Education (BME)
   - These degrees may only be earned by Music majors; contact the Department of Performing Arts for more information.
   ○ Bachelor of Science (BS)
   ○ Bachelor of Integrated Studies (BIS)
   - See the Integrated Studies (BIS) section of this catalog for information about program requirements and the application process.

Language Requirement

The Bachelor of Arts degree includes a language requirement which may be met by one of the following options:

• Option 1 - Foreign Language

One of the following:
1. Documentation of a proficiency level of "Intermediate Low" or better through an examination administered by the WSU Foreign Language Department or through an examination by a recognized testing agency.
2. Completion of WSU foreign language course 2020 with a grade of "C" or higher, or comparable transfer credit.
3. Completion of any upper-division WSU foreign language course with a grade of "C" or higher, or comparable transfer credit.
4. Students for whom English is a second language may meet the BA foreign language requirement by:
   ○ verifying their proficiency in their (non-English) native language in cooperation with the Foreign Language Department
   and
   ○ verifying their proficiency in English as a Second language by passing the ESL Special Examination.
5. Documentation of a minimum proficiency level in American Sign Language through an examination administered by the American Sign Language/Interpreting Program at Salt Lake Community College. The signer must produce and maintain American Sign Language with "continuity and precision.”
6. Completion of WSU American Sign Language course 2020 with a grade of "C” or higher, or comparable transfer credit.
7. Completion of twelve semester-hours of foreign language.

Refer to the Foreign Language section of this catalog for additional information about obtaining foreign language credit.

• Option 2 - Foreign Language with Language Arts

Note: This option is only available when specified by the major course requirements.
1. Completion of at least six semester-hours of foreign language with further course work up to six semester-hours in the
language arts beyond the composition requirement in the general education core. Language arts course work may
include literature, creative writing, rhetoric, music composition, etc. Students should refer to the major for specific
requirements.

The Bachelor of Music degree and Bachelor of Music Education degree requirement is for two semesters of foreign language
chosen from French, German, Italian, and Spanish. The requirement may be satisfied by taking two semesters of the same
language, or one semester each of two different languages.

Requirements for Associate's Degrees

AA/AS Degree Requirements

If you are earning an Associate's Degree in General Studies, contact the Student Success Center (see weber.edu/ssc).

1. A minimum of 60 credit hours.
2. A minimum of 20 hours in residency (WSU courses).
3. At least a 2.0 (C) WSU grade point average (GPA).
4. Completion of WSU general education requirements.

The Associate of Arts Degree must include a foreign language or ASL (American Sign Language) requirement which
may be met by one of the following:

1. Documentation of a proficiency level of "Novice High" or better through an examination administered by the
   WSU Foreign Language Department or through an examination by a recognized testing agency.
2. Completion of WSU foreign language course 1020 with a grade of "C" or higher, or comparable transfer
   credit.
3. Completion of any WSU foreign language course at a level beyond the first year with a grade of "C" or
   higher, or comparable transfer credit.
4. Documentation of three years of the same language completed in high school with a minimum grade of "B".
5. Documentation of a minimum proficiency level in American Sign Language through an examination
   administered by the American Sign Language/Interpreting program at SLCC. The signer must "demonstrate
   proficiency in temporal aspect, spatial agreement and in describing things around her/him and the deaf
   culture."
6. Completion of WSU American Sign Language course 1020 with a grade of "C" or higher, or comparable
   transfer credit.

AAS Degree Requirements

1. A minimum of 63 credit hours.
2. A minimum of 20 hours in residency (WSU courses).
3. At least a 2.0 (C) WSU grade point average (GPA).
4. General education requirements are specified by each program and include at least the following:
   1. ENGL 1010 or ENGL 2010 and one other course in oral or written communication (6 credit hours);
   2. Math or discipline-specific statistics as designated by specific programs (3 credit hours);
   3. One course in each of the three following areas (9 credit hours): Creative Arts & Humanities (CA or HU),
      Life & Physical Sciences (LS or PS), and Social Sciences (SS).

Requirements for Institutional Certificates

Students are awarded an Institutional Certificate when they complete a program of study fulfilling a 10 credit hour minimum in
residence at Weber State. Course work for institutional certificates is designed in a specific area for career and technical
education purposes or for professional development. Students enrolled in Institutional Certificate programs are awarded diplomas
indicating they have completed an Institutional Certificate in a defined area. Institutional Certificates are designated as
"Institutional Certificate" under the Degrees/Programs listing (see Programs Sorted by Degree). Refer to the listings under the
academic department for specific requirements. At the discretion of the department credits earned as part of an Institutional
Certificate may be applied to a degree. Students enrolled in Institutional Certificate programs may need to meet additional credit
hour requirements in order to qualify for financial aid and should check with the Financial Aid Office.
Requirements for Graduate Certificates

A Graduate Certificate is a program of study, less than a year in length, made up of graduate-level course work, with a prerequisite of at least a Bachelor's degree. Students enrolled in Graduate Certificate programs are awarded diplomas indicating they have completed a Graduate Certificate in a defined area. Institutional Certificates are designated as "Grad Cert" under the Degrees/Programs listing. Refer to the listings under the academic department for specific requirements.

Requirements for Certifications

Students are awarded departmental certifications for completing a course or series of courses in a specified area. Certifications are designated as "Certification" under the Degrees/Programs listing (see Programs Sorted by Degree). Refer to the listings under the academic department for specific requirements. Students enrolled in certification programs may need to meet additional credit hour requirements in order to qualify for financial aid and should check with the Financial Aid Office.
What is General Education (Gen Ed)?
Gen Ed is shared by all degree-seeking students. Gen Ed credits (~34-41) account for about 2/3 of the Associate’s and 1/3 of the Bachelor’s degrees. Gen Ed provides broad exposure to diverse disciplines and is the foundation for developing intellectual tools and responsibility to the self and others.

What is the mission of General Education?
To provide students with foundational knowledge and intellectual tools that enhance and transcend their academic program of study. The big questions posed by Gen Ed courses address significant issues about the world. Gen Ed courses help students apply their learning and develop personal and social responsibility, which is demonstrated through signature assignments.

Why is General Education required of all students?
Gen Ed is not a random series of courses to “get out of the way” — it is a program of courses to lead the way to students’ future success in higher education, the workplace, and the community. Because Gen Ed courses are framed around a Big Question, which is tapped by a Signature Assignment, students repeatedly exercise Gen Ed Learning Outcomes (GELOs) and “cross-train” their mind.

What are the General Education Program Requirements?
Students are required to take CORE courses in Composition, Quantitative Literacy, American Institutions, Information Literacy and Diversity (~10-17 credits) and BREADTH courses in Creative Arts and Humanities (9 credits), Physical and Life Sciences (9 credits), and Social Sciences (6 credits).

What are WSU Courses?
The WSU Program provides students access to team taught, high-impact, interdisciplinary, variable credit (3-5), and limited enrollment WSU courses that satisfy requirements in two areas (core or breadth) of Gen Ed (with a passing grade). Students get the benefit of the expertise of two WSU faculty members in courses that engage their mind and challenge their thinking (see https://weber.edu/GenEd/WSU_Courses.html).

What is the Gen Ed Certificate of Completion?
The Certificate of Completion is awarded when students complete all core and breadth requirements with a minimum 2.0 GPA. Once awarded, it will appear on students’ transcripts and is considered part of their official record. The Certificate allows students to “lock in” their Gen Ed credits and is transferable between institutions in the Utah System of Higher Education.

What is the Interstate Passport?
WSU participates in the Interstate Passport Initiative wherein a block of Gen Ed courses is accepted between institutions and noted on students’ transcripts for articulation purposes. WSU issues the Passport upon completion of the Gen Ed Certificate of Completion with a C or better in all Gen Ed courses. WSU Gen Ed requirements are met (except for American Institutions, a Gen Ed requirement mandated by the Utah State Legislature) for incoming students who have earned a Passport elsewhere (see https://weber.edu/passport).
## CORE GENERAL EDUCATION REQUIREMENTS

### COMPOSITION (EN) (3-4 credits)
Complete ENGL 2010 Intermediate College Writing (3) OR ENGL 2015 Intermediate College Writing and Research (4) and earn a "C" grade or better:

See the WSU Catalog or weber.edu/placement for prerequisite information.

### AMERICAN INSTITUTIONS (AI) (3-6 credits)
Select one of the following options and earn a "C" grade or better:

<table>
<thead>
<tr>
<th>Course</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIST 1600</td>
<td>The Black Experience (3)</td>
</tr>
<tr>
<td>HIST 1610</td>
<td>The Latinx Experience (3)</td>
</tr>
<tr>
<td>HIST 1620</td>
<td>The LGBTQ Experience (3)</td>
</tr>
<tr>
<td>HIST 1700</td>
<td>American Civilization (3)</td>
</tr>
<tr>
<td>HIST 2700 &amp; 2710</td>
<td>History of the U.S. to 1877 (3) AND History of the U.S. since 1877 (3) recommended for History majors</td>
</tr>
</tbody>
</table>

### QUANTITATIVE LITERACY (QL) (3-6 credits)
Select one of the following options and earn a "C" grade or better:

<table>
<thead>
<tr>
<th>Course</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 1030</td>
<td>Contemporary Mathematics (3)</td>
</tr>
<tr>
<td>MATH 1035</td>
<td>Contemporary Mathematics w/Prereq Topics (6)</td>
</tr>
<tr>
<td>MATH 1040</td>
<td>Introduction to Statistics (3)</td>
</tr>
<tr>
<td>MATH 1050</td>
<td>College Algebra (4)</td>
</tr>
<tr>
<td>MATH 1060</td>
<td>Trigonometry (3)</td>
</tr>
</tbody>
</table>

**OR** earn a "C" or better in any WSU Math course for which either MATH 1050 or 1080 is a prerequisite

**OR** score of 65 or higher on ALEKS or score of 70 or higher on College Level Math portion of Accuplacer exam

**OR** score of 3 or higher on AP Calculus or AP Statistics exam; score of 50 or higher on CLEP Calculus, College Algebra, or Pre-Calculus exam

**OR** score of 26 or higher on Math ACT

See the WSU Catalog or weber.edu/placement for prerequisite information.

### INFORMATION LITERACY (IL) (1 credit)
Complete an exam or course option (see table below) and earn a "C" grade or better for a course or a passing exam score.

<table>
<thead>
<tr>
<th>Competency Exam</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>LIBS 1504</td>
<td>Information Navigator (1)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Courses</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>LIBS 1704</td>
<td>Info. Resources in History (1)</td>
</tr>
<tr>
<td>LIBS 2504</td>
<td>Info. Resources in Education (1)</td>
</tr>
<tr>
<td>LIBS/EDUC 2604</td>
<td>Info. Resources in Business Disciplines (1)</td>
</tr>
<tr>
<td>LIBS/BSAD 2704</td>
<td>Info. Resources in Social Sciences (1)</td>
</tr>
<tr>
<td>LIBS 2804</td>
<td>Info. Resources in Health Professions (1)</td>
</tr>
</tbody>
</table>

### DIVERSITY (DV)
Select 3 credits from the list of approved courses and earn a passing grade. Breadth general education courses marked with "●" fulfill the Diversity requirement as well as the specified Breadth requirement.
BREADTH GENERAL EDUCATION REQUIREMENTS

**HUMANITIES & CREATIVE ARTS** Select 9 credits (with at least 3 credits from Humanities and at least 3 credits from Creative Arts) and earn a passing grade.

<table>
<thead>
<tr>
<th>Humanities</th>

WSU COURSES
Earn credit for TWO General Education areas by taking ONE course

WSU courses are interdisciplinary, variable credit (3-5), team taught, and limited enrollment courses that satisfy requirements in two General Education areas (Core or Breadth). Must earn a passing grade. Students may take as many WSU Courses as they wish, but only the non-overlapping General Education attributes from subsequent WSU courses will count toward General Education requirements.

Course Attributes

Attributes are short acronyms embedded into course titles that identify specific elements of content and/or pedagogy within a course. Content refers to a focus on agreed-upon outcomes. Pedagogy refers to a focus on use of specific types of instructional approaches or strategies.

The purpose of the attributes is to support the organizational mission by increasing:

- Advising transparency for students
  - Identify required course work such as General Education or Diversity courses.
  - Identify specific content and pedagogy that may inform appropriate course selection.
- Institutional identification by making visible engagement in specific learning outcomes and high impact practices, particularly for underrepresented students.
- Facilitation of interdisciplinary study and University curriculum initiatives.
- Third-party recognition of University accomplishments, such as Carnegie Foundation recognition of the Center for Community Engaged Learning (CEL) attribute.
- Leverage for graduates in applying to graduate school or for employment, by defining attributes on the back of transcripts and/or offering certificates or recognitions for completing a given number of courses. The scope of an attribute may be limited to courses within a specific department or college, or inclusive of courses across the University. A single course may not hold more than three attributes.

High Impact Educational Experiences

High Impact Educational Experiences promote student learning through curricular and co-curricular activities that are intentionally designed to foster active and integrative student engagement by utilizing multiple impact strategies.

<table>
<thead>
<tr>

General Education

The purpose of the Weber State University General Education program is to provide students with foundational knowledge and intellectual tools that enhance and transcend their academic program of study. The big questions posed by General Education courses address significant issues about the world. General Education courses help students apply their learning and develop personal and social responsibility, which is demonstrated through signature assignments. More information is available in the Catalog's General Education Requirements and the General Education website.

<td>IL</td>
<td>Students will learn the Library and Web research skills needed for success in college and for lifelong learning.</td>
</tr>
<tr>
<td>Diversity</td>
<td>DV</td>
<td>Students will engage with human diversity/multiculturalism that is directly relevant to present-day society in a course that is comparative in nature (multi-cultural or cross-population), treats multiple aspects of diversity and/or culture (such as race, gender, age, class, etc.) in a single area of study, or is specific to a particular group of people or culture that is not present or is under-represented in the general social-economic-political framework of the United States.</td>
</tr>
<tr>
<td>Humanities</td>
<td>HU</td>
<td>Students will derive evidence from primary sources regarding the complexities and changes in human experience through analytical reading and critical thought; describe how human experience is shaped by social, cultural, linguistic, and/or historical circumstances; demonstrate attentiveness to linguistic, visual, and/or audio texts when communicating meaning/ or use appropriate verbal, perceptual, or imaginative skills when organizing meanings, developing a sense of self, and balancing potentially disparate values.</td>
</tr>
<tr>
<td>Creative Arts</td>
<td>CA</td>
<td>Students will discuss the scope and variety of the fine arts; recognize the aesthetic standards used in making critical judgments in various artistic fields; analyze and articulate understanding of a range of artistic processes; participate in an introductory performance, production or design experience in the arts; or demonstrate how the creative process is informed and limited by social and historical contexts.</td>
</tr>
<tr>
<td>Social Sciences</td>
<td>SS</td>
<td>Students will demonstrate understanding of social and behavioral science methods, concepts, and theories; formulate basic questions about social behavior and phenomena through interpretive and systematic analyses; develop empirically-derived and theoretically-informed explanations of human behavior in both its individual and collective dimensions; or demonstrate a critically-reasoned understanding of social patterns and individual variation congruent with and divergent from those patterns.</td>
</tr>
<tr>
<td>Physical Sciences</td>
<td>PS</td>
<td>Students will demonstrate understanding of science as a way of knowing about the physical world, demonstrate understanding of forces in the physical world, discuss the flow of matter and energy through systems; develop evidence-based arguments regarding the effect of human activity on the Earth; or describe how the Physical Sciences have shaped and been shaped by historical, ethical, and social contexts.</td>
</tr>
<tr>
<td>Life Sciences</td>
<td>LS</td>
<td>Students will demonstrate understanding of science as a way of knowing about the natural world; demonstrate basic understanding of how organisms live, grow, respond to their environment, and reproduce; discuss the organization and flow of matter and energy through biological systems; explain from evidence patterns of inheritance, structural unity, adaptation, and diversity of life on Earth; or describe how the Life Sciences have shaped and been shaped by historical, ethical, and social contexts.</td>
</tr>

Telitha E. Lindquist College of Arts & Humanities

Deboarh Uman, Dean

The Telitha E. Lindquist College of Arts & Humanities offers comprehensive programs encompassing the visual and performing arts, languages, literature, and communications. The programs of the College are designed to help students gain a thorough understanding of their cultural and aesthetic heritage and to prepare them for employment opportunities that will take advantage of the special skills developed through rigorous study of the arts and humanities. The educational and cultural programs of the departments are available to both major and non-major students.

The curriculum of the Telitha E. Lindquist College of Arts & Humanities is enriched by special lectures, exhibitions, dramatic and musical productions. Many nationally known artists perform each year before audiences drawn from the campus and the community.

Associate Dean: Amanda Lee Sowerby
Location: Elizabith Hall, Room 207
Telephone Contact: Christina Stice 801-626-6424
Senior College Advisor: Debra Murphy 801-626-6631
Location: Elizabeth Hall, Room 413A
College Advisor: Megan Olsen 801-626-6664
Location: Elizabeth Hall, Room 413C

Department Chairs/Directors

Visual Art and Design: K Stevenson 801-626-7273

Matthew S. Browning Center for Design

The Matthew S. Browning Center for Design draws on a number of different disciplines and strands of experience to imagine new design solutions for a variety of applications, including graphic design, data visualization, lighting design, product design, game design, service design, and much more. Students will engage with a broad range of media, interfaces, spaces and cultures to develop skills valuable for entry into graduate school programs, professional schools and/or the labor market.

Weber: The Contemporary West

Editor: Dr. Michael Wutz
Managing Editor: Alexandria Thompson
Telephone: 801-626-6473

Instituted in 1984 as Weber Studies, this interdisciplinary humanities journal is published under the auspices of the Telitha E. Lindquist College of Arts & Humanities. Indexed in leading indexes in the humanities and social sciences, the journal is peer-reviewed and has an international editorial board. For more information see weberjournal.weber.edu.

Wasatch Writers Center
Wasatch Writers Center fosters numerous programs for WSU students and the community, such as the Wasatch Range Writing Project, our robust visiting writer series, our writers in the schools program, Weber Book Links, our undergraduate literary journal Metaphor, and many others.
Department of Communication

Department Chair: Dr. Anne Bialowas  
Location: Elizabeth Hall, Room 330  
Telephone: 801-626-6426

Professors: Anne Bialowas, Rebecca Johns, Sheree Josephson, Colleen Packer Berg;  
Associate Professors: Nicola Corbin, Nicole Defenbaugh, Hailey Gillen Hoke, Alexander Lancaster, Jean Norman, Sarah Steimel;  
Assistant Professors: D. Aaron Atkins, Michael Ault, Andrea Baltazar, Li Chen, Aimee Gillette, Robin Haislett, Leslie Howerton, Nathan Rodriguez, Ashkan Soltani-Stone;  
Instructors: Ryan Cheek, Mark Galaviz, Cami Sabin, James Schultz, Deann Shepherd, Brent Warnock

Communication is a dynamic process that plays a complex and profound role in shaping both individuals and society and is vital to the free exchange of ideas central to a democratic society. The Weber State University Department of Communication seeks to promote an understanding of this process and the effective and ethical practice of human communication by focusing on how people create and use messages to generate meanings within and across various contexts, cultures, channels and media, including those delivered through technology. WSU Communication Department curricula and programs are grounded within a liberal arts tradition and are designed to help students live vital and successful lives in an ever-changing global environment.

The curriculum for the major is designed to provide a liberal arts-based study of human communication combined with a course of study that prepares graduates for entry-level employment in Communication and Communication-related careers. The major also prepares students for graduate study in Communication and related disciplines. The Department is committed to enhancing student learning through required internships and through co-curricular opportunities afforded by our award-winning student-operated organizations, including The Signpost, KWCR Wildcat Radio, Ogden Peak Communications, Studio 76, and Weber State Debate and Speech Team.

Communication majors may select one of six emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, and Public Relations & Advertising. They may also select a Communication Teaching major with emphases in Communication Studies or Multimedia Journalism. Students may earn the Communication major as either a Bachelor of Arts or a Bachelor of Science degree.

The Communication minor and the Bachelor of Integrated Studies concentration in Communication (BIS) are designed to provide students with knowledge and skills in Communication that complement the major or other concentrations of study. The interdisciplinary associate's degree in Workplace Communication & Writing is a career-oriented program designed to prepare students for entry-level careers in many fields while also preparing students for bachelor's degrees in Communication. The Associate of Science in Communication is another two-year degree offered that benefits students from many professions where communication plays a critical role.

In addition to emphasizing knowledge, understanding, and demonstrated competence in the skills of human communication, curricular and co-curricular programs emphasize the development of character in students. Accordingly, department faculty discourage symbolic expression that demeans and degrades other human beings, and encourage symbolic expression that celebrates the fundamental dignity of all human beings.

Obsolete Credit

Credit earned more than 10 years earlier than the proposed date of graduation will not be accepted for the major, minor or BIS concentration in Communication unless validated through a challenge examination or department chair approval.

Co-curricular and Extra-curricular Activities

Scholarships, Fellowships, and Tuition Waivers

Scholarships and/or tuition waivers are available to WSU Policy Debate Speech Team competitors and to The Signpost, KWCR Wildcat Radio, Ogden Peak Communications, and Studio 76 staff members. Other academic scholarships are also available.

Contact the department office at 801-626-6426 or visit the department website at weber.edu/communication for more information.

Professional and/or Honorary Organizations

Communication students are encouraged to join one or more of the professional and/or honorary organizations affiliated with the department. Memberships in these organizations provide students with opportunities to meet and network with Communication
professionals, learn about employment opportunities in the field of Communication, and participate in practical experiences relevant to future employment. Professional organizations in Communication include:

- Society of Professional Journalists (SPJ)
- Public Relations Student Society of America (PRSSA)
- Lambda Pi Eta Honor Society (LPH)

**Weber State Debate and Speech Team**

Participation in intercollegiate debate and speech team activities is conducted in conjunction with the instructional program in argument, public speaking, and civic advocacy. Students participate in debate and speech team tournaments under supervision of the program's directors. The Department of Communication hosts the annual Bob Mukai College Classic, the annual Val Browning Round Robin, and the state high school debate and speech championship. Policy debate is a two-on-two format, centering on a policy question derived from a resolution. Policy debate simultaneously challenges and improves student research, analytical, advocacy, and public speaking skills. Speech competition is a contest between individuals or teams in various argument and advocacy skills that can be used and applied across the educational spectrum. There are four main categories of competition: platform speaking, interpretive speaking, limited preparation, and individual debate.

**Weber State Student Media**

**The Signpost**

Multimedia Journalism students polish reporting, writing, and multimedia skills at The Signpost, Weber State University's student-run news organization. Content is disseminated online 24/7 and via newspaper two days a week.

**KWCR Wildcat Radio**

Students practice and develop their knowledge and resumes by joining Weber State's student-run, digital-streaming radio station KWCR Wildcat Radio. Student staffers gain experience in audio production, podcast creation, live broadcasting, public relations, live event planning, social campaigns, and seeking music promoters and sponsorship opportunities. KWCR streams music, local sports, news, and specialty programs on the MyWeberMedia app and the RadioFX app.

**Studio 76**

Studio 76 produces high-quality video content for campus and community organizations as well as creates multiple studio shows ranging from a weekly newscast produced for The Signpost to in-studio entertainment shows. Studio 76 also offers live-streaming services to many campus clubs and organizations. Content is shown online via MyWeberMedia.com or Studio 76's YouTube channel.

**Ogden Peak Communications**

Students run a public relations and advertising agency to apply the skills they have learned in the classroom. Ogden Peak Communications works with clients to develop content and campaigns. Students take on the same roles and responsibilities as PR professionals.

**My Weber Media**

Members of each student media co-curricular area collaborate through the My Weber Media Group and distribute media content on the converged media site MyWeberMedia.com. Students develop multimedia skills and learn about cross-promotion. The My Weber Media site contains news and views from The Signpost, video content from Studio 76, music and interviews from KWCR Wildcat Radio, as well as promotional material from Ogden Peak Communications. Additional content includes student films and live streaming of important events.
Interdisciplinary Associate's and Minor

The Communication Department participates in the interdisciplinary associate's degree in Workplace Communication and Writing (AA). Students who wish to enroll in this program should contact the Communication Department or one of the college advisors for the College of Arts & Humanities who will help them work out a schedule. The department also participates in the Linguistics Minor/BIS. Students who wish to enroll in this program should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)
Digital Media Production (AA)

- **Grade Requirements**: Institutional grade-point average of 2.0 or better.
- **Credit Hour Requirements**: The Associate of Arts in Digital Media Production is a specialized associate's degree consisting of a minimum of 61 semester credit hours with a minimum of 15 in Digital Media Production core with a cumulative grade-point average of 2.0 or better. The degree consists of a minimum of 37 credits of General Education classes paired with classes dedicated to professional and artistic expression via digital media, video or film, and 6 credits of Foreign Languages. This degree stacks with the bachelor's degree in Communication with a Digital Media emphasis OR with the interdisciplinary Film Studies bachelor's degree in the College of Arts & Humanities. In Communication classes, students obtain a theoretical perspective on digital media and go on to learn practical skills such as writing, producing audio and video content, performing on audio and video productions, and computer editing skills associated with content creation for the web, social media, film and other purposes. Students apply these skills in Communication classes associated with the converged media site, mywebermedia.com. Elective courses come from Art, Theater and Web. The culminating experience is a capstone course where students work on their resume, portfolio, and interviewing skills while becoming acquainted with the field of digital media and film production.

- **Program Code**: 3091AA
- **CIPC**: 090199

Advisement

Students are encouraged to meet with the academic advisor for the College of Arts & Humanities at least annually for course and program advisement. Email cahadvisor@weber.edu for more information or to schedule an appointment.

 Admission Requirements

Declare your program of study (see Enrollment Services and Information).

General Education

Refer to Degree Requirements for Associate of Arts requirements, which include 6 credits of Foreign Language.

Communication (BA), Civic Advocacy Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, Public Relations & Advertising, and Social Media & Data Analytics. A student may not receive both a major and a minor from the Department of Communication.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable), in addition to an overall GPA of 2.00 or higher for all courses.
- **Credit-Hour Requirements:** A total of 120 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above). Between 27-35 credits of upper-division are required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media (3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Organizational Communication (3054), Public Relations & Advertising (3055), Social Media & Data Analytics (3109).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media (090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Organizational Communication (090901), Public Relations & Advertising (090999), Social Media & Data Analytics (090702).

To enroll in upper-division Communication courses, a student must hold upper-division standing in the university. Students must complete at least 50 percent of their Communication coursework at Weber State University in order to receive a major or a minor in Communication.

**Advisement**

Students are encouraged to meet with the appropriate department advisor depending on their selected emphasis. Refer to the Communication Department website for a current list of department advisors: weber.edu/communication.

**Admission Requirements**

Declare your program of study at the Communication Department office, Elizabeth Hall 330. No special admission or application requirements are needed for this program.

**General Education**

Refer to Degree Requirements for either Bachelor of Arts or Bachelor of Science requirements. See specific requirements for the BA and BS under the major course requirements. The following courses, required for the Communication major, will also satisfy General Education requirements: COMM 1020 HU, COMM 2010 HU, and COMM 2110 HU CEL.

**Program Learning Outcomes**

- Writing: Write at a level expected of a professional communicator in a selected emphasis area.
- Diversity: Be sensitive to difference and discrimination in society and value diversity.
- Career Readiness: Be prepared to enter a professional career or graduate school.
- Critical Thinking: Use critical thinking to analyze information from a variety of perspectives for understanding, persuasive argument or problem solving.
- Law/Ethics: Understand communication law and ethics to enable legal and ethical communication.
• Theory: Understand how various communication theories have been developed, applied, and evaluated.
• Research: Find peer-reviewed or professional research studies, be familiar with a variety of research methods, and interpret and analyze research data.
• History: Know the history of the communication discipline and its societal and professional implications.
• Media: Use and produce media to communicate messages.
• Interpersonal/Small Group: Facilitate successful communication in interpersonal situations and small group settings.
• Listening: Listen actively to acquire and analyze information.
• Speaking: Speak clearly and persuasively in a one-on-one interpersonal interaction, and in front of small and large groups in a variety of contexts.

**Emphasis Areas**

Select one of the following emphasis areas in Communication:

- Civic Advocacy
- Digital Media
- Interpersonal & Family Communication
- Multimedia Journalism
- Organizational Communication
- Public Relations & Advertising
- Social Media & Data Analytics

**Major Course Requirements for BS or BA Degree**

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must complete a minor approved by the department or the classes required in an interdisciplinary track.

**Required Courses for Major (24 credit hours)**

- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 1130 - Media Writing Credits: (3) OR
- COMM 1140 - Writing for Workplace Communication Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4890 INT - Communication Internship Credits: (1-3)
- COMM 4990 - Senior Seminar Credits: (3)

**Courses Required to Fulfill the BA (12 credit hours)**

*Complete either Option 1 or Option 2.*

**Option 1 - Foreign Language**

- Select 4 courses (12 credit hours) in a foreign language.

**Option 2 - Foreign Language with Language Arts**

*Select two courses (6 credit hours) from the following, plus two courses (6 credit hours) in a foreign language.*
Civic Advocacy Emphasis (45 credit hours)

The mission of the Civic Advocacy emphasis is to educate students who wish to serve as advocates in the interest of the public good. Those who might benefit from this interdisciplinary emphasis include students who want to become attorneys, legislators, environmental advocates, animal rights activists, religious leaders, homeless advocates, politicians, children's advocates, advocates for minority and marginalized populations, etc.

Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks:

- Environmental Advocacy
- Ethnic Studies/Ethnic Advocacy
- Legal Advocacy
- Public Policy Advocacy
- Religion Advocacy
- Women's Advocacy

Required Courses (27 credit hours)

- COMM 2010 HU - Mass Media and Society Credits: (3)
- COMM 2270 - Argumentation and Debate Credits: (3)
- COMM 1270 - Analysis of Argument Credits: (3)
- COMM 3120 - Advanced Public Speaking Credits: (3)
- COMM 3820 - Persuasive Communication Credits: (3)
- COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
- COMM 3080 - Intercultural Communication Credits: (3)
- COMM 3090 - Gender and Communication Credits: (3)

Three of the following courses (9 credit hours):

- COMM 2250 HU - Essentials of Digital Media Credits: (3)
- COMM 2400 - Social Media for Communicators Credits: (3)
- COMM 2550 - Communication in Professional Settings Credits: (3)
- COMM 3050 - Conflict Management and Negotiation Credits: (3)
- COMM 3060 - Listening and Interviewing Credits: (3)
- COMM 3070 - Performance Studies Credits: (3)
- COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3400 - Introduction to Public Relations Credits: (3)
• COMM 3460 - Public Relations and Social Media Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3890 INT - Advanced Cooperative Work Experience with Signpost Credits: (1-3)
• COMM 3891 INT - Advanced Cooperative Work Experience with KWCR Credits: (1-3)
• COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3)
• COMM 3893 INT - Advanced Cooperative Work Experience with Studio 76 Credits: (1-3)
• COMM 4500 - Topics in Communication Credits: (3) only when taught as “Political Communication”

Elective Courses (18 credit hours)

See department advisor for an approved list of additional non-Communication Department courses for the tracks (18 credit hours).
Communication (BA), Digital Media Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, Public Relations & Advertising, and Social Media & Data Analytics. A student may not receive both a major and a minor from the Department of Communication.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable), in addition to an overall GPA of 2.00 or higher for all courses.
- **Credit-Hour Requirements:** A total of 120 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above). Between 27-35 credits of upper-division are required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media(3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Multimedia Journalism/Communication Teaching (3070), Organizational Communication (3054), Public Relations & Advertising (3055), Social Media & Data Analytics (3109).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media(090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Multimedia Journalism/Communication Teaching (131399), Organizational Communication (090901), Public Relations & Advertising (090999), Social Media & Data Analytics (090702).

To enroll in upper-division Communication courses, a student must hold upper-division standing in the university. Students must complete at least 50 percent of their Communication coursework at Weber State University in order to receive a major or a minor in Communication.

Advisement

Students are encouraged to meet with the appropriate department advisor depending on their selected emphasis. Refer to the Communication Department website for a current list of department advisors: weber.edu/communication.

Admission Requirements

Declare your program of study at the Communication Department office, Elizabeth Hall 330. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for either Bachelor of Arts or Bachelor of Science requirements. See specific requirements for the BA and BS under the major course requirements. The following courses, required for the Communication major, will also satisfy General Education requirements: COMM 1020 HU, COMM 2010 HU, and COMM 2110 HU CEL.

Program Learning Outcomes

- **Writing:** Write at a level expected of a professional communicator in a selected emphasis area.
- **Diversity:** Be sensitive to difference and discrimination in society and value diversity.
- **Career Readiness:** Be prepared to enter a professional career or graduate school.
- **Critical thinking:** Use critical thinking to analyze information from a variety of perspectives for understanding, persuasive argument or problem solving.
- **Law/Ethics:** Understand communication law and ethics to enable legal and ethical communication.
Theory: Understand how various communication theories have been developed, applied, and evaluated.
Research: Find peer-reviewed or professional research studies, be familiar with a variety of research methods, and interpret and analyze research data.
History: Know the history of the communication discipline and its societal and professional implications.
Media: Use and produce media to communicate messages.
Interpersonal/Small Group: Facilitate successful communication in interpersonal situations and small group settings.
Listening: Listen actively to acquire and analyze information.
Speaking: Speak clearly and persuasively in a one-on-one interpersonal interaction, and in front of small and large groups in a variety of contexts.

Emphasis Areas

Select one of the following emphasis areas in Communication:
- Civic Advocacy
- Digital Media
- Interpersonal & Family Communication
- Multimedia Journalism
- Organizational Communication
- Public Relations & Advertising
- Social Media & Data Analytics

Major Course Requirements for BS or BA Degree

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must complete a minor approved by the department or the classes required in an interdisciplinary track.

Required Courses for Major (24 credit hours)

- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 1130 - Media Writing Credits: (3) OR
- COMM 1140 - Writing for Workplace Communication Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4890 INT - Communication Internship Credits: (1-3)
- COMM 4990 - Senior Seminar Credits: (3)

Courses Required to Fulfill the BA (12 credit hours)

Complete either Option 1 or Option 2.

Option 1 - Foreign Language

- Select 4 courses (12 credit hours) in a foreign language.

Option 2 - Foreign Language with Language Arts

Select two courses (6 credit hours) from the following, plus two courses (6 credit hours) in a foreign language.
• COMM 2270 - Argumentation and Debate Credits: (3)
• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3650 - Communication Law Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3780 - Broadcast News Writing and Production Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4130 - In-depth and Investigative Journalism Credits: (3)
• COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
• COMM 4160 - Contemporary Rhetorical and Communication Theories Credits: (3)

Digital Media Emphasis (45 credit hours)

An emphasis in Digital Media will teach students about the importance of deadlines, budgets, and the impact their actions have on a production team. Advanced students will gain understanding about the art and power of communicating messages through video, audio, and the web.

Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks:

• **Entertainment**: acquire skills in production, writing, and content development to prepare to pursue further graduate study and careers within the entertainment industry.

• **Digital Media Production**: acquire skills producing, writing, shooting, editing, directing, and distributing video content. Focused on creating and sharing institutional, educational, and commercial video productions.

Required Courses (30 credit hours)

• COMM 1500 - Introduction to Mass Communication Credits: (3)
• COMM 1560 - Audio Production and Performance Credits: (3)
• COMM 2200 - Multi-Camera Production and Performance Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3750 - Advanced Cinematography and Editing Credits: (3)
• COMM 4760 - Media Management and Distribution Credits: (3)

Three of the following courses (9 credit hours)

• COMM 2010 HU - Mass Media and Society Credits: (3)
• COMM 2400 - Social Media for Communicators Credits: (3)
• COMM 2550 - Communication in Professional Settings Credits: (3)
• COMM 2730 - Digital Radio Production and Broadcast Credits: (1-3) (3 semesters at 1 credit hour each)
• COMM 2820 - Podcast Production Credits: (3)
• COMM 2980 - Introduction to Storytelling in Cinematic Virtual Reality Credits: (3)
• COMM 3060 - Listening and Interviewing Credits: (3)
• COMM 3070 - Performance Studies Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3200 - Live Event Production Credits: (1-3)
- COMM 3220 - Editing Credits: (3)
- COMM 3350 - Visual Communication Credits: (3)
- COMM 3400 - Introduction to Public Relations Credits: (3)
- COMM 3440 - Public Relations Writing Credits: (3)
- COMM 3460 - Public Relations and Social Media Credits: (3)
- COMM 3550 - Organizational Communication Credits: (3)
- COMM 3780 - Broadcast News Writing and Production Credits: (3)
- COMM 3820 - Persuasive Communication Credits: (3)
- COMM 3850 - Advertising Credits: (3)
- COMM 3890 INT - Advanced Cooperative Work Experience with Signpost Credits: (1-3)
- COMM 3891 INT - Advanced Cooperative Work Experience with KWCR Credits: (1-3)
- COMM 3893 INT - Advanced Cooperative Work Experience with Studio 76 Credits: (1-3)
- COMM 4130 - In-depth and Investigative Journalism Credits: (3)
- COMM 4440 - Developing and Evaluating Health Communication Campaigns Credits: (3)
- COMM 4500 - Topics in Communication Credits: (3) only when taught as digital media-related topic and with permission of instructor
- COMM 4800 - Special Study and Individual Projects Credits: (1-3)

Elective Courses (15 credit hours)

Note:

See department advisor for an approved list of non-Communication Department courses for the tracks (15 credit hours).
Communication (BA), Interpersonal & Family Communication Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, and Public Relations & Advertising. A student may not receive both a major and a minor from the Department of Communication.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable), in addition to an overall GPA of 2.00 or higher for all courses.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above). Between 27-35 credits of upper-division is required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media (3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Multimedia Journalism/Communication Teaching (3070), Organizational Communication (3054), Public Relations & Advertising (3055).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media (090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Multimedia Journalism/Communication Teaching (131399), Organizational Communication (090901), Public Relations & Advertising (090999).

To enroll in upper-division Communication courses, a student must hold upper-division standing in the university. Students must complete at least 50 percent of their Communication course-work at Weber State University in order to receive a major or a minor in Communication.

Advisement

Students are encouraged to meet with the appropriate department advisor depending on their selected emphasis. Refer to the Communication Department website for a current list of department advisors - weber.edu/communication.

Admission Requirements

Declare your program of study at the Communication Department office, Elizabeth Hall 330. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for either Bachelor of Arts or Bachelor of Science requirements. See specific requirements for the BA and BS under the major course requirements. The following courses, required for the Communication major, will also satisfy general education requirements: COMM 1020, COMM 3010, and COMM 2110.

Emphasis Areas

Select one of the following emphasis areas in Communication:
- Civic Advocacy
- Digital Media
- Interpersonal & Family Communication
Major Course Requirements for BS or BA Degree

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must complete a minor approved by the department or the classes required in an interdisciplinary track.

Required Courses for Major (24 credit hours)

- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 1130 - Media Writing Credits: (3) OR
- COMM 1140 - Writing for Workplace Communication Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4890 INT - Communication Internship Credits: (1-3)
- COMM 4990 - Senior Seminar Credits: (3)

Courses Required to Fulfill the BA (12 credit hours)

Complete either Option 1 or Option 2.

Option 1 - Foreign Language

- Select 4 courses (12 credit hours) in a foreign language.

Option 2 - Foreign Language with Language Arts

Select two courses (6 credit hours) from the following, plus two courses (6 credit hours) in a foreign language.

- COMM 2270 - Argumentation and Debate Credits: (3)
- COMM 3050 - Conflict Management and Negotiation Credits: (3)
- COMM 3080 - Intercultural Communication Credits: (3)
- COMM 3120 - Advanced Public Speaking Credits: (3)
- COMM 3130 - News Reporting and Writing Credits: (3)
- COMM 3220 - Editing Credits: (3)
- COMM 3440 - Public Relations Writing Credits: (3)
- COMM 3550 - Organizational Communication Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 3740 - Writing for Screen Credits: (3)
- COMM 3780 - Broadcast News Writing and Production Credits: (3)
- COMM 3820 - Persuasive Communication Credits: (3)
- COMM 4130 - In-depth and Investigative Journalism Credits: (3)
- COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
- COMM 4160 - Contemporary Rhetorical and Communication Theories Credits: (3)

Interpersonal & Family Communication Emphasis (45 credit hours)
The Interpersonal & Family Communication emphasis is designed to help students understand, explain, and improve friendship, marriage, family, and other meaningful long- and short-term interpersonal relationships. Communication is the central enabling feature or framework through which we all function, create, and share meaning, sustain identities, and negotiate our relationships with each other and the rest of the world. This program of study will teach students to understand these complex, dynamic relationships.

**Required Courses (24 credit hours)**

- **COMM 3050 - Conflict Management and Negotiation Credits: (3)**
- **COMM 3060 - Listening and Interviewing Credits: (3)**
- **COMM 3080 - Intercultural Communication Credits: (3)**
- **COMM 3085 - Family Communication Credits: (3)**
- **COMM 3090 - Gender and Communication Credits: (3)**
- **COMM 3550 - Organizational Communication Credits: (3)**

**Required Outside the Department (6 credits)**

- **FAM 1400 - Marriage and Romantic Relationships Credits: (3) or**
- **CHF 2400 SS/DV - Family Relations Credits: (3)**

- **WGS 1500 SS/DV - Introduction to Women, Gender, and Queer Studies Credits: (3)**

**Three of the following courses (9 credit hours)**

- **COMM 1270 - Analysis of Argument Credits: (3)**
- **COMM 2010 HU - Mass Media and Society Credits: (3)**
- **COMM 2250 HU - Essentials of Digital Media Credits: (3)**
- **COMM 2400 - Social Media for Communicators Credits: (3)**
- **COMM 2550 - Communication in Professional Settings Credits: (3)**
- **COMM 3070 - Performance Studies Credits: (3)**
- **COMM 3100 - Small Group Facilitation and Leadership Credits: (3)**
- **COMM 3120 - Advanced Public Speaking Credits: (3)**
- **COMM 3220 - Editing Credits: (3)**
- **COMM 3400 - Introduction to Public Relations Credits: (3)**
- **COMM 3460 - Public Relations and Social Media Credits: (3)**
- **COMM 3820 - Persuasive Communication Credits: (3)**
- **COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3)**

**Elective Courses (12 credit hours)**

**Note:**
*See department advisor for an approved list of non-Communication Department courses for the tracks (12 credit hours).*
Communication (BA), Multimedia Journalism Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, and Public Relations & Advertising. A student may not receive both a major and a minor from the Department of Communication.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable), in addition to an overall GPA of 2.00 or higher for all courses.
- **Credit-Hour Requirements:** A total of 120 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above). Between 27-35 credits of upper-division are required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media(3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Multimedia Journalism/Communication Teaching (3070), Organizational Communication (3054), Public Relations & Advertising (3055).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media(090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Multimedia Journalism/Communication Teaching (131399), Organizational Communication (090901), Public Relations & Advertising (090999).

To enroll in upper-division Communication courses, a student must hold upper-division standing in the university. Students must complete at least 50 percent of their Communication coursework at Weber State University in order to receive a major or a minor in Communication.

Advisement

Students are encouraged to meet with the appropriate department advisor depending on their selected emphasis. Refer to the Communication Department website for a current list of department advisors: weber.edu/communication.

Admission Requirements

Declare your program of study at the Communication Department office, Elizabeth Hall 330. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for either Bachelor of Arts or Bachelor of Science requirements. See specific requirements for the BA and BS under the major course requirements. The following courses, required for the Communication major, will also satisfy General Education requirements: COMM 1020 HU, COMM 2010 HU, and COMM 2110 HU CEL.

Program Learning Outcomes

- Writing: Write at a level expected of a professional communicator in a selected emphasis area.
- Diversity: Be sensitive to difference and discrimination in society and value diversity.
- Career Readiness: Be prepared to enter a professional career or graduate school.
- Critical thinking: Use critical thinking to analyze information from a variety of perspectives for understanding, persuasive argument or problem solving.
- Law/Ethics: Understand communication law and ethics to enable legal and ethical communication.
• Theory: Understand how various communication theories have been developed, applied, and evaluated.
• Research: Find peer-reviewed or professional research studies, be familiar with a variety of research methods, and interpret and analyze research data.
• History: Know the history of the communication discipline and its societal and professional implications.
• Media: Use and produce media to communicate messages.
• Interpersonal/Small Group: Facilitate successful communication in interpersonal situations and small group settings.
• Listening: Listen actively to acquire and analyze information.
• Speaking: Speak clearly and persuasively in a one-on-one interpersonal interaction, and in front of small and large groups in a variety of contexts.

**Emphasis Areas**

**Select one of the following emphasis areas in Communication:**
- Civic Advocacy
- Digital Media
- Interpersonal & Family Communication
- Multimedia Journalism
- Organizational Communication
- Public Relations & Advertising
- Social Media & Data Analytics

**Major Course Requirements for BS or BA Degree**

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must complete a minor approved by the department or the classes required in an interdisciplinary track.

**Required Courses for Major (24 credit hours)**

- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 1130 - Media Writing Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4890 INT - Communication Internship Credits: (1-3)
- COMM 4990 - Senior Seminar Credits: (3)

**Courses Required to Fulfill the BA (12 credit hours)**

*Complete either Option 1 or Option 2.*

**Option 1 - Foreign Language**

- Select 4 courses (12 credit hours) in a foreign language.

**Option 2 - Foreign Language with Language Arts**

*Select two courses (6 credit hours) from the following, plus two courses (6 credit hours) in a foreign language.*

- COMM 2270 - Argumentation and Debate Credits: (3)
• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3650 - Communication Law Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3780 - Broadcast News Writing and Production Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4130 - In-depth and Investigative Journalism Credits: (3)
• COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
• COMM 4160 - Contemporary Rhetorical and Communication Theories Credits: (3)

Multimedia Journalism Emphasis (45 credit hours)

The Multimedia Journalism emphasis teaches students how to collect and write information or produce video and audio content regarding current events—including trends, issues, and people—for publication in a website, newspaper, or magazine. The curriculum emphasizes writing skills and video/audio production skills, but students also learn about research, interviewing, editing, layout and design, and legal and ethical issues in journalism.

Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks:

• Technical Writing
• Web Publishing
• Literary Journalism
• General Reporting
• Sports Journalism

Required Courses (30 credit hours)

• COMM 1500 - Introduction to Mass Communication Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)

• COMM 3200 - Live Event Production Credits: (1-3) (select 3 credit hours) OR
• COMM 3840 - Data Visualization and Storytelling Credits: (3)

• COMM 3780 - Broadcast News Writing and Production Credits: (3)
• COMM 3890 INT - Advanced Cooperative Work Experience with Signpost Credits: (1-3) (select 3 credit hours)
• COMM 4130 - In-depth and Investigative Journalism Credits: (3)

Three of the following courses (9 credit hours):

• COMM 1560 - Audio Production and Performance Credits: (3)
• COMM 2010 HU - Mass Media and Society Credits: (3)
• COMM 2200 - Multi-Camera Production and Performance Credits: (3)
• COMM 2400 - Social Media for Communicators Credits: (3)
• COMM 2730 - Digital Radio Production and Broadcast Credits: (1-3)
• COMM 2820 - Podcast Production Credits: (3)
• COMM 2980 - Introduction to Storytelling in Cinematic Virtual Reality Credits: (3)
• COMM 3060 - Listening and Interviewing Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
- COMM 3090 - Gender and Communication Credits: (3)
- COMM 3220 - Editing Credits: (3)
- COMM 3350 - Visual Communication Credits: (3)
- COMM 3400 - Introduction to Public Relations Credits: (3)
- COMM 3440 - Public Relations Writing Credits: (3)
- COMM 3460 - Public Relations and Social Media Credits: (3)
- COMM 3550 - Organizational Communication Credits: (3)
- COMM 3740 - Writing for Screen Credits: (3)
- COMM 3820 - Persuasive Communication Credits: (3)
- COMM 3850 - Advertising Credits: (3)
- COMM 3890 INT - Advanced Cooperative Work Experience with Signpost Credits: (1-3)
- COMM 3891 INT - Advanced Cooperative Work Experience with KWCR Credits: (1-3)
- COMM 3893 INT - Advanced Cooperative Work Experience with Studio 76 Credits: (1-3)
- COMM 4400 INT - Public Relations Media and Campaigns Credits: (3)
- COMM 4440 - Developing and Evaluating Health Communication Campaigns Credits: (3)
- COMM 4500 - Topics in Communication Credits: (3) only when taught as journalism-related topic and with permission of instructor

Elective Courses (15 credit hours)

See department advisor for an approved list of additional non-Communication Department courses for the tracks (15 credit hours).
Communication (BA), Organizational Communication Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, and Public Relations & Advertising. A student may not receive both a major and a minor from the Department of Communication.

- COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
- COMM 4160 - Contemporary Rhetorical and Communication Theories Credits: (3)

Organizational Communication Emphasis (45 credit hours)
An Organizational Communication emphasis provides students with a foundation employers seek—effective professional communication in the workplace.

Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks:

- **Generalist:** Does not specialize. The generalist has the communication skills and knowledge to lead groups and develop organizational strategies necessary for management. Rather than focus on the career areas of technical writing or training and development, the generalist combines organizational communication with expertise in a secondary subject of interest. Minors in disciplines such as Spanish, health administration, political science, psychology, or economics are a valuable combination with an Organizational Communication Generalist emphasis.

- **Technical Writing:** Synthesizes technical information into messages easily understood by a given audience. Technical writers produce organizational policy and training manuals, employee newsletters, brochures, grant applications, and annual reports.

- **Training & Development:** Conducts training needs assessments for diverse groups, designs workshops, writes training manuals, evaluates classroom technology and equipment needs, and evaluates training.

**Required Courses (27 credit hours)**

- COMM 3050 - Conflict Management and Negotiation Credits: (3)
- COMM 3060 - Listening and Interviewing Credits: (3)
- COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
- COMM 3120 - Advanced Public Speaking Credits: (3)
- COMM 3350 - Visual Communication Credits: (3)
- COMM 3550 - Organizational Communication Credits: (3)

Three of the following courses (9 credit hours)

- COMM 1500 - Introduction to Mass Communication Credits: (3) OR
- COMM 2010 HU - Mass Media and Society Credits: (3)
- COMM 2200 - Multi-Camera Production and Performance Credits: (3)
- COMM 2250 HU - Essentials of Digital Media Credits: (3)
- COMM 2400 - Social Media for Communicators Credits: (3)
- COMM 2550 - Communication in Professional Settings Credits: (3)
- COMM 3080 - Intercultural Communication Credits: (3)
- COMM 3085 - Family Communication Credits: (3)
- COMM 3090 - Gender and Communication Credits: (3)
- COMM 3220 - Editing Credits: (3)
- COMM 3400 - Introduction to Public Relations Credits: (3)
- COMM 3440 - Public Relations Writing Credits: (3)
- COMM 3460 - Public Relations and Social Media Credits: (3)
- COMM 3820 - Persuasive Communication Credits: (3)
- COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3)

**Required Courses outside the Department (18 credit hours)**

**Technical Writing track (18 credit hours):**

- ENGL 3100 - Professional and Technical Writing Credits: (3)
- ENGL 3140 - Professional and Technical Editing Credits: (3)
- ENGL 3190 CEL - Document Design Credits: (3)
- ENGL 4100 - Issues in Professional and Technical Writing Credits: (3)
- ENGL 4110 - Content Management Credits: (3)
- WEB 1400 - Web Design and Usability Credits: (3)
Training & Development track (18 credit hours):

- BSAD 1010 - Introduction to Business Credits: (3)
- ACTG 2010 - Survey of Accounting I Credits: (3)
- MGMT 3010 - Organizational Behavior and Management Credits: (3)
- MGMT 3300 - Human Resource Management Credits: (3)
- WEB 3400 - LAMP Stack Web Development Credits: (3)

See department advisor for approval of an additional non-Communication Department course (3 credits)
Communication (BA), Public Relations & Advertising Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, and Public Relations & Advertising. A student may not receive both a major and a minor from the Department of Communication.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable), in addition to an overall GPA of 2.00 or higher for all courses.
- **Credit-Hour Requirements:** A total of 120 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above). Between 27-35 credits of upper-division are required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media(3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Multimedia Journalism/Communication Teaching (3070), Organizational Communication (3054), Public Relations & Advertising (3055).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media(090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Multimedia Journalism/Communication Teaching (131399), Organizational Communication (090901), Public Relations & Advertising (090999).

To enroll in upper-division Communication courses, a student must hold upper-division standing in the university. Students must complete at least 50 percent of their Communication coursework at Weber State University in order to receive a major or a minor in Communication.

Advisement

Students are encouraged to meet with the appropriate department advisor depending on their selected emphasis. Refer to the Communication Department website for a current list of department advisors: weber.edu/communication.

Admission Requirements

Declare your program of study at the Communication Department office, Elizabeth Hall 330. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for either Bachelor of Arts or Bachelor of Science requirements. See specific requirements for the BA and BS under the major course requirements. The following courses, required for the Communication major, will also satisfy General Education requirements: COMM 1020 HU, COMM 2010 HU, and COMM 2110 HU CEL.

Program Learning Outcomes

- Writing: Write at a level expected of a professional communicator in a selected emphasis area.
- Diversity: Be sensitive to difference and discrimination in society and value diversity.
- Career Readiness: Be prepared to enter a professional career or graduate school.
- Critical thinking: Use critical thinking to analyze information from a variety of perspectives for understanding, persuasive argument or problem solving.
- Law/Ethics: Understand communication law and ethics to enable legal and ethical communication.
• Theory: Understand how various communication theories have been developed, applied, and evaluated.
• Research: Find peer-reviewed or professional research studies, be familiar with a variety of research methods, and interpret and analyze research data.
• History: Know the history of the communication discipline and its societal and professional implications.
• Media: Use and produce media to communicate messages.
• Interpersonal/Small Group: Facilitate successful communication in interpersonal situations and small group settings.
• Listening: Listen actively to acquire and analyze information.
• Speaking: Speak clearly and persuasively in a one-on-one interpersonal interaction, and in front of small and large groups in a variety of contexts.

Emphasis Areas

Select one of the following emphasis areas in Communication:
• Civic Advocacy
• Digital Media
• Interpersonal & Family Communication
• Multimedia Journalism
• Organizational Communication
• Public Relations & Advertising
• Social Media & Data Analytics

Major Course Requirements for BS or BA Degree

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must complete a minor approved by the department or the classes required in an interdisciplinary track.

Required Courses for Major (24 credit hours)

- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 1130 - Media Writing Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4890 INT - Communication Internship Credits: (1-3)
- COMM 4990 - Senior Seminar Credits: (3)

Courses Required to Fulfill the BA (12 credit hours)

Complete either Option 1 or Option 2.

Option 1 - Foreign Language

- Select 4 courses (12 credit hours) in a foreign language.

Option 2 - Foreign Language with Language Arts

Select two courses (6 credit hours) from the following, plus two courses (6 credit hours) in a foreign language.

- COMM 2270 - Argumentation and Debate Credits: (3)
• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3650 - Communication Law Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3780 - Broadcast News Writing and Production Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4130 - In-depth and Investigative Journalism Credits: (3)
• COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
• COMM 4160 - Contemporary Rhetorical and Communication Theories Credits: (3)

Public Relations & Advertising Emphasis (45 credit hours)

The Public Relations & Advertising emphasis provides students with theoretical and practical skills in writing, critical thinking, marketing, advertising, and communicating to influence public opinion across a range of media. Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks (15 credits):

- Copywriting
- Health Care Public Relations
- International Public Relations
- Marketing
- Visual Communication

Required Courses (21 credit hours)

- COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3) Must take 3 credits OR
- COMM 3130 - News Reporting and Writing Credits: (3)
- COMM 3350 - Visual Communication Credits: (3)
- COMM 3400 - Introduction to Public Relations Credits: (3)
- COMM 3440 - Public Relations Writing Credits: (3)
- COMM 3850 - Advertising Credits: (3)
- COMM 4400 INT - Public Relations Media and Campaigns Credits: (3) or
- COMM 4440 - Developing and Evaluating Health Communication Campaigns Credits: (3)

Non-Communication Requirement for Major (3 credits)
- MKTG 3010 - Marketing Concepts and Practices Credits: (3)

Three of the following courses (9 credit hours)

- COMM 1500 - Introduction to Mass Communication Credits: (3)
- COMM 2200 - Multi-Camera Production and Performance Credits: (3)
- COMM 2250 HU - Essentials of Digital Media Credits: (3)
- COMM 2400 - Social Media for Communicators Credits: (3)
- COMM 2820 - Podcast Production Credits: (3)
- COMM 3080 - Intercultural Communication Credits: (3)
- COMM 3090 - Gender and Communication Credits: (3)
- COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3460 - Public Relations and Social Media Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 3840 - Data Visualization and Storytelling Credits: (3)
• COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3)
• COMM 4500 - Topics in Communication Credits: (3) only when taught as public relations/advertising-related topic and with permission of instructor

Elective Courses (15 credit hours)

Note:
See department advisor for an approved list of non-Communication Department courses for the tracks (15 credit hours).
Communication (BA), Social Media & Data Analytics

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, Public Relations & Advertising, and Social Media & Data Analytics. A student may not receive both a major and a minor from the Department of Communication.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable), in addition to an overall GPA of 2.00 or higher for all courses.
- **Credit-Hour Requirements:** A total of 120 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above). Between 27-35 credits of upper-division are required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media(3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Multimedia Journalism/Communication Teaching (3070), Organizational Communication (3054), Public Relations & Advertising (3055), Social Media & Data Analytics (3109).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media(090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Multimedia Journalism/Communication Teaching (131399), Organizational Communication (090901), Public Relations & Advertising (090999), Social Media & Data Analytics (090702).

To enroll in upper-division Communication courses, a student must hold upper-division standing in the university. Students must complete at least 50 percent of their Communication coursework at Weber State University in order to receive a major or a minor in Communication.

Advisement

Students are encouraged to meet with the appropriate department advisor depending on their selected emphasis. Refer to the Communication Department website for a current list of department advisors: weber.edu/communication.

Admission Requirements

Declare your program of study at the Communication Department office, Elizabeth Hall 330. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for either Bachelor of Arts or Bachelor of Science requirements. See specific requirements for the BA and BS under the major course requirements. The following courses, required for the Communication major, will also satisfy General Education requirements: COMM 1020 HU, COMM 2010 HU, and COMM 2110 HU CEL.

Program Learning Outcomes

- **Writing:** Write at a level expected of a professional communicator in a selected emphasis area.
- **Diversity:** Be sensitive to difference and discrimination in society and value diversity.
- **Career Readiness:** Be prepared to enter a professional career or graduate school.
- **Critical thinking:** Use critical thinking to analyze information from a variety of perspectives for understanding, persuasive argument or problem solving.
- **Law/Ethics:** Understand communication law and ethics to enable legal and ethical communication.
• Theory: Understand how various communication theories have been developed, applied, and evaluated.
• Research: Find peer-reviewed or professional research studies, be familiar with a variety of research methods, and interpret and analyze research data.
• History: Know the history of the communication discipline and its societal and professional implications.

- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4890 INT - Communication Internship Credits: (1-3)
- COMM 4990 - Senior Seminar Credits: (3)

**Courses Required to Fulfill the BA (12 credit hours)**

*Complete either Option 1 or Option 2.*

**Option 1 - Foreign Language**

- Select 4 courses (12 credit hours) in a foreign language.

**Option 2 - Foreign Language with Language Arts**

*Select two courses (6 credit hours) from the following, plus two courses (6 credit hours) in a foreign language.*
• COMM 2270 - Argumentation and Debate Credits: (3)
• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3650 - Communication Law Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3780 - Broadcast News Writing and Production Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4130 - In-depth and Investigative Journalism Credits: (3)
• COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
• COMM 4160 - Contemporary Rhetorical and Communication Theories Credits: (3)

Social Media and Data Analytics Emphasis (45 credits)

An emphasis is Social Media and Data Analytics will provide students with an in-depth understanding of social media and how to strategically use it to communicate messages. Students will gain skills in creating social media content, analyzing social media data, and making data visualizations to communicate complex data to audiences. Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks:

- Web Design: acquire skills in web design and web management
- Digital Strategy: acquire skills in digital strategy and advertising
- Audience Analytics: acquire skills in audience analysis and campaign analysis

Required for Social Media and Data Analytics Emphasis (30 credits)

• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• COMM 2400 - Social Media for Communicators Credits: (3)
• COMM 3350 - Visual Communication Credits: (3)
• COMM 3460 - Public Relations and Social Media Credits: (3)
• COMM 3840 - Data Visualization and Storytelling Credits: (3)
• COMM 3880 - Audience Analysis Credits: (3)
• COMM 4880 - Social Media Metrics and Measurement Credits: (3)

Three of the following courses (9 credit hours)

• COMM 1560 - Audio Production and Performance Credits: (3)
• COMM 2010 HU - Mass Media and Society Credits: (3)
• COMM 2200 - Multi-Camera Production and Performance Credits: (3)
• COMM 2820 - Podcast Production Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3200 - Live Event Production Credits: (1-3)
• COMM 3220 - Editing Credits: (3)
• COMM 3400 - Introduction to Public Relations Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3750 - Advanced Cinematography and Editing Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 3850 - Advertising Credits: (3)
• COMM 3890 INT - Advanced Cooperative Work Experience with Signpost Credits: (1-3)
• COMM 3891 INT - Advanced Cooperative Work Experience with KWCR Credits: (1-3)
• COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3)
• COMM 3893 INT - Advanced Cooperative Work Experience with Studio 76 Credits: (1-3)
• COMM 4440 - Developing and Evaluating Health Communication Campaigns Credits: (3)
• COMM 4760 - Media Management and Distribution Credits: (3)

Elective Courses (15 credit hours)

See department advisor for an approved list of non-Communication Department courses for the tracks (15 credit hours).
Communication Teaching (BA), Communication Studies Emphasis

Communication Teaching Major (BS or BA)

- **Program Prerequisite:** Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable).
- **Credit-Hour Requirements:** A total of 120 credit hours is required for graduation. A minimum of 47-48 of these are required within the major, depending on the selected emphasis. A total of 40 upper-division credit hours is required (courses numbered 3000 and above); a minimum of 24-36 of these are required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media (3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Multimedia Journalism/Communication Teaching (3070), Organizational Communication (3054), Public Relations & Advertising (3055).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media (090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Multimedia Journalism/Communication Teaching (131399), Organizational Communication (090901), Public Relations & Advertising (090999).

Advisement

Communication students are required to meet with a faculty advisor at least annually for course and program advisement. Teaching majors are encouraged to also consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269). (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study at the Communication Department office, Elizabeth Hall 330. Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).

General Education

Refer to Degree Requirements of this catalog for either Bachelor of Science or Bachelor of Arts requirements. See specific requirements for the BA and BS under the major course requirements. The following courses required for this major will also fulfill general education requirements: COMM 1020 HU or COMM 2010 HU and COMM 2110 HU CEL.

Program Learning Outcomes

- **Writing:** Write at a level expected of a professional communicator in a selected emphasis area.
- **Diversity:** Be sensitive to difference and discrimination in society and value diversity.
- **Career Readiness:** Be prepared to enter a professional career or graduate school.
- **Critical thinking:** Use critical thinking to analyze information from a variety of perspectives for understanding, persuasive argument or problem solving.
- **Law/Ethics:** Understand communication law and ethics to enable legal and ethical communication.
- **Theory:** Understand how various communication theories have been developed, applied, and evaluated.
- **Research:** Find peer-reviewed or professional research studies, be familiar with a variety of research methods, and interpret and analyze research data.
- **History:** Know the history of the communication discipline and its societal and professional implications.
• Media: Use and produce media to communicate messages.
• Interpersonal/Small Group: Facilitate successful communication in interpersonal situations and small group settings.
• Listening: Listen actively to acquire and analyze information.
• Speaking: Speak clearly and persuasively in a one-on-one interpersonal interaction, and in front of small and large groups in a variety of contexts.

**Emphasis Requirements**

The State of Utah endorses secondary teachers in two areas of Communication: Speech and Journalism. Accordingly, the Communication Teaching major is divided into two emphasis areas: Communication Studies (Speech) and Multimedia Journalism (Journalism). All Communication Teaching majors must complete one of these two emphasis areas.

**Major Course Requirements for BS or BA Degree**

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must also complete required and elective courses from non-Communication departments.

**Communication Courses Required of all Communication Teaching Majors (21 credit hours)**

- COMM 1020 HU - Principles of Public Speaking Credits: (3) or
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3) *
- COMM 1130 - Media Writing Credits: (3)
- COMM 2010 HU - Mass Media and Society Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4990 - Senior Seminar Credits: (3)

**Note:**

*Students must take either COMM 1020 HU or COMM 2110 HU CEL as a foundation course requirement for the Communication Teaching major, whichever is not used for Teacher Education admission requirements.*

**Courses Required to Fulfill the BA (12 credit hours)**

*Complete either Option 1 or Option 2.*

**Option 1 - Foreign Language**

- Select 4 courses (12 credit hours) in a foreign language.

**Option 2 - Foreign Language with Language Arts**

*Select two courses (6 credit hours) from the following, plus two courses (6 credit hours) in a foreign language.*

- COMM 2270 - Argumentation and Debate Credits: (3)
- COMM 3050 - Conflict Management and Negotiation Credits: (3)
- COMM 3080 - Intercultural Communication Credits: (3)
- COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3650 - Communication Law Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3780 - Broadcast News Writing and Production Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4130 - In-depth and Investigative Journalism Credits: (3)
• COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
• COMM 4160 - Contemporary Rhetorical and Communication Theories Credits: (3)

Communication Studies Emphasis (27 credit hours)

Required Courses (18 credit hours)

• COMM 2270 - Argumentation and Debate Credits: (3)
• COMM 3060 - Listening and Interviewing Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
• COMM 4850 INT - Teaching Speech and Directing Speech Activities in the Secondary School Credits: (3)

Electives (9 credit hours)

Select 9 credit hours of electives from the following with approval from the department's Communication Education advisor for the Communication Studies emphasis.

• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3070 - Performance Studies Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)

• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3650 - Communication Law Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3780 - Broadcast News Writing and Production Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4130 - In-depth and Investigative Journalism Credits: (3)
• COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
• COMM 4160 - Contemporary Rhetorical and Communication Theories Credits: (3)

Multimedia Journalism Emphasis (27 credit hours)

Required Courses (18 credit hours)

• COMM 1500 - Introduction to Mass Communication Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3) or
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3350 - Visual Communication Credits: (3)
• COMM 4840 - Teaching Journalism and Advising Student Media in the Secondary School Credits: (3)

Electives (9 credit hours)

Select 9 credit hours of electives from the following with approval from the department's communication education advisor for the Multimedia Journalism emphasis.

• COMM 1560 - Audio Production and Performance Credits: (3)
• COMM 2200 - Multi-Camera Production and Performance Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3780 - Broadcast News Writing and Production Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4130 - In-depth and Investigative Journalism Credits: (3)
Communication (BS), Civic Advocacy Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, Public Relations & Advertising, and Social Media & Data Analytics. A student may not receive both a major and a minor from the Department of Communication.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable), in addition to an overall GPA of 2.00 or higher for all courses.
- **Credit-Hour Requirements:** A total of 120 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above). Between 27-35 credits of upper-division are required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media(3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Organizational Communication (3054), Public Relations & Advertising (3055), Social Media & Data Analytics (3109).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media(090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Organizational Communication (090901), Public Relations & Advertising (090999), Social Media & Data Analytics (090702).

To enroll in upper-division Communication courses, a student must hold upper-division standing in the university. Students must complete at least 50 percent of their Communication coursework at Weber State University in order to receive a major or a minor in Communication.

Advisement

Students are encouraged to meet with the appropriate department advisor depending on their selected emphasis. Refer to the Communication Department website for a current list of department advisors: weber.edu/communication.

Admission Requirements

Declare your program of study at the Communication Department office, Elizabeth Hall 330. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for either Bachelor of Arts or Bachelor of Science requirements. See specific requirements for the BA and BS under the major course requirements. The following courses, required for the Communication major, will also satisfy General Education requirements: COMM 1020 HU, COMM 2010 HU, and COMM 2110 HU CEL.

Program Learning Outcomes

- Writing: Write at a level expected of a professional communicator in a selected emphasis area.
- Diversity: Be sensitive to difference and discrimination in society and value diversity.
- Career Readiness: Be prepared to enter a professional career or graduate school.
- Critical thinking: Use critical thinking to analyze information from a variety of perspectives for understanding, persuasive argument or problem solving.
- Law/Ethics: Understand communication law and ethics to enable legal and ethical communication.
• Theory: Understand how various communication theories have been developed, applied, and evaluated.
• Research: Find peer-reviewed or professional research studies, be familiar with a variety of research methods, and interpret and analyze research data.
• History: Know the history of the communication discipline and its societal and professional implications.
• Media: Use and produce media to communicate messages.
• Interpersonal/Small Group: Facilitate successful communication in interpersonal situations and small group settings.
• Listening: Listen actively to acquire and analyze information.
• Speaking: Speak clearly and persuasively in a one-on-one interpersonal interaction, and in front of small and large groups in a variety of contexts.

**Emphasis Areas**

Select one of the following emphasis areas in Communication:

- Civic Advocacy
- Digital Media
- Interpersonal & Family Communication
- Multimedia Journalism
- Organizational Communication
- Public Relations & Advertising
- Social Media & Data Analytics

**Major Course Requirements for BS or BA Degree**

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must complete a minor approved by the department or the classes required in an interdisciplinary track.

**Required Courses for Major (24 credit hours)**

- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 1130 - Media Writing Credits: (3) OR
- COMM 1140 - Writing for Workplace Communication Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4890 INT - Communication Internship Credits: (1-3)
- COMM 4990 - Senior Seminar Credits: (3)

**Courses Required to Fulfill the BS (12 credit hours)**

Select 4 courses (12 credit hours) from the following. Pick 3 credit hours from Physical Sciences and 3 credit hours from Life Sciences.

- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- CHEM 1360 PS - Principles of Physical Science Credits: (3)
- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3)
- GEO 1030 PS - Earthquakes and Volcanoes Credits: (3)
- GEO 1350 PS - Principles of Earth Science Credits: (3)
- HNRS 1500 PS - Perspectives in the Physical Sciences Credits: (3)
- PHYS 1010 PS - Elementary Physics Credits: (3)
• BTNY 1370 LS - Principles of Life Science Credits: (3)
• HNRS 1510 LS - Perspectives in the Life Sciences Credits: (3)
• NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
• HLTH 1020 LS - Science and Application of Human Nutrition Credits: (3)
• ZOOL 1020 LS - Human Biology Credits: (3)
• ZOOL 1030 LS - The Nature of Sex Credits: (3)

Civic Advocacy Emphasis (45 credit hours)

The mission of the Civic Advocacy emphasis is to educate students who wish to serve as advocates in the interest of the public good. Those who might benefit from this interdisciplinary emphasis include students who want to become attorneys, legislators, environmental advocates, animal rights activists, religious leaders, homeless advocates, politicians, children's advocates, advocates for minority and marginalized populations, etc. Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks:

• Environmental Advocacy
• Ethnic Studies/Ethnic Advocacy
• Legal Advocacy
• Public Policy Advocacy
• Religion Advocacy
• Women's Advocacy

Required Courses (27 credit hours)

• COMM 2010 HU - Mass Media and Society Credits: (3)
• COMM 2270 - Argumentation and Debate Credits: (3) or
• COMM 1270 - Analysis of Argument Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3) or
• COMM 3090 - Gender and Communication Credits: (3)

Three of the following courses (9 credit hours):

• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• COMM 2400 - Social Media for Communicators Credits: (3)
• COMM 2550 - Communication in Professional Settings Credits: (3)
• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3060 - Listening and Interviewing Credits: (3)
• COMM 3070 - Performance Studies Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3400 - Introduction to Public Relations Credits: (3)
• COMM 3460 - Public Relations and Social Media Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3890 INT - Advanced Cooperative Work Experience with Signpost Credits: (1-3)
• COMM 3891 INT - Advanced Cooperative Work Experience with KWCR Credits: (1-3)
Elective Courses (18 credit hours)

See department advisor for an approved list of additional non-Communication Department courses for the tracks (18 credit hours).
Communication (BS), Digital Media Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, Public Relations & Advertising, and Social Media & Data Analytics. • ZOOL 1020 LS - Human Biology Credits: (3)
• ZOOL 1030 LS - The Nature of Sex Credits: (3)

Digital Media Emphasis (45 credit hours)

An emphasis in Digital Media will teach students about the importance of deadlines, budgets, and the impact their actions have on a production team. Advanced students will gain understanding about the art and power of communicating messages through video, audio, and the web.

Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks:

- **Entertainment**: acquire skills in production, writing, and content development to prepare to pursue further graduate study and careers within the entertainment industry.
- **Digital Media Production**: acquire skills producing, writing, shooting, editing, directing, and distributing video content. Focused on creating and sharing institutional, educational, and commercial video productions.

Required Courses (30 credit hours)

• COMM 1500 - Introduction to Mass Communication Credits: (3)
• COMM 1560 - Audio Production and Performance Credits: (3)
• COMM 2200 - Multi-Camera Production and Performance Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3750 - Advanced Cinematography and Editing Credits: (3)
• COMM 4760 - Media Management and Distribution Credits: (3)

Three of the following courses (9 credit hours)

• COMM 2010 HU - Mass Media and Society Credits: (3)
• COMM 2400 - Social Media for Communicators Credits: (3)
• COMM 2550 - Communication in Professional Settings Credits: (3)
• COMM 2730 - Digital Radio Production and Broadcast Credits: (1-3) (3 semesters at 1 credit hour each)
• COMM 2820 - Podcast Production Credits: (3)
• COMM 2980 - Introduction to Storytelling in Cinematic Virtual Reality Credits: (3)
• COMM 3060 - Listening and Interviewing Credits: (3)
• COMM 3070 - Performance Studies Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3200 - Live Event Production Credits: (1-3)
• COMM 3220 - Editing Credits: (3)
• COMM 3350 - Visual Communication Credits: (3)
• COMM 3400 - Introduction to Public Relations Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3460 - Public Relations and Social Media Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3780 - Broadcast News Writing and Production Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 3850 - Advertising Credits: (3)
• COMM 3890 INT - Advanced Cooperative Work Experience with Signpost Credits: (1-3)
• COMM 3891 INT - Advanced Cooperative Work Experience with KWCR Credits: (1-3)
• COMM 3893 INT - Advanced Cooperative Work Experience with Studio 76 Credits: (1-3)
• COMM 4130 - In-depth and Investigative Journalism Credits: (3)
• COMM 4440 - Developing and Evaluating Health Communication Campaigns Credits: (3)
• COMM 4500 - Topics in Communication Credits: (3) only when taught as digital media-related topic and with permission of instructor
• COMM 4800 - Special Study and Individual Projects Credits: (1-3)

Elective Courses (15 credit hours)

Note:

See department advisor for an approved list of non-Communication Department courses for the tracks (15 credit hours).
Communication (BS), Interpersonal & Family Communication Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, and Public Relations & Advertising. A student may not receive both a major and a minor from the Department of Communication.

- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above). Between 27-35 credits of upper-division is required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media (3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Multimedia Journalism/Communication Teaching (3070), Organizational Communication (3054), Public Relations & Advertising (3055).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media (090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Multimedia Journalism/Communication Teaching (131399), Organizational Communication (090901), Public Relations & Advertising (090999).

To enroll in upper-division Communication courses, a student must hold upper-division standing in the university. Students must complete at least 50 percent of their Communication course-work at Weber State University in order to receive a major or a minor in Communication.

Advisement

Students are encouraged to meet with the appropriate department advisor depending on their selected emphasis. Refer to the Communication Department website for a current list of department advisors - weber.edu/communication.

Admission Requirements

Declare your program of study at the Communication Department office, Elizabeth Hall 330. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for either Bachelor of Arts or Bachelor of Science requirements. See specific requirements for the BA and BS under the major course requirements. The following courses, required for the Communication major, will also satisfy general education requirements: COMM 1020, COMM 2010, and COMM 2110.

Emphasis Areas

Select one of the following emphasis areas in Communication:

- Civic Advocacy
- Digital Media
- Interpersonal & Family Communication
Major Course Requirements for BS or BA Degree

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must complete a minor approved by the department or the classes required in an interdisciplinary track.

Required Courses for Major (24 credit hours)

- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 1130 - Media Writing Credits: (3) OR
- COMM 1140 - Writing for Workplace Communication Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4890 INT - Communication Internship Credits: (1-3)
- COMM 4990 - Senior Seminar Credits: (3)

Courses Required to Fulfill the BS (12 credit hours)

Select 4 courses (12 credit hours) from the following. Pick 3 credit hours from Physical Sciences and 3 credit hours from Life Sciences.

- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- CHEM 1360 PS - Principles of Physical Science Credits: (3)
- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3)
- GEO 1030 PS - Earthquakes and Volcanoes Credits: (3)
- GEO 1350 PS - Principles of Earth Science Credits: (3)
- HNRS 1500 PS - Perspectives in the Physical Sciences Credits: (3)
- PHYS 1010 PS - Elementary Physics Credits: (3)
- BTNY 1370 LS - Principles of Life Science Credits: (3)
- HNRS 1510 LS - Perspectives in the Life Sciences Credits: (3)
- NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
- HLTH 1020 LS - Science and Application of Human Nutrition Credits: (3)
- ZOOL 1020 LS - Human Biology Credits: (3)
- ZOOL 1030 LS - The Nature of Sex Credits: (3)

Interpersonal & Family Communication Emphasis (45 credit hours)

The Interpersonal & Family Communication emphasis is designed to help students understand, explain, and improve friendship, marriage, family, and other meaningful long- and short-term interpersonal relationships. Communication is the central enabling feature or framework through which we all function, create, and share meaning, sustain identities, and negotiate our relationships with each other and the rest of the world. This program of study will teach students to understand these complex, dynamic relationships.

Required Courses (24 credit hours)
• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3060 - Listening and Interviewing Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3085 - Family Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)

Required Outside the Department (6 credits)
• FAM 1400 - Marriage and Romantic Relationships Credits: (3) or
• CHF 2400 SS/DV - Family Relations Credits: (3)
• WGS 1500 SS/DV - Introduction to Women, Gender, and Queer Studies Credits: (3)

Three of the following courses (9 credit hours)

• COMM 1270 - Analysis of Argument Credits: (3)
• COMM 2010 HU - Mass Media and Society Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• COMM 2400 - Social Media for Communicators Credits: (3)
• COMM 2550 - Communication in Professional Settings Credits: (3)
• COMM 3070 - Performance Studies Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3400 - Introduction to Public Relations Credits: (3)
• COMM 3460 - Public Relations and Social Media Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3)

Elective Courses (12 credit hours)

Note:
See department advisor for an approved list of non-Communication Department courses for the tracks (12 credit hours).
Communication (BS), Multimedia Journalism Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, and Public Relations & Advertising. - Multimedia Journalism
- Organizational Communication
- Public Relations & Advertising
- Social Media & Data Analytics

**Major Course Requirements for BS or BA Degree**

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must complete a minor approved by the department or the classes required in an interdisciplinary track.

**Required Courses for Major (24 credit hours)**

- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 1130 - Media Writing Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4890 INT - Communication Internship Credits: (1-3)
- COMM 4990 - Senior Seminar Credits: (3)

**Courses Required to Fulfill the BS (12 credit hours)**

Select 4 courses (12 credit hours) from the following. Pick 3 credit hours from Physical Sciences and 3 credit hours from Life Sciences.

- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- CHEM 1360 PS - Principles of Physical Science Credits: (3)
- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3)
- GEO 1030 PS - Earthquakes and Volcanoes Credits: (3)
- GEO 1350 PS - Principles of Earth Science Credits: (3)
- HNRS 1500 PS - Perspectives in the Physical Sciences Credits: (3)
- PHYS 1010 PS - Elementary Physics Credits: (3)
- BTNY 1370 LS - Principles of Life Science Credits: (3)
- HNRS 1510 LS - Perspectives in the Life Sciences Credits: (3)
Multimedia Journalism Emphasis (45 credit hours)

The Multimedia Journalism emphasis teaches students how to collect and write information or produce video and audio content regarding current events-including trends, issues, and people-for publication in a website, newspaper, or magazine. The curriculum emphasizes writing skills and video/audio production skills, but students also learn about research, interviewing, editing, layout and design, and legal and ethical issues in journalism. Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks:

- Technical Writing
- Web Publishing
- Literary Journalism
- General Reporting
- Sports Journalism

Required Courses (30 credit hours)

- COMM 1500 - Introduction to Mass Communication Credits: (3)
- COMM 2250 HU - Essentials of Digital Media Credits: (3)
- COMM 3130 - News Reporting and Writing Credits: (3)
- COMM 3200 - Live Event Production Credits: (1-3) (select 3 credit hours) OR
- COMM 3840 - Data Visualization and Storytelling Credits: (3)
- COMM 3780 - Broadcast News Writing and Production Credits: (3)
- COMM 3890 INT - Advanced Cooperative Work Experience with Signpost Credits: (1-3) (select 3 credit hours)
- COMM 4130 - In-depth and Investigative Journalism Credits: (3)

Three of the following courses (9 credit hours):

- COMM 1560 - Audio Production and Performance Credits: (3)
- COMM 2010 HU - Mass Media and Society Credits: (3)
- COMM 2200 - Multi-Camera Production and Performance Credits: (3)
- COMM 2400 - Social Media for Communicators Credits: (3)
- COMM 2730 - Digital Radio Production and Broadcast Credits: (1-3)
- COMM 2820 - Podcast Production Credits: (3)
- COMM 2980 - Introduction to Storytelling in Cinematic Virtual Reality Credits: (3)
- COMM 3060 - Listening and Interviewing Credits: (3)
- COMM 3080 - Intercultural Communication Credits: (3)
- COMM 3090 - Gender and Communication Credits: (3)
- COMM 3220 - Editing Credits: (3)
- COMM 3350 - Visual Communication Credits: (3)
- COMM 3400 - Introduction to Public Relations Credits: (3)
- COMM 3440 - Public Relations Writing Credits: (3)
- COMM 3460 - Public Relations and Social Media Credits: (3)
- COMM 3550 - Organizational Communication Credits: (3)
- COMM 3740 - Writing for Screen Credits: (3)
- COMM 3820 - Persuasive Communication Credits: (3)
- COMM 3850 - Advertising Credits: (3)
- COMM 3890 INT - Advanced Cooperative Work Experience with Signpost Credits: (1-3)
- COMM 3891 INT - Advanced Cooperative Work Experience with KWCR Credits: (1-3)
- COMM 3893 INT - Advanced Cooperative Work Experience with Studio 76 Credits: (1-3)
- COMM 4400 INT - Public Relations Media and Campaigns Credits: (3)
- COMM 4440 - Developing and Evaluating Health Communication Campaigns Credits: (3)
- COMM 4500 - Topics in Communication Credits: (3) only when taught as journalism-related topic and with permission of instructor

Elective Courses (15 credit hours)

*See department advisor for an approved list of additional non-Communication Department courses for the tracks (15 credit hours).*
Communication (BS), Organizational Communication Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, and Public Relations & Advertising. A student may not receive both a major and a minor from the Department of Communication.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable), in addition to an overall GPA of 2.00 or higher for all courses.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above). Between 27-35 credits of upper-division is required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media (3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Communication/Communication Teaching (3070), Organizational Communication (3054), and Public Relations & Advertising (3055).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media (090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Communication/Communication Teaching (131399), Organizational Communication (090901), and Public Relations & Advertising (090999).

To enroll in upper-division Communication courses, a student must hold upper-division standing in the university. Students must complete at least 50 percent of their Communication course-work at Weber State University in order to receive a major or a minor in Communication.

**Advisement**

Students are encouraged to meet with the appropriate department advisor depending on their selected emphasis. Refer to the Communication Department website for a current list of department advisors - weber.edu/communication.

**Admission Requirements**

Declare your program of study at the Communication Department office, Elizabeth Hall 330. No special admission or application requirements are needed for this program.

**General Education**

Refer to Degree Requirements for either Bachelor of Arts or Bachelor of Science requirements. See specific requirements for the BA and BS under the major course requirements. The following courses, required for the Communication major, will also satisfy general education requirements: COMM 1020, COMM 2010, and COMM 2110.

**Emphasis Areas**

Select one of the following emphasis areas in Communication:

- Civic Advocacy
- Digital Media
- Interpersonal & Family Communication
- Multimedia Journalism
- Organizational Communication
Major Course Requirements for BS or BA Degree

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must complete a minor approved by the department or the classes required in an interdisciplinary track.

Required Courses for Major (24 credit hours)

- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 1130 - Media Writing Credits: (3) OR
- COMM 1140 - Writing for Workplace Communication Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4890 INT - Communication Internship Credits: (1-3)
- COMM 4990 - Senior Seminar Credits: (3)

Courses Required to Fulfill the BS (12 credit hours)

Select 4 courses (12 credit hours) from the following. Pick 3 credit hours from Physical Sciences and 3 credit hours from Life Sciences.

- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- CHEM 1360 PS - Principles of Physical Science Credits: (3)
- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3)
- GEO 1030 PS - Earthquakes and Volcanoes Credits: (3)
- GEO 1350 PS - Principles of Earth Science Credits: (3)
- HNRS 1500 PS - Perspectives in the Physical Sciences Credits: (3)
- PHYS 1010 PS - Elementary Physics Credits: (3)
- BTNY 1370 LS - Principles of Life Science Credits: (3)
- HNRS 1510 LS - Perspectives in the Life Sciences Credits: (3)
- NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
- HLTH 1020 LS - Science and Application of Human Nutrition Credits: (3)
- ZOOL 1020 LS - Human Biology Credits: (3)
- ZOOL 1030 LS - The Nature of Sex Credits: (3)

Organizational Communication Emphasis (45 credit hours)

An Organizational Communication emphasis provides students with a foundation employers seek-effective professional communication in the workplace.

Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks:

- **Generalist**: Does not specialize. The generalist has the communication skills and knowledge to lead groups and develop organizational strategies necessary for management. Rather than focus on the career areas of technical writing or training and development, the generalist combines organizational communication with expertise in a secondary subject of interest. Minors in disciplines such as Spanish, health administration, political science, psychology, or economics are a valuable combination with an Organizational Communication Generalist emphasis.

- **Technical Writing**: Synthesizes technical information into messages easily understood by a given audience. Technical writers produce organizational policy and training manuals, employee newsletters, brochures, grant applications, and annual reports.
- **Training & Development**: Conducts training needs assessments for diverse groups, designs workshops, writes training manuals, evaluates classroom technology and equipment needs, and evaluates training.

**Required Courses (27 credit hours)**

- COMM 3050 - Conflict Management and Negotiation Credits: (3)
- COMM 3060 - Listening and Interviewing Credits: (3)
- COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
- COMM 3120 - Advanced Public Speaking Credits: (3)
- COMM 3350 - Visual Communication Credits: (3)
- COMM 3550 - Organizational Communication Credits: (3)

Three of the following courses (9 credit hours)

- COMM 1500 - Introduction to Mass Communication Credits: (3) OR
- COMM 2010 HU - Mass Media and Society Credits: (3)
- COMM 2200 - Multi-Camera Production and Performance Credits: (3)
- COMM 2250 HU - Essentials of Digital Media Credits: (3)
- COMM 2400 - Social Media for Communicators Credits: (3)
- COMM 2550 - Communication in Professional Settings Credits: (3)
- COMM 3080 - Intercultural Communication Credits: (3)
- COMM 3085 - Family Communication Credits: (3)
- COMM 3090 - Gender and Communication Credits: (3)
- COMM 3220 - Editing Credits: (3)
- COMM 3400 - Introduction to Public Relations Credits: (3)
- COMM 3440 - Public Relations Writing Credits: (3)
- COMM 3460 - Public Relations and Social Media Credits: (3)
- COMM 3820 - Persuasive Communication Credits: (3)
- COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3)

**Required Courses outside the Department (18 credit hours)**

**Technical Writing track (18 credit hours):**

- ENGL 3100 - Professional and Technical Writing Credits: (3)
- ENGL 3140 - Professional and Technical Editing Credits: (3)
- ENGL 3190 CEL - Document Design Credits: (3)
- ENGL 4100 - Issues in Professional and Technical Writing Credits: (3)
- ENGL 4110 - Content Management Credits: (3)
- WEB 1400 - Web Design and Usability Credits: (3)

**Training & Development track (18 credit hours):**

- BSAD 1010 - Introduction to Business Credits: (3)
- ACTG 2010 - Survey of Accounting I Credits: (3)
- MGMT 3010 - Organizational Behavior and Management Credits: (3)
- MGMT 3300 - Human Resource Management Credits: (3)
- WEB 3400 - LAMP Stack Web Development Credits: (3)

*See department advisor for approval of an additional non-Communication Department course (3 credits)*
Communication (BS), Public Relations & Advertising Emphasis

Communication Major

- **Program Prerequisite:** Not required.
- **Minor:** Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, and Public Relations & Advertising. A student may not receive both a major and a minor from the Department of Communication.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable), in addition to an overall GPA of 2.00 or higher for all courses.
- **Credit-Hour Requirements:** A total of 120 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above). Between 27-35 credits of upper-division are required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media(3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Multimedia Journalism/Communication Teaching (3070), Organizational Communication (3054), Public Relations & Advertising (3055).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media(090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Multimedia Journalism/Communication Teaching (131399), Organizational Communication (090901), Public Relations & Advertising (090999).

To enroll in upper-division Communication courses, a student must hold upper-division standing in the university. Students must complete at least 50 percent of their Communication coursework at Weber State University in order to receive a major or a minor in Communication.

Advisement

Students are encouraged to meet with the appropriate department advisor depending on their selected emphasis. Refer to the Communication Department website for a current list of department advisors: weber.edu/communication.

Admission Requirements

Declare your program of study at the Communication Department office, Elizabeth Hall 330. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for either Bachelor of Arts or Bachelor of Science requirements. See specific requirements for the BA and BS under the major course requirements. The following courses, required for the Communication major, will also satisfy General Education requirements: COMM 1020 HU, COMM 2010 HU, and COMM 2110 HU CEL.

Program Learning Outcomes

- Writing: Write at a level expected of a professional communicator in a selected emphasis area.
- Diversity: Be sensitive to difference and discrimination in society and value diversity.
- Career Readiness: Be prepared to enter a professional career or graduate school.
- Critical thinking: Use critical thinking to analyze information from a variety of perspectives for understanding, persuasive argument or problem solving.
- Law/Ethics: Understand communication law and ethics to enable legal and ethical communication.
• Theory: Understand how various communication theories have been developed, applied, and evaluated.
• Research: Find peer-reviewed or professional research studies, be familiar with a variety of research methods, and interpret and analyze research data.
• History: Know the history of the communication discipline and its societal and professional implications.
• Media: Use and produce media to communicate messages.
• Interpersonal/Small Group: Facilitate successful communication in interpersonal situations and small group settings.
• Listening: Listen actively to acquire and analyze information.
• Speaking: Speak clearly and persuasively in a one-on-one interpersonal interaction, and in front of small and large groups in a variety of contexts.

Emphasis Areas

Select one of the following emphasis areas in Communication:

• Civic Advocacy
• Digital Media
• Interpersonal & Family Communication
• Multimedia Journalism
• Organizational Communication
• Public Relations & Advertising
• Social Media & Data Analytics

Major Course Requirements for BS or BA Degree

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must complete a minor approved by the department or the classes required in an interdisciplinary track.

Required Courses for Major (24 credit hours)

• COMM 1020 HU - Principles of Public Speaking Credits: (3)
• COMM 1130 - Media Writing Credits: (3)
• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
• COMM 3000 - Communication Theory Credits: (3)
• COMM 3150 - Communication Research Methods Credits: (3)
• COMM 3650 - Communication Law Credits: (3)
• COMM 4890 INT - Communication Internship Credits: (1-3)
• COMM 4990 - Senior Seminar Credits: (3)

Courses Required to Fulfill the BS (12 credit hours)

Select 4 courses (12 credit hours) from the following. Pick 3 credit hours from Physical Sciences and 3 credit hours from Life Sciences.

• COMM 3000 - Communication Theory Credits: (3)
• COMM 3150 - Communication Research Methods Credits: (3)
• CHEM 1360 PS - Principles of Physical Science Credits: (3)
• GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3)
• GEO 1030 PS - Earthquakes and Volcanoes Credits: (3)
• GEO 1350 PS - Principles of Earth Science Credits: (3)
• HNRS 1500 PS - Perspectives in the Physical Sciences Credits: (3)
• PHYS 1010 PS - Elementary Physics Credits: (3)
• BTNY 1370 LS - Principles of Life Science Credits: (3)
• HNRS 1510 LS - Perspectives in the Life Sciences Credits: (3)
• NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
• HLTH 1020 LS - Science and Application of Human Nutrition Credits: (3)
• ZOOL 1020 LS - Human Biology Credits: (3)
• ZOOL 1030 LS - The Nature of Sex Credits: (3)

Public Relations & Advertising Emphasis (45 credit hours)

The Public Relations & Advertising emphasis provides students with theoretical and practical skills in writing, critical thinking, marketing, advertising, and communicating to influence public opinion across a range of media. Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks (15 credits):

- Copywriting
- Health Care Public Relations
- International Public Relations
- Marketing
- Visual Communication

Required Courses (21 credit hours)

• COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3) Must take 3 credits OR
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3350 - Visual Communication Credits: (3)
• COMM 3400 - Introduction to Public Relations Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3850 - Advertising Credits: (3)
• COMM 4400 INT - Public Relations Media and Campaigns Credits: (3) or
• COMM 4440 - Developing and Evaluating Health Communication Campaigns Credits: (3)

Non-Communication Requirement for Major (3 credits)
• MKTG 3010 - Marketing Concepts and Practices Credits: (3)

Three of the following courses (9 credit hours)

• COMM 1500 - Introduction to Mass Communication Credits: (3)
• COMM 2200 - Multi-Camera Production and Performance Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• COMM 2400 - Social Media for Communicators Credits: (3)
• COMM 2820 - Podcast Production Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3460 - Public Relations and Social Media Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 3840 - Data Visualization and Storytelling Credits: (3)
• COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3)
• COMM 4500 - Topics in Communication Credits: (3) only when taught as public relations/advertising-related topic and with permission of instructor

Elective Courses (15 credit hours)

Note:
See department advisor for an approved list of non-Communication Department courses for the tracks (15 credit hours).
Communication (BS), Social Media & Data Analytics

Communication Major

- **Program Prerequisite**: Not required.
- **Minor**: Students may complete a minor approved by their academic advisor OR one of the tracks associated with any of the six interdisciplinary emphasis areas: Civic Advocacy, Digital Media, Interpersonal & Family Communication, Multimedia Journalism, Organizational Communication, Public Relations & Advertising, and Social Media & Data Analytics. • HLTH 1020 LS - Science and Application of Human Nutrition Credits: (3)
• ZOOL 1020 LS - Human Biology Credits: (3)
• ZOOL 1030 LS - The Nature of Sex Credits: (3)

Social Media and Data Analytics Emphasis (45 credits)

An emphasis is Social Media and Data Analytics will provide students with an in-depth understanding of social media and how to strategically use it to communicate messages. Students will gain skills in creating social media content, analyzing social media data, and making data visualizations to communicate complex data to audiences.

Students must complete a minor approved by their advisor or select one of the following interdisciplinary tracks:

• Web Design: acquire skills in web design and web management
• Digital Strategy: acquire skills in digital strategy and advertising
• Audience Analytics: acquire skills in audience and consumer analysis and campaign analysis

Required for Social Media and Data Analytics Emphasis (30 credits)

• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• COMM 2400 - Social Media for Communicators Credits: (3)
• COMM 3350 - Visual Communication Credits: (3)
• COMM 3460 - Public Relations and Social Media Credits: (3)
• COMM 3840 - Data Visualization and Storytelling Credits: (3)
• COMM 3880 - Audience Analysis Credits: (3)
• COMM 4880 - Social Media Metrics and Measurement Credits: (3)

Three of the following courses (9 credit hours)

• COMM 1560 - Audio Production and Performance Credits: (3)
• COMM 2010 HU - Mass Media and Society Credits: (3)
• COMM 2200 - Multi-Camera Production and Performance Credits: (3)
• COMM 2820 - Podcast Production Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3200 - Live Event Production Credits: (1-3)
• COMM 3220 - Editing Credits: (3)
• COMM 3400 - Introduction to Public Relations Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3740 - Writing for Screen Credits: (3)
• COMM 3750 - Advanced Cinematography and Editing Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 3850 - Advertising Credits: (3)
• COMM 3890 INT - Advanced Cooperative Work Experience with Signpost Credits: (1-3)
• COMM 3891 INT - Advanced Cooperative Work Experience with KWCR Credits: (1-3)
• COMM 3892 INT - Advanced Cooperative Work Experience with Public Relations Credits: (1-3)
• COMM 3893 INT - Advanced Cooperative Work Experience with Studio 76 Credits: (1-3)
• COMM 4440 - Developing and Evaluating Health Communication Campaigns Credits: (3)
• COMM 4760 - Media Management and Distribution Credits: (3)

Elective Courses (15 credit hours)

See department advisor for an approved list of non-Communication Department courses for the tracks (15 credit hours).
Communication Teaching (BS), Communication Studies Emphasis

Communication Teaching Major (BS or BA)

- **Program Prerequisite:** Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable).
- **Credit-Hour Requirements:** A total of 120 credit hours is required for graduation. A minimum of 47-48 of these are required within the major, depending on the selected emphasis. A total of 40 upper-division credit hours is required (courses numbered 3000 and above); a minimum of 24-36 of these are required within the major, depending on the selected emphasis.
- **Program Code:** Communication (3017) with emphasis code Civic Advocacy (3051), Communication Studies/Communication Teaching (3016), Digital Media (3068), Interpersonal & Family (3053), Multimedia Journalism (3069), Multimedia Journalism/Communication Teaching (3070), Organizational Communication (3054), Public Relations & Advertising (3055).
- **CIPC:** Communication (090101) with emphasis code Civic Advocacy (090904), Communication Studies/Communication Teaching (131399), Digital Media (090199), Interpersonal & Family (090101), Multimedia Journalism (099999), Multimedia Journalism/Communication Teaching (131399), Organizational Communication (090901), Public Relations & Advertising (090999).

**Advisement**

Communication students are required to meet with a faculty advisor at least annually for course and program advisement. Teaching majors are encouraged to also consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269). (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study at the Communication Department office, Elizabeth Hall 330. Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).

**General Education**

Refer to Degree Requirements of this catalog for either Bachelor of Science or Bachelor of Arts requirements. See specific requirements for the BA and BS under the major course requirements. The following courses required for this major will also fulfill general education requirements: COMM 1020 HU or COMM 2010 HU and COMM 2110 HU CEL.

**Program Learning Outcomes**

- **Writing:** Write at a level expected of a professional communicator in a selected emphasis area.
- **Diversity:** Be sensitive to difference and discrimination in society and value diversity.
- **Career Readiness:** Be prepared to enter a professional career or graduate school.
- **Critical thinking:** Use critical thinking to analyze information from a variety of perspectives for understanding, persuasive argument or problem solving.
- **Law/Ethics:** Understand communication law and ethics to enable legal and ethical communication.
- **Theory:** Understand how various communication theories have been developed, applied, and evaluated.
- **Research:** Find peer-reviewed or professional research studies, be familiar with a variety of research methods, and interpret and analyze research data.
- **History:** Know the history of the communication discipline and its societal and professional implications.
• Media: Use and produce media to communicate messages.
• Interpersonal/Small Group: Facilitate successful communication in interpersonal situations and small group settings.
• Listening: Listen actively to acquire and analyze information.
• Speaking: Speak clearly and persuasively in a one-on-one interpersonal interaction, and in front of small and large groups in a variety of contexts.

Emphasis Requirements

The State of Utah endorses secondary teachers in two areas of Communication: Speech and Journalism. Accordingly, the Communication Teaching major is divided into two emphasis areas: Communication Studies (Speech) and Multimedia Journalism (Journalism). All Communication Teaching majors must complete one of these two emphasis areas.

Major Course Requirements for BS or BA Degree

Students, regardless of their emphasis, must successfully complete required and elective Communication courses specified for each emphasis. Students must also complete required and elective courses from non-Communication departments.

Communication Courses Required of all Communication Teaching Majors (21 credit hours)

- COMM 1020 HU - Principles of Public Speaking Credits: (3) or
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3) *
- COMM 1130 - Media Writing Credits: (3)
- COMM 2010 HU - Mass Media and Society Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- COMM 3650 - Communication Law Credits: (3)
- COMM 4990 - Senior Seminar Credits: (3)

Note:

*Students must take either COMM 1020 HU or COMM 2110 HU CEL as a foundation course requirement for the Communication Teaching major, whichever is not used for Teacher Education admission requirements.

Courses Required to Fulfill the BS (12 credit hours)

Select 4 courses (12 credit hours) from the following. Pick 3 credit hours from Physical Sciences and 3 credit hours from Life Sciences.

- COMM 3000 - Communication Theory Credits: (3)
- COMM 3150 - Communication Research Methods Credits: (3)
- CHEM 1360 PS - Principles of Physical Science Credits: (3)
- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3)
- GEO 1030 PS - Earthquakes and Volcanoes Credits: (3)
- GEO 1350 PS - Principles of Earth Science Credits: (3)
- HNRS 1500 PS - Perspectives in the Physical Sciences Credits: (3)
- PHYS 1010 PS - Elementary Physics Credits: (3)
- BTNY 1370 LS - Principles of Life Science Credits: (3)
- HNRS 1510 LS - Perspectives in the Life Sciences Credits: (3)
- NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
- HLTH 1020 LS - Science and Application of Human Nutrition Credits: (3)
• ZOOL 1020 LS - Human Biology Credits: (3)
• ZOOL 1030 LS - The Nature of Sex Credits: (3)

Communication Studies Emphasis (27 credit hours)

Courses Required (18 credit hours)

• COMM 2270 - Argumentation and Debate Credits: (3)
• COMM 3060 - Listening and Interviewing Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4150 - Rhetorical Theory and Criticism Credits: (3)
• COMM 4850 INT - Teaching Speech and Directing Speech Activities in the Secondary School Credits: (3)

Electives (9 credit hours)

Select 9 credit hours of electives from the following with approval from the department's communication education advisor for the Communication Studies emphasis.

• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3070 - Performance Studies Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
Communication Teaching (BS), Multimedia Journalism Emphasis

Communication Teaching Major (BS or BA)

- **Program Prerequisite**: Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor**: Required.
- **Grade Requirements**: A grade of "C" or better in courses is required for this major (a grade of "C-" is not acceptable).
- **Credit-Hour Requirements**: A total of 120 credit hours is required for graduation. A minimum of 47-48 of these are required within the major, depending on the selected emphasis. A total of 40 upper-division credit hours is required (courses numbered 3000 and above); a minimum of 24-36 of these are required within the major, depending on the selected emphasis.

• ZOOL 1020 LS - Human Biology Credits: (3)
• ZOOL 1030 LS - The Nature of Sex Credits: (3)

Multimedia Journalism Emphasis (26 credit hours)

Required Courses (18 credit hours)

• COMM 1500 - Introduction to Mass Communication Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3) OR COMM 3740 - Writing for Screen Credits: (3)
• COMM 3130 - News Reporting and Writing Credits: (3)
• COMM 3220 - Editing Credits: (3)
• COMM 3350 - Visual Communication Credits: (3)
• COMM 4840 - Teaching Journalism and Advising Student Media in the Secondary School Credits: (3)

Electives (6 credit hours)

Select 6 credit hours of electives from the following with approval from the department's communication education advisor for the Multimedia Journalism emphasis.

• COMM 1560 - Audio Production and Performance Credits: (3)
• COMM 2200 - Multi-Camera Production and Performance Credits: (3)
• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• COMM 3090 - Gender and Communication Credits: (3)
• COMM 3100 - Small Group Facilitation and Leadership Credits: (3)
• COMM 3440 - Public Relations Writing Credits: (3)
• COMM 3550 - Organizational Communication Credits: (3)
• COMM 3780 - Broadcast News Writing and Production Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 4130 - In-depth and Investigative Journalism Credits: (3)
Communication (BIS)

- **Grade Requirements**: A grade of "C" or better in all courses.
- **Credit-Hour Requirements**: A minimum of 24 credit hours.
- **Program Code**: 3017
- **CIPC**: 090101

Course Requirements for BIS

Communication Courses Required (15 credit hours)

- COMM 1020 HU - Principles of Public Speaking **Credits**: (3)
- COMM 1130 - Media Writing **Credits**: (3)
- COMM 1500 - Introduction to Mass Communication **Credits**: (3) or
- COMM 2010 HU - Mass Media and Society **Credits**: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication **Credits**: (3)
- COMM 3000 - Communication Theory **Credits**: (3)

Additional Electives (9 credit hours)

*The required courses listed add up to 15 credits. The rest of your contract will consist of at least 3 elective courses you negotiate with an advisor.*
Communication Minor

- **Grade Requirements**: A grade of "C" or better in all courses.
- **Credit-Hour Requirements**: A minimum of 24 credit hours.
- **Program Code**: 3017
- **CIPC**: 090101

Course Requirements for Minor

Communication Courses Required (15 credit hours)

- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 1130 - Media Writing Credits: (3)
- COMM 1500 - Introduction to Mass Communication Credits: (3) or
- COMM 2010 HU - Mass Media and Society Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)

Electives (9 credit hours, including at least 6 upper-division)

Select 3 courses (9 credit hours) in consultation with and approval by your department advisor, 2 (6 credit hours) of which must be upper-division.

Note:

A maximum of 3 credit hours total from the following Communication courses may be counted for the minor: COMM 2210, COMM 2730, COMM 3890, COMM 3891, COMM 3892, COMM 3893, COMM 4210.
Communication Teaching Minor, Communication Studies Emphasis

- **Grade Requirements:** A grade of "C" or better in minor courses.
- **Credit-Hour Requirements:** A minimum of 24 credit hours.
- **Program Code:** 3016
- **CIPC:** 131399

Students who select the Communication Teaching minor must satisfy the Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).

Course Requirements for Minor

Communication Studies Emphasis (24 credit hours)

Communication Courses Required (18 credit hours)

- COMM 1020 HU - Principles of Public Speaking \[Credits: (3)\] or
- COMM 2110 HU CEL - Interpersonal and Small Group Communication \[Credits: (3)\] *
- COMM 1130 - Media Writing \[Credits: (3)\]
- COMM 2270 - Argumentation and Debate \[Credits: (3)\]
- COMM 3000 - Communication Theory \[Credits: (3)\]
- COMM 3820 - Persuasive Communication \[Credits: (3)\]
- COMM 4850 INT - Teaching Speech and Directing Speech Activities in the Secondary School \[Credits: (3)\]

Note:

* Students must take either COMM 1020 or COMM 2110 as a foundation course requirement for the Communication Teaching minor, whichever is not used for Teacher Education admission requirements.

Electives (6 credit hours)

Select 6 credit hours from the following in consultation with and approved by the department's communication education advisor for the Communication Studies emphasis.

- COMM 2010 HU - Mass Media and Society \[Credits: (3)\]
- COMM 3050 - Conflict Management and Negotiation \[Credits: (3)\]
- COMM 3060 - Listening and Interviewing \[Credits: (3)\]
- COMM 3070 - Performance Studies \[Credits: (3)\]
- COMM 3100 - Small Group Facilitation and Leadership \[Credits: (3)\]
- COMM 3120 - Advanced Public Speaking \[Credits: (3)\]
- COMM 3550 - Organizational Communication \[Credits: (3)\]
- COMM 3650 - Communication Law \[Credits: (3)\]
- COMM 4150 - Rhetorical Theory and Criticism \[Credits: (3)\]
Communication Teaching Minor, Multimedia Journalism Emphasis

- **Grade Requirements**: A grade of "C" or better in minor courses.
- **Credit-Hour Requirements**: A minimum of 24 credit hours.
- **Program Code**: 3018
- **CIPC**: 131399

Students who select the Communication Teaching minor must satisfy the Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).

Course Requirements for Minor

Multimedia Journalism Emphasis (24 credit hours)

Communication Courses Required (18 credit hours)

- COMM 1020 HU - Principles of Public Speaking **Credits**: (3) or
- COMM 2110 HU CEL - Interpersonal and Small Group Communication **Credits**: (3) *
- COMM 1130 - Media Writing **Credits**: (3)
- COMM 1500 - Introduction to Mass Communication **Credits**: (3) or
- COMM 2010 HU - Mass Media and Society **Credits**: (3)
- COMM 3130 - News Reporting and Writing **Credits**: (3)
- COMM 3650 - Communication Law **Credits**: (3)
- COMM 4840 - Teaching Journalism and Advising Student Media in the Secondary School **Credits**: (3)

Note:

*Students must take either COMM 1020 HU or COMM 2110 HU CEL as a foundation course requirement for the Communication Teaching Minor, whichever is not used for Teacher Education Admission requirements.

Electives (6 credit hours)

Select 6 credit hours from the following in consultation with and approved by the department's Communication Education advisor for the Multimedia Journalism emphasis.

- COMM 1560 - Audio Production and Performance **Credits**: (3)
- COMM 2200 - Multi-Camera Production and Performance **Credits**: (3)

- COMM 3780 - Broadcast News Writing and Production **Credits**: (3)
- COMM 3890 INT - Advanced Cooperative Work Experience with Signpost **Credits**: (1-3)
- COMM 4130 - In-depth and Investigative Journalism **Credits**: (3)
Department of English Language and Literature

Department Chair: Hal Crimmel
Location: Elizabeth Hall, Room 435
Telephone Contact: Emily Cruz 801-626-6251  Lana Bingham 801-626-8915
Professors:  James Russell Burrows, Hal Crimmel, Becky Jo Gesteland, Sian Griffiths, Mark LeTourneau, Karen Marguerite Moloney, Scott Rogers, John Schwiebert, Sally Bishop Shigley, Mahalingam Subbiah, Michael Vause, Michael Wutz; Associate Professors: Jason Barrett-Fox, Christy Call, Susan McKay, Julia Panko, Abraham Smith, Shelley Thomas; Assistant Professors: Courtney Craggett, Rebekah Cumpsty, David Hartwig, Emily Petersen, Ryan Ridge, Megan McDonald Van Deventer; Instructors: Toni Asay, Jan Hamer, Kyra Hudson, Clint Johnson, Brooke Kelly, Becky Marchant, Sylvia Newman, Eleanor Olson, Jose Otero, William Pollett, Laura Stott, Sarah Vause; Visiting Assistant Professor: Christopher Scheidler

The Department of English Language and Literature offers a broad spectrum of language, literature and writing courses. English majors and minors, English teaching majors and minors, English majors with professional and technical writing emphasis and professional and technical writing minors, and English majors with creative writing emphasis, in consultation with English department advisors, can select programs individually designed to satisfy academic requirements. Furthermore, students preparing for careers in law, medicine, business, public relations and government service may find departmental courses highly beneficial. The English Department has also designed courses for the general student in introductory and intermediate writing and creative writing.

Students transferring to Weber State as English majors, with most of their junior and senior status completed, are required to take a minimum of 9 upper division credit hours, minors a minimum of 6 upper division credit hours. This requirement also applies to transfer graduate students.

English Composition Requirement

Students seeking the Associate of Applied Science degree must pass ENGL 1010 or ENGL 1005 with a "C" grade (2.0) or better in order to satisfy the composition requirement. Students seeking any other degree must successfully complete ENGL 2010 with a grade of "C" or higher. Students placed in developmental English courses ENGL 0900 and ENGL 0955 must also pass those courses with grades of "C" or higher. Please note that English composition courses, whether developmental or not, are sequential and cannot be taken out of numerical order.

Successful completion of ENGL 2015 or ENGL 2010 with a grade of C or better satisfies the University core requirement for Composition. Entrance into ENGL 2015 or ENGL 2010 can be accomplished in the following ways: 1) passing ENGL 1005 or ENGL 1010 with a grade of C or better, 2) passing the AP Language and Composition or Literature and Composition examination with a score of 3 or better, 3) achieving an ACT English and Reading score of 29 or better, 4) a CLEP with essay test with a score of 50 or better, or 5) articulated transfer credit from another regionally accredited college or university.

English Placement

Students are placed in the English developmental/composition sequence of courses either by ACT sub-scores or by Accuplacer scores. As of 2019, there is a new version. If you took the Accuplacer test prior to 2019, contact the Department of English for details.

<table>
<thead>
<tr>
<th>ACT Sub-scores*</th>
<th>Accuplacer Scores</th>
<th>Course Placement</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACT English and Reading sub-score 29 or higher</td>
<td>Reading and Writing both 300</td>
<td>ENGL 2010 or ENGL 2015</td>
</tr>
<tr>
<td>ACT English and Reading sub-scores both 17 or above</td>
<td>Writing scores both 250-299 or above</td>
<td>ENGL 1010 or ENGL 1005</td>
</tr>
<tr>
<td>Lowest ACT English or Reading score from 13-16</td>
<td>Lowest Reading or Writing score from 237-249</td>
<td>ENGL 0955 or ENGL 1005 or referred to the ESL office for non-native English speakers</td>
</tr>
<tr>
<td>Lowest ACT English or Reading score 12 or below</td>
<td>Both Reading and Writing score 236 or below</td>
<td>ENGL 0900 or referred to the ESL office for non-native English speakers</td>
</tr>
</tbody>
</table>

*ACT scores in English and Reading expire after 4 years. ACCUPLACER scores expire after 48 months.

International students who meet the University's TOEFL and IELTS requirements for admission are cleared to register for ENGL 1005 or ENGL 1010.
International students who do not meet the University’s TOEFL or IELTS requirements for admission and resident students for whom English is a second language who score 89 or below on the Accuplacer Test are required to take the LEAP Placement Test and complete appropriate ESL courses according to the test results. ESL classes fulfill foreign language credit toward a BA and AA degree or elective credit toward a BS and AS degree. Refer to the Learning English for Academic Purposes (LEAP) section of this catalog.

Pathways for Completing your Composition Requirement

Your placement shows where you need to begin in one of these course sequences to fulfill your English Composition requirement:

- ENGL 0900 → ENGL 0955 → ENGL 1010 → ENGL 2010 or
- ENGL 0900 → ENGL 0955 → ENGL 1010 → ENGL 2015 or
- ENGL 0900 → ENGL 1005 → ENGL 2010 or
- ENGL 0900 → ENGL 1005 → ENGL 2015 or
- ESL courses → ENGL 1010 → ENGL 2010 (for non-native English speakers)
- ESL courses → ENGL 1010 → ENGL 2015 (for non-native English speakers)

Interdisciplinary Minors

The English Department participates in the Asian Studies, Environmental Studies and Linguistics Minor/BIS Programs. Students who wish to enroll in one of these programs should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)

Interdisciplinary Associate's

The English Language and Literature Department participates in the interdisciplinary associate's degree in Workplace Communication and Writing (AS). Students who wish to enroll in this program should contact the English Language and Literature Department or one of the college advisors for the College of Arts & Humanities who will help them work out a schedule.

The English Department offers Face-to-Face (F2F), Hybrid, and Online (OL) classes. The following definitions are intended to help faculty and students understand the differences between Face-to-Face (F2F), Hybrid, and Online (OL) classes taught in the English Department.

1. If less than 15% of the class sessions are online, a course will be designated **Face-to-Face (F2F)**—the current default for courses.
2. If 30–70% of class sessions are conducted online, normally but not exclusively in Canvas, courses will be designated **Hybrid**. This is consistent with WSU Online’s definition.
3. Classes that are 100% online will be defined as **Online (OL)**.
4. Classes will be designated as **F2F, Hybrid, or OL** prior to the time the department finalizes schedules for any given semester. The designation may not be changed once registration has opened or during the semester except in the event of extenuating circumstances such as injury, illness or university closure; Department Chair approval is required.
5. Within the various categories (F2F, Hybrid, Online) the table below illustrates how many online class sessions students can expect in each category. This number is dependent on how often a class meets: once a week (mainly evening classes), twice a week (TR or MW), and three times a week (MWF):

<table>
<thead>
<tr>
<th>Course Scheduled As:</th>
<th>How Many Sessions May Be Online?</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>F2F (up to 15% online)</td>
</tr>
<tr>
<td>1x/week: (14-15 classes/semester)</td>
<td>2 sessions, maximum</td>
</tr>
<tr>
<td>2x/week: (TR or MW: 30 classes/semester)</td>
<td>4-5 sessions, maximum</td>
</tr>
<tr>
<td>3x/week: (MWF: 42 classes/semester)</td>
<td>6 sessions, maximum</td>
</tr>
</tbody>
</table>
English (AA)

The Associate of Arts Program in the Department of English is designed for students who are passionate about reading and writing, who like being creative, and who want to develop professional skills for their careers. This program lets students earn an Associate's degree with 60 credit hours. It also forms the foundation for pursuing a Bachelor's degree in English or related fields.

- **Program Prerequisite:** Not required.
- **Grade Requirements:** A 2.0 or better in all courses required for this degree in addition to an overall GPA of 2.00 (C) or higher.
- **Credit Hour Requirements:** A total of 60 credit hours is required for graduation; a minimum of 18 of these must be from the program detailed below.
- **Program Code:** 3022AA
- **CIP:** 230101

Advisement

English students are required to meet with a faculty advisor at least annually for course and program advisement. Please contact Dr. John Schwiebert at jschwiebert@weber.edu for more information or to schedule an appointment.

For General Education advising, call 801-626-6631 or emailcahadvisor@weber.edu

Use Grad MAPs to plan your degree

Admission Requirements

Declare your program of study at the English department office, Elizabeth Hall 413. No special admission or application requirement is needed for this program.

General Education

Refer to Degree Requirements for Associate of Arts requirements. See Foreign Language Courses Required below to fulfill the Associate of Arts degree.

Consult with a departmental or college advisor for detailed general education guidelines.

Program Learning Outcomes

- 1. Writing and Editing Skills, including the inclusion of multimedia components --Includes writing, presentations made using presentation software from Microsoft and Adobe, and Document Design.
- 2. Creativity --In the interpretation of written and multimedia texts; in document and web design; in writing analytical papers and creative texts
- 3. Ability to Communicate In Writing, Orally and Visually --Includes the ability to gather, analyze, and communicate information and insights creatively and critically; Understand and apply various theoretical perspectives and discipline-specific terminology to interpretations of texts and/or analysis of data; demonstrate knowledge of research practices and application.

General Studies Requirement

Humanities HU/DV Credits: (3)

- ENGL 2200 HU/DV - Introduction to Literature Credits: (3)

Exploring English Career Areas
Take one course in each of the following areas:

**Creative Writing**
- ENGL 2250 CA - CW: Introduction to Creative Writing Credits: (3)
- ENGL 2260 CA - CW: Introduction to Writing Short Fiction Credits: (3)
- ENGL 2270 CA - CW: Introduction to Writing Poetry Credits: (3)

**Professional and Technical Writing**
- ENGL 2100 - Technical Writing Credits: (3)

**English Education**
- ENGL 2420 - Young Adult Literature Credits: (3)

**Exploring Literary Genres and Perspectives**
Choose one of the following courses:
- ENGL 2210 - Introduction to Film Theory and Criticism Credits: (3)
- ENGL 2220 HU/DV - Introduction to Fiction Credits: (3)
- ENGL 2230 HU/DV - Introduction to Drama Credits: (3)
- ENGL 2240 HU/DV - Introduction to Poetry Credits: (3)
- ENGL 2510 HU/DV - Masterpieces of Literature Credits: (3)
- ENGL 2710 HU/DV - Perspectives on Women's Literature Credits: (3)
- ENGL 2750 HU - Topics and Ideas in the Humanities Credits: (3)

**Following Your Interests in English**
Choose one additional course from the following (not previously taken):
- ENGL 2120 - Introduction to Writing and Document Design Credits: (3)
- ENGL 2130 - Media and Technology in Texts Credits: (3)
- ENGL 2140 - Introduction to Professional and Technical Editing Credits: (3)
- ENGL 2150 - Gender and Culture in Workplace Writing Credits: (3)
- ENGL 2160 - Introduction to Web-Based Technical Writing Credits: (3)
- ENGL 2250 CA - CW: Introduction to Creative Writing Credits: (3)
- ENGL 2260 CA - CW: Introduction to Writing Short Fiction Credits: (3)
- ENGL 2270 CA - CW: Introduction to Writing Poetry Credits: (3)

**Foreign Language: (TWO courses / total of 6 credits)**
Complete two semesters of one of the following languages: French, German, Spanish, Italian, Portuguese, American Sign Language, Chinese, or Japanese.
Professional and Technical Writing Certificate of Proficiency

- **Program Prerequisite:** Concurrent or previous completion of a Bachelor's Degree from Weber State University or other regionally accredited institution.
- **Grade Requirements:** A grade of "C" or better in each required course.
- **Credit Hour Requirements:** A total of 18 credit hours of upper division technical writing courses.

Program Learning Outcomes

- Apply theories of technical communication in a variety of genres
- Write a variety of documents that reflect application of cognition
- Perform substantive edits
- Rhetorical approach to document design
- Construct documentation projects
- Develop a portfolio

Course Requirements for Certificate of Proficiency

**Professional and Technical Writing Courses Required (18 credit hours)**

1. Four required courses - 12 credit hours
   - ENGL 3100 - Professional and Technical Writing Credits: (3)
   - ENGL 3140 - Professional and Technical Editing Credits: (3)
   - ENGL 3190 CEL - Document Design Credits: (3)
   - ENGL 4120 CEL - Seminar and Practicum in Professional and Technical Writing Credits: (3)

2. Two of the following courses - 6 credit hours
   - ENGL 3120 - Foundations in Professional & Technical Writing Credits: (3)
   - ENGL 3130 - Digital Writing Technologies Credits: (3)
   - ENGL 3160 - Grant Writing Credits: (3)
   - ENGL 4100 - Issues in Professional and Technical Writing Credits: (3)
   - ENGL 4110 - Content Management Credits: (3)

**English (BA)**

- **Program Prerequisite:** Not required.
- **Minor:** Required.
- **Grade Requirements:** A 2.0 or better in all courses required for this major in addition to an overall GPA of 2.00 (C) or higher.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 39 of these must be valid English courses. A total of 40 upper division credit hours is required (courses numbered 3000 and above); a minimum of 27 of these must be English courses.
- **Program Code:** 3022BA
- **CIPC:** 230101
Advisement

English majors are required to meet with a faculty advisor at least twice annually for course and program advisement. If this requirement is not met, students may not be allowed to register for classes within their major. Call 801-626-6251 for more information or to schedule an appointment.

Admission Requirements

Declare your program of study at the English department office, Elizabeth Hall 413. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements.
Consult with a departmental advisor for detailed general education guidelines.

Program Learning Outcomes

- Read, explicate & analyze texts within their cultural, historical, & critical contexts.
- Research using a variety of methods & sources & document sources.
- Apply relevant critical theories.
- Write effectively about texts for varied purposes & audiences.
- Demonstrate knowledge of writers, works, genres & periods.

Major Course Requirements for BA Degree

A minimum of 39 credit hours is required in English courses, of which at least 27 credit hours must be upper division (3000-4000 level courses). A Minor is also required.

Required English Courses (30 credit hours)

Foundation - 6 credit hours

1. **One** 2000-level course (3 credits) meeting University General Education Outcomes, excluding ENGL 2010. Those courses include the following, along with future courses bearing the HU designation:

   - ENGL 2200 HU/DV - Introduction to Literature Credits: (3)
   - ENGL 2220 HU/DV - Introduction to Fiction Credits: (3)
   - ENGL 2230 HU/DV - Introduction to Drama Credits: (3)
   - ENGL 2240 HU/DV - Introduction to Poetry Credits: (3)
   - ENGL 2510 HU/DV - Masterpieces of Literature Credits: (3)
   - ENGL 2710 HU/DV - Perspectives on Women's Literature Credits: (3)

2. **Critical Approaches Course** (to be taken early in the major) / Prerequisite ENGL 2010:

   - ENGL 3080 - Critical Approaches to Literature Credits: (3)

Core - 9 credit hours
1. American Literature Surveys: (one of the following) / Prerequisite ENGL 2010 or ENGL 2015:
   - ENGL 3610 - American Literature I Credits: (3)
   - ENGL 3620 - American Literature II Credits: (3)

2. British Literature Surveys: (one of the following) / Prerequisite ENGL 2010 or ENGL 2015:
   - ENGL 3650 - British Literature I Credits: (3)
   - ENGL 3660 - British Literature II Credits: (3)

3. World Literature Surveys: (one of the following) / Prerequisite ENGL 2010 or ENGL 2015:
   - ENGL 3510 HU/DV - World Literature Credits: (3)

Areas of Specialization - 18 credit hours

Choose two courses each (6 credit hours) from three of the four areas listed below:

Area 1: American and British Literatures and Language

Prerequisites as specified for individual courses in course catalog:
   - ENGL 3030 - Structure of English Credits: (3)
   - ENGL 3040 - History of the English Language Credits: (3)
   - ENGL 3350 - Studies in Literary Genres Credits: (3) / Variable Title Course
   - ENGL 3500 HU - Introduction to Shakespeare Credits: (3)
   - ENGL 3750 HU - Topics and Ideas in Literature Credits: (3) / Variable Title Course
   - ENGL 4520 - American Literature: Early and Romantic Credits: (3)
   - ENGL 4530 - American Literature: Realism and Naturalism Credits: (3)
   - ENGL 4540 - American Literature: Modern Credits: (3)
   - ENGL 4545 - American Literature: World War II to 2001 Credits: (3)
   - ENGL 4550 - American Literature: Contemporary Credits: (3)
   - ENGL 4610 - British Literature: Medieval Credits: (3)
   - ENGL 4620 - British Literature: Renaissance Credits: (3)
   - ENGL 4630 - British Literature: Neoclassical and Romantic Credits: (3)
   - ENGL 4640 - British Literature: Victorian Credits: (3)
   - ENGL 4650 - British Literature: Modern Credits: (3)
   - ENGL 4655 - British Literature - World War II to 2001 Credits: (3)
   - ENGL 4660 - British Literature: Contemporary Credits: (3)
   - ENGL 4710 - Eminent Authors Credits: (3) / Variable Title Course
   - ENGL 4730 - Studies in Shakespeare Credits: (3)

Area 2: World Literatures and Language

Courses in this area will focus on world literatures excluding British and American literature / Prerequisites as specified for individual courses in course catalog:
   - ENGL 3010 - Introduction to Linguistics Credits: (3)
   - ENGL 3352 - Studies in World Literary Genres Credits: (3)
   - ENGL 3730 - Literatures of Cultures and Places Credits: (3) / Variable Title Course
   - ENGL 3752 - Topics and Ideas in World Literature and Language Credits: (3) / Variable Title Course
   - ENGL 4712 - Eminent World Authors Credits: (3) / Variable Title Course
   - ENGL 4760 - Irish Literature Credits: (3)

Area 3: Cultural and Media Studies

Courses in this area will focus on topics related to the study of culture and media / Prerequisites as specified for individual courses in course catalog:
• ENGL 3120 - Foundations in Professional & Technical Writing Credits: (3)
• ENGL 3130 - Digital Writing Technologies Credits: (3)
• ENGL 3140 - Professional and Technical Editing Credits: (3)
• ENGL 3190 CEL - Document Design Credits: (3)
• ENGL 3300 - Children's Literature Credits: (3)
• ENGL 3353 - Genres in Cultural and Media Studies Credits: (3) / Variable Title Course
• ENGL 3540 - Adaptation Studies Credits: (3)
• ENGL 3753 - Topics and Ideas in Cultural and Media Studies Credits: (3) / Variable Title Course
• ENGL 4100 - Issues in Professional and Technical Writing Credits: (3) / Variable Title Course
• ENGL 4110 - Content Management Credits: (3)
• ENGL 4713 - Eminent Authors in Cultural and Media Studies Credits: (3) /Variable Title Course

Area 4: Writing and Interdisciplinary Studies

Courses in this area will focus on writing and/or the study of other disciplines as they connect with literature, language, or the craft of writing / Prerequisites as specified for individual courses in course catalog:
• ENGL 3050 - Grammar, Style, and Usage for Advanced Writing Credits: (3)
• ENGL 3100 - Professional and Technical Writing Credits: (3)
• ENGL 3210 - Advanced College Writing Credits: (3)
• ENGL 3250 - CW: Advanced Fiction Writing Credits: (3)
• ENGL 3260 - CW: Advanced Poetry Writing Credits: (3)
• ENGL 3280 - Biographical Writing Credits: (3)
• ENGL 3354 - Genres in Writing and Interdisciplinary Studies Credits: (3) / Variable Title Course
• ENGL 3520 HU - Literature of the Natural World Credits: (3)
• ENGL 3530 - The Literature of Business and Economics Credits: (3)
• ENGL 3754 - Topics and Ideas in Writing and Interdisciplinary Studies Credits: (3) / Variable Title Course
• ENGL 3880 - Philosophy and Literature Credits: (3)
• ENGL 4560 - Contemporary Literature for Creative Writers Credits: (3)

Electives - 6 credit hours minimum

To complete the required 39 credit hours, majors in the English BA program may choose as electives any 3000 and 4000 level English courses, including those listed above, but excluding those they wish to count as language arts courses in partial fulfillment of the Bachelor of Arts requirement (see "Language Courses Required to fulfill the BA" below). / Prerequisites as specified for individual courses in course catalog.

Language Courses Required to Fulfill the BA

English majors must take either 12-credit hours of a foreign language or 6 hours of a foreign language and 6 hours of language arts. Any 3000 or 4000 level English class may be used as a language arts course, but one course (3 credits) with a primary emphasis on language or writing is strongly recommended. Courses chosen for the BA language requirement cannot also be counted toward the English major.
English (BA), Creative Writing Emphasis

- **Program Prerequisite:** Not required.
- **Minor:** Required.
- **Grade Requirements:** A 2.0 or better in all courses required for this major in addition to an overall GPA of 2.00 (C) or higher.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 39 of these must be English courses. A total of 40 upper division credit hours is required (courses numbered 3000 and above); a minimum of 30 of these must be English courses.
- **Program Code:** 3020BA
- **CIPC:** 231302

Advisement

English Creative Writing Emphasis majors are expected to meet with a faculty advisor at least twice annually for course and program advisement. Please call 801-626-6251 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study at the English department office, Elizabeth Hall 413. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements. *Consult with a departmental advisor for detailed general education guidelines.*

*For CA, students must take ENGL 2250 (Intro to Creative Writing. This course will be required before you may take upper division creative writing coursework.)*

Program Learning Outcomes

- Experiment in writing and develop drafts into polished original work.
- Show critical self-awareness.
- Exhibit editorial proficiency.
- Understand the professional writing environment.
- Show knowledge of contemporary, canonical, and marginalized literature.

Major Course Requirements for BA Degree

*A minimum of 39 credit hours is required in valid English courses, of which at least 30 credit hours must be upper division.*

English Courses Required (39 credit hours)

The following courses are required. (ENGL 2200 and ENGL 2250 should be taken early in the major; ENGL 4940 should be taken in the final year)

- ENGL 2200 HU/DV - Introduction to Literature Credits: (3)
- ENGL 2250 CA - CW: Introduction to Creative Writing Credits: (3)
• ENGL 3080 - Critical Approaches to Literature Credits: (3)
• ENGL 4560 - Contemporary Literature for Creative Writers Credits: (3)
• ENGL 4940 - CW: Senior Project Credits: (3)

Students choose two literature surveys from the five 3000-level courses
• ENGL 3610 - American Literature I Credits: (3) or
• ENGL 3620 - American Literature II Credits: (3)
• ENGL 3650 - British Literature I Credits: (3) or
• ENGL 3660 - British Literature II Credits: (3) or
• ENGL 3510 HU/DV - World Literature Credits: (3)

Language & Literature (one of the following)

• ENGL 3010 - Introduction to Linguistics Credits: (3)
• ENGL 3030 - Structure of English Credits: (3)
• ENGL 3040 - History of the English Language Credits: (3)
• Any 4000-level literature course Credits: (3)

Introductory Writing Courses (one of the following)

• ENGL 2260 CA - CW: Introduction to Writing Short Fiction Credits: (3)
• ENGL 2270 CA - CW: Introduction to Writing Poetry Credits: (3)
• ENGL 2280 CA - CW: Introduction to Writing Creative Nonfiction Credits: (3)
• ENGL 2295 - CW: Introduction to Screenwriting Credits: (3)

Advanced Writing Courses (6 credits of the following)

• ENGL 3240 - CW: Writing Creative Nonfiction Credits: (3)
• ENGL 3250 - CW: Advanced Fiction Writing Credits: (3)
• ENGL 3260 - CW: Advanced Poetry Writing Credits: (3)
• ENGL 3290 - CW: Advanced Screenwriting Credits: (3)
• ENGL 4930 - Visiting Writing Master Class Credits: (1) (repeatable four times)

Forms and Craft Courses (any one of the following)

• ENGL 3350 - Studies in Literary Genres Credits: (3)
• ENGL 3355 - CW: Creative Nonfiction Forms and Craft Credits: (3)
• ENGL 3360 - CW: Short Story Forms and Craft Credits: (3)
• ENGL 3365 - CW: Novel Forms and Craft Credits: (3)
• ENGL 3370 - CW: Poetic Forms and Craft Credits: (3)
• ENGL 3375 - CW: Notebooks and Journals Forms and Crafts Credits: (3)
• ENGL 3380 - CW: Screenwriting Form and Craft Credits: (3)

Editing and Publication (3 credit hours)

• ENGL 3100 - Professional and Technical Writing Credits: (3)
• ENGL 3050 - Grammar, Style, and Usage for Advanced Writing Credits: (3)
• ENGL 4960 INT - Metaphor: Editing the Student Literary Journal Credits: (3)

Language Courses Required to fulfill the BA
English majors must take either 12-credit hours of a foreign language or 6 hours of a foreign language and 6 hours of language arts. Any 3000 or 4000 level English class may be used as a language arts course. No double dipping.
English (BA), Professional & Technical Writing Emphasis

- **Program Prerequisite:** Not required.
- **Minor:** Required.
- **Grade Requirements:** A 2.0 or better in all courses required for this major in addition to an overall GPA of 2.00 (C) or higher.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 39 of these must be English courses. A total of 40 upper division credit hours is required (courses numbered 3000 or above); a minimum of 36 must be English courses.
- **Program Code:** 3024BA
- **CIPC:** 231303

Advisement

English majors are required to meet with a faculty advisor at least twice annually for course and program advisement. If this requirement is not met, students may not be allowed to register for classes within their major. Call 801-626-6251 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study at the English department office, Elizabeth Hall 413. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements. Consult with a departmental advisor for detailed general education guidelines.

Program Learning Outcomes

- Students should apply theories of technical communication in a variety of genres demonstrating theoretical and practical foundation of the Professional and Technical Writing minor and emphasis.
- Students should write a variety of documents that reflect application of sophisticated levels of cognition in addition to mastering basic concepts in the discipline.
- Students should perform substantive editing in both hard copy and electronic copy. Students should demonstrate a rhetorical approach to document design by thoroughly analyzing situational audience, purpose, and context.
- Students should construct documentation projects using single-sourcing and modular-writing principles.
- Students should develop a portfolio of their best work containing a variety of documents created throughout the entire program; the portfolio may be in hardcopy, online, or a combination of media.

Major Course Requirements for BA Degree

* A minimum of 39 credit hours is required in English courses, of which at least 36 credit hours must be upper division (3000-4000 level courses). A minor is also required.

Required English Courses (39 credit hours)

Foundation - 6 credit hours
3 credit hours

Critical Approaches Course (to be taken early in the major) / Prerequisite ENGL 2010:
- ENGL 2210 - Introduction to Film Theory and Criticism Credits: (3)
- ENGL 3080 - Critical Approaches to Literature Credits: (3)

3 credit hours

One 2000-level course (3 credits) meeting University General Education Outcomes, excluding ENGL 2010. Those courses include the following, along with future courses bearing the HU designation:
- ENGL 2200 HU/DV - Introduction to Literature Credits: (3)
- ENGL 2210 - Introduction to Film Theory and Criticism Credits: (3)
- ENGL 2220 HU/DV - Introduction to Fiction Credits: (3)
- ENGL 2230 HU/DV - Introduction to Drama Credits: (3)
- ENGL 2240 HU/DV - Introduction to Poetry Credits: (3)
- ENGL 2510 HU/DV - Masterpieces of Literature Credits: (3)

Core - 6 credit hours

Choose two courses from the following areas.

American Literature Surveys

Prerequisite ENGL 2010:
- ENGL 3610 - American Literature I Credits: (3)
- ENGL 3620 - American Literature II Credits: (3)

British Literature Surveys

Prerequisite ENGL 2010:
- ENGL 3650 - British Literature I Credits: (3)
- ENGL 3660 - British Literature II Credits: (3)

World Literature

Prerequisite ENGL 2010:
- ENGL 3510 HU/DV - World Literature Credits: (3)

Foundations in Professional and Technical Writing - 27 credit hours

Foundations in Professional and Technical Writing - 12 credit hours

- ENGL 3100 - Professional and Technical Writing Credits: (3)
- ENGL 3120 - Foundations in Professional & Technical Writing Credits: (3)
- ENGL 3140 - Professional and Technical Editing Credits: (3)
- ENGL 4120 CEL - Seminar and Practicum in Professional and Technical Writing Credits: (3) (senior year; must have advisor approval)

Electives in Professional and Technical Writing - 15 credit hours

- ENGL 3050 - Grammar, Style, and Usage for Advanced Writing Credits: (3)
• ENGL 3130 - Digital Writing Technologies Credits: (3)
• ENGL 3160 - Grant Writing Credits: (3)
• ENGL 3190 CEL - Document Design Credits: (3)
• ENGL 3754 - Topics and Ideas in Writing and Interdisciplinary Studies Credits: (3)
• ENGL 4100 - Issues in Professional and Technical Writing Credits: (3)
• ENGL 4110 - Content Management Credits: (3)

Language Courses Required to Fulfill the BA

English majors must take either 12-credit hours of a foreign language or 6 hours of a foreign language and 6 hours of language arts. Any 3000 or 4000 level English class may be used as a language arts course, but one course (3 credits) with a primary emphasis on language or writing is strongly recommended. Courses chosen as electives cannot also count as language arts courses.
English Teaching (BA)

- **Program Prerequisite:** Must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Optional. According to their career paths, some students may choose to complete a minor or teaching minor in another discipline, but it is not required to complete their English Education BA degree.
- **Grade Requirements:** A 2.0 or better in all courses required for this major.
- **Credit Hour Requirements:** A minimum of 120 credit hours is required for graduation; at least 39 of these must be English courses. Of those 120 credits, 40 must be upper division courses (courses numbered 3000 and above), with 36 or more upper division credits in English.
- No minor is required.
- **Program Code:** 3023BA
- **CIPC:** 131305

**Advisement**

To expedite their program, English Teaching Majors should seek advisement before taking any upper division English courses. The English Teaching Methodology Block must be scheduled in coordination with both Secondary Teacher Education and Student Teaching. Call 801-626-6251 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study at the English department office, Elizabeth Hall 413. Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).

**General Education**

Refer to Degree Requirements for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements. *PSY SS1010, COMM HU1020 or COMM HU CEL2110 (take one), CHF SS/DV1500 and one 2000 level Humanities English Literature course are recommended. Consult with a departmental advisor for other detailed general education guidelines.*

**Student Teaching**

Student Teaching takes place during Secondary Education Student Teaching, which generally takes place during students' last semester prior to graduation. Before student teaching, English majors must have completed all required English and Education courses and completed the language requirements for the Bachelor of Art degree. Students must apply for student teaching through Teacher Education according to deadlines set by that department.

**Program Learning Outcomes**

- Encourage Students to express their life experiences in writing a variety of genres such as journals, memoir, narrative, essay, and argument.
- Secondary Students read a wide range of literature from many periods in many genres to build an understanding of the many dimensions (e.g. philosophical, ethical, aesthetic) of human experience.
- Plan a coherent curriculum based on student needs that integrate reading, writing, and language instructions guided by the Utah State Core Standards.
- Demonstrate to their students how to apply knowledge of language structure, usage, and conventions to communicate effectively with a variety of audiences for different purposes.
• Use appropriate formal and informal assessments to inform instruction and verify student learning.
• Articulate a professional and coherent philosophy of language arts instruction based on current practices, the connections between reading and writing processes, and current research in the field of teaching English that promotes respect of physical, ethnic, gender, and cultural diversity.

**Major Course Requirements for English Teaching BA Degree**

*Minimum of 40 credit hours in English courses of which at least 34 credit hours must be upper division (3000-4000 level courses). A minor field of study is no longer required.*

**Required English Courses (40 credit hours)**

**Foundation - 6 credit hours**

1. **One** 2000-level course (3 credits) meeting University General Education Outcomes, excluding ENGL 2010. Those courses include the following, along with future courses bearing an HU designation:

- ENGL 2200 HU/DV - Introduction to Literature Credits: (3)
- ENGL 2220 HU/DV - Introduction to Fiction Credits: (3)
- ENGL 2230 HU/DV - Introduction to Drama Credits: (3)
- ENGL 2240 HU/DV - Introduction to Poetry Credits: (3)
- ENGL 2510 HU/DV - Masterpieces of Literature Credits: (3)
- ENGL 2710 HU/DV - Perspectives on Women's Literature Credits: (3)

2. **Critical Approaches Course** (to be taken early in the major) / Prerequisite ENGL 2010:

- ENGL 2210 - Introduction to Film Theory and Criticism Credits: (3)
- ENGL 3080 - Critical Approaches to Literature Credits: (3)

**Core - 12 credit hours**

1. **American Literature Surveys:** (both of the following) / Prerequisite ENGL 2010:

- ENGL 3610 - American Literature I Credits: (3)
- ENGL 3620 - American Literature II Credits: (3)

2. **British Literature Surveys:** (both of the following) / Prerequisite ENGL 2010:

- ENGL 3650 - British Literature I Credits: (3)
- ENGL 3660 - British Literature II Credits: (3)

**Areas of Specialization - 6 credit hours**

Choose one course each (3 credits) from both of the areas listed below:

**World Literatures and Language**

**Courses in this area will focus on world literatures excluding British and American literature / Prerequisites as specified for individual courses in course catalog:**

- ENGL 3010 - Introduction to Linguistics Credits: (3)
- ENGL 3352 - Studies in World Literary Genres Credits: (3)
- ENGL 3510 HU/DV - World Literature Credits: (3)
- ENGL 3730 - Literatures of Cultures and Places Credits: (3) / Variable Title Course
- ENGL 3752 - Topics and Ideas in World Literature and Language Credits: (3) / Variable Title Course
• ENGL 4712 - Eminent World Authors Credits: (3) / Variable Title Course
• ENGL 4760 - Irish Literature Credits: (3)

Writing and Interdisciplinary Studies

Courses in this area will focus on writing and/or the study of other disciplines as they connect with literature, language, or the craft of writing / Prerequisites as specified for individual courses in course catalog:
• ENGL 3050 - Grammar, Style, and Usage for Advanced Writing Credits: (3)
• ENGL 3100 - Professional and Technical Writing Credits: (3)
• ENGL 3210 - Advanced College Writing Credits: (3)
• ENGL 3250 - CW: Advanced Fiction Writing Credits: (3)
• ENGL 3260 - CW: Advanced Poetry Writing Credits: (3)
• ENGL 3280 - Biographical Writing Credits: (3)
• ENGL 4560 - Contemporary Literature for Creative Writers Credits: (3)

Methodology - 13 credit hours

Take all of the following:
• ENGL 2420 - Young Adult Literature Credits: (3)
• ENGL 3020 - Teaching English/Language Arts Credits: (3)
• ENGL 3410 INT - The Teaching of Writing Credits: (3)
• ENGL 3755 - Topics in English Teaching Credits: (3)
• ENGL 4910 - Capstone in English Teaching Credits: (1)

Electives (minimum of 3 credit hours)

To complete the required 40 credit hours, English Teaching majors may choose as electives any 2000, 3000, or 4000 level English courses, excluding those they wish to count as language arts courses in partial fulfillment of the Bachelor of Arts requirement (see "Language Courses Required to fulfill the BA" below). / Prerequisites as specified for individual courses in course catalog.
English Teaching majors are encouraged to take either ENGL 3500 HU - Introduction to Shakespeare, or ENGL 4730 - Studies in Shakespeare.

Language Courses Required to Fulfill the BA

English Teaching majors must take either 12-credit hours of a foreign language or 6 hours of a foreign language and 6 hours of language arts. Any 3000 or 4000 level English class may be used as a language arts course. Courses chosen for the BA language requirement cannot also be counted toward the English major.
English (BIS)

The English Department participates in the BIS degree program. For an English concentration, students should take a minimum of 18 credit hours as approved by the English Department. Students may choose either a literature concentration or a writing concentration. BIS students must meet with the English Department Chair to design their English component.

The Bachelor of Integrated Studies (BIS) best suits the student who has developed a sense of his or her educational and life goals, and who is looking for ways to express those goals through an individualized university program. The BIS Program serves the needs of the student who wants to:

- create a specific academic program
- obtain a broad liberal education
- prepare for particular career goals and/or graduate school

To accomplish these general outcomes, the BIS student completes course work in three different disciplines. As a culminating experience, the student then synthesizes the three disciplines in a capstone project. For information about the requirements of the BIS Program, look at the BIS web site at weber.edu/bis/.

- **Program Prerequisite:** Enroll into the BIS Program with an interview with the BIS Program Coordinator. Call 626-7713 to talk with the BIS secretary and schedule an appointment.
- **Grade Requirements:** Receive a minimum grade of "C" (2.0) in each of the courses taken for the three emphases in addition to a minimum cumulative GPA of 2.5. Classes listed on the BIS contract must be taken for a letter grade; special exams, CLEP or credit/no credit are not allowed for contract classes.
- **Program Code:** 3022
- **CIPC:** 230101

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work-Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflectiions from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.
English Minor

- **Grade Requirements:** A grade of 2.0 or better in all courses used toward the minor.
- **Credit Hour Requirements:** Minimum of 21 hours of English courses. ENGL 1010 and ENGL 2010 do not count toward an English minor, but ENGL 2010 is a pre-requisite for the required courses and should be taken early.
- **Program Code:** 3022
- **CIPC:** 230101

Course Requirements for Minor

Required English Courses (21 credit hours)

**Foundation - 6 credit hours**

1. **One** 2000-level course (3 credits) meeting University General Education Outcomes, excluding ENGL 2010. Those courses include the following, along with future courses bearing the HU designation:

   - ENGL 2200 HU/DV - Introduction to Literature Credits: (3)
   - ENGL 2220 HU/DV - Introduction to Fiction Credits: (3)
   - ENGL 2230 HU/DV - Introduction to Drama Credits: (3)
   - ENGL 2240 HU/DV - Introduction to Poetry Credits: (3)
   - ENGL 2510 HU/DV - Masterpieces of Literature Credits: (3)
   - ENGL 2710 HU/DV - Perspectives on Women's Literature Credits: (3)

2. **Critical Approaches Course** (to be taken early in the minor) / Prerequisite ENGL 2010:

   - ENGL 3080 - Critical Approaches to Literature Credits: (3)

**Core - 9 credit hours**

1. **American Literature Surveys**: (one of the following) / Prerequisite ENGL 2010 or ENGL 2015:

   - ENGL 3610 - American Literature I Credits: (3)
   - ENGL 3620 - American Literature II Credits: (3)

2. **British Literature Surveys**: (one of the following) / Prerequisite ENGL 2010 or ENGL 2015:

   - ENGL 3650 - British Literature I Credits: (3)
   - ENGL 3660 - British Literature II Credits: (3)

3. **World Literature Surveys**: (one of the following) / Prerequisite ENGL 2010 or ENGL 2015:

   - ENGL 3510 HU/DV - World Literature Credits: (3)

**Areas of Specialization - 6 credit hours**

Choose **one** course each (3 credit hours) from **three of the four** areas listed below:

**Area 1: American and British Literatures and Language**

Prerequisites as specified for individual courses in course catalog:

- ENGL 3030 - Structure of English Credits: (3)
- ENGL 3040 - History of the English Language Credits: (3)
- ENGL 3350 - Studies in Literary Genres Credits: (3) / Variable Title Course
• ENGL 3500 HU - Introduction to Shakespeare Credits: (3)
• ENGL 3750 HU - Topics and Ideas in Literature Credits: (3) / Variable Title Course
• ENGL 4520 - American Literature: Early and Romantic Credits: (3)
• ENGL 4530 - American Literature: Realism and Naturalism Credits: (3)
• ENGL 4540 - American Literature: Modern Credits: (3)
• ENGL 4545 - American Literature - World War II to 2001 Credits: (3)
• ENGL 4550 - American Literature: Contemporary Credits: (3)
• ENGL 4610 - British Literature: Medieval Credits: (3)
• ENGL 4620 - British Literature: Renaissance Credits: (3)
• ENGL 4630 - British Literature: Neoclassical and Romantic Credits: (3)
• ENGL 4640 - British Literature: Victorian Credits: (3)
• ENGL 4650 - British Literature: Modern Credits: (3)
• ENGL 4655 - British Literature - World War II to 2001 Credits: (3)
• ENGL 4660 - British Literature: Contemporary Credits: (3)
• ENGL 4710 - Eminent Authors Credits: (3) / Variable Title Course
• ENGL 4730 - Studies in Shakespeare Credits: (3)

Area 2: World Literatures and Language

Courses in this area will focus on world literatures excluding British and American literature / Prerequisites as specified for individual courses in course catalog:

• ENGL 3010 - Introduction to Linguistics Credits: (3)
• ENGL 3352 - Studies in World Literary Genres Credits: (3)
• ENGL 3730 - Literatures of Cultures and Places Credits: (3) / Variable Title Course
• ENGL 3752 - Topics and Ideas in World Literature and Language Credits: (3) / Variable Title Course
• ENGL 4712 - Eminent World Authors Credits: (3) / Variable Title Course
• ENGL 4760 - Irish Literature Credits: (3)

Area 3: Cultural and Media Studies

Courses in this area will focus on topics related to the study of culture and media / Prerequisites as specified for individual courses in course catalog:

• ENGL 3300 - Children's Literature Credits: (3)
• ENGL 3353 - Genres in Cultural and Media Studies Credits: (3) / Variable Title Course
• ENGL 3540 - Adaptation Studies Credits: (3)
• ENGL 3753 - Topics and Ideas in Cultural and Media Studies Credits: (3) / Variable Title Course
• ENGL 4713 - Eminent Authors in Cultural and Media Studies Credits: (3) / Variable Title Course

Area 4: Writing and Interdisciplinary Studies

Courses in this area will focus on writing and/or the study of other disciplines as they connect with literature, language, or the craft of writing / Prerequisites as specified for individual courses in course catalog:

• ENGL 3050 - Grammar, Style, and Usage for Advanced Writing Credits: (3)
• ENGL 3100 - Professional and Technical Writing Credits: (3)
• ENGL 3210 - Advanced College Writing Credits: (3)
• ENGL 3250 - CW: Advanced Fiction Writing Credits: (3)
• ENGL 3260 - CW: Advanced Poetry Writing Credits: (3)
• ENGL 3280 - Biographical Writing Credits: (3)
• ENGL 3354 - Genres in Writing and Interdisciplinary Studies Credits: (3) / Variable Title Course
• ENGL 3520 HU - Literature of the Natural World Credits: (3)
• ENGL 3530 - The Literature of Business and Economics Credits: (3)
• ENGL 3754 - Topics and Ideas in Writing and Interdisciplinary Studies Credits: (3) / Variable Title Course
• ENGL 3880 - Philosophy and Literature Credits: (3)
Literary Editing Minor

The minor in Literary Editing introduces students to the knowledge base, skills, and practical experience needed to work in the literary publishing industry. It offers a good choice to anyone interested in literature, writing, visual design, communication, printing, or publishing, and it is an excellent complement to a variety of majors.

- **Program Prerequisite:** None required. However, some of the individual course options have a prerequisite or corequisite, as shown below.
- **Grade Requirements:** A grade of 2.0 or better in all courses used toward the minor.
- **Credit Hour Requirements:** 18 credit hours, apportioned as directed below.
- **Program Code:** 3086
- **CIPC:** 231302

Course Requirements for Literary Editing Minor

Students will select a course/course combination from each of the 6 areas below.

**Introductory Creative Writing**

Students will choose **one 3-credit course** from the following:

- ENGL 2250 CA - CW: Introduction to Creative Writing Credits: (3)
- ENGL 2260 CA - CW: Introduction to Writing Short Fiction Credits: (3)
- ENGL 2270 CA - CW: Introduction to Writing Poetry Credits: (3)
- ENGL 2280 CA - CW: Introduction to Writing Creative Nonfiction Credits: (3)
- ENGL 2295 - CW: Introduction to Screenwriting Credits: (3)

**Advanced Creative Writing**

Students will choose **one 3-credit course** from the following:

- ENGL 3240 - CW: Writing Creative Nonfiction Credits: (3)
- ENGL 3250 - CW: Advanced Fiction Writing Credits: (3)
- ENGL 3260 - CW: Advanced Poetry Writing Credits: (3)
- ENGL 3290 - CW: Advanced Screenwriting Credits: (3)

**Contemporary Creative Writing as Literature**

Students will choose **one 3-credit course** from the following:

- ENGL 3510 HU/DV - World Literature Credits: (3)
- ENGL 4550 - American Literature: Contemporary Credits: (3)
- ENGL 4560 - Contemporary Literature for Creative Writers Credits: (3)
- ENGL 4660 - British Literature: Contemporary Credits: (3)

**Grammar and Editing**

Students will choose **one 3-credit course** from the following:

- ENGL 2140 - Introduction to Professional and Technical Editing Credits: (3)
- ENGL 3050 - Grammar, Style, and Usage for Advanced Writing Credits: (3)
- ENGL 3140 - Professional and Technical Editing Credits: (3)

**Layout and Graphics**

Students will choose **one 3-credit course or a 3-credit course combination** from the following:
• ART 2420A - Bitmap Imaging Credits: (1) and
• ART 2420B - Vector Drawing Credits: (1) and
• ART 2420C - Digital Page Composition Credits: (1)

• ART 2430 - Introduction to Graphic Design Credits: (3)
• COMM 3350 - Visual Communication Credits: (3)
• ENGL 3190 CEL - Document Design Credits: (3)

**Practical Experience**

Students will choose one 3-credit course from the following:

• ENGL 4900 - Internships in Literary and Textual Studies Credits: (1-3)
• ENGL 4960 INT - Metaphor: Editing the Student Literary Journal Credits: (3)
Professional and Technical Writing Minor/BIS

- **Grade Requirements:** A grade point of 2.0 or better in all courses within the academic minor.
- **Credit Hour Requirements:** This minor consists of 18 credit hours of upper division technical writing courses.
- **Program Code:** 3024
- **CIPC:** 231303

Course Requirements for Minor

Professional and Technical Writing Courses Required (18 credit hours)

1. Four required courses - 12 credit hours

   - ENGL 3100 - Professional and Technical Writing Credits: (3)
   - ENGL 3140 - Professional and Technical Editing Credits: (3)
   - ENGL 3190 CEL - Document Design Credits: (3)
   - ENGL 4120 CEL - Seminar and Practicum in Professional and Technical Writing Credits: (3)

2. Two of the following courses - 6 credit hours

   - ENGL 3120 - Foundations in Professional & Technical Writing Credits: (3)
   - ENGL 3130 - Digital Writing Technologies Credits: (3)
   - ENGL 3160 - Grant Writing Credits: (3)
   - ENGL 4100 - Issues in Professional and Technical Writing Credits: (3)
   - ENGL 4110 - Content Management Credits: (3)
Screenwriting Minor

The Screenwriting Minor introduces students to the concepts, skills, and practical experience needed to enter the growing screenwriting industries. It offers an attractive opportunity for students interested in creative writing of any kind, film studies, theater, video game design, genre adaptation (print or stage to film), and film design or production. As such, it would complement many majors, among them English literature, Theater, Visual Arts and Design, Communication, Film Studies, or Game Development.

- **Program Prerequisite:** None required. However, some of the individual course options have a prerequisite or corequisite.
- **Grade Requirements:** A grade of 2.0 or better in all courses used toward the minor.
- **Credit Hour Requirements:** 18 credit hours, apportioned as directed below.
- **Program Code:** 3104
- **CIPC:** 500504

Course Requirements for Screenwriting Minor

Core (12 credit hours)

Complete the following 3-credit courses:

- ENGL 2210 - Introduction to Film Theory and Criticism Credits: (3)
- ENGL 2295 - CW: Introduction to Screenwriting Credits: (3)
- COMM 3740 - Writing for Screen Credits: (3)
- ENGL 3290 - CW: Advanced Screenwriting Credits: (3)
- ENGL 3380 - CW: Screenwriting Form and Craft Credits: (3)

Introductory (3 credit hours)

Choose one 3-credit course from the following:

- ENGL 2230 HU/DV - Introduction to Drama Credits: (3)
- ENGL 2250 CA - CW: Introduction to Creative Writing Credits: (3)
- ENGL 2260 CA - CW: Introduction to Writing Short Fiction Credits: (3)
- ENGL 2270 CA - CW: Introduction to Writing Poetry Credits: (3)
- ENGL 2280 CA - CW: Introduction to Writing Creative Nonfiction Credits: (3)

Enhancement (3 credit hours)

Choose one 3-credit course from the following:

- ENGL 3240 - CW: Writing Creative Nonfiction Credits: (3)
- ENGL 3250 - CW: Advanced Fiction Writing Credits: (3)
- ENGL 3260 - CW: Advanced Poetry Writing Credits: (3)
- ENGL 3355 - CW: Creative Nonfiction Forms and Craft Credits: (3)
- ENGL 3360 - CW: Short Story Forms and Craft Credits: (3)
- ENGL 3365 - CW: Novel Forms and Craft Credits: (3)
- ENGL 3370 - CW: Poetic Forms and Craft Credits: (3)
- ENGL 3540 - Adaptation Studies Credits: (3)
English Teaching Minor

- **Grade Requirements:** A grade of 2.0 or better in all courses used toward the minor.
- **Credit Hour Requirements:** Minimum of 25 credit hours of English courses. ENGL 1010, ENGL 2010, and lower division HU general education literature courses do not count toward an English teaching minor.
- **Program Code:** 3023
- **CIPC:** 131305

*Students who select the English Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education in this catalog).*

Student Teaching

Student Teaching takes place during Secondary Education Student Teaching, which generally takes place during students' last semester prior to graduation. Before student teaching, English majors must have completed all required English and Education courses and completed the language requirements for the Bachelor of Art degree. Students must apply for student teaching through Teacher Education according to deadlines set by that department.

Course Requirements for Minor

Required English Courses (25 credit hours)

**Foundation - 3 credit hours**

- **Critical Approaches Course** (to be taken early in the minor) / Prerequisite ENGL 2010:
  - ENGL 3080 - Critical Approaches to Literature Credits: (3)

**Core - 6 credit hours**

1. **American Literature Surveys:** (one of the following) / Prerequisite ENGL 2010:
   - ENGL 3610 - American Literature I Credits: (3)
   - ENGL 3620 - American Literature II Credits: (3)

2. **British Literature Surveys:** (one of the following) / Prerequisite ENGL 2010:
   - ENGL 3650 - British Literature I Credits: (3)
   - ENGL 3660 - British Literature II Credits: (3)

**Methodology - 13 credit hours**

Take all of the following:
- ENGL 2420 - Young Adult Literature Credits: (3)
- ENGL 3020 - Teaching English/Language Arts Credits: (3)
- ENGL 3410 INT - The Teaching of Writing Credits: (3)
- ENGL 3755 - Topics in English Teaching Credits: (3)
- ENGL 4910 - Capstone in English Teaching Credits: (1)

**Areas of Specialization - 3 credit hours**

Choose **one** course from the area listed below:
Writing and Interdisciplinary Studies

Courses in this area will focus on writing and/or the study of other disciplines as they connect with literature, language, or the craft of writing / Prerequisites as specified for individual courses in course catalog:

- ENGL 3050 - Grammar, Style, and Usage for Advanced Writing Credits: (3)
- ENGL 3100 - Professional and Technical Writing Credits: (3)
- ENGL 3210 - Advanced College Writing Credits: (3)
- ENGL 3250 - CW: Advanced Fiction Writing Credits: (3)
- ENGL 3260 - CW: Advanced Poetry Writing Credits: (3)
- ENGL 3280 - Biographical Writing Credits: (3)
Department of Foreign Languages

Department Chair: Isabel Asensio
Location: Elizabeth Hall, Room 434
Telephone Contact: Sandy Thomas 801-626-6183

Professors: Isabel Asensio, Craig Bergeson, Thomas Mathews; Associate Professors: Diego Batista, Electra Fielding, Kacy Peckenpaugh, John Trimble; Assistant Professors: Youn Soo Goldstein, Vicente Iranzo, Aubrey Jones Kubiak; Visiting Assistant Professors: Cynthia Jones, Isabel Meusen; Instructors: Tomono Adachi, Javier Berzal, Andrea Schwartz

The Department of Foreign Languages promotes global awareness and intercultural understanding by providing instruction and study abroad opportunities in various languages. We prepare majors and minors to function effectively in a foreign language by offering courses in literature, culture, linguistics, pedagogy and language for professional purposes.

A bachelor of arts degree is offered. Students may select a regular major, a teaching major or a major with a commercial emphasis in French, German or Spanish. Regular and teaching minors are offered in these three languages as well. In addition, a Japanese minor is offered, and the department participates in Asian Studies, European Studies and Latin American Studies minors and in a departmental Honors Program. A language emphasis for the BIS degree requires a minimum of 18 hours, 15 of which must be upper-division course work. Courses in other languages may be offered as need and resources allow. The curriculum is based on the National Standards for measuring proficiency. Each course is designed to foster linguistic skills and to increase the student's ability to participate in the culture.

Foreign Language Requirement for the Bachelor of Arts Degree

The Bachelor of Arts degree includes a foreign language or ASL (American Sign Language) requirement which may be met by one of the following:

1. Documentation of a proficiency level of "Intermediate Low" or better through an examination administered by the WSU Foreign Language Department or through an examination by a recognized testing agency.
2. Completion of WSU foreign language course ASL 2020 or CHNS 2020 or FRCH 2020 or GRMN 2020 or ITLN 2020 or JPNS 2020 or PTGS 2020 or SPAN 2020 with a grade of "C" or higher, or comparable transfer credit.
3. Completion of any upper-division WSU foreign language course with a grade of "C" or higher, or comparable transfer credit.
4. Students for whom English is a second language may meet the BA foreign language requirement by verifying their proficiency in their native (non-English) language in cooperation with the Foreign Language Department and verifying their proficiency in English as a Second language by passing the ESL Special Examination.
5. Documentation of a minimum proficiency level in American Sign Language through an examination administered by the American Sign Language/Interpreting program at Salt Lake Community College (SLCC). The signer must "produce and maintain American Sign Language with continuity and precision."
6. Completion of SLCC's American Sign Language Course ASL 1050 with a grade of "C" or higher, or comparable transfer credit.
7. Completion of twelve semester-hours of foreign language.

Obtaining Foreign Language Credit for Prior Language Experience

Students with prior language experience may obtain lower-division foreign language credit by completing one of the following options:

1. Students may obtain credit for 1010, 1020, 2010 and 2020 by passing a higher numbered course with a minimum grade of "C"
2. Students may obtain credit for 1010, 1020, 2010 and 2021 through examination, but only in those languages in which the Department of Foreign Languages has expertise (usually limited to French, German, Japanese and Spanish). This examination is administered regularly by the department. Credit for Humanities General Education (2020) cannot be obtained through examination.

Upon payment of a nominal fee, hours earned through either option are recorded as "credit" on the transcript and do not affect the student's GPA. The department may accept results from other foreign language testing agencies as evidence of proficiency. Application for credit is to be made at the office of the Department of Foreign Languages.

213
Generally, students may not earn lower-division foreign language credit for proficiency in their native language. If a student's second language is English, then English may fill the BA foreign language requirement (see specific BA-major department advisors).

**Interdisciplinary Minors**

The Foreign Languages Department participates in the Asian Studies, European Studies, Linguistics, and Latin American Studies Minor Programs. Students who wish to enroll in one of these programs should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)

**Oral Proficiency Requirements**

The American Council on the Teaching of Foreign Languages (ACTFL) has defined a scale for the evaluation of the language proficiency of students. The ACTFL Proficiency scale has four levels: Novice, Intermediate, Advanced and Superior. The Department of Foreign Languages requires that students achieve a determined proficiency level, depending on the students' goals. In addition, instructors assume that students entering any class have acquired the entry-level proficiency indicated for that class. (These levels are indicated in parentheses by the description of each course. N=Novice; NH=Novice High; IL=Intermediate Low; IM=Intermediate Mid; IH=Intermediate High; AL=Advanced Low.)

**Novice (N)**

Students at this level have no experience in the language they are studying. They begin by learning the sound and spelling system and by memorizing words and phrases. During the course, they will progress to the point of being able to create simple sentences, to ask some questions, and to initiate, sustain and conclude simple social tasks more than half of the time.

**Novice High (NH)**

At the Novice-High level student's progress from the ability to respond simply with learned utterances to the ability to create language face-to-face, to ask and answer simple questions, and to create sentence-level constructions.

**Intermediate Low (IL)**

At the Intermediate-Low level students continue to build mastery of personal social-oriented informational tasks and move to a higher level by practicing informational tasks beyond the immediate and personal. Students will move from simple-sentence to more complex sentence-level discourse. They will practice narration, description and comparison, but mastery is not expected.

**Intermediate Mid (IM)**

Students at this level build on an ability to perform informational tasks beyond immediate and personal needs while they continue to practice narration, description and comparison. In addition, students begin practice in supporting opinions and hypothesizing in the language. They move from complex sentence-level structures to paragraph-level discourse.

**Intermediate High (IH)**

At this level students can function at the Advanced level most of the time. They still need practice narrating, describing and comparing, and Linking sentences together smoothly. In addition, they encounter more tasks that require them to support opinion and to hypothesize. Student's progress from complex sentences to paragraphs to extended discourse.

**Advanced Low (AL)**

Students at this level function at the Advanced level all or almost all of the time. Students have no difficulty with extended discourse, narration in all tenses and explanation. They are able to and use language both oral and written in complex and sophisticated ways.
American Sign Language (ASL) (AA)

An Associate of Arts with an American Sign Language (ASL) major will indicate that a student has completed all WSU AA degree requirements and the core curriculum required for the Bachelor of Arts in ASL. It will also indicate students are prepared to enroll in upper division ASL courses. The ending proficiency expectation is "Intermediate Low."

- **Program Code:** 3050AA
- **CIPC:** 161601

Advisement

American Sign Language (ASL) majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

General Education

Refer to Degree and General Education Requirements of this catalog for Associate of Arts requirements.

Program Learning Outcomes

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Describe and explain aspects of the culture(s) of the language being studied.

Required ASL Courses

- ASL 1010 - First Semester ASL Credits: (3)
- ASL 1020 - Second Semester ASL Credits: (3)
- ASL 2010 - Third Semester ASL Credits: (3)
- ASL 2020 HU - Fourth Semester ASL Credits: (3)
- ASL 2030 - Second Year Language Review Credits: (3)
Chinese (AA)

An Associate of Arts with a Chinese major will indicate that a student has completed all WSU AA degree requirements and the core curriculum required for the Bachelor of Arts in Chinese. It will also indicate students are prepared to enroll in upper division Chinese courses. The ending proficiency expectation is “Intermediate Low.”

- **Program Code:** 3074AA
- **CIPC:** 160301

Advisement

Chinese majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

General Education

Refer to Degree and General Education Requirements of this catalog for Associate of Arts requirements.

Program Learning Outcomes

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles.
- Write an analysis or a literary or cultural work in the language.
- Describe and explain aspects of the culture(s) of the language being studied.

Required Chinese Courses

- CHNS 1010 - First Semester Chinese Credits: (3)
- CHNS 1020 - Second Semester Chinese Credits: (3)
- CHNS 2010 - Third Semester Chinese Credits: (3)
- CHNS 2020 HU - Fourth Semester Chinese Credits: (3)

- CHNS 2030 - Second Year Language Review Credits: (3)
  OR
- CHNS 1852 - Study Abroad Credits: (1-3)
  OR
- CHNS 2851 - Study Abroad Credits: (3) or
- CHNS 2852 - Study Abroad Credits: (1-3)
  OR
- CHNS 3000 - Proficiency Development Credits: (3)
French (AA)

An Associate of Arts with a French major will indicate that a student has completed all WSU AA degree requirements and the core curriculum required for the Bachelor of Arts in French. It will also indicate students are prepared to enroll in upper division French courses. The ending proficiency expectation is "Intermediate Low."

- **Program Code:** 3026AA
- **CIPC:** 160901

**Advisement**

French majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment.

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

**General Education**

Refer to Degree Requirements of this catalog for Associate of Arts requirements.

**Program Learning Outcomes**

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles.
- Write an analysis or a literary or cultural work in the language.
- Describe and explain aspects of the culture(s) of the language being studied.

**Required French Courses**

- FRCH 1010 - First Semester French Credits: (3)
- FRCH 1020 - Second Semester French Credits: (3)
- FRCH 2010 - Third Semester French Credits: (3)
- FRCH 2020 HU - Fourth Semester French Credits: (3)
- FRCH 2030 - Second Year Language Review Credits: (3)
  OR
- FRCH 1852 - Study Abroad Credits: (1-3)
  OR
- FRCH 2851 - Study Abroad Credits: (3) or
- FRCH 2852 - Study Abroad Credits: (1-3)
  OR
- FRCH 3000 - Proficiency Development Credits: (3)
German (AA)

An Associate of Arts with a German major will indicate that a student has completed all WSU AA degree requirements and the core curriculum required for the Bachelor of Arts in German. It will also indicate students are prepared to enroll in upper division German courses. The ending proficiency expectation is "Intermediate Low."

- **Program Code:** 3028AA
- **CIPC:** 160501

Advisement

German majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

General Education

Refer to Degree and General Education Requirements of this catalog for Associate of Arts requirements.

Program Learning Outcomes

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles.
- Write an analysis or a literary or cultural work in the language.
- Describe and explain aspects of the culture(s) of the language being studied.

Required German Courses

- GRMN 1010 - First Semester German Credits: (3)
- GRMN 1020 - Second Semester German Credits: (3)
- GRMN 2010 - Third Semester German Credits: (3)
- GRMN 2020 HU - Fourth Semester German Credits: (3)
- GRMN 2030 - Second Year Language Review Credits: (3)
  OR
- GRMN 1852 - Study Abroad Credits: (1-3)
  OR
- GRMN 2851 - Study Abroad Credits: (3) or
- GRMN 2852 - Study Abroad Credits: (1-3)
  OR
- GRMN 3000 - Proficiency Development Credits: (3)
Japanese (AA)

WSU currently offers a minor in Japanese. Adding an Associate of Arts with a Japanese major will indicate that a student has completed all WSU AA degree requirements in addition to the core curriculum in Japanese. The ending proficiency expectation is "Intermediate Low."

- Program Code: 3032AA
- CIPC: 160302

Advisement

Japanese majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

General Education

Refer to Degree and General Education Requirements of this catalog for Associate of Arts requirements.

Program Learning Outcomes

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles.
- Write an analysis or a literary or cultural work in the language.
- Describe and explain aspects of the culture(s) of the language being studied.

Required Japanese Courses

- JPNS 1010 - First Semester Japanese Credits: (3)
- JPNS 1020 - Second Semester Japanese Credits: (3)
- JPNS 2010 - Third Semester Japanese Credits: (3)
- JPNS 2020 HU - Fourth Semester Japanese Credits: (3)

Localization (AA)

- **Grade requirements**: A grade of "C" or better in courses used for this major (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Program Code**: 3082AA
- **CIPC**: 160103

Admissions

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

Advisement

Localization majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment.

General Education

Refer to Degree and General Education Requirements of this catalog for Associate of Arts requirements.

Program Learning Outcomes

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Explain the linguistic and cultural knowledge needed in adapting a product or service for specific locales associated with the language they are studying.
- Explain the application of localization in global technology (such as software engineering, web development, digital media, programming, etc.).
- Describe and explain aspects of the culture(s) of the language being studied.

Course Requirements

FL Courses (12 credit hours)

*Complete the following 12 credit hours (or demonstrate equivalent proficiency)*

- ASL 1010 - First Semester ASL **Credits**: (3)
- ASL 1020 - Second Semester ASL **Credits**: (3)
- ASL 2010 - Third Semester ASL **Credits**: (3)
- ASL 2020 HU - Fourth Semester ASL **Credits**: (3)

American Sign Language (ASL) Certificate of Proficiency

The Certificate of Proficiency in American Sign Language (ASL) will allow students and professionals to validate intermediate competency in ASL, affording them an advantage in employment, broadening business opportunities and enriching their cultural and social understanding of our community and of the francophone world. This Certificate provides concrete evidence of communication skills for employers and associates.

- **Grade Requirements:** A grade of "C" or better in all courses used for this certificate
- **Credit Hour Requirements:** A total of 18 credit hours is required.
- **Program Code:** 3050CP
- **CIPC:** 16.1601

Program Learning Outcomes

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles. (3000 level courses)
- Write an analysis or a literary or cultural work in the language. (3000 level courses)
- Describe and explain aspects of the culture(s) of the language being studied.

Core Courses

Complete the following (12 credit hours):

- ASL 1010 - First Semester ASL Credit: (3)
- ASL 1020 - Second Semester ASL Credit: (3)
- ASL 2010 - Third Semester ASL Credit: (3)
- ASL 2020 HU - Fourth Semester ASL Credit: (3)

Elective Courses

6 credit hours in ASL at the 3000 level or higher.
Chinese Certificate of Proficiency

The Certificate of Proficiency in Chinese will allow students and professionals to validate intermediate competency in oral and written Chinese, affording them an advantage in employment, broadening business opportunities and enriching their cultural and social understanding of our community and of the francophone world. This Certificate provides concrete evidence of speaking and writing skills for employers and associates.

- **Grade Requirements:** A grade of "C" or better in all courses used for this certificate
- **Credit Hour Requirements:** A total of 18 credit hours is required.
- **Program Code:** 3074CP
- **CIPC:** 16.0301

Program Learning Outcomes

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles. (3000 level courses)
- Write an analysis or a literary or cultural work in the language. (3000 level courses)
- Describe and explain aspects of the culture(s) of the language being studied.

Core Courses

Complete the following (12 credit hours):

- CHNS 1010 - First Semester Chinese Credits: (3)
- CHNS 1020 - Second Semester Chinese Credits: (3)
- CHNS 2010 - Third Semester Chinese Credits: (3)
- CHNS 2020 HU - Fourth Semester Chinese Credits: (3)

Elective Courses

6 credit hours in Chinese at the 3000 level or higher.
French Certificate of Proficiency

The Certificate of Proficiency in French will allow students and professionals to validate intermediate competency in oral and written French, affording them an advantage in employment, broadening business opportunities and enriching their cultural and social understanding of our community and of the francophone world. This Certificate provides concrete evidence of speaking and writing skills for employers and associates.

- **Grade Requirements**: A grade of "C" or better in all courses used for this certificate
- **Credit Hour Requirements**: A total of 18 credit hours is required.
- **Program Code**: 3026CP
- **CIPC**: 16.0901

**Program Learning Outcomes**

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles. (3000 level courses)
- Write an analysis or a literary or cultural work in the language. (3000 level courses)
- Describe and explain aspects of the culture(s) of the language being studied.

**Core Courses**

Complete the following (12 credit hours):

- **FRCH 1010 - First Semester French** Credits: (3)
- **FRCH 1020 - Second Semester French** Credits: (3)
- **FRCH 2010 - Third Semester French** Credits: (3)
- **FRCH 2020 HU - Fourth Semester French** Credits: (3)

**Elective Courses**

6 credit hours in French at the 3000 level or higher.
German Certificate of Proficiency

The Certificate of Proficiency in German will allow students and professionals to validate intermediate competency in oral and written German, affording them an advantage in employment, broadening business opportunities and enriching their cultural and social understanding of our community and of the francophone world. This Certificate provides concrete evidence of speaking and writing skills for employers and associates.

- **Grade Requirements:** A grade of "C" or better in all courses used for this certificate
- **Credit Hour Requirements:** A total of 18 credit hours is required.
- **Program Code:** 3028CP
- **CIPC:** 16.0501

Program Learning Outcomes

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles. (3000 level courses)
- Write an analysis or a literary or cultural work in the language. (3000 level courses)
- Describe and explain aspects of the culture(s) of the language being studied.

Core Courses

Complete the following (12 credit hours):

- GRMN 1010 - First Semester German **Credits:** (3)
- GRMN 1020 - Second Semester German **Credits:** (3)
- GRMN 2010 - Third Semester German **Credits:** (3)
- GRMN 2020 HU - Fourth Semester German **Credits:** (3)

Elective Courses

6 credit hours in German at the 3000 level or higher.
Japanese Certificate of Proficiency

The Certificate of Proficiency in Japanese will allow students and professionals to validate intermediate competency in oral and written Japanese, affording them an advantage in employment, broadening business opportunities and enriching their cultural and social understanding of our community and of the francophone world. This Certificate provides concrete evidence of speaking and writing skills for employers and associates.

- **Grade Requirements:** A grade of "C" or better in all courses used for this certificate
- **Credit Hour Requirements:** A total of 18 credit hours is required.
- **Program Code:** 3032CP
- **CIPC:** 16.0302

Program Learning Outcomes

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles. (3000 level courses)
- Write an analysis or a literary or cultural work in the language. (3000 level courses)
- Describe and explain aspects of the culture(s) of the language being studied.

Core Courses

Complete the following (12 credit hours):

- JPNS 1010 - First Semester Japanese Credits: (3)
- JPNS 1020 - Second Semester Japanese Credits: (3)
- JPNS 2010 - Third Semester Japanese Credits: (3)
- JPNS 2020 HU - Fourth Semester Japanese Credits: (3)

Elective Courses

6 credit hours in Japanese at the 3000 level or higher.
Spanish Certificate of Proficiency

The Certificate of Proficiency in Spanish will allow students and professionals to validate intermediate competency in oral and written Spanish, affording them an advantage in employment, broadening business opportunities and enriching their cultural and social understanding of our community and of the francophone world. This Certificate provides concrete evidence of speaking and writing skills for employers and associates.

- **Grade Requirements:** A grade of "C" or better in all courses used for this certificate
- **Credit Hour Requirements:** A total of 18 credit hours is required.

**Program Learning Outcomes**

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles. (3000 level courses)
- Write an analysis or a literary or cultural work in the language. (3000 level courses)
- Describe and explain aspects of the culture(s) of the language being studied.

**Core Courses**

- SPAN 1010 - First Semester Spanish Credits: (3)
- SPAN 1020 - Second Semester Spanish Credits: (3)
- SPAN 2010 - Third Semester Spanish Credits: (3)
- SPAN 2020 HU - Fourth Semester Spanish Credits: (3)

**Elective Courses**

6 credit hours in Spanish at the 3000 level or higher.
French (BA)

- **Program Prerequisite:** Completion of first and second-year courses in French or equivalent preparation.
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses used for this major (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 40 hours of these must be upper division (courses numbered 3000 and above). For the major, a minimum of 30.5 upper division hours is required beyond the prerequisite lower division courses (prerequisite courses, if needed, total 12 credit hours). At least 6 credit hours of major courses must be completed at WSU.
- **Program Code:** 3026BA
- **CIPC:** 160901

**Advisement**

French majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

**General Education**

Refer to Degree Requirements of this catalog for Bachelor of Arts requirements. FRCH 2020 HU will fulfill the 3 credit hours for the Humanities General Education requirement. A student who completes an upper-division French course with a "C" or better will also meet this requirement. Credit for Humanities General Education (HU2020) cannot be obtained through examination. The prerequisite courses listed under the major requirements will also fulfill the BA Language requirement.

**Program Learning Outcomes**

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles.
- Write an analysis or a literary or cultural work in the language.
- Describe and explain aspects of the culture(s) of the language being studied.

**Assessment**

During their senior year, all French majors will complete FL 4990 in order to help the department assess how well it has met its goals. Students are encouraged to keep copies of their best work from each course taken in the major. These samples will be used in FL 4990.

**Major Course Requirements for BA Degree**

**Prerequisite Courses**
Complete the following 12 credit hours (or demonstrate equivalent proficiency)

- FRCH 1010 - First Semester French Credits: (3)
- FRCH 1020 - Second Semester French Credits: (3)
- FRCH 2010 - Third Semester French Credits: (3)
- FRCH 2020 HU - Fourth Semester French Credits: (3)

Required Courses (6.5 credit hours)

- FRCH 3060 - Grammar & Composition Credits: (3)
- FRCH 3160 - Introduction to Literature Credits: (3)
- FL 4990 - Senior Assessment Credits: (.5)

Literature Requirement (3 credit hours)

- FRCH 3610 - Literature Survey I Credits: (3)
- FRCH 3620 - Literature Survey II Credits: (3)
- FRCH 3630 - Literature Poetry Credits: (3)
- FRCH 3631 - Literature: Prose Credits: (3)
- FRCH 3632 - Literature: Drama Credits: (3)
- FRCH 3650 - Literature Periods Credits: (3)
- FRCH 3670 - Literature Authors Credits: (3)
- FRCH 3680 - Literature: Film Credits: (3)
- FRCH 3690 - Literature Special Topics in Literature Credits: (3)
- FRCH 4620 - Survey of Literature I Credits: (3)
- FRCH 4630 - Survey of Literature II Credits: (3)

Elective Courses

Select a minimum of 21 credit hours.

To complete the required 30.5 credit hours, majors in the French BA program may choose as electives any 3000 and 4000 level French courses, including those listed above. Prerequisites may be specified for individual courses in the course catalog.

Note:

*FL 3320 (Applied Language Studies variable title course) when taken as Language & Culture of Europe will only count towards a French major if course assignments are completed in French. Speak with the instructor before registering for this class.
French for Translation and Global Industry (BA)

- **Program Prerequisite:** Completion of first and second-year courses in French or equivalent preparation.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses used for this major (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation -- 40 hours of these must be upper division (courses numbered 3000 and above). For the major, a minimum of 46.5 upper division hours is required beyond the prerequisite lower division courses (prerequisite courses, if needed, total 12 credit hours). At least 6 credit hours of major courses must be completed at WSU.
- **Program Code:** 3108BA
- **CIPC:** 160901

**Advisement**

French majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

**General Education**

Refer to Degree Requirements of this catalog for Bachelor of Arts requirements. FRCH 2020 will fulfill the 3 credit hours for the Humanities General Education requirement. A student who completes an upper-division French course with a "C" or better will also meet this requirement. Credit for Humanities General Education (HU2020) cannot be obtained through examination. The prerequisite courses listed under the major requirements will also fulfill the BA Language requirement.

**Program Learning Outcomes**

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles.
- Write an analysis or a literary or cultural work in the language.
- Describe and explain aspects of the culture(s) of the language being studied.
- Demonstrate proficiency with technological tools and methodologies used to perform tasks within the context of a specific professional field (translation, business, or international relations).

**Assessment**

During their senior year, all French majors will complete FL 4990 in order to help the department assess how well it has met its goals. Students are encouraged to keep copies of their best work from each course taken in the major. These samples will be used in FL 4990.

**Major Course Requirements for BA Degree**
Prerequisite Courses

Complete the following 12 credit hours (or demonstrate equivalent proficiency).

- FRCH 1010 - First Semester French Credits: (3)
- FRCH 1020 - Second Semester French Credits: (3)
- FRCH 2010 - Third Semester French Credits: (3)
- FRCH 2020 HU - Fourth Semester French Credits: (3)

Language and Structure Courses (6 credit hours)

Select two courses (a minimum of 6 credit hours) from the following.

- FRCH 3060 - Grammar & Composition Credits: (3)
- FRCH 3360 - Advanced Grammar Credits: (3)
- FRCH 3550 - Cultural Heritage I Credits: (3)
- FRCH 3560 - Cultural Heritage II Credits: (3)

Translation and Localization Requirements (12 credit hours)

- FL 2410 - Introduction to Localization Credits: (3)
- FRCH 3740 - Translation I Credits: (3)
- FL 3430 - Translation Technology Credits: (3)

Select one course from the following.

- FRCH 3760 - Special Topics in Translation Credits: (3)
- FRCH 4740 - Translation II Credits: (3)
- FRCH 3750 - Introduction to Interpreting Credits: (3)

Global Industry Requirements (6 credit hours)

Select two courses (a minimum of 6 credit hours) from the following.

- FRCH 3710 - Business Language I Credits: (3)
- FRCH 3715 - Business Language II Credits: (3)
- FRCH 3720 - Language for Specific Purposes I Credits: (3)
- FRCH 3730 - Language for Specific Purposes II Credits: (3)

Support and Application Courses

Technology Elective (6 credit hours)

Select two courses (a minimum of 6 credit hours) from the following.

- ART 2430 - Introduction to Graphic Design Credits: (3)
- ART 3430 - Typography and Publication Design Credits: (3)
- COMM 2250 HU - Essentials of Digital Media Credits: (3)
- CS 1400 - Programming I Credits: (4)
- MIS 2110 - Software Development I Credits: (3)
- WEB 1400 - Web Design and Usability Credits: (3)

Writing Course (3 credit hours)

Select one course (a minimum of 3 credit hours) from the following.
• ENGL 3030 - Structure of English Credits: (3)
• ENGL 3050 - Grammar, Style, and Usage for Advanced Writing Credits: (3)
• ENGL 3100 - Professional and Technical Writing Credits: (3)

Linguistics Course (3 credit hours)

Select one course (a minimum of 3 credit hours) from the following.
• FRCH 3220 - Phonetics and Phonology Credits: (3)
• FRCH 3270 - Special Topics in Linguistics Credits: (3)
• FRCH 3320 - Applied Language Studies Credits: (1-3)
• ENGL 3010 - Introduction to Linguistics Credits: (3)

Internship

Complete at least 1 credit hour in an internship; it is recommended that this be completed during the senior year. An internship may, on occasion, earn up to three credit hours.
• FL 4860 INT - Foreign Language Internship Credits: (1-3)

Senior Assessment

• FL 4990 - Senior Assessment Credits: (.5)

Elective Courses (9 credit hours)

Select three courses (a minimum of 9 credit hours) from the following.
• FRCH 3000 - Proficiency Development Credits: (3)
• FRCH 3060 - Grammar & Composition Credits: (3)
• FRCH 3116 - DLI Bridge Course I Credits: (3)
• FRCH 3117 - DLI Bridge Course II Credits: (3)
• FRCH 3118 - DLI Bridge Course III Credits: (3)
• FRCH 3160 - Introduction to Literature Credits: (3)
• FRCH 3220 - Phonetics and Phonology Credits: (3)
• FRCH 3270 - Special Topics in Linguistics Credits: (3)
• FRCH 3320 - Applied Language Studies Credits: (1-3)
• FRCH 3360 - Advanced Grammar Credits: (3)
• FRCH 3550 - Cultural Heritage I Credits: (3)
• FRCH 3560 - Cultural Heritage II Credits: (3)
• FRCH 3570 - Special Topics in Culture Credits: (3)
• FRCH 3630 - Literature Poetry Credits: (3)
• FRCH 3631 - Literature: Prose Credits: (3)
• FRCH 3632 - Literature: Drama Credits: (3)
• FRCH 3650 - Literature Periods Credits: (3)
• FRCH 3670 - Literature Authors Credits: (3)
• FRCH 3680 - Literature: Film Credits: (3)
• FRCH 3690 - Literature Special Topics in Literature Credits: (3)
• FRCH 3710 - Business Language I Credits: (3)
• FRCH 3715 - Business Language II Credits: (3)
• FRCH 3720 - Language for Specific Purposes I Credits: (3)
• FRCH 3730 - Language for Specific Purposes II Credits: (3)
• FRCH 3740 - Translation I Credits: (3)
• FRCH 3750 - Introduction to Interpreting Credits: (3)
• FRCH 3760 - Special Topics in Translation Credits: (3)
• FRCH 3810 - Experimental Course Credits: (1-6)
• FRCH 3850 - Study Abroad Credits: (1-6)
• FRCH 4190 - Foreign Language Journal Credits: (3)
• FRCH 4740 - Translation II Credits: (3)
• FRCH 4830 - Directed Readings Credits: (1-3)
• FRCH 4850 - Study Abroad Credits: (3)
• FRCH 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• FRCH 4960 - Senior Project Credits: (3)

*Note: FL 3320 - Applied Language Studies when taken as Language & Culture of Europe will only count towards a French major if course assignments are completed in French. Speak with the instructor before registering for this class.
French Teaching (BA)

- **Program Prerequisite:** Completion of first and second-year courses in French or equivalent preparation. In addition, teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses used for this major (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A total of 120 hours is required for graduation; 40 hours of these must be upper division (courses numbered 3000 and above). For the major, a minimum of 35.5 upper division hours is required beyond the prerequisite lower division courses (prerequisite courses, if needed, total 12 credit hours). At least 6 credit hours of major courses must be completed at WSU.
- **Program Code:** 3027BA
- **CIPC:** 131325

Advisement

French Teaching majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment. Teaching majors are also encouraged to consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269).

Admission Requirements

Declare your program of study (see Enrollment Services and Information). Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).

General Education

Refer to Degree Requirements for Bachelor of Arts requirements. FRCH 2020 will fulfill the 3 credit hours for the Humanities General Education requirement. A student who completes an upper-division French course with a "C" or better will also meet this requirement. Credit for Humanities General Education (HU2020) cannot be obtained through examination. The prerequisite courses listed under the major requirements will also fulfill the BA Language requirement.

Program Learning Outcomes

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles.
- Write an analysis or a literary or cultural work in the language.
- Describe and explain aspects of the culture(s) of the language being studied.

Assessment

During their senior year, all French Teaching majors will complete FL 4990 in order to help the department assess how well it has met its goals. Students are encouraged to keep copies of their best work from each course taken in the major. These samples will be used in FL 4990.

Major Course Requirements for BA Degree
Prerequisite Courses

Complete the following 12 credit hours (or demonstrate equivalent proficiency)

- FRCH 1010 - First Semester French Credits: (3)
- FRCH 1020 - Second Semester French Credits: (3)
- FRCH 2010 - Third Semester French Credits: (3)
- FRCH 2020 HU - Fourth Semester French Credits: (3)

Required Courses (11.5 credit hours)

- FRCH 3060 - Grammar & Composition Credits: (3)
- FRCH 3160 - Introduction to Literature Credits: (3)
- FL 4400 - Methods for Teaching Languages Credits: (5) *
- FL 4990 - Senior Assessment Credits: (.5)

Literature Requirement (3 credit hours)

- FRCH 3610 - Literature Survey I Credits: (3)
- FRCH 3620 - Literature Survey II Credits: (3)
- FRCH 3630 - Literature Poetry Credits: (3)
- FRCH 3631 - Literature: Prose Credits: (3)
- FRCH 3632 - Literature: Drama Credits: (3)
- FRCH 3650 - Literature Periods Credits: (3)
- FRCH 3670 - Literature Authors Credits: (3)
- FRCH 3680 - Literature: Film Credits: (3)
- FRCH 3690 - Literature Special Topics in Literature Credits: (3)
- FRCH 4620 - Survey of Literature I Credits: (3)
- FRCH 4630 - Survey of Literature II Credits: (3)

Elective Courses

To complete the required 35.5 credit hours, majors in the French Teaching BA program may choose as electives any 3000 and 4000 level French courses, including those listed above. Prerequisites may be specified for individual courses in the course catalog.

Note:

*Students must take an ACTFL Oral Proficiency Examination prior to taking FL 4400 and student teaching. The department standard for Proficiency is the Advanced-Low level. Students must also complete the Praxis II Content Knowledge Exam in their language prior to student teaching. (Please see the foreign language advisor.)
German (BA)

- **Program Prerequisite:** Completion of first and second-year courses in German or equivalent preparation.
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses used for this major (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 40 hours of these must be upper division (courses numbered 3000 and above). For the major, a minimum of 30.5 upper division hours is required beyond the prerequisite lower division courses (prerequisite courses, if needed, total 12 credit hours). At least 6 credit hours of major courses must be completed at WSU.
- **Program Code:** 3028BA
- **CIPC:** 160501

**Advisement**

German majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

**General Education**

Refer to Degree Requirements of this catalog for Bachelor of Arts requirements. FL 2020 will fulfill the 3 credit hours for the Humanities General Education requirement. A student who completes an upper-division German course with a "C" or better will also meet this requirement. Credit for Humanities General Education (HU2020) cannot be obtained through examination. The prerequisite courses listed under the major requirements will also fulfill the BA Language requirement.

**Program Learning Outcomes**

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles.
- Write an analysis or a literary or cultural work in the language.
- Describe and explain aspects of the culture(s) of the language being studied.

**Assessment**

During their senior year, all German majors will complete FL 4990 in order to help the department assess how well it has met its goals. Students are encouraged to keep copies of their best work from each course taken in the major. These samples will be used in FL 4990.

**Major Course Requirements for BA Degree**

**Prerequisite Courses**
Complete the following 12 credit hours (or demonstrate equivalent proficiency)

- GRMN 1010 - First Semester German Credits: (3)
- GRMN 1020 - Second Semester German Credits: (3)
- GRMN 2010 - Third Semester German Credits: (3)
- GRMN 2020 HU - Fourth Semester German Credits: (3)

Required Courses (6.5 credit hours)

- GRMN 3060 - Grammar & Composition Credits: (3)
- GRMN 3160 - Introduction to Literature Credits: (3)
- FL 4990 - Senior Assessment Credits: (.5)

Literature Requirement (3 credit hours)

Select one course (a minimum of 3 credit hours) from the following

- GRMN 3610 - Literature Survey I Credits: (3)
- GRMN 3620 - Literature Survey II Credits: (3)
- GRMN 3630 - Literature Poetry Credits: (3)
- GRMN 3650 - Literature Periods Credits: (3)
- GRMN 3670 - Literature Authors Credits: (3)
- GRMN 3690 - Literature Special Topics in Literature Credits: (1-3)
- GRMN 4620 - Survey of Literature I Credits: (3)
- GRMN 4630 - Survey of Literature II Credits: (3)
- GRMN 4690 - Special Topics in Literature Credits: (3)

Elective Courses

Select a minimum of 21 credit hours.
To complete the required 30.5 credit hours, majors in the German BA program may choose as electives any 3000 and 4000 level German courses, including those listed above. Prerequisites may be specified for individual courses in the course catalog.

Note:

*FL 3320 (Applied Language Studies variable title course) when taken as Language & Culture of Europe will only count towards a German major if course assignments are completed in German. Speak with the instructor before registering for this class.
German for the Professions (BA)

- **Program Prerequisite:** Completion of first and second-year courses in German or equivalent preparation.
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses used for this major (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation -- 40 hours of these must be upper division (courses numbered 3000 and above). For the major, a minimum of 30.5 upper division hours is required beyond the prerequisite lower division courses (prerequisite courses, if needed, total 12 credit hours). At least 6 credit hours of major courses must be completed at WSU.
- **Program Code:** 3088BA
- **CIPC:** 160501

**Advisement**

German majors are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6183 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

**General Education**

Refer to Degree Requirements of this catalog for Bachelor of Arts requirements. FL 2020 will fulfill the 3 credit hours for the Humanities General Education requirement. A student who completes an upper-division German course with a "C" or better will also meet this requirement. Credit for Humanities General Education (HU2020) cannot be obtained through examination. The prerequisite courses listed under the major requirements will also fulfill the BA Language requirement.

**Program Learning Outcomes**

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles.
- Write an analysis or a literary or cultural work in the language.
- Describe and explain aspects of the culture(s) of the language being studied.

**Assessment**

During their senior year, all German majors will complete FL 4990 in order to help the department assess how well it has met its goals. Students are encouraged to keep copies of their best work from each course taken in the major. These samples will be used in FL 4990.

**Major Course Requirements for BA Degree**

**Prerequisite Courses**
Complete the following 12 credit hours (or demonstrate equivalent proficiency)

- GRMN 1010 - First Semester German Credits: (3)
- GRMN 1020 - Second Semester German Credits: (3)
- GRMN 2010 - Third Semester German Credits: (3)
- GRMN 2020 HU - Fourth Semester German Credits: (3)

Required Courses (12.5 credit hours)

- GRMN 3060 - Grammar & Composition Credits: (3)
- GRMN 3160 - Introduction to Literature Credits: (3)
- GRMN 3710 - Business Language I Credits: (3)
- GRMN 3715 - Business Language II Credits: (3)
- FL 4990 - Senior Assessment Credits: (.5)

Select 3 credit hours from the following

- GRMN 3550 - Cultural Heritage I Credits: (3)
- GRMN 3560 - Cultural Heritage II Credits: (3)
- GRMN 3570 - Special Topics in Culture Credits: (3)

Elective Courses

Select a minimum of 15 credit hours.
To complete the required 30.5 credit hours, majors in the German, Commercial Emphasis, BA program may choose as electives any 3000 and 4000 level German courses, including those listed above. Prerequisites may be specified for individual courses in the course catalog.

Note:

*FL 3320 (Applied Language Studies variable title course) when taken as Language & Culture of Europe will only count towards a German major if course assignments are completed in German. Speak with the instructor before registering for this class.
German Teaching (BA)

- **Program Prerequisite:** Completion of first and second-year courses in German or equivalent preparation. In addition, teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses used for this major (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A total of 120 hours is required for graduation; 40 hours of these must be upper division (courses numbered 3000 and above). - SPAN 4620 - Survey of Literature I Credits: (3)
- SPAN 4630 - Survey of Literature II Credits: (3)
- SPAN 4690 - Special Topics in Literature Credits: (3)

Elective Courses

To complete the required 35.5 credit hours, majors in the Spanish Teaching BA program may choose as electives any 3000 and 4000 level Spanish courses, including those listed above. Prerequisites may be specified for individual courses in the course catalog.

Note:

*Students must take an ACTFL Oral Proficiency Examination prior to taking FL 4400 and student teaching. The department standard for Proficiency is the Advanced-Low level. Students must also complete the Praxis II Content Knowledge Exam in their language prior to student teaching. (Please see the foreign language advisor.)
Spanish Translation (BA)

**Program Prerequisite:** Completion of first and second-year courses in Spanish or equivalent preparation.

**Minor:** Not Required.

**Grade Requirements:** A grade of "C" or better in courses used for this major (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.

**Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 40 of these must be upper division (courses numbered 3000 and above). For the major, a minimum of 52.5 upper division courses is required beyond the prerequisite lower division courses (prerequisite courses, if needed, total 12 credit hours). At least 6 credit hours of major courses must be completed at WSU.

- **Program Code:** 3077BA
- **CIPC:** 160103

**Advisement**

Spanish Translation majors are encouraged to meet with Spanish faculty advisors and/or Academic Advisors for the College of Arts & Humanities at least annually for course and program advisement.

Use Grad MAPs to plan your degree

**Admission Requirements**

All students pursuing the Bachelor of Arts in Spanish Translation must follow the same application process for admittance to WSU. In addition, before students may declare the Spanish Translation major they will demonstrate at least Intermediate-Low proficiency in Spanish (following the ACTFL Proficiency Guidelines) by submitting:

1. A recording of an autobiographical statement in the candidate's non-native language (5 minutes).
2. An essay (in English or Spanish) on why the candidate wants to pursue a BA in Spanish Translation (250 words) to assess the candidate's formal language use.
3. A translation of the essay.

Outstanding bilingual students in Concurrent Enrollment, in the DLI Bridge Courses or in our prerequisite Spanish sequence will be identified and encouraged to submit documents 1, 2 and 3, before they take upper-division Spanish courses.

**General Education**

Refer to Bachelor of Arts requirements. SPAN HU2020 will fulfill the 3 credit hours for the Humanities General Education requirement. A student who completes an upper-division Spanish course with a "C" or better will also meet this requirement. Credit for Humanities General Education (HU2020) cannot be obtained through examination. The prerequisite courses listed under the major requirements will also fulfill the BA Language requirement.

**Program Learning Outcomes**

- Demonstrate speaking and listening proficiency in the language they are studying.
- Demonstrate writing ability, including a command of grammar and appropriate usage to express their ideas.
- Demonstrate the ability to write in different styles.
- Write an analysis or a literary or cultural work in the language.
- Describe and explain aspects of the culture(s) of the language being studied.

**Assessment**

During their senior year, all Spanish Translation majors will complete FL 4990 in order to help the department assess how well it has met its goals. Students are encouraged to keep copies of their best work from each course taken in the major. These samples will be used in FL 4990.
Major Course Requirements for BA Degree

Prerequisite Courses

Complete the following 12 credit hours (or demonstrate equivalent proficiency)

- SPAN 1010 - First Semester Spanish Credits: (3)
- SPAN 1020 - Second Semester Spanish Credits: (3)
- SPAN 2010 - Third Semester Spanish Credits: (3)
- SPAN 2020 HU - Fourth Semester Spanish Credits: (3)

Language and Structure Courses (18 credit hours)

Complete the following courses

- SPAN 3060 - Grammar & Composition Credits: (3)
- SPAN 3160 - Introduction to Literature Credits: (3)
- SPAN 3360 - Advanced Grammar Credits: (3)
- ENGL 3030 - Structure of English Credits: (3)
- ENGL 3050 - Grammar, Style, and Usage for Advanced Writing Credits: (3)
- ENGL 3100 - Professional and Technical Writing Credits: (3)

Translation Courses (9 credit hours)

Complete the following 9 credit hours; must be taken in sequence:

- SPAN 3750 - Introduction to Interpreting Credits: (3)
- SPAN 3740 - Translation I Credits: (3)
- SPAN 4740 - Translation II Credits: (3)

Internship (1 credit hour)

Complete at least 1 credit hour in an internship; it is recommended that this be completed during the senior year. An internship may, on occasion, earn up to three credit hours.

- FL 4860 INT - Foreign Language Internship Credits: (1-3)

Support and Application Courses

1. Culture Course (3 credit hours)

Select one course (a minimum of 3 credit hours) from the following

- SPAN 3550 - Cultural Heritage I Credits: (3)
- SPAN 3560 - Cultural Heritage II Credits: (3)
- SPAN 3570 - Special Topics in Culture Credits: (3)

2. Linguistics Course (3 credit hours)

Select one course (a minimum of 3 credit hours) from the following

- SPAN 3320 - Applied Language Studies Credits: (1-3)
- SPAN 3270 - Special Topics in Linguistics Credits: (3)

3. Business Language (6 credit hours)
Complete the following 6 credit hours
- SPAN 3710 - Business Language I Credits: (3)
- SPAN 3715 - Business Language II Credits: (3)

4. Specific Purposes (3 credit hours)

Complete one course (a minimum of 3 credit hours) from the following
- SPAN 3720 CEL - Language for Specific Purposes I Credits: (3)
- SPAN 3730 CEL - Language for Specific Purposes II Credits: (3)

Elective Courses (9 credit hours)

Complete 9 credit hours from among all upper-division SPAN courses.

Senior Assessment (.5 credit hours)

Complete FL 4990 - Senior Assessment (.5).
American Sign Language (BIS)

The Department of Foreign Languages participates in the BIS degree program. For an American Sign Language emphasis, students should take a minimum of 18 credit hours as approved by their Foreign Language Advisor. BIS students must meet with the Foreign Language Advisor to design their ASL component.

- **Grade Requirements**: Minimum grade of "C" in courses counted toward fulfilling the minor (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements**: Minimum of 18 credit hours.
- **Program Code**: 3050
Chinese (BIS)

The Department of Foreign Languages participates in the BIS degree program. For a Chinese emphasis, students should take a minimum of 18 credit hours as approved by their Foreign Language Advisor. BIS students must meet with the Foreign Language Advisor to design their Chinese component.

- **Grade Requirements**: Minimum grade of "C" in courses counted toward fulfilling the minor (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements**: Minimum of 18 credit hours.
- **Program Code**: 3074
The Department of Foreign Languages participates in the BIS degree program. For a French emphasis, students should take a minimum of 18 credit hours as approved by their Foreign Language Advisor. BIS students must meet with the Foreign Language Advisor to design their French component.

- **Grade Requirements**: Minimum grade of "C" in courses counted toward fulfilling the minor (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements**: Minimum of 18 credit hours.
- **Program Code**: 3026
- **CIPC**: 160901
German (BIS)

The Department of Foreign Languages participates in the BIS degree program. For a German emphasis, students should take a minimum of 18 credit hours as approved by their Foreign Language Advisor. BIS students must meet with the Foreign Language Advisor to design their German component.

- **Grade Requirements**: Minimum grade of "C" in courses counted toward fulfilling the minor (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements**: Minimum of 18 credit hours.
- **Program Code**: 3028
- **CIPC**: 160501
Japanese (BIS)

The Department of Foreign Languages participates in the BIS degree program. For a Japanese emphasis, students should take a minimum of 18 credit hours as approved by their Foreign Language Advisor. BIS students must meet with the Foreign Language Advisor to design their Japanese component.

- **Grade Requirements:** Minimum grade of "C" in courses counted toward fulfilling the minor (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements:** Minimum of 18 credit hours.
- **Program Code:** 3032
- **CIPC:** 160302
Spanish (BIS)

The Department of Foreign Languages participates in the BIS degree program. For a Spanish emphasis, students should take a minimum of 18 credit hours as approved by their Foreign Language Advisor. BIS students must meet with the Foreign Language Advisor to design their Spanish component.

- **Grade Requirements:** Minimum grade of "C" in courses counted toward fulfilling the minor (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements:** Minimum of 18 credit hours.
- **Program Code:**
- **CIPC:**
French for the Professions Minor

- **Program Prerequisite:** Completion of first and second-year courses in French or equivalent preparation.
- **Grade Requirements:** A grade of "C" or better in courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A minimum of 15 upper division hours in French. At least 3 credit hours of minor courses must be completed at WSU.
- **Program Code:** 3089
- **CIPC:** 160901

Course Requirements for Minor

Prerequisite Courses

*Complete the following 12 credit hours (or demonstrate equivalent proficiency)*

- **FRCH 1010** - First Semester French Credits: (3)
- **FRCH 1020** - Second Semester French Credits: (3)
- **FRCH 2010** - Third Semester French Credits: (3)
- **FRCH 2020 HU** - Fourth Semester French Credits: (3)

Required Courses (12 credit hours)

- **FRCH 3060** - Grammar & Composition Credits: (3)
- **FRCH 3160** - Introduction to Literature Credits: (3)
- **FRCH 3710** - Business Language I Credits: (3)
- **FRCH 3715** - Business Language II Credits: (3)

Elective Courses

*Select 3 credit hours from the following*

- **FRCH 3550** - Cultural Heritage I Credits: (3)
- **FRCH 3560** - Cultural Heritage II Credits: (3)
- **FRCH 3570** - Special Topics in Culture Credits: (3)
- **FRCH 3760** - Special Topics in Translation Credits: (3)
French Minor

- **Prerequisite Courses:** Completion of first and second-year courses in French or equivalent preparation.
- **Grade Requirements:** A grade of "C" or better in courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A minimum of 15 upper division hours in French. At least 3 credit hours of minor courses must be completed at WSU.
- **Program Code:** 3026
- **CIPC:** 160901

Course Requirements for Minor

**Prerequisite Courses**

*Complete the following 12 credit hours (or demonstrate equivalent proficiency)*

- FRCH 1010 - First Semester French Credits: (3)
- FRCH 1020 - Second Semester French Credits: (3)
- FRCH 2010 - Third Semester French Credits: (3)
- FRCH 2020 HU - Fourth Semester French Credits: (3)

**Required Courses (6 credit hours)**

- FRCH 3060 - Grammar & Composition Credits: (3)
- FRCH 3160 - Introduction to Literature Credits: (3)

**Elective Courses (select a minimum of 9 credit hours)**

To complete the required 15 credit hours, minors in the French minor program may choose as electives any 3000 and 4000 level French courses, including those listed above. Prerequisites may be specified for individual courses in the course catalog.

**Note:**

*FL 3320 (Applied Language Studies variable title course) when taken as Language & Culture of Europe will only count towards a French minor if course assignments are completed in French. Speak with the instructor before registering for this class.*
German for the Professions Minor

- **Program Prerequisite:** Completion of first and second-year courses in German or equivalent preparation.
- **Grade Requirements:** A grade of "C" or better in courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A minimum of 15 upper division hours in German. At least 3 credit hours of minor courses must be completed at WSU.
- **Program Code:** 3088
- **CIPC:** 160501

FL Courses

The following course descriptions are generic and apply to all languages. The acronym FL denotes foreign language courses. In the class schedule each semester courses will be language specific: FRCH for French, GRMN for German, JPNS for Japanese, and SPAN for Spanish, etc.

Course Requirements for Minor

Prerequisite Courses

Complete the following 12 credit hours (or demonstrate equivalent proficiency)

- GRMN 1010 - First Semester German Credits: (3)
- GRMN 1020 - Second Semester German Credits: (3)
- GRMN 2010 - Third Semester German Credits: (3)
- GRMN 2020 HU - Fourth Semester German Credits: (3)

Required Courses (9 credit hours)

- GRMN 3060 - Grammar & Composition Credits: (3)
- GRMN 3160 - Introduction to Literature Credits: (3)
- GRMN 3710 - Business Language I Credits: (3)

Elective Courses

Select 6 credit hours from the following

- GRMN 3550 - Cultural Heritage I Credits: (3)
- GRMN 3560 - Cultural Heritage II Credits: (3)
- GRMN 3570 - Special Topics in Culture Credits: (3)
German Minor

- **Prerequisite Courses:** Completion of first and second-year courses in German or equivalent preparation.
- **Grade Requirements:** A grade of "C" or better in courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A minimum of 15 upper division hours in German. At least 3 credit hours of minor courses must be completed at WSU.
- **Program Code:** 3028
- **CIPC:** 160501

Course Requirements for Minor

Prerequisite Courses

*Complete the following 12 credit hours (or demonstrate equivalent proficiency)*

- GRMN 1010 - First Semester German Credits: (3)
- GRMN 1020 - Second Semester German Credits: (3)
- GRMN 2010 - Third Semester German Credits: (3)
- GRMN 2020 HU - Fourth Semester German Credits: (3)

Required Courses (6 credit hours)

- GRMN 3060 - Grammar & Composition Credits: (3)
- GRMN 3160 - Introduction to Literature Credits: (3)

Elective Courses (select a minimum of 9 credit hours)

To complete the required 15 credit hours, minors in the German minor program may choose as electives any 3000 and 4000 level German courses, including those listed above. *Prerequisites may be specified for individual courses in the course catalog.*

Note:

*FL 3320 - Applied Language Studies (variable title course) when taken as Language & Culture of Europe will only count towards a German minor if course assignments are completed in German. Speak with the instructor before registering for this class.*
Japanese Minor

- **Prerequisite Courses:** Completion of first and second-year courses in Japanese or equivalent preparation.
- **Grade Requirements:** A grade of "C" or better in courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A minimum of 15 upper division hours in Japanese. At least 3 credit hours of minor courses must be completed at WSU.
- **Program Code:** 3032
- **CIPC:** 160302

Course Requirements for Minor

Prerequisite Courses

*Complete the following 12 credit hours (or demonstrate equivalent proficiency)*

- JPNS 1010 - First Semester Japanese *Credits: (3)*
- JPNS 1020 - Second Semester Japanese *Credits: (3)*
- JPNS 2010 - Third Semester Japanese *Credits: (3)*
- JPNS 2020 HU - Fourth Semester Japanese *Credits: (3)*

Required Courses (6 credit hours)

- JPNS 3060 - Grammar & Composition *Credits: (3)*
- JPNS 3160 - Introduction to Literature *Credits: (3)*

Elective Courses (select a minimum of 9 credit hours)

To complete the required 15 credit hours, minors in the Japanese minor program may choose as electives any 3000 and 4000 level courses, including those listed above. *Prerequisites may be specified for individual courses in the course catalog.*
Localization Minor/BIS

Program Prerequisite: Completion of first and second-year courses in a Foreign Language or equivalent preparation.

Grade Requirements: A grade of "C" or better in courses used for this minor (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.

Credit Hour Requirements: A minimum of 18 credit hours. At least 3 credit hours of minor courses must be completed at WSU.

Program Code: 3082
CIPC: 16.0103

Advisement

Localization minors are encouraged to meet with faculty advisors in the Department of Foreign Languages with expertise in Localization and/or Academic Advisors for the College of Arts & Humanities at least annually for course and program advisement.

Course Requirements for Minor

Prerequisite Courses

Complete the following 12 credit hours (or demonstrate equivalent proficiency)

- ASL 1010 - First Semester ASL Credits: (3)
- ASL 1020 - Second Semester ASL Credits: (3)
- ASL 2010 - Third Semester ASL Credits: (3)
- ASL 2020 HU - Fourth Semester ASL Credits: (3)

OR

- CHNS 1010 - First Semester Chinese Credits: (3)
- CHNS 1020 - Second Semester Chinese Credits: (3)
- CHNS 2010 - Third Semester Chinese Credits: (3)
- CHNS 2020 HU - Fourth Semester Chinese Credits: (3)

OR

- FRCH 1010 - First Semester French Credits: (3)
- FRCH 1020 - Second Semester French Credits: (3)
- FRCH 2010 - Third Semester French Credits: (3)
- FRCH 2020 HU - Fourth Semester French Credits: (3)

OR

- GRMN 1010 - First Semester German Credits: (3)
- GRMN 1020 - Second Semester German Credits: (3)
- GRMN 2010 - Third Semester German Credits: (3)
- GRMN 2020 HU - Fourth Semester German Credits: (3)

OR

- JPNS 1010 - First Semester Japanese Credits: (3)
- JPNS 1020 - Second Semester Japanese Credits: (3)
- JPNS 2010 - Third Semester Japanese Credits: (3)
- JPNS 2020 HU - Fourth Semester Japanese Credits: (3)

OR

- KOR 1010 - First Semester Korean Credits: (3)
- KOR 1020 - Second Semester Korean Credits: (3)
- KOR 2010 - Third Semester Korean Credits: (3)
• KOR 2020 - Fourth Semester Korean Credits: (3)

OR
• PTGS 1010 - First Semester Portuguese Credits: (3)
• PTGS 1020 - Second Semester Portuguese Credits: (3)
• PTGS 2010 - Third Semester Portuguese Credits: (3)
• PTGS 2020 HU - Fourth Semester Portuguese Credits: (3)

OR
• SPAN 1010 - First Semester Spanish Credits: (3)
• SPAN 1020 - Second Semester Spanish Credits: (3)
• SPAN 2010 - Third Semester Spanish Credits: (3)
• SPAN 2020 HU - Fourth Semester Spanish Credits: (3)

Localization Core Courses (9 credit hours)

Complete the following 9 credit hours
• FL 2410 - Introduction to Localization Credits: (3)
• FL 3420 - Introduction to Translation Credits: (3)
• FL 3430 - Translation Technology Credits: (3)

Capstone Course (3 credit hours)

Complete a minimum of 3 credit hours from the following
• FL 4860 INT - Foreign Language Internship Credits: (1-3)

Technology Elective (3 credit hours)

Select one course (a minimum of 3 credit hours) from the following. Prerequisites may be specified for individual courses in the course catalog.
• ART 2430 - Introduction to Graphic Design Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• CS 1400 - Programming I Credits: (4)
• MIS 2110 - Software Development I Credits: (3)
• WEB 1400 - Web Design and Usability Credits: (3)

Other Elective (3 credit hours)

Select one course (a minimum of 3 credit hours) from the following (other than the course chosen for the Technology Elective). Prerequisites may be specified for individual courses in the course catalog.
• ANTH 1040 HU/DV - Language and Culture Credits: (3)
• ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3)
• ART 2430 - Introduction to Graphic Design Credits: (3)
• ART 3430 - Typography and Publication Design Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• COMM 3080 - Intercultural Communication Credits: (3)
• CS 1400 - Programming I Credits: (4)
• CS 2350 - Client Side Web Development Credits: (4)
• CS 2450 - Software Engineering I Credits: (4)
• ENGL 4110 - Content Management Credits: (3)
• FL 3570 - Special Topics in Culture Credits: (3)
• FL 3760 - Special Topics in Translation Credits: (3)
• GEOG 1300 SUS/SS/DV - Global Issues: Places, People and the Planet Credits: (3)
- MGMT 3400 - International Business Credits: (3)
- MIS 2110 - Software Development I Credits: (3)
- MKTG 3600 - International Marketing Credits: (3)
- WEB 1400 - Web Design and Usability Credits: (3)
- WEB 1430 - Client Side Programming Credits: (3)
- WEB 2500 - User Experience Design Credits: (3)
Spanish for the Professions Minor

- **Program Prerequisite:** Completion of first and second-year courses in Spanish or equivalent preparation.
- **Grade Requirements:** A grade of "C" or better in courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A minimum of 15 upper division hours in Spanish. At least 3 credit hours of minor courses must be completed at WSU.
- **Program Code:** 3087
- **CIPC:** 160905

Department of Performing Arts

Chair: Dr. Jenny Kokai
Location: BC 331
Telephone Contact: Patty Coan 801-626-6437
Professors: Karen Bruestle, Tracy Callahan, Carey Campbell, David Feller, Mark Henderson, Thomas Priest, Amanda Sowerby, Erik Stern, Viktor Uzur, Shi-Hwa Wang, Yu-Jane Yang, Catherine Zublin; Associate Professors: Tamara Goldbogen, Jessica Greenberg, Ralph van der Beek, Francisco de Galvez, Daniel Jonas, Jennifer Kokai; Assistant Professors: Joseph Blake, Andrew Lewis, Cully Long, Shijun Wang; Visiting Assistant Professors: Kenneth Plain, Justin Womack; Instructor: Juan Carlos

The Department of Performing Arts at Weber State is based on five primary purposes: 1) to develop aesthetically aware and artistically discriminating citizens; 2) to provide opportunities for all students to participate in creative, artistic experiences and to encourage community members to participate in the performing arts; 3) to develop artistic competence and sensitivity; 4) to provide for career development in the arts through the preparation of teachers, performing artists, scholars, and technical specialists; and 5) to expose students and community to classic and contemporary works in all genres of the performing arts and to continue to provide the finest possible performances in the arts.

The department's degree programs prepare students for professional careers in teaching and performance as well as in technical specialties while providing the liberal arts background necessary for graduate study. In the department's Performing Arts Series, students and faculty participate in professionally produced dance, musical, and theatrical events.

Dance Area

The primary goals of the Dance area of the Department of Performing Arts are:

1. To develop aesthetically aware and artistically discriminating citizens;
2. To promote cultural understanding of ourselves and others through the study of dance;
3. To encourage appreciation of dance through critical thinking;
4. To engage the community in a range of dance experiences;
5. To foster an understanding of and engagement in the creative process through dance performance, improvisation, choreography, pedagogical studies, technology, and collaborative endeavors;
6. To provide the guidance, class work, and experience necessary to prepare teachers, performing artists, and scholars;
7. To prepare students for careers or advanced study that require creativity, collaboration, and an understanding of the human experience as explored in the study of dance;
8. To provide rigorous dance training.

Two majors are offered: 1) a Bachelor of Arts in Dance, with a focus on creativity in performance and choreography; and 2) a Bachelor of Arts or Bachelor of Science in Dance Education, with a focus on education and pedagogy. Dance majors follow a program based on growth beginning with foundational theory courses, technique courses appropriate to each dancer's ability, and a culminating senior project.

Dance Education majors follow a program based in the knowledge and understanding of dance education in relation to secondary education and/or studio teaching, focusing on pedagogy, choreography, history, and performance. The Dance Education major prepares students to be teachers of dance in the public sector, private sector, and non-profit environments. In addition, Education majors seeking secondary certification must satisfy all requirements for the Licensure Program as outlined by the Jerry and Vickie Moyes College of Education (including a minimum GPA of 3.0 for admission to the Education Program).

Two minors are offered: 1) Dance, with a focus on performance and choreography; and 2) Dance Teaching. Dance minors follow a program that provides for study in technique, creative and theoretical coursework. A minimum of eighteen (18) credit hours (GPA of 2.25 or better) must be completed in the Dance Area courses.

Dance Teaching minors must complete a minimum of eighteen (18) credit hours (GPA of 2.25 or better) from the Dance Area courses. This program is comprised of a dance teaching core (7-8 hours), dance history, technique in ballet and modern dance, additional dance forms and creative work. In addition, teaching minors seeking secondary certification must satisfy all requirements for the Licensure Program as outlined by the Jerry and Vickie Moyes College of Education (including a minimum GPA of 3.0 for admission to the Education Program). Dance teaching minors are strongly encouraged to select teaching majors in subject areas that are needed in Utah secondary schools.

Performance Opportunities

Orchesis Dance Theatre provides performance and production opportunities for qualified students who demonstrate technical abilities in dance. The company's activities include on-campus and dance festival concerts. Its repertoire consists of traditional
and experimental modern dances, contemporary ballets, and theatrical and performance works choreographed/directed by dance faculty, students, and well-known artists. Auditions are required for performances sponsored by Orchesis. WSU Moving Company is the Dance Area's outreach program, which provides further performance, production and teaching opportunities. Significant dance works and lecture demonstrations are performed; teaching residencies are implemented in the public schools and for campus and community organizations.

School of Music

The School of Music is an accredited member of the National Association of Schools of Music. Programs leading to the Bachelor of Music degree are offered for students seeking emphases in performance, keyboard pedagogy, stringed instrument pedagogy, vocal pedagogy, or music education. Additional programs include the Bachelor of Arts in music, Bachelor of Integrated Studies, Minor in Music Performance, Music Studies Minor, Sound Production/Recording Minor. Certificate of Proficiency in Jazz Studies and Certificate of Proficiency in Music Entrepreneurship.

The primary goals of the School of Music are: 1) To develop individuals who are aware, artistically discriminating, and devoted to a lifelong association with music; 2) To provide opportunities for students and community members to participate in creative musical experiences; 3) To develop musical competence, sensitivity, and purpose; 4) To expose students and community to classic and contemporary musical works, and to provide the finest possible performances; 5) To provide for career development in music through the preparation of teachers, performers, and scholars.

Policies and Procedures

The following policies are subject to change. For current information, see the latest Performing Arts | School of Music student handbook and make an appointment with a music area advisor.

Freshman Registration and the Music Core

All freshman music majors and minors entering WSU as full-time students should register for the following courses: MUSC 1006, MUSC 1110, MUSC 1130, MUSC 1150, MUSC 1901, MUSC 1681 or MUSC 1682, and large ensemble. Piano Pedagogy and Piano Performance majors do not register for MUSC 1150.

General Policies and Performance Requirements

1. All entering music majors and minors, including transfer students, must audition with the respective program faculty for admittance to that program.
2. A $445 Applied Music Fee is charged to music majors and minors for instrumental or vocal lessons. These lessons are 45 minutes in length and require attendance at a weekly master class. These lessons may be taken for one or two credit hours. There is also an option for two 45 minute lessons each week for two credit hours plus master class attendance and a research paper or project. The fee is $890.
3. A $320 Applied Music Fee is charged to students registering as non-music majors or minors. These lessons are 30 minutes in length and may not be used as credit for music majors or minors in their primary performance area. A limited number of slots are available for students registering in this category.
4. All music education, vocal, keyboard and string pedagogy majors should consult with the latest student handbook, and their major advisor.

Schedule for Performance Evaluations (Juries)

1. Performance evaluations will be regularly conducted and scheduled:
   1. At the end of Fall and Spring semesters.
   2. By special request for evaluation during the year upon agreement of the student, the teacher and the committee. All special requests must be scheduled through the area head.
2. All music majors and minors must take performance evaluations each semester. Performance evaluations are required until completion of the student's final recital as stipulated by the degree program.
3. Students completing a junior or senior recital are excused from that performance area's performance evaluation the semester in which the recital is completed.
Procedures for Performance Evaluation (Juries)

1. All incoming music majors and minors and all transfer students and current students who change their major or minor to music subsequent to their initial enrollment at Weber State University will enroll at the 1000 level of private instruction.
2. A student may be placed in a higher competency level at the completion of any evaluation. A student will not be permitted to progress to the 3000 level until they have met with their major advisor. The advisor will review the student's graduation progress and determine whether it is in the student's best interest to move to the 3000 level.
3. Student admittance to each competency level is granted only by general consent of the area faculty upon satisfactory completion of a performance level evaluation appropriate to that level.
4. Refusal by the appropriate area faculty to allow admittance to the next level may be appealed by the student provided there is consent of the private teacher.
   1. This appeal should be made directly to the area head, who will in turn consult with the faculty regarding a repeat performance evaluation.
   2. Only one appeal will be accepted at each performance evaluation.
5. More than three (3) semesters of study at any one competency level due to lack of improvement on the part of the student will be cause for a recommendation from the appropriate faculty that the student not continue as a music major or minor.
6. Failure to attend proficiency evaluations will result in a grade of "E" being given for the private lesson during that semester.

Recital Performance

1. All Bachelor of Music and Bachelor of Music Education students must participate in at least one general student recital or master class per semester. This should normally be a solo appearance, but this determination is left to the discretion of the applied music teacher.
2. All music majors except those in the Bachelor of Arts and pedagogy programs, must present a half-hour formal junior recital upon reaching the 3000 competency level. All music performance minors must present a half-hour formal junior recital upon reaching the 3000 competency level. The student must register for MUSC 3991 during the semester the recital will be presented.
3. All Bachelor of Music students must present a one-hour senior recital while at the 4000 competency level. The student must register for MUSC 4991 during the semester the recital will be presented.
4. Repertoire for the senior recital must not contain music performed on the junior recital. Completion of a senior recital will exempt a student from further proficiency level evaluations.
5. All students presenting a senior recital must perform that recital before a faculty review committee not less than two weeks prior to the recital date. The review committee will consist of the student's applied teacher, the appropriate area head, and one other music faculty member of the student's choice.
6. The review committee will be present at the public performance of the senior recital and will recommend pass/fail for the recital.
7. All students must complete a recital approval form for junior or senior recitals. The recital form must be completed and signed by the area head and applied teacher prior to scheduling any required faculty preview performance.
8. Failure to complete a junior or senior recital in the semester in which the student is registered for the recital will result in a grade of "E" for the recital.

Recital/Concert Attendance

All music majors and minors must attend 24 music area recitals, concerts, and/or community concert events per year while enrolled in applied music at the 1000 and 2000 level. Attendance reports are required for two years and are maintained in the music office. To receive credit for graduation, students enroll in MUSC 1006 for their first two semesters attending 12 recitals or concerts each semester and MUSC 2006 for their third and fourth semesters attending 12 recital or concerts each semester.

Music Major Foreign Language Requirement

The Bachelor of Music degree requirement is for two semesters of foreign language chosen from French, German, Italian, and Spanish. The requirement may be satisfied by taking two semesters of the same language, or one semester each of two different languages. The Bachelor of Music Education degree with a Choral Emphasis requirement is one semester of foreign language chosen from French, German, Italian, and Spanish.
For the Bachelor of Arts in Music, please see Language Courses Required to fulfill the BA listed under the major requirements.

**Bachelor of Integrated Studies**

Students declaring an emphasis in music as one of their three BIS concentrations must abide by all guidelines and stipulations detailed in the BIS student handbook. Courses taken in fulfillment of the music area emphasis must total a minimum of 18 credit hours and will be determined in consultation with the music BIS. These courses should directly and demonstratively contribute to the goals set forth by the student in his/her approved BIS application.

The following courses, however, are required for all music BIS students:

- **MUSC 1010 CA - Introduction to Music** (3) *
- **MUSC 1110 - Music Theory I** (2) *
- **MUSC 1130 - Sight-Singing & Aural Skills I** (1) *
- **MUSC 1120 - Music Theory II** (2) *
- **MUSC 1140 - Sight-Singing & Aural Skills II** (1) *

Additionally, music BIS students must take at least one of the following:

- **MUSC 1030 CA - Introduction to Jazz** (3) *
- **MUSC 1033 CA - Introduction to American Music** (3) *
- **MUSC 1035 CA - History of Rock and Roll** (3) *
- **MUSC 1040 CA/DV - Music of World Cultures** (3) *
- **MUSC 1043 HU - Music, the Arts & Civilizations** (3) *
- **MUSC 1063 CA - Music in Religion** (3) *
- **THEA 1043 CA - Introduction to American Musical Theatre** (3) *

* Please note that according to the BIS student handbook, courses taken in completion of the university General Education requirements will not count toward a BIS emphasis. In other words, "double-dipping" is not allowed.

**School of Music Advisors**

**Bachelor of Music in Performance & Pedagogy Advisors**
- Keyboard Area: Dr. Yu-Jane Yang
- Keyboard Area: Dr. Ralph Van der Beek
- String Area: Dr. Shi-Hwa Wang
- Vocal Area: Dr. Karen Bruestle
- Winds & Percussion Area: Dr. Daniel Jonas

**Bachelor of Integrated Studies Advisor**
- Dr. Carey Campbell

**Bachelor of Arts Advisor**
- Dr. Carey Campbell

**Bachelor of Music Education Advisors**
- Choral Area: Dr. Mark Henderson
- Winds & Percussion Area: Dr. Thomas Priest
- String Area: Dr. Thomas Priest
- Keyboard Area: Dr. Thomas Priest

**Music Minors Advisor**
- Dr. Viktor Uzur

**Theatre Arts Area**

The Theatre Arts area of the Department of Performing Arts provides scholarly, creative, collaborative and practical theatre experience for students.

The objectives of the program are to: 1) Encourage participation in and appreciation of theatre and drama; 2) Foster creativity and develop technical skills in acting, directing, costuming, scenic design, script writing and theatre management; 3) Prepare students for careers or professional schooling in those fields that require strong presentational skills, creative problem solving, effective collaboration, and an understanding of human experience.

Theatre students must complete a sequence of formal course work that includes University general education, core theatre courses, and focus or specialty courses. Formal course work is complemented by a sequence of experiential learning
opportunities in the theatre. Students and faculty develop individualized programs of course work and practical experience, including a junior seminar, annual juries, portfolio preparation, various practica, and opportunities for individual theatre projects. Study of theatre provides students with useful tools to contribute to and make positive changes in society. Theatre students learn about diverse historical eras, communities and technologies. Theatre challenges students to be creative and to translate that creativity into applied processes - to think precisely, speak confidently in public, work productively with others, visualize abstract concepts and represent those concepts concretely. Theatre skills are useful in a variety of professions including, but not limited to, business, government, law, journalism, and public relations.

Major Requirements

The department offers a Bachelor of Arts (BA) degree in Musical Theatre, Theatre Arts, and Theatre Arts Teaching. A minimum of 62 course units (2.0 or better GPA) or courses in the combined areas of Dance, Music, and Theatre are required to qualify for the Musical Theatre Major. A minimum of 45 course units (2.0 or better) of Theatre Arts courses must be completed to qualify for either the Theatre Arts or Theatre Arts Teaching programs. Teaching majors must also satisfy all requirements for the Licensure Program as outlined by the Department of Teacher Education.

A $350 Applied Music Fee is charged to Theatre Arts Area majors and minors enrolled in Individual Training in Stage Voice (THEA 4651). These lessons are 45 minutes in length. A limited number of slots are available for students registering for these lessons.

Performance Opportunities

Involvement in theatre productions is an important part of the Theatre program. The Weber State Theatre produces a full season of plays in the Austad, Allred and Eccles theatres of the state-of-the-art Val A. Browning Center for the Performing Arts. Theatre facilities include a variety of proscenium and flexible staging situations. Students are given first priority in all department productions. The theatre season is offered by the Department of Performing Arts as part of the Performing Arts Series. Because the season is generously supported by the Associated Students of Weber State through student fees, students receive substantial discounts for performances.

In addition to performance opportunities at Weber State, theatre majors are encouraged to seek summer employment in stock or repertory companies relating to their interests.
Dance (AA)

An Associate of Arts with a Dance major will indicate that a student has completed all WSU AA degree requirements and the introductory classes required for the Bachelor of Arts in Dance. Students who have completed the AA degree may continue with intermediate and advanced coursework for the BA.

- **Grade Requirements:** A grade of "C" or better in all courses (a grade of "C-" is not acceptable).
- **Program Code:** 3045AA
- **CIPC:** 500301

Advisement

Dance majors are encouraged to meet with an advisor at least annually for course and program advisement.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

Degree Requirements

1. A minimum of 60 credit hours.
2. A minimum of 25 hours in residency (WSU courses).
3. At least a 2.0 (C) WSU grade point average (GPA).
4. Completion of WSU general education requirements.

The Associate of Arts Degree must include a foreign language or ASL (American Sign Language) requirement which may be met by one of the following:

1. Documentation of a proficiency level of "Novice High" or better through an examination administered by the WSU Foreign Language Department or through an examination by a recognized testing agency.
2. Completion of WSU foreign language course 1020 with a grade of "C" or higher, or comparable transfer credit.
3. Completion of any WSU foreign language course at a level beyond the first year with a grade of "C" or higher, or comparable transfer credit.
4. Documentation of three years of the same language completed in high school with a minimum grade of "B".
5. Documentation of a minimum proficiency level in American Sign Language through an examination administered by the American Sign Language/Interpreting program at SLCC. The signer must "demonstrate proficiency in temporal aspect, spatial agreement and in describing things around her/him and the deaf culture."
6. Completion of ASL 1020 - Second Semester ASL with a grade of "C" or higher, or comparable transfer credit.

General Education

Refer to Degree Requirements of this catalog for Associate of Arts requirements. The following general education courses are required for the Dance (AA) Major: DANC 1010 CA/DV - Introduction to Dance (3) and NUTR 1020 LS SUS - Science and Application of Human Nutrition (3).

Program Learning Outcomes

- Students will be introduced to dance technique and kinesiology principles in order to improve as dancers and performers
- Students will be introduced to the principles of dance theory and criticism in a variety of settings
- Students will begin to encounter the creative process in a variety of settings
- Students will begin to discover, express, and gain ownership of their own point of view about dance.
Dance Courses (19 credit hours)

Appropriate level technique courses in ballet and modern dance (initially to be determined by placement class) are required every semester of residence—4 courses in Ballet and 4 courses in Modern Dance (total of 10 credit hours).

- DANC 1100 - Ballet I Credits: (1) (taken 2 times)
- DANC 1200 - Modern I Credits: (1) (taken 2 times)
- DANC 1310 - Music for Dance Credits: (2)
- DANC 1500 - Jazz I Credits: (1)
- DANC 1580 - Rhythm Tap Credits: (1)
- DANC 2410 - Improvisation Credits: (2)
- DANC 2470 - Ballet II Credits: (1.5) (taken 2 times)
- DANC 2250 - Alignment and Conditioning for Dance/Pilates Credits: (1)
- DANC 2610 - Dance and Digital Technology Credits: (2)
- DANC 2490 - Modern II Credits: (1.5) (taken 2 times)
Technical Theatre (AA)

An Associate of Arts with a Technical Theatre major will indicate that a student has completed all WSU AA degree requirements and the introductory classes required for the Bachelor of Arts in Theatre with the Design/Technology/Management track. Students who have completed the AA degree may continue with intermediate and advanced coursework for the BA.

- **Grade Requirements:** A grade of "C" or better in all courses (a grade of "C-" is not acceptable).
- **Program Code:** 3084AA
- **CIPC:** 500502

Advisement

Theatre majors are encouraged to meet with an advisor at least annually for course and program advisement.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

AA Degree Requirements

1. A minimum of 60 credit hours.
2. A minimum of 20 hours in residency (WSU courses).
3. At least a 2.0 (C) WSU grade point average (GPA).
4. Completion of WSU general education requirements.

The Associate of Arts Degree must include a foreign language or ASL (American Sign Language) requirement which may be met by one of the following:
   a. Documentation of a proficiency level of "Novice High" or better through an examination administered by the WSU Foreign Language Department or through an examination by a recognized testing agency.
   b. Completion of WSU foreign language course 1020 with a grade of "C" or higher, or comparable transfer credit.
   c. Completion of any WSU foreign language course at a level beyond the first year with a grade of "C" or higher, or comparable transfer credit.
   d. Documentation of three years of the same language completed in high school with a minimum grade of "B".
   e. Documentation of a minimum proficiency level in American Sign Language through an examination administered by the American Sign Language/Interpreting program at SLCC. The signer must "demonstrate proficiency in temporal aspect, spatial agreement and in describing things around her/him and the deaf culture."
   f. Completion of WSU American Sign Language course 1020 with a grade of "C" or higher, or comparable transfer credit.

General Education

Refer to Degree Requirements of this catalog for Associate of Arts requirements. The following general education courses are required for the Technical Theatre Major: THEA 1013 CA - Introduction to Theatre (3) and COMM 1020 HU - Principles of Public Speaking (3).

Program Learning Outcomes

- Have writing skills and ability to use research tools (library, internet, etc.).
- Be able to present critical thinking through verbal and written presentations regarding the theatre. Specific areas of expertise will include major works, major figures, theory, and history.
- Have a practical, working knowledge of how to produce a play on stage, including all related performance, script, design, and technical considerations.
- Be able to critically evaluate what they and others have created.
• Develop necessary skills to be proficient in at least one area of theatre (performance, teaching, technical/design-costume, technical/design-scenery, technical/design-lighting, technical/design-sound, directing, theatre management, or playwriting), with the ability to identify, analyze and resolve specific problems pertaining to that area.
• Understand the historical context of theatre, drama, and performance including plays, major figures, costumes, scenic innovations, and theoretical approaches, and how these relate to contemporary society and culture.
• Have experience with individual and collaborative processes needed to produce and understand theatre.

Technical Theatre Courses (21 credit hours)

Theatre Courses Required for an AA in Technical Theatre (15 credit hours)

• THEA 1063 - Theatre Foundations Credits: (3)
• THEA 1713 - Script Analysis Credits: (3)

Select a minimum of three of the following technical theatre classes (please note that some of these classes are prerequisites for UD classes, plan accordingly)
• THEA 1223 - Stage Makeup Credits: (3)
• THEA 1513 - Stagecraft Credits: (3)
• THEA 2022 - Costume Fundamentals Credits: (3)
• THEA 2032 - Lighting Fundamentals Credits: (3)
• THEA 2403 - Stage Management Credits: (3)
• THEA 2580 - Creative Computing for Theatre Design Credits: (3)

Theatre Practicum (2 credit hours)

Select 2 credit hours from the following options
• THEA 4851 INT - Design/Tech/Management Practicum Credits: (1) may be repeated for credit
• THEA 4852 INT - Design/Tech Management Practicum Credits: (1) may be repeated for credit
• THEA 4853 INT - Design/Tech/Management Practicum Credits: (1) may be repeated for credit
• THEA 4854 INT - Design/Tech/Management Practicum Credits: (1) may be repeated for credit
• THEA 4855 INT - Design/Tech/Management Practicum Credits: (1) may be repeated for credit
• THEA 4856 INT - Design/Tech/Management Practicum Credits: (1) may be repeated for credit
• THEA 4857 INT - Design/Tech/Management Practicum Credits: (1) may be repeated for credit
• THEA 4858 INT - Design/Tech/Management Practicum Credits: (1) may be repeated for credit
• THEA 4859 INT - Design/Tech/Management Practicum Credits: (1) may be repeated for credit

Focus Area Electives (6 credit hours)

Select at least 6 credit hours from the following, see individual course descriptions for prerequisites.
• THEA 2203 - Costume Technology Credits: (3)
• THEA 3100 - Projection Design Credits: (3)
• THEA 3212 - Scenic Design Credits: (3)
• THEA 3222 - Lighting Design Credits: (3)
• THEA 3232 - Scenic Art and Painting Credits: (3)
• THEA 3243 - Costume History Credits: (3)
• THEA 3340 - Theatre Management Credits: (3)
• THEA 3500 - Sound Design Credits: (3)
• THEA 4120 - Collaboration in the Theatre Credits: (3)
• THEA 4203 - Costume Design Credits: (3)
• THEA 4890 INT - Cooperative Work Experience or Internship Credits: (1-3)
• THEA 3233 - Prop Design Credits: (3)
• THEA 2821 HU - Period Styles in Design Credits: (3)
- MUSC 1911 - Introduction to Music Technology Credits: (1)
- MUSC 1820 INT - The Art and Science of Recording I Credits: (3)
- MUSC 1821 INT - The Art and Science of Recording II Credits: (3)
- MUSC 4820 - Pro Tools 101 Credits: (2)
- MUSC 4823 - Pro Tools 110 Credits: (2)
Sound Production/Recording (AS)

Sound Production/Recording is the art and science of capturing and editing music, sound, and dialog. The Associate of Science in Sound Production/Recording is a specialized two-year degree which offers students practical knowledge, training, and experience in a variety of production, recording, and performance applications. In classes emphasizing hands-on learning with state-of-the-art equipment, students learn the skills needed to succeed as a music producer, recording technician, post-production designer, or other similar fields. Thus, students completing the degree will be well positioned to pursue a rewarding career in the vibrant and growing fields of recording, live sound, and music/post production. Additionally, this Associate degree pairs well with a variety of majors, such as Music, Theatre, Film Studies, Communication, Creative Writing, Computer Science, and others, and serves as a valuable first degree for students continuing on to complete a Bachelor degree, as well as supporting students' own personal performance and production interests.

- **Credit Hour Requirements**: The degree consists of a minimum of 37 credits of General Education classes and 23 hours of required sound technology courses.
- **Grade Requirements**: A grade of C or better (grades of C- are not acceptable) is required in all courses in the Sound Production/Recording program.
- **Program Code**: 3092AS
- **CIPC**: 150307

Advisement

Students are encouraged to meet with the academic advisor for the College of Arts & Humanities at least annually for course and program advisement. Email cahadvisor@weber.edu for more information or to schedule an appointment. Students should also meet regularly with advisors in the Sound Production/Recording program as they progress through the requirements for their Associate of Science degree. Use Grad MAPs to plan your degree.

Admission Requirements

Declare your program of study. (See Enrollment Services and Information). A brief informal interview is required for acceptance into the program.

General Education

Refer to Degree Requirements for Associate of Science requirements.

Sound Production and Recording Courses (23 Credits)

The following 12 courses are required:
It is recommended that courses be taken in roughly the order in which they are listed below. Check with your advisor in the Sound Production/Recording program for questions on best sequencing.

- **MUSC 2820 - Pro Tools 101 Credits**: (2)
- **MUSC 2823 - Pro Tools 110 Credits**: (2) **Pre-requisite**: MUSC 2820
- **MUSC 1820 INT - The Art and Science of Recording I Credits**: (3)
- **MUSC 1821 INT - The Art and Science of Recording II Credits**: (3)
- **MUSC 1720 - Analog Audio Credits**: (2)
- **MUSC 1721 INT - Live Sound in the 21st Century Credits**: (2)
- **MUSC 1722 - History of Recording Credits**: (2)
- **MUSC 1911 - Introduction to Music Technology Credits**: (1)
- **MUSC 1723 - Field Recording/Sound for Picture Credits**: (2)
- **MUSC 1724 - Studio Construction Credits**: (1)
• MUSC 1725 - Alternative Digital Audio Workstations Credits: (2)
• MUSC 1726 - Creative Lab Credits: (1) (May be repeated)
Technical Theatre (AS)

An Associate of Science with a Technical Theatre major will indicate that a student has completed all WSU AS degree requirements and the introductory classes required for the Bachelor of Arts in Theatre within the Design/Technology/Management track. Students who have completed the AS degree may continue with intermediate and advanced coursework for the BA.

- **Grade Requirements**: A grade of "C" or better in all courses (a grade of "C-" is not acceptable).
- **Program Code**: 3084AS
- **CIPC**: 500502

Advisement

Theatre majors are encouraged to meet with an advisor at least annually for course and program advisement.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

Degree Requirements

1. A minimum of 60 credit hours.
2. A minimum of 20 hours in residency (WSU courses).
3. At least a 2.0 (C) WSU grade point average (GPA).
4. Completion of WSU general education requirements.

General Education

Refer to Degree Requirements of this catalog for Associate of Arts requirements. The following general education courses are required for the Technical Theatre Major: COMM 1020 HU - Principles of Public Speaking (3).

Program Learning Outcomes

- Have writing skills and ability to use research tools (library, internet, etc.).
- Be able to present critical thinking through verbal and written presentations regarding the theatre. Specific areas of expertise will include major works, major figures, theory, and history.
- Have a practical, working knowledge of how to produce a play on stage, including all related performance, script, design, and technical considerations.
- Be able to critically evaluate what they and others have created.
- Develop necessary skills to be proficient in at least one area of theatre (performance, teaching, technical/design-costume, technical/design-scenery, technical/design-lighting, technical/design-sound, directing, theatre management, or playwriting), with the ability to identify, analyze and resolve specific problems pertaining to that area.
- Understand the historical context of theatre, drama, and performance including plays, major figures, costumes, scenic innovations, and theoretical approaches, and how these relate to contemporary society and culture.
- Have experience with individual and collaborative processes needed to produce and understand theatre.

Technical Theatre Courses (23 credit hours)
Theatre Courses Required for an AS in Technical Theatre (15 credit hours)

- THEA 1063 - Theatre Foundations Credits: (3)
- THEA 1713 - Script Analysis Credits: (3)

Select a minimum of three of the following technical theatre classes (please note that some of these classes are prerequisites for UD classes, plan accordingly)
- THEA 1223 - Stage Makeup Credits: (3)
- THEA 1513 - Stagecraft Credits: (3)
- THEA 2022 - Costume Fundamentals Credits: (3)

- MUSC 4823 - Pro Tools 110 Credits: (2)
Jazz Studies Certificate of Proficiency

The Certificate of Proficiency in Jazz Studies is a course of study for music majors or minors that focuses on all aspects of the performance of jazz music. Students will learn improvisation, arranging, pedagogical practices, and performance practices. For more information on program requirements, please contact the Department of Performing Arts.

- **Grade Requirements**: A minimum grade of "C" in all courses for the certificate and a minimum overall GPA of 2.0.
- **Credit Hour Requirements**: A minimum of 16 credits are required.
- **Program Code**: 3080CP
- **CIPC**: 50.0910

Complete the Following Courses (16 credits)

- MUSC 3801 - Jazz Improvisation I Credits: (2)
- MUSC 3802 - Jazz Improvisation II Credits: (2)
- MUSC 3803 - Jazz and Commercial Arranging Credits: (2)
- MUSC 3804 - Jazz Pedagogy Credits: (1)
- MUSC 3805 - Jazz Keyboard Skills Credits: (2)
- MUSC 1030 CA - Introduction to Jazz Credits: (3)

Minimum 2 semesters required:

- MUSC 1753 INT - Jazz Ensemble Credits: (1) or
- MUSC 3753 INT - Jazz Ensemble Credits: (1)

Minimum 2 semesters required:

- MUSC 1755 INT - Instrumental Chamber Ensemble Credits: (1) or
- MUSC 3755 INT - Instrumental Chamber Ensemble Credits: (1)

Music Entrepreneurship Certificate of Proficiency

The Certificate of Proficiency in Music Entrepreneurship prepares music students for the complex labor market and economy of the 21st Century. Courses in this program will teach students how to market themselves, manage their finances, start their own businesses (including teaching studios), and seek funding for their projects.

- **Grade Requirements**: A minimum grade of "C" in all courses for the certificate and a minimum overall GPA of 2.0.
- **Credit Hour Requirements**: A minimum of 18 credits are required.
- **Admission Requirements**: Music major or minor.
- **Program**: 3081CP
- **CIPC**: 501003

Required Courses

- ACTG 2010 - Survey of Accounting I Credits: (3)
- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- ENTR 1002 - Startup Innovation Credits: (3)
- ENTR 2001 - Sales and Marketing: Scaling a Successful Business Model Credits: (3)
- MUSC 3701 - Music Entrepreneurship and You Credits: (3)
- MUSC 4701 - Grant Writing & Non-Profits Credits: (3)
Dance (BA)

The BA degree in Dance provides an awareness of the possibilities of dance: performance, choreography, community outreach and involvement, education, creative technology, social and cultural roles, and research/scholarly endeavors. The degree prepares enthusiastic and energetic graduates who will use their passion for the art form to guide their career interests and advanced study choices.

- Language Requirement: Option 1 or 2
- Minor: Not Required
- Grade Requirements: A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable) and an overall GPA of 2.50 or "C+." In addition, a grade of "B" or higher is required in at least one 3000-level major course in both ballet and modern dance.
- Credit Hour Requirements: A total of 120 credit hours is required for graduation-a minimum of 60 of these must be Dance classes. A total of 40 upper division credit hours is required (courses numbered 3000 and above).
- Program Code: 3045BA
- CIPC: 500301

Advisement

Students should meet annually, if not more often, with the faculty advisor for course and program advisement. Email asowerby@weber.edu for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission requirements for this major.

General Education

Refer to Degree Requirements of this catalog for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements. DANC 1010 CA/DV and NUTR 1020 LS SUS are prerequisites for required dance courses.

Program Learning Outcomes

- Technique/Performance - Students will apply dance technique and kinesiology principles to improve as dancers and performers.
- Theory/Criticism - Students will apply and communicate principles of dance theory and criticism in many settings.
- Creative Process - Students will engage in the evolving nature of the creative process in many settings.
- Meaning/Self-discovery - Students will discover, express and gain ownership of their own point of view about dance, to speak the language of dance

Course Requirements for BA Degree: 63 Credit Hours

Ballet and Modern Dance (minimum of 18 credit hours)

Note: Majors must complete a minimum of 9 credits hours of Ballet and 9 credits hours of Modern, and receive a C+ or better in Ballet III and Modern III to qualify for graduation. Courses will be repeated to achieve full credit.

- DANC 1100 - Ballet I Credits: (1)
- DANC 1200 - Modern I Credits: (1)
- DANC 2470 - Ballet II Credits: (1.5)
- DANC 2490 - Modern II Credits: (1.5)
- DANC 3470 - Ballet III Credits: (1.5)
- DANC 3490 - Modern III Credits: (1.5)

Other Dance Forms (3 credit hours)

Select three of the following - none of these classes may be repeated for credit towards a Dance Major: (3 credit hours).
- DANC 1450 - Special Topic Dance Form Credits: (1) variable topic
- DANC 1500 - Jazz I Credits: (1)
- DANC 1520 - Folk & Ethnic Dance Credits: (1)
- DANC 1580 - Rhythm Tap Credits: (1)
- DANC 2500 - Jazz II Credits: (1)
- DANC 3440 - Dance for Musical Theatre Credits: (1)
- DANC 3450 - Special Topic Dance Form Credits: (1) variable topic
- DANC 3580 - Rhythm Tap Credits: (1)

Creative Process and Performance (17 credit hours)

Note: The first four (4) courses must be taken in sequence.
- DANC 2410 - Improvisation Credits: (2)
- DANC 3500 - Choreography I: Space & Time/Design in Dance Credits: (3)
- DANC 3510 - Choreography II: Process Credits: (3)
- DANC 3520 INT - Choreography Practicum Credits: (2)
- DANC 3910 INT/CEL - Moving Company: Rehearsal & Development Credits: (2) CEL
- DANC 3911 INT/CEL - Moving Company: Performance Credits: (2) CEL
- DANC 4910 INT - Rehearsal and Performance Credits: (1) (must take three times = 3)

Theory & Practice (11 credit hours)

- DANC 1010 CA/DV - Introduction to Dance Credits: (3)
- DANC 3015 - Dance History Credits: (3)
- DANC 4700 INT - Creative Synthesis in Dance Credits: (2)
- DANC 3640 INT - Teaching Creative Dance in the Elementary School Credits: (3) or
- DANC 3320 INT - Techniques and Materials for Teaching Modern Dance Credits: (3)

Somatics (7 credit hours)

- NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
- DANC 2250 - Alignment and Conditioning for Dance/Pilates Credits: (1)
- DANC 2300 - Dance Kinesiology Credits: (3)

Dance Design, Production, and Technology (7 credit hours)

- DANC 1310 - Music for Dance Credits: (2)
- DANC 2610 - Dance and Digital Technology Credits: (2)

Choose one of your choice:
- THEA 2022 - Costume Fundamentals Credits: (3) or
- THEA 2032 - Lighting Fundamentals Credits: (3) or
- THEA 2403 - Stage Management Credits: (3)

Language Courses Required to fulfill the BA

Refer to Degree Requirements in this catalog. Dance Majors must complete Option 1 - Foreign Language (12 credit hours of a foreign language, refer to the Foreign Language section of this catalog for additional information on obtaining foreign language credit) OR Option 2 - Foreign Language and Language Arts (6 credit hours of a foreign language and 6 hours of language arts)--the required language arts course is: DANC 4800 - Individual Study Credits: (3) taken 2 times for a total of (6) credit hours.
Dance Education (BA)

Dance Education Major K-12

The objective of this program is to help guide and prepare students for teaching dance in public school settings (grades K-12), private studios and non-profit organizations.

- **Program Prerequisites:** Students must meet the Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable) and an overall GPA of at least 2.75.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 56 of these are within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 3058BA or 3058BS
- **CIPC:** 131324

Based within the disciplinary core of the Dance program, the BA and BS Dance Education K-12 degree offerings help to guide and prepare students for teaching dance in public school settings (grades K-12), private studios, and/or non-profit environments. In addition to the core dance requirements, secondary licensure requirements are mandatory for all teaching degrees leading to eligibility for Utah State Board of Education licensure. It is comprised of 33 hours of coursework within the Department of Teacher Education.

**Advisement**

Students must consult with the Dance Program advisor at least once each term. Email Joseph Blake josephblake@weber.edu or Erik Stern estern@weber.edu for more information or to schedule an appointment. Students seeking secondary certification are encouraged to consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269). (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study. Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).

**General Education**

Refer to General Requirements of this catalog for Bachelor of Science or Bachelor of Arts requirements. See also specific requirements for the BS or BA listed under the major course requirements.

**Program Learning Outcomes**

- **Technique/Performance** - Students will apply dance technique and kinesiology principles to improve as dancers and performers.
- **Theory/Criticism** - Students will apply and communicate principles of dance theory and criticism in many settings.
- **Creative Process** - Students will engage in the evolving nature of the creative process in many settings.
- **Meaning/Self-discovery** - Students will discover, express and gain ownership of their own point of view about dance, to speak the language of dance

**Course Requirements for BS or BA Degree in Dance Education**
Courses Required (57 credit hours)

Ballet and Modern Dance (minimum of 13 credit hours)

Note: majors must complete a minimum of 6.5 credits hours of Ballet and 6.5 credits hours of Modern, and receive a C+ or better in Ballet III and Modern III to qualify for graduation. Courses will be repeated to achieve full credit.

- DANC 1100 - Ballet I Credits: (1) (1 credit each) 2 times=2
- DANC 1200 - Modern I Credits: (1) (1 credit each) 2 times=2
- DANC 2490 - Modern II Credits: (1.5) (1.5 credit each) 2 times=3
- DANC 3470 - Ballet III Credits: (1.5) (1.5 credit each) 2 times=3
- DANC 3490 - Modern III Credits: (1.5) (1.5 credit each) 2 times=3

Other Dance Forms (3 credit hours)

- DANC 1520 - Folk & Ethnic Dance Credits: (1)
- DANC 1580 - Rhythm Tap Credits: (1)
- DANC 2500 - Jazz II Credits: (1)

Creative Process and Performance (11 credit hours)

To be taken in order beginning spring of freshman year.

- DANC 2410 - Improvisation Credits: (2)
- DANC 3500 - Choreography I: Space & Time/Design in Dance Credits: (3)
- DANC 3510 - Choreography II: Process Credits: (3)
- DANC 3520 INT - Choreography Practicum Credits: (2)
- DANC 4910 INT - Rehearsal and Performance Credits: (1)

Corporeal Studies (13 credit hours)

- DANC 1010 CA/DV - Introduction to Dance Credits: (3)
- NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
- DANC 2250 - Alignment and Conditioning for Dance/Pilates Credits: (1)
- DANC 2300 - Dance Kinesiology Credits: (3)
- DANC 3015 - Dance History Credits: (3)

Teaching Methods (10 credit hours)

- DANC 3320 INT - Techniques and Materials for Teaching Modern Dance Credits: (3)
- DANC 3640 INT - Teaching Creative Dance in the Elementary School Credits: (3)
- EDUC 3430 - Creative Processes in the Elementary School Credits: (3)
- DANC 3860 INT - Field Experience Credits: (1-3)

Dance Design, Production, and Technology (7 credit hours)

- DANC 1310 - Music for Dance Credits: (2)
- DANC 2610 - Dance and Digital Technology Credits: (2)
- THEA 2022 - Costume Fundamentals Credits: (3) or
- THEA 2032 - Lighting Fundamentals Credits: (3) or
- THEA 2403 - Stage Management Credits: (3)
Language Courses Required to fulfill the BA in Dance Education

Refer to Degree Requirements in this catalog. Dance majors must complete Option 1 - Foreign Language (12 credit hours of a foreign language, refer to the Foreign Language section of this catalog for additional information on obtaining foreign language credit) OR Option 2 - Foreign Language and Language Arts (6 credit hours of a foreign language and 6 hours of language arts)—the required language arts course is: DANC 4800 - Individual Study Credits: (3) taken 2 times for a total of (6) credit hours.
Music (BA)

- **Program Prerequisite:** Audition required for admission to program.
- **Minor:** Not required.
- **Grade Requirement:** A grade of "C" or better in courses required for these majors (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 49 credit hours is required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); 15 of these are required within the major.
- **Program Code:** 3037BA
- **CIPC:** 500901

**Advisement**

Music majors should meet with an advisor prior to registration. For current advisor listing please refer to School of Music Advisors.

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information).

**General Education**

Refer to Degree Requirements for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements.

Refer to the Department of Performing Arts policies and procedures.

**Program Learning Outcomes**

- Employ writing and research skills to examine and communicate ideas about music.
- Demonstrate competency as performers through the preparation of repertoire and technical studies.
- Synthesize skills of performance, aural analysis, score analysis, technology, musicology, improvisation and composition.

**School of Music Required Core Courses (25 credit hours)**

- **MUSC 1006 - Concert Attendance I Credits: (0)** Students must take this course twice.
- **MUSC 2006 - Concert Attendance II Credits: (0)** Students must take this course twice.
- **MUSC 1110 - Music Theory I Credits: (2)**
- **MUSC 1120 - Music Theory II Credits: (2)**
- **MUSC 1130 - Sight-Singing & Aural Skills I Credits: (1)**
- **MUSC 1140 - Sight-Singing & Aural Skills II Credits: (1)**
- **MUSC 1901 - Music: The First-Year Experience Credits: (1)**
- **MUSC 1911 - Introduction to Music Technology Credits: (1)**
- **MUSC 2110 - Music Theory III Credits: (2)**
- **MUSC 2120 - Music Theory IV Credits: (2)**
- **MUSC 2130 - Sight Singing & Aural Skills III Credits: (1)**
- **MUSC 2140 - Sight Singing & Aural Skills IV Credits: (1)**
- **MUSC 3205 - Music History I: Music before 1800 Credits: (3)**
• MUSC 3206 - Music History II: Music after 1800 Credits: (3)
• MUSC 3208 - World Music Credits: (3)
• MUSC 3840 - Form and Analysis Credits: (2)

Additional Courses for the BA Music

• MUSC 1150 - Class Piano I Credits: (1)
• MUSC 1160 - Class Piano II Credits: (1)
• MUSC 1601 - Private Instruction Credits: (1) (MUSC 1601 must be taken concurrently with MUSC 4830)
• MUSC 4830 - Directed Readings Credits: (1-3)
• MUSC 4900 INT - Senior Project--BA in Music Credits: (3)
• MUSC 3701 - Music Entrepreneurship and You Credits: (3)

A total of four classes in one-credit private instruction in appropriate area, in addition to MUSC 1601:
• MUSC 1681 - Private Instruction Credits: (1) (To be taken twice for credit)
• MUSC 2681 - Private Instruction Credits: (1) (To be taken twice for credit)

A total of four classes in one-credit Large Ensemble:
(courses may be repeated for credit)
• MUSC 1740 INT - Weber State Concert Choir Credits: (1)
• MUSC 3740 INT - Weber State Concert Choir Credits: (1)
• MUSC 1750 - Symphonic Band Credits: (1-2)
• MUSC 3750 - Symphonic Band Credits: (1-2)
• MUSC 1760 INT - Weber State Symphony Orchestra Credits: (1-2)
• MUSC 3760 INT - Weber State Symphony Orchestra Credits: (1-2)
• MUSC 1763 INT - Guitar Ensemble Credits: (1)
• MUSC 3763 INT - Guitar Ensemble Credits: (1)

Music Electives (8 credits)

Music electives must have the MUSC designation and are in addition to the courses in the Music Core and Required Courses.

Free Electives (26 credits)

Language Courses Required to fulfill the BA

Six semester-hours of foreign language is required. This requirement may be satisfied by taking two semesters of the same language or one semester each of two different languages.
An additional six semester hours of foreign language or language arts is required.
Musical Theatre (BA)

- **Program Prerequisite:** Completion of the required pre-major core courses listed under the following Course Requirements with a grade of "C" or better and an audition are required for admission to this program.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable) in addition to an overall GPA of 2.00 or better.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 68-69 of these are required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); a minimum of 19 of these is required within the major.
- **Program Code:** 3049BA with cohort MTPERF (Performance Track) or MTDIRECT (Music Direction Track)
- **CIPC:** 500509

Advisement

Students should meet annually with a faculty advisor for course and program advisement. Call 801-626-6437 for more information and referrals for an appointment.

Admission Requirements

An audition is required for admission to this program after completing the pre-major core courses. Auditions will be scheduled in spring semester each year.

General Education

Refer to General Requirements for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements. The following courses required for this major may also be applied to fill general education requirements: DANC 1010 CA/DV - Introduction to Dance (3), THEA 1033 CA - Introduction to Acting (3) and THEA 1043 CA - Introduction to American Musical Theatre (3).

Program Learning Outcomes

- Have writing skills and ability to use research tools (library, internet, etc.).
- Be able to present critical thinking through verbal and written presentations regarding the theatre. Specific areas of expertise will include major works, major figures, theory, and history.
- Have a practical, working knowledge of how to produce a play on stage, including all related performance, script, design, and technical considerations.
- Be able to critically evaluate what they and others have created.
- Develop necessary skills to be proficient in at least one area of theatre (performance, teaching, technical/design-costume, technical/design-scenery, technical/design-lighting, technical/design-sound, directing, theatre management, or playwriting), with the ability to identify, analyze and resolve specific problems pertaining to that area.
- Understand the historical context of theatre, drama, and performance including plays, major figures, costumes, scenic innovations, and theoretical approaches, and how these relate to contemporary society and culture.
- Have experience with individual and collaborative processes needed to produce and understand theatre.

Major Course Requirements for BA Degree

Required Pre-Major Core Courses (15 credit hours)
Admittance to the Musical Theatre Major is contingent upon successful completion of the Pre-Major Core Courses AND by successful audition/interview. The program audition may be attempted concurrently while enrolled in the Pre-Major Core. Transfer students will be evaluated on an individual basis.

This Pre-Major Core includes 3 credit hours of Creative Arts Gen Ed, so only 12 credit hours are added to the total required hours for the degree.

- THEA 1030 - Voice and Movement for the Actor Credits: (3)
- THEA 1220 - Acting I Credits: (3)
- THEA 1043 CA - Introduction to American Musical Theatre Credits: (3)
- THEA 1063 - Theatre Foundations Credits: (3)
- THEA 1075 - Class Voice for Musical Theatre Credits: (1) (repeated 2 times)

Select one of the following Dance classes

- DAN 1100 - Ballet I Credits: (1)
- DAN 1200 - Modern I Credits: (1)
- DAN 1450 - Special Topic Dance Form Credits: (1)
- DAN 1500 - Jazz I Credits: (1)
- DAN 1520 - Folk & Ethnic Dance Credits: (1)

Language Courses Required to fulfill the BA

Refer to Degree Requirements in this catalog. Musical Theatre majors must complete Option 1 - Foreign Language (12 credit hours of a foreign language, refer to the Foreign Language section of this catalog for additional information on obtaining foreign language credit) OR Option 2 - Foreign Language and Language Arts (6 credit hours of a foreign language and 6 hours of language arts-the required language arts courses are: THEA 3343 - History & Literature of Musical Theatre and either THEA 3303 - History and Literature of Theatre I (3) or THEA 3313 - History and Literature of Theatre II (3).

Required Courses for Musical Theatre, Performance Track (57 credit hours)

Dance (7 credit hours)

The following courses may be repeated for credit as approved by an advisor

- DAN 1100 - Ballet I Credits: (1)
- DAN 1200 - Modern I Credits: (1)
- DAN 1450 - Special Topic Dance Form Credits: (1)
- DAN 1500 - Jazz I Credits: (1)
- DAN 1520 - Folk & Ethnic Dance Credits: (1)
- DAN 1580 - Rhythm Tap Credits: (1)
- DAN 2470 - Ballet II Credits: (1.5)
- DAN 2500 - Jazz II Credits: (1)
- DAN 2490 - Modern II Credits: (1.5)
- DAN 3440 - Dance for Musical Theatre Credits: (1)
- DAN 3450 - Special Topic Dance Form Credits: (1)
- DAN 3470 - Ballet III Credits: (1.5)
- DAN 3490 - Modern III Credits: (1.5)
- DAN 3580 - Rhythm Tap Credits: (1)
- DAN 4910 INT - Rehearsal and Performance Credits: (1)

The following courses are also recommended for conditioning and training up to 2 of which may be used to fulfill the Dance requirement:

- PE 1010 - Aerobics, Level I Credits: (1)
- PE 1011 - Aerobics, Level II Credits: (1)
- PE 1012 - Aerobics, Level III Credits: (1)
- PE 1057 - Hatha Yoga, Level I Credits: (1)
• PE 1080 - Strength Training, Level I Credits: (1)
• PE 1081 - Strength Training, Level II Credits: (1)
• PE 1082 - Strength Training, Level III Credits: (1)
• PE 1155 - Fencing, Level I Credits: (1)
• PE 1410 - TaiChi, Level I Credits: (1)

Musicianship (11 credit hours)

• THEA 1143 - Musical Theatre Musicianship I Credits: (2)
• THEA 3143 - Musical Theatre Musicianship II Credits: (3)
• THEA 4651 - Individual Training in Stage Voice Credits: (1) (repeated 6 times)

Theatre (38 credit hours)

• THEA 1223 - Stage Makeup Credits: (3)
• THEA 1713 - Script Analysis Credits: (3)
• THEA 2033 - Acting II Credits: (3)
• THEA 2443 - Acting for Musical Theatre Credits: (3)
• THEA 3103 INT - Directing I Credits: (3)
• THEA 3343 - History & Literature of Musical Theatre Credits: (3)
• THEA 3443 - Scene Study for Musical Theatre Credits: (3)
• THEA 3651 - Musical Theatre Repertoire Credits: (1) (repeated twice)
• THEA 3991 - Junior Seminar Credits: (1)
• THEA 4143 - Directing and Choreographing for Musical Theatre Credits: (3)

Select one of the following Theatre History classes

• THEA 3303 - History and Literature of Theatre I Credits: (3)
• THEA 3313 - History and Literature of Theatre II Credits: (3)

Select two of the following Technical Theatre classes, these classes frequently serve as prerequisites for the Theatre Design classes so plan accordingly.

• THEA 1513 - Stagecraft Credits: (3)
• THEA 2022 - Costume Fundamentals Credits: (3)
• THEA 2032 - Lighting Fundamentals Credits: (3)
• THEA 2580 - Creative Computing for Theatre Design Credits: (3)

Theatre Design (3 credit hours)

Select one of the following Theatre Design classes, prerequisites may need to be met first.

• THEA 3100 - Projection Design Credits: (3)
• THEA 3212 - Scenic Design Credits: (3)
• THEA 3222 - Lighting Design Credits: (3)
• THEA 3500 - Sound Design Credits: (3)
• THEA 4203 - Costume Design Credits: (3)

Required Courses for Musical Theatre, Music Direction Track (57 credit hours)

Musicianship (24 credit hours)

• MUSC 1110 - Music Theory I Credits: (2)
- MUSC 1120 - Music Theory II Credits: (2)
- MUSC 1130 - Sight-Singing & Aural Skills I Credits: (1)
- MUSC 1140 - Sight-Singing & Aural Skills II Credits: (1)
- MUSC 2110 - Music Theory III Credits: (2)
- MUSC 2130 - Sight Singing & Aural Skills III Credits: (1)
- THEA 3143 - Musical Theatre Musicianship II Credits: (3)
- THEA 4250 - Music Direction Seminar Credits: (1-3)
- THEA 4652 - Individual Training in Music Direction Credits: (1) (repeated 8 times)

Theatre (30 credit hours)

- THEA 1223 - Stage Makeup Credits: (3)
- THEA 1713 - Script Analysis Credits: (3)
- THEA 2443 - Acting for Musical Theatre Credits: (3)
- THEA 3343 - History & Literature of Musical Theatre Credits: (3)
- THEA 3651 - Musical Theatre Repertoire Credits: (1) (repeated twice)
- THEA 3991 - Junior Seminar Credits: (1)
- THEA 4143 - Directing and Choreographing for Musical Theatre Credits: (3)

Select one of the following Theatre History classes

- THEA 3303 - History and Literature of Theatre I Credits: (3)
- THEA 3313 - History and Literature of Theatre II Credits: (3)

Select two of the following Technical Theatre classes, these classes frequently serve as prerequisites for the Theatre Design classes so plan accordingly.

- THEA 1513 - Stagecraft Credits: (3)
- THEA 2022 - Costume Fundamentals Credits: (3)
- THEA 2032 - Lighting Fundamentals Credits: (3)
- THEA 2580 - Creative Computing for Theatre Design Credits: (3)

Theatre Design (3 credit hours)

Select one of the following Theatre Design classes, prerequisites may need to be met first.

- THEA 3100 - Projection Design Credits: (3)
- THEA 3212 - Scenic Design Credits: (3)
- THEA 3222 - Lighting Design Credits: (3)
- THEA 3500 - Sound Design Credits: (3)
- THEA 4203 - Costume Design Credits: (3)
Theatre Arts (BA), Acting/Directing Emphasis

Theatre Arts (BA)

- **Program Prerequisite**: Not Required.
- **Minor**: Required.
- **Grade Requirements**: A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable) in addition to an overall GPA of 2.00 or higher.
- **Credit Hour Requirements**: A total of 120 credit hours is required for graduation; a minimum of 43-47 credit hours must be earned in Theatre Arts courses. A total of 40 upper-division credit hours is required (courses numbered 3000 and above); a minimum of 19 of these is required within the major.
- **Program Code**: 3046BA with one of the following emphasis codes 3105 (Generalist), 3106 (Acting/Directing), 3107 (Design/Technical/Management)
- **CIPC**: 500501

Advisement

Students should meet annually with a faculty advisor for course and program advisement. Call 801-626-6437 for more information and referrals for an appointment. The faculty advisor must approve courses taken in focus areas. (Also refer to the Department Advisor Referral List which includes email addresses for faculty advisors.)

Use Grad MAPs to plan your degree

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

Language Courses Required to Fulfill the BA

Refer to Degree Requirements in this catalog. Theatre majors must complete Option 1 - Foreign Language (12 credit hours of a foreign language, refer to the Foreign Language section of this catalog for additional information on obtaining foreign language credit) OR Option 2 - Foreign Language and Language Arts (6 credit hours of a foreign language and 6 hours of language arts-the required language arts courses are: THEA 1033 CA - Introduction to Acting, and THEA 3313 - History and Literature of Theatre II).

Program Learning Outcomes

- Have writing skills and ability to use research tools (library, internet, etc.).
- Be able to present critical thinking through verbal and written presentations regarding the theatre. Specific areas of expertise will include major works, major figures, theory, and history.
- Have a practical, working knowledge of how to produce a play on stage, including all related performance, script, design, and technical considerations.
- Be able to critically evaluate what they and others have created.
- Develop necessary skills to be proficient in at least one area of theatre (performance, teaching, technical/design-costume, technical/design-scenery, technical/design-lighting, technical/design-sound, directing, theatre management, or playwriting), with the ability to identify, analyze and resolve specific problems pertaining to that area.
- Understand the historical context of theatre, drama, and performance including plays, major figures, costumes, scenic innovations, and theoretical approaches, and how these relate to contemporary society and culture.
- Have experience with individual and collaborative processes needed to produce and understand theatre.
Acting/Directing Emphasis Requirements

Required Courses (40 credit hours)

- THEA 1030 - Voice and Movement for the Actor Credits: (3)
- THEA 1063 - Theatre Foundations Credits: (3)
- THEA 1713 - Script Analysis Credits: (3)
- THEA 1220 - Acting I Credits: (3)
- THEA 1223 - Stage Makeup Credits: (3)
- THEA 1513 - Stagecraft Credits: (3)
- THEA 2022 - Costume Fundamentals Credits: (3)
- THEA 2032 - Lighting Fundamentals Credits: (3)
- THEA 2403 - Stage Management Credits: (3)
- THEA 3103 INT - Directing I Credits: (3)
- THEA 3303 - History and Literature of Theatre I Credits: (3)
- THEA 3313 - History and Literature of Theatre II Credits: (3)
- THEA 3991 - Junior Seminar Credits: (1)
- ENGL 4730 - Studies in Shakespeare Credits: (3)

Select 6 credits from the following courses with advisor approval (6 credit hours)

- THEA 2033 - Acting II Credits: (3)
- THEA 3033 - Advanced Acting Credits: (3)
- THEA 4890 INT - Cooperative Work Experience or Internship Credits: (1-3)
- THEA 4230 - Performance Seminar Credits: (1-3)
- THEA 4002D - Special Studies in Theatre: Auditioning Credits: (2)
- THEA 4103 INT - Directing II Credits: (3)
- THEA 4143 - Directing and Choreographing for Musical Theatre Credits: (3)
- COMM 3070 - Performance Studies Credits: (3)

Theatre Design (3 credit hours)

Select one of the following theatre design courses.

- THEA 3212 - Scenic Design Credits: (3)
- THEA 3222 - Lighting Design Credits: (3)
- THEA 4203 - Costume Design Credits: (3)
- THEA 3500 - Sound Design Credits: (3)
- THEA 3100 - Projection Design Credits: (3)

Theatre Practicum (3 credit hours)

Select 3 credit hours from the following options. These courses may be repeated for credit.

- THEA 4851 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4852 INT - Design/Tech Management Practicum Credits: (1)
- THEA 4853 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4854 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4855 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4856 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4857 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4858 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4859 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4861 INT - Performance Practicum Credits: (1)
• THEA 4862 INT - Performance Practicum Credits: (1)
• THEA 4862 INT - Performance Practicum Credits: (1)
• THEA 4863 INT - Performance Practicum Credits: (1)
• THEA 4864 INT - Performance Practicum Credits: (1)
• THEA 4865 INT - Performance Practicum Credits: (1)
• THEA 4866 INT - Performance Practicum Credits: (1)
• THEA 4867 INT - Performance Practicum Credits: (1)
• THEA 4868 INT - Performance Practicum Credits: (1)
• THEA 4869 INT - Performance Practicum Credits: (1)
Theatre Arts (BA), Design/Technical/Management Emphasis

Theatre Arts (BA)

- **Program Prerequisite:** Not Required.
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable) in addition to an overall GPA of 2.00 or higher.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 43-47 credit hours must be earned in Theatre Arts courses. A total of 40 upper-division credit hours is required (courses numbered 3000 and above); a minimum of 19 of these is required within the major.
- **Program Code:** 3046BA with one of the following emphasis codes 3105 (Generalist), 3106 (Acting/Directing), 3107 (Design/Technical/Management)
- **CIPC:** 500501

Advisement

Students should meet annually with a faculty advisor for course and program advisement. Call 801-626-6437 for more information and referrals for an appointment. The faculty advisor must approve courses taken in focus areas. (Also refer to the Department Advisor Referral List which includes email addresses for faculty advisors.)

Use Grad MAPs to plan your degree

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

Language Courses Required to Fulfill the BA

Refer to Degree Requirements in this catalog. Theatre majors must complete Option 1 - Foreign Language (12 credit hours of a foreign language, refer to the Foreign Language section of this catalog for additional information on obtaining foreign language credit) OR Option 2 - Foreign Language and Language Arts (6 credit hours of a foreign language and 6 hours of language arts-the required language arts courses are: THEA 1033 CA - Introduction to Acting, and THEA 3313 - History and Literature of Theatre II).

Program Learning Outcomes

- Have writing skills and ability to use research tools (library, internet, etc.).
- Be able to present critical thinking through verbal and written presentations regarding the theatre. Specific areas of expertise will include major works, major figures, theory, and history.
- Have a practical, working knowledge of how to produce a play on stage, including all related performance, script, design, and technical considerations.
- Be able to critically evaluate what they and others have created.
- Develop necessary skills to be proficient in at least one area of theatre (performance, teaching, technical/design-costume, technical/design-scenery, technical/design-lighting, technical/design-sound, directing, theatre management, or playwriting), with the ability to identify, analyze and resolve specific problems pertaining to that area.
- Understand the historical context of theatre, drama, and performance including plays, major figures, costumes, scenic innovations, and theoretical approaches, and how these relate to contemporary society and culture.
- Have experience with individual and collaborative processes needed to produce and understand theatre.
Design/Technical/Management Emphasis Requirements

Required Courses (25 credit hours)

- THEA 1033 CA - Introduction to Acting Credits: (3) or
- THEA 1220 - Acting I Credits: (3)
- THEA 1030 - Voice and Movement for the Actor Credits: (3) or
- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- THEA 1063 - Theatre Foundations Credits: (3)
- THEA 1713 - Script Analysis Credits: (3)
- THEA 2403 - Stage Management Credits: (3)
- THEA 3303 - History and Literature of Theatre I Credits: (3)
- THEA 3313 - History and Literature of Theatre II Credits: (3)
- THEA 3991 - Junior Seminar Credits: (1)

Technical Theatre Courses (9 credit hours)

Select three of the following technical theatre courses.
Note: Some of these courses are pre-requisites for UD classes. Plan accordingly.
- THEA 1223 - Stage Makeup Credits: (3)
- THEA 1513 - Stagecraft Credits: (3)
- THEA 2022 - Costume Fundamentals Credits: (3)
- THEA 2032 - Lighting Fundamentals Credits: (3)
- THEA 2580 - Creative Computing for Theatre Design Credits: (3)

Theatre Design (3 credit hours)

Select one of the following theatre design courses.
- THEA 3100 - Projection Design Credits: (3)
- THEA 3500 - Sound Design Credits: (3)
- THEA 3212 - Scenic Design Credits: (3)
- THEA 3222 - Lighting Design Credits: (3)
- THEA 4203 - Costume Design Credits: (3)

Design/Technical/Management Focus Area Requirements (9 credit hours)

Select at least 9 credit hours from the following courses to supplement your course of study. To propose another option, consult your academic advisor. Courses listed below as options for more than one requirement may be used to fulfill only one requirement.
- THEA 2203 - Costume Technology Credits: (3)
- THEA 2515 - Rendering and Modeling Credits: (3)
- THEA 2581 - Adobe Suite for Theatre Design Credits: (3)
- THEA 2821 HU - Period Styles in Design Credits: (3)
- THEA 3100 - Projection Design Credits: (3)
- THEA 3103 INT - Directing I Credits: (3)
- THEA 3212 - Scenic Design Credits: (3)
- THEA 3222 - Lighting Design Credits: (3)
- THEA 3232 - Scenic Art and Painting Credits: (3)
- THEA 3233 - Prop Design Credits: (3)
- THEA 3243 - Costume History Credits: (3)
• THEA 3343 - History & Literature of Musical Theatre Credits: (3)
• THEA 3350 - Marketing and Communication for the Arts Credits: (3)
• THEA 3500 - Sound Design Credits: (3)
• THEA 4120 - Collaboration in the Theatre Credits: (3)
• THEA 4203 - Costume Design Credits: (3)
• THEA 4220 - Design Seminar Credits: (1-3)
• THEA 4890 INT - Cooperative Work Experience or Internship Credits: (1-3)
• THEA 4900 INT - Senior Project Credits: (1)

Additional classes from other departments include but are not limited to:
(See individual course descriptions for pre-requisites)
• ART 1130 - Approaches to Surface, Shape and Form Credits: (3)
• ART 3120 - Figure Drawing Credits: (3)
• ARTH 1090 CA - Art and Architecture of the World: Paleolithic-AD 1000 Credits: (4)
• ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present Credits: (4)
• IDT 1020 - Presentation Techniques Credits: (3)
• IDT 2010 - Sustainability I: Textiles and Soft Materials Credits: (3)
• IDT 3040 - Perspective/Rendering Credits: (2)
• IDT 2820 - Historical Interiors Credits: (3)
• MUSC 1911 - Introduction to Music Technology Credits: (1)
• MUSC 1820 INT - The Art and Science of Recording I Credits: (3)
• MUSC 1821 INT - The Art and Science of Recording II Credits: (3)
• MUSC 4820 - Pro Tools 101 Credits: (2)
• MUSC 4823 - Pro Tools 110 Credits: (2)
• WEB 2200 - Image Editing Credits: (3)
• WEB 2300 - Video Editing Credits: (3)

Theatre Practicum (3 credit hours)

Select 3 credit hours from the following options. These courses may be repeated for credit.
• THEA 4851 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4852 INT - Design/Tech Management Practicum Credits: (1)
• THEA 4853 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4854 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4855 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4856 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4857 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4858 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4859 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4861 INT - Performance Practicum Credits: (1)
• THEA 4862 INT - Performance Practicum Credits: (1)
• THEA 4863 INT - Performance Practicum Credits: (1)
• THEA 4864 INT - Performance Practicum Credits: (1)
• THEA 4865 INT - Performance Practicum Credits: (1)
• THEA 4866 INT - Performance Practicum Credits: (1)
• THEA 4867 INT - Performance Practicum Credits: (1)
• THEA 4868 INT - Performance Practicum Credits: (1)
• THEA 4869 INT - Performance Practicum Credits: (1)

Required General Education Courses (6-7 credit hours)

The following general education courses are required for the Theatre Major:
- THEA 2821 HU - Period Styles in Design Credits: (3) or
- ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present Credits: (4)
- ENGL 3500 HU - Introduction to Shakespeare Credits: (3)
Theatre Arts (BA), Theatre Generalist Emphasis

Theatre Arts (BA)

- **Program Prerequisite:** Not Required.
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable) in addition to an overall GPA of 2.00 or higher.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 43-47 credit hours must be earned in Theatre Arts courses. A total of 40 upper-division credit hours is required (courses numbered 3000 and above); a minimum of 19 of these is required within the major.

- Understand the historical context of theatre, drama, and performance including plays, major figures, costumes, scenic innovations, and theoretical approaches, and how these relate to contemporary society and culture.
- Have experience with individual and collaborative processes needed to produce and understand theatre.
Theatre Arts Generalist Emphasis Requirements

Required Courses (23 credit hours)

- THEA 1063 - Theatre Foundations Credits: (3)
- THEA 1713 - Script Analysis Credits: (3)
- THEA 2403 - Stage Management Credits: (3)
- THEA 3103 INT - Directing I Credits: (3)
- THEA 3303 - History and Literature of Theatre I Credits: (3)
- THEA 3313 - History and Literature of Theatre II Credits: (3)
- THEA 3991 - Junior Seminar Credits: (1)
- ENGL 4730 - Studies in Shakespeare Credits: (3)
- THEA 4900 INT - Senior Project Credits: (1)

Select 21 credits from the following courses (21 credit hours)

Note: Pre-requisites may need to be met first.

- THEA 1223 - Stage Makeup Credits: (3)
- THEA 1513 - Stagecraft Credits: (3)
- THEA 2022 - Costume Fundamentals Credits: (3)
- THEA 2032 - Lighting Fundamentals Credits: (3)
- THEA 2330 - Dramaturgy and Criticism Credits: (3)
- THEA 2580 - Creative Computing for Theatre Design Credits: (3)
- THEA 3343 - History & Literature of Musical Theatre Credits: (3)
- THEA 3505 - Playwriting Credits: (3)
- THEA 4103 INT - Directing II Credits: (3)
- THEA 4120 - Collaboration in the Theatre Credits: (3)
- THEA 4230 - Performance Seminar Credits: (1-3)
- THEA 4270 - Dramatic Theory and Analysis Credits: (3)
- THEA 4860 - Advanced Playwriting Credits: (3)
- THEA 4890 INT - Cooperative Work Experience or Internship Credits: (1-3)
- COMM 3070 - Performance Studies Credits: (3)

Theatre Design (3 credit hours)

Select one of the following theatre design courses.

- THEA 3100 - Projection Design Credits: (3)
- THEA 3212 - Scenic Design Credits: (3)
- THEA 3222 - Lighting Design Credits: (3)
- THEA 3500 - Sound Design Credits: (3)
- THEA 4203 - Costume Design Credits: (3)

Theatre Practicum (3 credit hours)

Select 3 credit hours from the following options. These courses may be repeated for credit.

- THEA 4851 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4852 INT - Design/Tech Management Practicum Credits: (1)
- THEA 4853 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4854 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4855 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4856 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4857 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4858 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4859 INT - Design/Tech/Management Practicum Credits: (1)
- THEA 4861 INT - Performance Practicum Credits: (1)
- THEA 4862 INT - Performance Practicum Credits: (1)
- THEA 4863 INT - Performance Practicum Credits: (1)
- THEA 4864 INT - Performance Practicum Credits: (1)
- THEA 4865 INT - Performance Practicum Credits: (1)
- THEA 4866 INT - Performance Practicum Credits: (1)
- THEA 4867 INT - Performance Practicum Credits: (1)
- THEA 4868 INT - Performance Practicum Credits: (1)
- THEA 4869 INT - Performance Practicum Credits: (1)
Theatre Arts Teaching (BA)

- **Program Prerequisite:** Not Required.
- **Minor:** Suggested
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable) in addition to an overall GPA of 2.75 or higher.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 50 credit hours must be earned in Theatre Arts courses. A total of 40 upper division credit hours is required (courses numbered 3000 and above); a minimum of 19 of these is required within the major. 24 Credits of Education Department Classes
- **Program Code:** Theatre Arts Teaching (3047BA)
- **CIPC:** Theatre Arts Teaching (131324)

Advisement

Students should meet annually with a faculty advisor for course and program advisement. Call 801-626-6437 for more information and referrals for an appointment. The faculty advisor must approve courses taken in focus areas. (Also refer to the Department Advisor Referral List which includes email addresses for faculty advisors.) Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

**General Education**

Refer to Degree Requirements of this catalog for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements.

Program Learning Outcomes

- Have writing skills and ability to use research tools (library, internet, etc.).
- Be able to present critical thinking through verbal and written presentations regarding the theatre. Specific areas of expertise will include major works, major figures, theory, and history.
- Have a practical, working knowledge of how to produce a play on stage, including all related performance, script, design, and technical considerations.
- Be able to critically evaluate what they and others have created.
- Develop necessary skills to be proficient in at least one area of theatre (performance, teaching, technical/design-costume, technical/design-scenery, technical/design-lighting, technical/design-sound, directing, theatre management, or playwriting), with the ability to identify, analyze and resolve specific problems pertaining to that area.
- Understand the historical context of theatre, drama, and performance including plays, major figures, costumes, scenic innovations, and theoretical approaches, and how these relate to contemporary society and culture.
- Have experience with individual and collaborative processes needed to produce and understand theatre.

Major Course Requirements for BA Degree

50 Credit Hours (exclusive of required general education courses)

Theatre Courses Required (43 credit hours)

- THEA 1030 - Voice and Movement for the Actor Credits: (3)
- THEA 1063 - Theatre Foundations Credits: (3)
- THEA 1220 - Acting I Credits: (3)
• THEA 1223 - Stage Makeup Credits: (3)
• THEA 1513 - Stagecraft Credits: (3)
• THEA 1713 - Script Analysis Credits: (3)
• THEA 2022 - Costume Fundamentals Credits: (3)
• THEA 2032 - Lighting Fundamentals Credits: (3)
• THEA 2330 - Dramaturgy and Criticism Credits: (3)
• THEA 2403 - Stage Management Credits: (3)
• THEA 2713 INT - Teaching Theatre in the Secondary School Credits: (3)
• THEA 3103 INT - Directing I Credits: (3)
• THEA 3303 - History and Literature of Theatre I Credits: (3)
• THEA 3313 - History and Literature of Theatre II Credits: (3)
• THEA 3991 - Junior Seminar Credits: (1)
• THEA 4143 - Directing and Choreographing for Musical Theatre Credits: (3)
• ENGL 4730 - Studies in Shakespeare Credits: (3)

Theatre Design (3 credit hours)

Select one of the following theatre design classes
• THEA 3212 - Scenic Design Credits: (3)
• THEA 3222 - Lighting Design Credits: (3)
• THEA 4203 - Costume Design Credits: (3)
• THEA 3500 - Sound Design Credits: (3)

Theatre Practicum (3 credit hours)

Select 3 credit hours from the following options, may be repeated for credit
• THEA 4851 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4852 INT - Design/Tech Management Practicum Credits: (1)
• THEA 4853 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4854 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4855 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4856 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4857 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4858 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4859 INT - Design/Tech/Management Practicum Credits: (1)
• THEA 4861 INT - Performance Practicum Credits: (1)
• THEA 4862 INT - Performance Practicum Credits: (1)
• THEA 4863 INT - Performance Practicum Credits: (1)
• THEA 4864 INT - Performance Practicum Credits: (1)
• THEA 4865 INT - Performance Practicum Credits: (1)
• THEA 4866 INT - Performance Practicum Credits: (1)
• THEA 4867 INT - Performance Practicum Credits: (1)
• THEA 4868 INT - Performance Practicum Credits: (1)
• THEA 4869 INT - Performance Practicum Credits: (1)

General Education Courses Required (3 credit hours)

The following general education courses are required for the Theatre Major:
• THEA 1043 CA - Introduction to American Musical Theatre Credits: (3)

Language Courses Required to fulfill the BA
Refer to Degree Requirements in this catalog. Theatre majors must complete Option 1 - Foreign Language (12 credit hours of a foreign language, refer to the Foreign Language section of this catalog for additional information on obtaining foreign language credit) OR Option 2 - Foreign Language and Language Arts (6 credit hours of a foreign language and 6 hours of language arts - the required language arts courses are: THEA 3303 - History and Literature of Theatre I, and THEA 3313 - History and Literature of Theatre II).

Note:

Theatre teaching majors must also satisfy the Teacher Education admissions and licensure requirements.
Music Major Performance and Pedagogy (BM)

Music Major Performance and Pedagogy (BM)

- **Program Prerequisite:** Audition required for admission to program.
- **Minor:** Not required.
- **Grade Requirement:** A grade of "C" or better in courses required for these majors (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 52 credit hours is required within the major for the Bachelor of Music in Performance and a minimum of 58 credit hours is required within the major for the Bachelor of Music in Keyboard Pedagogy, Stringed Instrument Pedagogy, or Vocal Pedagogy. A total of 40 upper-division credit hours is required (courses numbered 3000 and above); 18-28 of these are required within the major.
- **Program Code:** Performance and Pedagogy (3096BM) with one of the following emphases: Keyboard Performance (3097), Vocal Performance(3098), Instrumental Performance (3099), Keyboard Pedagogy (3100), Stringed Instrument Pedagogy (3101), Vocal Pedagogy (3102)
- **CIPC:** Performance and Pedagogy (500903), Keyboard Performance (500903), Vocal Performance (500903), Instrumental Performance (500903), Keyboard Pedagogy (500912), Stringed Instrument Pedagogy (500912), Vocal Pedagogy (500912)

Advisement

Music majors should meet with an advisor prior to registration. For current advisor listing please refer to School of Music Advisors.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). All students in these Bachelor of Music programs must audition with the appropriate area head prior to admission to the program.

General Education

Refer to Degree Requirements for Bachelor of Music requirements. LIBS 1704 will fulfill the Computer Literacy general education requirement. PSY 1010 is recommended.

Program Learning Outcomes

- Employ writing and research skills to examine and communicate ideas about music.
- Demonstrate competency as performers through the preparation of repertoire and technical studies.
- Synthesize skills of performance, aural analysis, score analysis, technology, musicology, improvisation and composition.

School of Music Policies and Procedures

Refer to the School of Music Policies and Procedures in this catalog.

School of Music Required Core Courses (25 credit hours)
• MUSC 1006 - Concert Attendance I Credits: (0) Students must take this course twice.
• MUSC 2006 - Concert Attendance II Credits: (0) Students must take this course twice.
• MUSC 1110 - Music Theory I Credits: (2)
• MUSC 1120 - Music Theory II Credits: (2)
• MUSC 1130 - Sight-Singing & Aural Skills I Credits: (1)
• MUSC 1140 - Sight-Singing & Aural Skills II Credits: (1)
• MUSC 1901 - Music: The First-Year Experience Credits: (1)
• MUSC 1911 - Introduction to Music Technology Credits: (1)
• MUSC 2110 - Music Theory III Credits: (2)
• MUSC 2120 - Music Theory IV Credits: (2)
• MUSC 2130 - Sight Singing & Aural Skills III Credits: (1)
• MUSC 2140 - Sight Singing & Aural Skills IV Credits: (1)
• MUSC 3205 - Music History I: Music before 1800 Credits: (3)
• MUSC 3206 - Music History II: Music after 1800 Credits: (3)
• MUSC 3208 - World Music Credits: (3)
• MUSC 3840 - Form and Analysis Credits: (2)

Areas of Emphasis

Select one of the following areas of emphasis:

• Music Major Performance and Pedagogy (BM), Instrumental Performance Emphasis
• Music Major Performance and Pedagogy (BM), Keyboard Pedagogy Emphasis
• Music Major Performance and Pedagogy (BM), Keyboard Performance Emphasis
• Music Major Performance and Pedagogy (BM), Stringed Instrument Pedagogy Emphasis
• Music Major Performance and Pedagogy (BM), Vocal Pedagogy Emphasis
• Music Major Performance and Pedagogy (BM), Vocal Performance Emphasis
Music Major Performance and Pedagogy (BM), Instrumental Performance Emphasis

Music Major Performance and Pedagogy (BM)

- **Program Prerequisite:** Audition required for admission to program.
- **Minor:** Not required.
- **Grade Requirement:** A grade of "C" or better in courses required for these majors (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 52 credit hours is required within the major for the Bachelor of Music in Performance and a minimum of 58 credit hours is required within the major for the Bachelor of Music in Keyboard Pedagogy, Stringed Instrument Pedagogy, or Vocal Pedagogy. A total of 40 upper-division credit hours is required (courses numbered 3000 and above); 18-28 of these are required within the major.
- **Program Code:** Performance and Pedagogy (3096BM) with one of the following emphases: Keyboard Performance (3097), Vocal Performance(3098), Instrumental Performance (3099), Keyboard Pedagogy (3100), Stringed Instrument Pedagogy (3101), Vocal Pedagogy (3102)
- **CIPC:** Performance and Pedagogy (500903), Keyboard Performance (500903), Vocal Performance(500903), Instrumental Performance (500903), Keyboard Pedagogy (500912), Stringed Instrument Pedagogy (500912), Vocal Pedagogy (500912)

Refer to Degree Requirements for Bachelor of Music requirements. LIBS 1704 will fulfill the Computer Literacy general education requirement. PSY 1010 is recommended.

Program Learning Outcomes

- Employ writing and research skills to examine and communicate ideas about music.
- Demonstrate competency as performers through the preparation of repertoire and technical studies.
- Synthesize skills of performance, aural analysis, score analysis, technology, musicology, improvisation and composition.

School of Music Policies and Procedures

Refer to the School of Music Policies and Procedures in this catalog.
School of Music Required Core Courses (25 credit hours)

- MUSC 1006 - Concert Attendance I Credits: (0) Students must take this course twice.
- MUSC 2006 - Concert Attendance II Credits: (0) Students must take this course twice.
- MUSC 1110 - Music Theory I Credits: (2)
- MUSC 1120 - Music Theory II Credits: (2)
- MUSC 1130 - Sight-Singing & Aural Skills I Credits: (1)
- MUSC 1140 - Sight-Singing & Aural Skills II Credits: (1)
- MUSC 1901 - Music: The First-Year Experience Credits: (1)
- MUSC 1911 - Introduction to Music Technology Credits: (1)
- MUSC 2110 - Music Theory III Credits: (2)
- MUSC 2120 - Music Theory IV Credits: (2)
- MUSC 2130 - Sight Singing & Aural Skills III Credits: (1)
- MUSC 2140 - Sight Singing & Aural Skills IV Credits: (1)
- MUSC 3205 - Music History I: Music before 1800 Credits: (3)
- MUSC 3206 - Music History II: Music after 1800 Credits: (3)
- MUSC 3208 - World Music Credits: (3)
- MUSC 3840 - Form and Analysis Credits: (2)

Additional Courses Required (42-47 credit hours)

- MUSC 1150 - Class Piano I Credits: (1)
- MUSC 1160 - Class Piano II Credits: (1)
- MUSC 3822 - Instrumental Conducting I Credits: (2)
- MUSC 3991 INT - Junior Recital Credits: (0)
- MUSC 4991 INT - Senior Recital Credits: (0)
- MUSC 3701 - Music Entrepreneurship and You Credits: (3)

Choose courses from the following group that are most closely related to the student's major performance area:

- MUSC 2821 - Percussion Methods I Credits: (1) or
- MUSC 2841 - Brass Methods I Credits: (1) or
- MUSC 2851 - Woodwind Methods I Credits: (1) or
- MUSC 2871 - String Methods Credits: (1) and
- MUSC 3851 - Stringed Instrument Pedagogy I Credits: (2) and
- MUSC 3852 - Stringed Instrument Pedagogy II Credits: (2)
- MUSC 4771 - Stringed Instrument Literature I Credits: (2) and
- MUSC 4772 - Stringed Instrument Literature II Credits: (2)

or
- MUSC 3202 - Winds/Percussion Literature Credits: (2)

Applied Lessons (16 credit hours)

Minimum of 8 classes required. Courses may be repeated for credit.

- MUSC 1682 - Private Instruction Credits: (2)
- MUSC 2682 - Private Instruction Credits: (2)
- MUSC 3682 - Private Instruction Credits: (2)
- MUSC 4682 - Private Instruction Credits: (2)

Large Ensemble (16 credit hours)
Minimum of 8 classes required. Courses may be repeated for credit.

- MUSC 1740 INT - Weber State Concert Choir Credits: (1)
- MUSC 3740 INT - Weber State Concert Choir Credits: (1)
- MUSC 1750 - Symphonic Band Credits: (1-2)
- MUSC 3750 - Symphonic Band Credits: (1-2)
- MUSC 1760 INT - Weber State Symphony Orchestra Credits: (1-2)
- MUSC 3760 INT - Weber State Symphony Orchestra Credits: (1-2)
- MUSC 1763 INT - Guitar Ensemble Credits: (1)
- MUSC 3763 INT - Guitar Ensemble Credits: (1)
Music Major Performance and Pedagogy (BM), Keyboard Pedagogy Emphasis

Music Major Performance and Pedagogy (BM)

- **Program Prerequisite:** Audition required for admission to program.
- **Minor:** Not required.
- **Grade Requirement:** A grade of "C" or better in courses required for these majors (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 52 credit hours is required within the major for the Bachelor of Music in Performance and a minimum of 58 credit hours is required within the major for the Bachelor of Music in Keyboard Pedagogy, Stringed Instrument Pedagogy, or Vocal Pedagogy. A total of 40 upper-division credit hours is required (courses numbered 3000 and above); 18-28 of these are required within the major.
- **Program Code:** Performance and Pedagogy (3096BM) with one of the following emphases: Keyboard Performance (3097), Vocal Performance(3098), Instrumental Performance (3099), Keyboard Pedagogy (3100), Stringed Instrument Pedagogy (3101), Vocal Pedagogy (3102)
- **CIPC:** Performance and Pedagogy (500903), Keyboard Performance (500903), Vocal Performance(500903), Instrumental Performance (500903), Keyboard Pedagogy (500912), Stringed Instrument Pedagogy (500912), Vocal Pedagogy (500912)

Advisement

Music majors should meet with an advisor prior to registration. For current advisor listing please refer to School of Music Advisors.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). All students in these Bachelor of Music programs must audition with the appropriate area head prior to admission to the program.

General Education

Refer to Degree Requirements for Bachelor of Music requirements. LIBS 1704 will fulfill the Computer Literacy general education requirement. PSY 1010 is recommended.

Program Learning Outcomes

- Employ writing and research skills to examine and communicate ideas about music.
- Demonstrate competency as performers through the preparation of repertoire and technical studies.
- Synthesize skills of performance, aural analysis, score analysis, technology, musicology, improvisation and composition.

School of Music Policies and Procedures

- MUSC 1901 - Music: The First-Year Experience Credits: (1)
- MUSC 1911 - Introduction to Music Technology Credits: (1)
- MUSC 2110 - Music Theory III Credits: (2)
- MUSC 2120 - Music Theory IV Credits: (2)
- MUSC 2130 - Sight Singing & Aural Skills III Credits: (1)
- MUSC 2140 - Sight Singing & Aural Skills IV Credits: (1)
- MUSC 3205 - Music History I: Music before 1800 Credits: (3)
- MUSC 3206 - Music History II: Music after 1800 Credits: (3)
- MUSC 3208 - World Music Credits: (3)
- MUSC 3840 - Form and Analysis Credits: (2)

Additional Required Music Courses (52 credit hours)

- MUSC 2160 - Functional Piano Skills for Piano Majors/Minors Credits: (1)
- MUSC 2321 - The Principles of Collaborative Piano I Credits: (1)
- MUSC 2331 - The Principles of Collaborative Piano II Credits: (1)
- MUSC 3302 - Keyboard Literature I Credits: (2)
- MUSC 3312 - Keyboard Literature II Credits: (2)
- MUSC 3701 - Music Entrepreneurship and You Credits: (3)
- MUSC 3872 - Choral Conducting I Credits: (2) or MUSC 3822 - Instrumental Conducting I Credits: (2)
- MUSC 4302 - Keyboard Pedagogy I Credits: (2)
- MUSC 4312 - Keyboard Pedagogy II Credits: (2)
- MUSC 4322 - Keyboard Pedagogy III Credits: (2)
- MUSC 4332 - Keyboard Pedagogy IV Credits: (2)
- MUSC 4860 INT - Internship in Music Credits: (1-3) (to be repeated twice for credit)
- MUSC 4991 INT - Senior Recital Credits: (0)

Large Ensemble (2 credit hours)

Choose two courses from the following to be taken over two semesters:

- MUSC 1740 INT - Weber State Concert Choir Credits: (1)
- MUSC 1750 - Symphonic Band Credits: (1-2)
- MUSC 1760 INT - Weber State Symphony Orchestra Credits: (1-2)
- MUSC 3740 INT - Weber State Concert Choir Credits: (1)
- MUSC 3750 - Symphonic Band Credits: (1-2)
- MUSC 3760 INT - Weber State Symphony Orchestra Credits: (1-2)

Applied Lessons (16 credit hours)

Minimum of 8 classes required. Courses may be repeated for credit.

- MUSC 1682 - Private Instruction Credits: (2)
• MUSC 2682 - Private Instruction Credits: (2)
• MUSC 3682 - Private Instruction Credits: (2)
• MUSC 4682 - Private Instruction Credits: (2)

Other Required Support Courses (10 credit hours)

• THEA 1033 CA - Introduction to Acting Credits: (3)
• FIN 1010 - Personal Finance Credits: (3)
• HLTH 2400 - Mind/Body Wellness Credits: (3)
• DANC 1200 - Modern I Credits: (1) or
• DANC 1100 - Ballet I Credits: (1)

Elective Courses (6 credit hours)

Choose 6 credits from the following:

• 1 Foreign Language Course
• MUSC 1755 INT - Instrumental Chamber Ensemble Credits: (1) or (may be repeated twice for credit) OR
• MUSC 3755 INT - Instrumental Chamber Ensemble Credits: (1) (may be repeated twice for credit)
• ENTR 1002 - Startup Innovation Credits: (3)
• MUSC 1753 INT - Jazz Ensemble Credits: (1) (may be repeated twice for credit)
• MUSC 1601 - Private Instruction Credits: (1) in Jazz Piano (may be repeated twice for credit) OR
• MUSC 3601 - Private Instruction Credits: (1) in Jazz Piano (may be repeated twice for credit)

One of the following courses may be used toward the 6 elective credits:

• MUSC 4820 - Pro Tools 101 Credits: (2)
• MUSC 1820 INT - The Art and Science of Recording I Credits: (3)
• MUSC 1720 - Analog Audio Credits: (2)
• MUSC 1721 INT - Live Sound in the 21st Century Credits: (2)
• MUSC 1722 - History of Recording Credits: (2)
Music Major Performance and Pedagogy (BM), Keyboard Performance Emphasis

Music Major Performance and Pedagogy (BM)

A total of 40 upper-division credit hours is required (courses numbered 3000 and above); 18-28 of these are required within the major.
- **Program Code:** Performance and Pedagogy (3096BM) with one of the following emphases: Keyboard Performance (3097), Vocal Performance(3098), Instrumental Performance (3099), Keyboard Pedagogy (3100), Stringed Instrument Pedagogy (3101), Vocal Pedagogy (3102)
- **CIPC:** Performance and Pedagogy (500903), Keyboard Performance (500903), Vocal Performance(500903), Instrumental Performance (500903), Keyboard Pedagogy (500912), Stringed Instrument Pedagogy (500912), Vocal Pedagogy (500912)

Advisement

Music majors should meet with an advisor prior to registration. For current advisor listing please refer to School of Music Advisors.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). All students in these Bachelor of Music programs must audition with the appropriate area head prior to admission to the program.

General Education

Refer to Degree Requirements for Bachelor of Music requirements. LIBS 1704 will fulfill the Computer Literacy general education requirement. PSY 1010 is recommended.

Program Learning Outcomes

- Employ writing and research skills to examine and communicate ideas about music.
- Demonstrate competency as performers through the preparation of repertoire and technical studies.
- Synthesize skills of performance, aural analysis, score analysis, technology, musicology, improvisation and composition.

School of Music Policies and Procedures

Refer to the School of Music Policies and Procedures in this catalog.
School of Music Required Core Courses (25 credit hours)

- MUSC 1006 - Concert Attendance I Credits: (0) Students must take this course twice.
- MUSC 2006 - Concert Attendance II Credits: (0) Students must take this course twice.
- MUSC 1110 - Music Theory I Credits: (2)
- MUSC 1120 - Music Theory II Credits: (2)
- MUSC 1130 - Sight-Singing & Aural Skills I Credits: (1)
- MUSC 1140 - Sight-Singing & Aural Skills II Credits: (1)
- MUSC 1901 - Music: The First-Year Experience Credits: (1)
- MUSC 1911 - Introduction to Music Technology Credits: (1)
- MUSC 2110 - Music Theory III Credits: (2)
- MUSC 2120 - Music Theory IV Credits: (2)
- MUSC 2130 - Sight Singing & Aural Skills III Credits: (1)
- MUSC 2140 - Sight Singing & Aural Skills IV Credits: (1)
- MUSC 3205 - Music History I: Music before 1800 Credits: (3)
- MUSC 3206 - Music History II: Music after 1800 Credits: (3)
- MUSC 3208 - World Music Credits: (3)
- MUSC 3840 - Form and Analysis Credits: (2)

Additional Courses Required (54 credits)

- MUSC 1150 - Class Piano I Credits: (1)
- MUSC 1160 - Class Piano II Credits: (1)
- MUSC 2150 - Class Piano III Credits: (1)
- MUSC 3701 - Music Entrepreneurship and You Credits: (3)
- DANC 1010 CA/DV - Introduction to Dance Credits: (3)
- THEA 1030 - Voice and Movement for the Actor Credits: (3)
- THEA 1043 CA - Introduction to American Musical Theatre Credits: (3)
- MUSC 2321 - The Principles of Collaborative Piano I Credits: (1)
- MUSC 3402 - Vocal Literature I Credits: (2)
- MUSC 3412 - Vocal Literature II Credits: (2)
- MUSC 3991 INT - Junior Recital Credits: (0)
- MUSC 4402 - Vocal Pedagogy I Credits: (2)
- MUSC 4412 - Vocal Pedagogy II Credits: (2)
- MUSC 4860 INT - Internship in Music Credits: (1-3)
- MUSC 4991 INT - Senior Recital Credits: (0)

Applied Lessons (16 credit hours)

Minimum of 8 classes required in appropriate area. Courses may be repeated for credit.

- MUSC 1682 - Private Instruction Credits: (2)
- MUSC 2682 - Private Instruction Credits: (2)
- MUSC 3682 - Private Instruction Credits: (2)
- MUSC 4682 - Private Instruction Credits: (2)

Large Ensemble (16 credit hours)

- MUSC 2910 INT - Opera Production Credits: (2)
- MUSC 4910 INT - Opera Production Credits: (2)
Choose 6 courses from the following (courses may be repeated for credit):
- MUSC 1740 INT - Weber State Concert Choir Credits: (1)
• MUSC 3740 INT - Weber State Concert Choir Credits: (1)
• MUSC 1750 - Symphonic Band Credits: (1-2)
• MUSC 3750 - Symphonic Band Credits: (1-2)
• MUSC 1760 INT - Weber State Symphony Orchestra Credits: (1-2)
• MUSC 3760 INT - Weber State Symphony Orchestra Credits: (1-2)

Foreign Language

See Foreign Language Requirements in the Music Area procedures and policies.
Music Education Teaching (BME)

- **Program Prerequisites**: Audition required for admission to program. Must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor**: Not required.
- **Grade Requirements**: A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: A minimum of 123 credit hours is required for either the Choral or Instrumental Emphasis; a minimum of 64 credit hours is required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); 23-28 of these are required within the major.
- **Program Code**: Music Education Teaching (3093BME) with Choral (3094) or Instrumental (3095)
- **CIPC**: Music Education Teaching (131312) Choral (131312), Instrumental (131312)

**Advisement**

Music majors should meet with an advisor prior to registration. For current advisor listing please refer to School of Music Advisors.

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).

**General Education**

Refer to Degree Requirements for Bachelor of Music requirements. LIBS 1704 will fulfill the Computer Literacy general education requirement. PSY 1010 is recommended.

**Program Learning Outcomes**

- Employ writing and research skills to examine and communicate ideas about music.
- Demonstrate competency as performers through the preparation of repertoire and technical studies.
- Synthesize skills of performance, aural analysis, score analysis, technology, musicology, improvisation and composition.

Dance Education (BS)

Dance Education Major K-12

The objective of this program is to help guide and prepare students for teaching dance in public school settings (grades K-12), private studios and non-profit organizations.

- **Program Prerequisites:** Students must meet the Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable) and an overall GPA of at least 2.75.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 56 of these are within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 3058BA or 3058BS
- **CIPC:** 131324

Based within the disciplinary core of the Dance program, the BA and BS Dance Education K-12 degree offerings help to guide and prepare students for teaching dance in public school settings (grades K-12), private studios, and/or non-profit environments. In addition to the core dance requirements, secondary licensure requirements are mandatory for all teaching degrees leading to eligibility for Utah State Board of Education licensure. It is comprised of 33 hours of coursework within the Department of Teacher Education.

Advisement

Students must consult with the Dance Program advisor at least once each term. Email Joseph Blake josephblake@weber.edu or Erik Stern estern@weber.edu for more information or to schedule an appointment. Students seeking secondary certification are encouraged to consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269). (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study. Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).

General Education

Refer to General Requirements of this catalog for Bachelor of Science or Bachelor of Arts requirements. See also specific requirements for the BS or BA listed under the major course requirements.

Program Learning Outcomes

- Technique/Performance - Students will apply dance technique and kinesiology principles to improve as dancers and performers.
- Theory/Criticism - Students will apply and communicate principles of dance theory and criticism in many settings.
- Creative Process - Students will engage in the evolving nature of the creative process in many settings.
- Meaning/Self-discovery - Students will discover, express and gain ownership of their own point of view about dance, to speak the language of dance

Course Requirements for BS or BA Degree in Dance Education
Courses Required (57 credit hours)

Ballet and Modern Dance (minimum of 13 credit hours)

Note: majors must complete a minimum of 6.5 credits hours of Ballet and 6.5 credits hours of Modern, and receive a C+ or better in Ballet III and Modern III to qualify for graduation. Courses will be repeated to achieve full credit.

- DANC 1100 - Ballet I Credits: (1) (1 credit each) 2 times=2
- DANC 1200 - Modern I Credits: (1) (1 credit each) 2 times=2
- DANC 2490 - Modern II Credits: (1.5) (1.5 credit each) 2 times=3
- DANC 3470 - Ballet III Credits: (1.5) (1.5 credit each) 2 times=3
- DANC 3490 - Modern III Credits: (1.5) (1.5 credit each) 2 times=3

Other Dance Forms (3 credit hours)

- DANC 1520 - Folk & Ethnic Dance Credits: (1)
- DANC 1580 - Rhythm Tap Credits: (1)
- DANC 2500 - Jazz II Credits: (1)

Creative Process and Performance (11 credit hours)

To be taken in order beginning spring of freshman year.

- DANC 2410 - Improvisation Credits: (2)
- DANC 3500 - Choreography I: Space & Time/Design in Dance Credits: (3)
- DANC 3510 - Choreography II: Process Credits: (3)
- DANC 3520 INT - Choreography Practicum Credits: (2)
- DANC 4910 INT - Rehearsal and Performance Credits: (1)

Corporeal Studies (13 credit hours)

- DANC 1010 CA/DV - Introduction to Dance Credits: (3)
- NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
- DANC 2250 - Alignment and Conditioning for Dance/Pilates Credits: (1)
- DANC 2300 - Dance Kinesiology Credits: (3)
- DANC 3015 - Dance History Credits: (3)

Teaching Methods (10 credit hours)

- DANC 3320 INT - Techniques and Materials for Teaching Modern Dance Credits: (3)
- DANC 3640 INT - Teaching Creative Dance in the Elementary School Credits: (3)
- EDUC 3430 - Creative Processes in the Elementary School Credits: (3)
- DANC 3860 INT - Field Experience Credits: (1-3)

Dance Design, Production, and Technology (7 credit hours)

- DANC 1310 - Music for Dance Credits: (2)
- DANC 2610 - Dance and Digital Technology Credits: (2)
- THEA 2022 - Costume Fundamentals Credits: (3) or
- THEA 2032 - Lighting Fundamentals Credits: (3) or
- THEA 2403 - Stage Management Credits: (3)
Health and Science Courses Required to fulfill the BS in Dance Education (12 credit hours)

- ZOOL 1020 LS - Human Biology Credits: (3)
- NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
- ESS 3510 - Exercise Physiology Credits: (3)
- ZOOL 3570 - Foundations of Science Education Credits: (3)
Music (BIS)

- Program Code: 3037
- CIPC: 500901

Students declaring an emphasis in music as one of their three BIS concentrations must abide by all guidelines and stipulations detailed in the BIS student handbook. Courses taken in fulfillment of the music area emphasis must total a minimum of 18 credit hours and will be determined in consultation with the music BIS advisor and approved by the department chair (or dean, if the advisor and chair are the same person). These courses should directly and demonstratively contribute to the goals set forth by the student in his/her approved BIS application.

Required Courses

- MUSC 1010 CA - Introduction to Music Credits: (3)
- MUSC 1110 - Music Theory I Credits: (2)
- MUSC 1130 - Sight-Singing & Aural Skills I Credits: (1)
- MUSC 1120 - Music Theory II Credits: (2)
- MUSC 1140 - Sight-Singing & Aural Skills II Credits: (1)

Select at least one of the following:

- MUSC 1030 CA - Introduction to Jazz Credits: (3)
- MUSC 1033 CA - Introduction to American Music Credits: (3)
- MUSC 1035 CA - History of Rock and Roll Credits: (3)
- MUSC 1040 CA/DV - Music of World Cultures Credits: (3)
- MUSC 1043 HU - Music, the Arts & Civilizations Credits: (3)
- MUSC 1063 CA - Music in Religion Credits: (3)

Note:

Please note that according to the BIS student handbook, courses taken in completion of the university General Education requirements will not count toward a BIS emphasis. In other words, "double-dipping" is not allowed.
Theatre Arts (BIS)

- Program Code: 3046
- CIPC: 500501

The Theatre Area participates in the BIS degree program. For a Theatre emphasis, students should take a minimum of 18 credit hours as approved by their Theatre Arts Advisor. BIS students must meet with a Theatre Arts Advisor to design their Theatre component.

Music/Fine Arts Concentration for Elementary Education

- **Program Prerequisite:** Fulfill the Elementary Education Major requirements (see Elementary Education in the Department of Teacher Education).
- **Minor:** Required.
- **Grade Requirements:** Refer to the Elementary Education Major in the Department of Teacher Education
- **Credit Hour Requirements:** A total of 9 or 18 credit hours for these concentrations. Also refer to the Elementary Education Major in the Department of Teacher Education.

Courses for 9 or 18 Hour Fine Arts Concentration

*Students electing the 9 or 18 hour Fine Arts Concentration may choose from the following music courses as part of this concentration.*

- MUSC 1010 CA - Introduction to Music Credits: (3)
- MUSC 1100 - Fundamentals of Music Credits: (2)
- MUSC 3824 - Music for Elementary Teachers Credits: (4) *

Courses for 9 Hour Music Concentration

*Students electing the 9 hour Music Concentration may choose from the following music courses to satisfy the concentration requirements.*

- MUSC 1010 CA - Introduction to Music Credits: (3)
- MUSC 1040 CA/DV - Music of World Cultures Credits: (3)
- MUSC 1063 CA - Music in Religion Credits: (3)
- MUSC 1100 - Fundamentals of Music Credits: (2)
- MUSC 2881 - Vocal Workshop Credits: (1)
- MUSC 3824 - Music for Elementary Teachers Credits: (4) *

Note:

*Required course*
Dance Minor/BIS

A dance minor is available for students not wishing to specialize but who have an interest in dance and want a concentration of study in the area to complement an affiliated program of study. Students wishing the minor program must register with the Dance Program Director. Coursework is individualized, with selections to be made from the following areas.

- **Grade Requirements:** A GPA of 2.25 or better in courses used toward the minor.
- **Advisement:** Students should meet annually, if not more often, with the faculty advisor for course and program advisement. Email Erik Stern estern@weber.edu for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List).
- **Credit Hour Requirements:** Minimum of 18 credit hours, with no fewer than 3 nor more than 9 in any one of the following three areas listed.
- **Program Code:** 3045
- **CIPC:** 500301

Course Requirements for Minor

Courses Required (18 credit hours)

Select 18 credit hours from the following, with no fewer than 3 nor more than 9 in any one of the three areas listed. Additional coursework to total 18 credit hours may be chosen, with advisor’s written approval, from remaining dance electives or in approved related areas.

Area 1, Technique

Select the appropriate level from the following.
Any course may be repeated once

- DANC 1100 - Ballet I Credits: (1)
- DANC 1200 - Modern I Credits: (1)
- DANC 1450 - Special Topic Dance Form Credits: (1)
- DANC 1500 - Jazz I Credits: (1)
- DANC 1520 - Folk & Ethnic Dance Credits: (1)
- DANC 1580 - Rhythm Tap Credits: (1)
- DANC 2470 - Ballet II Credits: (1.5)
- DANC 2500 - Jazz II Credits: (1)
- DANC 2490 - Modern II Credits: (1.5)
- DANC 3440 - Dance for Musical Theatre Credits: (1)
- DANC 3450 - Special Topic Dance Form Credits: (1)
- DANC 3470 - Ballet III Credits: (1.5)
- DANC 3490 - Modern III Credits: (1.5)

Area 2, Creative Work

- DANC 2410 - Improvisation Credits: (2)
- DANC 2610 - Dance and Digital Technology Credits: (2)
- DANC 3500 - Choreography I: Space & Time/Design in Dance Credits: (3)
- DANC 3510 - Choreography II: Process Credits: (3)
- DANC 3520 INT - Choreography Practicum Credits: (2)
- DANC 3910 INT/CEL - Moving Company: Rehearsal & Development Credits: (2) CEL
- DANC 3911 INT/CEL - Moving Company: Performance Credits: (2) CEL
- DANC 4610 - Dance and Digital Technology Credits: (2)
- DANC 4620 - Dance and Digital Technology Seminar Credits: (1)
• DANC 4890 INT - Cooperative Work Experience Credits: (1-6) CEL
• DANC 4910 INT - Rehearsal and Performance Credits: (1)

Area 3, Theoretical Aspects

• DANC 1010 CA/DV - Introduction to Dance Credits: (3)
• DANC 3015 - Dance History Credits: (3)
• ESS 2300 - Health/Fitness Evaluation and Exercise Prescription Credits: (3)
Minor in Music Performance

The Minor in Music Performance is a course of study for students who desire more intensive performance opportunities while experiencing music courses related to interpretation.

- **Program Prerequisite:** Audition required for admission to the program.
- **Grade Requirements:** A grade of C (2.00) or better in courses used toward the minor.
- **Credit Hour Requirements:** Minimum of 23 credit hours.
- **Program Code:** 3037
- **CIPC:** 500901

Advisement

Music minors should meet with an advisor prior to registration. For current advisor listing please refer to School of Music Advisors.

Course Requirements for Minor in Music Performance

Music Courses Required

- MUSC 1006 - Concert Attendance I **Credits:** (0) (must complete two terms)
- MUSC 2006 - Concert Attendance II **Credits:** (0) (must complete two terms)
- MUSC 1010 CA - Introduction to Music **Credits:** (3)
- MUSC 1110 - Music Theory I **Credits:** (2)
- MUSC 1120 - Music Theory II **Credits:** (2)
- MUSC 1130 - Sight-Singing & Aural Skills I **Credits:** (1)
- MUSC 1140 - Sight-Singing & Aural Skills II **Credits:** (1)
- MUSC 1150 - Class Piano I **Credits:** (1)
- MUSC 1160 - Class Piano II **Credits:** (1)
- MUSC 1901 - Music: The First-Year Experience **Credits:** (1)
- MUSC 3991 INT - Junior Recital **Credits:** (0)

Applied Music Requirement

*4 credit hours minimum or until completion of the Junior Recital*

- MUSC 1681 - Private Instruction **Credits:** (1)
- MUSC 2681 - Private Instruction **Credits:** (1)
- MUSC 3681 - Private Instruction **Credits:** (1)
- MUSC 4681 - Private Instruction **Credits:** (1)

Major Ensemble Requirement

*4 credit hours minimum or until completion of the music minor requirements*

- MUSC 1740 INT - Weber State Concert Choir **Credits:** (1)
- MUSC 3740 INT - Weber State Concert Choir **Credits:** (1)
- MUSC 1750 - Symphonic Band **Credits:** (1-2)
- MUSC 3750 - Symphonic Band **Credits:** (1-2)
- MUSC 1760 INT - Weber State Symphony Orchestra **Credits:** (1-2)
- MUSC 3760 INT - Weber State Symphony Orchestra **Credits:** (1-2)
- MUSC 1763 INT - Guitar Ensemble **Credits:** (1)
- MUSC 3763 INT - Guitar Ensemble **Credits:** (1)
One of the following Elective courses:

- MUSC 1030 CA - Introduction to Jazz Credits: (3)
- MUSC 1033 CA - Introduction to American Music Credits: (3)
- MUSC 1035 CA - History of Rock and Roll Credits: (3)
- MUSC 1040 CA/DV - Music of World Cultures Credits: (3)
- MUSC 1043 HU - Music, the Arts & Civilizations Credits: (3)
- MUSC 1063 CA - Music in Religion Credits: (3)
Music Studies Minor

The Minor in Music Studies is a course of study for students who wish to experience a broad survey of music courses while also continuing to be engaged in making music. For more information on program requirement, please contact the Department of Performing Arts.

- **Program Prerequisite:** Audition required for admission to the program.
- **Grade Requirements:** A grade of C (2.00) or better in courses used toward the minor.
- **Credit Hour Requirements:** Minimum of 23 credit hours.
- **Program Code:** 3083
- **CIPC:** 500903

Courses Required (23 credit hours minimum)

**Required Core Courses**

- **MUSC 1010 CA - Introduction to Music** Credits: (3)
- **MUSC 1100 - Fundamentals of Music** Credits: (2)
- **MUSC 1901 - Music: The First-Year Experience** Credits: (1)
- **MUSC 1006 - Concert Attendance I** Credits: (0) (must complete two terms)
- **MUSC 2006 - Concert Attendance II** Credits: (0) (must complete two terms)

4 credits of Applied Lessons (courses may be repeated for credit)

- **MUSC 1681 - Private Instruction** Credits: (1)
- **MUSC 2681 - Private Instruction** Credits: (1)
- **MUSC 3681 - Private Instruction** Credits: (1)
- **MUSC 4681 - Private Instruction** Credits: (1)

4 credits of Large Ensemble (courses may be repeated for credit)

- **MUSC 1740 INT - Weber State Concert Choir** Credits: (1)
- **MUSC 3740 INT - Weber State Concert Choir** Credits: (1)
- **MUSC 1750 - Symphonic Band** Credits: (1-2)
- **MUSC 3750 - Symphonic Band** Credits: (1-2)
- **MUSC 1760 INT - Weber State Symphony Orchestra** Credits: (1-2)
- **MUSC 3760 INT - Weber State Symphony Orchestra** Credits: (1-2)
- **MUSC 1763 INT - Guitar Ensemble** Credits: (1)
- **MUSC 3763 INT - Guitar Ensemble** Credits: (1)

**Electives (9 credits)**

Choose three courses from the following list:

- **MUSC 1030 CA - Introduction to Jazz** Credits: (3)
- **MUSC 1033 CA - Introduction to American Music** Credits: (3)
- **MUSC 1035 CA - History of Rock and Roll** Credits: (3)
- **MUSC 1040 CA/DV - Music of World Cultures** Credits: (3)
- **MUSC 1043 HU - Music, the Arts & Civilizations** Credits: (3)
- **MUSC 1063 CA - Music in Religion** Credits: (3)
Sound Production/Recording Minor or BIS

Sound Production/Recording is the art and science of capturing and editing music, sound, and dialog. This course of study will prepare the student to succeed as a music producer, recording technician, post-production designer, or other similar fields. The program emphasizes hands-on learning on state-of-the-art equipment.

Program Prerequisite: Successful interview with the program advisor

Grade Requirements: A grade of C (2.00) or better in courses used toward the minor

Credit Hour Requirements: Minimum of 24 credit hours

- Program Code: 3076
- CIPC: 100203

Advisement

Sound Production/Recording minors should meet with the program advisor at least once an academic year.

Course Requirements for Sound Production/Recording Minor

Required Courses (19 credit hours)

- MUSC 4820 - Pro Tools 101 Credits: (2)
- MUSC 4823 - Pro Tools 110 Credits: (2)
- MUSC 1820 INT - The Art and Science of Recording I Credits: (3)
- MUSC 1821 INT - The Art and Science of Recording II Credits: (3)
- MUSC 1720 - Analog Audio Credits: (2)
- MUSC 1721 INT - Live Sound in the 21st Century Credits: (2)
- MUSC 4995 INT - Capstone Project Credits: (3)
- MUSC 1722 - History of Recording Credits: (2)

Electives (5 credit hours minimum)

Select a minimum of 5 credit hours from the following

- MUSC 1911 - Introduction to Music Technology Credits: (1)
- MUSC 1723 - Field Recording/Sound for Picture Credits: (2)
- MUSC 1724 - Studio Construction Credits: (1)
- MUSC 1725 - Alternative Digital Audio Workstations Credits: (2)
- MUSC 1726 - Creative Lab Credits: (1)

*Creative Lab may be repeated but only counts toward elective fulfillment once*
Theatre Arts Minor

- **Grade Requirements**: A grade of "C" or better in courses used toward the minor.
- **Credit Hour Requirements**: A minimum of 19 credit hours in Theatre Arts classes.
- **Program Code**: 3046
- **CIPC**: 500501

Course Requirements for Minor

Theatre Courses Required (21 credit hours)

- THEA 1013 CA - Introduction to Theatre Credits: (3)
- THEA 1713 - Script Analysis Credits: (3)
- THEA 1033 CA - Introduction to Acting Credits: (3) or
- THEA 1220 - Acting I Credits: (3)

Select two of the following technical theatre classes (be advised that some of these classes are pre-requisites for UD classes, plan accordingly)

- THEA 1223 - Stage Makeup Credits: (3)
- THEA 1513 - Stagecraft Credits: (3)
- THEA 2022 - Costume Fundamentals Credits: (3)
- THEA 2032 - Lighting Fundamentals Credits: (3)
- THEA 2403 - Stage Management Credits: (3)
- THEA 2580 - Creative Computing for Theatre Design Credits: (3)

Select one of the following theatre history classes (3 credit hours)

- THEA 3303 - History and Literature of Theatre I Credits: (3)
- THEA 3313 - History and Literature of Theatre II Credits: (3)
- THEA 3343 - History & Literature of Musical Theatre Credits: (3)

Complete 3 credit hours of upper division Theatre Arts course work. (3 credit hours)
Dance Teaching Minor

A dance teaching minor is available for students seeking a concentration of study in dance teaching to complement an affiliated program. Students wishing the minor program must register with the Dance Program advisor.

- **Grade Requirements:** A GPA of 2.25 or better in courses used toward the minor.
- **Credit Hour Requirements:** Minimum of 21-23 credit hours.
- **Advisement:** Students should meet annually, if not more often, with the faculty advisor for course and program advisement. Email Erik Stern estern@weber.edu for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List).
- **Program Code:** 3048
- **CIPC:** 131324

Students who select the Dance Teaching Minor and are seeking teacher certification for the state of Utah must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education in this catalog).

Course Requirements for Minor

Specific Dance Teaching Courses Required (16-18 credit hours)

- DANC 3320 INT - Techniques and Materials for Teaching Modern Dance Credits: (3)
- DANC 3640 INT - Teaching Creative Dance in the Elementary School Credits: (3)
- DANC 3860 INT - Field Experience Credits: (1-3)
- DANC 3015 - Dance History Credits: (3)
- DANC 3470 - Ballet III Credits: (1.5)
- DANC 3490 - Modern III Credits: (1.5)
- ESS 2300 - Health/Fitness Evaluation and Exercise Prescription Credits: (3)

Additional Dance Forms Required (2 credit hours)

Select two credit hours from the following - none of these classes may be repeated for credit towards a Dance Teaching Minor

- DANC 1520 - Folk & Ethnic Dance Credits: (1)
- DANC 2500 - Jazz II Credits: (1)
- DANC 3440 - Dance for Musical Theatre Credits: (1)

Creative Courses Required (minimum 3 credit hours)

- DANC 2410 - Improvisation Credits: (2)
- DANC 3500 - Choreography I: Space & Time/Design in Dance Credits: (3)
- DANC 3510 - Choreography II: Process Credits: (3)
- DANC 3520 INT - Choreography Practicum Credits: (2)
- DANC 3910 INT/CEL - Moving Company: Rehearsal & Development Credits: (2) CEL
- DANC 3911 INT/CEL - Moving Company: Performance Credits: (2) CEL
- DANC 4910 INT - Rehearsal and Performance Credits: (1) *

Note:

* may be repeated once for credit
Theatre Arts Teaching Minor

- **Grade Requirements:** A grade of "C" or better in courses used toward the minor.
- **Credit Hour Requirements:** A minimum of 24 credit hours in Theatre Arts classes.
- **Program Code:** 3047
- **CIPC:** 131324

*Students who select the Theatre Arts Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education in this catalog).*

Course Requirements for Teaching Minor

**Required Courses (24 credit hours exclusive of required general education courses)**

- THEA 1013 CA - Introduction to Theatre Credits: (3)
- THEA 1030 - Voice and Movement for the Actor Credits: (3)
- THEA 1220 - Acting I Credits: (3)
- THEA 1713 - Script Analysis Credits: (3)
- THEA 3103 INT - Directing I Credits: (3)
- THEA 2713 INT - Teaching Theatre in the Secondary School Credits: (3)

Select two of the following technical theatre classes (6 credit hours)

- THEA 1223 - Stage Makeup Credits: (3)
- THEA 1513 - Stagecraft Credits: (3)
- THEA 2022 - Costume Fundamentals Credits: (3)
- THEA 2032 - Lighting Fundamentals Credits: (3)

Select one of the following theatre history classes (3 credit hours)

- THEA 3303 - History and Literature of Theatre I Credits: (3)
- THEA 3313 - History and Literature of Theatre II Credits: (3)
Department of Visual Art and Design

Department Chair: K Stevenson
Location: Ethel Wattis Kimball Visual Arts Center
Telephone Contact: Cynthia Kurien 801-626-6455
Professors: Matthew Choberka, Angelika Pagel, K Stevenson, Joshua Winegar; Associate Professors: Paul Crow, Jason Manley, Molly Morin, Stephen Wolochowicz; Assistant Professors: Jude Agboada, Micah Bauer, Maria del Mar Gonzalez, Dianna Huxhold, Thi Nguyen; Instructor: Levi Jackson, Andrew Rice

Our world is partially understood through smell, taste, sound, and touch. But perhaps most of all we make sense of our environment through what we see. The art, architecture, mass media and even the furniture in our spaces bear distinct messages that influence our decisions and enrich life.

Creative processes are exciting. Students of art and design contribute new expression to the vitality of our visual environment and learn to interpret what is seen through trained observation. Innovative thinking is absolutely necessary for success and must be balanced against research and critical judgment. Emphasis is placed on writing and the critical evaluation of artistic products. Students gain experience at preparing exhibits and portfolios for eventual professional activity.

Studies in art and art history offer windows of understanding to other cultures, both past and present. This is one of our primary concerns in preparing citizens for productive relations in an increasingly multicultural society.

Seventy-eight different courses are offered by the Department of Visual Arts. These span traditional areas such as art history, art education, ceramics, drawing, small metals/jewelry, painting, photography, printmaking, sculpture, and visual communication. The department is continually expanding into emerging modes of expression involving digital video, digital photography, animation, interactive design, and sound. Classes are enhanced by public lectures, seminars, workshops and special sessions by critics, historians, and visiting artists.

Weber State University supports three Bachelor's degrees in the visual arts with specializations in most of the areas mentioned above. The Bachelor of Arts and Bachelor of Science degrees provide a broad liberal arts background, a solid base for many careers or further study. The Bachelor of Fine Arts degree is more professionally focused with high concentrations of studio art and art history. The BFA is for students who wish to move directly into professional work in art or design, or those who intend to pursue graduate study in the visual arts. Senior exhibitions are required for most Bachelor of Fine Arts majors. The Elizabeth Dee Shaw Gallery exhibits art that exemplifies the ideas and values of the curriculum. This serves our students and the public interest as well. Exhibitions involving regional, national, and internationally recognized artists serve a vital role in the cultural life of the community. The Gallery organizes at least six exhibitions each year. All are free and open to the public.

Transfer of Credits

Transfer students must present an official transcript and a portfolio to petition course substitutions for visual arts program requirements. A minimum number of departmental residency hours is required for completion of degree programs: 19 credit hours for the BFA, 12 hours for BS and BA programs, 6 hours for minors. The University requires students seeking a second baccalaureate degree to complete a full year in residence and a minimum of 30 total credit hours.

Studio Fees

Studio fees are required in most visual arts classes. Check the current course schedule for exact amounts.

Asian Studies Minor

The Department of Visual Arts participates in the Asian Studies Minor Program. Students who wish to enroll in this program should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Interdisciplinary Programs section of this catalog.)
Art (AA)

An Associate of Arts with an Art major will indicate that a student has completed all WSU AA degree requirements and the Studio Foundations curriculum required for the Bachelor of Arts in Art. Students who have completed the AA degree may continue with intermediate and advanced coursework for the BA, and are eligible to apply for admission to the Bachelor of Fine Arts degree program (Graphic Design, Photography, Art Education, 2-dimensional Media, or 3-dimensional Media).

Grade Requirements: A grade of "C" or better in all courses (a grade of "C-" is not acceptable).

- Program Code: 3075AA
- CIPC: 500701

Advisement

Art majors are encouraged to meet with a departmental advisor at least annually for course and program advisement. Call 801-626-6762 for more information or to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this major.

General Education

Refer to Degree Requirements of this catalog for Associate of Arts requirements.

Studio Foundation Courses

All Art pre-majors are required to take the five Studio Foundations courses:

- ART 1040 - Orientation to Visual Studies Credits: (3)
- ART 1110 CA - Drawing I Credits: (3)
- ART 1120 - Design Concepts Credits: (3)
- ART 1130 - Approaches to Surface, Shape and Form Credits: (3)
- ART 1135 - Approaches to Materials, Space and Time Credits: (3)

Studio Electives

In addition, choose two studio elective courses at the 2000-level, for which the Studio Foundations courses serve as prerequisites. Suggested courses include:

- ART 2200 - Introduction to Printmaking Credits: (3)
- ART 2250 - Foundations of Photography: Black & White/Analog Credits: (3)
- ART 2310 - Ceramics I Credits: (3)
- ART 2350 - Small Metals/Jewelry I Credits: (3)
- ART 2430 - Introduction to Graphic Design Credits: (3)
- ART 2450 CA - Foundations of Photography: Color/Digital Credits: (3)
- ART 2600 - Painting I Credits: (3)
- ART 2700 - Sculpture I Credits: (3)
- ART 2750 - Foundations of Video Art Credits: (3)
Art (BA)

- **Program Prerequisite:** Not required.
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses required for all majors and minors (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation. Of this total, 48 credit hours in Visual Arts are required. A total of 40 upper division credit hours is required by the university for graduation (courses numbered 3000 and above from any department).
- **Program Code:** 3001BA
- **CIPC:** 500701

Advisement

All Art majors and minors should interview with the department chair/advisor early in their course of study. Call the Department of Visual Arts at 801-626-6455 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Enrollment Services and Information) with the department secretary. There are no special admission or application requirements.

General Education

Refer to Degree Requirements for Bachelor of Arts requirements. Either one of the following Foundation courses will also fulfill 3 credit hours of the General Education requirement in the Creative Arts category: ARTH 1090 and ARTH 1100.

Program Learning Outcomes

- Technical Proficiency - Produce technically proficient visual work.
- Conceptual, Ethical, Critical - Utilize conceptual frameworks, ethical reasoning, and critical thinking skills in the making of visual media.
- Learn, Adapt, Apply - Demonstrate the ability to learn, adapt, and apply new techniques, tools, processes, and ideas.
- Assess, Analyze, Synthesize - Assess, analyze, and synthesize historical and contemporary information regarding visual art and design.
- Writing and Oral Communication - Communicate effectively and ethically about visual media through written or oral means.
- Recognize and Identify - Recognize and identify historically influential styles, movements, periods, theories, and practitioners of art and design in a global context.
- Contemporary Professional Practices - Implement contemporary professional practices in the field.
- Cooperation With Peers - Demonstrate the ability to work cooperatively, ethically, and effectively with peers.
- Profession, Practice, Community - Explain visual art and design as a profession, practice, and global community.

Foundation Courses Required for All Art Majors (27 credit hours)

The following are required for all BS/BA/BFA majors and should be completed by the end of the sophomore year. Studio Foundation courses are offered Fall and Spring semesters. Look for an "F" or a "Sp" at the end of ArtHistory and advanced studio course titles to see when they are usually offered. An "e" or an "o" indicates that the course is offered only in
even or odd years. Course offering schedules may change. Consult the current course schedule for the latest information. The 1000 level courses should be taken during the freshman year.

Note: For the Art History foundation course, Art Education majors must select ARTH 3040 or ARTH 3045 (prerequisite ARTH 1100).

- ART 1040 - Orientation to Visual Studies Credits: (3) F, Sp
- ART 1110 CA - Drawing I Credits: (3) F, Sp
- ART 1120 - Design Concepts Credits: (3) F, Sp
- ART 1130 - Approaches to Surface, Shape and Form Credits: (3) F, Sp
- ART 1135 - Approaches to Materials, Space and Time Credits: (3) F, Sp

Choose two of the following courses

- ARTH 1090 CA - Art and Architecture of the World: Paleolithic-AD 1000 Credits: (4) F
- ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present Credits: (4) Sp
- ARTH 2040 - Art and Architecture of Asia Credits: (4) F, Sp
- ARTH 2050 - Visual Art in a Global Context Credits: (4) F, Sp

Choose one of the following courses

- ARTH 3010 - Art and Visual Cultures of Latin America Credits: (4) F
- ARTH 3015 - Latinx Visual Art and Culture Credits: (4) Sp
- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4) Sp (o)
- * ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4) F
- ARTH 3045 - Global Modernisms: Early 20th Century to 1960 Credits: (4) Sp
- * ARTH 3050 - Contemporary Art Credits: (4) Sp (e)
- ARTH 3060 - The Art and Architecture of India Credits: (4) Sp (e)
- ARTH 3070 - The Art and Architecture of China Credits: (4) Sp (o)
- ARTH 3080 - The Art and Architecture of Japan Credits: (4) F (o)
- ARTH 3100 - The Art and Architecture of the Islamic World Credits: (4) F (e)
- ARTH 3451 - Design History and Theory Credits: (4) F, Sp
- ARTH 3950 - Photography: History, Theory and Criticism Credits: (4) Sp (e)

* Art Education majors must select either ARTH 3040 or ARTH 3050

Required Studio Distribution (9 credit hours)

Select one of the following:

- ART 2200 - Introduction to Printmaking Credits: (3)
- ART 2600 - Painting I Credits: (3)

Select one of the following:

- ART 2310 - Ceramics I Credits: (3)
- ART 2700 - Sculpture I Credits: (3)
- ART 2850 - Furniture Design Credits: (3)

Select one of the following:

- ART 2250 - Foundations of Photography: Black & White/Analog Credits: (3)
- ART 2450 CA - Foundations of Photography: Color/Digital Credits: (3)
- ART 2750 - Foundations of Video Art Credits: (3)
• ART 3430 - Typography and Publication Design Credits: (3)

Studio Electives (12 credit hours)

Select 12 credit hours of studio art coursework.

Language Courses Required to fulfill the BA

General Art majors must complete Option 1: Foreign Language (12 credit hours of a foreign language, refer to the Department of Foreign Languages section of this catalog for additional information on obtaining foreign language credit)

OR Option 2 - Foreign Language and Language Arts (6 credit hours of a foreign language and 6 credit hours of language arts).

With this option students MUST take ENGL 3080 Critical Approaches to Literature AND one of the following: ART 1040, ARTH 3451, ART 3085, ARTH CA 1090, ARTH CA 1100, ARTH 2040, ARTH 3030, ARTH 3040, ARTH 3045, ARTH 3050, ARTH 3060, ARTH 3070, ARTH 3080, ARTH 3100, ARTH 3451, ARTH 3950. This language arts requirement is in addition to other discipline specific courses required for the BA. No double dipping.
Art Education (BA)

Art Education majors are encouraged to consult with advisors in the Jerry and Vickie Mayes College of Education (call 801-626-6269) and in the Visual Arts Department (call 801-626-7273).

- **Program Prerequisite:** Not required.
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses required for all majors and minors (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation. Of this total, 48 credit hours in Visual Arts are required. A total of 40 upper division credit hours is required by the university for graduation (courses numbered 3000 and above from any department).
- **Program Code:** 3062BA
- **CIPC:** 131302

*Students who select the Art Education Major must satisfy the Teacher Education admission and licensure requirements (see Teacher Education Department).*

Advisement

All Art Education majors should interview with the department chair/advisor early in their course of study. Call the Department of Visual Arts at 801-626-6455 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

All Art Education majors must first declare a Major (program of study - see Enrollment Services and Information) with the department secretary and must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. See also specific requirements for the BS or BA listed under the major course requirements. The following Foundation courses will also fulfill general education requirements in the creative arts category: ARTH 1090 and ARTH 1100.

Program Learning Outcomes

- Technical Proficiency - Produce technically proficient visual work.
- Conceptual, Ethical, Critical - Utilize conceptual frameworks, ethical reasoning, and critical thinking skills in the making of visual media.
- Learn, Adapt, Apply - Demonstrate the ability to learn, adapt, and apply new techniques, tools, processes, and ideas.
- Assess, Analyze, Synthesize - Assess, analyze, and synthesize historical and contemporary information regarding visual art and design.
- Writing and Oral Communication - Communicate effectively and ethically about visual media through written or oral means.
- Recognize and Identify - Recognize and identify historically influential styles, movements, periods, theories, and practitioners of art and design in a global context.
- Contemporary Professional Practices - Implement contemporary professional practices in the field.
- Cooperation With Peers - Demonstrate the ability to work cooperatively, ethically, and effectively with peers.
- Profession, Practice, Community - Explain visual art and design as a profession, practice, and global community.
Foundation Courses Required for All Art Majors (27 credit hours)

The following are required for all BS/BA/BFA majors and should be completed by the end of the sophomore year. Studio Foundation courses are offered Fall and Spring semesters. Look for an "F" or a "Sp" at the end of ArtHistory and advanced studio course titles to see when they are usually offered. An "e" or an "o" indicates that the course is offered only in even or odd years. Course offering schedules may change. Consult the current course schedule for the latest information. The 1000 level courses should be taken during the freshman year.

Note: For the Art History foundation course, Art Education majors must select ARTH 3040 or ARTH 3045 (prerequisite ARTH 1100).

- ART 1040 - Orientation to Visual Studies Credits: (3) F, Sp
- ART 1110 CA - Drawing I Credits: (3) F, Sp
- ART 1120 - Design Concepts Credits: (3) F, Sp
- ART 1130 - Approaches to Surface, Shape and Form Credits: (3) F, Sp
- ART 1135 - Approaches to Materials, Space and Time Credits: (3) F, Sp

Choose two of the following courses

- ARTH 1090 CA - Art and Architecture of the World: Paleolithic-AD 1000 Credits: (4) F
- ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present Credits: (4) Sp
- ARTH 2040 - Art and Architecture of Asia Credits: (4) F, Sp
- ARTH 2050 - Visual Art in a Global Context Credits: (4) F, Sp

Choose one of the following courses

- ARTH 3010 - Art and Visual Cultures of Latin America Credits: (4) F
- ARTH 3015 - Latinx Visual Art and Culture Credits: (4) Sp
- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4) Sp (o)
- * ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4) F
- ARTH 3045 - Global Modernisms: Early 20th Century to 1960 Credits: (4) Sp
- * ARTH 3050 - Contemporary Art Credits: (4) Sp (e)
- ARTH 3060 - The Art and Architecture of India Credits: (4) Sp (e)
- ARTH 3070 - The Art and Architecture of China Credits: (4) Sp (o)
- ARTH 3080 - The Art and Architecture of Japan Credits: (4) F (o)
- ARTH 3100 - The Art and Architecture of the Islamic World Credits: (4) F (e)
- ARTH 3451 - Design History and Theory Credits: (4) F, Sp
- ARTH 3950 - Photography: History, Theory and Criticism Credits: (4) Sp (e)
* Art Education majors must select either ARTH 3040 or ARTH 3050

Studio Distribution (9 credit hours)

Select one of the following

- ART 2200 - Introduction to Printmaking Credits: (3)
- ART 2600 - Painting I Credits: (3)

Select one of the following

- ART 2310 - Ceramics I Credits: (3)
- ART 2700 - Sculpture I Credits: (3)
- ART 2850 - Furniture Design Credits: (3)
Select one of the following

- ART 2250 - Foundations of Photography: Black & White/Analog Credits: (3)
- ART 2750 - Foundations of Video Art Credits: (3)
- ART 3430 - Typography and Publication Design Credits: (3)

Required Courses (6 credit hours)

- ART 3515 - Art Methods and Resources for Secondary Teachers I [Art Methods I] Credits: (3)
- ART 3520 - Art Methods and Resources for Secondary Teachers II [Art Methods II] Credits: (3)

Studio Electives (6 credit hours)

*Select six credit hours of studio art coursework.*

Language Courses Required to fulfill the BA

Refer to Degree and General Education Requirements in this catalog and complete Option 1 - Foreign Language listed under Requirements for Bachelor's Degrees, or Option 2 - 6 credit hours of Foreign Language, plus ENGL 3080 and ARTH 3050.
Art (BFA)

The Bachelor of Fine Arts (BFA) degree is the professional studio-focused undergraduate degree in visual art and graphic design. The degree does not require a Minor, instead focusing on additional studio, art history, and capstone course requirements, making the BFA the preferred preparation for graduate study, and for students planning on careers as independent studio artists and designers. Select from the areas of emphasis listed below for detailed information on BFA admissions and additional program requirements.

Areas of Emphasis

Select one of the following areas of emphasis:

Four-year degree:
- Art (BFA), 2D Media Emphasis (drawing, painting, printmaking)
- Art (BFA), 3D Media Emphasis (ceramics, sculpture)
- Art (BFA), Photo/Video Emphasis
- Art (BFA), Graphic Design Emphasis (graphic design in print/interactive media)

Five-year degree:
- Art (BFA), Art Education Emphasis
Art (BFA), 2D Media Emphasis

- **Program Prerequisite:** Completion of Foundation courses with minimum grade requirements followed by mandatory advising (refer to the BFA Admission Requirements below).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for all majors and minors (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation. Of this total, 75 credit hours are required for the BFA degree. A total of 40 upper division credit hours is required by the university for graduation (courses numbered 3000 and above).
- **Program Code:** 3005BFA
- **CIPC:** 500706

**Advisement**

All Art majors and minors should interview with the department chair/advisor early in their course of study. Call the Department of Visual Arts at 801-626-6455 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**BFA Admission Requirements**

All Art majors must first declare a Major in General Art (program of study - see Enrollment Services and Information) with the department secretary. Once the five Foundation courses have been completed with a minimum grade of B- in each, students schedule a mandatory advising meeting with the department chair to declare their BFA major in one of the five studio areas of emphasis. After admittance, students plan their studio elective classes in consultation with the department chair and a faculty advisor from the chosen emphasis area.

*Students who select the Art Education emphasis must satisfy the Teacher Education admission and licensure requirements (see Teacher Education department).*

**General Education**

Refer to Degree Requirements for Bachelor of Fine Arts requirements. The following Foundation/elective courses will also fulfill general education requirements in the creative arts category: ARTH 1090 and ARTH 1100.

**Program Learning Outcomes**

- Technical Proficiency - Produce technically proficient visual work.
- Conceptual, Ethical, Critical - Utilize conceptual frameworks, ethical reasoning, and critical thinking skills in the making of visual media.
- Learn, Adapt, Apply - Demonstrate the ability to learn, adapt, and apply new techniques, tools, processes, and ideas.
- Assess, Analyze, Synthesize - Assess, analyze, and synthesize historical and contemporary information regarding visual art and design.
- Writing and Oral Communication - Communicate effectively and ethically about visual media through written or oral means.
- Recognize and Identify - Recognize and identify historically influencial styles, movements, periods, theories, and practitioners of art and design in a global context.
- Contemporary Professional Practices - Implement contemporary professional practices in the field.
- Cooperation With Peers - Demonstrate the ability to work cooperatively, ethically, and effectively with peers.
- Profession, Practice, Community - Explain visual art and design as a profession, practice, and global community.
Course Requirements for the BFA

Foundation Courses Required for All Art Majors (27 credit hours)

The following are required for all BS/BA/BFA majors and should be completed by the end of the sophomore year. Studio Foundation courses are offered Fall and Spring semesters. Look for an "F" or a "Sp" at the end of Art History and advanced studio course titles to see when they are usually offered. An "e" or an "o" indicates that the course is offered only in even or odd years. Course offering schedules may change. Consult the current course schedule for the latest information. The 1000 level courses should be taken during the freshman year.

- ART 1040 - Orientation to Visual Studies Credits: (3) F, Sp
- ART 1110 CA - Drawing I Credits: (3) F, Sp
- ART 1120 - Design Concepts Credits: (3) F, Sp
- ART 1130 - Approaches to Surface, Shape and Form Credits: (3) F
- ART 1135 - Approaches to Materials, Space and Time Credits: (3) Sp

Choose two of the following courses

- ARTH 1090 CA - Art and Architecture of the World: Paleolithic-AD 1000 Credits: (4) F
- ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present Credits: (4) Sp
- ARTH 2040 - Art and Architecture of Asia Credits: (4) F, Sp

Choose one of the following courses

Note: Art Education majors must select either ARTH 3040 or ARTH 3050.

- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4) Sp (o)
- ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4) F
- ARTH 3050 - Contemporary Art Credits: (4) Sp (e)
- ARTH 3060 - The Art and Architecture of India Credits: (4) Sp (e)
- ARTH 3070 - The Art and Architecture of China Credits: (4) Sp (o)
- ARTH 3080 - The Art and Architecture of Japan Credits: (4) F (o)
- ARTH 3100 - The Art and Architecture of the Islamic World Credits: (4) F (e)
- ARTH 3451 - Design History and Theory Credits: (4)
- ARTH 3950 - Photography: History, Theory and Criticism Credits: (4) Sp (e)
- ARTH 3045 - Global Modernisms: Early 20th Century to 1960 Credits: (4)
- ARTH 3010 - Art and Visual Cultures of Latin America Credits: (4)
- ARTH 3015 - Latinx Visual Art and Culture Credits: (4)

Required for 2D Media Emphasis (9 credit hours)

- ART 3085 - Critical Issues in Art Credits: (3)
- ART 3995 - BFA Seminar Credits: (3)
- ART 4990 - BFA Thesis Credits: (3)

Art History Electives (4 credit hours)

Select one of the following

- ARTH 3010 - Art and Visual Cultures of Latin America Credits: (4)
- ARTH 3015 - Latinx Visual Art and Culture Credits: (4)
- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4)
- ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4)
- ARTH 3045 - Global Modernisms: Early 20th Century to 1960 Credits: (4)
• ARTH 3050 - Contemporary Art Credits: (4)
• ARTH 3055 - Special Topics in Art History Credits: (4)
• ARTH 3060 - The Art and Architecture of India Credits: (4)
• ARTH 3070 - The Art and Architecture of China Credits: (4)
• ARTH 3080 - The Art and Architecture of Japan Credits: (4)
• ARTH 3100 - The Art and Architecture of the Islamic World Credits: (4)
• ARTH 3451 - Design History and Theory Credits: (4)
• ARTH 3950 - Photography: History, Theory and Criticism Credits: (4)

Required Studio Distribution (9 credit hours)

• ART 2200 - Introduction to Printmaking Credits: (3) or
• ART 2600 - Painting I Credits: (3)

• ART 2310 - Ceramics I Credits: (3) or
• ART 2700 - Sculpture I Credits: (3) or
• ART 2850 - Furniture Design Credits: (3)

• ART 2430 - Introduction to Graphic Design Credits: (3) or
• ART 2450 CA - Foundations of Photography: Color/Digital Credits: (3) or
• ART 2750 - Foundations of Video Art Credits: (3)

Note:

All undergraduate degrees include a requirement of a minimum 40 credits of Upper Division (3000- and 4000-level) coursework. When choosing Studio Focus electives, it is strongly recommended that students meet with an academic advisor to make sure they are on track to meet this requirement.

Studio Focus Courses

Choose 26 credit hours in consultation with your faculty adviser.

Recommended Courses

• ART 3120 - Figure Drawing Credits: (3)
• ART 3200 - Intermediate Printmaking Credits: (3)
• ART 3210 - Relief Printmaking Credits: (3)
• ART 3215 - Etching Printmaking Credits: (3)
• ART 3600 - Painting II Credits: (3)
• * ART 4110 - Advanced Drawing Credits: (3)
• * ART 4120 - Advanced Figure Drawing Credits: (3)
• * ART 4200 - Advanced Printmaking Credits: (3)
• * ART 4600 - Painting III Credits: (3)

Notes:

Visual arts courses that are not being used to fulfill the major requirements (studio distribution, art-history) may fulfill electives credits.

*May be repeated twice for a total of 9 credit hours.
Art (BFA), 3D Media Emphasis

- **Program Prerequisite:** Completion of Foundation courses with minimum grade requirements followed by mandatory advising (refer to the BFA Admission Requirements below).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for all majors and minors (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation. Of this total, 75 credit hours are required for the BFA degree. A total of 40 upper division credit hours is required by the university for graduation (courses numbered 3000 and above).
- **Program Code:** 3006BFA
- **CIPC:** 500706

Advisement

All Art majors and minors should interview with the department chair/advisor early in their course of study. Call the Department of Visual Arts at 801-626-6455 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

BFA Admission Requirements

All Art majors must first declare a Major in General Art (program of study - see Enrollment Services and Information) with the department secretary. Once the five Foundation courses have been completed with a minimum grade of B- in each, students schedule a mandatory advising meeting with the department chair to declare their BFA major in one of the five studio areas of emphasis. After admittance, students plan their studio elective classes in consultation with the department chair and a faculty advisor from the chosen emphasis area.

*Students who select the Art Education emphasis must satisfy the Teacher Education admission and licensure requirements (see Teacher Education department).*

General Education

Refer to Degree Requirements for Bachelor of Fine Arts requirements. The following Foundation/elective courses will also fulfill general education requirements in the creative arts category: ARTH 1090 and ARTH 1100.

Program Learning Outcomes

- Technical Proficiency - Produce technically proficient visual work.
- Conceptual, Ethical, Critical - Utilize conceptual frameworks, ethical reasoning, and critical thinking skills in the making of visual media.
- Learn, Adapt, Apply - Demonstrate the ability to learn, adapt, and apply new techniques, tools, processes, and ideas.
- Assess, Analyze, Synthesize - Assess, analyze, and synthesize historical and contemporary information regarding visual art and design.
- Writing and Oral Communication - Communicate effectively and ethically about visual media through written or oral means.
- Recognize and Identify - Recognize and identify historically influential styles, movements, periods, theories, and practitioners of art and design in a global context.
- Contemporary Professional Practices - Implement contemporary professional practices in the field.
- Cooperation With Peers - Demonstrate the ability to work cooperatively, ethically, and effectively with peers.
- Profession, Practice, Community - Explain visual art and design as a profession, practice, and global community.
Course Requirements for the BFA

Foundation Courses Required for All Art Majors (27 credit hours)

The following are required for all BS/BA/BFA majors and should be completed by the end of the sophomore year. Studio Foundation courses are offered Fall and Spring semesters. Look for an "F" or a "Sp" at the end of Art History and advanced studio course titles to see when they are usually offered. An "e" or an "o" indicates that the course is offered only in even or odd years. Course offering schedules may change. Consult the current course schedule for the latest information. The 1000 level courses should be taken during the freshman year.

- ART 1040 - Orientation to Visual Studies Credits: (3) F, Sp
- ART 1110 CA - Drawing I Credits: (3) F, Sp
- ART 1120 - Design Concepts Credits: (3) F, Sp
- ART 1130 - Approaches to Surface, Shape and Form Credits: (3) F
- ART 1135 - Approaches to Materials, Space and Time Credits: (3) Sp

Choose two of the following courses

- ARTH 1090 CA - Art and Architecture of the World: Paleolithic-AD 1000 Credits: (4) F
- ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present Credits: (4) Sp
- ARTH 1135 - Approaches to Materials, Space and Time Credits: (3) Sp

Choose one of the following courses

Note: Art Education majors must select either ARTH 3040 or ARTH 3050.

- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4) Sp (o)
- ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4) F
- ARTH 3050 - Contemporary Art Credits: (4) Sp (e)
- ARTH 3060 - The Art and Architecture of India Credits: (4) Sp (e)
- ARTH 3070 - The Art and Architecture of China Credits: (4) Sp (o)
- ARTH 3080 - The Art and Architecture of Japan Credits: (4) F (o)
- ARTH 3100 - The Art and Architecture of the Islamic World Credits: (4) F (e)
- ARTH 3451 - Design History and Theory Credits: (4)
- ARTH 3950 - Photography: History, Theory and Criticism Credits: (4) Sp (e)
- ARTH 3945 - Global Modernisms: Early 20th Century to 1960 Credits: (4)
- ARTH 3010 - Art and Visual Cultures of Latin America Credits: (4)
- ARTH 3015 - Latinx Visual Art and Culture Credits: (4)

Required for 3D Media Emphasis (9 credit hours)

- ART 3085 - Critical Issues in Art Credits: (3)
- ART 3995 - BFA Seminar Credits: (3)
- ART 4990 - BFA Thesis Credits: (3)

Art History Electives (4 credit hours)

Select one of the following

- ARTH 3010 - Art and Visual Cultures of Latin America Credits: (4)
- ARTH 3015 - Latinx Visual Art and Culture Credits: (4)
- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4)
- ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4)
- ARTH 3045 - Global Modernisms: Early 20th Century to 1960 Credits: (4)
• ARTH 3050 - Contemporary Art Credits: (4)
• ARTH 3055 - Special Topics in Art History Credits: (4)
• ARTH 3060 - The Art and Architecture of India Credits: (4)
• ARTH 3070 - The Art and Architecture of China Credits: (4)
• ARTH 3080 - The Art and Architecture of Japan Credits: (4)
• ARTH 3100 - The Art and Architecture of the Islamic World Credits: (4)
• ARTH 3451 - Design History and Theory Credits: (4)
• ARTH 3950 - Photography: History, Theory and Criticism Credits: (4)

Required Studio Distribution (9 credit hours)

• ART 2200 - Introduction to Printmaking Credits: (3) or
• ART 2600 - Painting I Credits: (3)
• ART 2310 - Ceramics I Credits: (3) or
• ART 2700 - Sculpture I Credits: (3) or
• ART 2850 - Furniture Design Credits: (3)
• ART 2430 - Introduction to Graphic Design Credits: (3) or
• ART 2450 CA - Foundations of Photography: Color/Digital Credits: (3) or
• ART 2750 - Foundations of Video Art Credits: (3)

Note:

All undergraduate degrees include a requirement of a minimum 40 credits of Upper Division (3000- and 4000-level) coursework. When choosing Studio Focus electives, it is strongly recommended that students meet with an academic advisor to make sure they are on track to meet this requirement.

Studio Focus Courses:

Choose 26 credit hours in consultation with your faculty adviser.

Recommended Courses

• ART 2310 - Ceramics I Credits: (3)
• ART 2700 - Sculpture I Credits: (3)
• * ART 2850 - Furniture Design Credits: (3)
• ART 3310 - Ceramics II Credits: (3)
• ART 3320 - Ceramic Processes Credits: (3)
• ART 3700 - Sculpture II Credits: (3)
• * ART 3720 - Public Art Credits: (3)
• * ART 4310 - Ceramics III: Intermediate Credits: (3)
• * ART 4320 - Ceramics IV: Advanced Credits: (3)
• * ART 4700 - Sculpture III Credits: (3)

Notes:

Visual arts courses that are not being used to fulfill the major requirements (studio distribution, art-history) may fulfill electives credits.

*May be repeated twice for a total of 9 credit hours.
Art (BFA), Art Education Emphasis

- **Program Prerequisite:** Completion of Foundation courses with minimum grade requirements followed by mandatory advising (refer to the BFA Admission Requirements below).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for all majors and minors (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation. Of this total, 75 credit hours are required for the BFA degree. A total of 40 upper division credit hours is required by the university for graduation (courses numbered 3000 and above).
- **Program Code:** 3062BFA
- **CIPC:** 131302

Advisement

All Art majors and minors should interview with the department chair/advisor early in their course of study. Call the Department of Visual Arts at 801-626-6455 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

BFA Admission Requirements

All Art majors must first declare a Major in General Art (program of study - see Enrollment Services and Information) with the department secretary. Once the five Foundation courses have been completed with a minimum grade of B- in each, students schedule a mandatory advising meeting with the department chair to declare their BFA major in one of the five studio areas of emphasis. After admittance, students plan their studio elective classes in consultation with the department chair and a faculty advisor from the chosen emphasis area.

Students who select the Art Education emphasis must satisfy the Teacher Education admission and licensure requirements (see Teacher Education department).

General Education

Refer to Degree Requirements for Bachelor of Fine Arts requirements. The following Foundation/elective courses will also fulfill general education requirements in the creative arts category: ARTH 1090 and ARTH 1100.

Program Learning Outcomes

- Technical Proficiency - Produce technically proficient visual work.
- Conceptual, Ethical, Critical - Utilize conceptual frameworks, ethical reasoning, and critical thinking skills in the making of visual media.
- Learn, Adapt, Apply - Demonstrate the ability to learn, adapt, and apply new techniques, tools, processes, and ideas.
- Assess, Analyze, Synthesize - Assess, analyze, and synthesize historical and contemporary information regarding visual art and design.
- Writing and Oral Communication - Communicate effectively and ethically about visual media through written or oral means.
- Recognize and Identify - Recognize and identify historically influential styles, movements, periods, theories, and practitioners of art and design in a global context.
- Contemporary Professional Practices - Implement contemporary professional practices in the field.
- Cooperation With Peers - Demonstrate the ability to work cooperatively, ethically, and effectively with peers.
- Profession, Practice, Community - Explain visual art and design as a profession, practice, and global community.
Course Requirements for the BFA

Foundation Courses Required for All Art Majors (27 credit hours)

The following are required for all BS/BA/BFA majors and should be completed by the end of the sophomore year. Studio Foundation courses are offered Fall and Spring semesters. Look for an "F" or a "Sp" at the end of Art History and advanced studio course titles to see when they are usually offered. An "e" or an "o" indicates that the course is offered only in even or odd years. Course offering schedules may change. Consult the current course schedule for the latest information. The 1000 level courses should be taken during the freshman year.

- ART 1040 - Orientation to Visual Studies Credits: (3) F, Sp
- ART 1110 CA - Drawing I Credits: (3) F, Sp
- ART 1120 - Design Concepts Credits: (3) F, Sp
- ART 1130 - Approaches to Surface, Shape and Form Credits: (3) F
- ART 1135 - Approaches to Materials, Space and Time Credits: (3) Sp

Choose two of the following courses

- ARTH 1090 CA - Art and Architecture of the World: Paleolithic-AD 1000 Credits: (4) F
- ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present Credits: (4) Sp
- ARTH 2040 - Art and Architecture of Asia Credits: (4) F, Sp

Choose one of the following courses

Note: Art Education majors must select either ARTH 3040 or ARTH 3050.

- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4) Sp (o)
- ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4) F
- ARTH 3050 - Contemporary Art Credits: (4) Sp (e)
- ARTH 3060 - The Art and Architecture of India Credits: (4) Sp (e)
- ARTH 3070 - The Art and Architecture of China Credits: (4) Sp (o)
- ARTH 3080 - The Art and Architecture of Japan Credits: (4) F (o)
- ARTH 3100 - The Art and Architecture of the Islamic World Credits: (4) F (e)
- ARTH 3451 - Design History and Theory Credits: (4)
- ARTH 3950 - Photography: History, Theory and Criticism Credits: (4) Sp (e)
- ARTH 3945 - Global Modernisms: Early 20th Century to 1960 Credits: (4)
- ARTH 3010 - Art and Visual Cultures of Latin America Credits: (4)
- ARTH 3015 - Latinx Visual Art and Culture Credits: (4)

Note:

Art Education BFA students must also choose from either ARTH 3040 or ARTH 3050 to fulfill an additional Art History requirement listed below. Therefore, it is recommended that students consider options other than ARTH 3040 or ARTH 3050 to fulfill the above Upper Division Art History requirement, and to consult with an advisor in making this selection.

Required for Art Education Emphasis (9 credit hours)

- ART 3085 - Critical Issues in Art Credits: (3)
- ART 3995 - BFA Seminar Credits: (3)
- ART 4990 - BFA Thesis Credits: (3)

Art History Electives (4 credit hours)
• ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4) or
• ARTH 3050 - Contemporary Art Credits: (4)

Additional Requirements for Art Education Emphasis

• ART 3515 - Art Methods and Resources for Secondary Teachers I [Art Methods I] Credits: (3) (see note under emphasis section)
• ART 3520 - Art Methods and Resources for Secondary Teachers II [Art Methods II] Credits: (3)

Required Studio Distribution (9 credit hours)

• ART 2200 - Introduction to Printmaking Credits: (3) or
• ART 2600 - Painting I Credits: (3)
• ART 2310 - Ceramics I Credits: (3) or
• ART 2700 - Sculpture I Credits: (3) or
• ART 2850 - Furniture Design Credits: (3)
• ART 2430 - Introduction to Graphic Design Credits: (3) or
• ART 2450 CA - Foundations of Photography: Color/Digital Credits: (3) or
• ART 2750 - Foundations of Video Art Credits: (3)

Note:

All undergraduate degrees include a requirement of a minimum 40 credits of Upper Division (3000- and 4000-level) coursework. When choosing Studio Focus electives, it is strongly recommended that students meet with an academic advisor to make sure they are on track to meet this requirement.

Studio Focus Courses:

Choose 20 credit hours in consultation with your faculty adviser. Courses will depend on area of emphasis.

Note:

Prerequisites for Art Methods I (ART 3515) include ARTH 1100 CA and either ARTH 3040 or ARTH 3050.
Art (BFA), Graphic Design Emphasis

- **Program Prerequisite:** Completion of Foundation courses with minimum grade requirements followed by mandatory advising (refer to the BFA Admission Requirements below).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for all majors and minors (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation. Of this total, 75 credit hours are required for the BFA degree. A total of 40 upper division credit hours is required by the university for graduation (courses numbered 3000 and above).
- **Program Code:** 3071BFA
- **CIPC:** 500409

**Advisement**

All Art majors and minors should interview with the department chair/advisor early in their course of study. Call the Department of Visual Arts at 801-626-6455 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**BFA Admission Requirements**

All Art majors must first declare a Major in General Art (program of study - see Enrollment Services and Information) with the department secretary. Once the five Foundation courses have been completed with a minimum grade of B- in each, students schedule a mandatory advising meeting with the department chair to declare their BFA major in one of the five studio areas of emphasis. After admittance, students plan their studio elective classes in consultation with the department chair and a faculty advisor from the chosen emphasis area.

*Students who select the Art Education emphasis must satisfy the Teacher Education admission and licensure requirements (see Teacher Education department).*

**General Education**

Refer to Degree Requirements for Bachelor of Fine Arts requirements. The following Foundation/elective courses will also fulfill general education requirements in the creative arts category: ARTH 1090 and ARTH 1100.

**Program Learning Outcomes**

- Technical Proficiency - Produce technically proficient visual work.
- Conceptual, Ethical, Critical - Utilize conceptual frameworks, ethical reasoning, and critical thinking skills in the making of visual media.
- Learn, Adapt, Apply - Demonstrate the ability to learn, adapt, and apply new techniques, tools, processes, and ideas.
- Assess, Analyze, Synthesize - Assess, analyze, and synthesize historical and contemporary information regarding visual art and design.
- Writing and Oral Communication - Communicate effectively and ethically about visual media through written or oral means.
- Recognize and Identify - Recognize and identify historically influential styles, movements, periods, theories, and practitioners of art and design in a global context.
- Contemporary Professional Practices - Implement contemporary professional practices in the field.
- Cooperation With Peers - Demonstrate the ability to work cooperatively, ethically, and effectively with peers.
- Profession, Practice, Community - Explain visual art and design as a profession, practice, and global community.
Course Requirements for the BFA

Foundation Courses Required for All Art Majors (27 credit hours)

The following are required for all BS/BA/BFA majors and should be completed by the end of the sophomore year. Studio Foundation courses are offered Fall and Spring semesters. Look for an "F" or a "Sp" at the end of Art History and advanced studio course titles to see when they are usually offered. An "e" or an "o" indicates that the course is offered only in even or odd years. Course offering schedules may change. Consult the current course schedule for the latest information. The 1000 level courses should be taken during the freshman year.

- ART 1040 - Orientation to Visual Studies Credits: (3) F, Sp
- ART 1110 CA - Drawing I Credits: (3) F, Sp
- ART 1120 - Design Concepts Credits: (3) F, Sp
- ART 1130 - Approaches to Surface, Shape and Form Credits: (3) F
- ART 1135 - Approaches to Materials, Space and Time Credits: (3) Sp

Choose two of the following courses

- ARTH 1090 CA - Art and Architecture of the World: Paleolithic-AD 1000 Credits: (4) F
- ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present Credits: (4) Sp
- ARTH 2040 - Art and Architecture of Asia Credits: (4) F, Sp

Choose one of the following courses

Note: Art Education majors must select either ARTH 3040 or ARTH 3050.

- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4) Sp (o)
- ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4) F
- ARTH 3050 - Contemporary Art Credits: (4) Sp (e)
- ARTH 3060 - The Art and Architecture of India Credits: (4) Sp (e)
- ARTH 3070 - The Art and Architecture of China Credits: (4) Sp (o)
- ARTH 3080 - The Art and Architecture of Japan Credits: (4) F (o)
- ARTH 3100 - The Art and Architecture of the Islamic World Credits: (4) F (e)
- ARTH 3451 - Design History and Theory Credits: (4)
- ARTH 3950 - Photography: History, Theory and Criticism Credits: (4) Sp (e)
- ARTH 3045 - Global Modernisms: Early 20th Century to 1960 Credits: (4)
- ARTH 3010 - Art and Visual Cultures of Latin America Credits: (4)
- ARTH 3015 - Latinx Visual Art and Culture Credits: (4)

Note:

ARTH 3451 is required for all Graphic Design BFA students, and this requirement is listed below under "Required Courses." Therefore, Graphic Design students must choose a different Upper Division Art History course to fulfill the above requirement. Please consult with your advisor as needed in making this choice.

Required for Graphic Design Emphasis (9 credit hours)

- ART 4410 - Design Seminar Credits: (3)

Required Studio Distribution (9 credit hours)

- ART 2200 - Introduction to Printmaking Credits: (3) or
- ART 2600 - Painting I Credits: (3)
• ART 2310 - Ceramics I Credits: (3) or
• ART 2700 - Sculpture I Credits: (3) or
• ART 2850 - Furniture Design Credits: (3)

• ART 2430 - Introduction to Graphic Design Credits: (3) or
• ART 2450 CA - Foundations of Photography: Color/Digital Credits: (3) or
• ART 2750 - Foundations of Video Art Credits: (3)

Note:

All undergraduate degrees include a requirement of a minimum 40 credits of Upper Division (3000- and 4000-level) coursework. When choosing Studio Focus electives, it is strongly recommended that students meet with an academic advisor to make sure they are on track to meet this requirement.

Studio Focus Courses (45 credit hours)

Required Courses (25 credit hours)

• ART 2430 - Introduction to Graphic Design Credits: (3)
• ART 2435 - Graphic Design Practice Credits: (3)
• ART 3410 - Design Seminar for Juniors Credits: (3)
• ART 3430 - Typography and Publication Design Credits: (3)
• ART 3435 - Experimental Typography Credits: (3)
• ART 3445 - Web Graphic Design Credits: (3)
• ART 4400 - Advanced Graphic Design Credits: (3)
• ARTH 3451 - Design History and Theory Credits: (4)

Elective Courses (20 credit hours)

• ART 2200 - Introduction to Printmaking Credits: (3)
• ART 2450 CA - Foundations of Photography: Color/Digital Credits: (3)
• ART 3200 - Intermediate Printmaking Credits: (3)
• ART 3460 - Illustration Credits: (3)
• ART 3465 - Motion Design Credits: (3)
* ART 4200 - Advanced Printmaking Credits: (3)
* ART 4400 - Advanced Graphic Design Credits: (3)
• ART 4415 - Design Production Credits: (3)
• * ART 4420 - Advanced Digital Media Credits: (3)
• * ART 4440 - Interaction Design Credits: (3)
• * ART 4460 - Advanced Illustration Credits: (3)
• ART 4890 INT - Cooperative Work Experience Credits: (1-2) (by arrangement only for (1) credit)

* May be repeated for a total of 9 credit hours.
Art (BFA), Photo/Video Emphasis

- **Program Prerequisite:** Completion of Foundation courses with minimum grade requirements followed by mandatory advisement (refer to the BFA Admission Requirements below).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for all majors and minors (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation. Of this total, 75 credit hours are required for the BFA degree. A total of 40 upper division credit hours is required by the university for graduation (courses numbered 3000 and above).
- **Program Code:** 3002BFA
- **CIPC:** 500605

Advisement

All Art majors and minors should interview with the department chair/advisor early in their course of study. Call the Department of Visual Arts at 801-626-6455 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

BFA Admission Requirements

All Art majors must first declare a Major in General Art (program of study - see Enrollment Services and Information) with the department secretary. Once the five Foundation courses have been completed with a minimum grade of B- in each, students schedule a mandatory advising meeting with the department chair to declare their BFA major in one of the five studio areas of emphasis. After admittance, students plan their studio elective classes in consultation with the department chair and a faculty advisor from the chosen emphasis area.

*Students who select the Art Education emphasis must satisfy the Teacher Education admission and licensure requirements (see Teacher Education department).*

General Education

Refer to Degree Requirements for Bachelor of Fine Arts requirements. The following Foundation/elective courses will also fulfill general education requirements in the creative arts category: ARTH 1090 and ARTH 1100.

Program Learning Outcomes

- Technical Proficiency - Produce technically proficient visual work.
- Conceptual, Ethical, Critical - Utilize conceptual frameworks, ethical reasoning, and critical thinking skills in the making of visual media.
- Learn, Adapt, Apply - Demonstrate the ability to learn, adapt, and apply new techniques, tools, processes, and ideas.
- Assess, Analyze, Synthesize - Assess, analyze, and synthesize historical and contemporary information regarding visual art and design.
- Writing and Oral Communication - Communicate effectively and ethically about visual media through written or oral means.
- Recognize and Identify - Recognize and identify historically influential styles, movements, periods, theories, and practitioners of art and design in a global context.
- Contemporary Professional Practices - Implement contemporary professional practices in the field.
- Cooperation With Peers - Demonstrate the ability to work cooperatively, ethically, and effectively with peers.
- Profession, Practice, Community - Explain visual art and design as a profession, practice, and global community.

- ARTH 1090 CA - Art and Architecture of the World: Paleolithic-AD 1000 Credits: (4) F
- ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present Credits: (4) Sp
- ARTH 2040 - Art and Architecture of Asia Credits: (4) F, Sp

Choose one of the following courses

Note: Art Education majors must select either ARTH 3040 or ARTH 3050.

- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4) Sp (o)
- ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4) F
- ARTH 3050 - Contemporary Art Credits: (4) Sp (e)
- ARTH 3060 - The Art and Architecture of India Credits: (4) Sp (e)
- ARTH 3070 - The Art and Architecture of China Credits: (4) Sp (o)
- ARTH 3080 - The Art and Architecture of Japan Credits: (4) F (o)
- ARTH 3100 - The Art and Architecture of the Islamic World Credits: (4) F (e)
- ARTH 3451 - Design History and Theory Credits: (4)
- ARTH 3950 - Photography: History, Theory and Criticism Credits: (4) Sp (e)
- ARTH 3045 - Global Modernisms: Early 20th Century to 1960 Credits: (4)
- ARTH 3010 - Art and Visual Cultures of Latin America Credits: (4)
- ARTH 3015 - Latinx Visual Art and Culture Credits: (4)

Required for Photography Emphasis (9 credit hours)

- ART 3085 - Critical Issues in Art Credits: (3)
- ART 3995 - BFA Seminar Credits: (3)
- ART 4990 - BFA Thesis Credits: (3)

Art History Electives (4 credit hours)

Select one of the following

- ARTH 3010 - Art and Visual Cultures of Latin America Credits: (4)
- ARTH 3015 - Latinx Visual Art and Culture Credits: (4)
- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4)
- ARTH 3040 - Global Modernisms: 1850 to the Early 20th Century Credits: (4)
- ARTH 3045 - Global Modernisms: Early 20th Century to 1960 Credits: (4)
• ARTH 3050 - Contemporary Art Credits: (4)
• ARTH 3055 - Special Topics in Art History Credits: (4)
• ARTH 3060 - The Art and Architecture of India Credits: (4)
• ARTH 3070 - The Art and Architecture of China Credits: (4)
• ARTH 3080 - The Art and Architecture of Japan Credits: (4)
• ARTH 3100 - The Art and Architecture of the Islamic World Credits: (4)
• ARTH 3451 - Design History and Theory Credits: (4)
• ARTH 3950 - Photography: History, Theory and Criticism Credits: (4)

Required Studio Distribution (9 credit hours)

• ART 2200 - Introduction to Printmaking Credits: (3) or
  ART 2600 - Painting I Credits: (3)
• ART 2310 - Ceramics I Credits: (3) or
  ART 2700 - Sculpture I Credits: (3)
• ART 2430 - Introduction to Graphic Design Credits: (3) or
  ART 2850 - Furniture Design Credits: (3)

Note:

All undergraduate degrees include a requirement of a minimum 40 credits of Upper Division (3000- and 4000-level) coursework. When choosing Studio Focus electives, it is strongly recommended that students meet with an academic advisor to make sure they are on track to meet this requirement.

Studio Focus Courses:

Required (12 credit hours)

• ART 2250 - Foundations of Photography: Black & White/Analog Credits: (3)
• ART 2450 CA - Foundations of Photography: Color/Digital Credits: (3)
• ART 2750 - Foundations of Video Art Credits: (3)
• * ART 3150 - Intermediate Photography: Seminar Credits: (3)

*May be repeated twice for a total of 9 credit hours

Electives (minimum of 20 credit hours)

Choose 20 credit hours in consultation with your faculty adviser. Other courses may be considered.

• * ART 3500 - Advanced Time-Based Media/Video Art Credits: (3)
• * ART 3550 - Advanced Photography: View Camera Credits: (3)
• ART 4550 - Advanced Photography: Lighting for Photo & Video Credits: (3)
• * ART 4660 - Advanced Photography: Special Topics Credits: (3)
• * ART 4750 - Advanced Photography: Experimental Strategies Credits: (3)
• * ART 4910 INT - Advanced Photography: Internship Credits: (1-3)
• ARTH 3950 - Photography: History, Theory and Criticism Credits: (4)

*May be repeated twice for a total of 9 credit hours

Art History Minor/BIS
Grade Requirements: A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable).

Credit Hour Requirements: A minimum of 23 credit hours.

Program Code: 3011

CIPC: 500703

Course Requirements for Minor

Required Courses (15 credit hours)

- ART 1040 - Orientation to Visual Studies  Credits: (3)
- ARTH 1090 CA - Art and Architecture of the World: Paleolithic-AD 1000  Credits: (4)
- ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present  Credits: (4)
- ARTH 2050 - Visual Art in a Global Context  Credits: (4)

Elective Course (8 credit hours)

Select two upper division art history (ARTH) courses for elective credit.

Note:

Courses which satisfy major requirements cannot also satisfy minor requirements. Substitutions must be made for the Art Major student minoring in Art History. Consult with the Department of Visual Arts Chair.
Art Minor/BIS

- **Grade Requirements**: A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: A minimum of 24 credit hours.
- **Program Code**: 3003
- **CIPC**: 500701

### Course Requirements for Minor

#### Required Courses (15 credit hours)

- ART 1040 - Orientation to Visual Studies **Credits**: (3)
- ART 1110 CA - Drawing I **Credits**: (3)
- ART 1120 - Design Concepts **Credits**: (3)
- ART 1130 - Approaches to Surface, Shape and Form **Credits**: (3)
- ART 1135 - Approaches to Materials, Space and Time **Credits**: (3)

#### Electives Courses (9 credit hours)

*Choose nine credit hours of art courses in consultation with the Department of Visual Arts Chair.*

**Note:**

*General Art, Art Education and BFA majors cannot declare an Art minor. Art History, Art Education, and Photography are the only departmental minor options for the art major. Courses which satisfy major requirements cannot also satisfy minor requirements. Substitutions must be made. Consult with the Department of Visual Arts Chair.*
Design for Digital Media Minor/BIS

- **Grade Requirements:** A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A minimum of 24 credit hours.
- **Program Code:** 3064
- **CIPC:** 090702

Course Requirements for Minor

Core Courses Required (12 credit hours)

- ART 1110 CA - Drawing I Credits: (3)
- ART 1120 - Design Concepts Credits: (3)
- ART 1130 - Approaches to Surface, Shape and Form Credits: (3)
- ART 2430 - Introduction to Graphic Design Credits: (3)

Track Courses Required (12 credit hours)

*Complete the courses for one of the following tracks*

**Web Design Track**

- ART 2435 - Graphic Design Practice Credits: (3)
- ART 3430 - Typography and Publication Design Credits: (3)
- ART 3445 - Web Graphic Design Credits: (3)
- ART 4440 - Interaction Design Credits: (3)

**Gaming Track**

- ART 3460 - Illustration Credits: (3)
- ART 4420 - Advanced Digital Media Credits: (3)
- ART 4440 - Interaction Design Credits: (3)
- ART 4460 - Advanced Illustration Credits: (3)
Photography Minor/BIS

- **Grade Requirements:** A grade of "C" or better in all courses used toward the minor (a grade of “C-” is not acceptable).
- **Credit Hour Requirements:** A minimum of 24 credit hours.
- **Program Code:** 3007
- **CIPC:** 500605

Course Requirements for Minor

**Required Courses (12 credit hours)**

- ART 1040 - Orientation to Visual Studies **Credits:** (3)
- ART 2250 - Foundations of Photography: Black & White/Analog **Credits:** (3)
- ART 2450 CA - Foundations of Photography: Color/Digital **Credits:** (3)
- ART 3150 - Intermediate Photography: Seminar **Credits:** (3)

**Electives (12 credit hours minimum)**

*Select a minimum of 12 credit hours from the following*

- ART 2750 - Foundations of Video Art **Credits:** (3)
- ART 3550 - Advanced Photography: View Camera **Credits:** (3)
- ART 4550 - Advanced Photography: Lighting for Photo & Video **Credits:** (3)
- ART 4660 - Advanced Photography: Special Topics **Credits:** (3)
- ART 4750 - Advanced Photography: Experimental Strategies **Credits:** (3)
- ARTH 3950 - Photography: History, Theory and Criticism **Credits:** (4)

**Note:**

*Courses which satisfy major requirements cannot also satisfy minor requirements. Substitutions must be made for the Art Major student minoring in Photography. Consult with the Department of Visual Arts Chair.*
Art Education Minor

- **Grade Requirements:** A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A minimum of 24 credit hours.
- **Program Code:** 3062
- **CIPC:** 131302

*Students who select the Art Education Minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education).*

Course Requirements for Minor

**Required Courses (18 credit hours)**

- ART 1010 CA - Introduction to the Visual Arts Credits: (3)
- ART 1110 CA - Drawing I Credits: (3)
- ART 1120 - Design Concepts Credits: (3)
- ART 1130 - Approaches to Surface, Shape and Form Credits: (3)
- ART 3515 - Art Methods and Resources for Secondary Teachers I [Art Methods I] Credits: (3)
- ART 3520 - Art Methods and Resources for Secondary Teachers II [Art Methods II] Credits: (3)

**Elective Course (6 credit hours)**

*Select two courses from the following*

- ART 2200 - Introduction to Printmaking Credits: (3)
- ART 2250 - Foundations of Photography: Black & White/Analog Credits: (3)
- ART 2310 - Ceramics I Credits: (3)
- ART 2350 - Small Metals/Jewelry I Credits: (3)
- ART 2600 - Painting I Credits: (3)
- ART 2700 - Sculpture I Credits: (3)
- ART 3430 - Typography and Publication Design Credits: (3)
- ART 2430 - Introduction to Graphic Design Credits: (3)
- ARTH 1090 CA - Art and Architecture of the World: Paleolithic-AD 1000 Credits: (4)
- ARTH 1100 CA - Art and Architecture of the World: AD 1000-Present Credits: (4)
- ARTH 2040 - Art and Architecture of Asia Credits: (4)

**Note:**

*Courses which satisfy major requirements cannot also satisfy minor requirements. Substitutions must be made for the Art Major student minoring in Art Education. Consult with the Department of Visual Arts Chair.*
Rhetoric and Writing Studies Graduate Certificate

This certificate will provide students with advanced training in Rhetoric and Writing Studies with an emphasis on the teaching of college-level composition.

- **Grade Requirements:** Students must receive a grade of B or better in every course.
- **Credit Hour Requirements:** The program of study consists of 12 credit hours. This includes 9 credit hours of required courses and a minimum of 3 credit hours of electives.
- **Program Code:** 3090GC
- **CIPC:** 231304

Gainful Employment Disclosure

Admission Requirements

Admission to the MENG program requires a bachelor's degree in English. Students with less English preparation may petition for conditional admission which may require that they take additional classes at the 5000-level for full matriculation. Applicants must complete an online application. Criteria for acceptance into the program include:

- Undergraduate degree in English with a minimum GPA of 3.25 in the major (preferred)
- Submission of writing sample (4-8 pages)
- Transcripts from all institutions of higher education attended
- Three letters of recommendation from educational or professional references
- Interview with the program director or option coordinator

Additional Requirements for International Students

All international students and any applicants educated outside the United States must demonstrate proficiency in English. Those whose native language is not English must submit an official score from the Test of English as a Foreign Language (TOEFL) of 550 (paper-based) or 213 (computer-based). Other appropriate tests may be used as an alternative to the TOEFL, such as IELT and the WSU LEAP Special Examination. The score may not be more than two years old.

Program Learning Outcomes

- Gather, analyze, and communicate information and insights creatively and critically
- Cultivate skills in close reading, critical thinking, creative expression, and persuasive writing
- Understand and apply various theoretical perspectives and discipline-specific terminology to interpretations of texts and/or analysis of data
- Acknowledge and articulate the significance of key text(s) in specific genres, periods, cultures, styles, or theoretical perspectives
- Demonstrate knowledge of current scholarship and practices
- Employ discipline-specific conventions and protocols for written or multimodal presentations

Required Courses

- **MENG 6130 - Theories of Rhetoric and Writing Studies Credits:** (3)
- **MENG 6140 - Foundations of Professional and Technical Writing Credits:** (3)
- **MENG 6822 - Teaching College Writing Credits:** (2)
- **MENG 6823 - Teaching Practicum Credits:** (1)

Elective Courses

Choose one (1) of the following courses.
• MENG 6110 - Writing for Teachers Credits: (3)
• MENG 6330 - Literary and Rhetorical Stylistics Credits: (3)
• MENG 6730 - Creative Writing Forms and Crafts Credits: (3)
Master of Arts in English (MA)

Areas of Emphasis

Select one of the following areas of emphasis:

- Master of Arts in English (MA), Creative Writing Emphasis
- Master of Arts in English (MA), Literature Emphasis
Master of Arts in English (MA), Creative Writing Emphasis

Master of Arts in English (MA)

Admission Requirements

Admission to the MENG program requires a bachelor's degree in English. Students with less English preparation may petition for conditional admission which may require that they take additional classes at the 5000-level for full matriculation. Applicants must complete an online application. Criteria for acceptance into the program include:

• Undergraduate degree in English with a minimum GPA of 3.25 in the major (preferred)
• Submission of writing sample (6-8 pages)
• Transcripts from all institutions of higher education attended
• Three letters of recommendation from educational or professional references
• Interview with the program director or option coordinator

Additional Requirements for International Students

All international students and any applicants educated outside the United States must demonstrate proficiency in English. Those whose native language is not English must submit an official score from the Test of English as a Foreign Language (TOEFL) of 550 (paper-based) or 213 (computer-based). Other appropriate tests may be used as an alternative to the TOEFL, such as IELT and the WSU LEAP Special Examination. The score may not be more than two years old.

Transfer Credits

• Transfer credit must be approved by the program director and cannot exceed 11 credit hours. Transfer classes must be at appropriate levels and fulfill the objectives of the Master of Arts in English degree at WSU. No courses for which credit was used to fulfill requirements of another degree may be used toward the Master of Arts in English degree.

Obsolete Credits

• Credit earned more than ten (10) years earlier than the proposed date of graduation will not be accepted for the MA degree unless approved by the program director.

Graduation Requirements

• Credit hour requirements are determined within the option. A minimum of 24 credit hours at the 6000-level and a minimum of 33 total credit hours are required in the program. Students must complete all requirements in one of the options.
• Grades of B- or better in all courses counting toward the degree.
• Students with a BS degree must show foreign language competency either by completing six hours of a foreign language class with a grade of C (or better) or by passing a prescribed foreign language reading test.
• Students not completing a thesis will be required to submit a portfolio of their work to the program for assessment purposes.
• Program Code: 3056MENG with an emphasis in Creative Writing (3110) or Literature (3111)
• CIPC: Master of English (230101), Creative Writing (231302), Literature (231401)

Time for Degree Completion
• MENG students must receive approval from the program director to register for more than nine (9) credit hours in a semester.
• MENG students have a maximum of six calendar years to complete their degree requirements, starting from the first semester during which the student has registered for and begun taking classes. Students who exceed this time limit may submit a letter of appeal to the program director to request an extension.
• Students who fail to enroll in program classes for three consecutive semesters (not including summers) must apply for readmission to the program.
• In order to ensure timely progress through the program, students are encouraged to consult with an advisor at least once a year.

Program Learning Outcomes

• Gather, analyze, and communicate information and insights critically.
• Closely read and analyze texts within historical contexts and critical frameworks.
• Apply theoretical and critical perspectives in their own writings.
• Apply current scholarship and practice in their own writings.
• Employ discipline-specific terminology and conventions in their written, oral, and/or multimodal presentations.

Course Requirements for Master of Arts in English

All MENG students will be required to complete the Core Requirements as part of their degree. In addition to the Core, a student needs to complete one of the emphasis areas.

Core Requirements

Core Research Methods

Required in the first full semester (Fall/Spring) of enrollment.

- MENG 6010 - Introduction to Graduate Studies Credits: (3)

Core Literary Studies

Select one course from the following:
(Note: These courses may be repeated for credit with different content).

- MENG 6510 - Seminar in Eminent Writers Credits: (2-3)
- MENG 6240 - Seminar in American Literature Credits: (3)
- MENG 6250 - Seminar in British Literature Credits: (3)
- MENG 6260 - Seminar in World Literature Credits: (3)

Creative Writing Emphasis Requirements

Forms and Crafts

- MENG 6730 - Creative Writing Forms and Crafts Credits: (3)

Creative Writing Workshops

Select two courses from the following repeatable seminars (6 credit hours):

- MENG 6740 - Creative Nonfiction Writing Credits: (3)
- MENG 6750 - Fiction Writing Credits: (3)
- MENG 6760 - Poetry Writing Credits: (3)

Thesis

- MENG 6950 - Creative Writing Thesis: Fiction, Nonfiction, Poetry Credits: (1-6)

Electives

Elective courses may be taken to fulfill the minimum 33 credit hours required to graduate.
Master of Arts in English (MA), Literature Emphasis

Master of Arts in English (MA)

All international students and any applicants educated outside the United States must demonstrate proficiency in English. Those whose native language is not English must submit an official score from the Test of English as a Foreign Language (TOEFL) of 550 (paper-based) or 213 (computer-based). Other appropriate tests may be used as an alternative to the TOEFL, such as IELT and the WSU LEAP Special Examination. The score may not be more than two years old.

Transfer Credits

- Transfer credit must be approved by the program director and cannot exceed 11 credit hours. Transfer classes must be at appropriate levels and fulfill the objectives of the Master of Arts in English degree at WSU. No courses for which credit was used to fulfill requirements of another degree may be used toward the Master of Arts in English degree.

Obsolete Credits

- Credit earned more than ten (10) years earlier than the proposed date of graduation will not be accepted for the MA degree unless approved by the program director.

Graduation Requirements

- Credit hour requirements are determined within the option. A minimum of 24 credit hours at the 6000-level and a minimum of 33 total credit hours are required in the program. Students must complete all requirements in one of the options.
- Grades of B- or better in all courses counting toward the degree.
- Students with a BS degree must show foreign language competency either by completing six hours of a foreign language class with a grade of C (or better) or by passing a prescribed foreign language reading test.
- Students not completing a thesis will be required to submit a portfolio of their work to the program for assessment purposes.
- **Program Code:** 3056MENG with an emphasis in Creative Writing (3110) or Literature (3111)
- **CIPC:** Master of English (230101), Creative Writing (231302), Literature (231401)

Time for Degree Completion
• MENG students must receive approval from the program director to register for more than nine (9) credit hours in a semester.

• MENG students have a maximum of six calendar years to complete their degree requirements, starting from the first semester during which the student has registered for and begun taking classes. Students who exceed this time limit may submit a letter of appeal to the program director to request an extension.

• Students who fail to enroll in program classes for three consecutive semesters (not including summers) must apply for readmission to the program.

• In order to ensure timely progress through the program, students are encouraged to consult with an advisor at least once a year.

Program Learning Outcomes

• Gather, analyze, and communicate information and insights critically.
• Closely read and analyze texts within historical contexts and critical frameworks.
• Apply theoretical and critical perspectives in their own writings.
• Apply current scholarship and practice in their own writings.
• Employ discipline-specific terminology and conventions in their written, oral, and/or multimodal presentations.

Course Requirements for Master of Arts in English

All MENG students will be required to complete the Core Requirements as part of their degree. In addition to the Core, a student needs to complete one of the emphasis areas.

Core Requirements

Core Research Methods

Required in the first full semester (Fall/Spring) of enrollment.

• MENG 6010 - Introduction to Graduate Studies Credits: (3)

Core Literary Studies

Select one course from the following:
(Note: These courses may be repeated for credit with different content).

• MENG 6510 - Seminar in Eminent Writers Credits: (2-3)
• MENG 6240 - Seminar in American Literature Credits: (3)
• MENG 6250 - Seminar in British Literature Credits: (3)
• MENG 6260 - Seminar in World Literature Credits: (3)

Literature Emphasis Requirements

Literature Theory and Criticism

• MENG 6030 - Studies in Literary Theory and Criticism Credits: (3)

Seminars in Literature

Complete three courses from the following repeatable seminars (9 credit hours):
(Note: Students who take one of these courses to fulfill the Core Literary Studies requirement will also fulfill the requirement in this area).
Electives

Elective courses may be taken to fulfill the minimum 33 credit hours required to graduate.
Master of Professional Communication Program

Program Director: Dr. Sarah Steimel, 801-626-6535  
Telephone Contact: Page Blakely 801-626-7499  
E-mail Contact: mpc@weber.edu  
Location: Elizabeth Hall, north end of third floor  
Department Chair: Dr. Anne Bialowas

The Master of Professional Communication (MPC) degree emphasizes advanced communication knowledge and skills necessary to produce effective leaders, managers, and organizational members in for-profit, government or non-profit organizations. Students develop a plan of study tailored to their personal career goals through a combination of required and elective courses within the field of communication and in related fields such as business, education, and health professions. Courses in the two-year program blend classroom instruction with online educational tools to accommodate the educational needs of working professionals.

Master of Professional Communication (MPC)

Admission Requirements

Applicants for admission into the WSU Master of Professional Communication program must possess a bachelor's degree from an accredited institution (or be in the final stage of completing the degree) and have a minimum GPA of 3.0. Each applicant is evaluated holistically based on program admission requirements. Ideal applicants will present a strong overall academic record, positive letters of recommendation, and a record of professional accomplishment. An ideal class will consist of working professionals with a wide variety of backgrounds.

Applicants will submit:
- Completed application with personal essay
- Current resume
- Official transcripts from every institution of higher education attended (transcript must show that the bachelor's degree has been completed).
- Three letters of academic and/or professional recommendation

Additional Admission Requirements for International Students

All international students and any applicants educated outside the United States must demonstrate proficiency in English. Those whose native language is not English must submit an official score from the Test of English as a Foreign Language (TOEFL) of 550 (paper-based) or 213 (computer-based). The score may not be more than two years old. Equivalent IELTS score is also accepted in place of TOEFL.

Elective Courses from Other Universities

Related graduate-level courses from other universities may be accepted with permission of the MPC program director.

Transfer Credit

Transfer credit must be approved by the program director and cannot exceed 12 hours. Transfer classes must be at an appropriate level and fulfill the objectives of the MPC. No courses for which credit was used to fulfill requirements of another degree may be used toward the MPC degree.

Grade Requirements
To earn the MPC degree, candidates must complete all graduate courses with a grade of B- or higher. The overall program GPA must be 3.0 or higher. Failure to maintain a 3.0 grade point average, or two consecutive course sessions where a grade lower than B- has been earned, will result in academic probation in accordance with departmental policies.

Graduation Requirements

1. 33 credit hours, at least 30 at the 6000-level.
2. Overall GPA of at least 3.0.

Time for Degree Completion

MPC students must receive approval from the program director to register for more than nine (9) credit hours in a semester. MPC students have a maximum of six calendar years to complete their degree requirements, starting from the first semester during which the student has registered and begun taking classes. Students who exceed this requirement may submit a letter of appeal to the MPC director to request that this requirement be waived. Students who fail to enroll in MPC courses for three consecutive semesters must apply for readmission to the program unless a deferment is approved by the program director. In order to ensure timely progress through the program, students must consult with an MPC advisor every Fall Semester. Students on the thesis/project track who, for any reason, do not finish their thesis or project or program of courses within the two-year framework suggested in this program, must pay continuing enrollment and tuition the semester they defend their thesis or project.

- Program Code: 3066MPC
- CIPC: 090101

Program Learning Outcomes

- Write and edit at a level commensurate with a communication leader or manager in applied communication contexts.
- Present information orally and in visual form at a level commensurate with a communication leader or manager in an applied communication context.
- Demonstrate critical thinking in applied communication contexts.
- Conduct academic or applied research in communication contexts, report findings clearly and accurately, and interpret the meaning of research data.
- Demonstrate knowledge in one or more cognate areas - strategic organizational leadership, interpersonal communication and team building, new media.

Course Requirements for MPC

Foundational Courses (9 credit hours)

- MPC 6010 - Introduction to Graduate Study and Communication Theory Credits: (3)
- MPC 6150 - Writing for Professional Communicators Credits: (3)
- MPC 6210 - Presentational Speaking in the Workplace Credits: (3)

Research Methods Requirement (3 credit hours)

Choose one of the two research courses in consultation with the MPC program director.

- MPC 6700 - Qualitative Communication Research & Analysis Credits: (3)
- MPC 6710 - Communication Survey Design and Analysis Credits: (3)

Core Courses (12 credit hours)

Choose four of the six courses in consultation with the MPC program director.
• MPC 6100 - Team Building and Facilitation Credits: (3)
• MPC 6300 - New Media in Professional Communication Credits: (3)
• MPC 6350 - Visual Communication in the Workplace Credits: (3)
• MPC 6400 - Leadership Communication Credits: (3)
• MPC 6450 - Advanced Organizational Communication Credits: (3)
• MPC 6600 - Strategic Communication Credits: (3)

Electives (9 credit hours)

Students may choose the thesis track, project track, OR the coursework track.

Thesis

• MPC 6900 - Thesis/Project I Credits: (3)
• MPC 6950 - Thesis/Project II Credits: (3)
• 3 credit hours of master's level electives, chosen in consultation with the MPC program director.

Project Track

• MPC 6900 - Thesis/Project I Credits: (3)
• 6 credit hours of master's level electives, chosen in consultation with the MPC program director.

Coursework Track

Choose nine credit hours of electives in consultation with the MPC program director and submit a portfolio as evidence of this work.

Exit Portfolio Requirement: The program requires all Coursework students to complete and submit a portfolio featuring their work from their three elective courses and a synthesis paper to complete this requirement.
• At least 6 credit hours must come from elective courses at the 6000 level.
• No more than 3 credit hours of dual designated MPC courses at the 5000 level.

Elective Master's-level Courses

6000-level Electives

• MPC 6250 - Interviewing Credits: (3)
• MPC 6500 - Topics in Professional Communication Credits: (3)
• MPC 6620 - Conflict Resolution and Mediation Credits: (3)
• MPC 6840 - Data Visualization & Storytelling Credits: (3)

Note: Students may also choose 6000-level courses from the list of core required courses above to count as electives.

Elective Interdisciplinary Courses

Students may select no more than two courses (or credit hours, whichever is reached first) from the following WSU master's program courses (with the permission of the appropriate MPC graduate program advisor and/or fulfillment of prerequisite courses). Interdisciplinary electives must be approved by the MPC program director.

• MBA 6140 - Marketing Management Credits: (3)
• MBA 6170 - Corporate Communications Credits: (3)
• MBA 6530 - E-Business Credits: (3)
• MBA 6540 - Negotiations Credits: (3)
• MED 6110 - Introduction to Classroom Management Credits: (3)
Dual-Designation or "Swing" Courses

The following dual designation courses are designed to fill gaps in the undergraduate preparation of students who wish to command the broadest understanding of professional communication. While the courses are accessible to students who have not taken the corresponding undergraduate courses, the graduate courses differ from undergraduate counterparts in demanding greater depth and breadth in all major aspects of each course such as reading, writing, presentation, projects, etc. Of the 9 elective credit hours in the Master of Professional Communication degree, only 3 may be 5000-level courses and must be approved by the MPC program director before registration.

- MPC 5080G - Intercultural Communication Credits: (3)
- MPC 5090G - Gender and Communication Credits: (3)
- MPC 5220G - Editing Credits: (3)
- MPC 5400G - Public Relations Media and Campaigns Credits: (3)
- MPC 5500G - Topics in Communication Credits: (1-3)
- MPC 5650G - Communication Law Credits: (3)
- MPC 5820G - Persuasive Communication Credits: (3)
- MPC 5850G - Advertising Credits: (3)
Telitha E. Lindquist College of Arts & Humanities
Interdisciplinary Programs
Workplace Communication and Writing (AA)

By pursuing coursework in English and Communication, students may earn an Associate of Arts or Associate of Science degree in Workplace Communication and Writing. Students anticipating continuing on for a bachelor's degree in English are advised to pursue the Associate of Arts degree.

- **Program Prerequisite:** Not required.
- **Grade Requirements:** A 2.0 or better in all courses required for this degree in addition to an overall GPA of 2.00 (C) or higher.
- **Credit Hour Requirements:** A total of 61 credit hours is required for graduation; a minimum of 24 of these must be from the programs detailed below.
- **Program Code:** 3078AA
- **CIPC:** 090101

Advisement

Students are encouraged to meet with the academic advisor for the College of Arts and Humanities at least annually for course and program advisement. Call 801-626-6631 or email cahadvisor@weber.edu for more information or to schedule an appointment.

Admission Requirements

There are no special admission or application requirements for this program.

General Education

Refer to Degree Requirements for Associate of Arts requirements and for Associate of Science Requirements. See Foreign Language Courses Required below to fulfill the Associate of Arts degree.

*Consult with a college advisor for detailed General Education guidelines.*

General Studies Requirement

- Humanities HU (3 credits): Students must take: COMM 1020 HU - Principles of Public Speaking or COMM 2110 HU CEL - Interpersonal and Small Group Communication
- Humanities HU or Creative Arts CA (3 credits): Students must take one ENGL class from the following list: ENGL 2200 HU/DV - Introduction to Literature, ENGL 2220 HU/DV - Introduction to Fiction, ENGL 2230 HU/DV - Introduction to Drama, ENGL 2240 HU/DV - Introduction to Poetry, ENGL 2250 CA - CW: Introduction to Creative Writing, ENGL 2260 CA - CW: Introduction to Writing Short Fiction, ENGL 2270 CA - CW: Introduction to Writing Poetry, ENGL 2510 HU/DV - Masterpieces of Literature, ENGL 2710 HU/DV - Perspectives on Women's Literature, ENGL 2750 HU - Topics and Ideas in the Humanities

Required Courses: 24 credit hours from the following core areas:

- **Writing:** 2 courses
- **New Technology & Digital Media:** 1 course
- **Working in Organizations:** 1 course
- **Workplace Skills:** 1 course
- **Professionalizing Experience:** 1 course
- **Foreign Language:** 2 courses
Writing (Select TWO / for a total of 6 credits: one from Communication, one from English)

- COMM 1130 - Media Writing Credits: (3) OR
- COMM 1140 - Writing for Workplace Communication Credits: (3) OR
- WSU 2350 QL/HU - Perspectives in Quantitative Literacy and Humanities Credits: (3-5) (Writing with Numbers)
- ENGL 3610 - American Literature I Credits: (3) OR
- ENGL 3620 - American Literature II Credits: (3)

New Technology and Digital Media (Select ONE / for a total of 3 credits)

- COMM 2010 HU - Mass Media and Society Credits: (3)
- COMM 2250 HU - Essentials of Digital Media Credits: (3)
- ENGL 2130 - Media and Technology in Texts Credits: (3)

Working in Organizations (Select ONE / for a total of 3 credits)

- COMM 2550 - Communication in Professional Settings Credits: (3)
- ENGL 2150 - Gender and Culture in Workplace Writing Credits: (3)

Workplace Skills (Select ONE / for a total of 3 credits)

- COMM 1020 HU - Principles of Public Speaking Credits: (3) OR
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3) (whichever not counted toward General Studies requirement)
- COMM 1270 - Analysis of Argument Credits: (3)
- COMM 1500 - Introduction to Mass Communication Credits: (3) OR
- COMM 2010 HU - Mass Media and Society Credits: (3)
- COMM 1560 - Audio Production and Performance Credits: (3)
- ENGL 2140 - Introduction to Professional and Technical Editing Credits: (3)
- ENGL 2160 - Introduction to Web-Based Technical Writing Credits: (3)
- COMM 2200 - Multi-Camera Production and Performance Credits: (3)

Professionalizing Experience (Select ONE / for a total of 3 credits)

- COMM 2890 - Cooperative Work Experience for The Signpost Credits: (1-3)
- COMM 2730 - Digital Radio Production and Broadcast Credits: (1-3)
- ENGL 2890 - Cooperative Work Experience Credits: (1-6)
- ENGL 2999 INT - Capstone in Workplace Communication and Writing Credits: (3)
- COMM 2999 - Capstone in Workplace Communication and Writing Credits: (3)

Foreign Language: (TWO courses / total of 6 credits)

Complete two semesters of one of the following languages: French, German, Spanish, American Sign Language, Chinese, or Japanese.
Program Learning Outcomes

**Writing**: Students will demonstrate writing and editing skills appropriate for the workforce.

**New Technologies and Digital Media**: Students will demonstrate the principles and practices of new technologies and digital media.

**Working in Organizations**: Students will demonstrate knowledge of how organizations work.

**Workplace Skills**: Students will demonstrate the ability to effectively communicate their understanding of workplace skills in written, oral or visual format.

**Internships**: Students will apply workplace skills in a capstone class.
Workplace Communication and Writing (AS)

By pursuing coursework in English and Communication, students may earn an Associate of Arts or Associate of Science degree in Workplace Communication and Writing. Students anticipating continuing on for a bachelor's degree in English are advised to pursue the Associate of Arts degree.

Program Prerequisite: Not required.
Grade Requirements: A 2.0 or better in all courses required for this degree in addition to an overall GPA of 2.00 (C) or higher.
Credit Hour Requirements: A total of 61 credit hours is required for graduation; a minimum of 24 of these must be from the program detailed below.

Advisement

Students are encouraged to meet with the academic advisor for the College of Arts and Humanities at least annually for course and program advisement. Call 801-626-6631 or email cahadvisor@weber.edu for more information or to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information).

General Education

Refer to Degree Requirements of this catalog for Associate of Science and Associate of Arts requirements.

General Studies Requirement

- Humanities HU (3 credits): Students must take: COMM 1020 HU - Principles of Public Speaking or COMM 2110 HU CEL - Interpersonal and Small Group Communication
- Humanities HU or Creative Arts CA (3 credits): Students must take one ENGL class from the following list: ENGL 2200 HU/DV - Introduction to Literature, ENGL 2220 HU/DV - Introduction to Fiction, ENGL 2230 HU/DV - Introduction to Drama, ENGL 2230 HU/DV - Introduction to Poetry, ENGL 2250 CA - CW: Introduction to Creative Writing, ENGL 2260 CA - CW: Introduction to Writing Short Fiction, ENGL 2270 CA - CW: Introduction to Writing Poetry, ENGL 2510 HU/DV - Masterpieces of Literature, ENGL 2710 HU/DV - Perspectives on Women's Literature, ENGL 2750 HU - Topics and Ideas in the Humanities

Required Courses: 24 credit hours from the following core areas:

Writing: 2 courses
New Technology and Digital Media: 1 course
Working in Organizations: 2 courses
Workplace Skills: 2 courses
Professionalizing Experience: 1 course

Writing (Select TWO / for a total of 6 credits: one from Communication, one from English)

- COMM 1130 - Media Writing Credits: (3)
- COMM 1140 - Writing for Workplace Communication Credits: (3)
- WSU 2350 QL/HU - Perspectives in Quantitative Literacy and Humanities Credits: (3-5) (Writing with Numbers)
• ENGL 3610 - American Literature I Credits: (3) OR
• ENGL 2120 - Introduction to Writing and Document Design Credits: (3)

New Technology and Digital Media (Select ONE / for a total of 3 credits)

• COMM 2010 HU - Mass Media and Society Credits: (3)
• COMM 2250 HU - Essentials of Digital Media Credits: (3)
• ENGL 2130 - Media and Technology in Texts Credits: (3)

Working in Organizations (Select TWO / for a total of 6 credits)

• COMM 2550 - Communication in Professional Settings Credits: (3)

• ENGL 2890 - Cooperative Work Experience Credits: (1-6)
• ENGL 2999 INT - Capstone in Workplace Communication and Writing Credits: (3)
• COMM 2999 - Capstone in Workplace Communication and Writing Credits: (3)

Program Learning Outcomes

Writing: Students will demonstrate writing and editing skills appropriate for the workforce.
New Technologies and Digital Media: Students will demonstrate the principles and practices of new technologies and digital media.
Working in Organizations: Students will demonstrate knowledge of how organizations work.
Workplace Skills: Students will demonstrate the ability to effectively communicate their understanding of workplace skills in written, oral or visual format.
Professionalizing Experience: Students will apply workplace skills in a capstone class.
Film Studies (BA)

- **Program Prerequisite:** Not required.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for the major (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation. Of this total, 51 credit hours in Film Studies are required. A total of 40 upper division credit hours is required by the university for graduation (courses numbered 3000 and above from any department).
- **Program Code:** 3085BA
- **CIPC:** 500602

Advisement

All Film Studies majors should meet with the program's director and an advisor in the College of Arts & Humanities advisors early in their course of study. Ashkan Soltani-Stone can be reached at ashsoltanistone@weber.edu. Call 801-626-6631 or email cahadvisor@weber.edu to reach a college advisor.

Admission Requirements

Declare your program of study (see Enrollment Services and Information) with the college advisor. There are no special admission or application requirements.

General Education

Refer to Degree Requirements for Bachelor of Arts requirements. The following Film Studies courses will also fulfill 3 credit hours each of the General Education requirement in the Creative Arts (CA) and Humanities (HU) categories: FILM 2200 CA, THEA 1023 CA, THEA 1033 CA, COMM 2010 HU, COMM 2250 HU, ENGL 2210, ENGL 2230 HU/DV, and ENGL 2280 CA.

Language Courses Required to fulfill the BA

Film Studies majors must complete **Option 1:** Foreign Language (12 credit hours of a foreign language, refer to the Department of Foreign Languages section of this catalog for additional information on obtaining foreign language credit)

OR **Option 2** - Foreign Language and Language Arts (6 credit hours of a foreign language and 6 credit hours of language arts). With this option students will fulfill the 6 credits of language arts by taking ( ENGL 2295 - CW: Introduction to Screenwriting or COMM 3740 - Writing for Screen) and ( ENGL 3290 - CW: Advanced Screenwriting or COMM 4740 - Advanced Writing for Screen and Television). These language arts courses will also count toward major requirements (see below).

Program Learning Outcomes

Students are expected to be proficient in each of these areas upon graduation from the Film Studies Program:

- To demonstrate understanding of film analysis, criticism, and global history.
- To work collaboratively to exchange ideas and outcomes of creative interdisciplinary research across a range of modalities.
- To understand the relationship between cinematic form and aesthetic effect.
- To employ theoretical and interdisciplinary tools in critical thinking.
- To understand trends in the film industry regarding emerging production methods and distribution models.
- To gain knowledge of diverse modes of film production, including fiction, non-fiction, and experimental.
Major Course Requirements for Film Studies BA Degree

Foundation Courses (12 credit hours)

- THEA 1023 CA - Introduction to Film Credits: (3) or
- ENGL 2210 - Introduction to Film Theory and Criticism Credits: (3)
- FILM 2200 CA - Fundamentals of Film Credits: (3)
- FILM 2280 - Introduction to Film Production Credits: (3)
- FILM 2820 - Special Topics in Film Studies Credits: (3)

Core Curriculum (9 credit hours)

Select 3 courses.

- ART 2750 - Foundations of Video Art Credits: (3)
- COMM 2250 HU - Essentials of Digital Media Credits: (3)
- ENGL 2295 - CW: Introduction to Screenwriting Credits: (3) or
- COMM 3740 - Writing for Screen Credits: (3)
- COMM 3751 - Narrative Digital Filmmaking Credits: (3)
- FILM 3780 - Survey of Documentary Cinema Credits: (3)
- FL 3580 - Global Cinema Credits: (3)
- COMM 4770 - Digital Documentary Filmmaking Credits: (3)
- FILM 3200 - History of Film Credits: (3)

Film Studies Electives (30 credit hours)

Select 30 additional Film Studies elective credits with your advisor. At least 21 credits must be at the 3000-level or above. Choosing courses from different departments is recommended.

- ART 1110 CA - Drawing I Credits: (3)
- ART 2750 - Foundations of Video Art Credits: (3)
- ART 2430 - Introduction to Graphic Design Credits: (3)
- ART 2450 CA - Foundations of Photography: Color/Digital Credits: (3)
- ART 4550 - Advanced Photography: Lighting for Photo & Video Credits: (3)
- CHNS 3680 - Literature: Film Credits: (3)
- COMM 2200 - Multi-Camera Production and Performance Credits: (3)
- COMM 2250 HU - Essentials of Digital Media Credits: (3)
- COMM 3070 - Performance Studies Credits: (3)
- COMM 3200 - Live Event Production Credits: (1-3)
- COMM 3350 - Visual Communication Credits: (3)
- COMM 3740 - Writing for Screen Credits: (3)
- COMM 3750 - Advanced Cinematography and Editing Credits: (3)
- COMM 3751 - Narrative Digital Filmmaking Credits: (3)
- COMM 4740 - Advanced Writing for Screen and Television Credits: (3)
- COMM 4751 - Advanced Narrative Digital Filmmaking Credits: (3)
- COMM 4760 - Media Management and Distribution Credits: (3)
- DANC 2610 - Dance and Digital Technology Credits: (2)
- DANC 4610 - Dance and Digital Technology Credits: (2)
- ENGL 2295 - CW: Introduction to Screenwriting Credits: (3)
- ENGL 3290 - CW: Advanced Screenwriting Credits: (3)
- ENGL 3353 - Genres in Cultural and Media Studies Credits: (3)
• ENGL 3380 - CW: Screenwriting Form and Craft Credits: (3)
• ENGL 3540 - Adaptation Studies Credits: (3)
• ENGL 3750 HU - Topics and Ideas in Literature Credits: (3)
• FILM 2820 - Special Topics in Film Studies Credits: (3)
• FILM 3200 - History of Film Credits: (3)
• FILM 3780 - Survey of Documentary Cinema Credits: (3)
• FILM 4700 - Film Studies Capstone Credits: (3)
• FL 3580 - Global Cinema Credits: (3)
• FRCH 3680 - Literature: Film Credits: (3)
• GRMN 3680 - Literature: Film Credits: (3)
• JPNS 3680 - Literature: Film Credits: (3)
• PTGS 3680 - Literature: Film Credits: (3)
• SPAN 3680 - Literature: Film Credits: (3)
• MUSC 1723 - Field Recording/Sound for Picture Credits: (2)
• MUSC 4820 - Pro Tools 101 Credits: (2)
• MUSC 4823 - Pro Tools 110 Credits: (2)
• THEA 2032 - Lighting Fundamentals Credits: (3)
• THEA 2403 - Stage Management Credits: (3)
• THEA 3350 - Marketing and Communication for the Arts Credits: (3)
College of Engineering, Applied Science & Technology

Dr. David L. Ferro, Dean

**College Mission Statement:** The primary goal of the College of Engineering, Applied Science & Technology (EAST) is to implement the mission of Weber State University and to prepare students for employment upon graduation by ensuring that they are productive, accountable, and responsible individuals able to function effectively in today's workplace. This goal is achieved by developing in students a cohesive, solid theoretical foundation bolstered by practical, hands-on experiences. The learning environment is further enhanced by extensive contact between faculty and students both in and out of the classroom. In addition, the liberal education component present in all programs equips students for lifelong learning in a changing world.

**College Vision Statement:** The vision of the College of Engineering, Applied Science & Technology is to be the leader in the state in technology and technology related programs through service to our students and the businesses and industries in our region. The mission of the college is to serve the State of Utah by

- Preparing students for employment upon graduation and ensuring that they are productive, accountable, and responsible individuals able to function effectively in today's workplace.
- Engaging in scholarly activities that expand the technological education our students receive and providing a service to business and industry.
- Utilizing the college's resources and faculty expertise to benefit students, business, industry, education, government, and society in general.

**The Alan E. Hall Center for Sales Excellence**

**Director:** Brock Adams

**Telephone:** 801-626-6912 or 801-626-6970

The Alan E. Hall Center for Sales Excellence was established in 2013 through a grant funded by the Alan and Jeanne Hall Foundation to promote and explore sales excellence by collaboratively engaging academic and industry sales experts. The Center for Sales Excellence is the nexus of a community of learners and benefactors in sales expertise. It develops sales curricula and instruction for private and public institutions, creates online resources for sales, partners with industry to augment industry-
specific sales skill-sets, promotes the development of improved sales technology and theory-based techniques, and links sales students with experienced sales professionals and organizations.

## The National Center for Automotive Science and Technology

**Director:** Joe Thomas  
**Location:** TE 201  
**Telephone:** 801-626-7836

The Center for Automotive Science and Technology was established in 1997 to assist in developing a better understanding of vehicle emissions among academic, regulatory, and private sector entities, both locally and nationally. To do this, the Center provides training to automotive technicians, instructors, regulatory officials, field engineers, and consumer groups as well as doing applied research on vehicular emissions. Additionally, the Center gathers and disseminates information about the impact of emissions, design for emission abatement, and efficiency of vehicles. The Center is a cooperative endeavor of the University, the Utah Department of Environmental Quality, and multiple private companies.

## Wadman Center for Excellence in Construction and Building Sciences

**Location:** WSU Davis, DSC-310  
**Telephone:** 801-395-3427  
**Email:** parsoncmnt@weber.edu

Established in 2018, the Wadman Center for Excellence in Construction and Building Sciences supports department degree programs in Construction Management, Interior Design, Facilities Management, and Building Design & Construction. The Center, working with regional educational institutions, industry advisory boards, staff, faculty and alumni develops and implements student recruiting and marketing strategies for the Center's programs. The Center promotes and manages recruiting and marketing activities in coordination with WSU's existing EAST support services. These activities include fostering employer and alumni relations, supporting student recruiting, and hosting related student/program events. In addition, the Center promotes, sponsors, and hosts student-related activities each school year in support of department programs and student events. The Center will collaborate and coordinate critical continuing education programs with the WSU's Office of Continuing Education, providing industry training for licensing, industry continuing educational credit, and workshops and seminars relevant to construction and building science industries.

## Computer Literacy Center

**Director:** Abdulmalek Al-Gahmi  
**Administrative Specialist:** Angie Christensen  
**Location:** EH 311  
**Telephone:** 801-626-7384  
**Web:** weber.edu/clc

The Computer Literacy Center is a university-wide student learning center established to ensure all students achieve the computational literacy necessary to succeed in university coursework, academic research, and the workplace of the future. Entering and continuing WSU students possess widely varying levels of experience and knowledge about computer applications and operation. The CLC is designed to support students from all backgrounds to attain levels of computer competency appropriate to their specific academic needs. The CLC also offers instructional support on advanced topics to prepare students for upper division courses and research investigations, and represents a key resource to ensure student competency in computer applications specifically defined by faculty to support university courses instructed by those faculty.

## The Concept Center

**Director:** Taylor Foss  
**Location:** TE 219  
**Telephone:** 801-626-6670  
**Web:** weber.edu/east/concept

The Concept Center is an innovative engineering research and design think tank that brings skilled students, experienced faculty, and local companies together on engineering research, product development, and design. The Concept Center at Weber State University is here to provide the engineering expertise needed to help established businesses improve production processes, assist small tech-based startups with a potentially valuable patent, and assist individuals to move great ideas forward. The Concept Center participants get low cost, creative, and effective solutions; and WSU students and faculty gain valuable experience.
Center for Technology Outreach

**Director:** Alicia Christensen & Luke Fernandez  
**Location:** M3  
**Telephone:** 801-626-7552  
**Web:** weber.edu/eastoutreach  

The College of Engineering, Applied Science & Technology values our role in providing a variety of engaging, fun, and instructive outreach programs. Through the Center for Technology Outreach we strive to reach out to students and community members of all ages through our Speaker Series and K-12 Programs. The Speaker Series features interesting and informative voices from the expansive field of technology experts in Utah and around the US. Participants are intellectually enriched by the insight, understanding, and knowledge of people such as internet expert Radia Perlman, author Matt Richtel, and computer programmer and activist Richard Stallman. The Speaker Series is open to the public and all are welcome.

Encouraging, supporting and providing Science, Technology, Engineering and Math (STEM) opportunities to K-12 students is an important and valued component of our service to the community. The scope of our K-12 Outreach is multi-layered.

- **Introduction and Awareness:** Short-term events to build interest and awareness in technology such as Parent/Daughter Engineering Day, Family Engineering Day, and STEM Fests & Expo’s.
- **Engage and Experience:** Programs designed to engage students in more committed STEM activities and increase their confidence and interest in pursuing STEM related majors and careers. These include, FIRST Tech Challenge Robotics, FIRST LEGO League, SeaPerch Underwater Robotics, Engineering and Technology Summer Camps, and more.
- **Educate and Support:** In-depth academic enrichment, designed with the goal of impacting the long-term education and career pathways of students. WSU PREP and Project Lead the Way both highlight the college's long-term investment in K-12 education and Utah's youth.

Noorda Interdisciplinary Center

**Director:** David Ferro  
**Location:** ET 110  
**Telephone:** 801-626-6303  

The Noorda Interdisciplinary Center (NIC) for Engineering, Science & Society, created with the generous donations from the Noorda Foundation, and an element of the original agreement with that foundation, endeavors to find collaborations between various disciplines in science, engineering, technology, humanities, and social sciences; to allow for creating interdisciplinary programs; to engage in projects with the community examining social impacts and creating positive changes through engineering and science; to expose students to the social contexts within which they work and create; and to reignite passion and exploration with the larger community for an enlightened understanding of techno-scientific issues. The NIC is oriented towards outreach and teaching about and solving engineering grand challenges, that could correspond to Noorda Foundation goals like energy efficiency, generation, and storage, among others, that putting engineering into important social, historical, and economic contexts, including, for examples, the need to welcome sustainability, under-represented populations into engineering, promoting democracy, and cybersecurity.
Construction and Building Sciences Department

Department Chair: Pieter van der Have  
Location: WSU Davis DSC, Room 310  
Telephone Contact: Liz Hill 801-395-3427  
Email: Parsoncmnt@weber.edu

Professor: Steven Peterson; Associate Professors: Kristen Arnold, Jeremy Farner; Assistant Professor: Thomas Hales;  
Instructors: Ashley Badali, Russell Butler, Pieter van der Have, Jacie Johnson, Cameron Lewis, Shauna Morris, Tim Willard

Construction and Building Science is a field of knowledge that draws upon physics, chemistry, engineering, architecture, construction and the life sciences. Construction and Building Science attempts to work with models of buildings and structures as a system, applying empirical techniques to the effective solution of design and construction problems. More specifically, contemporary construction and building science is a broad discipline that is concerned with the full life cycle of buildings and engineering projects, including: policy (codes and standards), planning, design, construction, commissioning, facilities management, restoration and retrofit, preservation and conservation, and demolition (deconstruction) and recycling.

Parson Construction Management

The Parson Construction Management program teaches the processes, procedures and management techniques necessary to function as a "Professional Constructor". It is designed to prepare students for immediate professional level employment or further study by developing a cohesive, solid technical foundation bolstered by practical, hands-on experiences, at the same time providing the education necessary for lifelong learning in a changing world. The process of learning is emphasized, as well as accumulation of knowledge. The multi-disciplinary curriculum is composed of courses in the areas of construction science, construction practice, business, and management as well as general education. The program is accredited by the Weber State University Accreditation.

The Parson Construction Management curriculum is a "2+2" design facilitating articulation with programs in architecture, commercial building construction, design graphics, facilities, interior design, and other building design and construction-related degrees.

Facilities Management-Emphasis

The Construction Management Program-Facilities Management Emphasis prepares graduates to manage and maintain the physical facilities for companies. Facilities managers may be responsible for leading activities in all or parts of the following: managing operations and maintenance of buildings, physical plant and utility distribution systems, grounds upkeep, road and parking lot maintenance, snow removal; recycling and waste management, energy conservation, sustainability; long range facility planning, remodeling of existing facilities and planning, design and construction of new facilities and systems; code compliance.

Building Design & Construction

The Building Design & Construction (BDC) degree prepares graduates to enter careers in the design, construction, operation or maintenance of the built environment. Graduates are prepared for careers in the building design, construction, testing, operation, and maintenance of building systems; they have the abilities to produce and utilize basic construction documents and to perform basic analysis and design of system components. Baccalaureate degree graduates will have the technical and managerial skills necessary for careers in which they will analyze and design systems, specify project methods and materials, perform cost estimates and analyses, and manage technical activities in support of building projects.

Interior Design
The four-year Interior Design degree provides student's academic preparation for employment in the design-build industry. Students develop skills in professional practice and sales, Auto CAD, Revit Architecture, drafting, sketching, rendering, space planning, specification of materials, building codes, history and theory. Drafting and technical skills are essential to the program of study. Students graduating with the Interior Design Professional Sales degree meet guidelines for the practice of residential and commercial interior design, are academically prepared to sit for the CKD (Certified Kitchen Design) exam, gain membership in professional organizations, become licensed, and after two years of experience in the field sit for the NCIDQ (National Council for Interior Design Qualification) exam. The Interior Design bachelor of science degree is accredited by the Council for Interior Design Accreditation (CIDA) and endorsed by the National Kitchen and Bath Association (NKBA).
Apprenticeship (AAS)

The Associate of Applied Science in Apprenticeship degree is a generic degree that is specifically designed for students who have completed or are completing an apprenticeship program under the auspices of the Office of Apprenticeship. This degree consists of the apprenticeship courses and on-the-job training from the Ogden Weber Technical College (OWTC) or the Davis Technical College coupled with general education and two additional required courses from Weber State University. While the degree was developed for OWTC apprenticeship students, it is open to anyone who meets the qualifications of an apprentice with a certificate of proficiency from a post-secondary institution offering the Office of Apprenticeship (OA) certified program. Please see http://www.utech.edu/ for a list of other Utah System of Technical Colleges locations.

- **Program Code:** 8047AAS
- **CIPC:** 460000

For additional information and advisement, schedule an appointment online with an Advisor at https://www.weber.edu/east/advising/default.html or call 801-395-3496

In order for a student to receive this degree they must complete the course requirements listed below and provide one of the following:

- State of Utah Journeyperson's License
- Certificate of Completion from the Office of Apprenticeship (OA)
- Certificate of Completion from the post-secondary institution offering an OA certified program

**Program Learning Outcomes**

Upon completion of this program, the student:

- Will be able to explain the essential concepts of Construction Management.
- Will be able to apply the principles of math, as a foundation for future courses in CM.
- Will be able to communicate effectively, in both spoken and written formats.
- Will be able to explain the basics of design and architecture.
- Will be able to explain the basics of construction contracts, along with the application of ethical principles in construction.
- Will be able to apply accounting principles.
- Will understand the principles of microeconomics.
- Will possess basic computer skills used in construction.
- Will be able to demonstrate skills required in construction jobsite management.

**Course Requirements for the AAS Degree**

- **ENGL 1010 EN1 - Introductory College Writing Credits:** (3)
- **ENGL 2010 EN2 - Intermediate College Writing Credits:** (3) and **LIBS 1704 - Information Navigator Credits:** (1)
- **ENGL 2015 EN2 - Intermediate College Writing & Research Credits:** (4)

  One 3 hr. pre-approved course in oral and written communication can be substituted for ENGL 2010.

- **ACTG 2010 - Survey of Accounting I Credits:** (3)
- **BDC 1040 CA - Introduction to Architecture (Studio 1) Credits:** (3)
- **BTNY 1403 LS SUS - Principles of Environmental Science Credits:** (3-4)
- **COMM 1020 HU - Principles of Public Speaking Credits:** (3)
- **CMT 2899 - AAS Graduation Assessment and Signoff Credits:** (0)
- **ECON 2010 SS - Principles of Microeconomics Credits:** (3)
- **IDT 1010 CA - Introduction to Interior Design Credits:** (3)
- **MIS 2010 - Business Computer Skills Credits:** (1)
- **COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits:** (3)

- **CMT 1220 - Construction Contracts Credits:** (3) or
• CMT 2210 - Construction Jobsite Management Credits: (3)

• MATH 1050 QL - College Algebra Credits: (4) or
• MATH 1080 QL - Pre-calculus Credits: (5) or
• MATH 1060 QL - Trigonometry Credits: (3)
Construction Management (AAS)

- **Grade Requirements**: A grade of "C" or better in all major courses, business courses, and support courses is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to the general grade requirements for graduation under Degree Requirements.

- **Credit Hour Requirements**: 65 total credit hours are required. A minimum of 20 hours in residence at WSU is required. A student must also complete a minimum of 18 hours of CMT major courses at WSU to obtain an AAS degree.

- **Program Code**: 8085AAS

- **CIPC**: 522001

Advisement

All Construction Management Technology students are encouraged to meet with a faculty advisor at the beginning of their freshman and sophomore years for course and program advisement. Call the CMT program secretary at 801-395-3427 to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this program. (Also refer to the Department Advisor Referral List.)

General Education

Refer to the Degree Requirements for Associate of Applied Science requirements. The following courses required for the Construction Management Technology AAS degree will also fulfill general education requirements: COMM 1020/COMM 2110 (Humanities), MATH 1080 (Quantitative Literacy), ECON 2010 (Social Science), and LIBS 1704 (Information Navigator).

Program Learning Outcomes

- **Planning, Organizing, Directing, and Controlling**: Students will learn planning, organizing, directing and controlling skills to ethically apply concepts that allow construction projects to be brought in safely on time, using scheduling concepts, within budget, by applying learned estimating skills, and to the owner/client's desired quality standard. These will be done while identifying and managing the inherent project and industry risks to keep the project and all entities involved free of legal issues via among other things a solid understanding of contracts and how they apply throughout the process.

- **Collaboration, Communication, Relationship Building, and Leadership**: Students will learn leadership skills and participate in multi-disciplinary teams. They will be part of presentation teams and learn to formulate business plans. Emphasis will be placed on relationship building and team building as well as all forms of effective communication and the thorough/comprehensive documentation necessary to succeed in the construction industry and manage risk.

- **Delivery Methods and the Design Process**: Students will learn various design principles, including sustainable and life-cycle concepts for both vertical and horizontal construction. They will apply layout principles and create basic designs. An understanding of building codes will be applied and all in the context of planning and delivering a project from program review to schematic design and design development to the final construction design documents.

- **Materials, Methods, Terminologies, and Applications**: Students will be exposed to how various computer applications are used within the industry but with emphasis on the broader concepts and not promotion of specific software programs. The most common materials, methods, and terminologies will be learned along with equipment uses and selection. Students will learn basic engineering principles and how they apply to these materials and methods.

Major Course Requirements for AAS Degree
Construction Management Technology Courses Required (36 credit hours)

- CMT 1100 - Construction Management Orientation Credits: (1)
- CMT 1150 - Construction Graphics Credits: (3)
- CMT 1220 - Construction Contracts Credits: (3)
- CMT 1310 - Materials & Methods Credits: (4)
- CMT 1330 - Civil Materials Credits: (4)
- CMT 1550 - Construction Safety Credits: (2)
- CMT 2210 - Construction Jobsite Management Credits: (3)
- CMT 2260 - MEP Credits: (4)
- CMT 2340 - Civil Design and Layout Credits: (4)
- CMT 2360 - Commercial Design and Codes Credits: (4)
- CMT 2410 SUS - LEED-GA Preparation Credits: (1)
- CMT 2640 - Quantity Survey Credits: (2)
- CMT 2899 - AAS Graduation Assessment and Signoff Credits: (0)
- CMT 2990 - Construction Management Seminar Credits: (0.5) (2 credit hours required)

Business Courses Required (9 credit hours)

- ACTG 2010 - Survey of Accounting I Credits: (3)
- BSAD 1010 - Introduction to Business Credits: (3)
- ECON 2010 SS - Principles of Microeconomics Credits: (3)

Support Courses Required (17 credit hours)

- MATH 1080 QL - Pre-calculus Credits: (5)
- LIBS 1704 - Information Navigator Credits: (1)
- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)
- COMM 1020 HU - Principles of Public Speaking Credits: (3) or
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- BTNY 1403 LS SUS - Principles of Environmental Science Credits: (3-4)
- MIS 2010 - Business Computer Skills Credits: (1)
Interior Design (AAS)

- **Grade Requirements:** A grade of "B" or better in courses required for this major (a grade of "B-" is not acceptable) in addition to an overall GPA of 3.0 or higher.
- **Credit Hour Requirements:** A total of 66 credit hours is required.
- **Assessment Requirements:** Students may be required to complete certain assessment instruments as part of the requirements for receiving the associate's degree.
- **Program Code:** 8087AAS
- **CIPC:** 500408

Advisement

All Interior Design students are required to meet with a faculty advisor each semester for course and program advisement. Call 801-626-6913 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no admission or application requirements for this program.

General Education

Refer to Degree Requirements for Associate of Applied Science requirements. The following required support courses will also be applied toward general education requirements: COMM 2110 (3), and ART 1010 (3) or ART 1030 (3). Students also need to complete ENGL 1010 (3), Quantitative Literacy (3), Life Science or Physical Science (3), Social Science (3), and Computer and Information Literacy (minimum 2). A minimum of 20 hours in residence is required.

Transfer Credits

No courses older than 10 years will be accepted for credit toward a degree in this program.

Program Learning Outcomes

- Design theory and evidence based design. Students are exposed to or will apply theory and research to design projects and problem solving.
- Professional Practice, Presentation and Sales Techniques. Students will be exposed to ethics in professional practice and will utilize professional verbal and visual selling techniques to present interior design concepts.
- Design Process, Construction Drawings and Technical Skills. Students apply the 5-phase design process and utilize technical skills in producing working construction drawings as part of course projects.
- Health, Safety and Welfare, Sustainability, Accessibility. Students will produce design solutions that are sustainable, protect health, safety and welfare, and provide accessibility to all occupants. Student work will feature specification of sustainable products and materials and concepts that adhere to standards, codes and ethical building practices.
- Culture, Diversity, Historical Precedent. Students will be exposed to or will illustrate diversity through various design concepts that address diverse familial groups and cultures as well as historical precedent.

Major Course Requirements for AAS Degree

Interior Design Courses Required (33 credit hours)
• IDT 1010 CA - Introduction to Interior Design Credits: (3)
• IDT 1020 - Presentation Techniques Credits: (3)
• IDT 2010 - Sustainability I: Textiles and Soft Materials Credits: (3)
• IDT 2020 - Computer-aided Design and Drafting Credits: (3)
• IDT 2035 - Design Process/Space Planning Credits: (3)
• IDT 2040 - Architectural Detailing Credits: (3)
• IDT 2050 - Codes Credits: (2)
• IDT 2860 - Practicum Credits: (1-2)
• IDT 2990 - Interior Design Seminar Credits: (1)
• IDT 2820 - Historical Interiors Credits: (3)
• IDT 3020 - American and Modern Interiors Credits: (3)
• IDT 2060 - Sustainability II: Materials, Hard Surfaces, and Specifications Credits: (3)

Support Courses Required (12 credit hours)

• ART 1010 CA - Introduction to the Visual Arts Credits: (3) or
• ART 1030 CA - Studio Art for the Non-Art Major Credits: (3)
• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
• PS 1143 - Principles of Selling and Persuasion Credits: (3)
• PS 3103 - Sales Personalities and Profiles Credits: (3)

Note:

*Information Literacy as defined in this catalog is also required.*
Pre-Architecture (AAS)

The BDC Pre-Architecture program will allow students to prepare for job opportunities working for residential design firms and builders, commercial architectural design firms and contractors; trade contractors and engineering firms such as mechanical, electrical, and plumbing; civil engineering firms; and various other firms related to the construction of the built environment. It provides an alternative pathway for those interested in continuing their graduate education in various disciplines relating to the built environment.

- **Program Prerequisite:** None
- **Minor:** Not required
- **Grade Requirements:** A grade of "C" or better in courses used toward the major (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** 64 total credits
- **Program Code:** 8089AAS
- **CIPC:** 040901

Advisement

All program students should meet with a faculty advisor at least annually for course and program advisement. The department secretary can also assist students. Call 801-395-3427 for more information or to schedule an appointment. (Also, refer to the Department Advisor Referral List.)

Use Grad MAPs to plan your degree

Admission Requirements

Declare your program of study (Enrollment Services and Information).

General Education

Refer to Degree Requirements for AAS general education requirements.

Program Learning Outcomes

- Experience residential and commercial Building Design in all phases of the design-build process. (building planning, site design, structural design, thermal & moisture protection, Mechanical-Electrical-Plumbing system design, building science & sustainability, and domestic architecture)
- Apply the Design Process during concept development, construction document development, and contract completion using the latest 2D and 3D software. (plans, elevations, sections, details, renderings, specifications)
- Identify best architectural business practices for project management, programming & due diligence, and contracts.
- Understand Business Administration running a design firm (ethics, licensure, insurance, employment law, accounting, marketing)

Required Courses

- **BDC 1040 CA - Introduction to Architecture (Studio 1)** Credits: (3)
- **CMT 1100 - Construction Management Orientation** Credits: (1)
- **IDT 1010 CA - Introduction to Interior Design** Credits: (3)
- **CMT 1150 - Construction Graphics** Credits: (3)
- **CMT 1310 - Materials & Methods** Credits: (4)
- **IDT 1050 - Architectural Drafting** Credits: (3)
• BDC 1350 - Residential Design (Studio 2) Credits: (3)
• IDT 1020 - Presentation Techniques Credits: (3)
• IDT 2820 - Historical Interiors Credits: (3)
• IDT 2990 - Interior Design Seminar Credits: (1) Taken 4 times for a total of 4 credits
• IDT 2035 - Design Process/Space Planning Credits: (3)
• BDC 2000 - Commercial Design (Studio 3) Credits: (3)
• CMT 1220 - Construction Contracts Credits: (3)
• IDT 2050 - Codes Credits: (2)
• CMT 2410 SUS - LEED-GA Preparation Credits: (1)
• CMT 2640 - Quantity Survey Credits: (2)

Required Support Courses

• MATH 1080 QL - Pre-calculus Credits: (5)
• PHYS 2010 PS - College Physics I Credits: (5)
• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
Building Design & Construction Essentials Certificate of Proficiency

The Building Design & Construction Essentials Certificate will allow students to prepare for job opportunities working for residential design firms and builders, commercial architectural design firms and contractors; trade contractors and firms such as civil, mechanical, electrical, and plumbing; various other firms related to the design and construction of the built environment. It provides a pathway for those interested in continuing their undergraduate education in Architecture, Construction Management, Interior Design, Sustainability, and various disciplines relating to the built environment.

- **Admission Requirements:** None
- **Grade Requirements:** Students must receive a grade of C or better in all courses.
- **Credit Hour Requirements:** A total of 17 credit hours is required.
- **Program Code:** 8081CP
- **CIPC:** 150101

Advisement

Building Design & Construction students should meet with the program advisor for course and program advisement. Call 801-395-3427 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Program Learning Outcomes

- Experience residential and commercial Building Design in all phases of the design-build process. (building planning, site design, structural design, thermal & moisture protection, Mechanical-Electrical-Plumbing system design, building science & sustainability, and domestic architecture)
- Apply the Design Process during concept development, construction document development, and contract completion using the latest 2D and 3D software. (plans, elevations, sections, details, renderings, specifications)
- Identify best architectural business practices for project management, programming & due diligence, and contracts.
- Understand Business Administration running a design firm (ethics, licensure, insurance, employment law, accounting, marketing)

Course Requirements for Building Design & Construction Essentials Certificate of Proficiency

Courses Required (17 credit hours)

- CMT 1100 - Construction Management Orientation Credits: (1)
- BDC 1040 CA - Introduction to Architecture (Studio 1) Credits: (3)
- CMT 1310 - Materials & Methods Credits: (4)
- BDC 1350 - Residential Design (Studio 2) Credits: (3)
- IDT 1010 CA - Introduction to Interior Design Credits: (3)
- CMT 1150 - Construction Graphics Credits: (3)

Facilities Management Certificate of Proficiency

The Certificate of Proficiency will allow individuals to enhance their level of expertise in the profession of Facilities Management. The knowledge gained upon earning the Certificate will help individuals who are already working in this field develop an understanding of their environment, and potentially provide an opportunity to advance up the career ladder. This program covers the essential elements of the Facilities Management profession.

- **Admission Requirements:** None.
- **Grade Requirements:** Students must receive a grade of C or better in all courses.
• **Credit Hour Requirements:** A total of 19 credit hours is required.
• **Program Code:** 8056CP
• **CIPC:** 522001

## Advisement

Facilities Management students should plan to meet with the program advisor for course and program advisement. Call 801-395-3427 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

## Program Learning Outcomes

- Apply principles of energy management and sustainable facilities management
- Apply administration, leadership and management strategies essential in the management of facility functions, in-house staff and contractors
- Apply principles of effective long-range facility planning
- Apply financial planning concepts associated with facilities management

## Required Courses

- CMT 3510 - Energy Management in Bldg. M&E Systems **Credits:** (4)
- CMT 3630 - Environmental Issues in FM **Credits:** (3)
- CMT 3680 - Facility Management Administration and Operations **Credits:** (4)
- CMT 4270 - Computer Aided FM **Credits:** (4)
- CMT 4310 - Long-term Planning in Facility Management **Credits:** (4)
Building Design & Construction (BS)

The Building Design & Construction (BDC) program prepares graduates to enter careers in the architectural design, construction, operation or maintenance of the built environment. Graduates are prepared for careers in the architectural design, construction, testing, operation, and maintenance of building systems; they have the abilities to produce and utilize basic construction documents and to perform basic analysis and design of system components. Baccalaureate degree graduates will have the technical and managerial skills necessary for careers in which they will analyze and design systems, specify project methods and materials, perform cost estimates and analyses, and manage technical activities in support of architectural design projects. The BDC program will allow students to prepare for job opportunities working for residential design firms and builders, commercial architectural design firms and contractors; trade contractors and engineering firms such as mechanical, electrical, and plumbing; civil engineering firms; and various other firms related to the construction of the built environment. It provides an alternative pathway for those interested in continuing their graduate education in various disciplines relating to the built environment.

- **Program Prerequisites:** None
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses used toward the major (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** 120 total credits.
- **Program Code:** 8088BS
- **CIPC:** 150101

Advisement

All program students should meet with a faculty advisor at least annually for course and program advisement. The department secretary can also assist students. Call 801-395-3427 for more information or to schedule an appointment.

Admission Requirements

Declare your program of study (Enrollment Services and Information).

General Education

Refer to General Education Requirements for the University Bachelor of Science requirements.

Program Learning Outcomes

- Experience residential and commercial Building Design in all phases of the design-build process. (building planning, site design, structural design, thermal & moisture protection, Mechanical-Electrical-Plumbing system design, building science & sustainability, and domestic architecture)
- Apply the Design Process during concept development, construction document development, and contract completion using the latest 2D and 3D software. (plans, elevations, sections, details, renderings, specifications)
- Identify best architectural business practices for project management, programming & due diligence, and contracts.
- Understand Business Administration running a design firm (ethics, licensure, insurance, employment law, accounting, marketing)

Building Design & Construction Pre-Architecture AAS Required Courses

- BDC 1040 CA - Introduction to Architecture (Studio 1) Credits: (3)
- CMT 1100 - Construction Management Orientation Credits: (1)
- IDT 1010 CA - Introduction to Interior Design Credits: (3)
• CMT 1150 - Construction Graphics Credits: (3)
• CMT 1310 - Materials & Methods Credits: (4)
• IDT 1050 - Architectural Drafting Credits: (3)
• IDT 2990 - Interior Design Seminar Credits: (1) (Taken 4 times for a total of 4 credits)
• BDC 1350 - Residential Design (Studio 2) Credits: (3)
• IDT 2820 - Historical Interiors Credits: (3)
• CMT 1220 - Construction Contracts Credits: (3)
• BDC 2000 - Commercial Design (Studio 3) Credits: (3)
• IDT 1020 - Presentation Techniques Credits: (3)
• IDT 2035 - Design Process/Space Planning Credits: (3)
• CMT 2640 - Quantity Survey Credits: (2)
• CMT 2410 SUS - LEED-GA Preparation Credits: (1)
• IDT 2050 - Codes Credits: (2)

Required Support Courses

• MATH 1080 QL - Pre-calculus Credits: (5)
• PHYS 2010 PS - College Physics I Credits: (5)
• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)

Building Design & Construction BS Required Courses

• BDC 3000 SUS - Sustainable Building Design & Codes Credits: (3)
• BDC 3660 - Structural Design & Detailing Credits: (3)
• BDC 3500 - Architectural Rendering & Animation Studio Credits: (3)
• BDC 4350 - BIM Management & Coordination Credits: (3)
• BDC 4600 SUS - Senior Project Credits: (3) (taken 2 times for a total of 6 credits)
• IDT 4040 - Portfolio Design Credits: (2)

Building Design & Construction Elective Courses

Select 20 credits from the list below:

• IDT 3000 - Lighting Design Credits: (3)
• IDT 3020 - American and Modern Interiors Credits: (3)
• IDT 3025 - Professional Practice Credits: (3)
• IDT 3040 - Perspective/Rendering Credits: (2)
• IDT 3045 - Residential Design Credits: (3)
• IDT 3060 - Kitchen & Bath Credits: (3)
• IDT 4010 - Commercial Studio Credits: (3)
• IDT 4020 - Commercial Design Credits: (3)
• IDT 4025 - Senior Program Development Credits: (2)
• IDT 4030 - Senior Project Credits: (3)
• IDT 4830 - Directed Readings Credits: (1-3)
• CMT 3115 - Construction Cost Estimating Credits: (3)
• CMT 3130 - Construction Planning & Scheduling Credits: (3)
• CMT 3310 - Leadership in the Construction Industry Credits: (2)
• CMT 3370 - Preconstruction Services Credits: (3)
• CMT 3510 - Energy Management in Bldg. M&E Systems Credits: (4)
• CMT 3630 - Environmental Issues in FM Credits: (3)
• CMT 3680 - Facility Management Administration and Operations Credits: (4)
• CMT 4120 - Construction Accounting and Finance Credits: (3)
• CMT 4150 - Construction Equipment and Methods Credits: (3)
• CMT 4270 - Computer Aided FM Credits: (4)
• CMT 4310 - Long-term Planning in Facility Management Credits: (4)
• CMT 4330 - Applied Structures Credits: (4)
• CMT 4350 - Temporary Structures Credits: (2)
• CMT 4510 - Design Charrette Credits: (1)
• CMT 4520 - ASC Student Competition Credits: (1)
• CMT 4570 - Approaches to Construction Contracting Credits: (2)
• CMT 4620 - Senior Project Credits: (2)
• CMT 4650 - FM Senior Project Credits: (2)
• CMT 4800 - Individual Projects and Research Credits: (1-3)
• CMT 4830 - Directed Studies Credits: (1-3)
• CMT 4890 - Practicum Credits: (2)
• CMT 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (.5-6)
• ENTR 3002 - Scale & Exit Credits: (3)
• MGMT 3010 - Organizational Behavior and Management Credits: (3)
• MKTG 3010 - Marketing Concepts and Practices Credits: (3)
• SCM 3050 - Operations and Supply Chain Management Credits: (3)
• GEOG 4410 SUS - Sustainable Land Use Planning Credits: (3)
• GEOG 4420 - Advanced Urban and Regional Planning Credits: (3)
• GEOG 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• BDC 4830 - Directed Studies Credits: (1-3)
• BDC 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
Construction Management (BS)

- **Program Prerequisite:** Declare a Program of Study in Construction Management
- **Minor:** Not required, Business minor is recommended.
- **Grade Requirements:** A grade of "C" or better in all major courses, business courses, and support courses is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to the general grade requirements for graduation under Degree Requirements.
- **Credit Hour Requirements:** A total of 123 credit hours is required for graduation. A total of 40 upper division credit hours is required (courses numbered 3000 and above).
- **Assessment Requirements:** The students will be required to take Associate Constructor (AC) exam administered by American Institute of Constructors (AIC). A minimum score of 192 out of 300 (64 percent) is required for graduation. The exam may be retaken if needed.
- **Program Code:** 8085BS
- **CIPC:** 522001

Advisement

All Construction Management students are encouraged to meet with a faculty advisor at the beginning of their freshman, junior, and senior years for course and program advisement. Call the CMT program secretary at 801-395-3427 to schedule an appointment. (Also refer to the Department Advisor Referral List).

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for this program.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. Consult with an academic advisor for specific general education guidelines. The following courses required for the Construction Management BS degree will also fulfill general education requirements: COMM 1020/ COMM 2110 (Humanities), MATH 1080 (Quantitative Literacy), ECON 2010 (Social Science), PHYS 2010 (Physical Science), and BTNY 1403 (Life Science).

Major Course Requirements for BS Degree

*Course requirements are subject to change. Check with program advisor for current requirements.*

Construction Management Courses Required (65 credit hours)

- CMT 1100 - Construction Management Orientation Credits: (1)
- CMT 1150 - Construction Graphics Credits: (3)
- CMT 1220 - Construction Contracts Credits: (3)
- CMT 1310 - Materials & Methods Credits: (4)
- CMT 1330 - Civil Materials Credits: (4)
- CMT 1550 - Construction Safety Credits: (2)
- CMT 2210 - Construction Jobsite Management Credits: (3)
- CMT 2260 - MEP Credits: (4)
- CMT 2340 - Civil Design and Layout Credits: (4)
- CMT 2360 - Commercial Design and Codes Credits: (4)
- CMT 2410 SUS - LEED-GA Preparation Credits: (1)
CMT 2640 - Quantity Survey Credits: (2)
CMT 2990 - Construction Management Seminar Credits: (0.5) (2 credit hours required)
CMT 3115 - Construction Cost Estimating Credits: (3)
CMT 3130 - Construction Planning & Scheduling Credits: (3)
CMT 3310 - Leadership in the Construction Industry Credits: (2)
CMT 3370 - Preconstruction Services Credits: (3)
CMT 4120 - Construction Accounting and Finance Credits: (3)
CMT 4150 - Construction Equipment and Methods Credits: (3)
CMT 4330 - Applied Structures Credits: (4)
CMT 4350 - Temporary Structures Credits: (2)
CMT 4510 - Design Charrette Credits: (1) or
CMT 4520 - ASC Student Competition Credits: (1) Students can choose between CMT 4510 or 4520
CMT 4570 - Approaches to Construction Contracting Credits: (2)
CMT 4620 - Senior Project Credits: (2)
CMT 4899 - BS Graduation Assessment and Signoff Credits: (0)

Business Courses Required (18 credit hours)
The following Business Courses are Required:
- BSAD 1010 - Introduction to Business Credits: (3)
- BSAD 3200 - Legal Environment of Business Credits: (3)
- ECON 2010 SS - Principles of Microeconomics Credits: (3)
- MGMT 3010 - Organizational Behavior and Management Credits: (3)
- MKTG 3010 - Marketing Concepts and Practices Credits: (3)

Support Courses Required (28 credit hours)
The following Support Courses are Required:
- ACTG 2010 - Survey of Accounting I Credits: (3)
- BTNY 1403 LS SUS - Principles of Environmental Science Credits: (3-4) (4 credit hours required)
- COMM 1020 HU - Principles of Public Speaking Credits: (3) or
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)
- MIS 2010 - Business Computer Skills Credits: (1)
- MIS 2020 - Introduction to Information Systems Credits: (3) or
- SCM 3050 - Operations and Supply Chain Management Credits: (3)
- LIBS 1704 - Information Navigator Credits: (1)
- MATH 1080 QL - Pre-calculus Credits: (5)
- PS 3250 - Business Communication Credits: (3)
- PHYS 2010 PS - College Physics I Credits: (5)
Construction Management (BS), Facilities Management Emphasis

- **Program Prerequisite:** Declare a Program of Study in Construction Management and declare your emphasis as Facilities Management.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in all major courses, business courses, and support courses is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to the general grade requirements for graduation under Degree Requirements.
- **Credit Hour Requirements:** A total of 121 credit hours is required for graduation. A total of 40 upper division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 8085BS Construction Management with Emphasis code (8056)
- **CIPC:** 522001

**Advisement**

All Construction Management Technology students are encouraged to meet with a faculty advisor at the beginning of their freshman, junior, and senior years for course and program advisement. Call the CMT program secretary at 801-395-3427 to schedule an appointment. (Also refer to the Department Advisor Referral List).

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

**General Education**

Refer to the Degree Requirements for Bachelor of Science requirements. Consult with an academic advisor for specific general education guidelines. The following courses required for the Construction Management - Facilities Management Emphasis BS degree will also fulfill general education requirements: COMM 1020/COMM 2110 (Humanities), MATH 1080 (Quantitative Literacy), ECON 2010 (Social Science), and BTNY 1403 (Life Science).

**Program Learning Outcomes**

- Create and apply effective communications
- Create a construction safety plan
- Create a construction project cost estimate
- Create construction project schedules
- Create a business plan for a small construction company
- Analyze methods, materials, and equipment used to construct projects
- Apply construction management and supervisory skills as a member of a multi-disciplinary team
- Apply current software applications to the construction process
- Apply basic surveying techniques for construction layout and control
- Apply the preconstruction process and alternate delivery methods
- Apply the principles of construction risk management
- Apply the principles of construction accounting, cost control, and profit maximization
- Understand construction quality assurance and control
- Understand the legal implications of construction contracts and documents and regulatory law
- Understand the principles of sustainable construction
- Understand the principles of construction design
- Understand the principles of effective leadership
• Understand professional and ethical responsibility
• Understand how to develop professional relationships

Major Course Requirements for BS Degree

Course requirements are subject to change. Check with program advisor for current requirements.

Construction Management Technology Courses Required (63 credit hours)

• CMT 1100 - Construction Management Orientation Credits: (1)
• CMT 1150 - Construction Graphics Credits: (3)
• CMT 1220 - Construction Contracts Credits: (3)
• CMT 1310 - Materials & Methods Credits: (4)
• CMT 1330 - Civil Materials Credits: (4)
• CMT 1550 - Construction Safety Credits: (2)
• CMT 2210 - Construction Jobsite Management Credits: (3)
• CMT 2260 - MEP Credits: (4)
• CMT 2340 - Civil Design and Layout Credits: (4)
• CMT 2360 - Commercial Design and Codes Credits: (4)
• CMT 2410 SUS - LEED-GA Preparation Credits: (1)
• CMT 2640 - Quantity Survey Credits: (2)
• CMT 2899 - AAS Graduation Assessment and Signoff Credits: (0) See program advisor for signoff
• CMT 2990 - Construction Management Seminar Credits: (0.5) (2 credit hours required)
• CMT 3130 - Construction Planning & Scheduling Credits: (3)
• CMT 3310 - Leadership in the Construction Industry Credits: (2)
• CMT 3510 - Energy Management in Bldg. M&E Systems Credits: (4)
• CMT 3630 - Environmental Issues in FM Credits: (3)
• CMT 3680 - Facility Management Administration and Operations Credits: (4)
• CMT 4270 - Computer Aided FM Credits: (4)
• CMT 4310 - Long-term Planning in Facility Management Credits: (4)
• CMT 4650 - FM Senior Project Credits: (2)
• CMT 4899 - BS Graduation Assessment and Signoff Credits: (0) See program advisor for signoff

Business Courses Required (12 credit hours)

• ACTG 2010 - Survey of Accounting I Credits: (3)
• ECON 2010 SS - Principles of Microeconomics Credits: (3)
• MGMT 3010 - Organizational Behavior and Management Credits: (3)
• MGMT 3300 - Human Resource Management Credits: (3)

Support Courses Required (24 credit hours)

• BTNY 1403 LS SUS - Principles of Environmental Science Credits: (3-4) (3 credit hours required)
• COMM 1020 HU - Principles of Public Speaking Credits: (3) or
• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
• MATH 1080 QL - Pre-calculus Credits: (5)
• Three (3) Approved Electives - 9 Credit Hours
Interior Design (BS)

The four-year Interior Design degree provides student's academic preparation for employment in the design-build industry. Students develop skills in professional practice and sales, Auto CAD, Revit Architecture, drafting, sketching, rendering, space planning, specification of materials, building codes, history and theory. Drafting and technical skills are essential to the program of study. In addition to classroom projects, students participate in various community service projects, interdisciplinary design charrettes, attend field trips, and participate locally in professional organizations such as ASID, IIDA and NKBA. Students graduating with the Interior Design degree meet guidelines for the practice of residential and commercial interior design, are academically prepared to sit for the IDFX exam, gain membership in professional organizations, become licensed, and after two years of experience in the field sit for the NCIDQ (National Council for Interior Design Qualification) exam. The Interior Design is accredited by the Council for Interior Design Accreditation (CIDA) and is endorsed by the National Kitchen and Bath Association (NKBA). Because the practice of interior design is complex, technical, and demanding, this program provides students with the technical skills, design and sales skills necessary to compete in the profession.

- **Program Prerequisite:** None.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "B" or better in courses required for this major (a grade of "B-" is not acceptable) in addition to an overall GPA of 3.0 or higher.
- **Credit Hour Requirements:** A total of 124 hours is required for this program for graduation.
- **Program Code:** 8087BS
- **CIPC:** 500408

Transfer students and students coming into the program with an AAS, AA, or AS will take at least six semesters to complete the program.

Advisement

All Interior Design students are required to meet with a faculty advisor each semester for course and program advisement. Contact the department administrative assistant at 801.395.3427 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no admission or application requirements for this program.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. MATH 1030 (3) is recommended to fulfill the Quantitative Literacy requirement. The following required support courses will also be applied toward general education requirements: ART 1010 (3) or ART 1030 (3) and COMM 2110 (3).

Transfer Credits:

No courses older than 10 years will be accepted for credit toward a degree in this program.

Program Learning Outcomes

- Design theory and evidence based design. Students are exposed to or will apply theory and research to design projects and problem solving.
• Professional Practice, Presentation and Sales Techniques. Students will be exposed to ethics in professional practice and will utilize professional verbal and visual selling techniques to present interior design concepts.
• Design Process, Construction Drawings and Technical Skills. Students apply the 5-phase design process and utilize technical skills in producing working construction drawings as part of course projects.
• Health, Safety and Welfare, Sustainability, Accessibility. Students will produce design solutions that are sustainable, protect health, safety and welfare, and provide accessibility to all occupants. Student work will feature specification of sustainable products and materials and concepts that adhere to standards, codes and ethical building practices.
• Culture, Diversity, Historical Precedent. Students will be exposed to or will illustrate diversity through various design concepts that address diverse familial groups and cultures as well as historical precedent.

Major Course Requirements for BS Degree

Interior Design Courses Required (65-66 credit hours)

• IDT 1010 CA - Introduction to Interior Design Credits: (3)
• IDT 1020 - Presentation Techniques Credits: (3)
• IDT 1050 - Architectural Drafting Credits: (3)
• IDT 2010 - Sustainability I: Textiles and Soft Materials Credits: (3)
• IDT 2020 - Computer-aided Design and Drafting Credits: (3)
• IDT 2035 - Design Process/Space Planning Credits: (3)
• IDT 2040 - Architectural Detailing Credits: (3)
• IDT 2050 - Codes Credits: (2)
• IDT 2860 - Practicum Credits: (1-2)
• IDT 2990 - Interior Design Seminar Credits: (1)
• IDT 3000 - Lighting Design Credits: (3)
• IDT 2820 - Historical Interiors Credits: (3)
• IDT 3020 - American and Modern Interiors Credits: (3)
• IDT 3025 - Professional Practice Credits: (3)
• IDT 2060 - Sustainability II: Materials, Hard Surfaces, and Specifications Credits: (3)
• IDT 3040 - Perspective/Rendering Credits: (2)
• IDT 3045 - Residential Design Credits: (3)
• IDT 3060 - Kitchen & Bath Credits: (3)
• IDT 2080 - Advanced Interior Architectural Drafting and Design Credits: (3)
• IDT 4020 - Commercial Design Credits: (3)
• IDT 4025 - Senior Program Development Credits: (2)
• IDT 4030 - Senior Project Credits: (3)
• IDT 4040 - Portfolio Design Credits: (2)
• IDT 4830 - Directed Readings Credits: (1-3) 1 credit hour required
• IDT 4860 INT - Internship for Interior Design Credits: (3)

Support Courses Required (26 credit hours)

• ART 1010 CA - Introduction to the Visual Arts Credits: (3) or
• ART 1030 CA - Studio Art for the Non-Art Major Credits: (3)
• IDT 4010 - Commercial Studio Credits: (3)
• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
• PS 1143 - Principles of Selling and Persuasion Credits: (3)
• PS 3103 - Sales Personalities and Profiles Credits: (3)
• PS 3203 - Customer Service Techniques Credits: (3)
• PS 3363 - Contract and Sales Negotiation Techniques Credits: (3)
• PS 3702 - Developing Team Leadership Skills Credits: (2)
• PS 3903 - Sales Presentation Strategies and Techniques Credits: (3)
Note: Students are required to attend and participate in activities outside of the classroom and at least one workshop per year, for which a fee may be attached.
Building Design & Construction Emphasis (BIS)

The BDC BIS Emphasis will allow students to prepare for job opportunities working for residential design firms and builders, commercial architectural design firms and contractors; trade contractors and engineering firms such as mechanical, electrical, and plumbing; civil engineering firms; and various other firms related to the construction of the built environment. It provides an alternative pathway for those interested in continuing their graduate education in various disciplines relating to the built environment.

- **Program Prerequisite:** Enroll in the BIS Program with an interview with the BIS Program Coordinator. Call 801-626-7713 to talk with the BIS secretary and schedule an appointment.
- **Grade Requirements:** A grade of "C" or better in courses used toward the minor (a grade of "C-" is not acceptable.)
- **Credit Hour Requirements:** 18 total BDC credits selected with BDC Advisor.
- **Program Code:** 8081
- **CIPC:** 150101

Advisement

All program students should meet with a faculty advisor at least annually for course and program advisement. The department secretary can also assist students. Call 801-395-3427 for more information or to schedule an appointment. (Also, refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (Enrollment Services and Information).

General Education

Refer to Degree Requirements for the University Bachelor of Science requirements.

Program Learning Outcomes

- Interdisciplinary Work—Made multiple connections across three academic disciplines.
- High Impact Educational Experience—Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work—Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection—Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing—Used effective oral and written English-language skills
- Post-Graduate Planning—Planned for careers and/or graduate programs.

Course Requirements

Required Courses

- BDC 1040 CA - Introduction to Architecture (Studio 1) Credits: (3)
- BDC 1350 - Residential Design (Studio 2) Credits: (3)
- BDC 3000 SUS - Sustainable Building Design & Codes Credits: (3)
- PDD 3400 - Rendering Basics (Photoshop/3ds Max) Credits: (3)
- BDC 3660 - Structural Design & Detailing Credits: (3)
- BDC 4350 - BIM Management & Coordination Credits: (3)
**Interior Design Emphasis (BIS)**

The Interior Design Program participates in the BIS degree program. For an Interior Design emphasis, students will take a minimum of 24 credit hours as approved by the Interior Design BIS advisor.

- **Program Prerequisite:** Enroll in the BIS Program with an interview with the BIS Program Coordinator. Call 801-626-7713 to talk with the BIS secretary and schedule an appointment.
- **Grade Requirements:** Receive a minimum grade of "B" in each IDT course and also receive a minimum grade of "C" in each additional course taken for the three emphases in addition to a minimum cumulative GPA of 2.5. Classes listed on the BIS contract must be taken for a letter grade; special exams, CLEP or credit/no credit are not allowed for contract classes.
- **Program Code:** 8087
- **CIPC:** 521804

**Program Learning Outcomes**

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d)diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work-Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

**Courses Required for the Interior Design BIS Emphasis**

**Required Courses (21 credit hours)**

*Note: The following are required courses for the BIS degree. No substitutions are allowed.*

- IDT 1010 CA - Introduction to Interior Design Credits: (3)
- IDT 2020 - Computer-aided Design and Drafting Credits: (3)
- IDT 2035 - Design Process/Space Planning Credits: (3)
- IDT 2050 - Codes Credits: (2)
- IDT 3025 - Professional Practice Credits: (3)
- IDT 2060 - Sustainability II: Materials, Hard Surfaces, and Specifications Credits: (3)
- IDT 4040 - Portfolio Design Credits: (2)

**Elective Courses**

*Students should choose 3 hours from the following courses to compliment the required courses listed above.*

- IDT 1020 - Presentation Techniques Credits: (3)
- IDT 2010 - Sustainability I: Textiles and Soft Materials Credits: (3)
- IDT 2040 - Architectural Detailing Credits: (3)
- IDT 2860 - Practicum Credits: (1-2)
- IDT 2990 - Interior Design Seminar Credits: (1)
- IDT 3000 - Lighting Design Credits: (3)
- IDT 2820 - Historical Interiors Credits: (3)
- IDT 3060 - Kitchen & Bath Credits: (3)
Building Design & Construction Architectural Design Minor

The BDC Architectural Design minor will allow students to prepare for job opportunities working for residential design firms and builders, commercial architectural design firms and contractors; trade contractors and engineering firms such as mechanical, electrical, and plumbing; civil engineering firms; and various other firms related to the construction of the built environment. It provides an alternative pathway for those interested in continuing their graduate education in various disciplines relating to the built environment.

Grade Requirements: A grade of "C" or better in courses used toward the minor (a grade of "C-" is not acceptable).

Credit Hour Requirements: A minimum of 18 credit hours of BDC courses.

- Program Code: 8081
- CIPC: 150101

This program offers students who major in another discipline the option to obtain a minor in Construction Management Technology (Building Design & Construction).

Required Courses (12-13 Credits)

- BDC 1040 CA - Introduction to Architecture (Studio 1) Credits: (3) or
- IDT 1050 - Architectural Drafting Credits: (3)

- CMT 1150 - Construction Graphics Credits: (3) or
- IDT 2020 - Computer-aided Design and Drafting Credits: (3)

- BDC 1350 - Residential Design (Studio 2) Credits: (3) or
- IDT 3045 - Residential Design Credits: (3)

- CMT 2360 - Commercial Design and Codes Credits: (4) or
- IDT 4020 - Commercial Design Credits: (3)

Elective Courses (6 Credits)

Select 6 credits from below:

- BDC 3500 - Architectural Rendering & Animation Studio Credits: (3)
- BDC 4830 - Directed Studies Credits: (1-3)
- BDC 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- BDC 3000 SUS - Sustainable Building Design & Codes Credits: (3)
- BDC 3660 - Structural Design & Detailing Credits: (3)
- BDC 4350 - BIM Management & Coordination Credits: (3)
Construction Management Minor

- **Grade Requirements:** A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable) in addition to an overall GPA of 2.50 or better in all CMT courses.
- **Credit Hour Requirements:** 23 total credit hours are required as listed below.
- **Program Code:** 8085
- **CIPC:** 522001

Advisement

The CMT Minor must be cleared with the CMT Program Coordinator. Call the CMT program secretary at 801-395-3427 to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Course Requirements for Minor

**Construction Management Technology Courses Required (17 credit hours)**

- CMT 1100 - Construction Management Orientation Credits: (1)
- CMT 1150 - Construction Graphics Credits: (3)
- CMT 1220 - Construction Contracts Credits: (3)
- CMT 1310 - Materials & Methods Credits: (4)
- CMT 1550 - Construction Safety Credits: (2)
- CMT 2360 - Commercial Design and Codes Credits: (4)

**Recommended Electives (6 credit hours)**

*Select 6 hours from the following courses as approved by the CMT program coordinator.*

- CMT 1330 - Civil Materials Credits: (4)
- CMT 2210 - Construction Jobsite Management Credits: (3)
- CMT 2260 - MEP Credits: (4)
- CMT 2340 - Civil Design and Layout Credits: (4)
- CMT 2410 SUS - LEED-GA Preparation Credits: (1)
- CMT 2640 - Quantity Survey Credits: (2)
- CMT 2990 - Construction Management Seminar Credits: (0.5)
- CMT 3115 - Construction Cost Estimating Credits: (3)
- CMT 3130 - Construction Planning & Scheduling Credits: (3)
- CMT 3310 - Leadership in the Construction Industry Credits: (2)
- CMT 3370 - Preconstruction Services Credits: (3)
- CMT 4120 - Construction Accounting and Finance Credits: (3)
- CMT 4150 - Construction Equipment and Methods Credits: (3)
- CMT 4330 - Applied Structures Credits: (4)
- CMT 4350 - Temporary Structures Credits: (2)
- CMT 4510 - Design Charrette Credits: (1) or
- CMT 4520 - ASC Student Competition Credits: (1)
- CMT 4570 - Approaches to Construction Contracting Credits: (2)

Facilities Management Minor/BIS
The FM minor degree will allow students to prepare for job opportunities working for enterprises that operate out of substantial and/or high-end facilities who are interested in assuring that their capital investments in current and future facilities will support their respective missions for the desired life cycle in a cost effective manner. It provides an opportunity to students majoring in business administration, health sciences administration, theatre arts, and other areas, to make themselves more valuable to prospective employers in these fields, respectively.

- Grade Requirements: Students must receive a grade of C or better in all courses.
- Credit Hour Requirements: A total of 19 credit hours is required.
- Program Code: 8056
- CIPC: 522001

Advisement

Facilities Management students should plan to meet with the program advisor for course and program advisement. Call 801-395-3432 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Course Requirements for Facilities Management Minor

- CMT 3510 - Energy Management in Bldg. M&E Systems Credits: (4)
- CMT 3630 - Environmental Issues in FM Credits: (3)
- CMT 3680 - Facility Management Administration and Operations Credits: (4)
- CMT 4270 - Computer Aided FM Credits: (4)
- CMT 4310 - Long-term Planning in Facility Management Credits: (4)
Interior Design Minor

- **Grade Requirements:** A grade of "B" or better in all courses used toward the minor.
- **Credit Hour Requirements:** A total of 21 credit hours required.
- **Program Code:** 8087
- **CIPC:** 500408

This program offers students who major in another field the option to obtain a minor in Interior Design. No courses older than 10 years will be accepted for credit towards the minor.

Course Requirements for Interior Design Minor

Courses Required (minimum of 21 credit hours)

- IDT 1010 CA - Introduction to Interior Design Credits: (3)
- IDT 2020 - Computer-aided Design and Drafting Credits: (3)
- IDT 2035 - Design Process/Space Planning Credits: (3)
- IDT 2040 - Architectural Detailing Credits: (3)
- IDT 3025 - Professional Practice Credits: (3)
- IDT 2060 - Sustainability II: Materials, Hard Surfaces, and Specifications Credits: (3)
- IDT 4020 - Commercial Design Credits: (3)
Department of Automotive Technology

Department Chair: Scott Hadzik
Location: WSU Davis, Computer & Automotive Engineering Building
Administrative Assistant: McKena Montgomery, 801-395-3226
Advisor: Jessica Slater, jessicarees@weber.edu or jessicaslater.youcanbook.me
Outreach Coordinator: Jennifer Vesper, jennifervesper@weber.edu
Website: weber.edu/automotive

Professor: John Kelly; Associate Professor: Scott Hadzik; Assistant Professor: Brandon Stevenson; Instructors: Scott Holland, Blair Newbold, Jessica Slater

The Automotive Technology Department curriculum is a "2 + 2" design leading to both an Associate of Applied Science degree in Automotive Service Technology and a Bachelor of Science degree in Automotive Technology. A stackable Certificate of Proficiency is available to both WSU automotive and Concurrent Enrollment students.

Automotive Service Technology

Automotive Service Technology is the field of study dealing with the diagnosis, service, and repair of automobiles and light trucks. Lab and classroom courses are oriented towards technical understanding, current developments such as electronic control systems and environmental issues, the development of the students' diagnostic capabilities, and proficiency with recommended service procedures. In addition to specific technical training, supporting courses foster the interpersonal, verbal, and written communication skills needed to advance in the automotive service industry.

Certificate of Proficiency:

The Certificate of Proficiency prepares students for entry-level automotive technician positions in dealerships or at independent shops.
- Automotive Service Technology: is a stackable credential that fulfills AAS degree requirements.

Associate of Applied Science:

There are two tracks available under the Automotive Service Technology Associate of Applied Science degree.
- Independent Shop (ATEP): is a comprehensive training program covering all major manufacturers' products.
- Heavy Duty Truck: is an articulated program with several partnering institutions. Students will begin their education at a technical school and then transfer to WSU to complete the AAS degree.

The National Automotive Technicians Education Foundation (NATEF) accredits our AAS degree tracks. Partnerships with four of the world's largest automotive corporations-Chrysler, Ford, General Motors, and Toyota-assure direct access to state-of-the-art automotive technology.

Automotive Technology

The Automotive Technology program prepares graduates for employment in various automotive-related industries such as field service operations, fleet management, and technical support. In addition to specific technical training, supporting courses foster the interpersonal, verbal, and written communication skills needed to advance in the automotive service industry.

Bachelor of Science:

There are two tracks available under the Automotive Technology Bachelor of Science degree.
- Field Service Operations: is available online. Students will learn skills needed for careers in automotive management, technical sales, and customer service.
- Advanced Vehicle Systems: has on-campus requirements. Students will learn skills needed to take on a position working with the latest in automotive technology.

The Automotive Technology bachelor's degree is a "2+2" program. An AA/AS/AAS in automotive technology is a prerequisite to the BS program.
Student Organization

The Auto Tech Club encompasses the Weber Racing team. Weber Racing designs, builds, races, and mock sells a mini Baja vehicle each year. They compete in Baja SAE races across the county. All majors are welcome to join.
Automotive Service Technology (AAS)

Automotive Service Technology studies the diagnosis, service, and repair of passenger vehicles and light trucks. In addition to specific technical training, supporting courses foster the interpersonal, verbal, and written communication skills needed to advance in the automotive service industry.

- **Grade Requirements:** Minimum grade of "C" in courses required for this major in addition to an overall GPA of 2.00 or higher.
- **Credit Hour Requirements:** A total of 68 credit hours are required.
- **Assessment Requirements:** Students will be required to complete certain assessment instruments as part of the overall requirements for receiving their associate's degree. Please see the program advisor for specific information regarding the assessment.
- **Program Code:** 8097AAS with one of the following cohorts: (ATEPS or ATEPF for Independent Shop ATEP) or HDTRUCK (Heavy Duty Truck)
- **CIPC:** 470600

Advisement

**Advisor:** Jessica Slater; Schedule an Appointment

*Automotive students should meet each semester with the program advisor.*

Admission Requirements

Submit the online application to the program along with a copy of the applicants driving record. Submitting an application does not guarantee admission to the program. The advisor will contact the student if they qualify for admittance into the program.

General Education

1. A minimum of 63 credit hours.
2. A minimum of 20 hours in residency (WSU courses).
3. At least a 2.0 (C) WSU grade point average (GPA).
4. General education requirements
   - **ENGL 1010** or **ENGL 2010** and one other course in oral or written communication (6 credit hours);
   - **Math** (3 credit hours);
   - **Creative Arts & Humanities** (CA or HU) (3 credit hours);
   - **Social Sciences** (SS) (3 credit hours)

Program Learning Outcomes

- Students will demonstrate the proper use of safety equipment when performing any type of vehicle repair
- Students will locate and utilize vehicle electronic service information for all repair procedures
- Students will explain the theory of operation of vehicle systems and components
- Students will demonstrate the proper use of special service tools and hand tools when performing any type of vehicle repair
- Students will apply a proper diagnostic approach when analyzing a vehicle system fault
- Students will apply a proper repair procedure when repairing a vehicle fault
- Students will demonstrate a proper repair verification procedure when a vehicle has been prepared

Major Course Requirements for AAS Degree
Support Courses Required for All Tracks (9 credit hours)

- CHEM 1010 PS - Introductory Chemistry Credits: (3)
- CHEM 1110 PS - Elementary Chemistry Credits: (4) and
- CHEM 1115 - Elementary Chemistry Lab Credits: (1)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- WEB 1700 - Introduction to Computer Applications Credits: (3)

Track Requirements

Select one of the following tracks (see the faculty advisor for a suggested course sequence):

**Independent Shop ATEP Track**

**Automotive Service Courses Required (44 credit hours)**

- AUSV 1000 - Introduction to Automotive Service Credits: (2)
- AUSV 1010 - Automotive Technology Orientation Credits: (1)
- AUSV 1021 - Automotive Braking Systems 1 Credits: (2)
- AUSV 1023 - Automotive Braking Systems 2 Credits: (2)
- AUSV 1022 - Steering and Suspension Systems 1 Credits: (2)
- AUSV 1025 - Steering and Suspension Systems 2 Credits: (2)
- AUSV 1220 - Automotive Manual Drivetrain Systems Credits: (3)
- AUSV 1320 - Automotive Electronics 1 Credits: (2)
- AUSV 1323 - Automotive Electronics 2 Credits: (2)
- AUSV 1325 - Electrical Fundamentals 3 Credits: (3)
- AUSV 1600 - EV1 - Intro to Hybrid & EV Safety Credits: (2)
- AUSV 2520 - Automatic Transmissions Credits: (4)
- AUSV 1120 - Automotive Engines 1 Credits: (2)
- AUSV 2100 - Vehicle Communications Credits: (3)
- AUSV 2020 - Engine Control Systems Credits: (4)
- AUSV 2120 - Automotive Electrical and Body Control Systems Credits: (3)
- AUSV 2600 - EV2 - Intro to Hybrid & EV Systems Credits: (2)
- AUSV 2860 INT - Automotive Shop Practice Credits: (3-8)

**Heavy Duty Truck Track**

**Automotive Service Courses Required (40 credit hours)**

- AUSV 1000 - Introduction to Automotive Service Credits: (2)
- AUSV 1010 - Automotive Technology Orientation Credits: (1)
- AUSV 1323 - Automotive Electronics 2 Credits: (2)
- AUSV 1325 - Electrical Fundamentals 3 Credits: (3)
- AUSV 2120 - Automotive Electrical and Body Control Systems Credits: (3)
- AUSV 1071 - H D Truck Brakes Credits: (2)
- AUSV 1072 - H D Truck Steering & Suspension Credits: (3)
- AUSV 1170 - H D Truck Engines Credits: (5)
- AUSV 1270 - H D Truck Drive Mechanisms Credits: (8)
- AUSV 2170 - H D Truck Electrical Systems Credits: (3)
• AUSV 2270 - H D Truck Engine Diagnosis Credits: (3)
• AUSV 2370 - H D Truck Air Conditioning Credits: (2)
• AUSV 2860 INT - Automotive Shop Practice Credits: (3-8)
Advanced Hybrid and Electric Vehicle Certificate of Proficiency

The Certificate of Proficiency provides students with advanced hybrid and electric vehicle training to meet industry demands.

- **Grade Requirements**: Students must receive a grade of C or better in every course.
- **Credit Hour Requirements**: 16 credit hours.
- **Program Code**: 8101CP
- **CIPC**: 150803

Advisement

Advisor: Jessica Slater, Schedule an Appointment.
Automotive students should meet each semester with the program advisor.

Admission Requirements

Submit the online application to the program along with a copy of the applicants driving record. Submitting an application does not guarantee admission to the program. The advisor will contact the student if they qualify for admittance into the program.

Automotive Technology Courses Required (16 credit hours)

- ATTC 3000 - Introduction to Automotive Technology Credits: (1)
- ATTC 3260 - Advanced Electrical Systems Credits: (3)
- ATTC 3760 - Advanced Automotive Technologies Credits: (3)
- ATTC 4520 - EV3 - Hybrid & Electric Vehicle Safety Credits: (3)
- ATTC 4530 - EV4 - Hybrid and Electric Vehicle Systems Credits: (3)
- ATTC 4560 - EV5 - Hybrid & Electric Vehicle Service & Maintenance Credits: (3)

Automotive Service Technology Certificate of Proficiency

The Certificate of Proficiency prepares students for entry-level automotive technician positions in dealerships or at independent shops.

- **Grade Requirements**: Students must receive a grade of C- or better in every course.
- **Credit Hour Requirements**: A total of 15 credit hours is required.
- **Program Code**: 8064CP
- **CIPC**: 150803

Advisement

Advisor: Jessica Slater
Email: jessicarees@weber.edu
Schedule an Appointment: https://jessicaslater.youcanbook.me/
Automotive students should meet each semester with the program advisor.

Admission Requirements

Submit the online application to the program along with a copy of the applicants driving record. Submitting an application does not guarantee admission to the program. The advisor will contact the student if they qualify for admittance into the program.
Program Learning Outcomes

- Students will demonstrate the proper use of safety equipment when performing any type of vehicle repair
- Students will locate and utilize vehicle electronic service information for all repair procedures
- Students will explain the theory of operation of vehicle systems and components
- Students will demonstrate the proper use of special service tools and hand tools when performing any type of vehicle repair
- Students will apply a proper diagnostic approach when analyzing a vehicle system fault
- Students will apply a proper repair procedure when repairing a vehicle fault
- Students will demonstrate a proper repair verification procedure when a vehicle has been prepared

Course Requirements for Automotive Service Technology Certificate of Proficiency

Automotive Service Courses Required (16 credit hours)

- AUSV 1000 - Introduction to Automotive Service Credits: (2)
- AUSV 1021 - Automotive Braking Systems 1 Credits: (2)
- AUSV 1022 - Steering and Suspension Systems 1 Credits: (2)
- AUSV 1120 - Automotive Engines 1 Credits: (2)
- AUSV 1320 - Automotive Electronics 1 Credits: (2)

Take two of the following courses

- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- ENGL 1010 EN1 - Introductory College Writing Credits: (3)
- WEB 1700 - Introduction to Computer Applications Credits: (3)
Hybrid and Electric Vehicle Maintenance Certificate of Proficiency

The Certificate of Proficiency prepares students for entry-level automotive technician positions in dealerships or at independent shops.

- **Grade Requirements:** Students must receive a grade of C- or better in every course.
- **Credit Hour Requirements:** 21 credit hours.
- **Program Code:** 8102CP
- **CIPC:** 150803

Advisement

Advisor: Jessica Slater, Schedule an Appointment.
Automotive students should meet each semester with the program advisor.

Admission Requirements

Submit the online application to the program along with a copy of the applicants driving record. Submitting an application does not guarantee admission to the program. The advisor will contact the student if they qualify for admittance into the program.

Automotive Service Courses Required (21 credit hours)

- AUSV 1320 - Automotive Electronics 1 Credits: (2)
- AUSV 1323 - Automotive Electronics 2 Credits: (2)
- AUSV 1325 - Electrical Fundamentals 3 Credits: (3)
- AUSV 1600 - EV1 - Intro to Hybrid & EV Safety Credits: (2)
- AUSV 2600 - EV2 - Intro to Hybrid & EV Systems Credits: (2)
- AUSV 2020 - Engine Control Systems Credits: (4)
- AUSV 2100 - Vehicle Communications Credits: (3)
- AUSV 2120 - Automotive Electrical and Body Control Systems Credits: (3)

Automotive Technology (BS)

The Automotive Technology program prepares graduates for employment in various automotive-related industries such as field service operations, fleet management, and technical support. In addition to specific technical training, supporting courses foster the interpersonal, verbal, and written communication skills needed to advance in the automotive industry.

- **Program Prerequisite:** The Automotive Technology bachelor's degree is a "2+2" program. An AA/AS/AAS in automotive technology is a prerequisite to the BS program.
- **Minor:** Not required.
- **Grade Requirements:** Minimum grade of "C" in courses required for this major in addition to an overall GPA of 2.00 or higher.
- **Credit Hour Requirements:** A minimum of 125 to 126 credit hours is required depending upon the emphasis selected and what courses were taken as part of the associate degree. A minimum of 40 upper-division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 8100BS
- **CIPC:** 150803

Advisement

Advisor: Jessica Slater; Schedule an Appointment.
Automotive students should meet each semester with the program advisor.
Use Grad MAPs to plan your degree

Admission Requirements

Submit the online application to the program along with a copy of the applicants driving record. Submitting an application does not guarantee admission to the program. The advisor will contact the student if they qualify for admittance into the program.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. General education courses not taken as part of the associate degree may be taken during the bachelor's degree.

Program Learning Outcomes

- Students will explain the theory of operation of vehicle systems and components.
- Students will demonstrate the proper use of special service tools and hand tools when performing any type of vehicle repair.
- Students will apply a proper diagnostic approach when analyzing a vehicle system fault.
- Students will apply a proper repair procedures when repairing a vehicle fault.
- Students will demonstrate a proper repair verification procedure when a vehicle has been prepared.
- Students will be able to present and explain information summarizing advanced vehicle systems.

Major Course Requirements for BS Degree

Automotive Technology Courses Required (15 credit hours)

- ATTC 3000 - Introduction to Automotive Technology Credits: (1)
- ATTC 3760 - Advanced Automotive Technologies Credits: (3)
- ATTC 3880 INT - Cooperative Practicum Credits: (3)
- ATTC 4710 - Capstone Research Methods Credits: (2)
- ATTC 4720 - Capstone Research and Development Credits: (3)
- PS 3250 - Business Communication Credits: (3)

Automotive Electives (24 credit hours)

- ATTC 3020 - Introduction to Safety Management and Hazardous Materials Credits: (3)
- ATTC 3260 - Advanced Electrical Systems Credits: (3)
- ATTC 3520 - Fleet Management Credits: (3)
- ATTC 3620 - Automotive Business Practices Credits: (3)
- ATTC 4520 - EV3 - Hybrid & Electric Vehicle Safety Credits: (3)
- ATTC 4530 - EV4 - Hybrid and Electric Vehicle Systems Credits: (3)
- ATTC 4540 - Automated Safety and Convenience Systems Credits: (3)
- ATTC 4550 - Advanced Automotive Emissions Credits: (3)
- ATTC 4560 - EV5 - Hybrid & Electric Vehicle Service & Maintenance Credits: (3)
- ATTC 4760 - Alternate Fuel Systems Credits: (3)
- ATTC 3860 - Automotive Standards, Laws, and Regulations Credits: (3)

Support Courses Required (6 credit hours)
• PS 3203 - Customer Service Techniques Credits: (3)
• PS 3503 - Sales Planning and Forecasting Credits: (3)
• PS 3563 - Principles of Sales Supervision Credits: (3)
• PS 3702 - Developing Team Leadership Skills Credits: (2)
• PS 3903 - Sales Presentation Strategies and Techniques Credits: (3)
• PS 4203 - Ethical Sales and Service Credits: (3)
Automotive Technology (BIS)

BIS students that wish to include Automotive Technology as one of their emphasis areas should recognize that they should have a clear goal for their BIS program and capstone project. Students need to gain approval of courses for the emphasis from the Automotive Technology advisor. They will then work with a faculty mentor, in coordination with the other emphasis mentors, to develop the experiments, methods, and schedule for the project. The student is responsible for securing funding for the supplies needed for their project.

Grade Requirements: Minimum grade of "C " in courses required for this major in addition to an overall GPA of 2.00 or higher.

Credit Hour Requirements: A total of 19 credit hours is required.

Assessment Requirements: Students will be required to complete certain assessment instruments as part of the overall requirements for receiving their associate's degree. Please see the program advisor for specific information regarding the assessment.

- Program Code: 8004

Advisement

Advisor: Jessica Slater; Schedule an Appointment

Automotive Core Courses (10 credit hours)

- ATTC 3000 - Introduction to Automotive Technology Credits: (1)
- ATTC 3760 - Advanced Automotive Technologies Credits: (3)
- ATTC 4530 - EV4 - Hybrid and Electric Vehicle Systems Credits: (3)
- ATTC 4540 - Automated Safety and Convenience Systems Credits: (3)
The Department of Electrical & Computer Engineering houses three academic programs - Computer Engineering, Electrical Engineering, and Electronics Engineering Technology.

Computer Engineering is the branch of engineering that integrates the fields of electrical engineering and computer science. Computer engineers use computer hardware and software to solve engineering problems. They are trained in computer architecture, embedded systems, software design, data structures, hardware interfacing, and hardware/software integration. The Computer Engineering program offers courses in basic circuitry, microelectronics, embedded systems, algorithms, data structures, and signal processing. An internship, which gives students engineering work experience, is also part of the program. In the senior year, students complete a two-semester capstone project that integrates their course work. The program prepares graduates to enter engineering industry or pursue advanced studies in the discipline.

Electrical Engineering is the branch of engineering that deals with the design and development of electronic devices and systems such as computers, telecommunications and controls. The Electrical Engineering Program offers courses in basic analog and digital circuits, microelectronic systems, electromagnetics, embedded systems, and signal processing. An internship, which gives students engineering work experience, is also part of the program. In the senior year, students complete a two-semester capstone project that integrates their course work. The program prepares graduates to enter engineering industry or pursue advanced studies in the discipline.

Electronics Engineering Technology provides an applications-oriented education and prepares graduates to make significant contributions in technology-based career fields. The program prepares students to incorporate computer and electronic systems in solving engineering, technology, science, and manufacturing problems.

The Electrical & Computer Engineering Department offers both Bachelor of Science (BS) and Master of Science (MS) degrees in Electrical Engineering and Computer Engineering. The department also offers an Associate of Applied Science (AAS) and Bachelor of Science degrees in Electronics Engineering Technology along with a minor.

ECE and EET Courses
Biomedical Engineering (BS)

- **Program Prerequisite:** Not required.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in all BME and support courses is required for this major (a grade of "C-" is not acceptable). Students must have an overall GPA of 2.8 or higher to graduate.
- **Credit Hour Requirements:** A total of 126 credit hours is required for graduation.
- **Program Code:**
- **CIPC:**

**Program Educational Objectives**

The Objectives of the ECE undergraduate programs in Biomedical Engineering are to educate graduates to become productive, accountable, and responsible professionals in engineering who will:

1. Apply their engineering skills, through theory and application, in industry, government, society, or in graduate school;
2. Practice high technical and ethical standards and communicate their work to colleagues, industry, and professional organizations;
3. Work effectively and contribute in interdisciplinary fields while encouraging expression and valuing diversity;
4. Understand the importance of lifelong learning and continuous professional growth in a changing world as shown through self-directed learning, specialized trainings, certifications, licensing, and graduate programs.

**Accreditation**

The Weber State University Biomedical Engineering program is pursuing accreditation by the Engineering Accreditation Commission (EAC) of ABET.

**Advisement**

All Biomedical Engineering students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6898 to schedule an appointment or schedule and appointment online.

**Admission Requirements**

See an academic advisor for the College of Engineering, Applied Science and Technology to declare your program of study (major). The program is split into two parts, a pre-professional program and a professional program.

**Departmental Honors**

For information on Departmental Honors, please see the Department of Electrical & Computer Engineering website or the Honors Program.

**General Education**

Refer to Degree Requirements for Bachelor of Science degrees. Consult with your advisor and refer to the major requirements below for specific general education courses required.

**Major Course Requirements for BME (BS) Degree**
The Biomedical Engineering program is comprised of three components: (1) Pre-professional Program, (2) Professional Program, and (3) Required Support Courses.

1. Pre-professional Program

Pre-professional Program Admission Requirements:
Students must have enrolled or have all the necessary prerequisites to enroll in MATH 1210, ENGL 2010, and CHEM 1210.

- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4) and
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
- MICR 2054 LS - Principles of Microbiology Credits: (4)
- BME 1000 - Introduction to Biomedical Engineering Credits: (2) or
- ECE 1000 - Introduction to Electrical Engineering Credits: (2) or
- ENGR 1000 - Introduction to Engineering Credits: (2)
- ECE 1270 - Introduction to Electrical Circuits Credits: (4)
- ECE 1400 - Fundamentals of Engineering Computing Credits: (4)
- ECE 2260 - Fundamentals of Electrical Circuits Credits: (4)
- ECE 2700 - Digital Circuits Credits: (4)
- BME 2000 - BME Sophomore Seminar Credits: (1)
- BME 2240 - Dynamic Systems Engineering Credits: (4)

2. Professional Program

Professional Program Admission Requirements:
After completion of the pre-professional program, students are required to apply for admittance to the professional program. A minimum GPA of 2.8 in the Pre-Professional Required Courses listed above is required for application to the Professional Program.

- BME 3000 - Engineering Seminar Credits: (1)
- BME 3210 - Signals & Systems Credits: (4)
- BME 3600 - Biomedical Design and Standards Credits: (4)
- BME 3090 - Project Management Credits: (1)
- BME 3130 - Microelectronics for Biomedical Engineers Credits: (4)
- ECE 3610 - Digital Systems Credits: (4) or
- ECE 3710 - Embedded Systems Credits: (4)
- ECE 3890 INT - Internship Credits: (1)
- BME 4010 - Senior Project I Credits: (2)
- BME 4020 - Senior Project II Credits: (2)

Biomedical Engineering Elective Courses (minimum of 15 credit hours)
Select 15 credit hours from the following courses. At least 6 credits must come from 4000 or 5000 level courses.

- ECE 5420 - Digital Communication Credits: (3)
- ECE 5440 - Optical Communication Systems Credits: (3)
- ECE 5510 - Advanced Power Systems Credits: (3)
- ECE 5620 - Digital System Testing Credits: (3)
- ECE 5640 - Model-based Systems Engineering Credits: (3)
- ECE 5710 - Real-Time Systems Credits: (4)
- ECE 5730 - Robotics Credits: (3)
- ECE 5800 - Individual Studies Credits: (1-4)
- ECE 5900 - Special Topics Credits: (1-4)
- ECE 5110 - Digital VLSI Design Credits: (3)
- ECE 5130 - Advanced Semiconductor Devices Credits: (3)
- ECE 5140 - Sensors and Instrumentation Credits: (3)
- ECE 5210 - Digital Signal Processing Credits: (3)
- ECE 5220 - Image Processing Credits: (3)
- ECE 5230 - Engineering Applications in Deep Learning Credits: (3)
- ECE 5310 - Electromagnetics II Credits: (3)
- ECE 5320 - Antennas and Wave Propagation Credits: (3)
- ECE 5410 - Communication Circuits and Systems Credits: (3)
- ECE 3310 - Electromagnetics I Credits: (4)
- CS 5600 - Machine Learning Credits: (3)
- CS 5610 - Computer Architecture Credits: (3)
- CHEM 3070 - Biochemistry I Credits: (3)
- CHEM 3080 - Biochemistry II Credits: (3)
- NEUR 3850 - Clinical Neuroscience Credits: (3)
- NEUR 3950 - Cellular and Molecular Neuroscience Credits: (3)
- MICR 3254 - Immunology Credits: (4)
- MICR 3305 - Medical Microbiology Credits: (5)
- MICR 4354 - Industrial Microbiology and Biotechnology Credits: (4)

3. Support Courses Required

- CHEM 2310 - Organic Chemistry I Credits: (4) and
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- ECON 2010 SS - Principles of Microeconomics Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- HTHS 1104 - Introductory Human Anatomy and Physiology Credits: (3) or
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) or
- ZOOL 2200 LS - Human Physiology Credits: (4)
- ENGL 3100 - Professional and Technical Writing Credits: (3) or
- PS 3250 - Business Communication Credits: (3)
Computer Engineering (BS)

Program Prerequisite: Not required.
Minor: Not required.
Grade Requirements: A grade of "C" or better in all ECE and support courses is required for this major (a grade of "C-" is not acceptable). Students must have an overall GPA of 2.5 or higher to graduate.
Credit Hour Requirements: A total of 126 credit hours is required for graduation.
Program Code: 8074BS
CIPC: 140901

Program Educational Objectives

The Objectives of the ECE undergraduate programs in Electrical and Computer Engineering are to educate graduates to become productive, accountable, and responsible professionals in engineering who will:
1. Apply their engineering skills, through theory and application, in industry, government, society, or in graduate school;
2. Practice high technical and ethical standards and communicate their work to colleagues, industry, and professional organizations;
3. Work effectively and contribute in interdisciplinary fields while encouraging expression and valuing diversity;
4. Understand the importance of lifelong learning and continuous professional growth in a changing world as shown through self-directed learning, specialized trainings, certifications, licensing, and graduate programs.

Accreditation

The Weber State University Computer Engineering program is accredited by the Engineering Accreditation Commission (EAC) of ABET.

Advisement

All Computer Engineering students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6898 for the name of your advisor and to schedule an appointment. Individual student records are accessible through the WSU Home Page.

Admission Requirements

See an academic advisor for the College of Engineering, Applied Science and Technology to declare your program of study (major). The program is split into two parts, a pre-professional program and a professional program. By declaring your major you will be added to the pre-professional program.

Departmental Honors

For information on Departmental Honors, please see the Electrical & Computer Engineering website at weber.edu/ece or the Honors Program.

General Education

Refer to Degree Requirements for Bachelor of Science degrees. Consult with your advisor and refer to the major requirements below for specific general education courses required.

Program Learning Outcomes
• An ability to apply knowledge of mathematics, science and engineering.
• An ability to design and conduct experiments, as well as to analyze and interpret data.
• An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability.
• An ability to function on multi-disciplinary teams.
• An ability to identify, formulate and solve engineering problems.
• An understanding of professional and ethical responsibility.
• An ability to communicate effectively.
• The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental and societal context.
• A recognition of the need for, and an ability to engage in, life-long learning.
• A knowledge of contemporary issues.
• An ability to use the techniques, skills and modern engineering tools necessary for engineering practice.

Major Course Requirements for Computer Engineering BS Degree

The Computer Engineering program is comprised of three components: (1) Pre-professional Program, (2) Professional Program, and (3) Required Support Courses.

1. Pre-professional Program

Pre-Professional Program Admission Requirements
Students must have enrolled or have all the necessary prerequisites to enroll in MATH 1210 - Calculus I and ENGL 2010 EN2 - Intermediate College Writing.

Pre-Professional Required Courses
• MATH 1210 - Calculus I Credits: (4)
• MATH 1220 - Calculus II Credits: (4)
• BME 2240 - Dynamic Systems Engineering Credits: (4) or
• MATH 2250 - Linear Algebra and Differential Equations Credits: (4)
  or both
• MATH 2270 - Elementary Linear Algebra Credits: (3) and
• MATH 2280 - Ordinary Differential Equations Credits: (3)
• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
• ECE 1000 - Introduction to Electrical Engineering Credits: (2) or
• ENGR 1000 - Introduction to Engineering Credits: (2)
• ECE 1270 - Introduction to Electrical Circuits Credits: (4)
• ECE 1400 - Fundamentals of Engineering Computing Credits: (4)
• ECE 2260 - Fundamentals of Electrical Circuits Credits: (4)
• ECE 2700 - Digital Circuits Credits: (4)
• CS 1400 - Programming I Credits: (4) or
• CS 2250 - Structured Computing in a Selected Language Credits: (4)
• CS 1410 - Object-Oriented Programming Credits: (4)

2. Professional Program
Professional Program Admission Requirements
After completion of the pre-professional program, students are required to apply for admittance to the professional program. A minimum GPA of 2.8 in the Pre-Professional Required Courses listed above is required for application to the Professional Program.

- ECE 3000 - Engineering Seminar Credits: (1)
- ECE 3090 - Project Management Credits: (1)
- ECE 3110 - Microelectronics I Credits: (4)
- ECE 3210 - Signals and Systems Credits: (4)
- ECE 3610 - Digital Systems Credits: (4)
- ECE 3710 - Embedded Systems Credits: (4)
- ECE 3890 INT - Internship Credits: (1)
- ECE 4010 CEL - Senior Project I Credits: (2)
- ECE 4020 CEL - Senior Project II Credits: (2)

ECE and CS Elective Courses (Select Four Courses)

Select four courses totaling 12 or more credit hours from the following list. At least 1 course with a CS prefix and 1 course with an ECE prefix is required.

- ECE 4100 - Control Systems Credits: (4)
- ECE 5110 - Digital VLSI Design Credits: (3)
- ECE 5130 - Advanced Semiconductor Devices Credits: (3)
- ECE 5140 - Sensors and Instrumentation Credits: (3)
- ECE 5210 - Digital Signal Processing Credits: (3)
- ECE 5220 - Image Processing Credits: (3)
- ECE 5230 - Engineering Applications in Deep Learning Credits: (3)
- ECE 5410 - Communication Circuits and Systems Credits: (3)
- ECE 5420 - Digital Communication Credits: (3)
- ECE 5440 - Optical Communication Systems Credits: (3) *
- ECE 5620 - Digital System Testing Credits: (3)
- ECE 5640 - Model-based Systems Engineering Credits: (3)
- ECE 5710 - Real-Time Systems Credits: (4)
- ECE 5730 - Robotics Credits: (3)
- ECE 5750 - Quantum Computer Engineering Credits: (3)
- ECE 5800 - Individual Studies Credits: (1-4)
- ECE 5900 - Special Topics Credits: (1-4)
- CS 4110 - Concepts of Formal Languages and Algorithms for Computing Credits: (4)
- CS 4280 - Computer Graphics Credits: (4) *
- CS 4450 - Advanced Software Engineering Methods Credits: (4) *
- CS 5100 - Distributed Operating Systems Credits: (3)
- CS 5200 - The Internet of Things Credits: (3)
- CS 5420 - Advanced Algorithms Credits: (3)
- CS 5500 - Advanced Artificial Intelligence Credits: (3)
- CS 5600 - Machine Learning Credits: (3)
- CS 5610 - Computer Architecture Credits: (3) *
- CS 5740 - Computer Systems Security Credits: (3)
- CS 5820 - Compiler Design Credits: (3)
- CS 5840 - Formal System Design Credits: (3) *
- CS 5850 - Parallel Programming and Architecture Credits: (3)
- MATH 4160 - Introduction to Mathematical Cryptography Credits: (3)

*Course has prerequisites external to the Computer Engineering program.

3. Support Courses Required
- ENGL 3100 - Professional and Technical Writing Credits: (3) or
- PS 3250 - Business Communication Credits: (3)
- MATH 3410 - Probability and Statistics I Credits: (3) or
- ECE 3430 - Engineering Probability and Statistics Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- ECON 2010 SS - Principles of Microeconomics Credits: (3)
- CS 2130 - Computational Structures Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
- CS 2810 - Computer Architecture/Organization Credits: (4)
Electrical Engineering (BS)

Program Prerequisite: Not required.
Minor: Not required.
Grade Requirements: A grade of "C" or better in all ECE and support courses is required for this major (a grade of "C-" is not acceptable). Students must have an overall GPA of 2.5 or higher to graduate.
Credit Hour Requirements: A total of 126 credit hours is required for graduation.
Program Code: 8071BS
CIPC: 141001

Program Educational Objectives

The Objectives of the ECE undergraduate programs in Electrical and Computer Engineering are to educate graduates to become productive, accountable, and responsible professionals in engineering who will:

1. Apply their engineering skills, through theory and application, in industry, government, society, or in graduate school;
2. Practice high technical and ethical standards and communicate their work to colleagues, industry, and professional organizations;
3. Work effectively and contribute in interdisciplinary fields while encouraging expression and valuing diversity;
4. Understand the importance of lifelong learning and continuous professional growth in a changing world as shown through self-directed learning, specialized trainings, certifications, licensing, and graduate programs.

Accreditation

The Weber State University Electrical Engineering program is accredited by the Engineering Accreditation Commission (EAC) of ABET.

Advisement

All Electrical Engineering students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6898 for the name of your advisor and to schedule an appointment. Individual student records are accessible through the WSU Home Page.

Admission Requirements

See an academic advisor for the College of Engineering, Applied Science and Technology to declare your program of study (major). The program is split into two parts, a pre-professional program and a professional program.

Departmental Honors

For information on Departmental Honors, please see the Department of Electrical & Computer Engineering website at weber.edu/ece or the Honors Program.

General Education

Refer to Degree Requirements for Bachelor of Science degrees. Consult with your advisor and refer to the major requirements below for specific general education courses required.

Program Learning Outcomes
• An ability to apply knowledge of mathematics, science and engineering.
• An ability to design and conduct experiments, as well as to analyze and interpret data.
• An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability.
• An ability to function on multi-disciplinary teams.
• An ability to identify, formulate and solve engineering problems.
• An understanding of professional and ethical responsibility.
• An ability to communicate effectively.
• The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental and societal context.
• A recognition of the need for, and an ability to engage in, life-long learning.
• A knowledge of contemporary issues.
• An ability to use the techniques, skills and modern engineering tools necessary for engineering practice.

Major Course Requirements for EE BS Degree

The Electrical Engineering program is comprised of three components: (1) Pre-professional Program, (2) Professional Program, and (3) Required Support Courses.

1. Pre-professional Program

Pre-professional Program Admission Requirements
Students must have enrolled or have all the necessary prerequisites to enroll in MATH 1210 - Calculus I, ENGL 2010EN2 - Intermediate College Writing, and CHEM 1210 PS - Principles of Chemistry I.

Pre-Professional Required Courses
- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- MATH 2210 - Calculus III Credits: (4)
- BME 2240 - Dynamic Systems Engineering Credits: (4) or
- MATH 2250 - Linear Algebra and Differential Equations Credits: (4)
  or both
- MATH 2270 - Elementary Linear Algebra Credits: (3) and
- MATH 2280 - Ordinary Differential Equations Credits: (3)
- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
- ECE 1000 - Introduction to Electrical Engineering Credits: (2) or
- ENGR 1000 - Introduction to Engineering Credits: (2)
- ECE 1270 - Introduction to Electrical Circuits Credits: (4)
- ECE 1400 - Fundamentals of Engineering Computing Credits: (4)
- ECE 2280 - Fundamentals of Electrical Circuits Credits: (4)
- ECE 2700 - Digital Circuits Credits: (4)

2. Professional Program

Professional Program Admission Requirements
After completion of the pre-professional program, students are required to apply for admittance to the professional program. A minimum GPA of 2.8 in the Pre-Professional Required Courses listed above is required for application to the Professional Program.

**Professional Program Required Courses**

- ECE 3000 - Engineering Seminar Credits: (1)
- ECE 3110 - Microelectronics I Credits: (4)
- ECE 3120 - Microelectronics II Credits: (4)
- ECE 3210 - Signals and Systems Credits: (4)
- ECE 3310 - Electromagnetics I Credits: (4)
- ECE 3510 - Power Systems Credits: (4) or
- ECE 3610 - Digital Systems Credits: (4)
- ECE 3710 - Embedded Systems Credits: (4)
- ECE 3890 INT - Internship Credits: (1)
- ECE 3090 - Project Management Credits: (1)
- ECE 4010 CEL - Senior Project I Credits: (2)
- ECE 4020 CEL - Senior Project II Credits: (2)
- ECE 4100 - Control Systems Credits: (4)

**Electrical Engineering Elective Courses (minimum of 12 credit hours)**

*Select 12 credit hours from the following 4000 & 5000 level courses*

- ECE 5110 - Digital VLSI Design Credits: (3)
- ECE 5120 - Analog VLSI Design Credits: (3)
- ECE 5130 - Advanced Semiconductor Devices Credits: (3)
- ECE 5140 - Sensors and Instrumentation Credits: (3)
- ECE 5210 - Digital Signal Processing Credits: (3)
- ECE 5220 - Image Processing Credits: (3)
- ECE 5230 - Engineering Applications in Deep Learning Credits: (3)
- ECE 5310 - Electromagnetics II Credits: (3)
- ECE 5320 - Antennas and Wave Propagation Credits: (3)
- ECE 5410 - Communication Circuits and Systems Credits: (3)
- ECE 5420 - Digital Communication Credits: (3)
- ECE 5440 - Optical Communication Systems Credits: (3)
- ECE 5510 - Advanced Power Systems Credits: (3)
- ECE 5620 - Digital System Testing Credits: (3)
- ECE 5640 - Model-based Systems Engineering Credits: (3)
- ECE 5710 - Real-Time Systems Credits: (4)
- ECE 5730 - Robotics Credits: (3)
- ECE 5750 - Quantum Computer Engineering Credits: (3)
- ECE 5800 - Individual Studies Credits: (1-4)
- ECE 5900 - Special Topics Credits: (1-4)
- CS 5610 - Computer Architecture Credits: (3)
- MATH 4160 - Introduction to Mathematical Cryptography Credits: (3)

3. **Support Courses Required**

- ENGL 3100 - Professional and Technical Writing Credits: (3) or
- PS 3250 - Business Communication Credits: (3)
- MATH 3410 - Probability and Statistics Credits: (3) or
- ECE 3430 - Engineering Probability and Statistics Credits: (3)
• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
• ECON 2010 SS - Principles of Microeconomics Credits: (3)
Master of Science in Computer Engineering (MSCE)

- **Grade Requirements**: An MSCE student must complete all program courses, including electives, with a grade of "B-" or higher. In addition, the overall program GPA must be 3.0 or higher.
- **Credit Hour Requirements**: The program requires a minimum of 30 semester hours beyond a bachelor's degree in computer engineering.
- **Program Code**: 8073MSCE
- **CIPC**: 140901

Once enrolled, a student must register for at least one MSCE course each semester, excepting summers, until graduation. Students who fail to do so must petition for readmission into the program.

Admissions Requirements

Applicants for admission into the Master of Science in Computer Engineering program must possess a bachelor's degree or be in the final stage of completing the degree. An overall GPA of 3.0 is required from the undergraduate program in which the bachelor's degree is earned.

Applicants will submit:
- Completed application
- Current resume
- Official transcripts (domestic applicants) or credential evaluation reports (international applicants) for all institutions of higher education (except Weber) that pertain to the bachelor's degree
- Scores from the GRE (Students with a GPA of 3.5 or higher in the BS/MS combined program are exempt.)
- Contact information for three references, at least one from a professional context and one from an academic context

Additional Admission Requirements for International Students

All international students and any applicant educated outside the U.S. must demonstrate proficiency in English. Those whose native language is not English, or whose language of instruction for their undergraduate degree was not English, will be required to submit an official score from the Test of English as a Foreign Language (TOEFL) or International Language Testing System (IELTS) which is not more than two years old. Applicants are required to have an internet-based TOEFL score of 79 (with a minimum of 17 in each category) or a minimum IELTS score of 6.5.

Application

The application for admission to the Master of Science in Computer Engineering program must be submitted online. Official transcripts from each institution of higher education attended and all test scores must be sent directly to the WSU Department of Engineering.

Deadlines for application are the first Friday in November for students enrolling in spring semester and the first Friday in May for students enrolling in fall semester. Completed applications are considered by the Admissions Committee after each application deadline

Advisement

For questions concerning academic advisement, the primary source of contact is the program director. Students should meet with the director at least once a year while enrolled. For issues regarding registration and scheduling, students should contact either the Administrative Specialist for the Department of Electrical & Computer Engineering.

Program Learning Outcomes

- Demonstrate the ability to apply knowledge of math, science and engineering.
- Demonstrate the ability to design a system, component or process.
• Demonstrate the ability to identify, formulate and solve engineering problems.
• Demonstrate the ability to apply master's level knowledge to the specialized area of computer engineering.

Leveling Courses

After being accepted, students who have not graduated from an ABET accredited Computer Engineering program may be required to demonstrate competency in one or more of the following courses:

• CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
• CS 2810 - Computer Architecture/Organization Credits: (4)
• CS 3100 - Operating Systems Credits: (4)
• ECE 3110 - Microelectronics I Credits: (4)
• ECE 3210 - Signals and Systems Credits: (4)
• ECE 3610 - Digital Systems Credits: (4)
• MATH 3410 - Probability and Statistics I Credits: (3)

• CS 2810 - Computer Architecture/Organization Credits: (4)

• OR BOTH
• MATH 2250 - Linear Algebra and Differential Equations Credits: (4) OR BOTH
• MATH 2270 - Elementary Linear Algebra Credits: (3) AND
• MATH 2280 - Ordinary Differential Equations Credits: (3)

Coursework (24-26 credit hours)

Eight of the following courses (minimum 24 credit hours) are required. At least two courses must have a CS prefix and at least two courses must have an ECE prefix.

• ECE 6110 - Digital VLSI Design Credits: (3)
• ECE 6130 - Advanced Semiconductor Devices Credits: (3)
• ECE 6140 - Sensors and Instrumentation Credits: (3)
• ECE 6210 - Digital Signal Processing Credits: (3)
• ECE 6220 - Image Processing Credits: (3)
• ECE 6230 - Engineering Applications in Deep Learning Credits: (3)
• ECE 6410 - Communication Circuits and Systems Credits: (3)
• ECE 6420 - Digital Communication Credits: (3)
• ECE 6440 - Optical Communication Systems Credits: (3)
• ECE 6620 - Digital System Testing Credits: (3)
• ECE 6640 - Model-Based Systems Engineering Credits: (3)
• ECE 6710 - Real-Time Systems Credits: (4)
• ECE 6730 - Robotics Credits: (3)
• ECE 6750 - Quantum Computer Engineering Credits: (3)
• ECE 6800 - Individual Studies Credits: (1-3)
• ECE 6900 - Special Topics Credits: (1-4)
• CS 6100 - Distributed Operating Systems Credits: (3)
• CS 6200 - The Internet of Things Credits: (3)
• CS 6420 - Advanced Algorithms Credits: (3)
• CS 6500 - Advanced Artificial Intelligence Credits: (3)
• CS 6600 - Machine Learning Credits: (3)
• CS 6610 - Computer Architecture Credits: (3)
• CS 6740 - Computer Systems Security Credits: (3)
• CS 6820 - Compiler Design Credits: (3)
• CS 6840 - Formal System Design Credits: (3)
• CS 6850 - Parallel Programming and Architecture Credits: (3)

Thesis or Design Project (6 credit hours)
MSCE Students are required to either (a) perform original research that results in a thesis, (b) complete a substantial engineering design project, or (c) take an additional 6 credits of approved coursework.

For students taking the thesis option, a total of 6 or more credits of ECE 6020 is required for a thesis. Students must be enrolled in ECE 6020 at the time of their defense.

For students taking the project option, a total of 6 or more credits of ECE 6010 is required for a project. Students must be enrolled ECE 6010 at the time of their final design review.

The thesis or project report must meet formatting requirements and be submitted to the Department of Electrical and Computer Engineering for approval prior to graduation.

For students taking the coursework option, a total of 6 or more credits of 6000-level coursework are required. At least one course must have an ECE prefix and the other must have a CS prefix.

- ECE 6010 - Design Project Credits: (2-6)
- ECE 6020 - Thesis Credits: (2-6)
Master of Science in Electrical Engineering (MSEE)

- **Grade Requirements:** An MSEE student must complete all program courses, including electives, with a grade of "B-" or higher. In addition, the overall program GPA must be 3.0 or higher.
- **Credit Hour Requirements:** The program requires a minimum of 30 semester hours beyond a bachelor's degree in electrical engineering. Credits applied to graduation from another program are not accepted.
- **Program Code:** 8084MS
- **CIPC:** 141001

*Once enrolled, a student must register for at least one MSEE course each semester, excepting summers, until graduation.*

*Students who fail to do so must petition for readmission into the program.*

Admissions Requirements

Applicants for admission into the Master of Science in Electrical Engineering program must possess a bachelor's degree or be in the final stage of completing the degree. An overall GPA of 3.0 is required from the undergraduate program in which the bachelor's degree is earned.

Applicants will submit:
- Completed application
- Current resume
- Official transcripts from every institution of higher education attended
- Official GRE Scores
- Contact information for three references, at least one from a professional context and one from an academic context

Additional Admission Requirements for International Students

All international students and any applicant educated outside the U.S. must demonstrate proficiency in English. Those whose native language is not English, or whose language of instruction for their undergraduate degree was not English, will be required to submit a score from the Test of English as a Foreign Language (TOEFL) or International Language Testing System (IELTS) which is not more than two years old. Applicants are required to have an internet-based TOEFL score of 79 (with a minimum of 17 in each category) or a minimum IELTS score of 6.5.

Application

The application for admission to the Master of Science in Electrical Engineering program must be submitted online. Official transcripts from each institution of higher education attended and all test scores must be sent directly to the WSU Department of Engineering.

Deadlines for application are the first Friday in November for students enrolling in spring semester and the first Friday in May for students enrolling in fall semester. Completed applications are considered by the Admissions Committee after each application deadline.

Advisement

For questions concerning academic advisement, the primary source of contact is the program director. Students should meet with the director at least once a year while enrolled. For issues regarding registration and scheduling, students should contact the Administrative Specialist for the Department of Electrical & Computer Engineering

Program Learning Outcomes
• Demonstrate the ability to apply knowledge of math, science and engineering.
• Demonstrate the ability to design a system, component or process.
• Demonstrate the ability to identify, formulate and solve engineering problems.
• Demonstrate the ability to apply master's level knowledge to the specialized area of electrical engineering.

Leveling Courses

After being accepted, students who have not graduated from an ABET accredited Electrical Engineering program must demonstrate the ability to pass the following courses:

• ECE 3110 - Microelectronics I Credits: (4)
• ECE 3210 - Signals and Systems Credits: (4)
• ECE 3310 - Electromagnetics I Credits: (4)
• ECE 3610 - Digital Systems Credits: (4)
• MATH 3410 - Probability and Statistics I Credits: (3)

• MATH 2250 - Linear Algebra and Differential Equations Credits: (4) OR BOTH
• MATH 2270 - Elementary Linear Algebra Credits: (3) AND
• MATH 2280 - Ordinary Differential Equations Credits: (3)

Course Requirements for MSEE

Elective Courses (8 courses required, minimum 24 credit hours):

• ECE 6110 - Digital VLSI Design Credits: (3)
• ECE 6120 - Analog VLSI Design Credits: (3)
• ECE 6130 - Advanced Semiconductor Devices Credits: (3)
• ECE 6140 - Sensors and Instrumentation Credits: (3)
• ECE 6210 - Digital Signal Processing Credits: (3)
• ECE 6220 - Image Processing Credits: (3)
• ECE 6230 - Engineering Applications in Deep Learning Credits: (3)
• ECE 6310 - Electromagnetics II Credits: (3)
• ECE 6320 - Antennas and Wave Propagation Credits: (3)
• ECE 6410 - Communication Circuits and Systems Credits: (3)
• ECE 6420 - Digital Communication Credits: (3)
• ECE 6440 - Optical Communication Systems Credits: (3)
• ECE 6510 - Advanced Power Systems Credits: (3)
• ECE 6620 - Digital System Testing Credits: (3)
• ECE 6640 - Model-Based Systems Engineering Credits: (3)
• ECE 6710 - Real-Time Systems Credits: (4)
• ECE 6730 - Robotics Credits: (3)
• ECE 6750 - Quantum Computer Engineering Credits: (3)
• ECE 6800 - Individual Studies Credits: (1-3)
• ECE 6900 - Special Topics Credits: (1-4)
• CS 6610 - Computer Architecture Credits: (3)

Thesis, Design Project, or Additional Coursework (6 credit hours)

MSEE students are required to either (a) perform original research that results in a thesis, (b) complete a substantial engineering design project, or (c) take an additional 6 credits of approved coursework.

For students taking the thesis option, a total of 6 or more credits of ECE 6020 is required for a thesis. Students must be enrolled in ECE 6020 at the time of their defense.

For students taking the project option, a total of 6 or more credits of ECE 6010 is required for a project. Students must be enrolled ECE 6010 at the time of their final design review.
The thesis or project report must meet formatting requirements and be submitted to the Department of Electrical and Computer Engineering for approval prior to graduation. For students taking the coursework option, a total of 6 or more credits of 6000-level coursework with an ECE prefix are required.

- ECE 6010 - Design Project Credits: (2-6)
- ECE 6020 - Thesis Credits: (2-6)
Department of Manufacturing and Systems Engineering

Department Chair: George Comber
Location: Engineering Technology Building, Room 214
Telephone Contact: Sheri Eddington, 801-626-6305
Professors: Mark Baugh, George Comber, Kelly Harward, Rick Orr, Kerry Tobin, Glen West; Associate Professor: Megumi Usui; Assistant Professors: David Wetzel; Instructors: Nicole Falkenberg, Taylor Foss, Samuel Hunter, Justin Knighton, Jeffry Strahan

Department of Manufacturing and System Engineering (M&SE) education focuses primarily on the aspects of science and engineering aimed at preparing graduates for practice in that portion of the technological spectrum closest to product improvement, industrial processes, and operational functions. The M&SE programs at Weber State prepare individuals for a wide variety of positions in industrial, manufacturing, production, product design and development businesses and industries. The study of engineering and engineering technology requires a knowledge of mathematical, scientific, and engineering principles in combination with a strong applications-orientation in support of engineering activities. The M&SE department offers a verity of AAS and BS degrees in the following engineering and engineering technology programs:

- Manufacturing Systems Engineering (BS) Manufacturing Engineering Technology (AAS, BS)
  - Concentration:
    - Production Operations and Control
    - Welding
    - Plastics and Composites
- Product Design and Development: An Engineering Technology (AAS, BS)
- General Technology (AAS)
- Controls Technology (AAS)

The BS degrees in these programs are accredited by the Engineering Technology Accreditation Commission of ABET, http://www.abet.org.

Manufacturing Systems Engineering

Program Coordinator: Mary Foss
Location: Engineering Technology Building, Room 214
Telephone Contact: Sheri Eddington, 801-626-6305

Manufacturing Systems (process) Engineering is the branch of Industrial and Systems engineering that addresses the analysis and design of systems involving the human interaction with machines or nature. Such systems are highly complex and require modeling of the variability introduced by the human element. Operations are optimized and made more robust by incorporating these models into the overall system design. The focus of the Bachelor of Science in Manufacturing Systems Engineering (MSE) is on the training of students in facility design and modeling / simulations, including material handling. The Manufacturing Systems (process) Engineers is an eclectic professional that turn ideas into reality. They play key roles in the creation of almost every single product that you see or use, from biomedical to computers, from sport equipment to aerospace. The challenges of creating new processes and using new materials to meet future needs, relieving human drudgery by automating dangerous and onerous production processes, and forming and leading teams of engineering experts are all examples of a few of the numerous opportunities for which the Manufacturing Systems Engineering Program prepares its students.

Manufacturing Engineering Technology

Program Coordinator: Rick Orr
Location: Engineering Technology Building, Room 214
Telephone Contact: Sheri Eddington, 801-626-6305

The Weber State Manufacturing Engineering Technology (MFET) program has long been recognized as one of the outstanding manufacturing technology programs in the country. Students may choose among three concentration areas; Production Operations and Controls, Welding, or Plastics and Composites. The Production Operations and Controls Concentration is designed to prepare the student for professional employment in industry by giving them fundamental knowledge and skills in a broad range of manufacturing disciplines, manufacturing processes and automation. These include process selection and planning, tool and machine design, material selection and treatment, programmable logic controllers, mechatronics, robotics, Six Sigma, and lean manufacturing. State-of-the-art laboratories give students hands-on experiences with CNC machine tools, robotics, programmable logic controllers, systems integration and the latest in a variety of CAD/ CAM systems. Yearlong required senior projects have included industrial equipment, drones, crash simulators for the Utah Highway Patrol, electric...
vehicles, innovative products, computer integrated manufacturing cells and many fun projects that help students gain confidence in their abilities while gaining additional insight and skills in both teamwork and human relations.

The Manufacturing Engineering Technology Welding Concentration is designed to produce welding engineering technology graduates that are involved in the concept, design, engineering, and metallurgy of weldments and implementation of welding processes in any manufacturing or technical industry. The MFET Welding Concentration has six main areas of study: welding and manufacturing, design and structural, metallurgical, quality assurance, electrical, and management. Courses are designed to give students the background to solve welding related issues in a variety of industry settings. Students will learn how to set up welding quality systems with procedures and qualifications. Most classes have labs where students receive hands on training to complement the classroom instruction. Students complete a senior project with a team that brings together their experience and education.

The Manufacturing Engineering Technology Plastics and Composite Concentration prepares students for professional employment in the plastic/composite industry. Students will learn firsthand about the complex interdependence between plastic/composite process, materials, tooling, and part design. The design portion of the concentration will provide the knowledge and skills required to fulfill a number of career roles that focus on the product development process, which includes plastic part design. Another phase of this education delves into the differences between the many types of plastics as well as the properties which differentiate plastics from other materials. This emphasis will also expose the students to a wide variety of tooling from the many plastic disciplines. This includes injection, thermoforming, blow molding, extrusion dies and high/low tech composite molds. This exposure provides the students with a keen understanding of the function, construction, and multi-component interactions involved in well-constructed plastics tooling.
Product Design and Development: An Engineering Technology

Program Coordinator: Megumi Usui
Location: Engineering Technology Building, Room 214
Telephone Contact: Sheri Eddington, 801-626-6305

The Product Design and Development program prepares students to develop product design and development drawings, 3D models, reports, presentations, technical illustrations, interactive multimedia, and animations for industry. Students will develop their graphical skills, techniques, concepts, and management skills through exercises and projects. They will work in mechanical, electrical, and structural disciplines. Students will use calculators, computers, handbooks, and engineering reference materials while applying various mathematical concepts from geometry, algebra, and trigonometry.

Controls Technology (AAS)

Grade Requirements: A grade of "C" or better in all required and support courses (a grade of "C-" is acceptable). Students must have an overall GPA of 2.5 or higher to graduate.

Credit Hour Requirements: A minimum of 69 credit hours is required with a minimum of 23 credit hours in the major with a block of 25 credit hours for the Applied Technology College (ATC) Industrial Automation Maintenance Technician (IAMT) certification. Transfer students are required to take a minimum of 20 credit hours at Weber State University.

- Program Code: 8079AAS
- CIPC: 150406

Advisement

All Engineering Technology students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6305 to schedule an appointment.

Admission Requirements

See the department secretary to declare your program of study (major - see Enrollment Services and Information). No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Associate of Applied Science requirements. Consult with your advisor for specific general education guidelines.

Course Requirements for Controls Technology AAS Degree

Required Engineering Technology Courses (23 credit hours)

- EET 1130 - Digital Systems Credits: (4)
- EET 1140 - DC Circuits Credits: (3)
- EET 2010 - AC Circuits Credits: (3)
- EET 2120 - Power and Motors Credits: (4)
- EET 2170 - Industrial Controls Credits: (3)
- MFET 2410 - Quality Concepts and Statistical Applications Credits: (3)
- MFET 4580 - Process Automation II & Robotics Credits: (1)
- MFET 4585 - Process Automation II Lab Credits: (2)

Required Support Course (25 credit hours)
Students must complete the Industrial Automation Maintenance certification consisting of at least 900 hours at the collaborating ATCs: DATC, OWATC, BATC. The certificate will transfer as a block of 25 credit hours toward the Controls Technology degree.

**Required General Education Courses (21 credit hours)**

- **COMM 2110 HU CEL - Interpersonal and Small Group Communication** Credits: (3)
- **ECON 1010 SS - Economics as a Social Science** Credits: (3)
- **ENGL 1010 EN1 - Introductory College Writing** Credits: (3)
- **MATH 1010 - Intermediate Algebra** Credits: (4-5)
- **MATH 1060 QL - Trigonometry** Credits: (3)
- **PHYS 1010 PS - Elementary Physics** Credits: (3)
- **WEB 1701 - Document Creation** Credits: (1)
- **WEB 1703 - Data Manipulation, Visualization, and Presentation** Credits: (1)

**General Technology (AAS)**

- **Program Prerequisite:** A 900 hour minimum certificate from a WSU approved DTC or OWTC program awarded within 5 years of beginning the AAS in General Technology Program.
- **Grade Requirements:** A grade of "C" or better in all core and elective courses (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher.
- **Credit Hour Requirements:** A minimum of 63.5 credit hours (includes exactly 30 transfer credit hours for completing an approved 900-hour or more certificate program at DTC or OWTC awarded within 5 years of beginning the AAS program. Residency (WSU courses): Must complete a minimum of 20 credit hours.
- **Program Code:** 8061AAS
- **CIPC:** 470000

**Advisement**

All General Technology students are required to meet with the WSU College of Engineering, Applied Science & Technology (EAST) academic advisor before entering the program to establish a program contract plan. Students will also be required to meet with the EAST academic advisor at least annually for ongoing course and program advisement.

**Admission Requirements**

Regular university admission requirements and a completed 900 hour minimum approved technical specialty certificate from OWTC or DTC awarded within 5 years of beginning the AAS program. Students with an approved 900-hour minimum ATC technical certificate awarded within 5 years of beginning the AAS program will receive 30 hours of transfer elective credit toward an AAS in General Technology degree upon completion of all WSU graduation requirements for the AAS in General Technology. Approval by the College of Engineering, Applied Science and Technology at Weber State University is required.

**Major Course Requirements for the AAS in General Technology Degree**

*NOTE: Individual articulated courses between WSU and DTC/OWTC will not count for this requirement if those courses were included in the 900-hour certificate, excluding transfer equivalents to NTM 1700. Students must complete a minimum of 20 credit hours of WSU residency (WSU courses).*

Core Courses Required (10.5 credit hours minimum; grade of "C" or better required)

- **ENGL 1010 EN1 - Introductory College Writing** Credits: (3)
• ENGL 2010 EN2 - Intermediate College Writing Credits: (3)  
or  
• ENGL 1010 EN1 - Introductory College Writing Credits (3) or  
• ENGL 2010 EN2 - Intermediate College Writing Credits (3)  
• AND one other course in oral and written communication Credits: (3)

AND

• MATH 1030 QL - Contemporary Mathematics Credits: (3) or  
• MATH 1040 QL - Introduction to Statistics Credits: (3) or  
• MATH 1050 QL - College Algebra Credits: (4) or  
• MATH 1080 QL - Pre-calculus Credits: (5)

AND

• WEB 1700 - Introduction to Computer Applications Credits: (3) or  
• WEB 1501 - Document Creation Competency Exam Credits: (.5) and  
• WEB 1502 - Content, Internet Identity, and Device Management Competency Exam Credits: (.5) and  
• WEB 1503 - Data Manipulation, Visualization, and Presentation Competency Exam Credits: (.5)

Breadth Courses Required (9 credit hours minimum)

Creative Arts & Humanities:  
• COMM 2110 HU CEL Interpersonal and Small Group Communication (3)

Social Science:  
• Any Approved (3)

Physical or Life Science:  
• Any Approved (3-5)

Elective Courses (Select 14-17 credit hours)

Grades for the following elective courses must meet departmental requirements. Students should work closely with the College of Engineering, Applied Science & Technology academic advisor to select a course sequence that will support the student's chosen career pathway.

• ACTG 2010 - Survey of Accounting I Credits: (3)  
• BSAD 1010 - Introduction to Business Credits: (3)  
• PDD 1010 - Introduction to Engineering & Technical Design (Solidworks) Credits: (3)  
• PDD 1160 - Geometric Dimensioning & Tolerance Using 3D CAD Credits: (3)  
• PDD 2460 - Product Design Fundamentals Using 3D CAD Credits: (3)  
• PDD 2650 - Product Design & Development Credits: (3)  
• EET 1110 - Basic Electronics Credits: (2)  
• EET 1130 - Digital Systems Credits: (4)  
• EET 1140 - DC Circuits Credits: (3)  
• EET 1850 - Industrial Electronics Credits: (4)  
• EET 2150 - Embedded Controllers Credits: (4)  
• EET 2170 - Industrial Controls Credits: (3)  
• HTHS 1101 - Medical Terminology Credits: (2)  
• HTHS 1103 - Introduction to Health Careers and Care in a Diverse Society Credits: (3)  
• HTHS 1108 - Biocalculations for Health Professions Credits: (5)  
• HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4)  
• HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)  
• MIS 1100 SS - The Digital Society Credits: (3)  
• MFET 1210 - Machining Principles Lecture/Lab I Credits: (3)  
• MFET 2150 - Metal Forming, Casting and Welding Credits: (2)
- MFET 2360 - Manufacturing Processes and Materials Credits: (3)
- MFET 2410 - Quality Concepts and Statistical Applications Credits: (3)
- MFET 2850 - CNC/CAM for Plastics and Composites Lecture/Lab Credits: (3)
- PS 1143 - Principles of Selling and Persuasion Credits: (3)
- PS 1303 - Sales Channels Credits: (3)
- PS 2182 - Credit and Collection Methods Credits: (2)
- PS 2383 - Retail Merchandising and Buying Methods Credits: (3)
- PS 2443 - Advertising Methods Credits: (3)
- PS 2603 - Advanced Selling Techniques Credits: (3)
- PS 2703 - Internet Sales and Service Credits: (3)
- NET 2300 - Introduction to LAN Management Credits: (3)
- WEB 2410 - Web Animation I Credits: (3)
- WEB 2200 - Image Editing Credits: (3)
- WEB 2300 - Video Editing Credits: (3)

**Technical Specialty Credit (30 credit hours)**

Technical specialty credit for completing a third-party approved 900-hour or more certificate program from DTC or OWTC completed within 5 years prior to beginning the AAS program. is awarded to students after WSU graduation clearance for the AAS in General Technology.
Manufacturing Engineering Technology (AAS)

Areas of Concentration

Select one of the following areas of concentration
- Manufacturing Engineering Technology (AAS), Plastics and Composites Concentration
- Manufacturing Engineering Technology (AAS), Production Operations and Control Concentration
- Manufacturing Engineering Technology (AAS), Welding Concentration

Manufacturing Engineering Technology (AAS), Plastics and Composites Concentration

Manufacturing Engineering Technology

- **Grade Requirements:** A grade of "C" or better in all major courses, support courses, and technical electives is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to the general grade requirements for graduation in the Degree Requirements.
- **Credit Hour Requirements:** Credit hours vary as shown for different concentration areas: the AAS in Manufacturing Engineering Technology with a Production Operations and Control Concentration requires 66-68 credit hours, the AAS in Manufacturing Engineering Technology with a Welding Concentration requires 63-65 credit hours, and the AAS in Manufacturing Engineering Technology with a Plastics and Composites Concentration requires 63-65 credit hours. Transfer students are required to take a minimum of 20 credit hours at Weber State University.
- **Assessment Requirements:** Students will be required to complete certain assessment instruments as part of the overall requirements for receiving their associate's degree. Please see your advisor or your department for specific information regarding assessment.
- **Program Code:** 8037AAS with Concentration codes Plastics & Composites (8058), Production Ops & Control (8059)&nbsp;or Welding (8060).
- **CIPC:** 150613 with Concentration codes Plastics & Composites (150607), Production Ops & Control (150613), or Welding (150614).

Advisement

All Manufacturing Engineering Technology students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6305 for the name of your advisor and to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Associate of Applied Science requirements. Information Literacy as defined in this catalog is also required for the AAS degree. Consult with your advisor for specific general education guidelines.

Course Requirements for the AAS Degree
Core Courses (44-48 credit hours)

AAS Degree requirements for an AAS Degree in Manufacturing Engineering Technology, Production Operations and Controls Concentration, an AAS Degree in Manufacturing Engineering Technology with a Welding Concentration, or an AAS Degree in Manufacturing Engineering Technology with a Plastics and Composites Concentration will be met by completing the first two years of the respective BS Degree. All AAS Degrees will have the following core courses in common. Please see your academic advisor for additional general education requirements.

Manufacturing Engineering Technology Courses Required (15 credit hours)

- MFET 1000 - Manufacturing Engineering Technology Fundamentals Credits: (3)
- MFET 1210 - Machining Principles Lecture/Lab Credits: (3)
- MFET 2310 - Statics for Engineering Technology Credits: (3)
- MFET 2410 - Quality Concepts and Statistical Applications Credits: (3)
- MFET 2500 - Process Automation I Credits: (1)
- MFET 2510 - Process Automation I Lab Credits: (2)

Technical Courses Required (10 credit hours)

- PDD 1010 - Introduction to Engineering & Technical Design (Solidworks) Credits: (3)
- PDD 1160 - Geometric Dimensioning & Tolerancing Using 3D CAD Credits: (3)
- EET 1850 - Industrial Electronics Credits: (4) or
- MFET 1820 - Manufacturing Electricity and Electronics Credits: (4) (recommended for Welding Concentration)

Support Courses Required (19-22 credit hours)

- COMM 1020 HU - Principles of Public Speaking Credits: (3) or
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
  * Note: COMM 1020 or 2110 count towards Gen Ed as Humanities (HU) credits.
- CHEM 1110 PS - Elementary Chemistry Credits: (4) and
- CHEM 1115 - Elementary Chemistry Lab Credits: (1)
- PHYS 2010 PS - College Physics I Credits: (5) or
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
- MATH 1060 QL - Trigonometry Credits: (3) or
- MATH 1080 QL - Pre-calculus Credits: (5)
- MATH 1110 QL - Calculus Concepts and Applications Credits: (3) or
- MATH 1210 - Calculus I Credits: (4)

Other Courses Required (4 credit hours)

- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)
  *(prerequisite is ENGL 1010 EN1 - Introductory College Writing (3) or equivalent)*
- Computer Information Literacy Credits: (1)
- LIBS 1504 - Information Literacy Competency Exam Credits: (1) or
- LIBS 1704 - Information Navigator Credits: (1)

Additional Courses Required by Concentration Area
Plastics and Composites Concentration (9 credit hours)

- MFET 2320 - Mechanics of Materials Credits: (3)
- MFET 2850 - CNC/CAM for Plastics and Composites Lecture/Lab Credits: (3)
- MFET 2860 - Plastics/Composites Materials & Properties Credits: (3)

Note: *These courses will also fulfill general education requirements.*
Manufacturing Engineering Technology (AAS), Production Operations and Control Concentration

Manufacturing Engineering Technology

- **Grade Requirements:** A grade of "C" or better in all major courses, support courses, and technical electives is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to the general grade requirements for graduation in the Degree Requirements.
- **Credit Hour Requirements:** Credit hours vary as shown for different concentration areas: the AAS in Manufacturing Engineering Technology with a Production Operations and Control Concentration requires 66-68 credit hours, the AAS in Manufacturing Engineering Technology with a Welding Concentration requires 63-65 credit hours, and the AAS in Manufacturing Engineering Technology with a Plastics and Composites Concentration requires 63-65 credit hours. Transfer students are required to take a minimum of 20 credit hours at Weber State University.
- **Assessment Requirements:** Students will be required to complete certain assessment instruments as part of the overall requirements for receiving their associate's degree. Please see your advisor or your department for specific information regarding assessment.
- **Program Code:** 8037AAS with Concentration codes Plastics & Composites (8058), Production Ops & Control (8059); or Welding (8060).
- **CIPC:** 150613 with Concentration codes Plastics & Composites (150607), Production Ops & Control (150613), or Welding (150614).

Advisement

All Manufacturing Engineering Technology students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6305 for the name of your advisor and to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Associate of Applied Science requirements. Information Literacy as defined in this catalog is also required for the AAS degree. Consult with your advisor for specific general education guidelines.

Course Requirements for the AAS Degree

Core Courses (44-48 credit hours)

AAS Degree requirements for an AAS Degree in Manufacturing Engineering Technology, Production Operations and Controls Concentration, an AAS Degree in Manufacturing Engineering Technology with a Welding Concentration, or an AAS Degree in Manufacturing Engineering Technology with a Plastics and Composites Concentration will be met by completing the first two years of the respective BS Degree. All AAS Degrees will have the following core courses in common. Please see your academic advisor for additional general education requirements.

Manufacturing Engineering Technology Courses Required (15 credit hours)
• MFET 1000 - Manufacturing Engineering Technology Fundamentals Credits: (3)
• MFET 1210 - Machining Principles Lecture/Lab I Credits: (3)
• MFET 2310 - Statics for Engineering Technology Credits: (3)
• MFET 2410 - Quality Concepts and Statistical Applications Credits: (3)
• MFET 2500 - Process Automation I Credits: (1)
• MFET 2510 - Process Automation I Lab Credits: (2)

Technical Courses Required (10 credit hours)

• PDD 1010 - Introduction to Engineering & Technical Design (Solidworks) Credits: (3)
• PDD 1160 - Geometric Dimensioning & Tolerancing Using 3D CAD Credits: (3)
• EET 1850 - Industrial Electronics Credits: (4) or
• MFET 1820 - Manufacturing Electricity and Electronics Credits: (4) (recommended for Welding Concentration)

Support Courses Required (19-22 credit hours)

• COMM 1020 HU - Principles of Public Speaking Credits: (3) or
• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
  * Note: COMM 1020 or 2110 count towards Gen Ed as Humanities (HU) credits.
• CHEM 1110 PS - Elementary Chemistry Credits: (4) and
• CHEM 1115 - Elementary Chemistry Lab Credits: (1)
• PHYS 2010 PS - College Physics I Credits: (5) or

Additional Courses Required by Concentration Area

Welding Concentration (9 credit hours)

- MFET 2150 - Metal Forming, Casting and Welding Credits: (2) and
- MFET 2150L - Metal Forming, Casting & Welding Lab Credits: (1)
- PDD 2460 - Product Design Fundamentals Using 3D CAD Credits: (3)
- MFET 2670 - GMA, FCA and GTA Welding Credits: (1) and
• MFET 2670L - GMA, FCA and GTA Welding Lab Credits: (2)

Note:

* These courses will also fulfill general education requirements.
Product Design and Development: An Engineering Technology (AAS)

- **Grade Requirements**: A grade of "C" or better in all required technical courses, and support courses (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher.
- **Credit Hour Requirements**: 64-66 total hours (depending on which math option is chosen) are required (24) of which are required within the program. A minimum of 20 hours in residency (WSU courses).
- **Product Code**: 8080AAS
- **CIPC**: 151399

Advisement

Students are required to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6305 for more information or to schedule an appointment. Advisement may also be obtained in Engineering Technology, room 214.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

General Education

Refer to the Degree Requirements for Associate of Applied Science requirements.

Program Learning Outcomes

- An ability to apply knowledge, techniques, skills and modern tools of mathematics, science, engineering, and technology to solve broadly defined engineering problems in Product Design and Development Engineering Technology related to applied mechanical design using advanced software tools and techniques.
- An ability to design systems, components, or processes meeting specified needs for broadly defined engineering problems in Product Design and Development Engineering Technology.
- An ability to conduct standard tests, measurements, and experiments and to analyze and interpret the results to improve processes.
- An ability to function effectively as a member as well as a leader on technical teams.
- An ability to apply written, oral, and graphical communication in broadly defined technical and non-technical environments; and an ability to identify and use appropriate technical literature.

- ABET Outcomes
  - (a) engineering materials, applied mechanics, and manufacturing methods.
  - (b) applied drafting practice emphasizing mechanical components and systems, as well as fundamentals of descriptive geometry, orthographic projection, sectioning, tolerancing and dimensioning, and basic computer aided drafting and design with technical depth in at least one of these areas.
  - (c) the application of physics and engineering materials having an emphasis in applied mechanics, or in-depth application of physics having emphasis in mechanical components and design.

Major Course Requirements for AAS Degree

Product Design and Development (formerly DET): An Engineering Technology Courses Required (21 credit hours)
• PDD 1010 - Introduction to Engineering & Technical Design (Solidworks) Credits: (3)
• PDD 1020 - Introduction to 2D CAD Software Credits: (3)
• PDD 1160 - Geometric Dimensioning & Tolerancing Using 3D CAD Credits: (3)
• MFET 2150 - Metal Forming, Casting and Welding Credits: (2)
• MFET 2150L - Metal Forming, Casting & Welding Lab Credits: (1)
• PDD 2460 - Product Design Fundamentals Using 3D CAD Credits: (3)
• PDD 2650 - Product Design & Development Credits: (3)
• MFET 2440 - Computer Numeric Control (CNC) in Manufacturing Credits: (2)
• MFET 2440L - CNC in Manufacturing Lab Credits: (1)

Technical Support Courses Required (6 credit hours)

• MFET 1210 - Machining Principles Lecture/Lab I Credits: (3)
• MFET 2410 - Quality Concepts and Statistical Applications Credits: (3)

Technical Electives (2 credit hours minimum)

A minimum of 2 credit hours of technical electives chosen from the following list or approved by the program coordinator are required.

• EET 1110 - Basic Electronics Credits: (2)
• EET 1140 - DC Circuits Credits: (3) *
• EET 1850 - Industrial Electronics Credits: (4)
• PDD 2830 - Directed Readings Credits: (1-3)
• MFET 2670 - GMA, FCA and GTA Welding Credits: (1) and
• MFET 2670L - GMA, FCA and GTA Welding Lab Credits: (2)
• MET 1000 - Introduction to Mechanical Engineering Technology Credits: (3)
• MFET 2860 - Plastics/Composites Materials & Properties Credits: (3)
• MFET 2870 - Design of Plastics/Composites Products Credits: (3)

Support Courses Required (32-34 credit hours)

• ENGL 1010 EN1 - Introductory College Writing Credits: (3)
• ENGL 2010 EN2 - Intermediate College Writing Credits: (3)
• COMM 1020 HU - Principles of Public Speaking Credits: (3) or
• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
• MATH 1080 QL - Pre-calculus Credits: (5)
• MATH 1050 QL - College Algebra Credits: (4) and
• MATH 1060 QL - Trigonometry Credits: (3)
• CHEM 1010 PS - Introductory Chemistry Credits: (3)
• PHYS 2010 PS - College Physics I Credits: (5)
• LIBS 1704 - Information Navigator Credits: (1)
• Creative Arts Elective (3)*
• Social Science Elective (3)*
• American Institutions (3)*

*These courses will also fulfill general education requirements.
Solar Photovoltaic Systems Certificate of Proficiency

- **Grade Requirements**: A grade of "C" or better in all the following five EET courses is required for this institutional certificate (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: A minimum of 18 credit hours of EET courses list below (EET 1140 or EET 1850, EET 2180, EET 2190, EET 3100, and EET 3180). No minimum GPA is required for this certificate.
- **Program Code**: 8076CP
- **CIPC**: 150505

Program Learning Outcomes

- Expertise in the siting, design, analysis and performance of PV systems from site specific information
- Verify system design, manage project, install electrical and mechanical components, complete system installation, and conduct maintenance and troubleshooting of Solar PV sites.

Required Courses (minimum 18 credit hours)

- EET 1140 - DC Circuits Credits: (3) or
- EET 1850 - Industrial Electronics Credits: (4)
- EET 2180 - Solar PV Systems Credits: (4)
- EET 2190 - Solar PV Technical Assessments Credits: (4)
- EET 3100 - Renewable Energy Credits: (3)
- EET 3180 - Advanced Solar PV Systems Credits: (4)

Design Engineering Technology (BS)

This major has been renamed Product Design and Development: An Engineering Technology (BS).

Manufacturing Engineering Technology (BS)

Areas of Concentration

Select one of the following areas of concentration

- Manufacturing Engineering Technology (BS), Plastics and Composites Concentration
- Manufacturing Engineering Technology (BS), Production Operations and Controls Concentration
- Manufacturing Engineering Technology (BS), Welding Concentration

Manufacturing Engineering Technology (BS), Plastics and Composites Concentration

Manufacturing Engineering Technology

- **Program Prerequisite**: Not required.
- **Minor**: Not required.
- **Grade Requirements**: A grade of "C" or better in all major courses, support courses, and technical electives is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to
the general grade requirements for graduation in the Degree Requirements section of this catalog. Seniors may petition to have one C- allowed in major and support courses. Approval from the Program Coordinator and Department Chair is required.

- **Credit Hour Requirements:** Credit hours vary as shown for different concentration areas: the BS in Manufacturing Engineering Technology with a Production Operations and Control Concentration requires 126.5 credit hours, the BS in Manufacturing Engineering Technology with a Welding Concentration requires 123.5 credit hours, and the BS in Manufacturing Engineering Technology with a Plastics and Composites Concentration requires 125.5 credit hours. A total of 40 upper division credit hours is also required (courses numbered 3000 and above). Transfer students are required to take a minimum of 30 credit hours at Weber State University.
- **Program Code:** Manufacturing (8037BS), with Concentration in Plastics & Composites (8058), Production Ops & Controls (8059), or Welding (8060).
- **CIPC:** Manufacturing (150613), with Concentration in Plastics & Composites (150607), Production Ops & Controls (150613), or Welding (150614).

**Advisement**

All Manufacturing Engineering Technology students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6305 for the name of your advisor and to schedule an appointment.

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). Refer to the Program Prerequisite listed above. There are no additional special admission or application requirements for this program.

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. Consult with your advisor for specific general education guidelines.

**Program Learning Outcomes**

- An ability to apply knowledge, techniques, skills, and modern tools of mathematics, science, engineering, or technology related to materials, manufacturing processes, tooling, automation, production operations, maintenance, quality, industrial organization and management, and statistics. To solve broadly defined engineering problems. (Also addresses MFET Program Criteria).
- An ability to design systems, components, or processes meeting specified needs for broadly defined engineering problems.
- Conduct, analyze, and interpret experiments and apply experimental results to improve processes in a realistic, sustainable, and cost-effective manner.
- An ability to function effectively as a member or leader on a technical team.
- An ability to apply written, oral, and graphical communication in both technical, nontechnical, and relevant financial environments; and an ability to identify and use appropriate technical literature.

**Major Course Requirements for BS Degree**

**Plastics and Composites Concentration**

*To be taken in addition to the courses required for the AAS Degree in Manufacturing Engineering Technology with a Plastics and Composites Concentration.*
Manufacturing Engineering Technology Courses Required (48.5 credit hours)

- MFET 2870 - Design of Plastics/Composites Products Credits: (3)
- MFET 3340 - Applied Fluid Power Credits: (2) and
  MFET 3340L - Applied Fluid Power Lab Credits: (1)
- MFET 3350 - Plastic and Composite Manufacturing Credits: (2) and
  MFET 3350L - Plastic and Composite Manufacturing Lab Credits: (2)
- MFET 3550 - Manufacturing Supervision Credits: (3)
- MFET 3620 - Senior Capstone Project Planning Credits: (.5)
- MFET 3830 - Reinforced Plastics/Advanced Composite Lecture/Lab Credits: (3)
- MFET 3870 - Mold Design and Process Strategies Lecture/Lab Credits: (3)
- MFET 4580 - Process Automation II & Robotics Credits: (1) and
  MFET 4585 - Process Automation II Lab Credits: (2)
- MSE 4590 - Lean Manufacturing Systems Credits: (3)
- MFET 4610 - Senior Project Management & Cost Estimating Credits: (3)
- MFET 4610L - Senior Project Lab Credits: (2)
- MFET 4620L - Senior Project Lab Credits: (2)
- MFET 4995 - Certified Manufacturing Technologist (CMfgT) Exam Review Credits: (1)
- MET 3150 - Engineering Technology Materials Credits: (3)
- MET 4650 - Thermal Science Credits: (3)
- MSE 3700 - Manufacturing Systems I Credits: (3)
- MSE 3850 - Statistical Process Control and Reliability Credits: (3)
- MSE 3910 - Six Sigma Methods and Tools in Manufacturing Credits: (3)

Technical Electives (2 credit hours minimum)

* A minimum of 2 credit hours of technical electives chosen from the following list are required.

- PDD 3470 - Introduction to CATIA V5 Credits: (3)
- MFET 3460 - Engineering Design using Solid Modeling Credits: (2) and
  MFET 3460L - Engineering Design using Solid Modeling Lab Credits: (1)
- MFET 3710 - Computer Aided Manufacturing and Rapid Prototyping Credits: (2) and
  MFET 3710L - Computer Aided Manufacturing and Rapid Prototyping Lab Credits: (1)
- MFET 3890 INT - Cooperative Work Experience Credits: (1-3) or
  MFET 4890 INT - Cooperative Work Experience Credits: (1-3)
- PS 3702 - Developing Team Leadership Skills Credits: (2)
- Other classes approved by your MFET advisor
Manufacturing Engineering Technology (BS), Production Operations and Controls Concentration

Manufacturing Engineering Technology

- **Program Prerequisite:** Not required.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in all major courses, support courses, and technical electives is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to the general grade requirements for graduation in the Degree Requirements section of this catalog. Seniors may petition to have one C- allowed in major and support courses. Approval from the Program Coordinator and Department Chair is required.
- **Credit Hour Requirements:** Credit hours vary as shown for different concentration areas: the BS in Manufacturing Engineering Technology with a Production Operations and Control Concentration requires 126.5 credit hours, the BS in Manufacturing Engineering Technology with a Welding Concentration requires 123.5 credit hours, and the BS in Manufacturing Engineering Technology with a Plastics and Composites Concentration requires 125.5 credit hours. A total of 40 upper division credit hours is also required (courses numbered 3000 and above). Transfer students are required to take a minimum of 30 credit hours at Weber State University.
- **Program Code:** Manufacturing (8037BS), with Concentration in Plastics & Composites (8058), Production Ops & Controls (8059), or Welding (8060).
- **CIPC:** Manufacturing (150613), with Concentration in Plastics & Composites (150607), Production Ops & Controls (150613), or Welding (150614).

Advisement

All Manufacturing Engineering Technology students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6305 for the name of your advisor and to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). Refer to the Program Prerequisite listed above. There are no additional special admission or application requirements for this program.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. Consult with your advisor for specific general education guidelines.

Program Learning Outcomes

- An ability to apply knowledge, techniques, skills, and modern tools of mathematics, science, engineering, or technology related to materials, manufacturing processes, tooling, automation, production operations, maintenance, quality, industrial organization and management, and statistics. To solve broadly defined engineering problems. (Also addresses MFET Program Criteria).
- An ability to design systems, components, or processes meeting specified needs for broadly defined engineering problems.
- Conduct, analyze, and interpret experiments and apply experimental results to improve processes in a realistic, sustainable, and cost-effective manner.
- An ability to function effectively as a member or leader on a technical team.
• An ability to apply written, oral, and graphical communication in both technical, nontechnical, and relevant financial environments; and an ability to identify and use appropriate technical literature.

Major Course Requirements for BS Degree

Production Operations and Control Concentration

To be taken in addition to the courses required for the AAS Degree in Manufacturing Engineering Technology with a Production Operations and Control Concentration.

Required Courses for Major (45.5 credit hours)

- MFET 3340 - Applied Fluid Power Credits: (2) and
- MFET 3340L - Applied Fluid Power Lab Credits: (1)
- MFET 3350 - Plastic and Composite Manufacturing Credits: (2) and
- MFET 3350L - Plastic and Composite Manufacturing Lab Credits: (2)
- MFET 3550 - Manufacturing Supervision Credits: (3)
- MFET 3620 - Senior Capstone Project Planning Credits: (.5)
- MFET 3710 - Computer Aided Manufacturing and Rapid Prototyping Credits: (2) and
- MFET 3710L - Computer Aided Manufacturing and Rapid Prototyping Lab Credits: (1)
- MFET 4580 - Process Automation II & Robotics Credits: (1) and
- MFET 4585 - Process Automation II Lab Credits: (2)
- MFET 4610 - Senior Project Management & Cost Estimating Credits: (3)
- MFET 4610L - Senior Project Lab Credits: (2)
- MFET 4620L - Senior Project Lab Credits: (2)
- MFET 4995 - Certified Manufacturing Technologist (CMfgT) Exam Review Credits: (1)
- MET 3150 - Engineering Technology Materials Credits: (3)
- MET 3400 - Machine Design for Engineering Technology Credits: (3)
- MSE 3700 - Manufacturing Systems I Credits: (3)
- MSE 3850 - Statistical Process Control and Reliability Credits: (3)
- MSE 3910 - Six Sigma Methods and Tools in Manufacturing Credits: (3)
- MSE 4590 - Lean Manufacturing Systems Credits: (3)
- PDD 3100 - Tool Design Credits: (3)

Technical Electives (3 credit hours)

A minimum of 3 credit hours of technical electives chosen from the following list are required.

- PDD 3460 - Parametric Design Graphics Credits: (3)
- PDD 3470 - Introduction to CATIA V5 Credits: (3)
- MFET 2850 - CNC/CAM for Plastics and Composites Lecture/Lab Credits: (3)
- MFET 2860 - Plastics/Composites Materials & Properties Credits: (3)
- MFET 2870 - Design of Plastics/Composites Products Credits: (3)
- MFET 3460 - Engineering Design using Solid Modeling Credits: (2) and
- MFET 3460L - Engineering Design using Solid Modeling Lab Credits: (1)
- MFET 3830 - Reinforced Plastics/Advanced Composite Lecture/Lab Credits: (3)
• MFET 3890 INT - Cooperative Work Experience Credits: (1-3) or
• MFET 4890 INT - Cooperative Work Experience Credits: (1-3)

• MFET 4850 - Integration of Automated Systems Credits: (3)
• PS 3103 - Sales Personalities and Profiles Credits: (3)
• PS 4203 - Ethical Sales and Service Credits: (3)
• Other classes approved by your MFET advisor

Note:

Please note that there are additional General Education requirements to complete the degree.
Manufacturing Engineering Technology (BS), Welding Concentration

Manufacturing Engineering Technology

- **Program Prerequisite**: Not required.
- **Minor**: Not required.
- **Grade Requirements**: A grade of "C" or better in all major courses, support courses, and technical electives is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to the general grade requirements for graduation in the Degree Requirements section of this catalog. Seniors may petition to have one C- allowed in major and support courses. Approval from the Program Coordinator and Department Chair is required.
- **Credit Hour Requirements**: Credit hours vary as shown for different concentration areas: the BS in Manufacturing Engineering Technology with a Production Operations and Control Concentration requires 126.5 credit hours, the BS in Manufacturing Engineering Technology with a Welding Concentration requires 123.5 credit hours, and the BS in Manufacturing Engineering Technology with a Plastics and Composites Concentration requires 125.5 credit hours. A total of 40 upper division credit hours is also required (courses numbered 3000 and above). Transfer students are required to take a minimum of 30 credit hours at Weber State University.
- **Program Code**: Manufacturing (8037BS), with Concentration in Plastics & Composites (8058), Production Ops & Controls (8059), or Welding (8060).
- **CIPC**: Manufacturing (150613), with Concentration in Plastics & Composites (150607), Production Ops & Controls (150613), or Welding (150614).

Advisement

All Manufacturing Engineering Technology students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6305 for the name of your advisor and to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). Refer to the Program Prerequisite listed above. There are no additional special admission or application requirements for this program.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. Consult with your advisor for specific general education guidelines.

Program Learning Outcomes

- An ability to apply knowledge, techniques, skills, and modern tools of mathematics, science, engineering, or technology related to materials, manufacturing processes, tooling, automation, production operations, maintenance, quality, industrial organization and management, and statistics. To solve broadly defined engineering problems. (Also addresses MFET Program Criteria).
- An ability to design systems, components, or processes meeting specified needs for broadly defined engineering problems.
- Conduct, analyze, and interpret experiments and apply experimental results to improve processes in a realistic, sustainable, and cost-effective manner.
- An ability to function effectively as a member or leader on a technical team.
• An ability to apply written, oral, and graphical communication in both technical, nontechnical, and relevant financial environments; and an ability to identify and use appropriate technical literature.

Major Course Requirements for BS Degree

Welding Concentration

To be taken in addition to the courses required for the AAS Degree in Manufacturing Engineering Technology with a Welding Concentration.

Manufacturing Engineering Technology Courses Required (42.5 credit hours)

• MFET 2320 - Mechanics of Materials Credits: (3)
• MFET 3060 - Codes, Weld Inspection, and Quality Assurance Credits: (3)
• MFET 3550 - Manufacturing Supervision Credits: (3)
• MFET 3620 - Senior Capstone Project Planning Credits: (.5)
• MFET 3630 - Fusion Joining and Brazing Processes Credits: (2) and
• MFET 3630L - Fusion Joining and Brazing Processes Credits: (1)
• MFET 3750 - Welding Metallurgy I Credits: (2) and
• MFET 3750L - Welding Metallurgy I Lab Credits: (1)
• MFET 3760 - Welding Metallurgy II Credits: (2) and
• MFET 3760L - Welding Metallurgy II Lab Credits: (1)
• MFET 3820 - Nondestructive Testing Credits: (3)
• MFET 4090 - Welding Power Sources Credits: (2)
• MFET 4315 - Welding Robotics Credits: (2)
• MFET 4610 - Senior Project Management & Cost Estimating Credits: (3)
• MFET 4610L - Senior Project Lab Credits: (2)
• MFET 4620L - Senior Project Lab Credits: (2)
• MFET 4995 - Certified Manufacturing Technologist (CMfgT) Exam Review Credits: (1)
• MSE 3850 - Statistical Process Control and Reliability Credits: (3)
• MSE 3910 - Six Sigma Methods and Tools in Manufacturing Credits: (3)
• MSE 4590 - Lean Manufacturing Systems Credits: (3)

Technical Electives (6 credit hours minimum)

A minimum of 6 credit hours of technical electives chosen from the following list are required.

• PDD 3470 - Introduction to CATIA V5 Credits: (3)
• MFET 3350 - Plastic and Composite Manufacturing Credits: (2) and
• MFET 3350L - Plastic and Composite Manufacturing Lab Credits: (2)
• MFET 3460 - Engineering Design using Solid Modeling Credits: (2) and
• MFET 3460L - Engineering Design using Solid Modeling Lab Credits: (1)
• MFET 3890 INT - Cooperative Work Experience Credits: (1-3) or
• MFET 4890 INT - Cooperative Work Experience Credits: (1-3)
• PS 3702 - Developing Team Leadership Skills Credits: (2)
• Other classes approved by your MFET advisor
Manufacturing Systems Engineering (BS)

- **Program Prerequisite:** Not required, but a strong math background is suggested.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in all major courses, support courses, and technical electives is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.50 or higher. Also refer to the general grade requirements for graduation in the Degree Requirements section of this catalog.
- **Credit Hour Requirements:** Credit hours vary as shown for different emphasis areas: the BS in Manufacturing Systems Engineering requires 125.5 - 126 credit hours. A total of 40 upper division credit hours is also required (courses numbered 3000 and above). Transfer students are required to take a minimum of 30 credit hours at Weber State University.
- **Program Code:** 8083BS
- **CIPC:** 142701

**Accreditation**

The Weber State University Manufacturing Systems Engineering program will seek accreditation by the Engineering Accreditation Commission (EAC) of ABET upon first graduate.

**Advisement**

All Manufacturing Systems Engineering students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6305 for the name of your advisor and to schedule an appointment.

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). Refer to the Program Prerequisite on the previous page. There are no additional special admission or application requirements for this program.

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. Consult with your advisor for specific general education guidelines.

**Program Learning Outcomes**

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
- An ability to communicate effectively with a range of audiences
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
Major Course Requirements for MSE BS Degree

Manufacturing Systems Engineering Required Courses (44 credit hours)

- MSE 1210 - Metal Processing and Joining for Engineers Credits: (3)
- MSE 3040 - Cost Estimating and Engineering Economic Analysis Credits: (3)
- MSE 3360 - Manufacturing Process and Materials Lab Credits: (3)
- MSE 3460 - Product Design and Development Credits: (3)
- MSE 3700 - Manufacturing Systems I Credits: (3)
- MSE 3710 - Computer Aided Manufacturing and Additive Manufacturing/Lab Credits: (3)
- MSE 3850 - Statistical Process Control and Reliability Credits: (3)
- MSE 3910 - Six Sigma Methods and Tools in Manufacturing Credits: (3)
- MSE 4010 - Facility Design and Material Handling Credits: (3)
- MSE 4590 - Lean Manufacturing Systems Credits: (3)
- MSE 4600 - Production Systems Modeling and Analysis/Lab Credits: (3)
- MSE 4610 - Project Management for Engineers Credits: (3)
- MSE 4615 - Lab: Senior Project Design I Credits: (2)
- MSE 4620 - Lab: Senior Project Design II Credits: (3)
- MSE 4700 - Manufacturing Systems Engineering II Credits: (3)

Technical Elective Course (Minimum 3 credit hours)

- MATH 2210 - Calculus III Credits: (4)
- MATH 2250 - Linear Algebra and Differential Equations Credits: (4)
- MATH 2270 - Elementary Linear Algebra Credits: (3)

Pre-Engineering Required Courses (19 credits)

- ENGR 1000 - Introduction to Engineering Credits: (2)
- ENGR 2010 - Statics Credits: (3)
- ENGR 2030 - Dynamics Credits: (4)
- ENGR 2140 - Mechanics of Materials Credits: (3)
- ENGR 2160 - Materials Science and Engineering Credits: (4)
- ECE 2210 - Electrical Engineering for Non-majors Credits: (4)

Required Technical Courses (9 credit hours)

- PDD 1010 - Introduction to Engineering & Technical Design (Solidworks) Credits: (3)
- PDD 1160 - Geometric Dimensioning & Tolerancing Using 3D CAD Credits: (3)
- MFET 3550 - Manufacturing Supervision Credits: (3)

Additional Manufacturing Systems Engineering Courses (required department approval)

- MSE 4800 - Individual Research Problems Credits: (1-3)
- MSE 4830 - Directed Readings for Manufacturing Systems Engineering Credits: (1-3)
- MSE 4890 INT - Cooperative Work Experience Credits: (1-3)
- MSE 4900 - Special Topics Credits: (1-3)
- MSE 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
Required Support Courses (minimum of 12 credit hours)

- MATH 1220 - Calculus II Credits: (4)
- MATH 3410 - Probability and Statistics I Credits: (3)
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5) (and Lab)

Suggested for continuing for a Master's degree in Industrial/Systems Engineering:
- MATH 2210 - Calculus III Credits: (4)
- MATH 2250 - Linear Algebra and Differential Equations Credits: (4)

Required General Education Courses (38.5-39 credit hours)

- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- ECON 2010 SS - Principles of Microeconomics Credits: (3)
- ENGL 2010 EN2 - Intermediate College Writing Credits: (3) (prerequisite is ENGL 1010 or equivalent)
- MATH 1210 - Calculus I Credits: (4)
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)

- American Institutions (AI) Credits: (3)
- Information Literacy Credits: (.5-1)
- Humanities and Creative Arts (HU/CA) Credits: (6)
- Social Science and Diversity (SS/DV) Credits: (3)
- Life Science (LS) Credits: (3)
Product Design and Development: An Engineering Technology (BS)

- **Program Prerequisite:** Complete AAS degree in Product Design and Development (formerly DET): An Engineering Technology from Weber State University or equivalent degree or coursework from an accredited AAS program.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in all required technical courses, and support courses is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to the general grade requirements for graduation in the Degree Requirements section of this catalog.
- **Credit Hour Requirements:** A total of 124-126 credit hours (depending on which math option is chosen) is required for graduation. A total of 40 upper division credit hours is required (courses numbered 3000 and above.) A minimum of 30 hours in residency (WSU courses).
- **Program Code:** 8080BS
- **CIPC:** 151399

Advisement

All four-year design engineering technology students are required to meet at least annually with a faculty advisor for course and program advisement. Call 801-626-6305 for more information or to schedule an appointment. Advisement may also be obtained in Engineering Technology, room 214.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). Refer to the Program Prerequisite in the previous column. There are no additional special admissions or application requirements for this program.

General Education

Refer to the Degree Requirements for Bachelor of Science requirements.

Program Learning Outcomes

- Effective technical communication skills, including written, oral and graphical
- Have obtained the requisite knowledge and have acquired the technical skills to be successful in the discipline.
- The ability to function as a member of a project team.
- Problem solving skills related to the discipline.
- Knowledge of the national standards used in the discipline and the ability to apply national standards in the development of design documentation and graphics presentations.

Major Course Requirements for BS Degree

*To be taken in addition to the requirements for the Product Design and Development: An Engineering Technology (AAS).*

Product Design and Development (formerly DET): An Engineering Technology Courses Required (27 credit hours)

- MET 3150 - Engineering Technology Materials Credits: (3)
- PDD 3100 - Tool Design Credits: (3)
- PDD 3300 - Applied Kinematic Analysis Credits: (3)
• PDD 3460 - Parametric Design Graphics Credits: (3)
• PDD 3470 - Introduction to CATIA V5 Credits: (3)
• MFET 3710 - Computer Aided Manufacturing and Rapid Prototyping Credits: (2)
• MFET 3710L - Computer Aided Manufacturing and Rapid Prototyping Lab Credits: (1)
• PDD 4200 - Advanced Mechanical Design Credits: (3)
• PDD 4470 - Advanced CATIA V5 Credits: (3)
• PDD 4500 - Hydraulic and Pneumatic Applications Credits: (3)

Technical Support Courses Required (20.5 credit hours)

• MFET 2310 - Statics for Engineering Technology Credits: (3)
• MFET 2320 - Mechanics of Materials Credits: (3)
• MFET 3550 - Manufacturing Supervision Credits: (3)
• MFET 3620 - Senior Capstone Project Planning Credits: (.5)
• MFET 4610 - Senior Project Management & Cost Estimating Credits: (3)
• MFET 4610L - Senior Project Lab Credits: (2)
• MFET 4620L - Senior Project Lab Credits: (2)
• MFET 4995 - Certified Manufacturing Technologist (CMfgT) Exam Review Credits: (1)
• PDD 3210 - Machines and Mechanisms Credits: (3)

Technical Electives (6 credit hours minimum)

A minimum of 6 credit hours of upper division technical electives chosen from the following list or approved by the program coordinator are required.

• PDD 3400 - Rendering Basics (Photoshop/3ds Max) Credits: (3)
• PDD 4400 - Animation Basics (3ds Max) Credits: (3)
• PDD 4830 - Directed Readings Credits: (1-3)
• PDD 4890 INT - Cooperative Work Experience Credits: (1-3)
• MET 3500 - Mechanical Measurements and Instrumentation Credits: (3)
• MFET 3340 - Applied Fluid Power Credits: (2)
• MFET 3340L - Applied Fluid Power Lab Credits: (1)
• MFET 3350 - Plastic and Composite Manufacturing Credits: (2)
• MFET 3350L - Plastic and Composite Manufacturing Lab Credits: (2)
• MFET 3460 - Engineering Design using Solid Modeling Credits: (2)
• MFET 3460L - Engineering Design using Solid Modeling Lab Credits: (2)
• MSE 3850 - Statistical Process Control and Reliability Credits: (3)
• PS 3250 - Business Communication Credits: (3)
• EET 3040 - Instrumentation and Measurements Credits: (4)

Support Courses Required (6 credit hours)

• Humanities Electives (3)*
• Life Science Elective (3)*

*These courses will also fulfill general education requirements.
Production and Inventory Control (APICS) Concentration (BIS)

- **Program Prerequisite:** Refer to the Bachelor of Integrated Studies Program for the general and specific requirements for the BIS degree.
- **Credit Hour Requirements:** A total of 18 credit hours of courses is required for the APICS concentration portion of this degree.
- **Program Code:** 8041
- **CIPC:** 520203

BIS Option in Production and Inventory Control

The Manufacturing Engineering Technology department offers those courses required by APICS The Association for Operations Management for a continuing education certificate in Production and Inventory Control Technology. The following courses indicated with an asterisk (*) prepare one to take the APICS Certification Exam as well as receive the above certificate. In addition, if these courses are taken in conjunction with the other courses listed below or other courses approved by the department chair, all of these may then be used to fill one of the three areas required for a Bachelor of Integrated Studies degree. The courses must be taken for credit and the area of emphasis will be in Production and Inventory Control (not Manufacturing Engineering Technology).

*The course of study described below must be approved by the MFET department chair.*

Course Requirements for BIS Emphasis

Manufacturing Engineering Technology Courses Required (18 credit hours)

- MFET 3510 - Basics of Supply Chain Management Credits: (2) *
- MFET 3550 - Manufacturing Supervision Credits: (3)
- MFET 4050 - Detailed Scheduling and Planning I Credits: (2) *
- MFET 4150 - Execution and Control of Operations Credits: (2) *
- MFET 4250 - Detailed Scheduling and Planning Credits: (2) *
- MFET 4750 - Master Planning of Resources Credits: (2) *
- MFET 4770 - Strategic Management of Resources Credits: (2) *
- Electives to be determined by an MFET Advisor (3)

Note:

* Online course
Quality and Lean Manufacturing Graduate Certificate

The Graduate Institutional Certificate in Quality and Lean Manufacturing prepares students to take the ASQ green belt certification exam or to go on in the MSETM program at Oklahoma State University. Contact the Department for more information.

- **Program Prerequisite:** Applicants must possess a bachelor's degree from a regionally accredited institution in an appropriate field and be working in industry.
- **Grade Requirements:** Students must receive a grade of B or better in every course.
- **Credit Hour Requirements:** 12 credit hours as specified below.
- **Program Code:** 8046GC
- **CIPC:** 150702

Course Requirements for Graduate Certificate

**Required Courses (12 credit hours)**

- ETM 5913G - Six Sigma Tools I **Credits:** (3)
- ETM 5923G - Six Sigma Tools II **Credits:** (3)
- ETM 5933G - Lean Tools **Credits:** (3)
- ETM 5943G - Lean-Sigma Implementation **Credits:** (3)
Systems Engineering and Sustainable Engineering Post Baccalaureate Certificate

The Industry-based Post-Bachelor's Certificate in Systems Engineering and Sustainable Engineering is a launching point for gainful employment in the aerospace/manufacturing workplace, professional certification within the International Council of Systems Engineering (INCOSE), and continuing education toward a Master of Science in Systems Engineering.

- **Grade Requirements**: To receive a Systems Engineering & Sustainable Engineering Certificate the student must complete all courses in the certificate program with a grade of "C" or higher (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: 12 credit hours as specified below.
- **Program Code**: 8096CP
- **CIPC**: 142701

Courses Required (12 credit hours)

- SE 6010 - Foundation of Systems Engineering Credits: (3)
- SE 6140 - Design for Operational Feasibility Credits: (3)
- SE 6370 - Requirement Engineering Credits: (3)
- SE 6020 - Engineering Project and Program Management Credits: (3)
Masters of Science in Systems Engineering (MSSE)

This program is pending approval by the Northwest Commission on Colleges and Universities, which accredits WSU.

- **Grade Requirements:** An MSSE student must complete all program courses, including electives, with a grade of "B-" or higher. In addition, the overall program GPA must be 3.0 or higher.
- **Credit Hour Requirements:** The program requires a minimum of 30 semester hours beyond a bachelor's degree in electrical engineering. Credits applied to graduation from another program are not accepted.
- **Program Code:** 8103MS
- **CIPC:** 142701

Once enrolled, a student must register for at least one MSEE course each semester, except summers, until graduation. Students who fail to do so must petition for readmission into the program.

Admissions Requirements

Applicants for admission into the Master of Science in Systems Engineering program must possess a B.Sc. in engineering (EAC), engineering-technology (ETAC) or computing (CAC) from an ABET accredited program with Calculus I and Statistics as a minimum. B.Sc. in any other related subject is on a case-by-case basis only. An overall GPA of 3.0 is required from the undergraduate program in which the bachelor's degree is earned.

This is conditional upon completion of all required leveling courses. These leveling courses would be primarily meeting minimum math, physics, and computer science requirements as established by the Systems Engineering program.

- Preference given to graduates of hard sciences (Mathematics, Physics, and Chemistry).
- Specific industry or military experience is also considered and evaluated toward potential acceptance into the program.
- Any non-engineering candidate accepted into the program is subject to leveling coursework as prescribed by the department. This includes mathematics, physics, chemistry, and any other engineering coursework deemed critical to the SE credential.

Applicants will submit:

- Completed application
- Current resume
- Official transcripts from every institution of higher education attended
  - Equivalent course of MATH 1210 - Calculus I or higher
  - Basic statistics (math or engineering)
  - B.Sc. degree from a regionally accredited institution in engineering, engineering technology, computer or a science discipline with a GPA of 3.0 or greater.
- Contact information for three references, at least one from a professional context and one from an academic context.
- GRE test scores are required if all previous degrees were conferred by an institution outside of the U.S.
- Official GRE Score.

Additional Admission Requirements for International Students

- All international students and any applicant educated outside the U.S. must demonstrate proficiency in English. Those whose native language is not English, or whose language of instruction for their undergraduate degree was not English, will be required to submit a score from the Test of English as a Foreign Language (TOEFL) or International Language Testing. System (IELTS) which is not more than two years old. Applicants are required to have an internet-based TOEFL score of 79 (with a minimum of 17 in each category) or a minimum IELTS score of 6.5.
- All international students must complete the GRE.

Application

The application for admission to the Master of Science in Systems Engineering program must be submitted online. Official transcripts from each institution of higher education attended and all test scores must be sent directly to the WSU Department of Manufacturing & Systems Engineering.
Deadline for application are the first Friday in November for students enrolling in spring semester and the first Friday in May for students enrolling in fall semester. Completed applications are considered by the Admissions Committee after each application deadline.

Advisement

For questions concerning academic advisement, the primary source of contact is the program director. Students should meet with the director at least once a year while enrolled. For issues regarding registration and scheduling, students should contact the Administrative Specialist for the Department of Manufacturing & Systems Engineering.

Leveling Courses

After being accepted, students who have not graduated from an ABET accredited program or have not completed a college calculus and a basic probability and statistics college course, must demonstrate the ability to pass the following courses:

- MATH 1040 or MFET 2410 or MATH 3410 - Probability and Statistics I (3)
- MATH 1210 - Calculus I (4)

General Requirements

The Department of Manufacturing and Systems Engineering offers an online Master of Systems Engineering that consist of a course-based degree with a completion of a project (coop/independent study) course:

- Minimum of 30 credits of graduate work in approved program of study.
  Minimum of 24 credits must be earned at Weber State University, 21 of which credits at the 5000-level must be earned after formal admission to the University.
- No more than 6 credits at the 5000-level taken at Weber State University are permitted (approved by petition after the completion of the Systems Engineering and Sustainable Engineering Post Baccalaureate Certificate at Weber State University).
- No more than two 5000-level or higher graduate courses may be transferred from another accredited university.
- Electives or course substitutions must be approved by an academic advisor (refer to elective courses).
- Requirements for course-based degree:
  o 15 credits must be the foundation of Systems Engineering courses,
  o 12 credits of technical electives,
  o 3-6 credits of design project (SE 6110), or 3 credits of additional Coursework (SE 6120).

Curriculum

- The MSSE program starts with a core system engineering foundation and concludes with an independent study. The student will be encouraged to start with SE 6010 - Foundation of Systems Engineering (INCOSE based course), but can take the remaining courses in any order. At least two courses applicable to the degree will be offered each fall and spring semester. Students typically enroll in no more than two classes per semester.
- Course delivery options allow you to study when and where it works best for you, whether that be streaming the lecture from your computer while it's happening live on campus or watching a recorded version at a time more convenient for you.

Course Requirements for MSSE

Foundation Courses (5 courses required, minimum 15 credit hours):

- SE 6010 - Foundation of Systems Engineering Credits: (3)
- SE 6020 - Engineering Project and Program Management Credits: (3)
- SE 6130 - Overview of Systems Engineering Processes Credits: (3)
- SE 6140 - Design for Operational Feasibility Credits: (3)
- SE 6150 - Research Methods and Experimentation Credits: (3)

Elective Courses (4 courses required, minimum 12 credit hours):

- SE 6260 - Reliability Engineering and Risk Analysis Credits: (3)
- SE 6320 - Simulation Modeling and Engineering Optimization: Methods/Applications Credits: (3)
- SE 6350 - Organizational Systems Credits: (3)
- SE 6360 - System Logistics: Ensuring a System of Systems Approach Credits: (3)
- SE 6370 - Requirement Engineering Credits: (3)
- SE 6380 - Model Based Systems Engineering (MBSE) and SysML Credits: (3)
- SE 6900 - Special Topics Credits: (1-4)
- CS 6610 - Computer Architecture Credits: (3)

Note: The above list is are suggested electives. This list is not exhaustive. If you find a graduate-level technical course that pertains to your professional goals and/or the systems engineering field, please contact the MSSE program to check if it may apply as an elective.

Design Project, or Additional Coursework (3-6 credit hours)

MSSE Students are required to complete a system engineering design project that demonstrates proficiency in research, design, analysis, implementation, testing and documentation. The MSSE students are required to either (a) complete a substantial engineering design project, or (b) take an additional 3 credits of approved project coursework.

For students taking the project option, a total of 3 or more credits of SE 6110 is required for a project. Students must be enrolled SE 6110 at the time of their final design review.

For students taking the coursework option, a total of 3 credits of SE 6120 - System Design and Operational Analysis will need to be completed.

- SE 6110 - Design Project Credits: (3)
- SE 6120 - System Design and Operational Analysis Credits: (3)
Department of Mechanical Engineering

**Department Chair:** Dr. Daniel J. Magda  
**Location:** Engineering Technology Building, Room 214  
**Telephone Contact:** Sheri Eddington 801-626-6305  
**Website:** weber.edu/mechanical/engineering  
**Professors:** Daniel J. Magda, Kirk Hagen;  
**Associate Professors:** Dustin Birch;  
**Assistant Professors:** Tariq Arif, Bharath Babu Nunna, Mary Foss, Randy Hurd;  
**Instructor:** Randall Kent  
**Advisor:** Angela Payan, 801-626-6369  
Mechanical Engineering Courses
Mechanical Engineering Technology (AAS)

- **Grade Requirements**: A grade of "C" or better in all major courses and support courses is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to the general grade requirements for graduation in the Degree Requirements.
- **Credit Hour Requirements**: A total of 63 credits is required, 20 of which are within the Manufacturing and Mechanical Engineering Technology Department. Transfer students are required to take a minimum of 20 credit hours at Weber State University.
- **Program Code**: 8002AAS
- **CIPC**: 150805

Advisement

All Mechanical Engineering Technology students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6305 for the name of your advisor and to schedule an appointment.

Admission Requirements

Declare your program of study. No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Associate of Applied Science requirements. Computer & Information Literacy as defined in this catalog is also required for the AAS degree. Consult with your advisor for specific general education guidelines.

Course Requirements for the AAS Degree

**MET Core and Support Courses Required (47 credit hours)**

- MET 1000 - Introduction to Mechanical Engineering Technology Credits: (3)
- MET 1500 - Mechanical Design for Engineering Technology Credits: (3)
- MET 2500 - Modern Engineering Technologies Credits: (3)
- MFET 2310 - Statics for Engineering Technology Credits: (3)
- MFET 2320 - Mechanics of Materials Credits: (3)
- MFET 2360 - Manufacturing Processes and Materials Credits: (3)
- EET 1850 - Industrial Electronics Credits: (4)
- CHEM 1110 PS - Elementary Chemistry Credits: (4)
- CHEM 1115 - Elementary Chemistry Lab Credits: (1)
- PDD 1010 - Introduction to Engineering & Technical Design (Solidworks) Credits: (3)
- MATH 1040 QL - Introduction to Statistics Credits: (3)
- MATH 1080 QL - Pre-calculus Credits: (5)
- MATH 1210 - Calculus I Credits: (4)
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)

Other General Education Support Courses Required (6 credit hours)

- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- ECON 1010 SS - Economics as a Social Science Credits: (3)
Pre-Engineering (APE)

- **Grade Requirements**: A minimum overall GPA of 2.00 is required.
- **Credit Hour Requirements**: A minimum of 57 credit hours is required. A minimum of 20 hours in residence (for transfer students).
- **Program Code**: 8042APE
- **CIPC**: 140101

The Associate of Pre-Engineering (APE) degree at Weber State University offers the first two years of a professional engineering curriculum. The degree is designed to prepare students for transfer into an engineering program at other universities in Utah, or throughout the United States, that offer four-year engineering degrees. Because many pre-engineering graduates will transfer to the University of Utah or Utah State University, the WSU Pre-Engineering program has official transfer agreements with these two schools.

In planning a program of study, students should be aware that most pre-engineering courses have mathematics and science prerequisites and that improper scheduling of courses can lengthen the time required to complete the degree. Students should also be aware that requirements may vary according to the university to which the student wishes to transfer. Students are therefore strongly encouraged to meet with the Pre-Engineering coordinator prior to beginning their program.

The Associate of Pre-Engineering degree has fewer general education credit hours than the Associate of Science (AS) degree. Therefore, in order for a student to obtain a Bachelor of Science (BS) degree in engineering, he or she will have to take additional general education courses at WSU and/or the receiving university. Alternatively, a student may earn the AS degree, but this degree may take longer than the APE degree because it contains not only pre-engineering courses but also a full complement of general education courses. The AS degree has the potential benefit, however, of satisfying all the general education requirements at either the University of Utah or Utah State University.

Advisement

All Pre-Engineering students are strongly encouraged to meet with the Pre-Engineering coordinator at the beginning of the program and at least once annually for course and program advisement. Pre-Engineering students are also encouraged to obtain advisement from the applicable engineering department at the receiving university.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program. However, students entering the Pre-Engineering program are expected to have taken college preparatory mathematics and physical science courses in high school. The standard entry level mathematics course for pre-engineering majors is MATH 1210 - Calculus I. The prerequisite for MATH 1210 is MATH 1080 QL - Pre-calculus, or MATH 1050 QL - College Algebra plus MATH 1060 QL - Trigonometry, or placement through examination. Students who are not ready to take MATH 1210 upon entering the Pre-Engineering program should consult with the Pre-Engineering coordinator, who will recommend remedial courses that will prepare the student for calculus, physics and engineering courses.

Major Course Requirements for APE Degree

**General Education Core Requirements (15 credit hours)**

1. **Composition (3 credit hours)**
   - ENGL 2010 EN2 - Intermediate College Writing Credits: (3)

2. **American Institutions (3 credit hours)**
   - POLS 1100 AI - American National Government Credits: (3) or
   - HIST 1700 AI - American History Credits: (3) or
   - ECON 1740 AI - Economic History of the United States Credits: (3)
3. Information Literacy (.5 to 1 credit hours)

Refer to the Information Literacy requirements listed under the General Requirements section of this catalog. The credit hours for this requirement do not count toward the 57 credit hour total for this degree.

4. General Education Breadth Requirements (9 credit hours)

Select 9 credit hours – 3 credit hours from Humanities (HU), 3 credit hours from Creative Arts (CA) and 3 credit hours from Social Sciences (SS) (a list of courses for each area appears under the General Education section of this catalog).

Pre-Engineering Core Requirements (20 credit hours)

- ENGR 1000 - Introduction to Engineering Credits: (2)
- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) (w lab)
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5) (w lab)

Engineering Specialty Courses (22 credit hours minimum)

Engineering specialty courses are those that are required for specific engineering disciplines at the receiving universities. With the assistance of the Pre-Engineering coordinator, students should take courses that apply to their particular engineering major at the university to which they plan to transfer. The specialty courses listed below apply generally, but do not constitute a list of specific course requirements for any particular receiving university. Engineering specialty course requirements for the University of Utah and Utah State University may be obtained from the Pre-Engineering coordinator or the applicable engineering department at these institutions.

- CHEM 1210 PS - Principles of Chemistry I Credits: (4)
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4)
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- CHEM 2310 - Organic Chemistry I Credits: (4)
- CHEM 2320 - Organic Chemistry II Credits: (4)
- CHEM 3070 - Biochemistry I Credits: (3)
- CS 1023 - Selected Programming Language Credits: (4)
- CS 1030 - Foundations of Computing Credits: (4)
- CS 1400 - Programming I Credits: (4)
- CS 1410 - Object-Oriented Programming Credits: (4)
- CS 2130 - Computational Structures Credits: (4)
- CS 2250 - Structured Computing in a Selected Language Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
- CS 2810 - Computer Architecture/Organization Credits: (4)
- PDD 1010 - Introduction to Engineering & Technical Design (Solidworks) Credits: (3)
- ENGR 2010 - Statics Credits: (3)
- ENGR 2030 - Dynamics Credits: (4)
- ENGR 2140 - Mechanics of Materials Credits: (3)
- ENGR 2160 - Materials Science and Engineering Credits: (4)
- ECE 2210 - Electrical Engineering for Non-majors Credits: (4)
- ENGR 2300 - Thermodynamics Credits: (4)
- ECE 1270 - Introduction to Electrical Circuits Credits: (4)
• ECE 2260 - Fundamentals of Electrical Circuits Credits: (4)
• ECE 2700 - Digital Circuits Credits: (4)
• GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3) and
  GEO 1115 - Physical Geology Lab Credits: (1)
• MATH 2210 - Calculus III Credits: (4)
• MATH 2250 - Linear Algebra and Differential Equations Credits: (4)
• MATH 2270 - Elementary Linear Algebra Credits: (3)
• MATH 2280 - Ordinary Differential Equations Credits: (3)
• MATH 3410 - Probability and Statistics I Credits: (3)
• MICR 2054 LS - Principles of Microbiology Credits: (4)
Energy Engineering (BS)

- **Program Prerequisites:** ENGL 1010 or placement into ENGL 2010; MATH 1050 plus 1060 or 1080, or placement into MATH 1210; CHEM 1200 or permission from the Chemistry Department to take CHEM 1210.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in all EEN and support courses is required for this major (a grade of "C-" is not acceptable). Students must have a minimum cumulative GPA of 2.5 to graduate.
- **Credit Hour Requirements:** A total of 127 credit hours is required for graduation.
- **Program Code:** 8095BS
- **CIPC:** 149999

Energy Engineering is the branch of engineering that deals with energy efficiency, power generation, energy services, facility management, environmental compliance, sustainable energy and renewable energy. One of the more recent engineering fields to emerge, energy engineering combines the fields of mechanical engineering, electrical engineering, environmental science and economics. The main responsibility of energy engineers is to find the most efficient, sustainable and cost-effective ways to operate buildings, power plants and manufacturing processes. The Energy Engineering Program consists primarily of courses in the Mechanical Engineering Program, bolstered by courses in Electrical Engineering. Some new courses in energy related topics are also an integral part of the program. In the senior year, students complete a two-semester capstone project that integrates their course work. The program prepares graduates to enter the energy engineering industry or to pursue graduate studies in the discipline.

**Program Educational Objectives**

Educational objectives are the accomplishments that the program prepares graduates to achieve. The educational objectives of the Energy Engineering Program are to produce graduates who are able to:

1. Be employed in an engineering or other physical science/technology field in a position that utilizes the curriculum knowledge and skills developed in the Energy Engineering Program.
2. Use their Energy Engineering education as a stimulus for personal and professional growth to pursue advanced degrees in engineering or other fields.
3. Communicate with and work effectively and ethically with people of diverse backgrounds.
4. Be independent and critical thinkers who identify problems and develop effective solutions through creativity and the application of knowledge.

**Accreditation**

The Weber State University Energy Engineering Program will seek accreditation by the Engineering Accreditation Commission (EAC) of ABET upon producing its first graduate.

**Advisement**

All Energy Engineering students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department administrative assistant at 801-626-6305 for the name of your advisor and to schedule an appointment.

Use Grad MAPs to plan your degree

**Admission Requirements**

Refer to "Program Prerequisites" above. See the department administrative assistant to declare the major.

**General Education**
Refer to Degree Requirements in the WSU catalog for BS degrees. Consult with your advisor and refer to the major requirements below for specific general education courses required.

Program Learning Outcomes

• An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
• An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
• An ability to communicate effectively with a range of audiences.
• An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgements, which must consider the impact of engineering solutions in global, economic, environmental, and social contexts.
• An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
• An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgement to draw conclusions.
• An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Required Mechanical Engineering and Electrical Engineering Courses (43 credit hours)

• ENGR 1000 - Introduction to Engineering Credits: (2)
• ENGR 2010 - Statics Credits: (3)
• ENGR 2030 - Dynamics Credits: (4)
• ENGR 2140 - Mechanics of Materials Credits: (3)
• ENGR 2160 - Materials Science and Engineering Credits: (4)
• ECE 2210 - Electrical Engineering for Non-majors Credits: (4)
• ENGR 2300 - Thermodynamics Credits: (4)
• ME 3040 - Dynamic System Modeling Credits: (3)
• ME 3050 - Machine Design Credits: (3)
• ME 3060 - Sensors, Instrumentation and Control Systems Credits: (3)
• ME 3300 - Fluid Mechanics Credits: (3)
• ME 4000 - Heat Transfer Credits: (3)
• ME 4990 - Seminar in Mechanical Engineering Credits: (1)
• ECE 3510 - Power Systems Credits: (4)

Required Energy Engineering Courses (19 credit hours)

• EEN 1200 - Introduction to Energy Engineering Credits: (2)
• EEN 2600 - Engineering Economics Credits: (3)
• EEN 3000 - Design, Ethics & Entrepreneurship Credits: (3)
• EEN 3200 - Sustainable Energy Credits: (3)
• EEN 4300 - Energy Auditing Credits: (2)
• EEN 4100 - Senior Project I Credits: (3)
• EEN 4200 - Senior Project II Credits: (3)

Elective Energy Engineering Courses (6 credit hours)

Select 6 credit hours from the following 4000 level courses:

• EEN 4420 - Renewable Energy Systems Design I Credits: (3)
• EEN 4430 - Renewable Energy Systems Design II Credits: (3)
• EEN 4440 - Introduction to Energy Systems Credits: (3)
• EEN 4450 - Electric Vehicles Engineering Credits: (3)
• EEN 4460 - Energy Management Credits: (3)
• EEN 4470 - Energy and Environmental Issues Credits: (3)
• EEN 4480 - Energy and Legal Issues Credits: (3)
• ME 4500 - Heating, Ventilating and Air-Conditioning Credits: (3)

Required Support Courses (24 credit hours)

• MATH 1210 - Calculus I Credits: (4)
• MATH 1220 - Calculus II Credits: (4)
• MATH 2210 - Calculus III Credits: (4)
• MATH 2250 - Linear Algebra and Differential Equations Credits: (4)
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)

• MFET 2500 - Process Automation I Credits: (1) and
• MFET 2510 - Process Automation I Lab Credits: (2)

Required General Education Courses (35 credit hours)

• CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)

• ENGL 2010 EN2 - Intermediate College Writing Credits: (3)
• LIBS 1704 - Information Navigator Credits: (1)
• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)

Additionally, select three credits of (AI) American Institutions, six credits of (SS/DV) Social Science/Diversity, and three credits of (LS/DV) Life Science/Diversity.
Mechanical Engineering (BS)

- Program Prerequisite: Not required.
- Minor: Not required.
- Grade Requirements: A grade of "C" or better in all ME and support courses is required for this major (a grade of "C-" is not acceptable). Students must have a minimum cumulative WSU GPA of 2.5 to graduate.
- Credit Hour Requirements: A total of 126 credit hours is required for graduation.
- Program Code: 8082BS
- CIPC: 141901

Mechanical Engineering is the branch of engineering that deals with the design and development of mechanical devices and systems across a wide spectrum of industries such as transportation, aerospace, biotechnology, electronics, robotics, power generation, renewable energy, environmental control and manufacturing. The Mechanical Engineering Program offers courses in engineering mechanics, materials, thermal-fluid sciences, instrumentation and measurements and manufacturing. In the senior year, students complete a two-semester capstone project that integrates their course work. The program prepares graduates to enter engineering industry or to pursue graduate studies in the discipline.

Mission Statement:
Educate and prepare Mechanical Engineering students for successful careers. This is accomplished by the program educational objectives.

Program Educational Objectives

1. Be employed in an engineering or other physical science/technology field in a position that utilizes the curriculum knowledge and skills developed in the Mechanical Engineering program.
2. Use their mechanical engineering education as a stimulus for personal and professional growth to pursue advanced degrees in engineering or other fields.
3. Engage students in activities to produce graduates who communicate and work effectively and ethically with people of diverse backgrounds.
4. Be independent and critical thinkers who identify problems and develop effective solutions through creativity, and the application of knowledge.

ABET ME Student Outcomes are:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Enrollment and Graduation

The current annual student enrollment is 319 with the program graduating 20 students so far. It is expected within a couple of years the graduation rate will substantially increase based on enrollment data.

Accreditation
The Weber State University Mechanical Engineering program is accredited by the Engineering Accreditation Commission (EAC) of ABET.

Advisement

All Mechanical Engineering students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6898 for the name of your advisor and to schedule an appointment. Individual student records are accessible through the WSU Home Page.

Admission Requirements

See an academic advisor for the College of Engineering, Applied Science and Technology to declare your program of study (major). The program consists of two parts, a pre-professional program and a professional program.

Pre-professional Program

To enter the pre-professional program, students must have enrolled or have all the necessary prerequisites to enroll in MATH 1210 - Calculus I, ENGL 1010 EN1 - Introductory College Writing, and CHEM 1210 PS - Principles of Chemistry I. The pre-professional program consists of the following courses:
ENGR 1000, ENGR 2010, ENGR 2030, ENGR 2140, ENGR 2160, ECE 2210, ENGR 2300, MATH 1210, MATH 1220, MATH 2210, MATH 2250, PHYS 2210, PHYS 2220, CHEM 1210.

Professional Program

Students will be allowed to continue in the mechanical engineering professional program, which consists of junior and senior courses, if they have achieved a minimum cumulative GPA of 2.80 in the pre-professional program. Students who have not achieved this GPA standard should consult with the mechanical engineering program coordinator about which pre-professional courses to repeat.

General Education

Refer to Degree Requirements or Bachelor of Science degrees. Consult with your advisor and refer to the major requirements below for specific general education courses required.

Program Learning Outcomes

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- An ability to communicate effectively with a range of audiences.
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgements, which must consider the impact of engineering solutions in global, economic, environmental, and social contexts.
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgement to draw conclusions.
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
Major Course Requirements for ME BS Degree

Mechanical Engineering Required Courses (50 credit hours)

- ENGR 1000 - Introduction to Engineering Credits: (2)
- ENGR 2010 - Statics Credits: (3)
- ENGR 2030 - Dynamics Credits: (4)
- ENGR 2140 - Mechanics of Materials Credits: (3)
- ENGR 2160 - Materials Science and Engineering Credits: (4)
- ECE 2210 - Electrical Engineering for Non-majors Credits: (4)
- ENGR 2300 - Thermodynamics Credits: (4)
- ME 3040 - Dynamic System Modeling Credits: (3)
- ME 3050 - Machine Design Credits: (3)
- ME 3060 - Sensors, Instrumentation and Control Systems Credits: (3)
- ME 3300 - Fluid Mechanics Credits: (3)
- ME 3350 - Engineering Computing Credits: (2)
- ME 3500 - Numerical Methods for Engineering Credits: (3)
- ME 4000 - Heat Transfer Credits: (3)
- ME 4100 SUS - Senior Project I Credits: (3)
- ME 4200 SUS - Senior Project II Credits: (3)
- ME 4990 - Seminar in Mechanical Engineering Credits: (1)

Mechanical Engineering Elective Courses (9 credit hours)

Select credit hours from the following 3000 and 4000 level courses:

- ME 4150 - Vibrations Credits: (3)
- ME 4250 - Finite Element Analysis Credits: (3)
- ME 4300 - Material Failure Analysis Credits: (3)
- ME 4350 - Intermediate Mechanics of Materials Credits: (3)
- ME 4400 - Aerodynamics Credits: (3)
- ME 4440 - Compressible Fluid Flow Credits: (3)
- ME 4450 - Aerospace Propulsion Credits: (3)
- ME 4500 - Heating, Ventilating and Air-Conditioning Credits: (3)
- ME 4550 - Robotics Credits: (3)
- ME 4600 - Intermediate Thermal-Fluids Credits: (3)
- MATH 3710 - Boundary Value Problems Credits: (3)

Required Support Course (minimum of 33 credit hours)

- PDD 1010 - Introduction to Engineering & Technical Design (Solidworks) Credits: (3)
- MSE 1210 - Metal Processing and Joining for Engineers Credits: (3)
- ENGL 3100 - Professional and Technical Writing Credits: (3)
- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- MATH 2210 - Calculus III Credits: (4)
- MATH 2250 - Linear Algebra and Differential Equations Credits: (4)
- MATH 2270 - Elementary Linear Algebra Credits: (3) and
- MATH 2280 - Ordinary Differential Equations Credits: (3)
- MATH 3410 - Probability and Statistics I Credits: (3)
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)

Required General Education Courses (34 credit hours)

• ECON 2010 SS - Principles of Microeconomics Credits: (3)
• ENGL 2010 EN2 - Intermediate College Writing Credits: (3)
  prerequisite is ENGL 1010 Introductory College Writing (3) or placement.
• American Institutions (AI) Credits: (3)
• Information Literacy Credits: (.5-1)*
• Humanities and Creative Arts (HU/CA) Credits: (9)
• Social Science/Diversity (SS/DV) Credits: (3)
• CHEM 1210 PS - Principles of Chemistry I Credits: (4)
• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
• Life Science (LS) Credits: (3)
  *Information Literacy not included in 34 credit hour total

Additional Mechanical Engineering courses (not required however these need departmental approval)

• ME 4800 - Individual Research Problems Credits: (1-3)
• ME 4830 - Readings in Mechanical Engineering Credits: (1-3)
• ME 4890 - Cooperative Work Experience Credits: (1-3)
• ME 4900 - Special Topics Credits: (1-3)
• ME 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
Mechanical Engineering Technology (BS)

- **Program Prerequisite:** Complete the requirements for the Mechanical Engineering Technology (AAS).
- **Minor:** Not Required.
- **Grade Requirements:** A grade of "C" or better in all major courses, support courses, and technical electives is required (a grade of "C-" is not acceptable) in addition to an overall GPA for all courses of 2.00 or higher. Also refer to the general grade requirements for graduation in the Degree Requirements section of this catalog.
- **Credit Hour Requirements:** A total of 124 credit hours is required for graduation. A total of 40 upper division credits is also required (courses numbered 3000 and above). Transfer students are required to take a minimum of 30 credit hours at Weber State University.
- **Program Code:** 8002BS
- **CIPC:** 150805

Advisement

All Mechanical Engineering Technology students are required to meet with their faculty advisor at least annually for course and program advisement. Please call the department secretary at 801-626-6305 for the name of your advisor and to schedule an appointment.

Admission Requirements

Declare your program of study. Refer to the Program Prerequisite listed above. There are no additional special admission or application requirements for this program.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. Consult with your advisor for specific general education guidelines.

Program Learning Outcomes

- Demonstrate appropriate mastery of knowledge, skills and modern tools in the discipline
- Apply current knowledge of managing engineering and technology
- Conduct, analyze and interpret experiments and apply experimental results to improve processes
- Apply creativity to design of systems, components and processes
- Function effectively on teams
- Identify, analyze and solve technical problems
- Communicate effectively
- Recognize the needs for and possess the ability to pursue lifelong learning
- Understand professional, ethical and social responsibilities
- Respect diversity and recognize professional, societal and global issues
- Have a commitment to quality, timelines and continuous improvement

Major Course Requirements for BS Degree

*To be taken in addition to the courses required for the AAS Degree in Mechanical Engineering Technology*

Mechanical Engineering Technology Courses Required (31 credit hours)
• MET 3050 - Dynamics for Engineering Technology Credits: (3)
• MET 3150 - Engineering Technology Materials Credits: (3)
• MET 3300 - Computer Programming Applications of Mechanical Engineering Technology Credits: (3)
• MET 3400 - Machine Design for Engineering Technology Credits: (3)
• MET 3500 - Mechanical Measurements and Instrumentation Credits: (3)
• MET 3700 - Testing and Failure Analysis Credits: (3)
• MET 4200 - Mechanical Design with FEA Credits: (3)
• MET 4500 - Senior Project I Credits: (3)
• MET 4510 - Senior Project II Credits: (3)
• MET 4650 - Thermal Science Credits: (3)
• MET 4990 - Seminar in Mechanical Engineering Technology Credits: (1)

Support Courses Required (9 credit hours)

• MFET 1210 - Machining Principles Lecture/Lab I Credits: (3)
• MFET 3340 - Applied Fluid Power Credits: (2) and
  MFET 3340L - Applied Fluid Power Lab Credits: (1)
• PS 3250 - Business Communication Credits: (3) or
  ENGL 3100 - Professional and Technical Writing Credits: (3)

Technical Electives (9 credit hours)

A minimum of 9 credit hours of technical electives chosen from the following list are required. At least 3 credit hours must be upper division.

• MATH 1220 - Calculus II Credits: (4)
• MATH 2210 - Calculus III Credits: (4)
• MATH 2270 - Elementary Linear Algebra Credits: (3)
• MATH 2280 - Ordinary Differential Equations Credits: (3)
• MET 4300 - Heating, Ventilating & Air Conditioning Credits: (3)
• MET 4800 - Individual Research in Mechanical Engineering Technology Credits: (1-3)
• MET 4890 INT - Cooperative Work Experience Credits: (1-3)
• MFET 2410 - Quality Concepts and Statistical Applications Credits: (3)
• MFET 2440 - Computer Numeric Control (CNC) in Manufacturing Credits: (2) and
  MFET 2440L - CNC in Manufacturing Lab Credits: (1)
• MFET 2500 - Process Automation I Credits: (1) and
  MFET 2510 - Process Automation I Lab Credits: (2)
• MFET 2860 - Plastics/Composites Materials & Properties Credits: (3)
• MFET 3010 - Tool Design Credits: (3)
• MFET 3350 - Plastic and Composite Manufacturing Credits: (2) and
  MFET 3350L - Plastic and Composite Manufacturing Lab Credits: (2)
• MFET 3460 - Engineering Design using Solid Modeling Credits: (2) and
  MFET 3460L - Engineering Design using Solid Modeling Lab Credits: (1)
• MFET 3750 - Welding Metallurgy I Credits: (2)
• MFET 3820 - Nondestructive Testing Credits: (3)
• MFET 3830 - Reinforced Plastics/Advanced Composite Lecture/Lab Credits: (3)
• MFET 4310 - Corrosion and Corrosion Control Credits: (2)
- MFET 4580 - Process Automation II & Robotics Credits: (1) and
- MFET 4585 - Process Automation II Lab Credits: (2)

- MSE 3700 - Manufacturing Systems I Credits: (3)
- MSE 3850 - Statistical Process Control and Reliability Credits: (3)
- MSE 3910 - Six Sigma Methods and Tools in Manufacturing Credits: (3)
- PDD 2460 - Product Design Fundamentals Using 3D CAD Credits: (3)
- PDD 2650 - Product Design & Development Credits: (3)
- PDD 3470 - Introduction to CATIA V5 Credits: (3)
- PDD 4470 - Advanced CATIA V5 Credits: (3)
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)

Note:

The following courses require pre-requisites that are not covered in the MET Core Requirements: MATH 2210, MATH 2270, MATH 2280, MFET 3010, MFET 4580 and MFET 4585, MSE 3910, PDD 2650, PDD 3470, PDD 4470.

Other Required Courses (12 credit hours)

- Gen Ed Humanities Elective (3)
- Gen Ed Social Science Diversity Elective (3)
- Gen Ed Life Science Elective (3)
- Gen Ed American Institutions Elective (3)
Department of Professional Sales

Department Chair: Blake Nielson
Location: Technical Education Building, Room 101
Telephone Contact: Wendi Birch 801-626-6913
Professors: Tim Border, Jo Ellen Jonsson; Associate Professor: Blake Nielson; Assistant Professors: Brock Adams, Nicole Flink, Alex Lawrence; Instructor: Mikelle Barberi-Weil, Paige Young
The Department of Professional Sales offers associate of applied science degrees in the areas of Sales & Merchandising Technology and bachelor's degrees in Professional Sales.

Sales and Merchandising

The sales and merchandising program is designed to prepare people for employment in selling at all levels of distribution and merchandising and middle management areas of retailing. Occupational opportunities include positions as salespeople (auto, insurance, real estate, etc.), middle management areas of sales managers and wholesale managers, retail salespeople, departmental managers, fashion coordinators, buyers, sales promotion managers, personnel directors, and display people. Students supplement their course work with practical on-the-job training in local business establishments, receiving college credit for their work experience.

Professional Sales

This program prepares individuals to serve as agents or sales representatives in selling products/services to other businesses, plants, professionals, and public and private institutions. This program offers a professional sales emphasis tailored toward specific fields such as:

- Manufacturing Rep
- Pharmaceutical Rep
- Financial Planning
- Technology Sales
- Wholesale Rep
- Electronic Rep
- Communication System Rep
- Medical Equipment Rep
- Real Estate
- Financial Services Marketing
- Broker
- Small Business Owner
Sales and Merchandising (AAS)

- **Program Prerequisite:** An interview with the program advisor is necessary prior to acceptance into the program.
- **Grade Requirements:** An overall GPA of 2.00 or "C."
- **Credit Hour Requirements:** A total of 63 credit hours is required.
- **Assessment Requirements:** Students will be required to complete certain assessment instruments as part of the overall requirements for receiving their associate's degree. Please see your advisor or your department for specific information regarding assessment.
- **Program Code:** 8025AAS
- **CIPC:** 521803

Advisement

All Sales and Merchandising students are required to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6913 for more information or to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Associate of Applied Science requirements. COMM 2110 is a required support course and will also be applied toward general education requirements. Computer and Information Literacy as defined in this catalog is also required for the AAS degree.

Program Learning Outcomes

- Basic Selling Techniques: Demonstrate effective selling skills.
- Contract and Sales Negotiations: Apply negotiation techniques to selling situations.
- Customer Profiling: Identify and profile the various selling styles.
- Sales Proposal Writing: Apply the principles of proposal writing.
- Team Building Skills: Development of the interpersonal and leadership skills to work effectively in teams.
- Customer Service Skills: Identify successful techniques for working with customers in business situations.
- Supervision Skills: Practical application of supervisory skills including choosing, organizing, training and evaluating.
- Sales Presentation Skills: Identifying and using the principles and practices of professional sales consultants.
- Interpersonal Relationship Skills: Identifying and demonstrating interpersonal relationship skills.
- Legal Compliance and Sales Ethics: Applying the principles, techniques and analysis of ethics and the law in the sales and service profession.
- Planning and organization skills: Apply the principles of organization and planning to all facets of the sales and service profession.
- Technology Skills

Major Course Requirements for AAS Degree

Courses Required (15 credit hours)
• PS 1143 - Principles of Selling and Persuasion Credits: (3)
• PS 1303 - Sales Channels Credits: (3)
• PS 2603 - Advanced Selling Techniques Credits: (3)
• PS 3203 - Customer Service Techniques Credits: (3)
• PS 3563 - Principles of Sales Supervision Credits: (3)

Support Courses (30 credit hours)

• Select 30 credit hours from any of the PS Department courses.

Note:

Computer and Information Literacy as defined in this catalog is also required.
**Professional Sales (BS)**

- **Program Prerequisite:** An interview with a faculty member is necessary prior to acceptance into the program.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable) in addition to an overall GPA of 2.00 or higher.
- **Credit Hour Requirements:** A total of 120 hours is required for graduation; a minimum of 51 of these is required within the major. A total of 40 upper division credit hours is required (courses number 3000 and above); a minimum of 32 of these is required within the major.
- **Program Code:** 8065BS
- **CIPC:** 521804

**Advisement**

All Professional Sales students are required to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6913 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements.

**Program Learning Outcomes**

- Basic Selling Techniques: Demonstrate effective selling skills.
- Contract and Sales Negotiations: Apply negotiation techniques to selling situations.
- Customer Profiling: Identify and profile the various selling styles.
- Sales Proposal Writing: Apply the principles of proposal writing.
- Team Building Skills: Development of the interpersonal and leadership skills to work effectively in teams.
- Customer Service Skills: Identify successful techniques for working with customers in business situations.
- Business Math Skills: Apply the basic principles of business math: markup, cost of goods sold, profit and loss statement, merchandise plans, pricing techniques, etc.
- Supervision Skills: Practical application of supervisory skills including choosing, organizing, training and evaluating.
- Supervised Sales Experience: The practical use of program skills and applying them to the workplace.
- Sales Presentation Skills: Identifying and demonstrating interpersonal relationship skills.
- Interpersonal Relationship Skills: Identifying and demonstrating interpersonal relationship skills.
- Legal Compliance and Sales Ethics: Applying the principles, techniques and analysis of ethics and the law in the sales and service profession.
- Planning and organization skills: Apply the principles of organization and planning to all facets of the sales and service profession.

**Major Course Requirements for BS Degree**

Courses Required (51 credit hours)
• PS 1143 - Principles of Selling and Persuasion Credits: (3)
• PS 1303 - Sales Channels Credits: (3)
• PS 1401 - Introduction to Sales and Service Technology Credits: (1)
• PS 2603 - Advanced Selling Techniques Credits: (3)
• PS 3103 - Sales Personalities and Profiles Credits: (3)
• PS 3203 - Customer Service Techniques Credits: (3)
• PS 3250 - Business Communication Credits: (3)
• PS 3303 - Technology in Sales Credits: (3)
• PS 3363 - Contract and Sales Negotiation Techniques Credits: (3)
• PS 3503 - Sales Planning and Forecasting Credits: (3)
• PS 3563 - Principles of Sales Supervision Credits: (3)
• PS 3702 - Developing Team Leadership Skills Credits: (2)
• PS 3803 - Sales Proposals Credits: (3)
• PS 3903 - Sales Presentation Strategies and Techniques Credits: (3)
• PS 4203 - Ethical Sales and Service Credits: (3)
• PS 4610 INT - Senior Project I Credits: (3)
• PS 4620 INT - Senior Project II Credits: (3)
• PS 4993 - Sales Career Seminar Credits: (3)

Support Course Electives (minimum 24 credit hours)

Select from the following or other classes approved by the department adviser.

• ACTG 2010 - Survey of Accounting I Credits: (3)
• ACTG 2020 - Survey of Accounting II Credits: (3)
• ATTC 3520 - Fleet Management Credits: (3)
• ATTC 3620 - Automotive Business Practices Credits: (3)
• BSAD 1010 - Introduction to Business Credits: (3)
• BSAD 3000 - Small Business Management Credits: (3)
• BSAD 3200 - Legal Environment of Business Credits: (3)
• CHF 1500 SS/DV - Human Development Credits: (3)
• FAM 2100 - Family Resource Management Credits: (3)
• CHF 2400 SS/DV - Family Relations Credits: (3)
• FAM 3150 - Consumer Rights and Responsibilities Credits: (3)
• FAM 4400 - The Family in Stress Credits: (3)
• COMM 3050 - Conflict Management and Negotiation Credits: (3)
• COMM 3120 - Advanced Public Speaking Credits: (3)
• COMM 3820 - Persuasive Communication Credits: (3)
• COMM 3850 - Advertising Credits: (3)
• ECON 2010 SS - Principles of Microeconomics Credits: (3)
• ENGL 3100 - Professional and Technical Writing Credits: (3)
• GERT 3120 - Aging: Adaptation and Behavior Credits: (3)
• GERT 4650 - Retirement: Adjustment/Planning Credits: (3)
• IDT 1010 CA - Introduction to Interior Design Credits: (3)
• MIS 2010 - Business Computer Skills Credits: (1)
• MGMT 3010 - Organizational Behavior and Management Credits: (3)
• MKTG 3010 - Marketing Concepts and Practices Credits: (3)
• PS 1403 - Introduction to Customer Care Credits: (3)
• PS 1503 - Introduction to Fashion Merchandising Credits: (3)
• PS 1890 INT - Work Experience Credits: (1-3)
• PS 2182 - Credit and Collection Methods Credits: (2)
• PS 2383 - Retail Merchandising and Buying Methods Credits: (3)
• PS 2443 - Advertising Methods Credits: (3)
• PS 2703 - Internet Sales and Service Credits: (3)
• PS 2890 INT - Work Experience II Credits: (1-3)
• PS 2903 - Professional Selling Methodologies Credits: (3)
• PS 2991 - Sales/Service Technology Seminar Credits: (1-3)
• PS 3703 - Professional Sales Simulations Credits: (3)
• PS 4830 - Directed Readings Credits: (1-3)
• PS 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• PSY 2000 SS - The Psychology of Human Relationships Credits: (3)
• PSY 3000 - Child Psychology Credits: (3)
• PSY 3100 - Psychology of Diversity Credits: (3)
• PSY 3460 - Social Psychology Credits: (3)
• PSY 4510 - Industrial and Organizational Behavior Credits: (3)
• QUAN 2600 - Business Statistics I Credits: (3)
• SCM 3050 - Operations and Supply Chain Management Credits: (3)
• SOC 2600 - Sociology of Family Credits: (3)
• WEB 2080 - Database Applications Credits: (1)
• WEB 3070 - Advanced Spreadsheet Applications Credits: (1)
• WEB 3090 - Digital Presentations Credits: (2)
• WEB 2220 - Digital Publishing Credits: (3)
• WEB 3400 - LAMP Stack Web Development Credits: (3)
Professional Sales (BIS)

- **Grade Requirements**: A grade of "C" or better in all courses.
- **Credit Hour Requirements**: A minimum of 18 credit hours.
- **Program Code**: 8065
- **CIPC**: 521804

Course Requirements for BIS

Professional Sales Courses Required (6 credit hours)

- PS 1143 - Principles of Selling and Persuasion **Credits**: (3)
- PS 2603 - Advanced Selling Techniques **Credits**: (3)

Additional Professional Sales Electives (12 credit hours)

*Choose any 4 of the following courses*

- PS 3103 - Sales Personalities and Profiles **Credits**: (3)
- PS 3203 - Customer Service Techniques **Credits**: (3)
- PS 3303 - Technology in Sales **Credits**: (3)
- PS 3363 - Contract and Sales Negotiation Techniques **Credits**: (3)
- PS 3563 - Principles of Sales Supervision **Credits**: (3)
- PS 3803 - Sales Proposals **Credits**: (3)
- PS 3903 - Sales Presentation Strategies and Techniques **Credits**: (3)
Sales Minor

Professional Sales (Minor)

- **Grade Requirements:** A grade of "C" or better in all courses used toward the minor.
- **Credit Hour Requirements:** A total of 15 credit hours required.
- **Program Code:** Professional Sales (8065)
- **CIPC:** Professional Sales (521804)

This program offers students who major in another field the option to obtain a minor in one of the areas in Professional Sales. Course options are available for substitution or addition to the recommended courses should the student feel a need for a more specific or concentrated minor emphasis. Check with the PS Department for approval of substitute courses.

Course Requirements for Professional Sales Minor (minimum of 15 credit hours)

- PS 1143 - Principles of Selling and Persuasion Credits: (3)
- PS 1303 - Sales Channels Credits: (3)
- PS 2603 - Advanced Selling Techniques Credits: (3)
- PS 3203 - Customer Service Techniques Credits: (3)
- PS 3563 - Principles of Sales Supervision Credits: (3)
School of Computing

Department Chair: Dr. Kyle Feuz
Location: WSU Davis, Computer and Automotive Engineering (CAE), 161
Telephone Contact: Christel Grange-Hicks, 801-626-7929

The School of Computing provides exceptional educational opportunities to students in the growing area of computing and computational systems. Students can explore diverse areas such as software engineering, mobile applications, programming languages, virtual reality, simulation science, game development, network technologies, network security, database development, multimedia applications, user interface/user experience, and web design and development. The College of Engineering, Applied Science & Technology offers AAS and BS degrees in the following computing programs:

- Computer Science
- Network Management Technology
- Web and User Experience

The BS degree in Computer Science is accredited by the Computing Accreditation Commission of ABET, http://www.abet.org

Computer Science

Program Coordinator: Linda DuHadway
Location: Technical Education Building, Room 110K
Telephone Contact: 801-626-6906
CS Program Advisor: Pat DeJong, 801-626-6318
Salt Lake Program Coordinator & Advisor: Ted Cowan, 801-957-4769
Davis Program Coordinator & Advisor: Brad Peterson, 801-395-3465

The Computer Science program offers an Associate of Applied Science Degree and a Bachelor of Science Degree in Computer Science. The nature of the curricula offers flexibility as a student may tailor their program of study to their interests and professional aspirations. The curricula is based on ABET suggested program outcomes and also provides a Customized Option for students seeking a second bachelor's degree or a minor in a different academic area. The program also offers a minor, a teaching minor, and a BIS concentration. A Game Development Certificate is also offered that consists of 15-16 credits that focus on game development and math and also requires a bachelor's degree in Computer Science to be completed as a pre or co-requisite.

The Computer Science program is a technical, scientific approach requiring a solid foundation in mathematics and physics. The program blends scientific and engineering principles implemented through actual, practical, and applications-oriented experience as well as the intellectual study of computing. It is designed to provide a sound fundamental understanding of logic and of digital computer organization as well as the interaction between hardware, software and the interconnection of system components. Also emphasized is software engineering which includes understanding operating systems and other software systems design including implementation of the theory of computing, analysis of algorithms, simulation, and knowledge-based systems. The objectives of the Computer Science program are to provide students with an education that will meet their academic and career goals as well as meeting the needs of local industries.

Network Management Technology

Program Coordinator: Kyle Feuz
Location: Elizabeth Hall, Room 301
Telephone Contact: 801-626-6059
NMT Program Advisors: Kyle Feuz, Andy Drake
Professor: Allyson Saunders; Assistant Professor: Matthew Paulson; Instructors: Andy Drake, AJ Helper, Jose Limas

The Network Management Technology program offers an Associate of Applied Science (AAS) Degree and a Bachelor of Science (BS) Degree in Network Management Technology, as well as a minor in Network Management Technology. Also offered are a Network Security Technology Certificate and a Network Technologies Certificate.
The program offers courses in network management technology, telecommunications, local area networks, wireless technologies, operating systems, network certification, and other related areas. Network Management Technology students study both the data side and the voice side of the discipline. On the data side, students learn about computer networks, network operating systems, security, and computer application programs. On the voice side, students learn about designing, installing, and managing phone systems, and making decisions regarding the purchase and operation of hardware and software.

Web & User Experience

Program Coordinator: Cody Squadroni  
Location: Elizabeth Hall, Room 368  
Telephone Contact: 801-626-6571  
WEB Program Advisor: Pat DeJong, 801-626-6318  
Associate Professor: Laura MacLeod; Assistant Professor: Noel Alton  
The Web and User Experience program offers an Associate of Applied Science (AAS) Degree and a Bachelor of Science (BS) Degree in Web and User Experience. Minors are offered in Web Technology, and User Experience Design. The program offers courses in web design, user experience design, database management, graphic production, and other related areas. Graduates of this program will be prepared for employment in web design, development, and user experience. Students will gain an understanding of best practices in each of these fields.

Credit Policy

1. **Obsoleter Credit**: School of Computing credits earned more than seven (7) years earlier than the proposed date of graduation will not be accepted toward University or major requirements unless validated through a challenge examination or approved by the appropriate academic department chair or department advisor.
2. **Waiver Requests**: Any exceptions to the printed School of Computing program graduation requirements must be approved by the appropriate academic department chair or department advisor prior to waiving, substituting, or taking the course(s) in question.
Computer Science (AAS)

- **Grade Requirements**: A grade of "C" or better must be earned in all required CS courses (a grade of "C-" is not acceptable). A grade of "C-" or better must be earned in all required support courses. In addition, an overall GPA of 2.70 or higher must be attained for all required courses.
- **Credit Hour Requirements**: This degree requires a minimum 63 credit hours.
- **Assessment Requirements**: Students will be required to complete certain assessment instruments as part of the overall requirements for receiving their associate's degree. Please see your advisor or your department for specific information regarding assessment.
- **Program Code**: 8023AAS
- **CIPC**: 110701

**Advisement**

It is strongly suggested that Computer Science students see the departmental advisor on a regular basis. Call the department administrative specialist at 801-626-7929 for an appointment with the advisor. (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study (refer to Enrollment Services and Information) as Associate of Applied Science in Computer Science. No special admission or application requirements are needed for this program.

**General Education**

Refer to Degree Requirements for the AAS general education requirements (core and breadth). The following required support courses will also be applied toward general education requirements: COMM 2110, ENGL 2010, CHEM 1110 (or CHEM 1130 or CHEM 1210 or (GEO 1060 and GEO 1065) or (GEO 1110 and GEO 1115) or (PHYS 2210 and PHYS 2215) or (PHYS 2010 and PHYS 2015) or BTNY 1403 or HTHS 1110 or MICR 2054 or ZOOL 1110 or ZOOL 2200), and MATH 1040 (or MATH 1210 or MATH 1120 or MATH 3410), CS 1030, LIBS 1504, and ETC 2001.

**Program Learning Outcomes**

- Apply knowledge of computing and mathematics
- Analyze problems, identify, and define requirements
- Design, implement, & evaluate computer-based systems
- Function in teams
- Professional, ethical, security, and social behavior
- Communicate Effectively
- Analyze local and global impact of computing
- Engage in continuing professional development
- Use current techniques, skills, and tools
- Apply mathematics, algorithms, and computer theory
- Apply design and development principles

**Major Course Requirements for AAS Degree**
Computer Science Courses Required (40 credit hours)

- CS 1030 - Foundations of Computing Credits: (4)
- CS 1400 - Programming I Credits: (4)
- CS 1410 - Object-Oriented Programming Credits: (4)
- CS 2130 - Computational Structures Credits: (4)
- CS 2350 - Client Side Web Development Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
- CS 2450 - Software Engineering I Credits: (4)
- CS 2705 - Network Fundamentals and Design Credits: (4)
- CS 2550 - Introduction to Database Design and SQL Credits: (4)
- CS 2810 - Computer Architecture/Organization Credits: (4)
- CS 2899 - Associate Degree Assessment Credits: (0)

Support Courses Required (23-24 credit hours)

- ENGL 2010 EN2 - Intermediate College Writing Credits: (3) or
- ENGL 2015 EN2 - Intermediate College Writing & Research Credits: (4)
- MATH 1040 QL - Introduction to Statistics Credits: (3) or
- MATH 1120 QL - Foundations of Data Science Credits: (3) or
- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 1210 - Calculus I Credits: (4)
- ETC 2001 SS/DV - Engineering Culture Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)

Natural Science Support Courses (4-5 credit hours)

Select one course below.

Natural science course must include lab.

- BTNY 1403 LS SUS - Principles of Environmental Science Credits: (3-4)
- CHEM 1110 PS - Elementary Chemistry Credits: (4) and
  - CHEM 1115 - Elementary Chemistry Lab Credits: (1)
- CHEM 1130 PS - Introduction to General, Organic & Biochemistry Credits: (4) and
  - CHEM 1135 - Introduction to General, Organic & Biochemistry Lab Credits: (1)
- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
  - CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- GEO 1060 PS - Environmental Geosciences Credits: (3)
- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4)
- PHYS 2010 PS - College Physics I Credits: (5)
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
- ZOOL 1110 LS - Principles of Zoology Credits: (4)
- ZOOL 2200 LS - Human Physiology Credits: (4)

Writing Support Courses (3 credit hours)
Select one course below.

- ENGL 2250 CA - CW: Introduction to Creative Writing Credits: (3)
- PHIL 1250 HU - Critical Thinking Credits: (3)
- ENGL 3100 - Professional and Technical Writing Credits: (3)
- PS 3250 - Business Communication Credits: (3)

Information Literacy (1 credit hour)

Select one course below.

*Information Literacy as defined in this catalog is also required for the AAS degree.*

- LIBS 1504 - Information Literacy Competency Exam Credits: (1)
- LIBS 1704 - Information Navigator Credits: (1)
Network Management Technology (AAS)

- **Grade Requirements**: A grade of "C" or better in courses required for this program in addition to an overall GPA of 2.50 or higher for all required specific major courses and a minimum cumulative GPA for all courses of 2.00.
- **Credit Hour Requirements**: A total of 63 credit hours is required within the program. Recommendation: If additional elective hours are needed to meet the 63 credit hours required for the AAS degree, students are encouraged to take courses to be counted toward the Network Management Technology bachelor's degree.
- **Program Code**: 8062AAS
- **CIPC**: 110901

Advisement

All Network Management Technology students should meet with a faculty advisor for course and program advisement. Email Andy Drake (andrewdrake@weber.edu) or call 801-626-6059 for more information or to schedule an appointment.

Admission Requirements

Declare a program of study (see Enrollment Services and Information) with the department secretary (Elizabeth Hall 301). No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Associate of Applied Science requirements.

Program Learning Outcomes

- Possess an ability to analyze a problem, and to identify and define the computing requirements appropriate to its solution
- Possess an ability to design, implement, and evaluate a computer-based solution to meet a given set of computing requirements in the context of network technology
- Possess an ability to communicate effectively with a range of audiences about technical information
- Possess an ability to make informed judgements in computing bases upon legal and ethical principles
- Possess an ability to function effectively on teams to establish goals, plan tasks, meet deadlines, manage risk, and produce deliverables

Major Course Requirements for AAS Degree

Core Courses Required (9-10 credit hours)

- ENGL 1010 EN1 - Introductory College Writing Credits: (3)
- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)
- MATH 1040 QL - Introduction to Statistics Credits: (3) or
- MATH 1050 QL - College Algebra Credits: (4)

Specific Major Courses Required (44 credit hours)

- CS 1030 - Foundations of Computing Credits: (4)
• NET 2200 - Microcomputer Operating Systems Credits: (3)
• NET 2210 - Linux Systems Administration Credits: (3)
• NET 2300 - Introduction to LAN Management Credits: (3)
• NET 2310 - Network Server Administration Credits: (3)
• NET 2415 - Cisco TCP/IP Routing Protocols and Router Configuration Credits: (3)
• NET 2435 - Cisco Advanced LAN and WAN Switching and Routing Theory and Design Credits: (3)
• NET 2500 - Practical Cybersecurity Infrastructure Credits: (3)
• CS 1400 - Programming I Credits: (4)
• NET 2510 - Cyberethics Credits: (1)
• CS 2550 - Introduction to Database Design and SQL Credits: (4)
• CS 2810 - Computer Architecture/Organization Credits: (4)
• WEB 1400 - Web Design and Usability Credits: (3)
• PS 3250 - Business Communication Credits: (3)

Support Courses Required (6 credit hours)

• ECON 1010 SS - Economics as a Social Science Credits: (3)
• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
Web and User Experience (AAS)

- **Grade Requirements:** A grade of "C" or better must be earned in all required WEB and CS courses (a grade of "C-" is not acceptable). A grade of "C-" or better must be earned in all required support courses. In addition, an overall GPA of 2.70 or higher must be attained for all required courses.
- **Credit Hour Requirements:** A total of 63 credit hours is required.
- **Program Code:** 8075AAS
- **CIPC:** 110801

Advisement

Web and User Experience major students should meet with a School of Computing advisor for course and program advisement. Refer to the Department Advisor Referral List for more information or to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information) with the department secretary (Elizabeth Hall 301). No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Associate of Applied Science requirements. COMM 2110 will be applied to fill both program and general education requirements.

Program Learning Outcomes

- Possess effective business communication skills.
- Possess knowledge and skills of technology.
- Implement effective decision-making and problem-solving skills.
- Possess knowledge of ethics and professionalism.
- Produce industry-standard websites and multimedia projects
- Applying knowledge of computing and mathematics
- Analyze problems, identify, and define requirements
- Design, implement, & evaluate computer-based systems
- Professional, ethical, security, and social behavior
- Analyze local and global impact of computing

Major Course Requirements for AAS Degree

Core Courses Required (10 credit hours)

- ENGL 1010 EN1 - Introductory College Writing Credits: (3)
- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)
- MATH 1050 QL - College Algebra Credits: (4)

General Education Courses Required (6 credit hours)
Refer to Degree Requirements for Associate of Applied Science requirements.

**Specific Major Courses Required (19 credit hours)**

- WEB 1400 - Web Design and Usability Credits: (3)
- WEB 1430 - Client Side Programming Credits: (3)
- WEB 2500 - User Experience Design Credits: (3)
- WEB 2620 - Advanced CSS Credits: (3)
- WEB 2630 - Client Side Frameworks Credits: (4)
- WEB 2890 - Client-Side Portfolio Credits: (3)

**Support Courses Required (19 credit hours)**

- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- ART 1120 - Design Concepts Credits: (3)
- CS 1030 - Foundations of Computing Credits: (4)
- CS 1400 - Programming I Credits: (4)
- CS 2550 - Introduction to Database Design and SQL Credits: (4)

**Specific Major Electives (9 credit hours)**

These 9 credits can be fulfilled with any CS or WEB 1xxx or 2xxx course which has not already been applied above.

- CS 1xxx Any CS 1xxx Course Not Slotted Elsewhere
- CS 2xxx Any CS 2xxx Course Not SlottedElsewhere
- WEB 2xxx Any WEB 2xxx Course Not Slotted Elsewhere
Computational Data Science and Machine Learning Graduate Certificate

- **Grade Requirements:** A minimum of a B- must be received in all courses in order to receive the graduate certificate.
- **Credit Hour Requirements:** 12 credit hours as specified below.
- **Program Code:** 8098GC
- **CIPC:** 307101

Graduate Certificate Requirements

- CS 6570 - Data Science Algorithms I **Credits:** (3)
- CS 6580 - Advanced Data Science Algorithms and Visualization **Credits:** (3)
- CS 6600 - Machine Learning **Credits:** (3)
- CS 6700 - Deep Learning Theory **Credits:** (3) or
- CS 6705 - Applied Cloud Computing **Credits:** (3)
Cybersecurity Essentials Certificate of Proficiency

- **Program Admission and Prerequisites:** Application for admission to Weber State University and/or current degree-seeking status.
- **Grade Requirements:** Completion of the following required courses with a grade of "C" or better. These courses may also be slotted appropriately for degree requirements.
- **Program Code:** 8090CP
- **CIPC:** 111003

Required Courses (17 credit hours)

- CS 1030 - Foundations of Computing **Credits:** (4)
- CS 1400 - Programming I **Credits:** (4)
- NET 2200 - Microcomputer Operating Systems **Credits:** (3)
- NET 2300 - Introduction to LAN Management **Credits:** (3)
- WEB 1400 - Web Design and Usability **Credits:** (3)
Game Development Certificate of Proficiency

A student may apply for a certificate of proficiency in Game Development provided he or she has fulfilled the following requirements:

1. Concurrent or previous completion of a Bachelor's Degree in Computer Science from the WSU College of Engineering, Applied Science, and Technology or any other accredited institution.
2. Completion of the following required courses with a grade of C or better. (These courses may also be slotted as electives for degree requirements)
   - **Program Code**: 8049CP
   - **CIPC**: 110299

Program Learning Outcomes

- Apply knowledge of computing and mathematics
- Analyze problems, identify, and define requirements
- Design, implement, & evaluate computer-based systems
- Function in teams
- Professional, ethical, security, and social behavior
- Communicate Effectively
- Analyze local and global impact of computing
- Engage in continuing professional development
- Use current techniques, skills, and tools
- Apply mathematics, algorithms, and computer theory
- Apply design and development principles

(15 credit hours):

- **CS 1010 CA - Introduction to Interactive Entertainment Credits**: (3)
- **CS 3280 - Object Oriented Windows Application Development Credits**: (4)
- **CS 4640 - Foundations of Game Development Credits**: (4)
- **CS 4650 - Advanced Game Development Credits**: (4)
Network Security Technology Certificate of Proficiency

- **Grade Requirements**: A minimum overall GPA of 2.00 or "C".
- **Credit Hour Requirements**: A total of 24 credit hours is required in addition to Computer Competency (at least 10 of which must be residence hours taken from WSU).
- **Program Code**: 8066CP
- **CIPC**: 151204

Program Learning Outcomes

- Possess an ability to apply knowledge of computing and mathematics appropriate to the program's student outcomes and to the discipline
- Possess an ability to analyze a problem, and identify and define the computing requirements appropriate to its solution
- Possess an ability to design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs
- Possess an understanding of professional, ethical, legal, security and social issues and responsibilities
- Possess an ability to communicate effectively with a range of audiences
- Possess an ability to analyze the local and global impact of computing on individuals, organizations, and society
- Recognize the need for an ability to engage in continuing professional development
- Possess an ability to use current techniques, skills, and tools necessary for computing practice

Course Requirements for Certificate of Proficiency

Courses Required (24 credit hours)

- **CS 1400 - Programming I** Credits: (4)
- **NET 2300 - Introduction to LAN Management** Credits: (3)
- **NET 2415 - Cisco TCP/IP Routing Protocols and Router Configuration** Credits: (3)
- **NET 2435 - Cisco Advanced LAN and WAN Switching and Routing Theory and Design** Credits: (3)
- **NET 2510 - Cyberethics** Credits: (1)
- **NET 3300 - Advanced LAN Security Management** Credits: (3)
- **NET 3730 - Cyber Policy and Ethics** Credits: (3)
- **CS 3030 - Scripting Languages** Credits: (4) or
- **CS 3705 - Protocol Analysis** Credits: (4)
Network Technologies Certificate of Proficiency

- **Grade Requirements**: A minimum overall GPA of 2.00 or "C".
- **Credit Hour Requirements**: A total of 16-18 credit hours is required (at least 10 of which must be residence hours taken from WSU).
- **Program Code**: 8067CP
- **CIPC**: 110901

Program Learning Outcomes

- Possess an ability to apply knowledge of computing and mathematics appropriate to the program's student outcomes and to the discipline
- Possess an ability to analyze a problem, and identify and define the computing requirements appropriate to its solution
- Possess an ability to design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs
- Possess an understanding of professional, ethical, legal, security and social issues and responsibilities
- Possess an ability to communicate effectively with a range of audiences
- Possess an ability to analyze the local and global impact of computing on individuals, organizations, and society
- Recognize the need for an ability to engage in continuing professional development
- Possess an ability to use current techniques, skills, and tools necessary for computing practice

Course Requirements for Certificate of Proficiency

Courses Required (16-18 credit hours)

- NET 2300 - Introduction to LAN Management Credits: (3) or
- CS 2705 - Network Fundamentals and Design Credits: (4)
- NET 2310 - Network Server Administration Credits: (3) or
- CS 3705 - Protocol Analysis Credits: (4)
- NET 2415 - Cisco TCP/IP Routing Protocols and Router Configuration Credits: (3)
- NET 2435 - Cisco Advanced LAN and WAN Switching and Routing Theory and Design Credits: (3)
- NET 3710 - Switching and Transmission Network Systems Management Credits: (4)
Programming Essentials Certificate of Proficiency

A student may apply for an Institutional Certificate of Proficiency in Programming Essentials provided he or she has fulfilled the following requirements:

1. Application for admission to Weber State University and/or current degree-seeking status.
2. Completion of the following required courses with a grade of "C" or better. These courses may also be slotted appropriately for degree requirements.

Program Learning Outcomes

- Apply knowledge of computing and mathematics
- Analyze problems, identify, and define requirements
- Design, implement, & evaluate computer-based systems
- Professional, ethical, security, and social behavior
- Analyze local and global impact of computing
- Engage in continuing professional development
- Use current techniques, skills, and tools
- Apply mathematics, algorithms, and computer theory

(16 credit hours):

- CS 1030 - Foundations of Computing Credits: (4)
- CS 1400 - Programming I Credits: (4)
- CS 1410 - Object-Oriented Programming Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
User Experience Design Certificate of Proficiency

User experience (UX) design is a growing interdisciplinary field focusing on the interaction between humans and technology and the design of meaningful and transformative user experiences. It focuses on having a deep understanding of users and their needs and using that understanding to guide the design of new sites, apps, products, and services. This certificate provides students with the high-quality training in the main areas of UX including design, prototyping, accessibility, and user research methods. Students receiving this certificate will possess a level of competency that will prepare them to work as UX designers and/or researchers.

A student may apply for an Institutional Certificate of Proficiency in User Experience provided the following requirements have been fulfilled:

- Application for admission to Weber State University and/or current degree-seeking status
- Completion of the following required courses with a grade of "C" or better (a grade of "C-" is not acceptable). These courses may also be slotted appropriately for degree requirements.

Program Code: 8094CP
CIPC: 303101

Program Learning Outcomes

- Possess effective business communication skills.
- Possess knowledge and skills of technology.
- Implement effective decision-making and problem-solving skills.
- Possess knowledge of ethics and professionalism.
- Produce industry-standard websites and multimedia projects

Required Courses (16 credit hours)

- WEB 1400 - Web Design and Usability Credits: (3)
- WEB 2500 - User Experience Design Credits: (3)
- WEB 2620 - Advanced CSS Credits: (3)
- WEB 3500 - User Interface Prototyping & Design Credits: (3)
- WEB 3600 - User Research Methods Credits: (4)
Web Essentials Certificate of Proficiency

The Institutional Certificate of Proficiency in Web Essentials provides a measured, proven, and effective introduction to user interface design concepts and best practices in web development. This Institutional Certificate emphasizes hands-on programming techniques, development of solid design principles, and exposure to the most widely used multimedia creation and editing tools. A student receiving this certificate will possess a level of competency that will prepare them to successfully design and develop client side web pages.

A student may apply for an Institutional Certificate of Proficiency in Web Essentials provided he or she has fulfilled the following requirements:

1. Application for admission to Weber State University and/or current degree-seeking status
2. Completion of the following required courses with a grade of "C" or better. These courses may also be slotted appropriately for degree requirements.
   - **Program:** 8086CP
   - **CIPC:** 110801

Program Learning Outcomes

- Possess effective business communication skills.
- Possess knowledge and skills of technology.
- Implement effective decision-making and problem-solving skills.
- Possess knowledge of ethics and professionalism.
- Produce industry-standard websites and multimedia projects
- Applying knowledge of computing and mathematics
- Analyze problems, identify, and define requirements
- Design, implement, & evaluate computer-based systems
- Professional, ethical, security, and social behavior
- Analyze local and global impact of computing

(17 credit hours):

- CS 1030 - Foundations of Computing Credits: (4)
- CS 1400 - Programming I Credits: (4)
- WEB 1400 - Web Design and Usability Credits: (3)
- WEB 2210 - Computer Illustrations Credits: (3)
- WEB 2200 - Image Editing Credits: (3)
Computer Science (BS)

- **Program Prerequisite:** Completion or equivalent of a Weber State AAS degree in Computer Science and acceptance into the baccalaureate degree program.
- **Minor:** Required for the Customized Option.
- **Grade Requirements:** A grade of "C" or better must be earned in all required CS courses (a grade of "C-" is not acceptable). A grade of "C-" or better must be earned in all required support courses. In addition, an overall GPA of 2.70 or higher must be attained for all required courses.
- **Credit Hour Requirements:** A minimum of 126 credit hours is required for graduation. The actual number of credit hours required for graduation with the customized option varies.
- **Program Code:** 8023BS, 8022BS(Customized Post-Bac)
- **CIPC:** 110701, Customized(110101)

Advisement

It is strongly suggested that Computer Science students see an advisor on a regular basis. Call the department administrative specialist at 801-626-7929 for an appointment with the advisor. (Also refer to the Department Advisor Referral List.)

Admission Requirements into the Bachelor Program

1. Complete an AAS degree in Computer Science or equivalent.
2. Formally declare and be accepted to baccalaureate status through the Department of Computer Science. Specific requirements and details may be obtained from a department advisor.

General Education

Refer to Degree Requirements. The MATH 1040, or MATH 1120, or MATH 3410 course required for the Computer Science AAS degree, which is a pre-requisite to the BS major, also satisfies the WSU core general education Quantitative Literacy requirement. Computer Science majors must complete COMM 2110 as part of the Humanities general education requirement. It is recommended that Computer Science majors take CS 1010 for one of the CA general education requirements.

**Students who pass the Computer Science Advanced Placement A exam with a score of 3 receive 4 hours of credit for CS 1022 (4). Students who pass the Computer Science Advanced Placement A exam with a score of 4 or 5 receive a total of 8 hours of credit consisting of CS Elective credit (4) plus specific credit for either CS 1400 (4) or CS 1023 (4). Students who pass the Advanced Placement Computer Science Principles exam with a score of 3, 4, or 5 receive 4 hours of credit for CS 1030 (4).**

Program Learning Outcomes

- An ability to apply knowledge of computing and mathematics appropriate to the program's student outcomes and to the discipline
- An ability to analyze a problem, and identify and define the computing requirements appropriate to its solution
- An ability to design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs
- An ability to function effectively on teams to accomplish a common goal
- An understanding of professional, ethical, legal, security and social issues and responsibilities
- An ability to communicate effectively with a range of audiences
- An ability to analyze the local and global impact of computing on individuals, organizations, and society
- Recognition of the need for and an ability to engage in continuing professional development
- An ability to use current techniques, skills, and tools necessary for computing practice.
- An ability to apply mathematical foundations, algorithmic principles, and computer science theory in the modeling and design of computer-based systems in a way that demonstrates comprehension of the tradeoffs involved in design choices.
• An ability to apply design and development principles in the construction of software systems of varying complexity.

Major Course Requirements for BS Degree

To be taken in addition to the requirements for the AAS degree in Computer Science.
Course Descriptions-CS, ETC, NET, WEB

Required Courses (26 credit hours)

• CS 3100 - Operating Systems Credits: (4)
• CS 3230 - Object Oriented User Interface Development with Java Credits: (4) or
• CS 3280 - Object Oriented Windows Application Development Credits: (4)
• CS 3550 - Advanced Database Programming Credits: (4)
• CS 3750 - Software Engineering II Credits: (4)
• CS 4110 - Concepts of Formal Languages and Algorithms for Computing Credits: (4)
• CS 4760 - CS Capstone Credits: (4)
• CS 4890 INT - Cooperative Work Experience Credits: (1-4) (2 credits)
• CS 4899 - Bachelor's Degree Assessment Credits: (0)

Support Courses Required (3-4 credit hours)

• MATH 1220 - Calculus II Credits: (4) or
• MATH 3110 - Foundations of Algebra Credits: (3) or
• MATH 3160 - Number Theory Credits: (3)

CS Upper Division Electives (6-8 credit hours)

Choose 2 upper division computer science courses (see list of suggested electives). You may not use CS 4800 or CS 4850 or CS 4890 for these electives.

Other Upper Division Electives (4 credit hours)

Choose 6 credits of any approved upper division courses from CS, NET, WEB, ECE, EET, MIS, PHYS, AND MATH. This may include up to 4 credits maximum in any one of the following courses: CS 4800, CS 4850, or an additional 2 credits from the required CS 4890 (max 4 credits total).

Suggested Upper Division CS Electives

The following suggested electives are provided in order to assist students wishing to specialize in different areas:

Recommended electives for students desiring to pursue a Master's Degree in Computer Science

• CS 4280 - Computer Graphics Credits: (4)
• CS 4500 - Introduction to Artificial Intelligence Credits: (4)
• CS 4820 - Compiler Design Credits: (4)
Recommended electives for students desiring to specialize in Web Development

- CS 4230 - Java Application Development Credits: (4)
- CS 4350 - Advanced Internet Programming Credits: (4)
- CS 4790 - .NET Web Application Development Credits: (4)
- CS 3620 - Server-Side Web Architecture Credits: (4)
- CS 3630 - Rich Internet Application Development Credits: (4)

Recommended electives for students desiring to specialize in Mobile Development

- CS 3230 - Object Oriented User Interface Development with Java Credits: (4)
- CS 3260 - Mobile Development for the iPhone Credits: (4)
- CS 3270 - Mobile Development for Android Credits: (4)

Recommended electives for students desiring to specialize in Network Security

- CS 3030 - Scripting Languages Credits: (4)
- CS 3705 - Protocol Analysis Credits: (4)
- CS 3805 - Computer and Network Security Credits: (4)
- CS 3840 - Computer Forensics for Security Assurance Credits: (4)
- NET 4740 - Security Vulnerabilities and Intrusion Mitigation Credits: (4)

Alternative Customized Option (33-35 credit hours) plus a minor or first bachelor's degree

Required Courses (30-32 credit hours)

- CS 3100 - Operating Systems Credits: (4)
- CS 3230 - Object Oriented User Interface Development with Java Credits: (4) or
- CS 3280 - Object Oriented Windows Application Development Credits: (4)
- CS 3550 - Advanced Database Programming Credits: (4)
- CS 3750 - Software Engineering II Credits: (4)
- CS 4110 - Concepts of Formal Languages and Algorithms for Computing Credits: (4)
- CS 4230 - Java Application Development Credits: (4) or
- CS 4450 - Advanced Software Engineering Methods Credits: (4) or
- CS 4790 - .NET Web Application Development Credits: (4)

Any two computer science upper division electives (6-8 credit hours). You may not use CS 4800 or CS 4850 or CS 4890 for these electives.
- Complete a minor in any academic area or a concurrent second bachelor's degree, or have completed a first bachelor's degree.

Note:

Additional hours of upper division computer science courses may be taken to satisfy the University upper division requirement of 40 hours (CS 4890 is recommended).

Suggested Course Sequence
Computer Science Teaching (BS)

- **Program Prerequisite:** Not required for Computer Science and Computer Science Customized majors. Computer Science Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).
- **Minor:** Not required.
- **Grade Requirements:** An overall GPA of 2.90 is required in courses required for this major. Also refer to the general grade requirements for graduation under Degree Requirements.
- **Credit Hour Requirements:** A total of 125 semester credit hours is required for graduation; 60 hours are required within the major, plus the credits required by the Department of Teacher Education. Forty-four upper-division credit hours are required (courses numbered 3000 and above).
- **Program Code:** 8091BS
- **CIPC:** 131321

Advisement

Computer Science Teaching majors are strongly encouraged to meet with the advisor at least annually for course and program advisement. Call 801-626-7929 for more information or to schedule an appointment. Computer Science Teaching majors are also encouraged to meet with a Jerry and Vickie Moyes College of Education advisor (call 801-626-6269). (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study. Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).

General Education

Refer to pages Degree Requirements for Bachelor of Science requirements.

Program Learning Outcomes

- An ability to apply knowledge of computing and mathematics appropriate to the program's student outcomes and to the discipline
- An ability to analyze a problem, and identify and define the computing requirements appropriate to its solution
- An ability to design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs
- An ability to function effectively on teams to accomplish a common goal
- An understanding of professional, ethical, legal, security and social issues and responsibilities
- An ability to communicate effectively with a range of audiences
- An ability to analyze the local and global impact of computing on individuals, organizations, and society
- Recognition of the need for and an ability to engage in continuing professional development
- An ability to use current techniques, skills, and tools necessary for computing practice.
- An ability to apply mathematical foundations, algorithmic principles, and computer science theory in the modeling and design of computer-based systems in a way that demonstrates comprehension of the tradeoffs involved in design choices.
- An ability to apply design and development principles in the construction of software systems of varying complexity.

Computer Science Teaching Major Course Requirements for BS Degree
Computer Science Courses Required (60 credit hours)

- CS 1030 - Foundations of Computing Credits: (4)
- CS 1400 - Programming I Credits: (4)
- CS 1410 - Object-Oriented Programming Credits: (4)
- CS 2130 - Computational Structures Credits: (4)
- CS 2350 - Client Side Web Development Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
- CS 2450 - Software Engineering I Credits: (4)
- CS 2550 - Introduction to Database Design and SQL Credits: (4)
- CS 2705 - Network Fundamentals and Design Credits: (4)
- CS 2810 - Computer Architecture/Organization Credits: (4)
- CS 3230 - Object Oriented User Interface Development with Java Credits: (4)
- CS 3280 - Object Oriented Windows Application Development Credits: (4)
- CS 3550 - Advanced Database Programming Credits: (4)

Select two of the following:

- CS 3030 - Scripting Languages Credits: (4)
- CS 3100 - Operating Systems Credits: (4)
- CS 3260 - Mobile Development for the iPhone Credits: (4)
- CS 3270 - Mobile Development for Android Credits: (4)
- CS 3705 - Protocol Analysis Credits: (4)

Support Courses Required (16 credit hours)

- CHF 1500 SS/DV - Human Development Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)
- ENGL 2250 CA - CW: Introduction to Creative Writing Credits: (3)
- MATH 1050 QL - College Algebra Credits: (4)

Note:

Students must also complete the Teacher Education Licensure Program.
Network Management Technology (BS)

- **Program Prerequisite:** Completion or equivalent of a Weber State AAS Degree in Network Management Technology.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major in addition to an overall GPA of 2.50 or higher for all required specific major courses and a minimum cumulative GPA for all courses of 2.00.
- **Credit Hour Requirements:** A total of 120-126 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above); 38 of these credit hours are required within the major.
- **Program Code:** 8062BS
- **CIPC:** 110901

Advisement

All Network Management Technology students should meet with a faculty advisor for course and program advisement. Email Andy Drake (andrewdrake@weber.edu) or call 801-626-6059 for more information or to schedule an appointment.

Admission Requirements

Complete an AAS Degree in Network Management Technology or equivalent. Declare a program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for the Bachelor of Science requirements. COMM 2110 and ECON 1010 will be applied to fill 6 credits of both program and general education requirements. (These courses are taken as part of the AAS).

Program Learning Outcomes

- Possess an ability to apply knowledge of computing and mathematics appropriate to the program's student outcomes and to the discipline.
- Possess an ability to analyze a problem, and identify and define the computing requirements appropriate to its solution.
- Possess an ability to design, implement, and evaluate a computer-based system, process, component, or program to meet desired needs.
- Possess an ability to function effectively on teams to accomplish a common goal.
- Possess an understanding of professional, ethical, legal, security and social issues and responsibilities.
- Possess an ability to communicate effectively with a range of audiences.
- Recognize the need for an ability to engage in continuing professional development.
- Possess an ability to use current techniques, skills, and tools necessary for computing practice.

Major Course Requirements for BS Degree

*To be taken in addition to the requirements for the Network Management Technology (AAS).*

Specific Major Courses Required (41 credit hours)

- NET 3300 - Advanced LAN Security Management Credits: (3)
- NET 3550 - Supervising Information Technology Credits: (3)
• NET 3710 - Switching and Transmission Network Systems Management Credits: (4)
• NET 3730 - Cyber Policy and Ethics Credits: (3)
• NET 3720 - Wireless Networking and Security Credits: (3)
• NET 4700 - Data and Voice Network Design Credits: (4)
• NET 4740 - Security Vulnerabilities and Intrusion Mitigation Credits: (4)

• NET 4760 INT - Network Management Technology Internship Credits: (3) or
• NET 4790 INT - Network Management Technology Senior Project Credits: (3)

• WEB 3400 - LAMP Stack Web Development Credits: (3)
• CS 3030 - Scripting Languages Credits: (4)
• CS 3705 - Protocol Analysis Credits: (4)

Upper Division Elective (3 credit hours)
Web and User Experience (BS)

- **Program Prerequisite:** Completion or equivalent of a Weber State AAS Degree in Web and User Experience.
- **Emphasis Selection:** Full Stack Web Development Emphasis or User Experience Design Emphasis
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better must be earned in all required WEB and CS courses (a grade of "C-" is not acceptable). A grade of "C-" or better must be earned in all required support courses. In addition, an overall GPA of 2.70 or higher must be attained for all required courses.
- **Credit Hour Requirements:** A minimum of 123 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 8075BS with one of the following emphasis codes: 8093 (Full-Stack) or 8094 (User Experience Design)
- **CIPC:** Web and User Experience(110801) with the following: Full Stack(110801) or User Experience Design (303101)

Advisement

Web and User Experience major students should meet with a School of Computing advisor for course and program advisement. Refer to the Department Advisor Referral List for more information or to schedule an appointment.

Admission Requirements

Complete the AAS Degree in Web and User Experience or equivalent. Declare a program of study (see Enrollment Services and Information) with the department secretary (Elizabeth Hall 301). An application is needed to select an emphasis.

General Education

Refer to Degree Requirements for the Bachelor of Science requirements. The COMM HU CEL 2110 course required for the Web and User Experience major (taken as part of the AAS) will also be applied to fill general education requirements.

Program Learning Outcomes

- Possess effective business communication skills.
- Possess knowledge and skills of technology.
- Implement effective decision-making and problem-solving skills.
- Possess knowledge of ethics and professionalism.
- Produce industry-standard websites and multimedia projects

Major Course Requirements for BS Degree

In addition to the requirements for the Web and User Experience (AAS), select one of the following emphases:

- Web and User Experience (BS), Full Stack Web Development Emphasis
- Web and User Experience (BS), User Experience Design Emphasis
Web and User Experience (BS), Full Stack Web Development Emphasis

Students of this emphasis will learn to build functional web applications end to end using languages like JavaScript, PHP, Python, Java, and ASP.Net, and tools like MySQL, Oracle, MS SQL Server, and NoSQL databases to find, save, or change data and serve it back to the user.

- **Program Prerequisite:** Completion or equivalent of a Weber State AAS Degree in Web and User Experience.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better must be earned in all required WEB and CS courses (a grade of "C-" is not acceptable). A grade of "C-" or better must be earned in all required support courses. In addition, an overall GPA of 2.70 or higher must be attained for all required courses.
- **Credit Hour Requirements:** A minimum of 123 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 8075BS with 8093 emphasis code
- **CIPC:** Web and User Experience(110801) with Full Stack(110801)

Advisement

Web and User Experience major students should meet with a School of Computing advisor for course and program advisement. Refer to the Department Advisor Referral List for more information or to schedule an appointment.

Admission Requirements

Complete the Web and User Experience (AAS) or equivalent. Declare a program of study (see Enrollment Services and Information) with the department admin (Elizabeth Hall 301). An application is needed to select this emphasis

General Education

Refer to Degree Requirements for Bachelor of Science requirements. The COMM 2110 HU CEL course required for the Web and User Experience major (taken as part of the AAS) will also be applied to fill general education requirements.

Program Learning Outcomes

- Possess effective business communication skills.
- Possess knowledge and skills of technology.
- Implement effective decision-making and problem-solving skills.
- Possess knowledge of ethics and professionalism.
- Produce industry-standard websites and multimedia projects

Major Course Requirements for BS Degree with an emphasis on User Experience Design

To be taken in addition to the requirements for the Web and User Experience (AAS).

Specific Major Courses Required (16 credit hours)

- WEB 3200 - Dynamic Languages for Web Development Credits: (3)
• WEB 3400 - LAMP Stack Web Development Credits: (3)
• WEB 3430 - Full Stack JavaScript Development Credits: (3)
• WEB 3500 - User Interface Prototyping & Design Credits: (3)
• WEB 4350 - Web Development Capstone Credits: (4)

Support Courses Required (14 credit hours)

• BSAD 3000 - Small Business Management Credits: (3) or
• MKTG 3010 - Marketing Concepts and Practices Credits: (3)
• PS 3250 - Business Communication Credits: (3) or
• ENGL 3100 - Professional and Technical Writing Credits: (3)
• CS 3550 - Advanced Database Programming Credits: (4)
• CS 3620 - Server-Side Web Architecture Credits: (4)

Electives (12 credit hours)

These 12 credits can be fulfilled with any CS 3xxx, CS 4xxx, NET 3550, WEB 3xxx, WEB 4xxx courses.
• Any CS 3xxx Course Not Slotted Elsewhere
• Any CS 4xxx Course Not Slotted Elsewhere
• Any WEB 3xxx Course Not Slotted Elsewhere
• Any WEB 4xxx Course Not Slotted Elsewhere
Web and User Experience (BS), User Experience Design Emphasis

User Experience (UX) design is a growing interdisciplinary field focusing on the interaction between humans and technology and the design of meaningful and transformative user experiences. It focuses on having a deep understanding of users and their needs and using that understanding to guide the design of new sites, apps, products, and services. This emphasis takes place during the last two years of the WEB/UX (BS) program. It covers the main areas of UX design including user research methods, accessibility, and information architecture. As an interdisciplinary emphasis, it lists required support courses from departments such as Psychology, Professional Sales, Communications, English, and Sociology and Anthropology. A student graduating with this emphasis will have the UX Design training and background needed to work as UX designers and/or researchers.

- **Program Prerequisite:** Completion or equivalent of a Weber State AAS Degree in Web and User Experience.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better must be earned in all required WEB and CS courses (a grade of "C-" is not acceptable). A grade of "C-" or better must be earned in all required support courses. In addition, an overall GPA of 2.70 or higher must be attained for all required courses.
- **Credit Hour Requirements:** A minimum of 123 credit hours is required for graduation. A total of 40 upper-division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 8075BS with 8094 emphasis code
- **CIPC:** Web and User Experience(110801) with User Experience Design (303101)

Advisement

Web and User Experience major students should meet with a School of Computing advisor for course and program advisement. Refer to the Department Advisor Referral List for more information or to schedule an appointment.

Admission Requirements

Complete the Web and User Experience (AAS) or equivalent. Declare a program of study (see Enrollment Services and Information) with the department admin (Elizabeth Hall 301). An application is needed to select this emphasis.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. The COMM 2110 HU CEL course required for the Web and User Experience major (taken as part of the AAS) will also be applied to fill general education requirements.

Program Learning Outcomes

- Possess effective business communication skills.
- Possess knowledge and skills of technology.
- Implement effective decision-making and problem-solving skills.
- Possess knowledge of ethics and professionalism.
- Produce industry-standard websites and multimedia projects

Major Course Requirements for BS Degree with an emphasis on User Experience Design

To be taken in addition to the requirements for the Web and User Experience (AAS).

Specific Major Courses Required (17 credit hours)
• WEB 3130 - Web Accessibility Credits: (3)
• WEB 3500 - User Interface Prototyping & Design Credits: (3)
• WEB 3530 - Information Architecture Credits: (3)
• WEB 3600 - User Research Methods Credits: (4)
• WEB 4350 - Web Development Capstone Credits: (4)

Support Courses Required (13 credit hours)

• PS 3250 - Business Communication Credits: (3)
• PSY 3500 - Cognition Credits: (3)
• CS 3650 - Human-Computer Interaction Credits: (4)
• SOC 4220 - Life in a Consumer Society Credits: (3)

Electives (12 credit hours)

• WEB 3XXX or 4XXX not already slotted anywhere else
• CS 3XXX or 4XXX not already slotted anywhere else
• Other upper-level courses from other departments
Computer Science (BIS)

Computer Science (Minor or BIS Concentration)

- **Grade Requirements:** A grade of "C" or better must be earned in all required CS courses (a grade of "C-" is not acceptable). A grade of "C-" or better must be earned in all required support courses. In addition, an overall GPA of 2.70 or higher must be attained for all required courses.
- **Credit Hour Requirements:** 28 hours for the Minor and BIS Concentration.
- **Program Code:** 8023
- **CIPC:** 110701

Course Requirements for Minor or BIS Concentration (28 credit hours)

**Required Courses (16 credit hours)**

- CS 1030 - Foundations of Computing Credits: (4)
- CS 1400 - Programming I Credits: (4)
- CS 1410 - Object-Oriented Programming Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)

**Electives (12 credit hours)**

Select two of the following courses (8 credit hours)

- CS 2350 - Client Side Web Development Credits: (4)
- CS 2450 - Software Engineering I Credits: (4)
- CS 2550 - Introduction to Database Design and SQL Credits: (4)
- CS 2810 - Computer Architecture/Organization Credits: (4)
- CS 2705 - Network Fundamentals and Design Credits: (4)

Select one additional course (4 credit hours total)

*An approved upper division Computer Science course (CS courses numbered 3000 or higher) other than CS 4800, CS 4850, or CS 4890. An upper division programming language course (CS 3230, CS 3280, CS 3620, CS 3550, or CS 3030) is recommended.*
Network Management Technology (BIS)

Network Management Technology (Minor or BIS Emphasis)

For the BIS emphasis, refer to Bachelor of Integrated Studies (BIS) Program in the Interdisciplinary Programs section of this catalog.

- **Grade Requirements**: The following required curriculum used for this minor must be completed with a grade of "C" or better and with a GPA of 2.50 or higher for all required specific major courses and a minimum cumulative GPA for all courses of 2.00.
- **Credit Hour Requirements**: Minimum of 24 credit hours in NMT courses as listed below.
- **Program Code**: 8062
- **CIPC**: 110901

Advisement

Students should meet with a faculty advisor for course and program advisement. Call or email Andy Drake at 801-395-3477 (andrewdrake@weber.edu), Kyle Feuz (kylefuez@weber.edu), or call 801-626-6059 for more information or to schedule an appointment. Advisement may also be obtained in Elizabeth Hall 301. (Also refer to the Department Advisor Referral List.)

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work -Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Courses Required for Minor

Courses Required (23 credit hours)

- **CS 1030 - Foundations of Computing Credits**: (4)
- **NET 2200 - Microcomputer Operating Systems Credits**: (3)
- **NET 2210 - Linux Systems Administration Credits**: (3)
- **NET 2300 - Introduction to LAN Management Credits**: (3)
- **NET 2310 - Network Server Administration Credits**: (3)
- **NET 3300 - Advanced LAN Security Management Credits**: (3)
- **NET 3710 - Switching and Transmission Network Systems Management Credits**: (4)
- **NET 3715 - Transmission Network Applications Credits**: (2)
Web Technology (BIS)

Web Technology (Minor or BIS Emphasis)

- Program Code: 8077
- CIPC: 110801

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work -Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Web Technology (Minor or BIS Emphasis)

- WEB 1400 - Web Design and Usability Credits: (3) and
- WEB 1430 - Client Side Programming Credits: (3) or
- CS 2350 - Client Side Web Development Credits: (4)

- WEB 2620 - Advanced CSS Credits: (3)
- WEB 2630 - Client Side Frameworks Credits: (4)
- WEB 3200 - Dynamic Languages for Web Development Credits: (3)

- WEB 3400 - LAMP Stack Web Development Credits: (3) or
- WEB 3430 - Full Stack JavaScript Development Credits: (3)

- CS 3620 - Server-Side Web Architecture Credits: (4)

Computer Science Minor

Computer Science (Minor or BIS Concentration)

- Grade Requirements: A grade of "C" or better must be earned in all required CS courses (a grade of "C-" is not acceptable). A grade of "C-" or better must be earned in all required support courses. In addition, an overall GPA of 2.70 or higher must be attained for all required courses.
- Credit Hour Requirements: 28 hours for the Minor and BIS Concentration.
- Program Code: 8023
- CIPC: 110701

Course Requirements for Minor or BIS Concentration (28 credit hours)

Required Courses (16 credit hours)

- CS 1030 - Foundations of Computing Credits: (4)
Electives (12 credit hours)

Select two of the following courses (8 credit hours)

- CS 2350 - Client Side Web Development Credits: (4)
- CS 2450 - Software Engineering I Credits: (4)
- CS 2550 - Introduction to Database Design and SQL Credits: (4)
- CS 2810 - Computer Architecture/Organization Credits: (4)
- CS 2705 - Network Fundamentals and Design Credits: (4)

Select one additional course (4 credit hours total)

An approved upper division Computer Science course (CS courses numbered 3000 or higher) other than CS 4800, CS 4850, or CS 4890. An upper division programming language course (CS 3230, CS 3280, CS 3620, CS 3350, or CS 3030) is recommended.
Network Management Technology Minor

Network Management Technology (Minor or BIS Emphasis)

For the BIS emphasis, refer to Bachelor of Integrated Studies (BIS) Program in the Interdisciplinary Programs section of this catalog.

- **Grade Requirements:** The following required curriculum used for this minor must be completed with a grade of "C" or better and with a GPA of 2.50 or higher for all required specific major courses and a minimum cumulative GPA for all courses of 2.00.
- **Credit Hour Requirements:** Minimum of 24 credit hours in NMT courses as listed below.

- **Program Code:** 8062
- **CIPC:** 110901

Advisement

Students should meet with a faculty advisor for course and program advisement. Call or email Andy Drake at 801-395-3477 (andrewdrake@weber.edu), Kyle Feuz (kylefuez@weber.edu), or call 801-626-6059 for more information or to schedule an appointment. Advisement may also be obtained in Elizabeth Hall 301. (Also refer to the Department Advisor Referral List.)

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work -Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Courses Required for Minor

Courses Required (23 credit hours)

- CS 1030 - Foundations of Computing Credits: (4)
- NET 2200 - Microcomputer Operating Systems Credits: (3)
- NET 2210 - Linux Systems Administration Credits: (3)
- NET 2300 - Introduction to LAN Management Credits: (3)
- NET 2310 - Network Server Administration Credits: (3)
- NET 3300 - Advanced LAN Security Management Credits: (3)
- NET 3710 - Switching and Transmission Network Systems Management Credits: (4)
- NET 3715 - Transmission Network Applications Credits: (2)
User Experience Design Minor

User experience is a critical component of software and web design. User-centric design has allowed software engineers and front-end web developers to create user experiences that are more sophisticated. This minor will address user experience best practices in several courses using current tools and technologies. The courses in this minor will complement major course offerings.

- **Grade Requirements**: The following required curriculum used for this minor must be completed with a grade of "C" or better and with a minimum cumulative GPA for all courses of 2.70.
- **Credit Hour Requirements**: Minimum of 24 credit hours.
- **Program Code**: 8069
- **CIPC**: 110801

Advisement

Web and User Experience major students should meet with a School of Computing advisor for course and program advisement. Refer to the Department Advisor Referral List for more information or to schedule an appointment.

Required Courses

- WEB 1400 - Web Design and Usability Credits: (3)
- WEB 2200 - Image Editing Credits: (3)
- WEB 2210 - Computer Illustrations Credits: (3)
- WEB 2300 - Video Editing Credits: (3)
- WEB 2410 - Web Animation I Credits: (3) or WEB 3300 - Motion Graphics Credits: (3)
- WEB 2500 - User Experience Design Credits: (3)
- WEB 2620 - Advanced CSS Credits: (3)
- WEB 3500 - User Interface Prototyping & Design Credits: (3)
Web Technology Minor

Web Technology (Minor or BIS Emphasis)

- **Program Code:** 8077
- **CIPC:** 110801

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work -Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Web Technology (Minor or BIS Emphasis)

- **WEB 1400 - Web Design and Usability Credits:** (3) and
- **WEB 1430 - Client Side Programming Credits:** (3) or
- **CS 2350 - Client Side Web Development Credits:** (4)

- **WEB 2620 - Advanced CSS Credits:** (3)
- **WEB 2630 - Client Side Frameworks Credits:** (4)
- **WEB 3200 - Dynamic Languages for Web Development Credits:** (3)

- **WEB 3400 - LAMP Stack Web Development Credits:** (3) or
- **WEB 3430 - Full Stack JavaScript Development Credits:** (3)

- **CS 3620 - Server-Side Web Architecture Credits:** (4)
Computer Science Teaching Minor

- **Grade Requirements**: A grade of "C" or better must be earned in all required CS courses (a grade of "C-" is not acceptable). A grade of "C-" or better must be earned in all required support courses. In addition, an overall GPA of 2.70 or higher must be attained for all required courses.
- **Credit Hour Requirements**: 26 hours for the Teaching Minor.
- **Program Code**: 8020
- **CIPC**: 131321

Students who select the Computer Science Teaching minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education) and have a teaching major.

Course Requirements for Teaching Minor (26 credit hours)

Required Courses (18 credit hours)

- CS 1030 - Foundations of Computing Credits: (4)
- CS 1400 - Programming I Credits: (4)
- CS 1410 - Object-Oriented Programming Credits: (4)
- CS 2810 - Computer Architecture/Organization Credits: (4)
- EDUC 3370 - Advanced Instructional Technology Credits: (2)

Electives (8 credit hours)

Select one of the following

- CS 2250 - Structured Computing in a Selected Language Credits: (4)
- CS 2350 - Client Side Web Development Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
- CS 2450 - Software Engineering I Credits: (4)
- CS 2550 - Introduction to Database Design and SQL Credits: (4)

Select one additional course (4 credit hours)

An approved upper division Computer Science course (CS courses numbered 3000 or higher) other than CS 4800, CS 4850, or CS 4890. An upper division programming language course (CS 3230, CS 3280, CS 3620, CS 3550, or CS 3030) is recommended.
Mobile Application Development Certificate

A student may apply for a certificate in Mobile Application Development provided he or she has fulfilled the following requirements:

1. Concurrent or previous completion of a Bachelor's Degree in Computer Science from the WSU College of Applied Science and Technology or any other accredited institution.
2. Completion of the following required courses with a grade of C or better. These courses may also be slotted as electives for degree requirements.

Program Learning Outcomes

- Apply knowledge of computing and mathematics
- Analyze problems, identify, and define requirements
- Design, implement, & evaluate computer-based systems
- Function in teams
- Professional, ethical, security, and social behavior
- Communicate Effectively
- Analyze local and global impact of computing
- Engage in continuing professional development
- Use current techniques, skills, and tools
- Apply mathematics, algorithms, and computer theory
- Apply design and development principles

(12 credit hours):

- CS 3260 - Mobile Development for the iPhone Credits: (4)
- CS 3270 - Mobile Development for Android Credits: (4)
- CS 3630 - Rich Internet Application Development Credits: (4)
Master of Science in Computer Science (MS)

- **Grade Requirements**: An MSCS student must complete all program courses, including electives, with a grade of "B-" or higher. In addition, the overall program GPA must be 3.0 or higher.
- **Credit Hour Requirements**: The program requires a minimum of 30 semester hours beyond a bachelor's degree in computer science.
- **Program Code**: 8023MS
- **CIPC**: 110701

Once enrolled, a student must register for at least one MSCS course each semester, except summers, until graduation. Students who fail to do so must petition for readmission into the program.

Admissions Requirements

Applicants for admission into the Master of Science in Computer Science program must possess a bachelor's degree or be in the final stage of completing the degree. An overall GPA of 3.25 is required from the undergraduate program in which the bachelor's degree is earned.

Applicants will submit:
- Completed application.
- Current resume.
- Official transcripts from every institution of higher education attended.
- Scores from the GRE. NOTE: Individuals who have already completed a graduate-level program and are well into established careers in a related field may be admitted without the GRE requirement, based on admission committee approval.
- Contact information for three references, at least one from a professional context and one from an academic context.

Additional Admission Requirements for International Students

All international students and any applicant educated outside the U.S. must demonstrate proficiency in English. Those whose native language is not English, or whose language of instruction for their undergraduate degree was not English, will be required to submit a score from the Test of English as a Foreign Language (TOEFL) or International Language Testing System (IELTS) which is not more than two years old. Applicants are required to have an internet-based TOEFL score of 79-80 or a minimum IELTS score of 6.0.

Application

The application for admission to the Master of Science in Computer Science program must be submitted online. Official transcripts from each institution of higher education attended and all test scores must be sent directly to the WSU School of Computing.

Deadlines for application are October 15, for students enrolling in spring semester and March 15, for students enrolling in fall semester. Completed applications are considered by the Admissions Committee after each application deadline.

Advisement

For issues regarding admissions, registration, and scheduling, students should contact the Graduate Enrollment Director. For questions concerning academic advisement, the primary source of contact is the MSCS Program Director. Students should meet with the director at least once a year while enrolled.

Program Learning Outcomes
• Demonstrate the ability to apply knowledge of math, science and engineering.
• Demonstrate the ability to design a system, component or process.
• Demonstrate the ability to identify, formulate and solve computer science problems.
• Demonstrate the ability to apply master's level knowledge to the specialized area of computer science.

Leveling Courses

As determined on a case-by-case basis, students with non-computer science degrees may be required to take leveling courses in technology-related areas that will adequately prepare them for the MS core courses. The minimum leveling courses for non-computer science degrees are the following:

• CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
• CS 2810 - Computer Architecture/Organization Credits: (4)
• CS 3100 - Operating Systems Credits: (4)
• MATH 3410 - Probability and Statistics Credits: (3)
• MATH 1210 - Calculus Credits: (4)

Course Requirements for MSCS

Required Core MSCS courses (10 credits):

• CS 6420 - Advanced Algorithms Credits: (3)
• CS 6610 - Computer Architecture Credits: (3)
• CS 6820 - Compiler Design Credits: (3)
• CS 6000 - Fundamentals of Graduate Studies Credits: (1)

Required Thesis Research, Design Project, or Course-Work Only Option (6 credits):

MSCS Students are required to complete original research resulting in a thesis (CS 6011), a substantial project (CS 6010), or a course-work option (CS 6450 and another CS graduate elective). The student must declare to the department their intent to do a thesis, project or course-work only option. It is presumed that students will do a research thesis unless the program director is otherwise notified.

Generally, CS 6011 is taken by students who are interested in being introduced to research and development and are considering the possibility of pursuing their doctorate (Ph.D.). Alternatively, CS 6010 is taken by students with an industry-minded perspective.

The course-work only option is for students seeking to increase their technical depth in Computer Science.

A total of 6 or more credits is required for each of the three tracks.

Select a Track (6 credits):

Thesis Option (6 credits)

• CS 6011 - Thesis Research Credits: (2-6)

Project Option (6 credits)

• CS 6010 - Design Project Credits: (2-6)

Course-Work Option (6 credits)

• CS 6450 - Software Evolution and Maintenance Credits: (3)
• Another CS 6000-Level Course

Computer Science Graduate Electives (9 credits)

MSCS students are required to complete 9 hours of Computer Science (CS) graduate electives. For these 9 credits, students may select any CS 6000-level courses that do not meet the previous requirements. For a list of scheduled and recently scheduled CS graduate courses, see the following: https://weber.edu/mscs/course-schedule.html.

Additional Graduate Electives (6 credits):

In addition, MSCS students are required to complete 6 additional graduate electives. These additional graduate electives can be any CS 6000-level course not previously applied to another requirement, any graduate course that is approved by the MSCS graduate director, or one of the approved courses from the following list:

- ECE 6110 - Digital VLSI Design Credits: (3)
- ECE 6210 - Digital Signal Processing Credits: (3)
- ECE 6220 - Image Processing Credits: (3)
- ECE 6420 - Digital Communication Credits: (3)
- ECE 6710 - Real-Time Systems Credits: (4)
- MBA 6160 - Applications of Decision Models Credits: (3)
- MBA 6310 - Information Technology in the Enterprise Credits: (3)
- MBA 6530 - E-Business Credits: (3)
- MBA 6630 - Networking Credits: (3)
- MBA 6640 - Cyber Security Credits: (3)
Master of Science in Data Science (MS)

- **Grade Requirements**: An MSDS student must complete all program courses, including electives, with a grade of "B-" or higher. In addition, the overall program GPA must be 3.0 or higher.
- **Credit Hour Requirements**: 33 credit hours total required.
- **Program Code**: 8104MS
- **CIPC**: 307001

### Admission Requirements

Applicants for admission into the Master of Science in Data Science program must possess a bachelor's degree or be in the final stage of completing the degree. An overall GPA of 3.25 is required from the undergraduate program in which the bachelor's degree is earned.

Applicants will submit:

- Completed application.
- Current resume.
- Official transcripts from every institution of higher education attended.
- Scores from the GRE. **NOTE**: Individuals who have already completed a graduate-level program and are well into established careers in a related field may be admitted without the GRE requirement, based on admission committee approval.
- Contact information for three references, at least one from a professional context and one from an academic context.

### Additional Admission Requirements for International Students

All international students and any applicant educated outside the U.S. must demonstrate proficiency in English. Those whose native language is not English, or whose language of instruction for their undergraduate degree was not English, will be required to submit a score from the Test of English as a Foreign Language (TOEFL) or International Language Testing System (IELTS) which is not more than two years old. Applicants are required to have an internet-based TOEFL score of 79-80 or a minimum IELTS score of 6.0.

### Application

The application for admission to the Master of Science in Data Science program must be submitted online. Official transcripts from each institution of higher education attended and all test scores must be sent directly to the WSU School of Computing. Deadlines for application are October 15, for students enrolling in spring semester and March 15, for students enrolling in fall semester. Completed applications are considered by the Admissions Committee after each application deadline.

### Leveling Courses

As determined on a case-by-case basis, students with non-computer science degrees may be required to take leveling courses in technology-related areas that will adequately prepare them for the MS core courses. The minimum leveling courses for non-computer science degrees are the following:

- Integral calculus: MATH 1216 or MATH 1220 or QUAN 2400.
- Descriptive and inferential statistics: MATH 3410 or MATH 3450 or QUAN 3610 or COMM 3150 or PSY 3600.
- Linear algebra: MATH 2270.
- Programming basics: CS 2420.
- Database basics: CS 2550 or MIS 3210.
• CS 6570 - Data Science Algorithms I Credits: (3)
• CS 6580 - Advanced Data Science Algorithms and Visualization Credits: (3)
• CS 6550 - Advanced Database Management Systems Credits: (3)
• ECON 6550 - Econometrics Credits: (3)
• MATH 6400 - Advanced Statistical Learning Credits: (3)
• MATH 6450 - Applied Statistics & Regression Credits: (3)
• MATH 6500 - Factor and Cluster Analysis Credits: (3)
• MPC 6840 - Data Visualization & Storytelling Credits: (3)
• CS 6705 - Applied Cloud Computing Credits: (3) or
• MATH 6900 - Capstone in Statistics and Data Science Credits: (1-3) (3 credits required)

Electives

Select two of the following courses:
• CS 6500 - Advanced Artificial Intelligence Credits: (3)
• CS 6600 - Machine Learning Credits: (3)
• CS 6650 - Interaction Design Credits: (3)
• CS 6830 - Special Topics in Computer Science Credits: (3)
• MATH 6920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6) (3 credits required)
• MATH 6900 - Capstone in Statistics and Data Science Credits: (1-3) (3 credits required)
• MBA 6160 - Applications of Decision Models Credits: (3)
• MBA 6620 - Data Mining for Business Credits: (3)
• MBA 6660 - Forecasting and Time Series Credits: (3)
• MHA 6200 - Population Health and Data Analytics Credits: (3)
• MHA 6450 - Health Informatics Credits: (3)
• MPC 6150 - Writing for Professional Communicators Credits: (3)
• MPC 6210 - Presentational Speaking in the Workplace Credits: (3)
• MPC 6350 - Visual Communication in the Workplace Credits: (3)
• MPC 6600 - Strategic Communication Credits: (3)
College of Science

Dr. Andrea Easter-Pilcher, Dean

The College of Science provides quality education in the natural sciences and mathematics. The college offers majors and minors in seven departments (Botany, Chemistry, Earth and Environmental Science, Mathematics, Microbiology, Physics, and Zoology). The college also supports students through its Developmental Mathematics Program. The departments and programs of the College of Science support professional and graduate school preparatory programs, and contribute significantly to the general education of students by improving scientific understanding of the natural world and quantitative literacy. Education is provided through formal classes, laboratory and field experiences, and undergraduate research projects. Student learning is also supported by departmental clubs and professional preparatory organizations. The college promotes science and mathematics teaching through the Center for Science and Mathematics Education, and community outreach through such facilities as the Layton P. Ott Planetarium and Museum of Natural Science.

Associate Dean: Dr. Barb Trask
Acting Associate Dean: Dr. Richard Ford
Location: Tracy Hall Science Center, Room 470
Telephone Contact: Donna Wollman 801-626-6159

Department Chairs/Directors

- Botany and Plant Ecology: Dr. Suzanne Harley 801-626-6174
- Chemistry and Biochemistry: Dr. Laine Berghout 801-626-6952
- Developmental Mathematics Program: Dr. Kathryn Van Wagoner 801-626-7478
- Earth and Environmental Sciences: Dr. Marek Matyjasik 801-626-7726
- Mathematics: Dr. Sandra Fital-Akelbek 801-626-6095
- Microbiology: Dr. Matthew Domek 801-626-6949
- Physics and Astronomy: Dr. Colin Inglefield 801-626-6163
- Zoology: Dr. Ron Myers 801-626-6170

Science and Mathematics Programs, offered as both majors and minors allow students to pursue in-depth study in the science discipline of one's choice. They also allow one to experience a more diverse education through broader study outside of the sciences. Graduates in the sciences and mathematics are able to find employment in a variety of entry-level positions directly related to their major discipline. They are also able to move into graduate school or professional programs. Our graduates possess the broad liberal arts educational background and depth of expertise for significant career ladder movement in their discipline fields. They also have the breadth of knowledge and skills to exercise unique job mobility to become entrepreneurs and pioneer new career directions.

Pre-professional Programs are designed for students interested in specific professional careers requiring additional education at professional schools elsewhere. Weber State University has an excellent record of graduates being admitted into a wide range of professional school programs.

Professional Teacher Preparation Programs are designed to meet the needs of students seeking certification to teach in elementary and secondary schools. The Center for Science & Mathematics Education coordinates with the Jerry and Vickie Moyes College of Education to provide opportunities for students to investigate science teaching careers. There are many excellent career opportunities for graduates with teaching majors or minors in science or mathematics.

Technical Education Programs are offered to meet the needs of individuals seeking vocational and technical preparation required for skilled job-entry or reentry employment, as well as for career updating and occupational enhancement. Currently Associate of Science and Associate of Applied Science degrees are offered for Biotechnician training and Chemical Technician training, respectively, and Institutional Certificates are offered for Biotechnician training, Chemical Technician training, and Geomatics.

Students planning to major or minor in the College of Science should contact the appropriate department for assistance in planning their program. The details of the requirements for all majors and minors are listed within the respective departments.
Students completing the teaching majors, minors, or emphases will also work closely with the Center for Science & Mathematics Education and the Jerry and Vickie Moyes College of Education.

**Center for Science & Mathematics Education**

**Director:** Dr. Jennifer Claesgens  
**Location:** Tracy Hall Science Center, Room 205  
**Telephone:** 801-626-7772  
**Web Site:** weber.edu/csme

Effective science and mathematics education of the citizenry requires rich and active experiences with the concepts and methods of science and math throughout life. To this end the Center for Science & Mathematics Education seeks to share the resources and expertise of the faculties at Weber State University with the surrounding schools and community.

The mission of the Center for Science and Math Education is to:

- To provide training and advisement for pre-service secondary education science and mathematics teaching majors.
- To provide coordination for science and mathematics education at Weber State University, liaison with the WSU Department of Teacher Education, the Utah State Office of Education and the local school districts.
- To provide in-service training and support for science and mathematics teachers.
- To provide opportunities and support for K-12 students related to science and mathematics.

The Center for Science & Mathematics Education also administers and advises students in the Biology Composite Teaching (BS) and the Biology Teaching Minor.

See Mathematics Education (MTHE) under Course Descriptions.  
Science Education courses are listed following Master of Education (MED) under Course Descriptions.

**Chemical Technology Center**

**Director:** Dr. Edward B. Walker  
**Location:** Tracy Hall Science Center, Room 255P  
**Telephone:** 801-626-6162  
**Email:** ewalker@weber.edu

The mission of the Chemical Technology Center is to enhance the learning environment at Weber State University. The Center involves students and faculty in applied research activities that concomitantly provide extra-curricular learning opportunities, service to the community, and productive relationships with local and regional industries.

**Layton P. Ott Planetarium**

**Director:** Dr. John Armstrong, planetarium@weber.edu, 801-626-6215  
**Web Site:** weber.edu/ottplanetarium

The Planetarium, featuring a 30-foot hemispherical dome, is used for instruction in undergraduate astronomy classes. It is also a science education facility featuring programs of interest to elementary students, secondary students, and the general public. For the general public, a program featuring some topic of current interest in astronomy is given one evening a week. Any teacher wishing instructional materials or wanting to set up an appointment for a class visit should contact the Director of the Planetarium, 801-626-6871.

**Pre-Professional Programs**

For information see weber.edu/premedicalprofessionalprograms or call the Pre-Medical Professional Programs office 801-626-7755.

Students pursuing one of the following programs should satisfy the pre-professional requirements while completing a bachelor's degree. Students should work closely with both their pre-professional advisor and their academic major advisor. Since course loads are typically heavy, and requirements and application procedures vary among post-graduate programs, students should plan their academic strategies early and with full information.

**Advisement**
Students should be familiar with requirements in the Weber State catalog and consult with the pre-professional advisor and an advisor in their major department.

Biotechnician Certificate of Completion

- **Grade Requirements:** Cumulative GPA of 2.00 or higher.
- **Credit Hour Requirements:** 30 credit hours in addition to the requirements for the Biology (AS).
- **Program Code:** 6017CC
- **CIPC:** 410101
- **Gainful Employment Disclosure**

Advisement

Students should meet with the program advisor; call the Department of Zoology secretary (801-626-6165) for information.

Course Requirements for Institutional Certificate

Thirty (30) credit hours are to be taken in addition to those courses required for the Biology (AS).

Required Courses (22 credit hours)

- BTNY 3204 - Plant Physiology Credits: (4)
- ZOOL 3300 - Genetics Credits: (4)
- CHEM 2310 - Organic Chemistry I Credits: (4) and
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- MICR 4154 - Microbial Genetics Credits: (4) or
- ZOOL 4300 - Research Applications in Genetics Credits: (4)

Electives (select 8 credit hours)

- CHEM 3000 - Quantitative Analysis Credits: (4)
- CHEM 3050 - Instrumental Analysis Credits: (4)
- CHEM 3070 - Biochemistry I Credits: (3)
- MICR 3254 - Immunology Credits: (4)
- MICR 4252 - Cell Culture Credits: (2)
- MICR 4354 - Industrial Microbiology and Biotechnology Credits: (4)
- MICR 4554 - Virology Credits: (4)
- BTNY 3105 - Anatomy of Vascular Plants Credits: (4)
- BTNY 3514 - Algology Credits: (4)
- ZOOL 3200 - Cell Biology Credits: (4)
- ZOOL 4120 - Histology Credits: (4)
- ZOOL 4220 - Endocrinology Credits: (4) or
- ZOOL 4210 - Advanced Human Physiology Credits: (4)
- ZOOL 4500 - Parasitology Credits: (4) or
- MICR 3305 - Medical Microbiology Credits: (5)
Pre-Medical Programs

Choosing a career in the medical field is an important decision. Weber State students feel confident in this decision knowing their desire is well supported through the Dr. Ezekiel R. Dumke Family Pre-Medical Program and student resources. The journey starts by understanding that there is not a "pre-medical major;" rather, you select a major in any discipline and include the courses that schools providing professional training in your area of interest require. Regular communication with pre-medical advisors is encouraged as you plan and carry out your pre-medical preparation.

Pre-Med General Office

Monday - Friday, 8:00 a.m. - 5:00 p.m.
Tracy Hall Science Center, 201
801-626-7755, Email

Advisement

Pre-Medical Program Advisor: James K. More
Students pursuing pre-med programs should satisfy the pre-professional requirements while completing a bachelor's degree within the College of Science. Students should work closely with both their pre-professional advisor and their academic major advisor. Since course loads are typically heavy, and requirements and application procedures vary among post-graduate programs, students should plan their academic strategies early and with full information.

- Pre Medicine
- Pre Pharmacy
- Pre Physical Assistant
- Pre Physical & Occupational Therapy
- Pre Veterinary Medicine

Recommended Courses

- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
  CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4) and
  CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- CHEM 2310 - Organic Chemistry I Credits: (4) and
  CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- CHEM 3070 - Biochemistry I Credits: (3) and
  CHEM 3075 - Biochemistry I Lab Credits: (1)
- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)
- PSY 1010 SS - Introductory Psychology Credits: (3) or
- SOC 1010 SS/DV - Introduction to Sociology Credits: (3)
- MATH 1040 QL - Introduction to Statistics Credits: (3)
• MATH 1050 QL - College Algebra Credits: (4) and
• MATH 1060 QL - Trigonometry Credits: (3)
  OR
• MATH 1080 QL - Pre-calculus Credits: (5)

• MATH 1210 - Calculus I Credits: (4)

• MICR 2054 LS - Principles of Microbiology Credits: (4)

• ZOOL 1110 LS - Principles of Zoology Credits: (4)
• ZOOL 2100 - Human Anatomy Credits: (4)
• ZOOL 2220 - Diversity of Animals Credits: (4)
• ZOOL 3200 - Cell Biology Credits: (4)
• ZOOL 3300 - Genetics Credits: (4)
Department of Botany and Plant Ecology

Department Chair: Sue Harley
Location: Tracy Hall Science Center, Room 416
Telephone: 801-626-6174
Professors: Sue Harley, Barbara Wachocki; Associate Professor: Heather Root; Assistant Professors: James Cohen, Bridget Hilbig

While plants have intrigued and delighted people for thousands of years, they still remain undervalued and too little appreciated. We see a faint connection between plants and our basic needs for food, shelter, clothing, and energy, but only in a rather limited way. Remote connections are made, if at all, between the history of exploration; present-day social, economic, and political conditions; and access to plants and plant products. Interest and understanding of plants is becoming much more intense. During the last few decades we have seen an unprecedented increase in the variety of plants and plant products available in our markets as the popularity of ethnic cuisines has grown. Also, worldwide, people are becoming increasingly aware of sound nutrition and the role plants play in our general health. We now appreciate plants as reservoirs of untold numbers of pharmaceuticals important in our war on diseases. These interests are stimulating our collective concerns about understanding the past, present, and future uses of plants. Recently we have begun to address our most serious problems, such as the loss of ecosystem integrity and habitats for animals dependent upon vegetation. This we have done through increased understanding of plants. We now know how valuable plants are in maintaining the health and stability of the global environment and that in its survival is the survival of the human species.

Botany is the study of all aspects of plants, including systematics, morphology, diversity, metabolism, and ecology. Through a study of plants, students gain an understanding and an appreciation of life at the cellular, organismal, population, and community levels of organization. The study of Botany can lead to a variety of professional careers, including soil science, forestry, range management, biotechnology, plant breeding, horticulture, environmental science, natural medicine, and teaching.

The Botany Department at Weber State University offers undergraduate training in all areas of botany. Students who are interested in specializing in a particular area are encouraged to meet with an advisor. Students who are interested in Field Botany can earn a certificate of proficiency in field botany while working on their Botany (BS) or as a stackable credential with a Biology (AS).

The Botany Department cooperates with the departments of Microbiology and Zoology in offering a Biology Composite Teaching (BS) Major for individuals who are interested in teaching Biology at the secondary school level and a Biology (AS). The Botany Minor provides valuable support for students majoring in a variety of other fields, including anthropology, geosciences, and zoology.

Herbarium

The Herbarium of Weber State University is housed in the Tracy Hall Science Center, room TY345. It contains more than 28,000 preserved plant specimens, primarily collected from Utah and the Western United States. This collection serves as an important reference for students, faculty, biologists, and all others who need to know the identity of plants or learn something about their geographic distributions and ecological associations.

Interdisciplinary Programs

The Botany Department participates in the interdisciplinary Urban and Regional Planning Emphasis Program. Students who wish to enroll in this program should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of the catalog.) The Department of Botany also contributes courses and faculty expertise to the interdisciplinary Environmental Science major (BS) sponsored by the College of Science.
Field Botany Certificate of Proficiency

The Certificate of Proficiency in Field Botany provides 24 semester credit hours in botany, the minimal botany course work needed for federal job code 0430, botanist. This certificate can be earned as a standalone certificate, as a +1 with the Biology AS, or while working on a Botany BS. An additional 5 credit hours in botany and an appropriate mathematics course are required beyond the requirements for the botany minor.

- **Program Prerequisite:** Not required.
- **Grade Requirements:** Students completing a certificate in Field Botany must have a minimum grade of "C" in all courses used toward the certificate (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A minimum of 27-28 credit hours is required for the certificate.
- **Program Code:** 6045CP
- **CIPC:** 260301

Advisement

**Advisor:** Dr. Barbara Wachocki, 801-626-7223, bwachocki@weber.edu

Program Learning Outcomes

- The chemical and molecular machinations operating within all biological processes.
- The centrality of genetic systems' governance of life's actions from the cellular to the phyletic
- The coordinated regulation of integrated cellular systems and their effect on the physiological functioning of organisms
- The dynamic interaction of living systems with each other and their environments
- The transforming role of evolution in changing life forms and how evolution explains both the unity and diversity of life.
- The Process of Science: Students will use observational strategies to test hypotheses and critically evaluate experimental evidence.
- Quantitative Reasoning: Students will represent diverse experimental data sets graphically and apply statistical methods to them.
- Communication: Students will disseminate results of experiments in a variety of presentation formats to a wide variety of audiences.
- Sustainability: Students will use their knowledge of biology to address environmental issues and solutions.
- Basic Lab Techniques (For example: pipetting, light microscopy)
- Lab Safety (For example: chemical hygiene, sharps waste management)
- Navigation (For example: GPS, mapping, remote sensing)
- Plant Identification (For example: Dichotomous keying, common Utah flora, curating specimens)
- Plant Community Sampling (For example: plot selection and design, sampling strategies, vegetation sampling methods)
- Field Safety (For example: minimizing risk from field hazards in remote areas such as weather, travel, wild animals, and terrain)
- Record Keeping (For example: field notebook)

Course Requirements

Required courses (22-23 credit hours)

- **BTNY 2104 - Plant Form and Function Credits:** (4) or equivalent as approved by Botany department chair
- **BTNY 2114 - Evolutionary Survey of Plants Credits:** (4) or equivalent as approved by Botany department chair
- **BTNY 3454 - Plant Ecology Credits:** (4)
- **BTNY 3624 - Taxonomy of Vascular Plants Credits:** (4)
- **BTNY 4950 - Advanced Field Botany Credits:** (3-5)
Botany Electives (Minimum 5 credit hours)

Select courses from the list below to reach a minimum of 24 total BTNY credit hours for the certificate.

- BTNY 2413 - Introduction to Natural Resource Management Credits: (3)
- BTNY 3105 - Anatomy of Vascular Plants Credits: (4)
- BTNY 3204 - Plant Physiology Credits: (4)
- BTNY 3214 - Soils Credits: (4)
- BTNY 3303 - Plant Genetics Credits: (4)
- BTNY 3473 - Plant Geography Credits: (3)
- BTNY 3504 - Mycology Credits: (4)
- BTNY 3643 - Intermountain Flora Credits: (3)
- BTNY 4750 - Topics in Botany Credits: (1-5) *(variable title and credit)*
- BTNY 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6) *(variable title and credit)*

*with approval of the Botany department chair or Field Botany advisor
Botany (BS)

- **Program Prerequisite:** Not required.
- **Minor:** A minor is required.
- **Grade Requirements:** An overall GPA of 2.00 in all courses required for this major. Also refer to the general grade requirements for graduation under Degree Requirements.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 63 of these is required within the major. A total of 40 upper division credit hours is required (courses number 3000 and above) with a minimum of 21 required within the major.
- **Program Code:** 6067BS
- **CIPC:** 260301

Advisement

Majors are encouraged to consult with their advisor each semester. Contact the Botany department (801-626-6174).

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

General Education

Refer to pages Degree Requirements for Bachelor of Science requirements. The following courses required for the Botany major will also satisfy general education requirements:

*All Botany majors are required to complete a Botany Capstone Seminar. The requirements for the Capstone are explained in detail when a student takes BTNY 2121. The final evaluation of the capstone seminar takes place in BTNY 4990.*

Program Learning Outcomes

- The chemical and molecular machinations operating within all biological processes
- The centrality of genetic systems' governance of life's actions from the cellular to the phyletic
- The coordinated regulation of integrated cellular systems and their effect on the physiological functioning of organisms
- The dynamic interaction of living systems with each other and their environments
- The transforming role of evolution in changing life forms and how evolution explains both the unity and diversity of life.
- The dynamic interaction of living systems with each other and their environments
- The transforming role of evolution in changing life forms and how evolution explains both the unity and diversity of life.
- The Process of Science: Students will use observational strategies to test hypotheses and critically evaluate experimental evidence.
- Quantitative Reasoning: Students will represent diverse experimental data sets graphically and apply statistical methods to them.
- Communication: Students will disseminate results of experiments in a variety of presentation formats to a wide variety of audiences
- Sustainability: Students will use their knowledge of biology to address environmental issues and solutions.
- Basic Lab Techniques (For Example: pipetting, light microscopy, chromatography, aseptic technique, microbial culture and plating techniques, cell culture)
- Molecular (For Example: DNA extractions, PCR, Gel electrophoresis)
- Microscopy Techniques (For Example: Sectioning, Sample Infiltration and Embedding, Phase contrast, Confocal)
• Safety (For Example: Chemical hygiene, Sharps, Waste management)
• Navigation (For Example: GPS, Mapping, Remote Sensing, problem solving)
• Plant Identification (For Example: Dichotomous keying, common Utah flora, curating specimen)
• Plant Community Sampling (For example: plot selection and design, sampling strategies, vegetation sampling methods)
• Safety (For example: minimizing risk from field hazards in remote areas such as weather, travel, wild animals, terrain)
• Record Keeping (For example: lab notebook, field notebook)
• Software Applications (For example: FLOUVIEW, ARCGIS, R, MATLAB, Spreadsheets, Databases, 4Peaks)

Major Course Requirements for BS Degree

• BTNY 2104 - Plant Form and Function Credits: (4)
• BTNY 2114 - Evolutionary Survey of Plants Credits: (4)
• BTNY 2121 - Career Planning for Botanists Credits: (1)
• BTNY 2600 - Laboratory Safety Credits: (1)
• BTNY 2750 - Topics in Science and Society Credits: (3)
• BTNY 3624 - Taxonomy of Vascular Plants Credits: (4)
• BTNY 4990 - Botany Capstone Seminar Credits: (2)

Botany Elective Courses (Minimum of 21 Credit Hours)

A minimum of 21 additional credits is required within the major. Of these, a minimum of 3 credit hours in each of the three categories (A, B, and C) is required. A maximum of 6 lower division credits can count towards the major course requirements.

Category A: Genetics, Cell, and Molecular (3 credit minimum)

• BTNY 3153 - Biology of the Plant Cell Credits: (3)
• BTNY 3303 - Plant Genetics Credits: (4)
• BTNY 4252 - Cell Culture Credits: (2)

Category B: Physiology and Organismal (3 credit minimum)

• BTNY 3105 - Anatomy of Vascular Plants Credits: (4)
• BTNY 3204 - Plant Physiology Credits: (4)
• BTNY 3504 - Mycology Credits: (4)
• BTNY 3583 - Medicinal Plants-Chemistry and Use Credits: (4)

Category C: Evolution, Ecology, and Environmental (3 credit minimum)

• BTNY 2413 - Introduction to Natural Resource Management Credits: (3)
• BTNY 3214 - Soils Credits: (4)
• BTNY 3454 - Plant Ecology Credits: (4)
• BTNY 3473 - Plant Geography Credits: (3)
• BTNY 3643 - Intermountain Flora Credits: (3)
• BTNY 4113 - Plant Evolution Credits: (3)
• BTNY 4950 - Advanced Field Botany Credits: (3-5)

Additional Botany Elective Courses

BTNY 4750 - Topics in Botany, BTNY 4920 - Short Courses, Workshops, Institutes, and Special Programs, and other variable title courses may count towards one of the three categories with approval from the Botany Department chair.

• BTNY 2203 - Home and Garden Plants Credits: (3)
• BTNY 2303 - Ethnobotany Credits: (3)
• BTNY 2890 INT - Cooperative Work Experience Credits: (1-3)
• BTNY 4750 - Topics in Botany Credits: (1-5)
• BTNY 4800 - Individual Research Credits: (2)
• BTNY 4830 - Readings in Botany Credits: (1-3)
• BTNY 4840 - Thesis Readings Credits: (2)
• BTNY 4850 - Thesis Research Credits: (1-4)
• BTNY 4890 INT - Cooperative Work Experience Credits: (1-6)
• BTNY 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• BTNY 4970 - Botany Thesis Credits: (2)
• MATH 3450 - Advanced Statistical Methods Credits: (4)

Required Support Courses (23-36 credit hours)

For each of the following categories in the College of Science you must choose one of the course groupings to satisfy your required support courses.

Chemistry (10-15 credit hours)

• CHEM 1110 PS - Elementary Chemistry Credits: (4)
• CHEM 1115 - Elementary Chemistry Lab Credits: (1)
• CHEM 1120 - Elementary Organic Bio-Chemistry Credits: (4)
• CHEM 1125 - Elementary Organic Bio-Chemistry Lab Credits: (1)
  OR
• CHEM 1210 PS - Principles of Chemistry I Credits: (4)
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
• CHEM 1220 - Principles of Chemistry II Credits: (4)
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
• CHEM 2310 - Organic Chemistry I Credits: (4)
• CHEM 2315 - Organic Chemistry I Lab Credits: (1)

Mathematics (3-5 credit hours)

• MATH 1040 QL - Introduction to Statistics Credits: (3) or
• MATH 1050 QL - College Algebra Credits: (4) or
• MATH 1080 QL - Pre-calculus Credits: (5) or
• MATH 1210 - Calculus I Credits: (4)

Physical Sciences (7-10 credit hours)

• PHYS 1010 PS - Elementary Physics Credits: (3) and
• GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3) and
• GEO 1115 - Physical Geology Lab Credits: (1)
  OR
• PHYS 2010 PS - College Physics I Credits: (5) and
• PHYS 2020 - College Physics II Credits: (5)
  OR
• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) and
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)

Other Life Sciences (6 credit minimum)
- MICR 1113 LS - Introductory Microbiology Credits: (3)
- MICR 2054 LS - Principles of Microbiology Credits: (4)
- MICR 3012 - Microbiology and Global Public Health Credits: (2)
- MICR 3053 - Microbiological Procedures Credits: (3)
- MICR 3203 - The Immune System in Health & Disease Credits: (3)
- MICR 3254 - Immunology Credits: (4)
- MICR 3305 - Medical Microbiology Credits: (5)
- MICR 3403 - Tropical Diseases Credits: (3)
- MICR 3484 - Environmental Microbiology Credits: (4)
- MICR 3753 - Geomicrobiology Credits: (3)
- MICR 3853 - Food Microbiology Credits: (3)
- MICR 4054 - Microbial Physiology Credits: (4)
- MICR 4154 - Microbial Genetics Credits: (4)
- MICR 4554 - Virology Credits: (4)
- ZOOL 1010 LS - Animal Biology Credits: (3)
- ZOOL 1110 LS - Principles of Zoology Credits: (4)
- ZOOL 2100 - Human Anatomy Credits: (4)
- ZOOL 2220 - Diversity of Animals Credits: (4)
- ZOOL 3200 - Cell Biology Credits: (4)
- ZOOL 3300 - Genetics Credits: (4)
- ZOOL 3450 - Ecology Credits: (4)
- ZOOL 3470 - Zoogeography Credits: (3)
- ZOOL 3500 - Conservation Biology Credits: (3)
- ZOOL 3720 - Evolution Credits: (3)
- ZOOL 3730 - Population Biology Credits: (3)
- ZOOL 4050 - Comparative Vertebrate Anatomy Credits: (4)
- ZOOL 4100 - Vertebrate Embryology Credits: (4)
- ZOOL 4120 - Histology Credits: (4)
- ZOOL 4210 - Advanced Human Physiology Credits: (4)
- ZOOL 4220 - Endocrinology Credits: (4)
- ZOOL 4250 - Radiation Biology Credits: (4)
- ZOOL 4300 - Research Applications in Genetics Credits: (4)
- ZOOL 4470 - Wildlife Ecology and Management Credits: (4)
- ZOOL 4480 - Aquatic Ecology Credits: (4)
- ZOOL 4490 - Marine Ecology Credits: (4)
- ZOOL 4500 - Parasitology Credits: (4)
- ZOOL 4600 - Protozoology Credits: (4)
- ZOOL 4640 - Entomology Credits: (4)
- ZOOL 4650 - Ichthyology Credits: (4)
- ZOOL 4660 - Herpetology Credits: (4)
- ZOOL 4670 - Ornithology Credits: (4)
- ZOOL 4680 - Mammalogy Credits: (4)
Botany (BIS)

Botany (Minor/BIS)

- **Grade Requirements**: An overall GPA of 2.00 in all courses used toward the minor.
- **Credit Hour Requirements**: Minimum 19 credit hours in Botany courses.
- **Program Code**: 6000
- **CIPC**: 260301

**Program Learning Outcomes**

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work-Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

**Course Requirements for Minor/BIS**

**Botany Courses Required (9 credit hours)**

- BTNY 2104 - Plant Form and Function Credits: (4)
- BTNY 2114 - Evolutionary Survey of Plants Credits: (4)
- BTNY 2600 - Laboratory Safety Credits: (1)

**Electives**

*Select at least three courses from the list below for a minimum of 10 credit hours (3 lower division credit hours maximum).*

- BTNY 2203 - Home and Garden Plants Credits: (3)
- BTNY 2303 - Ethnobotany Credits: (3)
- BTNY 2413 - Introduction to Natural Resource Management Credits: (3)
- BTNY 2750 - Topics in Science and Society Credits: (3)
- BTNY 3105 - Anatomy of Vascular Plants Credits: (4)
- BTNY 3153 - Biology of the Plant Cell Credits: (3)
- BTNY 3204 - Plant Physiology Credits: (4)
- BTNY 3214 - Soils Credits: (4)
- BTNY 3303 - Plant Genetics Credits: (4)
- BTNY 3454 - Plant Ecology Credits: (4)
- BTNY 3473 - Plant Geography Credits: (3)
- BTNY 3504 - Mycology Credits: (4)
- BTNY 3514 - AlgologyCredits: (4)
- BTNY 3523 - Marine Biology Credits: (3)
- BTNY 3583 - Medicinal Plants-Chemistry and Use Credits: (4)
- BTNY 3624 - Taxonomy of Vascular Plants Credits: (4)
- BTNY 3643 - Intermountain Flora Credits: (3)
- BTNY 4113 - Plant Evolution Credits: (3)
- BTNY 4252 - Cell Culture Credits: (2)
- BTNY 4750 - Topics in Botany Credits: (1-5)
- BTNY 4890 INT - Cooperative Work Experience Credits: (1-6)
- BTNY 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- BTNY 4950 - Advanced Field Botany Credits: (3-5)
- MATH 3450 - Advanced Statistical Methods Credits: (4)
Botany Minor

Botany (Minor/BIS)

- **Grade Requirements**: An overall GPA of 2.00 in all courses used toward the minor.

Department of Chemistry and Biochemistry

Department Chair: Laine Berghout  
Location: Tracy Hall Science Center, Room 255H  
Telephone Contact: Colleen Boam 801-626-6952  
Professors: Laine Berghout, Charles Davidson, Don Davies, Timothy Herzog, Todd M. Johnson, Andreas Lippert, Barry A. Lloyd, Michelle Paustenbaugh, Edward Walker; Associate Professors: Brandon Burnett, Tracy Covey; Assistant Professor: Demetrios Pagonis  
Instructors: Carol Campbell, Brooke Jenkins

The Department of Chemistry and Biochemistry is approved by the American Chemical Society (ACS). Chemistry and Biochemistry- ACS Certified Bachelor of Science degrees meets all the requirements of the ACS. Both Chemistry BS or Biochemistry BS programs provide good foundations in chemistry and biochemistry that prepares students to enter the workforce directly, or enter graduate research programs. They also provide our students excellent preparation for Pre-Medical, Pre-Dental, Pre-Pharmacy, other Pre-Medical Professional students and who need a sound chemical background. The Chemistry Teaching Major leads to a Bachelor of Science Degree with secondary education licensure. A Chemistry Minor and a Chemistry Teaching Minor are also available. The two-year Chemical Technician Program, leading to an Associate of Applied Science Degree or a Certificate of Skill Proficiency, is designed to emphasize skills required for employment as a technician in chemical laboratories.

Interdisciplinary Programs

The Department of Chemistry and Biochemistry contributes courses and faculty expertise to the Interdisciplinary Environmental Science major (BS) sponsored by the College of Science. In addition, the department participates in A.A.S. Physical Science.
Chemical Technician (AAS)

- **Grade Requirements:** Minimum overall GPA of 2.00 or "C".
- **Credit Hour Requirements:** A total of 63 credit hours are required for graduation; 35 of these are required within the program.
- **Program Code:** 6004AAS
- **CIPC:** 410301

Advisement

It is recommended that a student consult with a chemistry advisor annually. Call 801-626-6952 for information and to arrange an appointment.

General Education

Refer to Degree Requirements for Associate of Applied Science requirements. The following course required for the Chemical Technician program will also satisfy part of the general education requirement for physical sciences: CHEM 1210.

Major Course Requirements for AAS Degree

Courses Required

- CHEM 1210 PS - Principles of Chemistry I Credits: (4)
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4)
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- CHEM 2990 - Chemical Technician Seminar Credits: (1)

Foundation Courses

Students are required to take 2 of the following foundation courses:
Please note the combined CHEM 2310 and CHEM 2315 and CHEM 3070 and CHEM 3075 count as one foundation course. CHEM 2310 and CHEM 2315 must be taken concurrently.

- CHEM 2310 - Organic Chemistry I Credits: (4)
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- CHEM 3000 - Quantitative Analysis Credits: (4)
- CHEM 3070 - Biochemistry I Credits: (3)
- CHEM 3075 - Biochemistry I Lab Credits: (1)
- CHEM 3410 - Foundations in Physical Chemistry Credits: (4)
- CHEM 3610 - Foundations in Inorganic Chemistry Credits: (4)

Support Course Required (4 credit hours)

- MATH 1050 QL - College Algebra Credits: (4)

Chemical Technician Certificate of Completion

- **Grade Requirements:** Minimum overall GPA of 2.00 or "C".
• **Credit Hour Requirements:** A total of 41 credit hours are required.
• **Program Code:** 6004CC
• **CIPC:** 410301

Course Requirements for Institutional Certificate of Completion

Courses Required (21 credit hours)

- CHEM 1210 PS - Principles of Chemistry I Credits: (4)
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4)
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- CHEM 2600 - Laboratory Safety Credits: (1)
- CHEM 2990 - Chemical Technician Seminar Credits: (1)
- CHEM 3000 - Quantitative Analysis Credits: (4)
- CHEM 3020 - Computer Applications in Chemistry Credits: (1)
- CHEM 3050 - Instrumental Analysis Credits: (4)

Support Courses Required (10 credit hours)

- ENGL 1010 EN1 - Introductory College Writing Credits: (3)
- One additional course in oral or written communications (3)
- Minimum MATH 1010 - Intermediate Algebra Credits: (4-5) or equivalent

Elective Courses (Select 10 credit hours; at least 4 credit hours must be 2000-level or higher)

- CHEM 2310 - Organic Chemistry I Credits: (4) and
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- CHEM 2320 - Organic Chemistry II Credits: (4) and
- CHEM 2325 - Organic Chemistry II Lab Credits: (1)
- CHEM 2890 INT - Cooperative Work Experience Credits: (1-6)
- CHEM 3070 - Biochemistry I Credits: (3)
- CHEM 3075 - Biochemistry I Lab Credits: (1)
- CHEM 3080 - Biochemistry II Credits: (3)
- CHEM 3090 - Biochemical Techniques Credits: (1)
- CHEM 4540 - Spectrometric and Separation Methods Credits: (4)
- CHEM 4890 INT - Cooperative Work Experience Credits: (1-6)
- MICR 2054 LS - Principles of Microbiology Credits: (4)
- MICR 3053 - Microbiological Procedures Credits: (3)
- MICR 3254 - Immunology Credits: (4)
- MICR 4154 - Microbial Genetics Credits: (4)
- MICR 4252 - Cell Culture Credits: (2)
- BTNY 1403 LS SUS - Principles of Environmental Science Credits: (3-4)
- BTNY 2104 - Plant Form and Function Credits: (4)
- BTNY 3153 - Biology of the Plant Cell Credits: (3)
- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)
- GEO 1115 - Physical Geology Lab Credits: (1)
- GEO 2050 - Earth Materials Credits: (4)
- PHYS 1010 PS - Elementary Physics Credits: (3)
• PHYS 2010 PS - College Physics I Credits: (5) or
• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)

• PHYS 2020 - College Physics II Credits: (5) or
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)

• ZOOL 2200 LS - Human Physiology Credits: (4)
• ZOOL 3200 - Cell Biology Credits: (4)
• ZOOL 3300 - Genetics Credits: (4)
• ZOOL 4300 - Research Applications in Genetics Credits: (4)
• CJ 1350 - Introduction to Forensic Science Credits: (3)
• CJ 4110 - Physical Methods in Forensic Science Credits: (4)
• CJ 4115 - Friction Ridge Analysis Credits: (4)
• CJ 4125 - Research Methods in Forensic Science Credits: (4)

Note:

*Other courses may be used to fill these 10 hours of electives if approved by the Chemistry Department Chair.*
Biochemistry - ACS Certified (BS)

- **Program Prerequisite:** Students are eligible for admission to the Biochemistry (BS) Program upon completion of the requirements for the Chemical Technician (AAS) degree, the requirements of which are a subset of the Biochemistry (BS) requirements.
- **Minor:** Not required.
- **Grade Requirements:** Average GPA of 2.00 or better in courses within the major.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation. A minimum of 56 credit hours of chemistry and chemistry related course work are required with a further 18 credits in required cognate courses outside of chemistry. A total of 40 upper division credit hours (in courses numbered 3000 and above) are required for all Biochemistry majors to fulfill University graduation requirements; 36 upper division credit hours are earned while completing the Biochemistry program requirements.
- **Program Code:** 6036BS
- **CIPC:** 260202

Advisement

All Biochemistry majors should meet with their assigned faculty advisor at least annually for course and program advisement. Initial advisement is with the Chemistry Department Chair. Call 801-626-6952 for information and to arrange an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). Students are eligible for admission to the Biochemistry (BS) program upon completion of the requirements for the Chemical Technician (AAS) degree, the requirements of which are a subset of those in the Biochemistry (BS) requirements.

General Education Requirements

Refer to Degree Requirements for Bachelor of Science requirements. The following courses required for the Biochemistry major also satisfy general education requirements for the physical sciences: CHEM 1210 and PHYS 2210 or PHYS 2010.

Biochemistry-ACS Certified (BS)

Students applying for the Biochemistry Major will first complete the requirements for the Chemical Technician AAS. Courses for the AAS are included here for completeness.

Program Learning Outcomes

- Problem-solving skills. Chemistry majors should be competent problem-solvers. They should be able to identify the essential parts of a problem and formulate a strategy for solving the problem. They should be able to estimate the solution to a problem, apply appropriate techniques to arrive at a solution, test the correctness of their solution, interpret their result and connect it to related areas of chemistry.
- Laboratory skills. Chemistry majors should be competent experimentalists. They should be able to design and set up an experiment, collect and analyze data, identify sources of error, interpret their result and connect it to related areas of chemistry.
- Presentation skills. Chemistry majors should be able to express (orally and in writing) their understanding of core chemical principles, the results of experiments, the analysis of problems and their conclusions.
- Computer skills. Chemistry majors should be competent users of basic software, such as word processing, spreadsheet, and graphing programs. Strong presentation and organizing skills are complimented with computer knowledge in graphing and spreadsheets.
Required Introductory and Foundation Courses (32 credit hours)

The following are introductory and foundation level courses that are required for the Biochemistry major.

- CHEM 1210 PS - Principles of Chemistry I Credits: (4)
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4)
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- CHEM 2990 - Chemical Technician Seminar Credits: (1)
- CHEM 2310 - Organic Chemistry I Credits: (4)
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- CHEM 2310 - Organic Chemistry I Credits: (4)
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- CHEM 3000 - Quantitative Analysis Credits: (4)
- CHEM 3070 - Biochemistry I Credits: (3)
- CHEM 3075 - Biochemistry I Lab Credits: (1)
- CHEM 3410 - Foundations in Physical Chemistry Credits: (4)
- CHEM 3610 - Foundations in Inorganic Chemistry Credits: (4)

Required In-Depth Courses (16 credit hours)

The following are required courses beyond the foundation and include either ZOOL 3200 - Cell Biology, or MICR 4154 - Microbial Genetics.

- CHEM 2320 - Organic Chemistry II Credits: (4)
- CHEM 2325 - Organic Chemistry II Lab Credits: (1)
- CHEM 3080 - Biochemistry II Credits: (3)
- CHEM 3090 - Biochemical Techniques Credits: (1)
- CHEM 4250 CRE - Medicinal Chemistry Credits: (3) and
- MICR 4154 - Microbial Genetics Credits: (4) or
- ZOOL 3200 - Cell Biology Credits: (4)

Elective In-Depth Courses (select at least 8 credit hours)

Students will complete 8 hours of elective credits from the list below including courses from the chemistry, botany, microbiology or zoology departments. At least two hours of CHEM Laboratory are required. One hour of laboratory credit is embedded in most in-depth CHEM courses. Please consult the course description for more details.

- BTNY 3153 - Biology of the Plant Cell Credits: (3)
- BTNY 3204 - Plant Physiology Credits: (4)
- BTNY 3303 - Plant Genetics Credits: (4)
- BTNY 3583 - Medicinal Plants-Chemistry and Use Credits: (4)
- CHEM 3050 - Instrumental Analysis Credits: (4)
- CHEM 4150 - Nuclear Magnetic Resonance Spectroscopy Credits: (2)
- CHEM 4420 - Quantum Chemistry Credits: (4)
- CHEM 4540 - Spectrometric and Separation Methods Credits: (4)
- CHEM 4620 - Advanced Inorganic Chemistry Credits: (4)
- CHEM 4630 - Materials Chemistry Credits: (4)
- CHEM 4700 - Special Topics in Chemistry Credits: (1-3)
- CHEM 4800 - Research and Independent Study in Chemistry Credits: (1-3)
- CHEM 4990 CRE - Senior Seminar Credits: (1)
- MICR 3254 - Immunology Credits: (4)
- MICR 3305 - Medical Microbiology Credits: (5)
- MICR 4054 - Microbial Physiology Credits: (4)
- MICR 4154 - Microbial Genetics Credits: (4)
- MICR 4252 - Cell Culture Credits: (2)
- ZOOL 3200 - Cell Biology Credits: (4)
• ZOOL 3300 - Genetics Credits: (4)
• ZOOL 4210 - Advanced Human Physiology Credits: (4)
• ZOOL 4220 - Endocrinology Credits: (4)
• ZOOL 4300 - Research Applications in Genetics Credits: (4)

Note:

CHEM 2600 - Laboratory Safety recommended.
Students planning to attend graduate school should take PHYS 2210/2220 and CHEM 4420.
Additional courses should be chosen to support career plans.

Required Cognate Courses (18 credit hours)

Students must complete a minimum of two semesters of calculus and two semesters of physics with laboratory.

• MATH 1210 - Calculus I Credits: (4) and
• MATH 1220 - Calculus II Credits: (4)

• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) and
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5) or
• PHYS 2010 PS - College Physics I Credits: (5) and
• PHYS 2020 - College Physics II Credits: (5)
Chemistry - ACS Certified (BS)

- **Program Prerequisite:** Students are eligible for admission to the Chemistry (BS) Program upon completion of the requirements for the Chemical Technician (AAS) degree, the requirements of which are a subset of the in Chemistry (BS) requirements.
- **Minor:** Not required
- **Grade Requirements:** Average GPA of 2.00 or better in courses within the major.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation. A minimum of 51 credit hours of chemistry and chemistry related course work are required with a further 18 credits in required cognate courses outside of chemistry. A total of 40 upper division credit hours (in courses numbered 3000 and above) are required for all Chemistry majors to fulfill University graduation requirements; 29-34 upper division credit hours are earned while completing the Chemistry program requirements.
- **Program Code:** 6005BS
- **CIPC:** 400501

Advisement

All Chemistry majors should meet with their assigned faculty advisor at least annually for course and program advisement. Initial advisement is with the Chemistry Department Chair. Call 801-626-6952 for information and to arrange an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). Students are eligible for admission to the Chemistry (BS) Program upon completion of the requirements for the Chemical Technician (AAS) degree, the requirements of which are a subset of the in Chemistry (BS) requirements.

General Education Requirements

Refer to Degree and General Education Requirements for Bachelor of Science requirements. The following courses required for the Chemistry major also satisfy general education requirements for the physical sciences: CHEM 1210 and PHYS 2210.

Chemistry-ACS Certified (BS)

Students applying for the Chemistry Major will first complete the requirements for the Chemical Technician AAS. Courses for the AAS are included here for completeness.

Program Learning Outcomes

- Problem-solving skills. Chemistry majors should be competent problem-solvers. They should be able to identify the essential parts of a problem and formulate a strategy for solving the problem. They should be able to estimate the solution to a problem, apply appropriate techniques to arrive at a solution, test the correctness of their solution, interpret their result and connect it to related areas of chemistry.
- Laboratory skills. Chemistry majors should be competent experimentalists. They should be able to design and set up an experiment, collect and analyze data, identify sources of error, interpret their result and connect it to related areas of chemistry.
- Presentation skills. Chemistry majors should be able to express (orally and in writing) their understanding of core chemical principles, the results of experiments, the analysis of problems and their conclusions.
- Computer skills. Chemistry majors should be competent users of basic software, such as word processing, spreadsheet, and graphing programs. Strong presentation and organizing skills are complimented with computer knowledge in graphing and spreadsheets.
Required Introductory and Foundation Courses (32 credit hours)

The following are introductory and foundation level courses that are required for the Chemistry major.

- CHEM 1210 PS - Principles of Chemistry I Credits: (4)
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4)
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- CHEM 2310 - Organic Chemistry I Credits: (4)
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- CHEM 2990 - Chemical Technician Seminar Credits: (1)
- CHEM 3000 - Quantitative Analysis Credits: (4)
- CHEM 3070 - Biochemistry I Credits: (3)
- CHEM 3075 - Biochemistry I Lab Credits: (1)
- CHEM 3410 - Foundations in Physical Chemistry Credits: (4)
- CHEM 3610 - Foundations in Inorganic Chemistry Credits: (4)

Required In-Depth Courses (3 credit hours)

The following are required courses beyond the foundation.

- CHEM 4800 - Research and Independent Study in Chemistry Credits: (1-3)
  Minimum of 2 credit hours of CHEM 4800 are required
- CHEM 4990 CRE - Senior Seminar Credits: (1)

Elective In-Depth Courses (minimum 16 credit hours)

Students must take a minimum of 16 credit hours of the following courses with a minimum of 12 hours in CHEM including a minimum of 4 hours of CHEM laboratory. One hour of laboratory credit is imbedded in most in-depth CHEM courses. Please consult the course description for more detail.

- CHEM 2320 - Organic Chemistry II Credits: (4)
- CHEM 2325 - Organic Chemistry II Lab Credits: (1)
- CHEM 3020 - Computer Applications in Chemistry Credits: (1)
- CHEM 3050 - Instrumental Analysis Credits: (4)
- CHEM 3080 - Biochemistry II Credits: (3)
- CHEM 3090 - Biochemical Techniques Credits: (1)
- CHEM 4150 - Nuclear Magnetic Resonance Spectroscopy Credits: (2)
- CHEM 4250 CRE - Medicinal Chemistry Credits: (3)
- CHEM 4420 - Quantum Chemistry Credits: (4)
- CHEM 4540 - Spectrometric and Separation Methods Credits: (4)
- CHEM 4550 - Geochemistry Credits: (3)
- CHEM 4620 - Advanced Inorganic Chemistry Credits: (4)
- CHEM 4630 - Materials Chemistry Credits: (4)
- CHEM 4700 - Special Topics in Chemistry Credits: (1-3)
- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3710 - Boundary Value Problems Credits: (3)
- MATH 4110 - Modern Algebra I Credits: (3)
- MICR 4054 - Microbial Physiology Credits: (4)
- PHYS 3180 - Thermal Physics Credits: (3)
- PHYS 3190 - Applied Optics Credits: (3)
- PHYS 3410 - Electronics for Scientists Credits: (4)
- PHYS 4200 - The Physics of Materials Credits: (3)
- PHYS 4410 - Materials Characterization Laboratory Credits: (2)
- PHYS 4610 - Quantum Mechanics Credits: (3)
• ZOOL 3200 - Cell Biology Credits: (4)

Note:

CHEM 2600 - Laboratory Safety is recommended. CHEM 2320/2325, CHEM 4420, and CHEM 4620 are strongly recommended for students planning to attend graduate school. Additional upper division math courses (MATH 2210, MATH 2270, MATH 2280, MATH 3410, MATH 3710, MATH 4110) are recommended for students planning to attend graduate school and study physical chemistry or chemical engineering. Additional courses should be chosen to support career plans.

Required Cognate Courses (18 credit hours)

Students must complete a minimum of two semesters of calculus and two semesters of physics with laboratory.

- MATH 1210 - Calculus I Credits: (4) and
- MATH 1220 - Calculus II Credits: (4)

- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) and
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
Chemistry Teaching (BS)

- **Program Prerequisite:** Chemistry Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).
- **Grade Requirements:** Average GPA of 2.00 or better in Chemistry courses. Also refer to the general grade requirements for graduation on Degree Requirements.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation; 43 are required within the teaching major, plus the credits required by the Teacher Education department. A total of 40 upper division credit hours (in courses numbered 3000 and above) are required for all Chemistry majors to fulfill University graduation requirements.
- **Program Code:** 6007BS
- **CIPC:** 131323

Advisement

All Chemistry Teaching majors should meet with the Chemistry Teaching major advisor at least annually for course and program advisement. Call 801-626-6952 for information and to arrange an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for the Chemistry Teaching major, however, teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).

General Education Requirements

Refer to Degree Requirements for Bachelor of Science requirements. The following courses required for the Chemistry major also satisfies general education requirements: CHEM 1210 and CHEM 1215.

Program Learning Outcomes

- Problem-solving skills. Chemistry majors should be competent problem-solvers. They should be able to identify the essential parts of a problem and formulate a strategy for solving the problem. They should be able to estimate the solution to a problem, apply appropriate techniques to arrive at a solution, test the correctness of their solution, interpret their result and connect it to related areas of chemistry.
- Laboratory skills. Chemistry majors should be competent experimentalists. They should be able to design and set up an experiment, collect and analyze data, identify sources of error, interpret their result and connect it to related areas of chemistry.
- Presentation skills. Chemistry majors should be able to express (orally and in writing) their understanding of core chemical principles, the results of experiments, the analysis of problems and their conclusions.
- Computer skills. Chemistry majors should be competent users of basic software, such as word processing, spreadsheet, and graphing programs. Strong presentation and organizing skills are complimented with computer knowledge in graphing and spreadsheets.

Required Introductory and Foundation Courses (15 credit hours)

- CHEM 1210 PS - Principles of Chemistry I Credits: (4)
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4)
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
• CHEM 2310 - Organic Chemistry I Credits: (4) and
• CHEM 2315 - Organic Chemistry I Lab Credits: (1)

Additional Required Chemistry Courses (8 credit hours)

• CHEM 2600 - Laboratory Safety Credits: (1)
• CHEM 3570 - Foundations of Science Education Credits: (3)
• CHEM 4570 - Secondary School Science Teaching Methods Credits: (3)
• CHEM 4800 - Research and Independent Study in Chemistry Credits: (1-3) (1 credit hour required) or
• CHEM 4890 INT - Cooperative Work Experience Credits: (1-6)

Electives (select at least 8 credit hours)

• CHEM 3000 - Quantitative Analysis Credits: (4) and
• CHEM 3020 - Computer Applications in Chemistry Credits: (1)
• CHEM 3070 - Biochemistry I Credits: (3) and
• CHEM 3075 - Biochemistry I Lab Credits: (1)
• CHEM 3410 - Foundations in Physical Chemistry Credits: (4) (note pre-requisites)
• CHEM 3610 - Foundations in Inorganic Chemistry Credits: (4)

Required Support Courses (7-8 credit hours)

• HIST 3350 - History and Philosophy of Science Credits: (3)
• MATH 1050 QL - College Algebra Credits: (4) or
• MATH 1080 QL - Pre-calculus Credits: (5)

Note:

Consult with an advisor early in the program to choose elective courses which will fulfill teaching endorsement requirements. Student must also complete requirements for a secondary education license as determined by the Jerry and Vicki Moyes College of Education.
Chemistry (BIS)

- **Grade Requirements**: A minimum grade of "C" must be achieved in all coursework used to satisfy BIS emphasis requirements, consistent with the requirements for the BIS degree.
- **Credit Hours Requirements**: A minimum of 18 credit hours is required for the BIS emphasis.
- **Program Code**: 6006
- **CIPC**: 400501

**Program Learning Outcomes**

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work-Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/ reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills.
- Post-Graduate Planning-Planned for careers and/or graduate programs.

**Course Requirements for BIS Emphasis**

**Required Introductory Courses (10 credit hours)**

- CHEM 1210 PS - Principles of Chemistry I **Credits**: (4) and
- CHEM 1215 - Principles of Chemistry I Lab **Credits**: (1)
- CHEM 1220 - Principles of Chemistry II **Credits**: (4) and
- CHEM 1225 - Principles of Chemistry II Lab **Credits**: (1)

**Elective Foundation Courses (8-10 credit hours)**

Select two foundation courses and their associate labs or co/prerequisite (if not included with the course) from the list below:

- CHEM 2310 - Organic Chemistry I **Credits**: (4)
- CHEM 2315 - Organic Chemistry I Lab **Credits**: (1)
- CHEM 3000 - Quantitative Analysis **Credits**: (4)
- CHEM 3020 - Computer Applications in Chemistry **Credits**: (1)
- CHEM 3070 - Biochemistry I **Credits**: (3)
- CHEM 3075 - Biochemistry I Lab **Credits**: (1)
- CHEM 3410 - Foundations in Physical Chemistry **Credits**: (4)
- CHEM 3610 - Foundations in Inorganic Chemistry **Credits**: (4)
Chemistry Minor

- **Grade Requirements**: A minimum passing grade of "D-" will be accepted in any course used toward the minor.
- **Credit Hours Requirements**: A minimum of 18 credit hours is required.
- **Program Code**: 6006
- **CIPC**: 400501

**Required Introductory Courses (10 credit hours)**

- CHEM 1210 PS - Principles of Chemistry I **Credits**: (4) and
- CHEM 1215 - Principles of Chemistry I Lab **Credits**: (1)
- CHEM 1220 - Principles of Chemistry II **Credits**: (4) and
- CHEM 1225 - Principles of Chemistry II Lab **Credits**: (1)

**Elective Foundation Courses (8-10 credit hours)**

*Select two foundation courses and their associated labs or co/prerequisite (if not included with the course) from the list below:*

- CHEM 2310 - Organic Chemistry I **Credits**: (4) and
- CHEM 2315 - Organic Chemistry I Lab **Credits**: (1)
- CHEM 3000 - Quantitative Analysis **Credits**: (4) and
- CHEM 3020 - Computer Applications in Chemistry **Credits**: (1)
- CHEM 3070 - Biochemistry I **Credits**: (3) and
- CHEM 3075 - Biochemistry I Lab **Credits**: (1)
- CHEM 3410 - Foundations in Physical Chemistry **Credits**: (4) (note prereqs)
- CHEM 3610 - Foundations in Inorganic Chemistry **Credits**: (4)
Chemistry Teaching Minor

- **Grade Requirements**: A minimum passing grade of "D-" will be accepted in any course used toward the minor.
- **Credit Hour Requirements**: A minimum of 26 credit hours is required.
- **Program Code**: 6007
- **CIPC**: 131323

Students who select the Chemistry Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education).

Course Requirements for Teaching Minor

Courses Required (23 credit hours)

- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4) and
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- CHEM 2310 - Organic Chemistry I Credits: (4) and
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- CHEM 2320 - Organic Chemistry II Credits: (4) and
- CHEM 2325 - Organic Chemistry II Lab Credits: (1)

Approved chemistry elective, 3000 or above

Support Course Required (3 credit hours)

- HIST 3350 - History and Philosophy of Science Credits: (3)

If a student is not obtaining a Teaching Major in Sciences, the following courses are also required:

- CHEM 2600 - Laboratory Safety Credits: (1)
- CHEM 3570 - Foundations of Science Education Credits: (3)
- CHEM 4570 - Secondary School Science Teaching Methods Credits: (3)
Department of Earth and Environmental Sciences

Department Chair: Dr. Marek Matyjasik  
Location: Tracy Hall Science Center, Room 338  
Telephone Contact: Anna Cich 801-626-7139  
Professors: Michael Hernandez, David Matty, Marek Matyjasik, Adolph Yonkee; Associate Professor: Elizabeth Balgord,  
Assistant Professors: Carie Frantz, Ryan Frazier, Caitlin Tems; Lab Manager: Sara Summers  

Earth scientists (also called geoscientists) investigate Earth, our planetary home, including its origin, composition, dynamic processes, and evolution over geologic time. Earth science knowledge is vital to society, as we explore for natural resources, mitigate the impacts of natural disasters, and work to protect the quality of the environment for future generations. Environmental scientists are problem solvers; they use multi-science approaches to investigate and address a wide variety of environmental issues. Both Earth and environmental scientists rely heavily of geospatial technologies (GIS, remote sensing, drones) to study and model Earth processes and features. This is an important and exciting time to be involved in Earth, environmental, and geospatial science careers.

The Department of Earth and Environmental Sciences offers bachelor's degrees in Geology, Applied Environmental Geoscience, and Earth Science Teaching, and supports the Physical Science Composite Teaching degree. The department offers minors in Geology, Geospatial Studies, and Earth Science Teaching. A certificate of proficiency in Geospatial Analysis is also available. Every citizen should have a basic knowledge of how our planet, including its climate system, works. Thus, the department offers a wide variety of physical science (PS) general education courses.

Interdisciplinary Programs

The Department of Earth and Environmental Sciences contributes courses and faculty expertise to the interdisciplinary Environmental Science major (BS) sponsored by the College of Science. In addition, the department participates in the interdisciplinary Environmental Studies Minor Program and the Urban and Regional Planning Emphasis Program. Students who wish to enroll in one of these programs should contact the program coordinator, who will help them select a combination of courses to fit their particular educational goals. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of the catalog.)

The Department of Earth and Environmental Sciences uses the course prefix GEO because "geo", from the Greek, means Earth.

Emphasis Options for Bachelor of Integrated Studies

The Geology Minor and/or Geospatial Studies Minor may be used as a BIS emphasis.
Geospatial Analysis Certificate of Proficiency

Advisor: Dr. Michael Hernandez, 801-626-8186, mhernandez@weber.edu, and Dr. Ryan Frazier, 801-626-7435, ryanfrazier@weber.edu

- **Grade Requirements**: A grade of "C" or better in all courses used toward the certificate (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: Minimum of 16 credit hours from the Department of Earth and Environmental Sciences, and 6 credit hours from the Department of Geography. The remaining 1-3 credit hours earned from completing either the Geospatial Internship (GEO 4840 /GEOG 4840) or Geospatial Capstone (GEO 4850 /GEOG 4850) courses will be taken in the department offering it that year.
- Gainful Employment Disclosure
- **Program Code**: 6013CP
- **CIPC**: 450702

Additional information pertaining to the Northern Utah Geospatial Technology Education Program (NUGeoTec) may be found at [https://www.weber.edu/nugeotec](https://www.weber.edu/nugeotec) or [http://departments.weber.edu/geosciences](http://departments.weber.edu/geosciences).

### Program Learning Outcomes

- Students will demonstrate how to effectively create and communicate geospatial data/results to others through cartographically accurate maps/dynamic products, technical reports, and multimedia presentations.
- Students will demonstrate understanding of basic geospatial concepts, such as data models, spatial databases, data projections and coordinate systems, topology, digitizing spatial data, metadata, and quality control.
- Students will demonstrate understanding of geospatial analysis that can be performed on vector and raster data collected from various platforms such as satellites / drones (Remote Sensing), GPS instruments, field maps. They will demonstrate the ability to perform multiple types of analysis, including spatial overlay, raster processing, statistics, terrain and hydrologic analysis, transportation networks, modeling, and Python programming.
- Students will demonstrate the ability to work in a team environment to complete a set of geospatial tasks or a geospatial project that includes project objectives, methods, data collection, analysis and reporting results in a professional format through completion of a geospatial internship or capstone course.

### Course Requirements for Certificate of Proficiency

#### Geospatial Courses Required (22 credit hours)

Required courses are offered in two departments: Earth and Environmental Sciences (GEO) and Geography (GEOG).

- GEO 3710 - Introduction to Geographic Information Systems **Credits**: (4)
- GEO 3720 - Geospatial Analysis **Credits**: (4)
- GEO 3840 - Remote Sensing: Principles and Methods **Credits**: (4)
- GEO 4200 - Geospatial Data Acquisition **Credits**: (4)
- GEOG 4400 - Cartography and Map Design **Credits**: (3)
- GEOG 4600 - Geospatial Programming and Online Methods **Credits**: (3)

#### Elective Geospatial Courses (1-3 credit hours)

Select one elective course in the Earth and Environmental Sciences Department (GEO-even years) or the Geography Department (GEOG-odd years), depending on the year, from the following:

- GEO 4840 INT - Geospatial Internship **Credits**: (1-3) taught even years
- GEO 4850 - Geospatial Capstone **Credits**: (3) taught even years

### Additional Information:
Other applicable geospatial and support courses (e.g., computer programming, applications development, relational database, and field-based courses) and co-curricular experiences (e.g., CCEL) may be considered at the discretion of the program advisor.

A sample of degree programs that this certificate complements include Applied Environmental Geosciences, Geology, Geography, Botany, Computer Science, Information Systems & Technologies, Archaeology, Anthropology, Epidemiology, Business, Criminal Justice, other social sciences, or a combination of three emphasis areas for a Bachelor of Integrated Studies (BIS) Degree. The Geospatial Analysis Certificate of Proficiency provides students with the essential skills necessary to analyze/model/solve today's applied geospatial problems.
Geology (BA)

- **Program Prerequisite:** None.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C-" or better in courses required for this major in addition to an overall GPA for all courses of 2.00 or higher.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 51-58 of these are required within the major. A total of 40 upper division credit hours are required (courses numbered 3000 and above).
- **Program Code:** 6010BA
- **CIPC:** 400601

* Students may benefit from having a minor in such fields as chemistry, physics, mathematics, computer science, geospatial analysis, a life science, or professional and technical writing and should consult with an advisor prior to choosing an option.

Advisement

**Advisor:** Dr. Adolph Yonkee, 801-626-7419.

All Geology students are required to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-7139 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program. However, students should meet with an advisor to plan and declare their program of study.

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. MATH 1050 or MATH 1080 or MATH 1210 is recommended for the Quantitative Literacy requirement. The following courses required for the Geology major will also satisfy general education requirements: BTNY 1203, CHEM 1210, GEO 1110, PHYS 2010, and PHYS 2210.

Program Learning Outcomes

- Be able to identify common minerals and rocks, describe rock characteristics, and interpret the environments/conditions (igneous, sedimentary, or metamorphic) in which rocks formed. {Earth Materials}
- Be able to identify major physical and biological events in Earth history and describe the methods used to interpret this history, including radiometric dating, fossil succession, and stratigraphic correlation. {Earth History}
- Be able to identify landforms from maps and imagery, construct topographic profiles, and interpret the development of landforms in terms of common surface processes. {Surface Processes}
- Be able to identify the different types of lithospheric plate boundaries based on types of activity, estimate rates of plate motion, describe the driving mechanisms for plate tectonics, and interpret geologic structures and construct cross sections from geologic map data. {Tectonic Processes}
- Be able to describe key geological cycles - including the hydrologic cycle, rock cycle, and carbon cycle. {Earth Systems}
- Have demonstrated an understanding of scientific methodology and the interdisciplinary nature of the geosciences, culminating in a capstone experience involving collection and analysis of multiple data sets to interpret Earth processes. {Capstone Experience}

Language Courses Required to fulfill the BA (12 credit hours)

- 6 semester hours of a foreign language
Select an additional 6 semester hours from the following:

- ENGL 3610 - American Literature I Credits: (3)
- ENGL 3100 - Professional and Technical Writing Credits: (3)
- ENGL 3140 - Professional and Technical Editing Credits: (3)
- ENGL 3190 CEL - Document Design Credits: (3)
- ENGL 3520 HU - Literature of the Natural World Credits: (3)
- Or additional foreign language

Major Course Requirements for BA Degree

Geology Courses Required (23 credit hours)

- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)
- GEO 1115 - Physical Geology Lab Credits: (1)
- GEO 1220 - Historical Geology Credits: (4)
- GEO 2050 - Earth Materials Credits: (4)
- GEO 3000 - Geoscience Methods and Careers Credits: (3)
- GEO 3080 - Applied Hydrology Credits: (3) or
- GEO 3550 - Sedimentology and Stratigraphy Credits: (4)
- GEO 3150 - Geomorphology Credits: (4)

Electives Courses (15 credit hours)

- Select an additional 15 hours from GEO courses numbered 3000 and above and/or up to 6 hours from other Earth/environmentally related classes approved by the Earth and Environmental Sciences Department.

Support Courses Required (13-21 credit hours)

- BTNY 1203 LS - Plant Biology Credits: (3) or
- BTNY 1403 LS SUS - Principles of Environmental Science Credits: (3-4)

OR

- CHEM 1010 PS - Introductory Chemistry Credits: (3)
- CHEM 1110 PS - Elementary Chemistry Credits: (4) and
- CHEM 1115 - Elementary Chemistry Lab Credits: (1)

OR

- CHEM 1210 PS - Principles of Chemistry I Credits: (4) **
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)

OR

- PHYS 1010 PS - Elementary Physics Credits: (3) or
- PHYS 2010 PS - College Physics I Credits: (5) or
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) **

either

- MATH 1050 QL - College Algebra Credits: (4) and
- MATH 1060 QL - Trigonometry Credits: (3)

OR

- MATH 1080 QL - Pre-calculus Credits: (5)

OR

- MATH 1210 - Calculus I Credits: (4) **
Notes:

* Students should consider a minor or complementary set of elective classes that supports their career plans (please consult an advisor).

**Students planning to attend graduate school in science or engineering areas should take additional Chemistry, Physics, and Math classes (please consult an advisor).
Applied Environmental Geosciences (BS)

- **Program Prerequisite:** None.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C-" or better in each courses required by this major in addition to a minimum cumulative GPA for all courses of 2.0.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation; 77 to 82 of these are required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); 38 to 40 of these are required within the major.
- **Program Code:** 6012BS
- **CIPC:** 400601

Advisement

All Geoscience students are required to meet with a faculty advisor (see above) at least annually for course and program advisement. Call 801-626-7139 for more information or to schedule an appointment.

**Advisor:** Dr. Marek Matyjasik, 801-626-7726

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program. However, students should meet with an advisor to plan and declare their program of study.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. MATH 1050 or MATH 1080 is recommended for the Quantitative Literacy requirement. The following courses required for the Applied Environmental Geoscience major will also satisfy general education requirements: CHEM 1210, GEO 1060, GEO 1110, PHYS 2010, and PHYS 2210.

Course Prefix GEO

The Department of Earth and Environmental Sciences uses the course prefix GEO because geo means "earth." The prefix GEO also aids in course articulation with other colleges and universities.

Program Learning Outcomes

- Be able to identify common minerals and rocks, describe rock characteristics, and interpret the environments/conditions (igneous, sedimentary, or metamorphic) in which rocks formed. {Earth Materials}
- Be able to identify major physical and biological events in Earth history and describe the methods used to interpret this history, including radiometric dating, fossil succession, and stratigraphic correlation. {Earth History}
- Be able to identify landforms from maps and imagery, construct topographic profiles, and interpret the development of landforms in terms of common surface processes. {Surface Processes}
- Be able to identify the different types of lithospheric plate boundaries based on types of activity, estimate rates of plate motion, describe the driving mechanisms for plate tectonics, and interpret geologic structures and construct cross sections from geologic map data. {Tectonic Processes}
- Be able to describe key geological cycles - including the hydrologic cycle, rock cycle, and carbon cycle. {Earth Systems}
• Have demonstrated an understanding of scientific methodology and the interdisciplinary nature of the geosciences, culminating in a capstone experience involving collection and analysis of multiple data sets to interpret Earth processes. (Capstone Experience)

Major Course Requirements for BS Degree

Earth Science Courses Required (39-40 credit hours)

• GEO 1060 PS - Environmental Geosciences Credits: (3)
• GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)
• GEO 1115 - Physical Geology Lab Credits: (1)
• GEO 1220 - Historical Geology Credits: (4)
• GEO 2050 - Earth Materials Credits: (4)
• GEO 3000 - Geoscience Methods and Careers Credits: (3)
• GEO 3080 - Applied Hydrology Credits: (3)
• GEO 3150 - Geomorphology Credits: (4)
• GEO 3710 - Introduction to Geographic Information Systems Credits: (4)
• GEO 3753 - Geomicrobiology Credits: (3) or
• GEO 4560 - Environmental Geochemistry Credits: (4)
• GEO 4060 - Geoscience Field Methods Credits: (4)
• GEO 4990 - Geoscience and Society Seminar Credits: (2)

Applied Geoscience Electives Required (11-12 credit hours)

Complete three (3) of the following courses:
• GEO 3214 - Soils Credits: (4)
• GEO 3720 - Geospatial Analysis Credits: (4)
• GEO 3840 - Remote Sensing: Principles and Methods Credits: (4)
• GEO 4080 - Groundwater and Environmental Assessment Credits: (4)
• GEO 4100 - Engineering Geology Credits: (3)
• GEO 4200 - Geospatial Data Acquisition Credits: (4)
• GEO 4560 - Environmental Geochemistry Credits: (4) or
• GEO 3753 - Geomicrobiology Credits: (3)

Additional Electives Required (3 credit hours minimum)

Complete a minimum of 3 credit hours in additional upper-division Earth Science (GEO) courses (numbered 3000 and above), which could include an additional applied geoscience course listed above or another approved environmental/sustainability science course.

Support Courses Required (24-27 credit hours)

• CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
• CHEM 1220 - Principles of Chemistry II Credits: (4) and
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
• PHYS 2010 PS - College Physics I Credits: (5) and
• PHYS 2020 - College Physics II Credits: (5)
or
• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) and
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5) *

either
• MATH 1050 QL - College Algebra Credits: (4) and
• MATH 1060 QL - Trigonometry Credits: (3)
or
• MATH 1080 QL - Pre-calculus Credits: (5)
or
• MATH 1210 - Calculus I Credits: (4) **

Note:

*Students planning to attend graduate school in Geology or a related geotechnical area should take PHYS 2210-PHYS 2220, Physics for Scientists & Engineers, instead of the General Physics series (PHYS 2010-PHYS 2020).

**Students planning to attend graduate school in Geology or a related geotechnical area should also take MATH 1210/MATH 1220, Calculus I and II (8).

Students planning a career or advanced degree in geospatial science and technologies are encouraged to complete the Geospatial Analysis certificate program. Students planning a career or advanced degree in geotechnical applications are encouraged to take GEO 3060, GEO 4080, GEO 4100 and as electives. Course work in microbiology, especially Environmental Microbiology (MICR 3484), is recommended for students pursuing environmental or remediation-related careers.
Earth Science Teaching (BS)

- **Program Prerequisite:** Must satisfy Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C-" or better in courses required for this major.
- **Credit Hour Requirements:** A total of 125-126 credit hours is required for graduation; 70 to 72 of these are required within the major. Teacher Education Licensure requires 9 credit hours of support courses and 24 credit hours of professional education courses (see Teacher Education Department). This major requires a total of 44 upper division credit hours (courses numbered 3000 and above); 17 of these are required Geosciences courses and 24 are Teacher Education courses.
- **Program Code:** 6011BS
- **CIPC:** 131316

Advisement

All Earth Science Teaching students are required to meet with a faculty advisor (see previous column) at least annually for course and program advisement. Call 801-626-7139 for more information or to schedule an appointment. In addition, teaching majors are encouraged to consult with an advisor in the Jerry and Vickie Moyes College of Education (call 801-626-6269). (Also refer to the Department Advisor Referral List.)

**Advisor:** Dr. Dave Matty, 801-626-7195; and Dr. Caitlin Tems, 801-626-7421.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). Earth Science Teaching majors must satisfy Teacher Education admission and licensure requirements. (See Teacher Education Department.)

General Education

Refer to Degree Requirements for Bachelor of Science requirements. MATH 1050 or MATH 1080 is recommended for the Quantitative Literacy requirement. The following courses required for the Earth Science Teaching major will also satisfy general education requirements: BTNY 1203, CHEM 1210, GEO 1060, GEO 1110, GEO 1130, PHYS 1040, PHYS 2010, and PHYS 2210. The following required education support courses will also satisfy general education requirements: CHF 1500 and COMM 1020 or COMM 2110.

Program Learning Outcomes

- Be able to collect data, apply algebraic and graphical techniques to analyze data, and interpret results. {Problem-Solving Skills}
- Be able to clearly express geoscience concepts orally and in writing, present results from laboratory and field investigations, and effectively incorporate appropriate maps and graphs into presentations and reports. {Communication Skills}
- Be proficient in the use of appropriate technologies - including basic computer skills (word processing, spread sheets), geospatial skills (GPS, accessing geospatial databases), and information technology (search, compile, and evaluate information from scientific literature and web resources). {Technology Skills}

Major Course Requirements for BS Degree

Earth Science Courses Required (42 credit hours)
• GEO 1060 PS - Environmental Geosciences Credits: (3) or
• GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions Credits: (3)

• GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)
• GEO 1115 - Physical Geology Lab Credits: (1)
• GEO 1130 PS - Introduction to Meteorology Credits: (3)
• GEO 1220 - Historical Geology Credits: (4)
• GEO 2050 - Earth Materials Credits: (4)
• GEO 2600 - Laboratory Safety Credits: (1)

• GEO 3010 - Oceanography and Earth Systems Credits: (3) or
• GEOG 3050 - Weather and Climate: from daily storms to decades of drought Credits: (3)

• GEO 3150 - Geomorphology Credits: (4)
• GEO 3570 - Foundations of Science Education Credits: (3)
• GEO 4570 - Secondary School Science Teaching Methods Credits: (3)
• GEO 4800 CRE - Independent Research Credits: (1-3) (only 1 credit hour required)

• PHYS 1040 PS - Elementary Astronomy Credits: (3) or
• ASTR 1040 PS - Elementary Astronomy Credits: (3)
• BTNY 1203 LS - Plant Biology Credits: (3)

Select one or more of the following for a minimum of 3 credit hours:

• GEO 3060 - Structural Geology Credits: (4)
• GEO 3080 - Applied Hydrology Credits: (3)
• GEO 3180 - Paleontology Credits: (4)
• GEO 3214 - Soils Credits: (4)
• GEO 3250 - Geology of Utah Credits: (3)
• GEO 3550 - Sedimentology and Stratigraphy Credits: (4)
• GEO 3710 - Introduction to Geographic Information Systems Credits: (4)
• GEO 3753 - Geomicrobiology Credits: (3)
• GEO 4750 - Special Topics in Geosciences Credits: (1-4)
• GEO 4950 - Advanced Geoscience Fieldtrips Credits: (1-3)

Required Support Courses (27-30 credit hours)

Note: CHEM 1210/1215 requires CHEM 1200 as a pre-requisite.

• CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)

• CHEM 1220 - Principles of Chemistry II Credits: (4) and
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)

• PHYS 2010 PS - College Physics I Credits: (5) and
• PHYS 2020 - College Physics II Credits: (5)
  or
• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) and
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)

• HIST 3350 - History and Philosophy of Science Credits: (3)
either
  • MATH 1050 QL - College Algebra Credits: (4) and
  • MATH 1060 QL - Trigonometry Credits: (3)
  or
  • MATH 1080 QL - Pre-calculus Credits: (5)
  or
  • MATH 1210 - Calculus I Credits: (4)

Recommended Support Courses

any additional upper division (numbered 3000 and above) GEO course
  • GEOG 3060 SUS - Environmental Issues: Local to Global Impacts and Solutions Credits: (3)
  • MATH 1040 QL - Introduction to Statistics Credits: (3)
  • ZOOL 1010 LS - Animal Biology Credits: (3) *

Note:

*The Utah State Office of Education also requires Earth Science Teaching graduates to pass the Earth and Space Sciences Praxis exam to receive the Earth Science endorsement (9th grade). Earth Science Teaching graduates who pass the General Science Praxis exam may also receive the Middle Level Science endorsement (7th and 8th grades). Completion of ZOOL 1010 will help prepare students for the General Science Praxis exam.
Geology (BS)

- **Program Prerequisite:** None.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C-" or better in courses required for this major in addition to an overall GPA for all courses of 2.00 or higher.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 79-82 of these are required within the major. A total of 40 upper division credit hours is required; 40 of these are required within the major (courses numbered 3000 and above).
- **Program Code:** 6010BS
- **CIPC:** 400601

Students may benefit from having a minor in such fields as chemistry, physics, mathematics, computer science, geospatial analysis, or a life science, and should consult with an advisor prior to choosing an option.

Advisement

**Advisor:** Dr. Adolph Yonkee, 801-626-7419

All Geology students are required to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-7139 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program. However, students should meet with an advisor to plan and declare their program of study.

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. MATH 1050 or MATH 1080 or MATH 1210 is recommended for the Quantitative Literacy requirement. The following courses required for the Geology major will also satisfy general education requirements: CHEM 1210, GEO 1110, PHYS 2010, and PHYS 2210.

Course Prefix GEO

The Department of Earth and Environmental Sciences uses the course prefix GEO because geo means "earth." The prefix GEO also aids in course articulation with other colleges and universities.

Program Learning Outcomes

- Be able to identify common minerals and rocks, describe rock characteristics, and interpret the environments/conditions (igneous, sedimentary, or metamorphic) in which rocks formed. (Earth Materials)
- Be able to identify major physical and biological events in Earth history and describe the methods used to interpret this history, including radiometric dating, fossil succession, and stratigraphic correlation. (Earth History)
- Be able to identify landforms from maps and imagery, construct topographic profiles, and interpret the development of landforms in terms of common surface processes. (Surface Processes)
- Be able to identify the different types of lithospheric plate boundaries based on types of activity, estimate rates of plate motion, describe the driving mechanisms for plate tectonics, and interpret geologic structures and construct cross sections from geologic map data. (Tectonic Processes)
- Be able to describe key geological cycles - including the hydrologic cycle, rock cycle, and carbon cycle. (Earth Systems)
• Have demonstrated an understanding of scientific methodology and the interdisciplinary nature of the geosciences, culminating in a capstone experience involving collection and analysis of multiple data sets to interpret Earth processes. {Capstone Experience}

Major Course Requirements for BS Degree

Earth Science Courses Required (49 credit hours)

- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)
- GEO 1115 - Physical Geology Lab Credits: (1)
- GEO 1220 - Historical Geology Credits: (4)
- GEO 2050 - Earth Materials Credits: (4)
- GEO 3000 - Geoscience Methods and Careers Credits: (3)
- GEO 3060 - Structural Geology Credits: (4)
- GEO 3080 - Applied Hydrology Credits: (3)
- GEO 3150 - Geomorphology Credits: (4)
- GEO 3550 - Sedimentology and Stratigraphy Credits: (4)
- GEO 3710 - Introduction to Geographic Information Systems Credits: (4)
- GEO 4060 - Geoscience Field Methods Credits: (4)
- GEO 4510 - Geology Field Camp Credits: (4)
- GEO 4560 - Environmental Geochemistry Credits: (4)
- GEO 4990 - Geoscience and Society Seminar Credits: (2)

Electives Courses (6 credit hours minimum)

Complete GEO 1060 PS - Environmental Geosciences (3) and/or additional upper-division geoscience Earth science (GEO) courses (numbered 3000 and complete above) for a minimum of 6 credit hours.

Support Courses Required (24-27 credit hours)

- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4) and
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- PHYS 2010 PS - College Physics I Credits: (5) and
- PHYS 2020 - College Physics II Credits: (5)
or
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) * and
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5) *

either
- MATH 1050 QL - College Algebra Credits: (4) and
- MATH 1060 QL - Trigonometry Credits: (3)
or
- MATH 1080 QL - Pre-calculus Credits: (5)
or
- MATH 1210 - Calculus I Credits: (4) **

Note:
* Students planning to attend graduate school should take PHYS 2210-PHYS 2220, Physics for Scientists & Engineers, instead of the General Physics series (PHYS 2010-PHYS 2020).

**Students planning to attend graduate school should also take MATH 1210/MATH 1220, Calculus I and II (8).

The physical chemistry sequence, CHEM 3410-CHEM 4420 (8), is recommended for students planning advanced study in geochemistry, mineralogy, or mineral deposits. Advanced course work in zoology, microbiology or botany is recommended for students planning advanced work in paleontology, stratigraphy, or related fields. Environmental Microbiology (MICR 3484) is recommended for students pursuing environmental or remediation-related careers.
Geology Minor

Advisor: Dr. Adolph Yonkee, 801-626-7419, ayonkee@weber.edu

- Grade Requirements: A grade of "C-" or better in courses used toward the minor.
- Credit Hour Requirements: Minimum of 19 credit hours in Earth science (GEO) courses.
- Program Code: 6010
- CIPC: 400601

Course Requirements for Minor

Earth Science Courses Required (12 credit hours)

- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)
- GEO 1115 - Physical Geology Lab Credits: (1)
- GEO 1220 - Historical Geology Credits: (4)
- GEO 3150 - Geomorphology Credits: (4)

Earth Science Electives (minimum 7 credit hours)

Complete GEO 2050 - Earth Materials (4) and/or additional upper-division Earth science (GEO) courses (numbered 3000 and above) for a minimum of 7 credit hours.

Geospatial Studies Minor

Advisor: Dr. Michael Hernandez, 801-626-8186, mhernandez@weber.edu, and Dr. Ryan Frazier, 801-626-7435, ryanfrazier@weber.edu

- Grade Requirements: A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable).
- Credit Hour Requirements: Minimum of 18 credit hours.
- Program Code: 6040
- CIPC: 450702

Course Requirements for Minor

Geospatial Courses Required (15 credit hours)

Required courses are offered in two departments: Earth and Environmental Sciences (GEO) and Geography (GEOG).

- GEO 3710 - Introduction to Geographic Information Systems Credits: (4)
- GEO 3720 - Geospatial Analysis Credits: (4)
- GEO 3840 - Remote Sensing: Principles and Methods Credits: (4)
- GEOG 4400 - Cartography and Map Design Credits: (3)

Note:

If any required courses for the Geospatial Studies Minor are also required in a student's major, then an elective of equivalent hours may need to be substituted.

Elective Geospatial Courses (3 credit hours)
Select one or more elective courses in the Earth and Environmental Sciences (GEO) and Geography (GEOG) Departments from the following list:

- GEO 4200 - Geospatial Data Acquisition **Credits: (4)**
- GEOG 4410 SUS - Sustainable Land Use Planning **Credits: (3)**
- GEOG 4600 - Geospatial Programming and Online Methods **Credits: (3)**
- GEO 4840 INT - Geospatial Internship **Credits: (1-3)** taught even years
- GEO 4850 - Geospatial Capstone **Credits: (3)** taught even years
Earth Science Teaching Minor

- **Grade Requirements**: A grade of "C-" or better in courses used toward the minor.
- **Credit Hour Requirements**: Minimum of 20 credit hours in Geosciences courses.
- **Program Code**: 6011
- **CIPC**: 131316

Students who select the Earth Science Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education).

Advising

**Advisor**: Dr. Dave Matty, 801-626-7195; and Dr. Caitlin Tems, 801-626-7421.

Course Requirements for Minor

**Earth Science Courses Required (20 credit hours)**

- GEO 1060 PS - Environmental Geosciences Credits: (3)
- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)
- GEO 1115 - Physical Geology Lab Credits: (1)
- GEO 1130 PS - Introduction to Meteorology Credits: (3)
- GEO 1220 - Historical Geology Credits: (4)
- GEO 3010 - Oceanography and Earth Systems Credits: (3) or GEOG 3050 - Weather and Climate: from daily storms to decades of drought Credits: (3)
- PHYS 1040 PS - Elementary Astronomy Credits: (3) or ASTR 1040 PS - Elementary Astronomy Credits: (3)

If not taken as part of a student's major requirements, then the following courses are also required (up to 20 credit hours):

Note: CHEM 1210/1215 requires CHEM 1200 as a pre-requisite.

- GEO 3570 - Foundations of Science Education Credits: (3)
- GEO 4570 - Secondary School Science Teaching Methods Credits: (3)
- PHYS 2010 PS - College Physics I Credits: (5) or PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- ZOOL 3450 - Ecology Credits: (4)

Note:

Any deviation from the above requirements must be approved by the department in advance. This minor is best for students majoring in another area of science or science teaching, as one semester of chemistry, one semester of physics, and one semester of ecology are required to obtain Earth Science teaching certification in the state of Utah.
Department of Mathematics

Department Chair: Sandra Fital-Akelbek
Location: Tracy Hall Science Center, Room 381
Contact: Debi Larson, 801-626-6095 or math@weber.edu
Department Website: weber.edu/mathematics

Professors: Mahmud Akelbek, Chloe Cai, Sandra Fital-Akelbek, Afshin Ghoreishi, Kent Kidman, George Kvernadze, Matthew Ondrus, Timothy Steele, Paul Talaga; Associate Professors: Rachel Bachman, Julian Chan, Mihail Cocos, Cora Neal, James Peters; Assistant Professors: Shawn Broderick, Alees Lee, C. David Walters; Instructors: Natalie Anderson, Shannon Dixon

From data mining to forensics, mathematics is the language of choice for an ever-increasing number of disciplines. The scientist, the engineer, the actuary, the financial planner - all use algebra, geometry, calculus and statistics. But also, the voter needs to understand these concepts, albeit at a less advanced level, to reach informed decisions about a multitude of issues from utility rates and retirement saving to information security and global warming.

The Department of Mathematics offers a variety of courses (from general interest to advanced levels of applicability), two minors, departmental honors, and five majors. The Mathematics major may be the best choice for someone planning to go directly to graduate school; the Applied Mathematics major prepares one for a job that uses mathematics; the Mathematics Teaching major prepares students to be teachers of mathematics in elementary through high school, and the Computational Statistics and Data Science major is for students who can convert big data into actionable insight, improve decision making, and provide a competitive advantage for their employers. We also offer an Associate's of Science degree in Mathematics that complements all STEM degrees.

Prerequisites

Since each course in mathematics requires a working knowledge of principles from prerequisite courses, students are required to earn a "C" grade in each prerequisite course before registering for the next course. Math prerequisites for math courses up to MATH 2210 expire after 24 months.

Placement

Weber State University students will be placed into mathematics courses by the following procedure.

A. To enroll in mathematics courses MATH 1030 QL, MATH 1040 QL, MATH 1120 QL, or MATH 2010 a student must have, within the past 24 months, either:
   1. Completed the prerequisite course with a grade of "C" or higher; OR
   2. Received a Math ACT score of 21 or above; OR
   3. Scored sufficiently high on a placement exam at a WSU testing center

B. To enroll in mathematics courses MATH 1050 QL, MATH 1060 QL, MATH 1080 QL, or MATH 1090 QL a student must have, within the past 24 months, either:
   1. Completed the prerequisite course with a grade of "C" or higher; OR
   2. Received a Math ACT score of 23 or above; OR
   3. Scored sufficiently high on a placement exam at a WSU testing center

C. To enroll in MATH 1035 QL - Contemporary Mathematics with Prerequisite Topics QL a student must have, within the past 24 months, either:
   1. Completed MATH 0950 with a grade of "C" or higher; OR
   2. Received a Math ACT score of 14 or above; OR
   3. Scored sufficiently high on a placement exam at a WSU testing center

D. To enroll in MATH 2020 QL a student must have completed MATH 2010 and 2015 with a grade of "C" or better. Students may not use a placement exam to test into MATH 2020 QL.

E. To enroll in mathematics courses numbered 1210 through 2210, a student must have, within the past 24 months, either:
   1. Completed the prerequisite course(s) with a grade of "C" or higher
   2. Scored sufficiently high on a placement exam at a WSU testing center. (Placement scores only available up to MATH 1210 - Calculus I)
   3. Obtained the appropriate AP Calculus score described below:
      - Three on the AB test places the student in MATH 1210
      - Four or five on the AB test places the student in MATH 1220
○ Three or four on the BC test places the student in MATH 1220
○ Five on the BC test places the student in MATH 2210 or higher

*Students who score below 21 on the Math ACT may be placed into developmental courses. See the Math Placement Standards listed in the WSU Core General Education Requirements.*

Failure to comply with this policy will normally result in the cancellation of the student's math course registration.

*It is recommended that students have their programs (majors and minors) approved before registering for upper division courses.*
Mathematics (AS)

- **Program prerequisite**: None
- **Grade Requirements**: A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable), in addition to an overall 2.0 GPA and a 2.0 GPA in mathematics classes numbered 1210 or above.
- **Credit Hour Requirements**: A total of 60 credit hours are required; a minimum of 18 credit hours are required in mathematics courses.
- **Program Code**: 6035AS
- **CIPC**: 270101

**Advisement**

All Mathematics AS students should see the Mathematics Department to be assigned an advisor. They should meet with their advisors at least once a year to help plan their programs and check on their progress. Call 801-626-6095 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study (see Program of Study (Major/Minor) Declaration) with your advisor. There are no special admission or application requirements for the AS degree.

**General Education**

Refer to Degree Requirements for Associate of Science degree.

**Course Requirements for Mathematics AS Degree**

Mathematics courses required (18 credit hours):

- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- MATH 2210 - Calculus III Credits: (4)
- MATH 2270 - Elementary Linear Algebra Credits: (3)

One course chosen from:

- MATH 2280 - Ordinary Differential Equations Credits: (3)
- Any upper division MATH course (MATH 3xx or MATH 4XX)
Mathematics (BA)

All Mathematics Majors

- **Program Prerequisite:** Not required for Mathematics and Applied Mathematics majors. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Required only for the regular mathematics major.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable), in addition to an overall 2.0 GPA and a 2.0 GPA in mathematics classes numbered 1210 or above.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation; 31-46 of these are required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); at least nine credit hours of upper division Mathematics must be completed at Weber State University.
- **Program Code:** Mathematics (6029BA or 6029BS), Mathematics Teaching (6030BA or 6030BS), Applied Mathematics (6031BA or 6031BS) with Regular Track (6022), Computing Track (6023), Physical Mathematics Track (6024), Engineering Mathematics Track (6025), Actuarial/Financial Mathematics Track (6026), Natural/Life Sciences Track (6028)
- **CIPC:** Mathematics (270101), Applied Mathematics (270301), Mathematics Teaching (131311)

Advisement

All Mathematics majors should see the Mathematics Department to be assigned an advisor. They should meet with their advisors at least once a year to help plan their programs and check on their progress. Call 801-626-6095 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Program of Study (Major/Minor) Declaration) with your advisor. There are no special admission or application requirements for the Regular or Applied mathematics emphases. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. PHYS 2210 will fulfill requirements for both the major and general education. PSY 1010 (3) in the Social Sciences area is recommended for the Mathematics Teaching emphasis.

Program Learning Outcomes

- Knowledge of and the ability to apply the concepts of differentiable, integral, and multivariable calculus
- Knowledge of and ability to apply the concepts of matrices and Euclidean vector spaces, and ordinary differential equations
- Ability to comprehend and write proofs that are logically, grammatically, and mathematically correct
- Knowledge of and ability to prove results in analysis and algebra

Language Courses Required to fulfill the BA (14 credit hours)

- 6 credit hour of foreign language
  and the following language arts courses
  - MATH 1210 - Calculus I Credits: (4)
• MATH 1220 - Calculus II Credits: (4)

Major Course Requirements for Mathematics BS or BA Degree

Mathematics Courses Required (33 credit hours)

• MATH 1210 - Calculus I Credits: (4)
• MATH 1220 - Calculus II Credits: (4)
• MATH 2210 - Calculus III Credits: (4)
• MATH 2270 - Elementary Linear Algebra Credits: (3)
• MATH 2280 - Ordinary Differential Equations Credits: (3)
• MATH 3110 - Foundations of Algebra Credits: (3)
• MATH 4110 - Modern Algebra I Credits: (3)
• MATH 4120 - Modern Algebra II Credits: (3) or
• MATH 4320 - Topology Credits: (3)
• MATH 4210 - Introductory Real Analysis I Credits: (3) and
• MATH 4220 - Introductory Real Analysis II Credits: (3)

Mathematics Electives (at least 9 credit hours)

Complete any upper division Mathematics courses (not including any required courses) so that required mathematics courses and mathematics electives total at least 42 credit hours.

Minor

A minor is required or

• CS 1400 - Programming I Credits: (4)
• CS 1410 - Object-Oriented Programming Credits: (4)

and one course chosen from:

• CS 2130 - Computational Structures Credits: (4)
• CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
• CS 2450 - Software Engineering I Credits: (4)
• CS 2810 - Computer Architecture/Organization Credits: (4)
• MATH 4610 - Numerical Analysis I Credits: (3)

Support Courses Required (10 credit hours)

• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)

Graduate School Preparation

It is highly recommended that students planning on graduate work in Mathematics take Linear Algebra (MATH 3270) and Topology (MATH 4320) in addition to the above. See the Mathematics Department for counseling.
Mathematics Teaching (BA)

All Mathematics Majors

- **Program Prerequisite:** Not required for Mathematics and Applied Mathematics majors. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Required only for the regular mathematics major.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable), in addition to an overall 2.0 GPA and a 2.0 GPA in mathematics classes numbered 1210 or above.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation; 31-46 of these are required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); at least nine credit hours of upper division Mathematics must be completed at Weber State University.
- **Program Code:** Mathematics (6029BA or 6029BS), Mathematics Teaching (6030BA or 6030BS), Applied Mathematics (6031BA or 6031BS) with Regular Track (6022), Computing Track (6023), Physical Mathematics Track (6024), Engineering Mathematics Track (6025), Actuarial/Financial Mathematics Track (6026), Natural/Life Sciences Track (6028)
- **CIPC:** Mathematics (270101), Applied Mathematics (270301), Mathematics Teaching (131311)

Advisement

All Mathematics majors should see the Mathematics Department to be assigned an advisor. They should meet with their advisors at least once a year to help plan their programs and check on their progress. Call 801-626-6095 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Program of Study (Major/Minor) Declaration) with your advisor. There are no special admission or application requirements for the Regular or Applied mathematics emphases. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. PHYS 2210 will fulfill requirements for both the major and general education. PSY 1010 (3) in the Social Sciences area is recommended for the Mathematics Teaching emphasis.

Program Learning Outcomes

- Knowledge of and the ability to apply the concepts of differentiable, integral, and multivariable calculus
- Knowledge of and ability to apply the concepts of matrices and Euclidean vector spaces, and ordinary differential equations
- Ability to comprehend and write proofs that are logically, grammatically, and mathematically correct
- Knowledge of and ability to prove results in analysis and algebra

Language Courses Required to fulfill the BA (14 credit hours)

- 6 credit hour of foreign language
  - and the following language arts courses
- MATH 1210 - Calculus | Credits: (4)
• MATH 1220 - Calculus II Credits: (4)

Major Course Requirements for Mathematics Teaching BS or BA Degree

Program Learning Outcomes

• Knowledge of and the ability to apply the concepts of differentiable, integral, and multivariable calculus
• Knowledge of and ability to apply the concepts of matrices and Euclidean vector spaces, and ordinary differential equations
• Ability to comprehend and write proofs that are logically, grammatically, and mathematically correct
• Knowledge of basic probability and statistics, analysis, and number theory
• Knowledge of and ability to teach concepts of high school level mathematics

Mathematics Courses Required (48 credit hours)

• MATH 1210 - Calculus I Credits: (4)
• MATH 1220 - Calculus II Credits: (4)
• MATH 2210 - Calculus III Credits: (4)
• MATH 2270 - Elementary Linear Algebra Credits: (3)
• MATH 2280 - Ordinary Differential Equations Credits: (3) or MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
• MATH 3110 - Foundations of Algebra Credits: (3) or MATH 4110 - Modern Algebra I Credits: (3)
• MTHE 2120 - Geometry from a Teaching Perspective Credits: (3)
• MATH 3120 - Foundations of Euclidean and Non-Euclidean Geometry Credits: (3)
• MATH 3160 - Number Theory Credits: (3)
• MTHE 3060 - Probability and Statistics from a Teaching Perspective Credits: (3)
• MATH 3410 - Probability and Statistics I Credits: (3)
• MTHE 4110 - Algebra from a Teaching Perspective Credits: (3)
• MTHE 3010 - Methods and Technology for Teaching Secondary Mathematics Credits: (3)
• MATH 4210 - Introductory Real Analysis I Credits: (3)
• One upper division MATH course not otherwise required (3)

Support Courses Required (5-10 credit hours)

Complete either

• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)

or

• CHEM 1210 PS - Principles of Chemistry I Credits: (4) and CHEM 1215 - Principles of Chemistry I Lab Credits: (1)

AND

• CHEM 1220 - Principles of Chemistry II Credits: (4) and
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)

Note:
A student must also complete requirements for a secondary education licensure as determined by the Jerry and Vickie Moyes College of Education.
Mathematics, Applied (BA)

All Mathematics Majors

- **Program Prerequisite:** Not required for Mathematics and Applied Mathematics majors. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Required only for the regular mathematics major.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable), in addition to an overall 2.0 GPA and a 2.0 GPA in mathematics classes numbered 1210 or above.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation; 31-46 of these are required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); at least nine credit hours of upper division Mathematics must be completed at Weber State University.
- **Program Code:** Mathematics (6029BA or 6029BS), Mathematics Teaching (6030BA or 6030BS), Applied Mathematics (6031BA or 6031BS) with Regular Track (6022), Computing Track (6023), Physical Mathematics Track (6024), Engineering Mathematics Track (6025), Actuarial/Financial Mathematics Track (6026), Natural/Life Sciences Track (6028)
- **CIPC:** Mathematics (270101), Applied Mathematics (270301), Mathematics Teaching (131311)

Advisement

All Mathematics majors should see the Mathematics Department to be assigned an advisor. They should meet with their advisors at least once a year to help plan their programs and check on their progress. Call 801-626-6095 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Program of Study (Major/Minor) Declaration) with your advisor. There are no special admission or application requirements for the Regular or Applied mathematics emphases. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. PHYS 2210 will fulfill requirements for both the major and general education. PSY 1010 (3) in the Social Sciences area is recommended for the Mathematics Teaching emphasis.

Program Learning Outcomes

- Knowledge of and the ability to apply the concepts of differentiable, integral, and multivariable calculus
- Knowledge of and ability to apply the concepts of matrices and Euclidean vector spaces, and ordinary differential equations
- Ability to comprehend and write proofs that are logically, grammatically, and mathematically correct
- Knowledge of and ability to prove results in analysis and algebra

Language Courses Required to fulfill the BA (14 credit hours)

- 6 credit hours of foreign language
  and the following language arts courses
- MATH 1210 - Calculus | Credits: (4)
Major Course Requirements for Applied Mathematics BS or BA Degree

The Applied Mathematics Program provides an opportunity for WSU students to apply mathematics to different fields. The program requires 19 credit hours of core lower division mathematics courses, a minimum of 12 credit hours of upper division applied mathematics courses and additional upper division courses in specified fields, including mathematics, so the total upper division credit hours reaches at least 40. To design a specific program different from the following tracks, students must get approval from a Mathematics Department advisor.

Program Learning Outcomes

- Knowledge of and the ability to apply the concepts of differentiable, integral, and multivariable calculus
- Knowledge of and ability to apply the concepts of matrices and Euclidean vector spaces, and ordinary differential equations
- Knowledge and ability to apply concepts of several areas of applied mathematics (probability and stats, numerical analysis, etc.)
- Ability to comprehend and write correct mathematical arguments

Lower Division Mathematics Courses Required for All Tracks (19 credit hours)

- MATH 1200 - Mathematics Computer Laboratory Credits: (1)
- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- MATH 2210 - Calculus III Credits: (4)
- MATH 2270 - Elementary Linear Algebra Credits: (3)
- MATH 2280 - Ordinary Differential Equations Credits: (3)

1. Regular Track

A traditional diversified program in applied mathematics.

Required Upper Division Mathematics Courses (12 credit hours)

- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
- MATH 3710 - Boundary Value Problems Credits: (3) or
- MATH 3280 - Dynamical Systems Credits: (3)
- MATH 4610 - Numerical Analysis I Credits: (3)

Mathematics Electives (at least 12 credit hours)

Complete at least an additional 12 credit hours of upper division Mathematics courses.

Support Courses Required (6-10 credit hours)

Complete 2 calculus based courses outside the Mathematics Department, for example PHYS 2210 PS - Physics for Scientists and Engineers I (5), ECON 3030 - Managerial Economics (3), CHEM 3400 - Molecular Symmetry and Applied Math for Physical Chemistry (3), etc.
Graduate School Preparation

It is recommended that students planning on graduate work in Applied Mathematics take MATH 4210/MATH 4220 - Introductory Real Analysis II and all Mathematics courses in the future area of graduate study. See the Mathematics Department for counseling.

2. Computing Track

Additional Required Lower Division Courses (12 credit hours)

- CS 1400 - Programming I Credits: (4)
- CS 1410 - Object-Oriented Programming Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4) or
- MATH 1630 - Discrete Mathematics Applied to Computing Credits: (4)

Required Upper Division Mathematics Courses (15 credit hours)

- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
- MATH 3610 - Graph Theory Credits: (3)
- MATH 4610 - Numerical Analysis I Credits: (3)
- MATH 4620 - Numerical Analysis II Credits: (3) or
- MATH 3620 - Enumeration Credits: (3) or
- MATH 4160 - Introduction to Mathematical Cryptography Credits: (3) or
- MATH 3450 - Advanced Statistical Methods Credits: (4)

Electives (at least 25 credit hours)

Complete at least an additional 25 credit hours of upper division courses in Computer Science or Mathematics. At least 6 of these credit hours must be in Computer Science.

3. Physical Mathematics Track

Required Upper Division Mathematics Courses (18 credit hours)

Complete 6 of the following courses

- MATH 3280 - Dynamical Systems Credits: (3)
- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
- MATH 3710 - Boundary Value Problems Credits: (3)
- MATH 3810 - Experimental Course Credits: (1-6)
- MATH 4610 - Numerical Analysis I Credits: (3)
- MATH 4710 - Partial Differential Equations Credits: (3)

Electives (at least 22 credit hours)

Complete at least an additional 22 credit hours of upper division courses in Chemistry, Geosciences, Mathematics, or Physics. At least 6 of these credit hours must be outside Mathematics.
4. Engineering Mathematics Track

Required Upper Division Mathematics Courses (18 credit hours)

Complete 6 of the following courses

- MATH 3280 - Dynamical Systems Credits: (3)
- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
- MATH 3710 - Boundary Value Problems Credits: (3)
- MATH 3810 - Experimental Course Credits: (1-6)
- MATH 4610 - Numerical Analysis I Credits: (3)
- MATH 4620 - Numerical Analysis II Credits: (3)
- MATH 4710 - Partial Differential Equations Credits: (3)

Electives (at least 22 credit hours)

Complete at least an additional 22 credit hours of upper division Mathematics or upper division courses from the Engineering Technology programs. At least 6 of these credit hours must be outside of Mathematics.

5. Actuarial/Financial Mathematics Track

Required Upper Division Mathematics Courses (15 credit hours)

- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3420 - Probability and Statistics II Credits: (3)

And three of the following courses

- MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
- MATH 3710 - Boundary Value Problems Credits: (3)
- MATH 4610 - Numerical Analysis I Credits: (3)
- MATH 4710 - Partial Differential Equations Credits: (3)
- MATH 3450 - Advanced Statistical Methods Credits: (4)

Electives (at least 25 credit hours)

Complete at least an additional 25 credit hours of upper division Mathematics courses or courses from the list below offered by the John B. Goddard School of Business and Economics:

- ACTG 3110 - Intermediate Financial Accounting I Credits: (3)
- ACTG 3120 - Intermediate Financial Accounting II Credits: (3)
- ECON 3030 - Managerial Economics Credits: (3)
- ECON 4010 - Intermediate Microeconomic Theory Credits: (3)
- ECON 4020 - Intermediate Macroeconomic Theory Credits: (3)
- ECON 4050 - Introduction to Econometrics Credits: (3)
- ECON 4560 - Mathematical Economics Credits: (3)
- FIN 3200 - Financial Management Credits: (3)
- FIN 3300 - Investments Credits: (3)
- FIN 4400 - Financial Problems - Corporate Finance Credits: (3)
- MGMT 3010 - Organizational Behavior and Management Credits: (3)
- MKTG 3010 - Marketing Concepts and Practices Credits: (3)
- QUAN 3610 - Business Statistics II Credits: (3)
6. Natural/Life Sciences Track

Required Upper Division Mathematics Courses (12 credit hours)

- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
- MATH 3710 - Boundary Value Problems Credits: (3) or
- MATH 3280 - Dynamical Systems Credits: (3)
- MATH 4610 - Numerical Analysis I Credits: (3)

Electives (at least 28 credit hours)

Complete at least an additional 28 credit hours of upper division courses in Botany, Mathematics, Microbiology or Zoology. At least 6 of these credit hours must be outside of Mathematics.
Computational Statistics and Data Science (BS)

- **Program Prerequisite:** Not required for Computational Statistics and Data Science.
- **Minor:** No minor required
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable), in addition to an overall 2.0 GPA and a 2.0 GPA in mathematics courses numbered 1210 or above.
- **Credit Hour Requirements:** A minimum total of 120 credit hours are required for graduation; 48 of these are required within the major. A total of 40 upper division credit hours are required (courses numbered 3000 and above); at least nine (9) credit hours of upper division Mathematics must be completed at Weber State University.
- **Program Code:** 6037BS
- **CIPC:** 27.9999

**Advisement**

All Mathematics majors should see the Mathematics Department to be assigned an advisor. They should meet with their advisors at least once a year to help plan their programs and check on their progress. Call 801-626-6095 for more information or go to mathadvising.youcanbook.me to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Use Grad MAPs to plan your degree.

**Admission Requirements**

Declare your program of study (see Program of Study (Major/Minor) Declaration) with your major department. There are no special admission or application requirements for the Regular Mathematics, Applied Mathematics, or Computational Statistics and Data Science majors. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (See Teacher Education Department).

**General Education**

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. COMM 1020 (HU), COMM 2110 (HU), ECON 2010 (SS), ECON 2020 (SS), and PHYS 2210 (PS) will fulfill requirements for both the major and general education.

**Program Learning Outcomes**

- Students will understand the theoretical, conceptual, and applied underpinnings of Statistics
- Students will understand the theoretical, conceptual, and applied underpinnings of Data Science
- Students will demonstrate fundamentals and fluency in computation.
- Students will effectively analyze and reason with data.
- Students will be able to effectively communicate their results

**Major Course Requirements for Computational Statistics and Data Science BS Degree**

**Required Lower Division Mathematics Courses Required (15 credit hours)**

- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- MATH 2210 - Calculus III Credits: (4)
- MATH 2270 - Elementary Linear Algebra Credits: (3)
Required Computer Courses (20 credit hours)

- CS 1400 - Programming I Credits: (4)
- CS 1410 - Object-Oriented Programming Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
- CS 2550 - Introduction to Database Design and SQL Credits: (4)
- CS 3580 - Data Science Algorithms Credits: (4)

Required Upper Division Mathematics Courses (13 credit hours)

- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3420 - Probability and Statistics II Credits: (3)
- MATH 3450 - Advanced Statistical Methods Credits: (4)
- MATH 4400 - Statistical Analysis of Big and Small Data Credits: (3)

Statistical Concepts Electives (3 credit hours)

Take 3 credit hours from the following:

- MATH 1040 QL - Introduction to Statistics Credits: (3)
- QUAN 2600 - Business Statistics I Credits: (3)
- PSY 3600 - Statistics in Psychology Credits: (3)
- SOC 3600 - Social Statistics Credits: (3)

Business Communication Electives (3 credit hours)

Take 3 credit hours from the following:

- PS 3250 - Business Communication Credits: (3)
- MKTG 3010 - Marketing Concepts and Practices Credits: (3)
- * COMM 1020 HU - Principles of Public Speaking Credits: (3)
- * COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)

Math and Computing Electives (6 credit hours)

Take at least 6 credits from the following:

- MATH 2280 - Ordinary Differential Equations Credits: (3)
- MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
- MATH 3610 - Graph Theory Credits: (3)
- MATH 3620 - Enumeration Credits: (3)
- MATH 4210 - Introductory Real Analysis I Credits: (3)
- MATH 4220 - Introductory Real Analysis II Credits: (3)
- MATH 4610 - Numerical Analysis I Credits: (3)
- MATH 4620 - Numerical Analysis II Credits: (3)
- MATH 4160 - Introduction to Mathematical Cryptography Credits: (3)
- CS 2130 - Computational Structures Credits: (4)
- CS 3550 - Advanced Database Programming Credits: (4)
- CS 4500 - Introduction to Artificial Intelligence Credits: (4)
- CS 5600 - Machine Learning Credits: (3)

Electives (9 credit hours)

Take at least 9 credit hours from the following:
Business Principles

• BSAD 1010 - Introduction to Business Credits: (3)
• ACTG 2010 - Survey of Accounting I Credits: (3)
• ACTG 2020 - Survey of Accounting II Credits: (3)
• ACTG 3110 - Intermediate Financial Accounting I Credits: (3)
• MKTG 3100 - Consumer Behavior Credits: (3)
• MKTG 3200 - Selling and Sales Management Credits: (3)
• ART 2430 - Introduction to Graphic Design Credits: (3)
• MGMT 3010 - Organizational Behavior and Management Credits: (3)
• SCM 3050 - Operations and Supply Chain Management Credits: (3)
• QUAN 3610 - Business Statistics II Credits: (3)
• * ECON 2010 SS - Principles of Microeconomics Credits: (3)
• * ECON 2020 SS - Principles of Macroeconomics Credits: (3)
• ECON 4550 - Introduction to Econometrics Credits: (3)

Health Statistics

• PUBH 3200 - Epidemiology and Biostatistics Credits: (3)
• PUBH 3210 - Advanced Epidemiology & Population Health Credits: (3)
• HIM 3300 - Introduction to Quality Improvement in Healthcare Credits: (3)
• PUBH 3500 - Biomedical Research Support Credits: (2)
• HIM 3550 - Healthcare Data Analytics Credits: (3)

Computing

• MIS 2010 - Business Computer Skills Credits: (1)
• MIS 2110 - Software Development I Credits: (3)
• MIS 2020 - Introduction to Information Systems Credits: (3)
• MIS 3210 - Database Design and Implementation Credits: (3)
• ^ CS 1030 - Foundations of Computing Credits: (4)
• CS 2450 - Software Engineering I Credits: (4)
• CS 2705 - Network Fundamentals and Design Credits: (4)
• CS 2810 - Computer Architecture/Organization Credits: (4)

^ (CS 1030 Foundations of Computing is recommended to apply for an Institutional Certificate of Proficiency in Programming Essentials provided student has completed CS 1030, CS 1400, CS 1410, and CS 2420).

Science and Mapping

• * PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
• PHYS 2300 - Scientific Computing for Physical Systems Credits: (3)
• GEOG 4400 - Cartography and Map Design Credits: (3)
• GEO 3710 - Introduction to Geographic Information Systems Credits: (4)
• GEO 3720 - Geospatial Analysis Credits: (4)

Alternatively, 9 elective credits may be approved by the Department of Mathematics.

These courses are typically, but not limited to 3000 or 4000 level course, in the College of Science or in the College of Engineering, Applied Science and Technology, or in the Goddard School of Business and Economics.
Mathematics (BS)

All Mathematics Majors

- **Program Prerequisite:** Not required for Mathematics and Applied Mathematics majors. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Required only for the regular mathematics major.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable), in addition to an overall 2.0 GPA and a 2.0 GPA in mathematics classes numbered 1210 or above.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation; 31-46 of these are required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); at least nine credit hours of upper division Mathematics must be completed at Weber State University.
- **Program Code:** Mathematics (6029BA or 6029BS), Mathematics Teaching (6030BA or 6030BS), Applied Mathematics (6031BA or 6031BS) with Regular Track (6022), Computing Track (6023), Physical Mathematics Track (6024), Engineering Mathematics Track (6025), Actuarial/Financial Mathematics Track (6026), Natural/Life Sciences Track (6028)
- **CIPC:** Mathematics (270101), Applied Mathematics (270301), Mathematics Teaching (131311)

Advisement

All Mathematics majors should see the Mathematics Department to be assigned an advisor. They should meet with their advisors at least once a year to help plan their programs and check on their progress. Call 801-626-6095 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Program of Study (Major/Minor) Declaration) with your advisor. There are no special admission or application requirements for the Regular or Applied mathematics emphases. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. PHYS 2210 will fulfill requirements for both the major and general education. PSY 1010 (3) in the Social Sciences area is recommended for the Mathematics Teaching emphasis.

Program Learning Outcomes

- Knowledge of and the ability to apply the concepts of differentiable, integral, and multivariable calculus
- Knowledge of and ability to apply the concepts of matrices and Euclidean vector spaces, and ordinary differential equations
- Ability to comprehend and write proofs that are logically, grammatically, and mathematically correct
- Knowledge of and ability to prove results in analysis and algebra

Major Course Requirements for Mathematics BS or BA Degree

Mathematics Courses Required (33 credit hours)

- MATH 1210 - Calculus I Credits: (4)
• MATH 1220 - Calculus II Credits: (4)
• MATH 2210 - Calculus III Credits: (4)
• MATH 2270 - Elementary Linear Algebra Credits: (3)
• MATH 2280 - Ordinary Differential Equations Credits: (3)
• MATH 3110 - Foundations of Algebra Credits: (3)
• MATH 4110 - Modern Algebra I Credits: (3)
• MATH 4120 - Modern Algebra II Credits: (3) or
• MATH 4320 - Topology Credits: (3)
• MATH 4210 - Introductory Real Analysis I Credits: (3) and
• MATH 4220 - Introductory Real Analysis II Credits: (3)

Mathematics Electives (at least 9 credit hours)

Complete any upper division Mathematics courses (not including any required courses) so that required mathematics courses and mathematics electives total at least 42 credit hours.

Minor

A minor is required or
• CS 1400 - Programming I Credits: (4)
• CS 1410 - Object-Oriented Programming Credits: (4)

and one course chosen from:
• CS 2130 - Computational Structures Credits: (4)
• CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
• CS 2450 - Software Engineering I Credits: (4)
• CS 2810 - Computer Architecture/Organization Credits: (4)
• MATH 4610 - Numerical Analysis I Credits: (3)

Support Courses Required (10 credit hours)

• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)

Graduate School Preparation

It is highly recommended that students planning on graduate work in Mathematics take Linear Algebra (MATH 3270) and Topology (MATH 4320) in addition to the above. See the Mathematics Department for counseling.
Mathematics Teaching (BS)

All Mathematics Majors

- **Program Prerequisite:** Not required for Mathematics and Applied Mathematics majors. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Required only for the regular mathematics major.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable), in addition to an overall 2.0 GPA and a 2.0 GPA in mathematics classes numbered 1210 or above.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation; 31-46 of these are required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); at least nine credit hours of upper division Mathematics must be completed at Weber State University.
- **Program Code:** Mathematics (6029BA or 6029BS), Mathematics Teaching (6030BA or 6030BS), Applied Mathematics (6031BA or 6031BS) with Regular Track (6022), Computing Track (6023), Physical Mathematics Track (6024), Engineering Mathematics Track (6025), Actuarial/Financial Mathematics Track (6026), Natural/Life Sciences Track (6028)
- **CIPC:** Mathematics (270101), Applied Mathematics (270301), Mathematics Teaching (131311)

Advisement

All Mathematics majors should see the Mathematics Department to be assigned an advisor. They should meet with their advisors at least once a year to help plan their programs and check on their progress. Call 801-626-6095 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Program of Study (Major/Minor) Declaration) with your advisor. There are no special admission or application requirements for the Regular or Applied mathematics emphases. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. PHYS 2210 will fulfill requirements for both the major and general education. PSY 1010 (3) in the Social Sciences area is recommended for the Mathematics Teaching emphasis.

Program Learning Outcomes

- Knowledge of and the ability to apply the concepts of differentiable, integral, and multivariable calculus
- Knowledge of and ability to apply the concepts of matrices and Euclidean vector spaces, and ordinary differential equations
- Ability to comprehend and write proofs that are logically, grammatically, and mathematically correct
- Knowledge of and ability to prove results in analysis and algebra

Major Course Requirements for Mathematics Teaching BS or BA Degree

Program Learning Outcomes
• Knowledge of and the ability to apply the concepts of differentiable, integral, and multivariable calculus
• Knowledge of and ability to apply the concepts of matrices and Euclidean vector spaces, and ordinary differential equations
• Ability to comprehend and write proofs that are logically, grammatically, and mathematically correct
• Knowledge of basic probability and statistics, analysis, and number theory
• Knowledge of and ability to teach concepts of high school level mathematics

Mathematics Courses Required (48 credit hours)

• MATH 1210 - Calculus I Credits: (4)
• MATH 1220 - Calculus II Credits: (4)
• MATH 2210 - Calculus III Credits: (4)
• MATH 2270 - Elementary Linear Algebra Credits: (3)
• MATH 2280 - Ordinary Differential Equations Credits: (3) or MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
• MATH 3110 - Foundations of Algebra Credits: (3) or MATH 4110 - Modern Algebra I Credits: (3)
• MTHE 2120 - Geometry from a Teaching Perspective Credits: (3)
• MATH 3120 - Foundations of Euclidean and Non-Euclidean Geometry Credits: (3)
• MATH 3160 - Number Theory Credits: (3)
• MTHE 3060 - Probability and Statistics from a Teaching Perspective Credits: (3)
• MATH 3410 - Probability and Statistics I Credits: (3)
• MTHE 4110 - Algebra from a Teaching Perspective Credits: (3)
• MTHE 3010 - Methods and Technology for Teaching Secondary Mathematics Credits: (3)
• MATH 4210 - Introductory Real Analysis I Credits: (3)
• One upper division MATH course not otherwise required (3)

Support Courses Required (5-10 credit hours)

Complete either

• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
  or

• CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
  AND
• CHEM 1220 - Principles of Chemistry II Credits: (4) and
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)

Note:

A student must also complete requirements for a secondary education licensure as determined by the Jerry and Vickie Moyes College of Education.
Mathematics, Applied (BS)

All Mathematics Majors

- **Program Prerequisite:** Not required for Mathematics and Applied Mathematics majors. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Required only for the regular mathematics major.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable), in addition to an overall 2.0 GPA and a 2.0 GPA in mathematics classes numbered 1210 or above.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation; 31-46 of these are required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); at least nine credit hours of upper division Mathematics must be completed at Weber State University.
- **Program Code:** Mathematics (6029BA or 6029BS), Mathematics Teaching (6030BA or 6030BS), Applied Mathematics (6031BA or 6031BS) with Regular Track (6022), Computing Track (6023), Physical Mathematics Track (6024), Engineering Mathematics Track (6025), Actuarial/Financial Mathematics Track (6026), Natural/Life Sciences Track (6028)
- **CIPC:** Mathematics (270101), Applied Mathematics (270301), Mathematics Teaching (131311)

Advisement

All Mathematics majors should see the Mathematics Department to be assigned an advisor. They should meet with their advisors at least once a year to help plan their programs and check on their progress. Call 801-626-6095 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Program of Study (Major/Minor) Declaration) with your advisor. There are no special admission or application requirements for the Regular or Applied mathematics emphases. Mathematics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. PHYS 2210 will fulfill requirements for both the major and general education. PSY 1010 (3) in the Social Sciences area is recommended for the Mathematics Teaching emphasis.

Program Learning Outcomes

- Knowledge of and the ability to apply the concepts of differentiable, integral, and multivariable calculus
- Knowledge of and ability to apply the concepts of matrices and Euclidean vector spaces, and ordinary differential equations
- Ability to comprehend and write proofs that are logically, grammatically, and mathematically correct
- Knowledge of and ability to prove results in analysis and algebra

Major Course Requirements for Applied Mathematics BS or BA Degree

The Applied Mathematics Program provides an opportunity for WSU students to apply mathematics to different fields. The program requires 19 credit hours of core lower division mathematics courses, a minimum of 12 credit hours of upper division applied mathematics courses and additional upper division courses in specified fields, including mathematics, so the total upper
division credit hours reaches at least 40. To design a specific program different from the following tracks, students must get approval from a Mathematics Department advisor.

Program Learning Outcomes

- Knowledge of and the ability to apply the concepts of differentiable, integral, and multivariable calculus
- Knowledge of and ability to apply the concepts of matrices and Euclidean vector spaces, and ordinary differential equations
- Knowledge and ability to apply concepts of several areas of applied mathematics (probability and stats, numerical analysis, etc.)
- Ability to comprehend and write correct mathematical arguments

Lower Division Mathematics Courses Required for All Tracks (19 credit hours)

- MATH 1200 - Mathematics Computer Laboratory Credits: (1)
- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- MATH 2210 - Calculus III Credits: (4)
- MATH 2270 - Elementary Linear Algebra Credits: (3)
- MATH 2280 - Ordinary Differential Equations Credits: (3)

1. Regular Track

A traditional diversified program in applied mathematics.

Required Upper Division Mathematics Courses (12 credit hours)

- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
- MATH 3710 - Boundary Value Problems Credits: (3) or
- MATH 3280 - Dynamical Systems Credits: (3)
- MATH 4610 - Numerical Analysis I Credits: (3)

Mathematics Electives (at least 12 credit hours)

Complete at least an additional 12 credit hours of upper division Mathematics courses.

Support Courses Required (6-10 credit hours)

Complete 2 calculus based courses outside the Mathematics Department, for example PHYS 2210 PS - Physics for Scientists and Engineers I (5), ECON 3030 - Managerial Economics (3), CHEM 3400 - Molecular Symmetry and Applied Math for Physical Chemistry (3), etc.

Graduate School Preparation

It is recommended that students planning on graduate work in Applied Mathematics take MATH 4210/MATH 4220 - Introductory Real Analysis II and all Mathematics courses in the future area of graduate study. See the Mathematics Department for counseling.
2. Computing Track

Additional Required Lower Division Courses (12 credit hours)

- CS 1400 - Programming I Credits: (4)
- CS 1410 - Object-Oriented Programming Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4) or
- MATH 1630 - Discrete Mathematics Applied to Computing Credits: (4)

Required Upper Division Mathematics Courses (15 credit hours)

- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
- MATH 3610 - Graph Theory Credits: (3)
- MATH 4610 - Numerical Analysis I Credits: (3)
- MATH 4620 - Numerical Analysis II Credits: (3) or
- MATH 3620 - Enumeration Credits: (3) or
- MATH 4160 - Introduction to Mathematical Cryptography Credits: (3) or
- MATH 3450 - Advanced Statistical Methods Credits: (4)

Electives (at least 25 credit hours)

Complete at least an additional 25 credit hours of upper division courses in Computer Science or Mathematics. At least 6 of these credit hours must be in Computer Science.

3. Physical Mathematics Track

Required Upper Division Mathematics Courses (18 credit hours)

Complete 6 of the following courses

- MATH 3280 - Dynamical Systems Credits: (3)
- MATH 3410 - Probability and Statistics I Credits: (3)
- MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
- MATH 3710 - Boundary Value Problems Credits: (3)
- MATH 3810 - Experimental Course Credits: (1-6)
- MATH 4610 - Numerical Analysis I Credits: (3)
- MATH 4710 - Partial Differential Equations Credits: (3)

Electives (at least 22 credit hours)

Complete at least an additional 22 credit hours of upper division courses in Chemistry, Geosciences, Mathematics, or Physics. At least 6 of these credit hours must be outside Mathematics.

4. Engineering Mathematics Track

Required Upper Division Mathematics Courses (18 credit hours)

Complete 6 of the following courses

- MATH 3280 - Dynamical Systems Credits: (3)
• MATH 3410 - Probability and Statistics I Credits: (3)
• MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
• MATH 3710 - Boundary Value Problems Credits: (3)
• MATH 3810 - Experimental Course Credits: (1-6)
• MATH 4610 - Numerical Analysis I Credits: (3)
• MATH 4620 - Numerical Analysis II Credits: (3)
• MATH 4710 - Partial Differential Equations Credits: (3)

Electives (at least 22 credit hours)

Complete at least an additional 22 credit hours of upper division Mathematics or upper division courses from the Engineering Technology programs. At least 6 of these credit hours must be outside of Mathematics.

5. Actuarial/Financial Mathematics Track

Required Upper Division Mathematics Courses (15 credit hours)

• MATH 3410 - Probability and Statistics I Credits: (3)
• MATH 3420 - Probability and Statistics II Credits: (3)

And three of the following courses

• MATH 3550 - Introduction to Mathematical Modeling Credits: (3)
• MATH 3710 - Boundary Value Problems Credits: (3)
• MATH 4610 - Numerical Analysis I Credits: (3)
• MATH 4710 - Partial Differential Equations Credits: (3)
• MATH 3450 - Advanced Statistical Methods Credits: (4)

Electives (at least 25 credit hours)

Complete at least an additional 25 credit hours of upper division Mathematics courses or courses from the list below offered by the John B. Goddard School of Business and Economics:

• ACTG 3110 - Intermediate Financial Accounting I Credits: (3)
• ACTG 3120 - Intermediate Financial Accounting II Credits: (3)
• ECON 3030 - Managerial Economics Credits: (3)
• ECON 4010 - Intermediate Microeconomic Theory Credits: (3)
• ECON 4020 - Intermediate Macroeconomic Theory Credits: (3)
• ECON 4550 - Introduction to Econometrics Credits: (3)
• ECON 4560 - Mathematical Economics Credits: (3)
• FIN 3200 - Financial Management Credits: (3)
• FIN 3300 - Investments Credits: (3)
• FIN 4400 - Financial Problems - Corporate Finance Credits: (3)
• MGMT 3010 - Organizational Behavior and Management Credits: (3)
• MKTG 3010 - Marketing Concepts and Practices Credits: (3)
• QUAN 3610 - Business Statistics II Credits: (3)

6. Natural/Life Sciences Track

Required Upper Division Mathematics Courses (12 credit hours)

• MATH 3410 - Probability and Statistics I Credits: (3)
• MATH 3550 - Introduction to Mathematical Modeling Credits: (3)

• MATH 3710 - Boundary Value Problems Credits: (3) or

• MATH 3280 - Dynamical Systems Credits: (3)

• MATH 4610 - Numerical Analysis I Credits: (3)

Electives (at least 28 credit hours)

Complete at least an additional 28 credit hours of upper division courses in Botany, Mathematics, Microbiology or Zoology. At least 6 of these credit hours must be outside of Mathematics.
Mathematics Minor/BIS

Mathematics

- **Grade Requirements**: A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: Minimum of 20 credit hours for regular emphasis and 26 credit hours for Mathematics Teaching minor. At least one upper-division mathematics course for three credit hours must be completed at Weber State University.
- **Program Code**: Mathematics (6029), Mathematics Teaching (6030)
- **CIPC**: Mathematics (270101), Mathematics Teaching (131311)

*Students who select the Mathematics Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Teacher Education Department).*

Course Requirements for Mathematics Minor (Regular Emphasis)

Mathematics Courses Required (11 credit hours)

- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- MATH 2270 - Elementary Linear Algebra Credits: (3)

Electives (9-10 credit hours)

*Take three courses chosen from the following:*

- MATH 2210 - Calculus III Credits: (4)
- MATH 2280 - Ordinary Differential Equations Credits: (3)
- any upper division mathematics courses (courses numbered 3000 and higher)
Mathematics Teaching Minor

Mathematics

- **Grade Requirements:** A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** Minimum of 26 credit hours for Mathematics Teaching minor. At least one upper-division mathematics course for three credit hours must be completed at Weber State University.
- **Program Code:** Mathematics (6029), Mathematics Teaching (6030)
- **CIPC:** Mathematics (270101), Mathematics Teaching (131311)

*Students who select the Mathematics Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Teacher Education Department).*

A student who is ready to take calculus is considered prepared for the Mathematics Teaching Minor.

Course Requirements for Mathematics Teaching Minor

Mathematics Courses Required (26 credit hours)

- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- MTHE 2120 - Geometry from a Teaching Perspective Credits: (3)
- MATH 2270 - Elementary Linear Algebra Credits: (3)

- MATH 3110 - Foundations of Algebra Credits: (3) or
- MATH 4110 - Modern Algebra I Credits: (3)

- MTHE 3010 - Methods and Technology for Teaching Secondary Mathematics Credits: (3)
- MTHE 3060 - Probability and Statistics from a Teaching Perspective Credits: (3)
- MTHE 4110 - Algebra from a Teaching Perspective Credits: (3)
Developmental Mathematics Program

Director: Dr. Kathryn Van Wagoner
Advisor & Telephone Contact: Katrina Marriott, 801-626-7451
Admin Asst. & Telephone Contact: Shawnette Horton, 801-626-7585
Email Contact: devmath@weber.edu
Location: Tracy hall Science Center 207
Instructors: Brenda Acor, Christopher Dunn, Amber Hansen, Christine Jennings-Lewis, Charity Jones, Debi McKee, Janette Penrod, Darrell Poore, Carrie Quesnell, Michelle Rich, and Kassidy Symonds

The Developmental Mathematics Program prepares students to take the Quantitative Literacy courses offered by the Mathematics Department. See the Core Requirements listed under the General Education Requirements of this catalog.
For more information about our courses or assistance selecting the best course for your needs: www.weber.edu/mathoptions

Placement in Mathematics Courses

To prevent delay of graduation, all students requiring developmental courses should begin those courses immediately and stay registered in mathematics until completing a Quantitative Literacy course. Developmental Math courses provide foundational skills necessary for most college level courses. See Math Placement for details on our placement options and Choose Your Math Path for course options.

Course Delivery Options

Individual students have individual learning needs. The Developmental Math Program offers three types of courses to meet student learning needs.

Inquiry & Exploration Learning (IEL) - Students explore and solve real-world problems collaboratively in class with instructor guidance. Homework is completed online. In-class workbook and tests are on paper. Classes taught in this format: MATH 0950, MATH 0970, and MATH 1010.
Mastery-Based Learning (MBL) - Students take notes from videos or the textbook before class and collaboratively work on homework in class with instructor guidance. The videos, textbook, homework, quizzes, and tests are all online. Classes taught in this format: MATH 0950, MATH 0990, and MATH 1010.
Online Learning (ONL) - Online classes are mastery-based learning and completed entirely online with no face-to-face class meetings. All materials are online. Computerized quizzes and tests must be proctored in an approved location. Classes taught in this format: MATH 0950, 0990, and 1010.

Get more information at www.weber.edu/mathoptions or email devmath@weber.edu
Department of Microbiology

Department Chair: Matthew Domek
Location: Tracy Hall Science Center, Room 450
Telephone: Katie Nelson, 801-626-6949

Professors: Michele Culumber, Matthew Domek, William Lorowitz, Craig Oberg; Assistant Professors: Daniel Clark, Matthew Crook, Katrina Twing, and Lisa Wiltbank

Microbiology is the study of microorganisms (bacteria, viruses, algae, fungi, and protozoa) including their structure, metabolism, distribution, and ecological relationships. Knowledge gained by microbiologists leads to a better understanding of molecular-level life processes and to beneficial applications in agriculture, industry, and medicine. The field is expanding, with special emphasis being given to genetic engineering, biotechnology, cell culture, disease and the immune response, production and storage of food, research and development and quality assurance of industrial products, disposal and detoxification of wastes, and the monitoring of environmental quality.

Interdisciplinary Programs
The Department of Microbiology contributes courses and faculty expertise to the interdisciplinary Environmental Science major (BS) sponsored by the College of Science. In addition, the department participates in A.S. Biology.
Microbiology (BS)

Areas of Emphasis

Select at least one of the following areas of emphasis:

- Microbiology (BS), Microbiology Major Emphasis
- Microbiology (BS), Industrial Microbiology and Biotechnology Emphasis
- Microbiology (BS), Medical Microbiology Emphasis
- Microbiology (BS), Public and Environmental Health Emphasis
Microbiology (BS), Industrial Microbiology and Biotechnology Emphasis

Microbiology majors pursuing this emphasis should consult the appropriate advisor. The courses listed below are for the Bachelors of Science (BS) Degree in Microbiology with an emphasis in Industrial Microbiology and Biotechnology. The total number of credits required for the emphasis are the same as those required for the Microbiology degree, but are more specifically defined. An emphasis is not a major. Your major will be Microbiology with an emphasis in Industrial Microbiology and Biotechnology.

- **Program Prerequisite:** Not required.
- **Minor:** Not required. However, Microbiology majors will meet the requirements for a minor in Chemistry. If desired for another program, a Microbiology Minor is offered. Please see Microbiology Minor for requirements.
- **Grade Requirements:** An overall GPA of 2.00 or higher in Microbiology courses is required for this major in addition to an overall GPA of 2.00 or higher. Also refer to the General Grade Requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 71 credits is required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 6015BS and emphasis code 6041 (Industrial Microbiology and Biotechnology).
- **CIPC:** 260502.

Advisement
All Microbiology students are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6949 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.) Please note, careful planning is essential as most courses have prerequisites and some upper division courses are only offered in one semester. Students interested in Graduate School should discuss their plans with the major advisor. Use Grad MAPs to plan your degree.

Admission Requirements

Declare your program of study with the Microbiology Department. No special admission or application requirements are needed for this program. However, students should meet with an advisor to plan and declare their program of study.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. The following courses are required for the Microbiology major and will also satisfy general education requirements: MICR 2054, CHEM 1210/1215, PHYS 1010 or PHYS 2010.

Program Learning Outcomes

- Describe how microorganisms are used as model systems to study basic biology, genetics, metabolism and ecology.
- Identify ways microorganisms play an integral role in disease, and microbial and immunological methodologies are used in disease treatment and prevention.
- Explain why microorganisms are ubiquitous in nature; inhabiting a multitude of habitats and occupying a wide range of ecological habitats.
- Cite examples of the vital role of microorganisms in biotechnology, fermentation, medicine, and other industries important to human wellbeing.
- Demonstrate that microorganisms have an indispensable role in the environment, including elemental cycles, biodegradation, etc.
- Nature of Science and Scientific Inquiry: Microbiology majors should be able to discuss science and scientific methodology as a way of knowing. Microbiology majors should make observations, develop hypotheses, and design and execute experiments using appropriate methods. They should be able to explain how the nature of science is applied to everyday problems.
- Laboratory Skills: Microbiology students should master the following laboratory skills: aseptic and pure culture techniques, preparation of and viewing samples for microscopy, use appropriate methods to identify microorganisms,
estimate the number of microorganisms in a sample, and use common lab equipment. They should practice safe microbiology, using appropriate protective and emergency procedures.

- Data analysis skills: Microbiology majors should be able to systematically collect, record, and analyze data, identify sources of error, interpret the results, and reach logical conclusions. They should be able to appropriately format data into tables, graphs, and charts for presentation and publication.
- Critical Thinking Skills: Microbiology majors should be able to (1) differentiate between fact and opinion, (2) recognize and evaluate author bias and rhetoric, (3) develop inferential skills, (4) recognize logical fallacies and faulty reasoning, and (5) make decisions and judgments by drawing logical conclusions using sound quantitative and statistically-based reasoning.
- Problem-Solving Skills: Microbiology majors should be competent problem-solvers. They should be able to assess the elements of a problem and develop and test a solution based on logic and the best possible information. Microbiology students should be able to analyze and interpret results from a variety of microbiological methods, and apply these methods to analogous situations. They should use mathematical and graphing skills and reasoning to solve problems in microbiology.
- Communication Skills: Microbiology majors will demonstrate competence in written and oral communication.
- Cooperation/Social Responsibility: Microbiology majors should understand and appreciate the value of cooperating and working effectively with peers and be able to demonstrate a commitment to the process of developing such skills.
- Values: Microbiology majors should identify and discuss the ethical issues and responsibilities of doing science.

**Required Core Microbiology Major Courses (19 credit hours)**

- MICR 2054 LS - Principles of Microbiology Credits: (4)
- MICR 3053 - Microbiological Procedures Credits: (3)
- MICR 3154 - Microbial Ecology Credits: (4)
- MICR 4054 - Microbial Physiology Credits: (4)
- MICR 4154 - Microbial Genetics Credits: (4)

**Foundational Industrial Microbiology and Biotechnology Courses (9 credit hours)**

- MICR 3853 - Food Microbiology Credits: (3)
- MICR 4252 - Cell Culture Credits: (2)
- MICR 4354 - Industrial Microbiology and Biotechnology Credits: (4)

**Industrial Microbiology and Biotechnology Elective Courses (11 credit hours)**

*Select 11 credit hours from the following categories A-C (may not be counted twice except where noted in the course description:*

**Category A: Upper-division Microbiology Courses**

- MICR 3012 - Microbiology and Global Public Health Credits: (2)
- MICR 3254 - Immunology Credits: (4)
- MICR 3305 - Medical Microbiology Credits: (5)
- MICR 3403 - Tropical Diseases Credits: (3)
- MICR 3484 - Environmental Microbiology Credits: (4)
- MICR 3502 SUS - Environmental Health Credits: (2)
- MICR 3753 - Geomicrobiology Credits: (3)
- MICR 4554 - Virology Credits: (4)

**Category B: Experience in Microbiology Courses**
• MICR 2600 - Laboratory Safety Credits: (1) or
• CHEM 2600 - Laboratory Safety Credits: (1)

• MICR 2920 - Short Courses, Workshop, Institutes, and Special Programs Credits: (1-6)
• MICR 4800 - Directed Research Credits: (1-2) *
• MICR 4830 - Directed Readings Credits: (1-2) *
• MICR 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• MICR 4991 - Microbiology Seminar Credits: (1)

*No more than 3 credit hours of MICR 4800 and no more than 2 credit hours of MICR 4830 may count toward the major.

Category C: Other elective courses in the College of Science (maximum 4 credit hours)

• BTNY 3504 - Mycology Credits: (4)
• ZOOL 3200 - Cell Biology Credits: (4)
• ZOOL 3300 - Genetics Credits: (4)

Required Support Courses (26-29 credit hours)

A grade of D- or better is required in each support course.

Chemistry (19 credit hours)

• CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
• CHEM 1220 - Principles of Chemistry II Credits: (4) and
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
• CHEM 2310 - Organic Chemistry I Credits: (4) and
• CHEM 2315 - Organic Chemistry I Lab Credits: (1)
• CHEM 3070 - Biochemistry I Credits: (3) and
• CHEM 3075 - Biochemistry I Lab Credits: (1)

Math (minimum of 1 course from the following)

• MATH 1050 QL - College Algebra Credits: (4) or
• MATH 1080 QL - Pre-calculus Credits: (5) or
• MATH 1210 - Calculus I Credits: (4)

Physics (minimum of 1 course from the following)

• PHYS 1010 PS - Elementary Physics Credits: (3) or
• PHYS 2010 PS - College Physics I Credits: (5)
• PHYS 2019 - College Physics I Lab Credits: (0) or
• PHYS 2020 - College Physics II Credits: (5)
• PHYS 2029 - College Physics II Lab Credits: (0) or
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
- PHYS 2219 - Physics for Scientists and Engineers I Lab Credits: (0) or
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
- PHYS 2229 - Physics for Scientists and Engineers II Lab Credits: (0)

Life Science Course Electives (6 credit hours)

Minimum of 6 credit hours from 2 Life Science courses in the following:

Botany

- BTNY 1203 LS - Plant Biology Credits: (3)
- BTNY 2104 - Plant Form and Function Credits: (4)
- BTNY 2114 - Evolutionary Survey of Plants Credits: (4)
- BTNY 3105 - Anatomy of Vascular Plants Credits: (4)
- BTNY 3204 - Plant Physiology Credits: (4)
- BTNY 3214 - Soils Credits: (4)
- BTNY 3454 - Plant Ecology Credits: (4)
- BTNY 3473 - Plant Geography Credits: (3)
- BTNY 3624 - Taxonomy of Vascular Plants Credits: (4)

Zoology

- ZOOL 1010 LS - Animal Biology Credits: (3)
- ZOOL 1110 LS - Principles of Zoology Credits: (4)
- ZOOL 2100 - Human Anatomy Credits: (4)
- ZOOL 2200 LS - Human Physiology Credits: (4)
- ZOOL 3450 - Ecology Credits: (4)
- ZOOL 3470 - Zoogeography Credits: (3)
- ZOOL 3500 - Conservation Biology Credits: (3)
- ZOOL 3720 - Evolution Credits: (3)
- ZOOL 4050 - Comparative Vertebrate Anatomy Credits: (4)
- ZOOL 4100 - Vertebrate Embryology Credits: (4)
- ZOOL 4120 - Histology Credits: (4)
- ZOOL 4210 - Advanced Human Physiology Credits: (4)
- ZOOL 4220 - Endocrinology Credits: (4)
- ZOOL 4300 - Research Applications in Genetics Credits: (4)
- ZOOL 4470 - Wildlife Ecology and Management Credits: (4)
- ZOOL 4480 - Aquatic Ecology Credits: (4)
- ZOOL 4490 - Marine Ecology Credits: (4)
- ZOOL 4640 - Entomology Credits: (4)
- ZOOL 4650 - Ichthyology Credits: (4)
- ZOOL 4660 - Herpetology Credits: (4)
- ZOOL 4670 - Ornithology Credits: (4)
- ZOOL 4680 - Mammalogy Credits: (4)
Microbiology (BS), Medical Microbiology Emphasis

Microbiology majors pursuing this emphasis should consult the appropriate advisor. The courses listed below are for the Bachelors of Science (BS) Degree in Microbiology with an emphasis in Medical Microbiology. The total number of credits required for the emphasis are the same as those required for the Microbiology degree, but are more specifically defined. An emphasis is not a major. Your major will be Microbiology with an emphasis in Medical Microbiology. Students considering application to medical, dental, veterinary, physical therapy, optometry, and pharmacy schools should consult the beginning of the College of Science section of this catalog. Furthermore, they should meet with the advisors of these programs, each of whom is listed in that section. The Department of Microbiology offers lower and upper level courses that provide superb training for examinations such as the Medical College Admissions Test (MCAT), as well as medical school courses. Students should meet with the appropriate advisor for specific course suggestions. Medical schools do not accept AP or CELP credits in English, Math, or Science courses.

- **Program Prerequisite:** Not required.
- **Minor:** Not required. However, Microbiology majors will meet the requirements for a minor in Chemistry. If desired for another program, a Microbiology Minor is offered. Please see Microbiology Minor for requirements.
- **Grade Requirements:** An overall GPA of 2.00 or higher in Microbiology courses is required for this major in addition to an overall GPA of 2.00 or higher. Also refer to the General Grade Requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 71 credits is required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 6015BS and emphasis 6042 (Medical Microbiology).
- **CIPC:** 260502.

Advisement

All Microbiology students are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6949 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.) Please note, careful planning is essential as most courses have prerequisites and some upper division courses are only offered in one semester. Students interested in Graduate School should discuss their plans with the major advisor. Use Grad MAPs to plan your degree.

Admission Requirements

Declare your program of study with the Microbiology Department. No special admission or application requirements are needed for this program. However, students should meet with an advisor to plan and declare their program of study.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. The following courses are required for the Microbiology major and will also satisfy general education requirements: MICR 2054, CHEM 1210/1215, PHYS 1010 or PHYS 2010.

Program Learning Outcomes

- Describe how microorganisms are used as model systems to study basic biology, genetics, metabolism and ecology.

• ZOOL 4100 - Vertebrate Embryology Credits: (4)
• ZOOL 4120 - Histology Credits: (4)
• ZOOL 4210 - Advanced Human Physiology Credits: (4)
• ZOOL 4220 - Endocrinology Credits: (4)
• ZOOL 4300 - Research Applications in Genetics Credits: (4)
• ZOOL 4470 - Wildlife Ecology and Management Credits: (4)
• ZOOL 4480 - Aquatic Ecology Credits: (4)
• ZOOL 4490 - Marine Ecology Credits: (4)
• ZOOL 4640 - Entomology Credits: (4)
• ZOOL 4650 - Ichthyology Credits: (4)
• ZOOL 4660 - Herpetology Credits: (4)
• ZOOL 4670 - Ornithology Credits: (4)
• ZOOL 4680 - Mammalogy Credits: (4)
Microbiology (BS), Microbiology Major Emphasis

Microbiology majors should consult the appropriate advisor. The courses listed below are for the Bachelors of Science (BS) Degree in Microbiology with an emphasis in Microbiology. The total number of credits required for the emphasis are the same as those required for the Microbiology degree.

- **Program Prerequisite**: Not required.
- **Minor**: Not required. However, Microbiology majors will meet the requirements for a minor in Chemistry. If desired for another program, a Microbiology Minor is offered. Please see Microbiology Minor for requirements.
- **Grade Requirements**: An overall GPA of 2.00 or higher in Microbiology courses is required for this major in addition to an overall GPA of 2.00 or higher. Also refer to the General Grade Requirements for graduation.
- **Credit Hour Requirements**: A total of 120 credit hours is required for graduation; a minimum of 71 credits is required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above).
- **Program Code**: 6015BS and emphasis 6044 (Microbiology).
- **CIPC**: 260502.

Advisement

All Microbiology students are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6949 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.) Please note, careful planning is essential as most courses have prerequisites and some upper division courses are only offered in one semester.

Students interested in Graduate School should discuss their plans with the major advisor.

Use Grad MAPs to plan your degree.

Admission Requirements

Declare your program of study with the Microbiology Department. No special admission or application requirements are needed for this program. However, students should meet with an advisor to plan and declare their program of study.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. The following courses are required for the Microbiology major and will also satisfy general education requirements: MICR 2054, CHEM 1210/CHEM 1215, PHYS 1010 or PHYS 2010.

Program Learning Outcomes

- Describe how microorganisms are used as model systems to study basic biology, genetics, metabolism and ecology.
- Identify ways microorganisms play an integral role in disease, and microbial and immunological methodologies are used in disease treatment and prevention.
- Explain why microorganisms are ubiquitous in nature; inhabiting a multitude of habitats and occupying a wide range of ecological habitats.
- Cite examples of the vital role of microorganisms in biotechnology, fermentation, medicine, and other industries important to human wellbeing.
- Demonstrate that microorganisms have an indispensable role in the environment, including elemental cycles, biodegradation, etc.
- Nature of Science and Scientific Inquiry: Microbiology majors should be able to discuss science and scientific methodology as a way of knowing. Microbiology majors should make observations, develop hypotheses, and design and execute experiments using appropriate methods. They should be able to explain how the nature of science is applied to everyday problems.
- Laboratory Skills: Microbiology students should master the following laboratory skills: aseptic and pure culture techniques, preparation of and viewing samples for microscopy, use appropriate methods to identify microorganisms,
estimate the number of microorganisms in a sample, and use common lab equipment. They should practice
safe microbiology, using appropriate protective and emergency procedures.

- Data analysis skills: Microbiology majors should be able to systematically collect, record, and analyze data, identify
  sources of error, interpret the results, and reach logical conclusions. They should be able to appropriately format data
  into tables, graphs, and charts for presentation and publication.
- Critical Thinking Skills: Microbiology majors should be able to (1) differentiate between fact and opinion, (2)
  recognize and evaluate author bias and rhetoric, (3) develop inferential skills, (4) recognize logical fallacies and faulty
  reasoning, and (5) make decisions and judgments by drawing logical conclusions using sound quantitative and
  statistically-based reasoning.
- Problem-Solving Skills: Microbiology majors should be competent problem-solvers. They should be able to assess the
  elements of a problem and develop and test a solution based on logic and the best possible
  information. Microbiology students should be able to analyze and interpret results form a variety of microbiological
  methods, and apply these methods to analogous situations. They should use mathematical and graphing skills and
  reasoning to solve problems in microbiology.
- Communication Skills: Microbiology majors will demonstrate competence in written and oral communication.
- Cooperation/Social Responsibility: Microbiology majors should understand and appreciate the value of cooperating and
  working effectively with peers and be able to demonstrate a commitment to the process of developing such skills.
- Values: Microbiology majors should identify and discuss the ethical issues and responsibilities of doing science

Major Course Requirements for Microbiology BS Degree

Required Core Microbiology Major Courses (19 credit hours)

- MICR 2054 LS - Principles of Microbiology Credits: (4)
- MICR 3053 - Microbiological Procedures Credits: (3)
- MICR 3154 - Microbial Ecology Credits: (4)
- MICR 4054 - Microbial Physiology Credits: (4)
- MICR 4154 - Microbial Genetics Credits: (4)

Microbiology Major Elective Courses (20 credit hours)

Select 20 credit hours from the following categories A-C:

Category A: Upper-division Microbiology Courses (minimum 8 credit hours)

- MICR 3012 - Microbiology and Global Public Health Credits: (2)
- MICR 3254 - Immunology Credits: (4)
- MICR 3305 - Medical Microbiology Credits: (5)
- MICR 3403 - Tropical Diseases Credits: (3)
- MICR 3484 - Environmental Microbiology Credits: (4)
- MICR 3502 SUS - Environmental Health Credits: (2)
- MICR 3753 - Geomicrobiology Credits: (3)
- MICR 3853 - Food Microbiology Credits: (3)
- MICR 4252 - Cell Culture Credits: (2)
- MICR 4354 - Industrial Microbiology and Biotechnology Credits: (4)
- MICR 4554 - Virology Credits: (4)

Category B: Experience in Microbiology Courses

- MICR 2600 - Laboratory Safety Credits: (1) or
- CHEM 2600 - Laboratory Safety Credits: (1)
- MICR 2920 - Short Courses, Workshop, Institutes, and Special Programs Credits: (1-6)
• MICR 4800 - Directed Research Credits: (1-2) *
• MICR 4830 - Directed Readings Credits: (1-2) *
• MICR 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• MICR 4991 - Microbiology Seminar Credits: (1)

*No more than 3 credit hours of MICR 4800 and no more than 2 credit hours of MICR 4830 may count toward the major.

Category C: Other elective courses in the College of Science (maximum 8 credit hours)

• BTNY 3303 - Plant Genetics Credits: (4)
• BTNY 3504 - Mycology Credits: (4)
• ZOOL 3200 - Cell Biology Credits: (4)
• ZOOL 3300 - Genetics Credits: (4)

Required Support Courses (26-29 credit hours)

A grade of D- or better is required in each support course.

Chemistry (19 credit hours)

• CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
• CHEM 1220 - Principles of Chemistry II Credits: (4) and
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
• CHEM 2310 - Organic Chemistry I Credits: (4) and
• CHEM 2315 - Organic Chemistry I Lab Credits: (1)
• CHEM 3070 - Biochemistry I Credits: (3) and
• CHEM 3075 - Biochemistry I Lab Credits: (1)

Math (minimum of 1 course from the following)

• MATH 1050 QL - College Algebra Credits: (4) or
• MATH 1080 QL - Pre-calculus Credits: (5) or
• MATH 1210 - Calculus I Credits: (4)

Physics (minimum of 1 course from the following)

• PHYS 1010 PS - Elementary Physics Credits: (3) or
• PHYS 2010 PS - College Physics I Credits: (5)
• PHYS 2019 - College Physics I Lab Credits: (0) or
• PHYS 2020 - College Physics II Credits: (5)
• PHYS 2029 - College Physics II Lab Credits: (0) or
• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
• PHYS 2219 - Physics for Scientists and Engineers I Lab Credits: (0) or
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
Life Science Course Electives (6 credit hours)

Minimum of 6 credit hours from 2 Life Science courses in the following:

Botany

- BTNY 1203 LS - Plant Biology Credits: (3)
- BTNY 2104 - Plant Form and Function Credits: (4)
- BTNY 2114 - Evolutionary Survey of Plants Credits: (4)
- BTNY 3105 - Anatomy of Vascular Plants Credits: (4)
- BTNY 3204 - Plant Physiology Credits: (4)
- BTNY 3214 - Soils Credits: (4)
- BTNY 3454 - Plant Ecology Credits: (4)
- BTNY 3473 - Plant Geography Credits: (3)
- BTNY 3624 - Taxonomy of Vascular Plants Credits: (4)

Zoology

- ZOOL 1010 LS - Animal Biology Credits: (3)
- ZOOL 1110 LS - Principles of Zoology Credits: (4)
- ZOOL 2100 - Human Anatomy Credits: (4)
- ZOOL 2200 LS - Human Physiology Credits: (4)
- ZOOL 3450 - Ecology Credits: (4)
- ZOOL 3470 - Zoogeography Credits: (3)
- ZOOL 3500 - Conservation Biology Credits: (3)
- ZOOL 3720 - Evolution Credits: (3)
- ZOOL 4050 - Comparative Vertebrate Anatomy Credits: (4)
- ZOOL 4100 - Vertebrate Embryology Credits: (4)
- ZOOL 4120 - Histology Credits: (4)
- ZOOL 4210 - Advanced Human Physiology Credits: (4)
- ZOOL 4220 - Endocrinology Credits: (4)
- ZOOL 4300 - Research Applications in Genetics Credits: (4)
- ZOOL 4470 - Wildlife Ecology and Management Credits: (4)
- ZOOL 4480 - Aquatic Ecology Credits: (4)
- ZOOL 4490 - Marine Ecology Credits: (4)
- ZOOL 4640 - Entomology Credits: (4)
- ZOOL 4650 - Ichthyology Credits: (4)
- ZOOL 4660 - Herpetology Credits: (4)
- ZOOL 4670 - Ornithology Credits: (4)
- ZOOL 4680 - Mammalogy Credits: (4)

Microbiology Emphases

Microbiology majors pursuing emphases should consult the appropriate advisor and include the specified Foundational and Elective emphasis courses into their Microbiology Major. Regardless of the chosen emphasis, students must successfully complete the REQUIRED CORE MICROBIOLOGY MAJOR COURSES (19 credit hours), [20 credit hours through the specific emphasis] REQUIRED SUPPORT COURSES (26-29 credit hours), and LIFE SCIENCE COURSE ELECTIVES (6 credit hours).

Please note that emphases are not a major. Your major will be Microbiology with a specific emphasis.

The emphasis areas are as follows:

- Microbiology (BS)
• Microbiology (BS), Industrial Microbiology and Biotechnology Emphasis
• Microbiology (BS), Medical Microbiology Emphasis
• Microbiology (BS), Public and Environmental Health Emphasis

Students must choose at least one of the four emphases that are offered in order to declare a Microbiology (BS) degree.
Microbiology (BS), Public and Environmental Health Emphasis

Microbiology majors pursuing this emphasis should consult the appropriate advisor. The courses listed below are for the Bachelors of Science (BS) Degree in Microbiology with an emphasis in Public and Environmental Health. The total number of credits required for the emphasis are the same as those required for the Microbiology degree, but are more specifically defined. An emphasis is not a major. Your major will be Microbiology with an emphasis in Public and Environmental Health.

- **Program Prerequisite:** Not required.
- **Minor:** Not required. However, Microbiology majors will meet the requirements for a minor in Chemistry. If desired for another program, a Microbiology Minor is offered. Please see Microbiology Minor for requirements.
- **Grade Requirements:** An overall GPA of 2.00 or higher in Microbiology courses is required for this major in addition to an overall GPA of 2.00 or higher. Also refer to the General Grade Requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 71 credits is required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 6015BS and emphasis 6043 (Public and Environmental Health).
- **CIPC:** 260502.

Advisement

All Microbiology students are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6949 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List). Please note, careful planning is essential as most courses have prerequisites and some upper division courses are only offered in one semester. Students interested in Graduate School should discuss their plans with the major advisor. Use Grad MAPs to plan your degree.

Admission Requirements

Declare your program of study with the Microbiology Department. No special admission or application requirements are needed for this program. However, students should meet with an advisor to plan and declare their program of study.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. The following courses are required for the Microbiology major and will also satisfy general education requirements: MICR 2054, CHEM 1210/CHEM 1215, PHYS 1010 or PHYS 2010.

Program Learning Outcomes

- Describe how microorganisms are used as model systems to study basic biology, genetics, metabolism and ecology.
- Identify ways microorganisms play an integral role in disease, and microbial and immunological methodologies are used in disease treatment and prevention.
- Explain why microorganisms are ubiquitous in nature; inhabiting a multitude of habitats and occupying a wide range of ecological habitats.
- Cite examples of the vital role of microorganisms in biotechnology, fermentation, medicine, and other industries important to human wellbeing.
- Demonstrate that microorganisms have an indispensable role in the environment, including elemental cycles, biodegradation, etc.
- Nature of Science and Scientific Inquiry: Microbiology majors should be able to discuss science and scientific methodology as a way of knowing. Microbiology majors should make observations, develop hypotheses, and design and execute experiments using appropriate methods. They should be able to explain how the nature of science is applied to everyday problems.
- Laboratory Skills: Microbiology students should master the following laboratory skills: aseptic and pure culture techniques, preparation of and viewing samples for microscopy, use appropriate methods to identify microorganisms,
estimate the number of microorganisms in a sample, and use common lab equipment. They should practice safe
microbiology, using appropriate protective and emergency procedures.

- Data analysis skills: Microbiology majors should be able to systematically collect, record, and analyze data, identify
  sources of error, interpret the results, and reach logical conclusions. They should be able to appropriately format data
  into tables, graphs, and charts for presentation and publication.

- Critical Thinking Skills: Microbiology majors should be able to (1) differentiate between fact and opinion, (2)
  recognize and evaluate author bias and rhetoric, (3) develop inferential skills, (4) recognize logical fallacies and faulty
  reasoning, and (5) make decisions and judgments by drawing logical conclusions using sound quantitative and
  statistically-based reasoning.

- Problem-Solving Skills: Microbiology majors should be competent problem-solvers. They should be able to assess the
  elements of a problem and develop and test a solution based on logic and the best possible information. Microbiology
  students should be able to analyze and interpret results from a variety of microbiological methods, and apply these
  methods to analogous situations. They should use mathematical and graphing skills and reasoning to solve problems in
  microbiology.

- Communication Skills: Microbiology majors will demonstrate competence in written and oral communication.

- Cooperation/Social Responsibility: Microbiology majors should understand and appreciate the value of cooperating and
  working effectively with peers and be able to demonstrate a commitment to the process of developing such skills.

- Values: Microbiology majors should identify and discuss the ethical issues and responsibilities of doing science

Required Core Microbiology Major Courses (19 credit hours)

- MICR 2054 LS - Principles of Microbiology Credits: (4)
- MICR 3053 - Microbiological Procedures Credits: (3)
- MICR 3154 - Microbial Ecology Credits: (4)
- MICR 4054 - Microbial Physiology Credits: (4)
- MICR 4154 - Microbial Genetics Credits: (4)

Foundational Public and Environmental Health Courses (4 credit hours)

- MICR 3012 - Microbiology and Global Public Health Credits: (2)
- MICR 3502 SUS - Environmental Health Credits: (2)

Public and Environmental Health Elective Courses (16 credit hours)

Select 16 credit hours from the following categories A-C: (may not be counted twice except where noted in the course
description):

Category A: Upper-division Microbiology Courses (minimum 8 credit hours)

- MICR 3254 - Immunology Credits: (4)
- MICR 3305 - Medical Microbiology Credits: (5)
- MICR 3403 - Tropical Diseases Credits: (3)
- MICR 3484 - Environmental Microbiology Credits: (4)
- MICR 3853 - Food Microbiology Credits: (3)
- MICR 4554 - Virology Credits: (4)

Category B: Experience in Microbiology Courses

- MICR 2600 - Laboratory Safety Credits: (1) or
- CHEM 2600 - Laboratory Safety Credits: (1)

- MICR 2920 - Short Courses, Workshop, Institutes, and Special Programs Credits: (1-6)
• MICR 4800 - Directed Research Credits: (1-2) *
• MICR 4830 - Directed Readings Credits: (1-2) *
• MICR 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• MICR 4991 - Microbiology Seminar Credits: (1)

* No more than 3 credit hours of MICR 4800 and no more than 2 credit hours of MICR 4830 may count toward the major.

Category C: Other elective courses in the College of Science (maximum 8 credit hours)

• BTNY 3504 - Mycology Credits: (4)
• ZOOL 3200 - Cell Biology Credits: (4)
• ZOOL 3300 - Genetics Credits: (4)

Required Support Courses (26-29 credit hours)

A grade of D- or better is required in each support course

Chemistry (19 credit hours)

• CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
• CHEM 1220 - Principles of Chemistry II Credits: (4) and
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
• CHEM 2310 - Organic Chemistry I Credits: (4) and
• CHEM 2315 - Organic Chemistry I Lab Credits: (1)
• CHEM 3070 - Biochemistry I Credits: (3) and
• CHEM 3075 - Biochemistry I Lab Credits: (1)

Math (minimum of 1 course from the following)

• MATH 1050 QL - College Algebra Credits: (4) or
• MATH 1080 QL - Pre-calculus Credits: (5) or
• MATH 1210 - Calculus I Credits: (4)

Physics (minimum of 1 course from the following)

• PHYS 1010 PS - Elementary Physics Credits: (3) or
• PHYS 2010 PS - College Physics I Credits: (5)
• PHYS 2019 - College Physics I Lab Credits: (0) or
• PHYS 2020 - College Physics II Credits: (5)
• PHYS 2029 - College Physics II Lab Credits: (0) or
• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
• PHYS 2219 - Physics for Scientists and Engineers I Lab Credits: (0) or
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
PHYS 2229 - Physics for Scientists and Engineers II Lab Credits: (0)

Life Science Course Electives (6 credit hours)

Minimum of 6 credit hours from 2 Life Science courses in the following:

Botany

- BTNY 1203 LS - Plant Biology Credits: (3)
- BTNY 2104 - Plant Form and Function Credits: (4)
- BTNY 2114 - Evolutionary Survey of Plants Credits: (4)
- BTNY 3105 - Anatomy of Vascular Plants Credits: (4)
- BTNY 3204 - Plant Physiology Credits: (4)
- BTNY 3214 - Soils Credits: (4)
- BTNY 3454 - Plant Ecology Credits: (4)
- BTNY 3473 - Plant Geography Credits: (3)
- BTNY 3624 - Taxonomy of Vascular Plants Credits: (4)

Zoology

- ZOOL 1010 LS - Animal Biology Credits: (3)
- ZOOL 1110 LS - Principles of Zoology Credits: (4)
- ZOOL 2100 - Human Anatomy Credits: (4)
- ZOOL 2200 LS - Human Physiology Credits: (4)
- ZOOL 3450 - Ecology Credits: (4)
- ZOOL 3470 - Zoogeography Credits: (3)
- ZOOL 3500 - Conservation Biology Credits: (3)
- ZOOL 3720 - Evolution Credits: (3)
- ZOOL 4050 - Comparative Vertebrate Anatomy Credits: (4)
- ZOOL 4100 - Vertebrate Embryology Credits: (4)
- ZOOL 4120 - Histology Credits: (4)
- ZOOL 4210 - Advanced Human Physiology Credits: (4)
- ZOOL 4220 - Endocrinology Credits: (4)
- ZOOL 4300 - Research Applications in Genetics Credits: (4)
- ZOOL 4470 - Wildlife Ecology and Management Credits: (4)
- ZOOL 4480 - Aquatic Ecology Credits: (4)
- ZOOL 4490 - Marine Ecology Credits: (4)
- ZOOL 4640 - Entomology Credits: (4)
- ZOOL 4650 - Ichthyology Credits: (4)
- ZOOL 4660 - Herpetology Credits: (4)
- ZOOL 4670 - Ornithology Credits: (4)
- ZOOL 4680 - Mammalogy Credits: (4)
Microbiology (BIS)

BIS students that wish to include Microbiology as one of their emphasis areas should recognize that they should have a clear goal for their BIS program and capstone project. Students need to gain approval of courses for the emphasis from a Microbiology advisor. Because Microbiology research often involves laboratory experiments, students should begin discussing their capstone project with a faculty member a year in advance. They will then work with that faculty mentor, in coordination with the other emphasis mentors, to develop the experiments, methods, and schedule for the project. The student is responsible for securing funding for the supplies needed for their project.

- **Program Prerequisite:** Students seeking a BIS with an emphasis is Microbiology must complete CHEM 1210/1215 and CHEM 1220/1225 as prerequisites for upper division Microbiology courses in addition to the credits required for Microbiology.
- **Grade Requirements:** A minimum grade of "C" must be achieved in all coursework to satisfy BIS degree requirements.
- **Credit Hours Requirements:** A minimum of 18 credit hours is required in Microbiology, at least one course should be at the 4000 level.
- **Program Code:** 6015
- **CIPC:** 260502

Course Requirements for BIS Emphasis

Required Chemistry Courses (10 credit hours)

- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4) and
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)

Required Microbiology Courses (7-8 credit hours)

- MICR 2054 LS - Principles of Microbiology Credits: (4)
- MICR 3053 - Microbiological Procedures Credits: (3) or
- MICR 3154 - Microbial Ecology Credits: (4)

Microbiology BIS Emphasis Elective Courses

Choose 3 courses to total the remaining 10-11 credits in Microbiology courses. **1 of the 3 courses must be a 4000 level course.** Please be aware that some courses have additional prerequisites.

- MICR 3012 - Microbiology and Global Public Health Credits: (2)
- MICR 3053 - Microbiological Procedures Credits: (3)
- MICR 3154 - Microbial Ecology Credits: (4)
- MICR 3203 - The Immune System in Health & Disease Credits: (3) or
- MICR 3254 - Immunology Credits: (4)
- MICR 3305 - Medical Microbiology Credits: (5) or
- MICR 3603 - Advanced Microbiology for the Health Professions Credits: (3)
- MICR 3403 - Tropical Diseases Credits: (3)
- MICR 3484 - Environmental Microbiology Credits: (4)
- MICR 3502 SUS - Environmental Health Credits: (2)
- MICR 3753 - Geomicrobiology Credits: (3)
• MICR 3853 - Food Microbiology Credits: (3)
• MICR 4054 - Microbial Physiology Credits: (4)
• MICR 4154 - Microbial Genetics Credits: (4)
• MICR 4252 - Cell Culture Credits: (2)
• MICR 4354 - Industrial Microbiology and Biotechnology Credits: (4)
• MICR 4554 - Virology Credits: (4)

The following courses will not be counted toward a BIS degree without the approval of a Microbiology advisor:
• MICR 2600 - Laboratory Safety Credits: (1)
• MICR 4800 - Directed Research Credits: (1-2) *
• MICR 4830 - Directed Readings Credits: (1-2) *
• MICR 4890 INT - Cooperative Work Experience Credits: (1-5)
• MICR 4991 - Microbiology Seminar Credits: (1)

*No more than 3 credit hours of MICR 4800 and only 1 credit hour of MICR 4830 may count toward the Microbiology BIS Emphasis.
Microbiology Minor

- **Grade Requirements**: A grade of "C-" or better in courses used toward the minor.
- **Credit Hour Requirements**: Minimum of 18 credit hours in Microbiology courses.
- **Program Code**: 6015
- **CIPC**: 260502

Course Requirements for Minor

Required Microbiology Course (4 credit hours)

- MICR 2054 LS - Principles of Microbiology Credits: (4)

Microbiology Minor Elective Courses (14 credit hours)

Select 14 credit hours of Microbiology courses from the following:

- MICR 2600 - Laboratory Safety Credits: (1)
- MICR 3012 - Microbiology and Global Public Health Credits: (2)
- MICR 3053 - Microbiological Procedures Credits: (3)
- MICR 3154 - Microbial Ecology Credits: (4)

- MICR 3203 - The Immune System in Health & Disease Credits: (3) or
- MICR 3254 - Immunology Credits: (4)

- MICR 3305 - Medical Microbiology Credits: (5)
- MICR 3403 - Tropical Diseases Credits: (3)
- MICR 3484 - Environmental Microbiology Credits: (4)
- MICR 3502 SUS - Environmental Health Credits: (2)
- MICR 3753 - Geomicrobiology Credits: (3)
- MICR 3853 - Food Microbiology Credits: (3)
- MICR 4054 - Microbial Physiology Credits: (4)
- MICR 4154 - Microbial Genetics Credits: (4)
- MICR 4252 - Cell Culture Credits: (2)
- MICR 4354 - Industrial Microbiology and Biotechnology Credits: (4)
- MICR 4554 - Virology Credits: (4)
- MICR 4800 - Directed Research Credits: (1-2)
- MICR 4830 - Directed Readings Credits: (1-2)
- MICR 4991 - Microbiology Seminar Credits: (1)
Department of Physics and Astronomy

**Department Chair:** Colin Inglefield  
**Location:** Tracy Hall Science Center, Room 302  
**Telephone:** Nereyda Hesterberg, 801-626-6163  
**Website:** weber.edu/physics  
**Professors:** John Armstrong, Michelle Arnold, Colin Inglefield, Adam Johnston, Stacy Palen, Daniel Schroeder, John Sohl, Walther Spjeldvik; **Assistant Professors:** Jonathan Cornell, Kristin Rabosky; **Instructor:** John Kroon

Physics is the study and application of the fundamental laws of nature, including the laws of motion, gravity, electromagnetism, heat, and microscopic interactions. These laws govern the behavior of objects at all scales, from the smallest subatomic particles to the entire observable universe. In between, physicists study nuclear reactions, the interaction of atoms with light, properties of materials, the chaotic dynamics of fluids, and the evolution of stars and galaxies, among many other applications.

Our courses in physics introduce all of the most important fundamental laws and many of their applications. Equally valuable, however, are the skills that students develop in these courses, from analytical thinking and problem solving to experimental design and interpretation. Majoring in physics can thus prepare a student for a variety of careers in research, education, business, industry, and government.

The Department offers three major programs: Physics, Applied Physics, and Physics Teaching. The Physics major places emphasis on understanding nature at the deepest possible level, and offers options that emphasize fundamental theoretical physics, astrophysics, computational physics, and physics of materials. Each of these options provides a strong foundation for graduate work. The Applied Physics major places more emphasis on physical phenomena and hands-on experience. Thus, it is more suitable for those planning to go either directly into industrial employment or into graduate programs in certain applied fields. The Physics Teaching major is designed specifically for those planning to teach physics at the secondary school level. Students who are majoring in other disciplines are encouraged to consider a minor in physics, which includes a year of introductory physics plus eight credit hours of additional physics courses. These electives may be chosen to emphasize basic theory, experimental techniques, or applied subfields such as optics and astrophysics.
Physical Science (AAS)

- **Grade Requirements:** Minimum overall GPA of 2.00 or "C".
- **Credit Hour Requirements:** A total of 63 credit hours are required for graduation; 34-36 of these are required within the program.
- **Program Code:** 6068AAS
- **CIPC:** 400101

Advisement

It is recommended that a student consult with a departmental advisor annually. Call 801-626-6163 for information or to schedule an appointment.

Use Grad MAPs to plan your degree

General Education

Refer to Degree Requirements for Associate of Applied Science requirements. The following courses required for the Physical Science program will also satisfy the general education requirement for physical sciences: CHEM 1210 PS; GEO 1110 PS; and PHYS 2210 PS (or PHYS 2010 PS).

Program Learning Outcomes

- Students can trace scientific understandings, theory, and models back to their sources in their primary discipline.
- Students demonstrate how scientific knowledge is derived, reviewed, and communicated.
- Nature of science. Scientific knowledge is based on evidence that is repeatedly examined, and can change with new information. Scientific explanations differ fundamentally from those that are not scientific.
- Integration of science. All natural phenomena are interrelated and share basic organizational principles. Scientific explanations obtained from different disciplines should be cohesive and integrated.
- Science and society. The study of science provides explanations that have significant impact on society, including technological advancements, improvement of human life, and better understanding of human and other influences on the earth's environment.
- Problem solving and data analysis. Science relies on empirical data, and such data must be analyzed, interpreted, and generalized in a rigorous manner.
- Organization of systems: The universe is scientifically understandable in terms of interconnected systems. The systems evolve over time according to basic physical laws.
- Matter: Matter comprises an important component of the universe, and has physical properties that can be described over a range of scales.
- Energy: Interactions within the universe can be described in terms of energy exchange and conservation.
- Forces: Equilibrium and change are determined by forces acting at all organizational levels.

Major Course Requirements for AAS Degree (34-39 credits)

Core Courses (26 credits):

- CHEM 1200 - Preparation for College Chemistry Credits: (3)
- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4) and
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
• GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3) and
• GEO 1115 - Physical Geology Lab Credits: (1)

• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) or
• PHYS 2010 PS - College Physics I Credits: (5)

• PHYS 2600 - Laboratory Safety Credits: (1) or
• CHEM 2600 - Laboratory Safety Credits: (1) or
• GEO 2600 - Laboratory Safety Credits: (1)

• PHYS 2820 - Elements of Research in the Sciences Credits: (3) or
• CHEM 2820 - Elements of Research in the Sciences Credits: (3) or
• GEO 2820 - Elements of Research in the Sciences Credits: (3)

Foundational Courses for the Discipline (8-13 credits):

Complete one of the following groups of courses.

For Students most interested in chemistry (10 credits):

• CHEM 2310 - Organic Chemistry I Credits: (4) and
• CHEM 2315 - Organic Chemistry I Lab Credits: (1)

• CHEM 2320 - Organic Chemistry II Credits: (4) and
• CHEM 2325 - Organic Chemistry II Lab Credits: (1)

Please note the combined CHEM 2310 and CHEM 2315, and CHEM 2320 and CHEM 2325, each count as one foundation course. CHEM 2310 and CHEM 2315 must be taken concurrently, same for CHEM 2315 and CHEM 2325

For students most interested in Earth/geological science (8 credits):

• GEO 1220 - Historical Geology Credits: (4)
• GEO 2050 - Earth Materials Credits: (4)

For students most interested in physics (13 credits):

• MATH 1200 - Mathematics Computer Laboratory Credits: (1)
• MATH 1220 - Calculus II Credits: (4)
• PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
• PHYS 2300 - Scientific Computing for Physical Systems Credits: (3)

* Students should consult with a departmental advisor to determine the appropriate mathematics and physics sequences for their educational and/or career goals.
Physics (BS)

- **Program Prerequisite:** Not required.
- **Minor:** No minor is required. However, a math minor is automatically satisfied by the requirements.
- **Grade Requirements:** An overall GPA of 2.00 is required. Also refer to the general grade requirements for graduation on Degree Requirements.
- **Credit Hour Requirements:** A total of 120 semester credit hours is required for graduation; 71 to 73 of these (depending on the option chosen) are required within the Physics major. Forty upper-division credit hours are required (courses numbered 3000 and above); 22-28 of these (depending on the option chosen) are required within the Physics major.
- **Program Code:** 6018BS with one of the following options PHYSTRAD (Traditional), PHYSMATR (Physics of Materials), PHYSASTR (Astrophysics), or PHYSCOMP (Computational Physics)
- **CIPC:** 400801

Advisement

All Physics majors are strongly encouraged to meet with the chair at least annually for course and program advisement. Call 801-626-6163 for more information or to schedule an appointment. Note that because most courses have prerequisites and some advanced courses are offered only in alternate years, careful planning is essential.

Admissions Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for the Physics major.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. The following courses required for the Physics major will satisfy general education requirements: PHYS 2210 and MATH 1210.

Program Learning Outcomes

- Presentation skills. Physics majors should be able to express (orally and in writing) their understanding of core physical principles, the results of experiments, and their analysis of physical problems.
- Laboratory skills. Physics majors should be competent experimentalists. They should be able to design and set up an experiment, collect and analyze data, identify sources of error, and interpret their result and connect it to related areas of physics.
- Computer skills. Physics majors should be competent users of basic software, such as word processing, spreadsheet, and graphing programs. They should also have an understanding of the fundamental aspects of a programming and/or computer algebra language (Fortran, C++, Mathematica, etc.).
- Problem-solving skills. Physics majors should be competent problem-solvers. They should be able to identify the essential aspects of a problem and formulate a strategy for solving the problem. They should be able to estimate the solution to a problem, apply appropriate techniques to arrive at a solution, test the correctness of their solution, interpret their result and connect it to related areas of physics.
- Physics majors should be adequately trained to apply their physics experience and knowledge to analyze new situations.
- All physics students (majors, minors, support, and Gen Ed students) should understand the nature of science, as assessed by questionnaires, interviews, and student focus groups.
- General Education students should understand several core concepts of physics.
- Physics Teaching majors and Elementary Teaching majors should have an appropriate knowledge of physics and a variety of teaching strategies to accommodate the multiple learning styles of their students.
Physics Major Course Requirements for BS Degree

Physics Courses Required (23 credit hours)

- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) and
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
- PHYS 2300 - Scientific Computing for Physical Systems Credits: (3)
- PHYS 2710 - Introductory Modern Physics Credits: (3)
- PHYS 3500 - Analytical Mechanics Credits: (3)
- PHYS 3510 - Electromagnetic Theory Credits: (3)
- PHYS 4990 - Seminar in Physics Credits: (1)

Physics Electives (3 credit hours)

Select a minimum of three additional credit hours from Physics courses numbered 3000 and above. Courses in closely related disciplines may also satisfy this requirement when appropriate to the option chosen (see below). In all cases, elective courses must be approved by the department chair.

Support Courses Required (19 credit hours)

Students planning for graduate study in physics, engineering, or a related field should consider taking additional mathematics courses.

- MATH 1200 - Mathematics Computer Laboratory Credits: (1)
- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- MATH 2210 - Calculus III Credits: (4)
- MATH 2270 - Elementary Linear Algebra Credits: (3)
- MATH 2280 - Ordinary Differential Equations Credits: (3)

OPTIONS

Physics Majors must also satisfy the requirements of at least one of the following four options.

1. Traditional Option

By including all of the core courses in theoretical physics, this option provides a strong foundation for graduate study in physics.

Additional Physics Courses Required (17 or 18 credit hours)

- PHYS 3180 - Thermal Physics Credits: (3)
- PHYS 3190 - Applied Optics Credits: (3) or
- PHYS 3410 - Electronics for Scientists Credits: (4)
- PHYS 3540 - Mechanical and Electromagnetic Waves Credits: (3)
- PHYS 3710 - Nuclear and Particle Physics Credits: (3)
- PHYS 4400 - Advanced Physics Laboratory Credits: (2)
- PHYS 4610 - Quantum Mechanics Credits: (3)

Additional Support Courses Required (10 credit hours)
2. Physics of Materials Option

This option is intended for students who have an interest in the properties of materials and their study using advanced instrumentation.

Additional Physics Courses Required (18 credit hours)

- PHYS 3180 - Thermal Physics Credits: (3)
- PHYS 3410 - Electronics for Scientists Credits: (4)
- PHYS 3540 - Mechanical and Electromagnetic Waves Credits: (3)
- PHYS 4200 - The Physics of Materials Credits: (3)
- PHYS 4410 - Materials Characterization Laboratory Credits: (2)
- PHYS 4610 - Quantum Mechanics Credits: (3)

Additional Support Courses Required (10 credit hours)

- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4) and
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)

3. Astrophysics Option

Supplementing a traditional physics program with several astronomy and astrophysics courses, this option is intended for students with a special interest in astronomy, including those intending to pursue graduate study in astrophysics.

Additional Physics Courses Required (17 or 18 credit hours)

- ASTR 3040 - Principles of Observational Astronomy, Advanced Credits: (3)
- ASTR 3160 - Stellar and Planetary Astrophysics Credits: (3)
- ASTR 3170 - Galaxies and Cosmology Credits: (3)
- PHYS 3180 - Thermal Physics Credits: (3)
- PHYS 3190 - Applied Optics Credits: (3) or
- PHYS 3410 - Electronics for Scientists Credits: (4)
  - Select a minimum of two additional credit hours from Physics courses numbered 3000 and above. Courses in closely related disciplines may also satisfy this requirement when appropriate. In all cases, elective courses must be approved by the department chair.

Additional Support Courses Required (9 or 10 credit hours)

- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)

  Select one of the following:
4. Computational Physics Option

This option is intended for students with a special interest in computational techniques applied to the physical world.

Additional Physics Courses Required (12 credit hours)

- PHYS 3300 - Advanced Computational Physics Credits: (3)
- PHYS 3410 - Electronics for Scientists Credits: (4)
- ASTR 3040 - Principles of Observational Astronomy, Advanced Credits: (3) or
- PHYS 4400 - Advanced Physics Laboratory Credits: (2) or
- PHYS 4410 - Materials Characterization Laboratory Credits: (2)

Select one of the following:
- PHYS 3180 - Thermal Physics Credits: (3)
- PHYS 3540 - Mechanical and Electromagnetic Waves Credits: (3)
- PHYS 4610 - Quantum Mechanics Credits: (3)

Additional Support Courses Required (14 credit hours)

- MATH 4610 - Numerical Analysis I Credits: (3) and
- MATH 4620 - Numerical Analysis II Credits: (3)

Select two of the following:
- CS 1410 - Object-Oriented Programming Credits: (4)
- CS 2420 - Introduction to Data Structures and Algorithms Credits: (4)
- CS 2450 - Software Engineering I Credits: (4)
- CS 2810 - Computer Architecture/Organization Credits: (4)
Physics Teaching (BS)

- **Program Prerequisite:** Physics Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Not Required.
- **Grade Requirements:** An overall GPA of 2.00 is required in courses required for this major. Also refer to the general grade requirements for graduation under General Requirements.
- **Credit Hour Requirements:** A total of 120 semester credit hours is required for graduation; 45 hours are required within the major, plus the credits required by the Teacher Education department. Forty upper-division credit hours are required (courses numbered 3000 and above).
- **Program Code:** 6020BS
- **CIPC:** 131329

**Advisement**

Physics Teaching majors are strongly encouraged to meet with the chair at least annually for course and program advisement. Call 801-626-6163 for more information or to schedule an appointment. Physics Teaching majors are also encouraged to meet with a Jerry and Vickie Moyes College of Education advisor (call 801-626-6269). (Also refer to the Department Advisor Referral List.)

**Admissions Requirements**

Declare your program of study. Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education)

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. The following courses required for the Physics and Applied Physics majors will satisfy general education requirements: PHYS 1040 PS, PHYS 2210 PS, and MATH 1210.

**Program Learning Outcomes**

- Presentation skills. Physics majors should be able to express (orally and in writing) their understanding of core physical principles, the results of experiments, and their analysis of physical problems.
- Laboratory skills. Physics majors should be competent experimentalists. They should be able to design and set up an experiment, collect and analyze data, identify sources of error, and interpret their result and connect it to related areas of physics.
- Computer skills. Physics majors should be competent users of basic software, such as word processing, spreadsheet, and graphing programs. They should also have an understanding of the fundamental aspects of a programming and/or computer algebra language (Fortran, C++, Mathematica, etc.).
- Problem-solving skills. Physics majors should be competent problem-solvers. They should be able to identify the essential aspects of a problem and formulate a strategy for solving the problem. They should be able to estimate the solution to a problem, apply appropriate techniques to arrive at a solution, test the correctness of their solution, interpret their result and connect it to related areas of physics.
- Physics majors should be adequately trained to apply their physics experience and knowledge to analyze new situations.
- All physics students (majors, minors, support, and Gen Ed students) should understand the nature of science, as assessed by questionnaires, interviews, and student focus groups.
- General Education students should understand several core concepts of physics.
- Physics Teaching majors and Elementary Teaching majors should have an appropriate knowledge of physics and a variety of teaching strategies to accommodate the multiple learning styles of their students.
Physics Teaching Major Course Requirements for BS Degree

Physics Courses Required (25 credit hours)

- PHYS 1040 PS - Elementary Astronomy Credits: (3)
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) and
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
- PHYS 2600 - Laboratory Safety Credits: (1)
- PHYS 2710 - Introductory Modern Physics Credits: (3)
- PHYS 3570 - Foundations of Science Education Credits: (3)
- PHYS 4570 - Secondary School Science Teaching Methods Credits: (3)
- PHYS 4800 - Individual Research Problems Credits: (1-3) (1 credit hour required)
- PHYS 4990 - Seminar in Physics Credits: (1)

Physics Electives (9 credit hours)

Select nine credit hours in approved Physics classes (courses numbered 2300 and above, excluding other explicit course requirements).

Support Courses Required (11 credit hours)

- HIST 3350 - History and Philosophy of Science Credits: (3)
- MATH 1210 - Calculus I Credits: (4) and
- MATH 1220 - Calculus II Credits: (4)

Note:

Students must also complete the Teacher Education Licensure Program.
Physics, Applied (BS)

- **Program Prerequisite:** Not required.
- **Minor:** No minor is required. However, a math minor is automatically satisfied by taking one additional Math course (MATH 2270) beyond the Applied Physics major requirements.
- **Grade Requirements:** An overall GPA of 2.00 is required. Also refer to the general grade requirements for graduation under Degree Requirements.
- **Credit Hour Requirements:** A total of 120 semester credit hours is required for graduation; 75 to 76 of these (depending on choice of courses) are required within the Applied Physics major. Forty upper-division credit hours are required (courses numbered 3000 and above); 32 to 33 of these are required within the Applied Physics major.
- **Program Code:** 6019BS
- **CIPC:** 400801

**Advisement**

All Applied Physics majors are strongly encouraged to meet with the chair at least annually for course and program advisement. Call 801-626-6163 for more information or to schedule an appointment. Note that because most courses have prerequisites and some advanced courses are offered only in alternate years, careful planning is essential.

**Admissions Requirements**

Declare your program of study. There are no special admission or application requirements for the Applied Physics major.

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. The following courses required for the Applied Physics major will satisfy general education requirements: PHYS 2210PS, CHEM 1210 PS, and MATH 1210.

**Program Learning Outcomes**

- Presentation skills. Physics majors should be able to express (orally and in writing) their understanding of core physical principles, the results of experiments, and their analysis of physical problems.
- Laboratory skills. Physics majors should be competent experimentalists. They should be able to design and set up an experiment, collect and analyze data, identify sources of error, and interpret their result and connect it to related areas of physics.
- Computer skills. Physics majors should be competent users of basic software, such as word processing, spreadsheet, and graphing programs. They should also have an understanding of the fundamental aspects of a programming and/or computer algebra language (Fortran, C++, Mathematica, etc.).
- Problem-solving skills. Physics majors should be competent problem-solvers. They should be able to identify the essential aspects of a problem and formulate a strategy for solving the problem. They should be able to estimate the solution to a problem, apply appropriate techniques to arrive at a solution, test the correctness of their solution, interpret their result and connect it to related areas of physics.
- Physics majors should be adequately trained to apply their physics experience and knowledge to analyze new situations.
- All physics students (majors, minors, support, and Gen Ed students) should understand the nature of science, as assessed by questionnaires, interviews, and student focus groups.
- General Education students should understand several core concepts of physics.
- Physics Teaching majors and Elementary Teaching majors should have an appropriate knowledge of physics and a variety of teaching strategies to accommodate the multiple learning styles of their students.

**Applied Physics Major Course Requirements for BS Degree**
Physics Courses Required (34 or 35 credit hours)

- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) and
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
- PHYS 2300 - Scientific Computing for Physical Systems Credits: (3)
- PHYS 2600 - Laboratory Safety Credits: (1)
- PHYS 2710 - Introductory Modern Physics Credits: (3)
- PHYS 3190 - Applied Optics Credits: (3)
- PHYS 3500 - Analytical Mechanics Credits: (3)
- PHYS 3510 - Electromagnetic Theory Credits: (3)
- PHYS 3540 - Mechanical and Electromagnetic Waves Credits: (3)
- PHYS 4400 - Advanced Physics Laboratory Credits: (2) or
- PHYS 4410 - Materials Characterization Laboratory Credits: (2)
- PHYS 4800 - Individual Research Problems Credits: (1-3)
- PHYS 4990 - Seminar in Physics Credits: (1)

Electives (9 credit hours)

Select a minimum of nine additional credit hours from Physics courses numbered 3000 and above. Upper-division courses in closely related disciplines may also satisfy this requirement. In all cases, elective courses must be approved by the department chair.

Support Courses Required (32 credit hours)

- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4) and
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- MATH 1200 - Mathematics Computer Laboratory Credits: (1)
- MATH 1210 - Calculus I Credits: (4)
- MATH 1220 - Calculus II Credits: (4)
- MATH 2210 - Calculus III Credits: (4)
- MATH 2280 - Ordinary Differential Equations Credits: (3)
- MATH 3410 - Probability and Statistics I Credits: (3) and
- MATH 3420 - Probability and Statistics II Credits: (3)
Physics Minor/BIS

- **Grade Requirements**: A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: Minimum of 26 credit hours in Physics and support courses. Prior department approval is required.
- **Program Code**: 6018
- **CIPC**: 400801

Course Requirements for Minor

**Physics Courses Required (10 credit hours)**
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) and
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)

**Elective Physics Courses (8 credit hours)**

*Select at least three Physics courses from the following*
- PHYS 2300 - Scientific Computing for Physical Systems Credits: (3)
- PHYS 2710 - Introductory Modern Physics Credits: (3)
- PHYS 3160 - Stellar and Planetary Astrophysics Credits: (3)
- PHYS 3170 - Galaxies and Cosmology Credits: (3)
- PHYS 3180 - Thermal Physics Credits: (3)
- PHYS 3190 - Applied Optics Credits: (3)
- PHYS 3300 - Advanced Computational Physics Credits: (3)
- PHYS 3410 - Electronics for Scientists Credits: (4)
- PHYS 3420 - Data Analysis, Statistics, and Instrumentation Credits: (3)
- PHYS 3500 - Analytical Mechanics Credits: (3)
- PHYS 3510 - Electromagnetic Theory Credits: (3)
- PHYS 3540 - Mechanical and Electromagnetic Waves Credits: (3)
- PHYS 4200 - The Physics of Materials Credits: (3)
- PHYS 4400 - Advanced Physics Laboratory Credits: (2)
- PHYS 4410 - Materials Characterization Laboratory Credits: (2)
- PHYS 4610 - Quantum Mechanics Credits: (3)

**Support Courses Required (8 credit hours)**

- MATH 1210 - Calculus I Credits: (4) and
- MATH 1220 - Calculus II Credits: (4)
Physics Teaching Minor

- **Grade Requirements**: A grade of C or better in all courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: Minimum of 25 credit hours in Physics and support courses. Prior department approval is required.
- **Program Code**: 6020
- **CIPC**: 131329

Students who select the Physics Teaching minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education).

Course Requirements for Minor

Physics Courses Required (11 credit hours)

- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5) and
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
- PHYS 2600 - Laboratory Safety Credits: (1)

Elective Physics Courses (6 credit hours)

Select 6 credit hours in approved Physics courses (numbered 2300 and above)

Support Courses Required (11 credit hours)

- MATH 1210 - Calculus I Credits: (4) and
- MATH 1220 - Calculus II Credits: (4)
- HIST 3350 - History and Philosophy of Science Credits: (3)

If a student is not obtaining a Teaching Major in Physical or Life Science, the following courses are also required:

- PHYS 3570 - Foundations of Science Education Credits: (3)
- PHYS 4570 - Secondary School Science Teaching Methods Credits: (3)
Department of Zoology

Department Chair: Ron Meyers  
Location: Tracy Hall Science Center, Room 402  
Website: www.weber.edu/zoology  
Telephone Contact: 801-626-6165  
Professors: Nicole Berthélémy, John Cavitt, Brian Chung, Jonathan Clark, Christopher Hoagstrom, Jon Marshall, Ron Meyers, John Mull, Michele Skopec, Barbara Trask; Associate Professor: Elizabeth Sandquist; Assistant Professors: Rebecka Brasso, Ezgi Yesilyurt; Instructor: Brian Pilcher

Zoology is the study of animals. It includes a tremendous diversity of subdivisions and approaches. These range from using electron microscopy to study cells, to field examinations of natural populations. Some zoologists focus their studies on a specific group of animals; others specialize on problems or processes, such as those in physiology or genetics, which are common to many groups. Zoologists have made many important contributions to our understanding of the natural world. Furthermore, they benefit humankind through their work in areas such as medicine and environmental conservation. Although our majors pursue several tracks, many are involved in pre-medical professional training. We have an excellent record of placing students in the finest medical, dental, veterinary, and physical therapy programs. The faculty strongly encourage majors to pursue guided research, particularly through the department's thesis program. All students are urged to consult with the department early in their education. Arrangements can then be made for the student to be matched with an appropriate advisor who can offer course and career suggestions.

DNA Laboratory

The Department of Zoology maintains a DNA Laboratory on the first floor of the Science Laboratory building in the College of Science. It is a modern facility with state-of-the-art equipment for DNA isolation and analysis. The laboratory is used for student course work, faculty-supervised student research, and faculty research.

Interdisciplinary Programs

The Zoology Department participates in the interdisciplinary Neuroscience Minor and the Urban and Regional Planning Emphasis programs. Students who wish to enroll in one of these programs should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)
Zoology (BS)

- **Program Prerequisite:** Not required.
- **Minor:** Not required.
- **Grade Requirements:** Zoology majors must have an average GPA of 2.00 or higher. Students are required to earn a grade of "C-" in each prerequisite course before taking the next course. Zoology majors must have a grade of "C-" or better in all courses that satisfy specific requirements for the major.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 73 of these is required within the major. A total of 40 upper division hours is required (courses number 3000 and above); a minimum of 34 is required within the major.
- **Program Code:** 6021BS
- **CIPC:** 260701

**Advisement**

All Zoology students should meet with a faculty advisor at least annually for course and program advisement. The department secretary can also assist students. Call 801-626-6165 for more information or to schedule an appointment. (Also, refer to the Department Advisor Referral List.)

**Admissions Requirements**

Declare your program of study (Enrollment Services and Information). No special admission or application requirements are needed for the Zoology BS.

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. The following courses required for the Zoology BS will satisfy general education requirements: CHEM 1210, MATH 1040, MATH 1050, MATH 1080, PHYS 1010, PHYS 2010, PHYS 2210, ZOOL 1110. The following courses that are electives for the Zoology BS will also satisfy general education requirement: BTNY 1203, BTNY 2303, MICR 2054, ZOOL 2200. Students are encouraged to take general education courses concurrently with required and elective courses in the major.

**Program Learning Outcomes**

- The Process of Science: Students will use observational strategies to test hypotheses and critically evaluate experimental evidence.
- Quantitative Reasoning: Students will represent diverse experimental data sets graphically and apply statistical methods to them.
- Communication: Students will explain scientific concepts to different audiences and work collaboratively to explore biological problems.
- Science and Society: Students will develop biological applications to evaluate and address societal problems.
- Evolution: The diversity of life is the result of mutation, adaptation, and selection pressure over time.
- Cellular Organization: All living things consist of one or more cells, the units of structure, function, and reproduction.
- Genetics: All living things share basic genetic mechanisms, which are responsible for the organization and continuity of life.
- Ecosystems: All organisms are interconnected, interacting with each other as well as with their dynamic environment.
- Structure and Function: There is a relationship between molecular and organismal structure and function.
- System Regulation: Biological systems are governed by chemical transformations and homeostasis.

**Major Course Requirements for Zoology BS Degree**
Required Zoology Courses

- ZOOL 1110 LS - Principles of Zoology Credits: (4)
- ZOOL 2220 - Diversity of Animals Credits: (4)
- ZOOL 3200 - Cell Biology Credits: (4)
- ZOOL 3300 - Genetics Credits: (4)
- ZOOL 3450 - Ecology Credits: (4)
- ZOOL 3600 - Comparative Physiology Credits: (4)
- ZOOL 3720 - Evolution Credits: (3)
- ZOOL 4990 - Seminar Credits: (1)

Upper-division Zoology Electives

Select a minimum of 4 courses from the following.

- ZOOL 3470 - Zoogeography Credits: (3)
- ZOOL 3500 - Conservation Biology Credits: (3)
- ZOOL 3730 - Population Biology Credits: (3)
- ZOOL 3820 - Biology of Cancer Credits: (3)
- ZOOL 4050 - Comparative Vertebrate Anatomy Credits: (4)
- ZOOL 4100 - Vertebrate Embryology Credits: (4)
- ZOOL 4120 - Histology Credits: (4)
- ZOOL 4210 - Advanced Human Physiology Credits: (4)
- ZOOL 4220 - Endocrinology Credits: (4)
- ZOOL 4250 - Radiation Biology Credits: (4)
- ZOOL 4300 - Research Applications in Genetics Credits: (4)
- ZOOL 4350 - Animal Behavior Credits: (4)
- ZOOL 4470 - Wildlife Ecology and Management Credits: (4)
- ZOOL 4480 - Aquatic Ecology Credits: (4)
- ZOOL 4490 - Marine Ecology Credits: (4)
- ZOOL 4500 - Parasitology Credits: (4)
- ZOOL 4600 - Protozoology Credits: (4)
- ZOOL 4640 - Entomology Credits: (4)
- ZOOL 4650 - Ichthyology Credits: (4)
- ZOOL 4660 - Herpetology Credits: (4)
- ZOOL 4670 - Ornithology Credits: (4)
- ZOOL 4680 - Mammalogy Credits: (4)
- ZOOL 4900 - Topics in Zoology Credits: (1-4) 3 or 4 credits required

Experience in Zoology

Select a minimum of 2 credit hours from the following or select an additional 5th course from Upper Division Zoology electives listed above. Note: The two credit hours can be taken in the same or separate semesters.

- ZOOL 3099 - Teaching the Human Anatomy Laboratory Credits: (3)
- ZOOL 3100 - Advanced Human Anatomy Credits: (3)
- ZOOL 4800 - Problems in Zoology Credits: (1-4)
- ZOOL 4820 - Human Physiology Laboratory Teaching Assistant Credits: (1)
- ZOOL 4830 - Readings in Zoology Credits: (1-4)
- ZOOL 4890 INT - Cooperative Work Experience Credits: (1-4)
- ZOOL 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- ZOOL 4950 - Field Zoology Credits: (1-3)
- ZOOL 4970 - Thesis Credits: (2)
- ZOOL 4980 - Research Design Credits: (2)
Required Chemistry Courses

- CHEM 1210 PS - Principles of Chemistry I Credits: (4) with
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4) with
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)

Required Math Courses

Select a minimum of 1 course from the following.
- MATH 1050 QL - College Algebra Credits: (4)
- MATH 1080 QL - Pre-calculus Credits: (5)
- MATH 1210 - Calculus I Credits: (4)
- MATH 1060 QL - Trigonometry Credits: (3)

Required Statistics Courses

Select a minimum of 1 course from the following. Courses taken with separate labs count as 1 course.
- MATH 1040 QL - Introduction to Statistics Credits: (3)
- MATH 3410 - Probability and Statistics I Credits: (3)
- SOC 3600 - Social Statistics Credits: (3)
- PSY 3600 - Statistics in Psychology Credits: (3)

Required Physics Courses

Select a minimum of 1 course from the following.
- PHYS 1010 PS - Elementary Physics Credits: (3)
- PHYS 2010 PS - College Physics I Credits: (5)
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)

Elective Support Courses

Select a minimum 4 courses from the following including at least 1 course in BTNY or MICR. Courses taken with separate labs count as 1 course.

Botany

- BTNY 1203 LS - Plant Biology Credits: (3)
- BTNY 2104 - Plant Form and Function Credits: (4)
- BTNY 2114 - Evolutionary Survey of Plants Credits: (4)
- BTNY 2303 - Ethnobotany Credits: (3)
- BTNY 3105 - Anatomy of Vascular Plants Credits: (4)
- BTNY 3204 - Plant Physiology Credits: (4)
- BTNY 3214 - Soils Credits: (4)
- BTNY 3454 - Plant Ecology Credits: (4)
- BTNY 3504 - Mycology Credits: (4)
- BTNY 3514 - Algology Credits: (4)
- BTNY 3523 - Marine Biology Credits: (3)
- BTNY 3624 - Taxonomy of Vascular Plants Credits: (4)
- BTNY 4113 - Plant Evolution Credits: (3)
Chemistry

- CHEM 2310 - Organic Chemistry I Credits: (4) with
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- CHEM 2320 - Organic Chemistry II Credits: (4) with
- CHEM 2325 - Organic Chemistry II Lab Credits: (1)
- CHEM 3070 - Biochemistry I Credits: (3)

Earth and Environmental Sciences

- GEO 3710 - Introduction to Geographic Information Systems Credits: (4)
- GEO 3840 - Remote Sensing: Principles and Methods Credits: (4)

Mathematics

- MATH 3450 - Advanced Statistical Methods Credits: (4)

Microbiology

- MICR 2054 LS - Principles of Microbiology Credits: (4)
- MICR 3053 - Microbiological Procedures Credits: (3)
- MICR 3203 - The Immune System in Health & Disease Credits: (3)
- MICR 3254 - Immunology Credits: (4)
- MICR 3305 - Medical Microbiology Credits: (5)
- MICR 3484 - Environmental Microbiology Credits: (4)
- MICR 3853 - Food Microbiology Credits: (3)
- MICR 4054 - Microbial Physiology Credits: (4)
- MICR 4554 - Virology Credits: (4)

Neuroscience

- NEUR 2950 - Introduction to Neuroscience Credits: (3)

Physics

- PHYS 2020 - College Physics II Credits: (5)
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)

Zoology

- ZOOL 2100 - Human Anatomy Credits: (4)
- ZOOL 2200 LS - Human Physiology Credits: (4)

Special Emphases

Pre-Medical Professional Training
Students considering application to medical, dental, veterinary, physical therapy, optometry, and pharmacy schools should consult the beginning of the College of Science section of this catalog. Furthermore, they should meet with the advisors of these programs, each of whom is listed in that section. The Department of Zoology offers lower and upper level courses that provide superb training for examinations such as the Medical College Admissions Test, as well as medical school courses. Students should meet with the appropriate advisor for specific course suggestions.

Ecological/Environmental Training

Students interested in ecologically or environmentally oriented careers should follow the Zoology major and select courses to fill their elective requirements from the following:

Zoology Course Electives

- ZOOL 3500 - Conservation Biology Credits: (3)
- ZOOL 4300 - Research Applications in Genetics Credits: (4)
- ZOOL 4470 - Wildlife Ecology and Management Credits: (4)
- ZOOL 4480 - Aquatic Ecology Credits: (4)
- ZOOL 4640 - Entomology Credits: (4)
- ZOOL 4650 - Ichthyology Credits: (4)
- ZOOL 4660 - Herpetology Credits: (4)
- ZOOL 4670 - Ornithology Credits: (4)
- ZOOL 4680 - Mammalogy Credits: (4)

Support Course Electives in Botany

- BTNY 3624 - Taxonomy of Vascular Plants Credits: (4)
- BTNY 3473 - Plant Geography Credits: (3)

Note:

Students desiring employment as a conservation officer should minor in Criminal Justice with a Law Enforcement concentration (see Department of Criminal Justice section of the catalog). Students desiring a career as a wildlife biologist or wildlife manager, or intending to pursue advanced studies in ecology or conservation biology following graduation (MS or PhD degrees), should minor in Botany. (Consult with the department secretary at 801-626-6165 for information about the advisor of this program.)
Zoology (BIS)

- **Grade Requirements:** A grade of "C-" or better in courses used toward the Zoology Emphasis in BIS.
- **Credit Hour Requirements:** A minimum of 18 credit hours in Zoology courses.
- **Program Code:** 6021
- **CIPC:** 260701

**Advisement**

Students must have their Zoology BIS Emphasis contract approved by the departmental advisor and the BIS program coordinator. Call 801-626-6165 for the departmental advisor's contact information. (Also refer to the Departmental Advisor Referral List.)

**Program Learning Outcomes**

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work -Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

**Course Requirements for BIS Emphasis**

**Zoology Courses Required (11 credit hours)**

- ZOOL 1110 LS - Principles of Zoology Credits: (4)
- ZOOL 2220 - Diversity of Animals Credits: (4)
- ZOOL 3720 - Evolution Credits: (3)

**Zoology BIS Emphasis Electives (7 credit hours)**

Select 7 credit hours of approved upper division Zoology courses (numbered 3000 and above).

**Note:**

ZOOL 2100 – Human Anatomy Credits: (4) and ZOOL 2200 – Human Physiology Credits: (4) may be used at half credit (2 credit hours per each) to fulfill elective credit hours in the Zoology BIS Emphasis.
Zoology Minor

- **Grade Requirements:** A grade of "C-" or better in courses used toward the minor.
- **Credit Hour Requirements:** Minimum of 19 credit hours in Zoology courses.
- **Program Code:** 6021
- **CIPC:** 260701

Course Requirements for Minor

Zoology Courses Required (11 Credit Hours)

- ZOOL 1110 LS - Principles of Zoology Credits: (4)
- ZOOL 2220 - Diversity of Animals Credits: (4)
- ZOOL 3720 - Evolution Credits: (3)

Zoology Minor Elective Courses (8 credit hours)

*Select 8 credit hours of Zoology courses at or above the 2000 level.*

- ZOOL 2100 - Human Anatomy Credits: (4)
- ZOOL 2200 LS - Human Physiology Credits: (4)
- ZOOL 3099 - Teaching the Human Anatomy Laboratory Credits: (3)
- ZOOL 3200 - Cell Biology Credits: (4)
- ZOOL 3300 - Genetics Credits: (4)
- ZOOL 3340 - Information Resources in the Life Sciences Credits: (2)
- ZOOL 3450 - Ecology Credits: (4)
- ZOOL 3470 - Zoogeography Credits: (3)
- ZOOL 3500 - Conservation Biology Credits: (3)
- ZOOL 3600 - Comparative Physiology Credits: (4)
- ZOOL 3730 - Population Biology Credits: (3)
- ZOOL 4050 - Comparative Vertebrate Anatomy Credits: (4)
- ZOOL 4100 - Vertebrate Embryology Credits: (4)
- ZOOL 4120 - Histology Credits: (4)
- ZOOL 4210 - Advanced Human Physiology Credits: (4)
- ZOOL 4220 - Endocrinology Credits: (4)
- ZOOL 4300 - Research Applications in Genetics Credits: (4)
- ZOOL 4350 - Animal Behavior Credits: (4)
- ZOOL 4470 - Wildlife Ecology and Management Credits: (4)
- ZOOL 4480 - Aquatic Ecology Credits: (4)
- ZOOL 4490 - Marine Ecology Credits: (4)
- ZOOL 4640 - Entomology Credits: (4)
- ZOOL 4650 - Ichthyology Credits: (4)
- ZOOL 4660 - Herpetology Credits: (4)
- ZOOL 4670 - Ornithology Credits: (4)
- ZOOL 4680 - Mammalogy Credits: (4)
- ZOOL 4900 - Topics in Zoology Credits: (1-4)
- ZOOL 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- ZOOL 4950 - Field Zoology Credits: (1-3)
- ZOOL 4990 - Seminar Credits: (1)

Maximum 2 credit hours from the following courses:

- ZOOL 4800 - Problems in Zoology Credits: (1-4)
- ZOOL 4820 - Human Physiology Laboratory Teaching Assistant Credits: (1)
- ZOOL 4830 - Readings in Zoology Credits: (1-4)
- ZOOL 4890 INT - Cooperative Work Experience Credits: (1-4)
College of Science Interdisciplinary Programs
Biology (AS)

Location: College of Science (Department of Botany, Department of Microbiology, and Department of Zoology)
Telephone: Botany (801) 626-6174; Microbiology (801) 626-6949; Zoology (801) 626-6165
Grade Requirements: Cumulative GPA of 2.00 or higher for all WSU work. No more than 20 credit hours of "D" grade may be applied toward graduation.
Credit Hour Requirements: Total of 61 credit hours are required.
  - Program Code: 6038AS
  - CIPC: 26.0101

Advisement

Students should meet with the advisor listed below for advisement on Biology A.S. courses:
Advisor: Monica Lindford
Office: TY 201A (College of Science Advising Center)
Phone: 801-626-6578
To schedule an appointment: cosadvising.youcanbook.me or "My Success Network" in Starfish (see College of Science Academic Advisement)

General Education

Students who plan to complete a B.S. in Botany, Microbiology, or Zoology or who are fulfilling pre-professional requirements should meet with the relevant program advisor or the College of Science advisor for guidance selecting CHEM, MATH, and electives. Refer to Degree Requirements for Associate of Science requirements. The following courses required for the Biology AS program will satisfy the quantitative core and life sciences portion of the general education requirements:

Students should complete the AS program in two years.

Program Learning Outcomes

- Students can articulate the fundamental similarities of life on earth.
- Students learn and practice fundamental lab skills in biology and chemistry.
- Students demonstrate how scientific knowledge is derived, reviewed, and communicated.
- Nature of Science. Scientific knowledge is based on evidence that is repeatedly examined, and can change with new information. Scientific explanations differ fundamentally from those that are not scientific.
- Integration of Science. All natural phenomena are interrelated and share basic organizational principles. Scientific explanations obtained from different disciplines should be cohesive and integrated.
- Science and Society. The study of science provides explanations that have significant impact on society, including technological advancements, improvement of human life, and better understanding of human and other influences on the earth's environment.
- Problem Solving & Data Analysis. Science relies on empirical data, and such data must be analyzed, interpreted, and generalized in a rigorous manner.
- Levels of Organization. All life shares an organization that is based on molecules and cells and extends to organisms and ecosystems
- Metabolism and homeostasis: Living things obtain and use energy, and maintain homeostasis via organized chemical reactions known as metabolism
- Genetics and evolution: Shared genetic processes and evolution by natural selection are universal features of all life
- Ecological interactions: All organisms, including humans, interact with their environment and other living organisms.

Requirements for AS Degree (61-63 credit hours)

Required Courses (26-28 credit hours)
One of the following Laboratory Safety Courses:
- BTNY 2600 - Laboratory Safety Credits: (1)
- CHEM 2600 - Laboratory Safety Credits: (1)
- GEO 2600 - Laboratory Safety Credits: (1)
- MICR 2600 - Laboratory Safety Credits: (1)
- PHYS 2600 - Laboratory Safety Credits: (1)

One of the following Math Courses:
- MATH 1040 QL - Introduction to Statistics Credits: (3)
- MATH 1050 QL - College Algebra Credits: (4)
- MATH 1080 QL - Pre-calculus Credits: (5)
- CHEM 1210 PS - Principles of Chemistry I Credits: (4)
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4)
- CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- BTNY 2104 - Plant Form and Function Credits: (4)
- MICR 2054 LS - Principles of Microbiology Credits: (4)
- ZOOL 1110 LS - Principles of Zoology Credits: (4)

*Alternative required courses suitable only for students pursuing a Botany major*
- CHEM 1110 PS - Elementary Chemistry Credits: (4)
- CHEM 1115 - Elementary Chemistry Lab Credits: (1)
- CHEM 1120 - Elementary Organic Bio-Chemistry Credits: (4)
- CHEM 1125 - Elementary Organic Bio-Chemistry Lab Credits: (1)

Additional General Education Requirements (22 credit hours)

Composition

Earn a "C" grade or better:
- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)

American Institutions

Select 1 of the following options and earn a "C" grade or better:
- POLS 1100 AI - American National Government Credits: (3)
- HIST 1700 AI - American History Credits: (3)
- ECON 1740 AI - Economic History of the United States Credits: (3)

Social Sciences

Select 6 credits and earn a passing grade:
- ANTH 1000 SS/DV - Introduction to Anthropology Credits: (3)
- ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3)
- ANTH 2030 SS - Principles of Archaeology Credits: (3)
- CJ 1010 SS - Introduction to Criminal Justice Credits: (3)
- ECON 1100 SS - Environmental Issues and Economic Policy Credits: (3)
- GEOG 1520 SS/DV/SUS - United States and Canada: Geography, Diversity and Change Credits: (3)
- GERT 1010 SS - Introduction to Gerontology Credits: (3)
- HLTH 1030 SS - Healthy Lifestyles Credits: (3)
- MIS 1100 SS - The Digital Society Credits: (3)
- POLS 2500 SS/DV - Human Rights in the World Credits: (3)
- PSY 1010 SS - Introductory Psychology Credits: (3)
- SOC 1010 SS/DV - Introduction to Sociology Credits: (3)
- SOC 1020 SS/DV - Social Problems Credits: (3)
- WGS 2500 SS/DV - Human Rights in the World Credits: (3)

Humanities & Creative Arts

Select 9 credits (with at least 3 credits from Humanities and at least 3 credits from Creative Arts) and earn a passing grade:

**Humanities**

- ANTH 1040 HU/DV - Language and Culture Credits: (3)
- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 2010 HU - Mass Media and Society Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- ENGL 2200 HU/DV - Introduction to Literature Credits: (3)
- ENGL 2710 HU/DV - Perspectives on Women's Literature Credits: (3)
- ENGL 3510 HU/DV - World Literature Credits: (3)
- ENGL 3520 HU - Literature of the Natural World Credits: (3)
- PHIL 1000 HU - Introduction to Philosophy Credits: (3)
- PHIL 1120 HU - Contemporary Moral Problems Credits: (3)
- PHIL 1250 HU - Critical Thinking Credits: (3)

**Creative Arts**

- ART 1030 CA - Studio Art for the Non-Art Major Credits: (3)
- CS 1010 CA - Introduction to Interactive Entertainment Credits: (3)
- ENGL 2250 CA - CW: Introduction to Creative Writing Credits: (3)
- ENGL 2270 CA - CW: Introduction to Writing Poetry Credits: (3)
- MUSC 1040 CA/DV - Music of World Cultures Credits: (3)
- THEA 1053 - Introduction to Technical Production Credits: (3)

**Information Literacy**

Complete an exam or course option (see table below) and earn a "C" grade or better for a course or a passing exam score:

- LIBS 1504 - Information Literacy Competency Exam Credits: (1)
- LIBS 1704 - Information Navigator Credits: (1)
- LIBS 2604 - Information Resources in Education Credits: (1)
- LIBS 2904 - Information Resources in the Health Professions Credits: (1)

**Electives**

Choose 13 or more credit hours from the following:

- BTNY 1403 LS SUS - Principles of Environmental Science Credits: (3-4)
- BTNY 2114 - Evolutionary Survey of Plants Credits: (4)
- BTNY 2121 - Career Planning for Botanists Credits: (1)
- BTNY 2303 - Ethnobotany Credits: (3)
- BTNY 2413 - Introduction to Natural Resource Management Credits: (3)
- CHEM 1200 - Preparation for College Chemistry Credits: (3)
- CHEM 2310 - Organic Chemistry I Credits: (4) and
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- CHEM 2320 - Organic Chemistry II Credits: (4) and
- CHEM 2325 - Organic Chemistry II Lab Credits: (1)
- ENGL 1010 EN1 - Introductory College Writing Credits: (3)
- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3) or
  GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3)
- MATH 1010 - Intermediate Algebra Credits: (4-5)
- MATH 1040 QL - Introduction to Statistics Credits: (3) (if not taken as required MATH course)
- MATH 1050 QL - College Algebra Credits: (4) (if not taken as required MATH course)
- MATH 1060 QL - Trigonometry Credits: (3)
- MATH 1210 - Calculus I Credits: (4)
- ZOOL 2100 - Human Anatomy Credits: (4)
- ZOOL 2200 LS - Human Physiology Credits: (4)
- ZOOL 2220 - Diversity of Animals Credits: (4)

Elective courses requiring advisor approval (career goals determine selection):
- PHYS 1010 PS - Elementary Physics Credits: (3)
- PHYS 2010 PS - College Physics I Credits: (5)
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)

WSU courses are new interdisciplinary, variable credit (3-5), team taught, and limited enrollment courses that satisfy requirements in two General Education areas (Core or Breadth). Must earn a passing grade.*

Students may take as many WSU Courses as they wish, but only the non-overlapping General Education attributes from subsequent WSU Courses will count toward General Education requirements.

Counts toward these two General Education areas:
- WSU 1450 CA/HU - Perspectives in Creative Arts and Humanities Credits: (3-5)
- WSU 1560 SS/HU - Perspectives in Social Science and Humanities Credits: (3-5)
Biology Composite Teaching (BS)

- **Program Prerequisite:** Must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** This major requires 120-124 credit hours. The student must also complete requirements for a secondary education license as determined by the Jerry and Vicki Moyes College of Education.
- **Program Code:** 6008BS
- **CIPC:** 131322

**Advisement**

Teaching majors are encouraged to consult with advisors in both the College of Science (call 801-626-6160) and the College of Education (call 801-626-6269).

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). Biology Composite Teaching majors must satisfy Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. The following courses required for the Biology Composite Teaching major also will satisfy general education requirements: MICR 2054, GEO 1110, CHEM 1110 or CHEM 1210, PHYS 1010, CHF 1500, COMM 1020, and MATH 1050.

**Program Learning Outcomes**

- **The Process of Science:** Students will use observational strategies to test hypotheses and critically evaluate experimental evidence.
- **Quantitative Reasoning:** Students will represent diverse experimental data sets graphically and apply statistical methods to them.
- **Communication:** Students will explain scientific concepts to different audiences and work collaboratively to explore biological problems.
- **Science and Society:** Students will develop biological applications to evaluate and address societal problems.
- **Evolution:** The diversity of life is the result of mutation, adaptation, and selection pressure over time.
- **Cellular Organization:** All living things consist of one or more cells, the units of structure, function, and reproduction.
- **Genetics:** All living things share basic genetic mechanisms, which are responsible for the organization and continuity of life.
- **Ecosystems:** All organisms are interconnected, interacting with each other as well as with their dynamic environment.
- **Structure and Function:** There is a relationship between molecular and organismal structure and function.
- **System Regulation:** Biological systems are governed by chemical transformations and homeostasis.

**Major Course Requirements for BS Degree**

**Biological Science Courses Required (46 credit hours)**

- **BTNY 2104 - Plant Form and Function** Credits: (4)
• BTNY 2114 - Evolutionary Survey of Plants Credits: (4)
• MICR 2054 LS - Principles of Microbiology Credits: (4)
• ZOOL 1110 LS - Principles of Zoology Credits: (4) and
• ZOOL 2220 - Diversity of Animals Credits: (4)
• ZOOL 2200 LS - Human Physiology Credits: (4) or
• ZOOL 3600 - Comparative Physiology Credits: (4)
• ZOOL 3300 - Genetics Credits: (4)
• ZOOL 3720 - Evolution Credits: (3) or
• BTNY 4113 - Plant Evolution Credits: (3)
• BTNY 3454 - Plant Ecology Credits: (4) or
• ZOOL 3450 - Ecology Credits: (4) or
• MICR 3154 - Microbial Ecology Credits: (4)
• BTNY 2600 - Laboratory Safety Credits: (1) or
• MICR 2600 - Laboratory Safety Credits: (1) or
• BTNY 3000+ - Electives (3) or
• ZOOL 3000+ - Electives (3) or
• MICR 3000+ - Electives (3)
• BTNY 3570 - Foundations of Science Education Credits: (3) or
• MICR 3570 - Foundations of Science Education Credits: (3) or
• ZOOL 3570 - Foundations of Science Education Credits: (3)
• ZOOL 4570 - Secondary School Science Teaching Methods Credits: (3) or
• BTNY 4570 - Secondary School Science Teaching Methods Credits: (3) or
• MICR 4570 - Secondary School Science Teaching Methods Credits: (3)
• BTNY 4800 - Individual Research Credits: (2) or
• MICR 4800 - Directed Research Credits: (1-2) or
• ZOOL 4800 - Problems in Zoology Credits: (1-4)

Support Courses Required (23-25 credit hours)

• CHEM 1110 PS - Elementary Chemistry Credits: (4)
• CHEM 1115 - Elementary Chemistry Lab Credits: (1)
• CHEM 1120 - Elementary Organic Bio-Chemistry Credits: (4)
• CHEM 1125 - Elementary Organic Bio-Chemistry Lab Credits: (1) OR
• CHEM 1210 PS - Principles of Chemistry I Credits: (4)
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
• CHEM 1220 - Principles of Chemistry II Credits: (4)
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
• PHYS 1010 PS - Elementary Physics Credits: (3) or
• PHYS 2010 PS - College Physics I Credits: (5)
• GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)
• MATH 1050 QL - College Algebra Credits: (4)
• HIST 3350 - History and Philosophy of Science Credits: (3)
Note:

*It is recommended that more advanced courses in Mathematics, Physics and Chemistry be taken, especially if graduate studies are planned. These should be discussed in advance with the advisor.*
Environmental Science (BS)

- **Program Prerequisite:** Not required.
- **Minor:** Though not required, students may benefit from completing a minor, especially one focused on developing workforce skills such as communication, data analytics, geospatial studies, or professional and technical writing. Students should consult with an advisor prior to adding a minor to their program of study.
- **Grade Requirements:** A grade of "C-" or better in courses required for the major (a grade of "D+" is not acceptable). A 2.00 overall GPA is required by the university for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation. Of this total, 58 credit hours in Environmental Science courses are required. Including the required support courses, 78-79 credit hours are required within the major. A total of 40 upper-division credit hours (courses numbered 3000 and above from any department) is required by the university for graduation.
- **Program Code:** 6066BS
- **CIP:** 030104

Advisement

All Environmental Science majors should meet with a faculty advisor at least annually for course and program advisement. New majors are strongly encouraged to meet with an advisor. Call 801-626-7139 for more information or to schedule an appointment. Use Grad MAPs to plan your degree

Admission Requirements

Declare your program of study (see Enrollment Services and Information) with the program advisor. There are no special admission or application requirements.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. The Quantitative Literacy (QL) requirement will be fulfilled by degree requirements (MATH 1050 QL or MATH 1080 QL or MATH 1210). The natural science breadth requirement (LS/PS) will be fulfilled by degree requirements. The required support course ECON 1100 SS will count towards the social science (SS) breadth requirement.

Program Learning Outcomes

- Demonstrate an interdisciplinary approach to complex problems using the basic tools from geoscience, biology, chemistry, mathematics, economics and social science.
- Be able to develop and test hypotheses through collecting data in the field and/or analyzing samples in the laboratory, including qualitative and quantitative analyses.
- Understand the human and natural environment in the Intermountain West in the context of the varying timescales at which Earth systems operate.
- Be able to work effectively as a member of a team and independently.
- Be able to effectively communicate complex problems, approaches, and solutions to both specialists and general audiences in written and oral formats.
- Demonstrate an understanding of interconnected Earth and human systems to reflect critically on their roles in the protection and management of our environment and climate.

Environmental Science Core Courses (35 credit hours)

- BTNY 1403 LS SUS - Principles of Environmental Science Credits: (3-4)
• BTNY 2600 - Laboratory Safety Credits: (1) or
• CHEM 2600 - Laboratory Safety Credits: (1) or
• GEO 2600 - Laboratory Safety Credits: (1) or
• MICR 2600 - Laboratory Safety Credits: (1) or
• PHYS 2600 - Laboratory Safety Credits: (1)

• GEO 1060 PS - Environmental Geosciences Credits: (3) or
• GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)

• GEO 1115 - Physical Geology Lab Credits: (1)
• GEO 3010 - Oceanography and Earth Systems Credits: (3)
• GEO 3710 - Introduction to Geographic Information Systems Credits: (4)
• GEO 4990 - Geoscience and Society Seminar Credits: (2)
• MICR 2054 LS - Principles of Microbiology Credits: (4)
• MICR 3502 SUS - Environmental Health Credits: (2)
• PHYS 2090 PS SUS - Energy and the Environment Credits: (3)

Either

• BTNY 2104 - Plant Form and Function Credits: (4) and
• BTNY 3454 - Plant Ecology Credits: (4)

OR

• ZOOL 1110 LS - Principles of Zoology Credits: (4) and
• ZOOL 3450 - Ecology Credits: (4)

Environmental Science Electives (24 credit hours minimum)

Select 24 additional Environmental Science elective credits, in consultation with your advisor, with at least 2 credits from each category. Some upper-division electives may have prerequisites not listed as an environmental science core or elective course. Those courses are marked with an asterisk (*) and students should consult with an academic advisor before adding them to their program of study.

Elective Category 1 - Ecology, Sustainability, & Natural Resources

• BTNY 2413 - Introduction to Natural Resource Management Credits: (3) or
• GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions Credits: (3) or
• GEOG 3060 SUS - Environmental Issues: Local to Global Impacts and Solutions Credits: (3)

• BTNY 3473 - Plant Geography Credits: (3) *
• BTNY 3624 - Taxonomy of Vascular Plants Credits: (4) *
• BTNY 3643 - Intermountain Flora Credits: (3)
• BTNY 4950 - Advanced Field Botany Credits: (3-5)
• MICR 3154 - Microbial Ecology Credits: (4)
• ZOOL 3470 - Zoogeography Credits: (3) *
• ZOOL 3500 - Conservation Biology Credits: (3) *
• ZOOL 4480 - Aquatic Ecology Credits: (4) *
• ZOOL 4490 - Marine Ecology Credits: (4) *
• ZOOL 4640 - Entomology Credits: (4) *

Elective Category 2 - Environmental Health & Planning
- MICR 3012 - Microbiology and Global Public Health Credits: (2)
- MICR 3403 - Tropical Diseases Credits: (3)
- MICR 3484 - Environmental Microbiology Credits: (4)
- MICR 4054 - Microbial Physiology Credits: (4) *
- ZOOL 4900 - Topics in Zoology Credits: (1-4) * (must be taken as Animal Toxicology)
- GEOG 3210 - Urban Geography: The How and Why of Cities Credits: (3) or
- GEOG 4410 SUS - Sustainable Land Use Planning Credits: (3) or
- SOC 3300 - Environment and Society Credits: (3)
- GEOG 4420 - Advanced Urban and Regional Planning Credits: (3)

Elective Category 3 - Earth Systems & Water Science

- BTNY 3214 - Soils Credits: (4) or
- GEO 3214 - Soils Credits: (4)
- GEO 3080 - Applied Hydrology Credits: (3)
- GEO 3150 - Geomorphology Credits: (4)
- GEO 3210 - Quaternary Environmental Change Credits: (3)
- GEO 3753 - Geomicrobiology Credits: (3) or
- MICR 3753 - Geomicrobiology Credits: (3)
- GEO 4080 - Groundwater and Environmental Assessment Credits: (4)
- GEO 4560 - Environmental Geochemistry Credits: (4) or
- CHEM 4560 - Environmental Geochemistry Credits: (4)
- GEOG 3050 - Weather and Climate: from daily storms to decades of drought Credits: (3) or
- GEOG 3080 - Arid Lands: Resources, Landforms, and the Quest for Water Credits: (3) or
- GEOG 3090 - Arctic and Alpine Environments Credits: (3)

Elective Category 4 - Laboratory, Data Analysis, & Workforce Skills

- CHEM 2310 - Organic Chemistry I Credits: (4)
- CHEM 2315 - Organic Chemistry I Lab Credits: (1)
- CHEM 3000 - Quantitative Analysis Credits: (4)
- CHEM 3050 - Instrumental Analysis Credits: (4)
- CHEM 3070 - Biochemistry I Credits: (3) and
- CHEM 3075 - Biochemistry I Lab Credits: (1)
- CHEM 3610 - Foundations in Inorganic Chemistry Credits: (4)
- GEO 3720 - Geospatial Analysis Credits: (4)
- GEO 3840 - Remote Sensing: Principles and Methods Credits: (4)
- GEO 4200 - Geospatial Data Acquisition Credits: (4)
- GEO 4840 INT - Geospatial Internship Credits: (1-3)
- GEOG 4400 - Cartography and Map Design Credits: (3)
- MATH 3450 - Advanced Statistical Methods Credits: (4)
- MATH 4400 - Statistical Analysis of Big and Small Data Credits: (3)
- MATH 4910 - Senior Research Project Credits: (3)
- BTNY 4800 - Individual Research Credits: (2) or
- CHEM 4800 - Research and Independent Study in Chemistry Credits: (1-3) or
• GEO 4800 CRE - Independent Research Credits: (1-3) or
• MICR 4800 - Directed Research Credits: (1-2) or
• PHYS 4800 - Individual Research Problems Credits: (1-3) or
• ZOOL 4800 - Problems in Zoology Credits: (1-4)

• BTNY 4890 INT - Cooperative Work Experience Credits: (1-6) or
• CHEM 4890 INT - Cooperative Work Experience Credits: (1-6) or
• GEO 4890 INT - Cooperative Work Experience Credits: (1-6) or
• MICR 4890 INT - Cooperative Work Experience Credits: (1-5) or
• PHYS 4890 INT - Cooperative Work Experience Credits: (1-6) or
• ZOOL 4890 INT - Cooperative Work Experience Credits: (1-4)

Required Support Courses (20-21 credit hours)

• MATH 1050 QL - College Algebra Credits: (4) or
• MATH 1080 QL - Pre-calculus Credits: (5) or
• MATH 1210 - Calculus I Credits: (4)

• MATH 1040 QL - Introduction to Statistics Credits: (3) or
• MATH 3410 - Probability and Statistics I Credits: (3) or
• SOC 3600 - Social Statistics Credits: (3) or
• PSY 3600 - Statistics in Psychology Credits: (3)

• CHEM 1210 PS - Principles of Chemistry I Credits: (4)
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
• CHEM 1220 - Principles of Chemistry II Credits: (4)
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
• ECON 1100 SS - Environmental Issues and Economic Policy Credits: (3)
Physical Science Composite Teaching (BS)

- **Program Prerequisite:** Composite Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation on Degree Requirements.
- **Credit Hour Requirements:** A total of 120 credit hours are required for graduation; a minimum of 69 of these is required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); a minimum of 13 of these is required within the major.
- **Program Code:** 6009BS
- **CIPC:** 131399

Advisement

Teaching majors are encouraged to consult with advisors in both the College of Science (call 801-626-6160) and the College of Education (call 801-626-6269). (Also refer to the Department Advisor Referral List.) Students in this program should work closely with their advisor to ensure their teaching endorsements in multiple subject areas within physical science.

Admission Requirements

Declare your program of study. Physical Science Composite Teaching majors must satisfy Teacher Education admission and licensure requirements (see Teacher Education Department).

General Education

Refer to Degree Requirements for Bachelor of Science requirements. The following courses required for this major will satisfy physical science general education requirements: CHEM 1210, GEO 1110 and PHYS 2210.

Program Learning Outcomes

- Presentation skills. Physics majors should be able to express (orally and in writing) their understanding of core physical principles, the results of experiments, and their analysis of physical problems.
- Laboratory skills. Physics majors should be competent experimentalists. They should be able to design and set up an experiment, collect and analyze data, identify sources of error, and interpret their result and connect it to related areas of physics.
- Computer skills. Physics majors should be competent users of basic software, such as word processing, spreadsheet, and graphing programs. They should also have an understanding of the fundamental aspects of a programming and/or computer algebra language (Fortran, C++, Mathematica, etc.).
- Problem-solving skills. Physics majors should be competent problem-solvers. They should be able to identify the essential aspects of a problem and formulate a strategy for solving the problem. They should be able to estimate the solution to a problem, apply appropriate techniques to arrive at a solution, test the correctness of their solution, interpret their result and connect it to related areas of physics.
- Physics majors should be adequately trained to apply their physics experience and knowledge to analyze new situations.
- All physics students (majors, minors, support, and Gen Ed students) should understand the nature of science, as assessed by questionnaires, interviews, and student focus groups.
- General Education students should understand several core concepts of physics.
- Physics Teaching majors and Elementary Teaching majors should have an appropriate knowledge of physics and a variety of teaching strategies to accommodate the multiple learning styles of their students.
Major Course Requirements for BS Degree

Required Courses (minimum of 69 credit hours)

Physics Courses (19 credit hours)
- PHYS 1040 PS - Elementary Astronomy Credits: (3)
- PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)
- PHYS 2220 - Physics for Scientists and Engineers II Credits: (5)
- Physics electives PHYS 2300 and above (6)

Geology Courses (17 credit hours)
- GEO 1060 PS - Environmental Geosciences Credits: (3)
- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3)
- GEO 1115 - Physical Geology Lab Credits: (1)
- GEO 1130 PS - Introduction to Meteorology Credits: (3)
- GEO 1220 - Historical Geology Credits: (4)
- GEO 3010 - Oceanography and Earth Systems Credits: (3) or GEO 3210 - Quaternary Environmental Change Credits: (3)

Chemistry Courses (14-15 credit hours)
- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
  CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
- CHEM 1220 - Principles of Chemistry II Credits: (4) and
  CHEM 1225 - Principles of Chemistry II Lab Credits: (1)
- CHEM 2310 - Organic Chemistry I Credits: (4) and
  CHEM 2315 - Organic Chemistry I Lab Credits: (1)
  or
  CHEM 3000 - Quantitative Analysis Credits: (4)

General Science Courses (8 credit hours)
- PHYS 2600 - Laboratory Safety Credits: (1) or
- CHEM 2600 - Laboratory Safety Credits: (1) or
- GEO 2600 - Laboratory Safety Credits: (1)
- PHYS 3570 - Foundations of Science Education Credits: (3) or
- CHEM 3570 - Foundations of Science Education Credits: (3) or
- GEO 3570 - Foundations of Science Education Credits: (3)
- PHYS 4570 - Secondary School Science Teaching Methods Credits: (3) or
- CHEM 4570 - Secondary School Science Teaching Methods Credits: (3) or
- GEO 4570 - Secondary School Science Teaching Methods Credits: (3)
- PHYS 4800 - Individual Research Problems Credits: (1-3) (1 credit hour required) or
CHEM 4800 - Research and Independent Study in Chemistry Credits: (1-3) (1 credit hour required) or
GEO 4800 CRE - Independent Research Credits: (1-3) (1 credit hour required)

Science Support Courses (11 credit hours)

- HIST 3350 - History and Philosophy of Science Credits: (3)
- MATH 1210 - Calculus I Credits: (4) and
- MATH 1220 - Calculus II Credits: (4)

Note:

Students must also complete the Teacher Education Licensure Program.
Biology Teaching Minor

This minor replaces and is a consolidation of the Botany and Zoology Teaching Minors.

- **Grade Requirements**: A grade of "C-" or better in courses used towards the minor.
- **Credit Hour Requirements**: A minimum of 47 credit hours. Students who select the Biology Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Program Code**: 6002
- **CIPC**: 131322

Course Requirements for Biology Teaching Minor

Science Courses Required (39 credit hours)

- ZOOL 1110 LS - Principles of Zoology Credits: (4)
- ZOOL 2220 - Diversity of Animals Credits: (4)
- BTNY 2104 - Plant Form and Function Credits: (4)
- BTNY 2114 - Evolutionary Survey of Plants Credits: (4)
- MICR 2054 LS - Principles of Microbiology Credits: (4)
- ZOOL 3300 - Genetics Credits: (4)
- ZOOL 3600 - Comparative Physiology Credits: (4) or
- ZOOL 2200 LS - Human Physiology Credits: (4)
- MICR 3154 - Microbial Ecology Credits: (4) or
- BTNY 3454 - Plant Ecology Credits: (4) or
- ZOOL 3450 - Ecology Credits: (4)
- BTNY 3570 - Foundations of Science Education Credits: (3) or
- MICR 3570 - Foundations of Science Education Credits: (3) or
- ZOOL 3570 - Foundations of Science Education Credits: (3)
- BTNY 4570 - Secondary School Science Teaching Methods Credits: (3) or
- MICR 4570 - Secondary School Science Teaching Methods Credits: (3) or
- ZOOL 4570 - Secondary School Science Teaching Methods Credits: (3)
- BTNY 2600 - Laboratory Safety Credits: (1) or
- MICR 2600 - Laboratory Safety Credits: (1)

Required Support Courses (8 credit hours)

- HIST 3350 - History and Philosophy of Science Credits: (3)
- CHEM 1110 PS - Elementary Chemistry Credits: (4) and
- CHEM 1115 - Elementary Chemistry Lab Credits: (1)
  OR
- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
College of Social & Behavioral Sciences

Dr. Julie Rich, Dean

The College of Social and Behavioral Sciences is dedicated to studying behavior and thought in their individual, social, cultural, physical, and historical contexts, and to the beneficial application of this knowledge. The College prepares students for productive careers and engaged citizenship through general education instruction, and major, minor and interdisciplinary programs which emphasize critical and scientific thinking. Through teaching, scholarship, and service, the College's faculty aims to enhance social justice, environmental awareness, and the quality of life in northern Utah and beyond.

Dean: Dr. Julie Rich
Associate Dean: Dr. Brent Horn
Telephone Contact: Tracy Hicks 801-626-6232
Location: Lindquist Hall, Room 161

College Advisors: Nicholas Ferre, Britnee Ramirez, Christy Cottrell
Telephone: 801-626-7809
Locations: Lindquist Hall, Rooms 151, 157, 158

Department Chairs/Directors

Criminal Justice: Dr. Molly Sween 801-626-7293
Geography, Environment and Sustainability: Dr. Eric Ewert 801-626-6197
History: Dr. Sara Dant 801-626-6699
Political Science & Philosophy: Dr. Mary Beth Willard 801-626-6694
Psychological Science: Dr. Aaron Ashley 801-626-8743
Social Work & Gerontology: Dr. Mark O. Bigler 801-626-6156
Sociology & Anthropology: Dr. Huiying Hill 801-626-7888

ROTC Units 801-581-6236
Aerospace Studies: Lt Col Angelique P. Brown (SLC) 801-581-6236
or contact the College of Social & Behavioral Sciences 801-626-6232
Military Science: Lieutenant Colonel Angelique A. Pifer 801-626-6938

Social Science Education Center

Director: Dr. Stephen Francis
Location: Lindquist Hall, Room 273
Telephone: 801-626-6781
The Social Science Education Center was initiated and organized in 1990 to promote, coordinate, and encourage social science education. The faculty of the College of Social & Behavioral Sciences, the College of Education, public and private schools and their respective districts collaborate in programs and activities designed to improve and enhance the teaching of the Social Sciences. This includes seminars for social science teachers in the area and presentations by Weber State University professors.

The Olene S. Walker Institute of Politics and Public Service

Directors: Devin Wiser and Leah Murray
Location: Lindquist Hall, Room 167
Telephone: 801-626-6252
Email: walkerinstitute@weber.edu
The non-partisan Walker Institute is committed to upholding the highest standards of American democracy and providing a visible and vibrant hub of political engagement for the Weber State University community. Through forums, workshops, seminars, symposiums and panel discussions, the Walker Institute strives to bring a better understanding of the political process.
to students and community members. The Walker Institute is dedicated to the training of future leaders by inspiring students to embrace public service and engaging them in internship opportunities at the local, state and national levels.

The Richard Richards Institute for Ethics

**Director:** Dr. Richard Greene  
**Location:** Lindquist Hall, Room 132  
**Telephone:** 801-626-6694  

The Richard Richards Institute for Ethics was established in 2007 in order to promote ethical leadership in both private industry and government. It works to do so via outreach and education by offering scholarship opportunities to high school and college students, hosting workshops and ethics related activities for community members, and by acknowledging and honoring those leaders of our community who exemplify the highest ethical ideals and standards.

Aerospace Studies (Air Force ROTC)

Weber State provides a program in Aerospace Studies (Air Force) through an inter-campus agreement with the University of Utah. Students may minor in Aerospace Studies by satisfying requirements identified.  

**Chair:** Lt Col Angelique P. Brown (SLC)  
**Location:** Building 4, Room 421J  
**Telephone Contact:** 801-626-7649 or 801-581-6236  
**Professor:** Lt Col Michael Eliason  
**Assistant Professor:** Capt Daniel Luczak  

The Department of Aerospace Studies offers two, three, and four-year programs through the Air Force Reserve Officer Training Corps (AFROTC). These provide matriculated students an opportunity to earn commissions as officers in the U.S. Air Force in conjunction with completing bachelor's degree requirements in academic fields of the students' choice. AFROTC provides education that develops abilities and attitudes vital to the career of a professional Air Force officer and gives an understanding of the mission and the global responsibilities of the U.S. Air Force.  

The Department of Aerospace Studies offers academic preparation in interdisciplinary areas including communication skills, Air Force history, leadership and management principles and practices, decision-making theory and policy formulation, ethics and values, socialization process within the armed services, national and international relations, national defense structure, national security policy, and military law. Entry into the General Military Course (GMC) during the first two years of AFROTC is open to all students. Entry into the Professional Officer Course (POC) during the final two years is selective and is normally initiated during the student's sophomore year. Potential candidate should contact the faculty for the most current information.

Undergraduate Program

**General Requirements.** Enrollment is open to men and women who:

1. Are U.S. citizens or applicants for naturalization. (Non-U.S. citizens may participate in the General Military Course for academic credit only.)
2. Are at least 14 years of age.
3. Are enrolled as full-time students in a program leading to an academic degree (bachelor's degree or higher).

**Additional qualifications for admittance to the Professional Officer Course include:**

4. Complete 1 through 3, above, plus the following:
   - The General Military Course (four-year program) and a four-week field training course, or a six-week field training course (two-year program).
5. Complete all commissioning requirements prior to the following:
   - Age 29 if a pilot or navigator candidate, or
   - Age 35 for all other categories. Waivers to extend the maximum age may be granted on a case-by-case basis.
6. Meet the physical standards for general military service.
7. Attain the current minimum scores on the Air Force Officer Qualifying Test.
8. Have a recommendation from a board of Air Force officers.
9. Are at least 17 years old and enlist in the Air Force Reserve prior to entering the POC.

**Commissioning Requirements.** The requirements for commissioning include successful completion of the Professional Officer Course and field training, completion of a bachelor's or higher degree, and acceptance of a commission in the U.S. Air Force.

**Service Obligation.** There is no military service commitment for students in the General Military Course unless the student has an AFROTC scholarship. Those entering the Professional Officer Course incur an active-duty service commitment of not less than four (4) years after receiving a commission. POC graduates who are navigator candidates agree to serve six (6) years of
active duty after graduation from navigator training. POC graduates who are pilot candidates accept ten (10) years of active duty service after graduation from pilot training.

**Financial Aid.** All AFROTC contracted cadets receive a monthly tax free allowance depending on their student status (Freshman, Sophomore, Junior, or Senior).

**Uniforms and Texts.** All Air Force texts and uniforms are furnished at no expense to the student.

**Scholarships.** AFROTC scholarships are available to qualified applicants in two, three and four-year programs. Each scholarship provides full tuition*, laboratory and incidental fees, and limited reimbursement for curriculum-required textbooks. In addition, scholarship cadets receive a nontaxable cash allowance each month during the academic year while on scholarship status. Scholarships are available on a competitive basis for two, two and one-half, three, or three and one-half years. Applications for scholarships should be made directly to the Professor of Aerospace Studies, 1901 E. South Campus Drive, Room 2009.

*to $9,000
AFROTC Programs

Two basic routes to an Air Force Commission are available to college students in the AFROTC. Entering students may enroll in the AFROTC four-year program, and those with at least two academic years remaining may apply for the two-year program. Students having an intermediate amount of school remaining (e.g., three years) may enroll in an adjusted four-year program.

**Four-Year Program.** Matriculated students may pursue the four-year program. Enrollment procedures for the first two years of AFROTC, known as the General Military Course, are the same as for any other college course. The GMC consists of one hour of course work and two hours of leadership laboratory each week.

During the sophomore year, cadets may apply for the last two years of the program, the Professional Officer Course. Requirements for entry into the POC are listed earlier under General Requirements. If selected for the POC, GMC cadets are scheduled to attend a four-week field training course at an Air Force base during the summer months.

Students enrolled in AFROTC may major in any field.

**Two-Year Program.** For entry into the two-year program, two academic years must remain at the undergraduate or graduate level, or a combination of the two. Two-year program applicants must qualify by meeting the same criteria as students in the General Military Course who are applying for POC entry. (See General Requirements.) Each applicant must successfully complete a six-week field training course at an Air Force base during the summer months. This course provides academic and military preparation for entry into the POC. Those fulfilling all requirements, including the successful completion of field training, complete enrollment procedures upon return to campus. Application for the two-year program should be made early in the academic year (normally sophomore year) so that requirements may be completed in time for assignment to summer field training.

*Note: Classes are held at the University of Utah.*
Aerospace Studies (Air Force ROTC) Minor

- Grade Requirements: The cumulative grade-point average (GPA) for all courses used toward the minor must be 2.0 or greater, with no course grade lower than a C-.
- Credit Hour Requirements: A minimum of 16 hours credit hours in departmental classes, 12 of which must be upper division.
- Program Code: 7022
- CIPC: 280101

Advisement

All Aerospace Studies students are required to meet with a faculty advisor at least semi-annually for course and program advisement. Call (801) 581-6236 for more information or to schedule an appointment.

Admission Requirements

Enrollment in any of the upper division, directed studies, or leadership lab classes requires approval of the department. Contact (801) 581-6236 for more information.

Course Requirements for Minor

Basic Courses: (C- or better)

- AERO 1010 - Foundations of USAF I Credits: (1)
- AERO 1011 - Foundations of USAF II Credits: (1)
- AERO 2010 - Airpower History I Credits: (1)
- AERO 2011 - Airpower History II Credits: (1)

Upper division courses: (C- or better)

- AERO 3010 - Leadership Studies I Credits: (3)
- AERO 3011 - Leadership Studies II Credits: (3)
- AERO 4010 - National Security Affairs I Credits: (3)
- AERO 4011 - National Security Affairs II Credits: (3)

Note:

Completion of 6-week Field Training (AERO 3000) or two or more years active duty as an enlisted member in the United States Air Force may result in exemption from the basic courses.
Department of Criminal Justice

**Department Chair:** Molly Sween  
**Location:** Social Science Building, Room 218  
**Telephone Contact:** Shellie Weeks 801-626-6146

**Professors:** Bruce Bayley, Brent Horn; **Associate Professors:** Mark Denniston, Heeuk "Dennis" Lee, Bradford Reyns, Molly Sween, Monica Williams; **Assistant Professors:** Michelle Jeffs, Mckenzie Wood; **Instructors:** Jean Kapenda, Paul Rimmasch

The Criminal Justice program provides students with a liberal education, while offering academic preparation through an expanded emphasis on criminal justice education. The program also offers a basis for graduate study and seeks to contribute significantly to the improvement of the quality of justice administration.

Criminal justice agencies in the recent past have established advanced academic standards. Education is becoming a more meaningful factor in selection of law enforcement, corrections, and security personnel for initial employment, promotion, and administrative roles.
Criminal Justice (AS)

- **Grade Requirements:** A grade of "C" or better in courses required for an Associate's Degree in Criminal Justice in addition to an overall GPA for these courses of 2.50 or higher. Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** 60 total hours are required, including at least 21 Criminal Justice credits (CJ prefix).
- **Program Code:** 7004AS
- **CIPC:** 430104

Advisement

All Criminal Justice students are encouraged to meet with a faculty advisor at least annually for course and program advisement. Visit the Criminal Justice Department web page or call 801-626-6146 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program.

General Education

Refer to Degree Requirements for Associate's Degree requirements.

Program Learning Outcomes

- Recognize the key historical, theoretical, and practical components of contemporary corrections.
- Identify the fundamental concepts of criminal law as they are applied in the courts.
- Recognize the key historical, theoretical, and practical components of contemporary policing.

Major Course Requirements for AS Degree

**Criminal Justice Required Courses (12 credit hours)**

- CJ 1010 SS - Introduction to Criminal Justice **Credits:** (3)
- CJ 1300 - Corrections: History, Theory and Practice **Credits:** (3)
- CJ 1330 - Criminal Law and Courts **Credits:** (3)
- CJ 2300 - Policing: History, Theory and Practice **Credits:** (3)

**Criminal Justice Elective Courses (9 credit hours)**

Select 9 additional credit hours from Criminal Justice (CJ prefix) courses. Students may not use CJ 4830 Directed Readings or CJ 4950 Field Trips/Travel Study to fill this requirement.
Forensic Science Fundamentals Certificate of Proficiency

The Certificate of Proficiency in Forensic Science Fundamentals provides a foundational basis to understand the interface between natural science and justice systems. This program is designed to augment physical, life and health science programs of study by providing theory and skills for graduates seeking employment in the governmental or commercial forensic science sector.

- **Program Admission and Prerequisites**: There are no special admission requirements. Students entering the certificate program must have fundamental college level math and science preparation completed prior to registering for CHEM 1210/1215.
- **Grade Requirements**: A minimum grade of "C" in all courses counted toward completion of the certificate (no "C-" grades allowed).
- **Credit Hour Requirements**: A total of 29 credit hours is required for completion of the certificate program. CJ 1010, COMM 1020, CHEM 1210/1215, MICR 2054, and ZOOL 1110 satisfy WSU General Education Requirements. A minimum of 14 credit hours in the program must be completed at Weber State University.

**Program Code**: 7050CP
**CIPC**: 430106

Advisement

All declared Forensic Science Fundamental students are assigned to the Director of Forensic Science Programs in the Department of Criminal Justice for advising. Courses should be completed in conjunction with your major program of study. Your science major advisor and the Director of Forensic Science Programs can assist you in planning completion of the certificate program. Questions about the program can be directed to the Director of Forensic Science Programs (Dr. Brent Horn, 801-626-8843) or the Department of Criminal Justice (801-626-6146).

**Program Learning Outcomes**

- Recognize the key elements of the criminal justice system
- Describe the interface between the forensic scientist, physical evidence, and the criminal justice system
- Orally communicate comfortable in front of an audience
- Understand fundamental concepts of chemistry and biology

**Required Program Courses**

- CJ 1010 SS - Introduction to Criminal Justice **Credits**: (3)
- CJ 1350 - Introduction to Forensic Science **Credits**: (3)
- CJ 2350 - Laws of Evidence **Credits**: (3)
- CJ 3120 - Professional Practice for the Forensic Expert **Credits**: (3)
- COMM 1020 HU - Principles of Public Speaking **Credits**: (3)
- CHEM 1210 PS - Principles of Chemistry I **Credits**: (4)
- CHEM 1215 - Principles of Chemistry I Lab **Credits**: (1)
- CHEM 1220 - Principles of Chemistry II **Credits**: (4)
- CHEM 1225 - Principles of Chemistry II Lab **Credits**: (1)

Either:

- MICR 2054 LS - Principles of Microbiology **Credits**: (4) ;or
- ZOOL 1110 LS - Principles of Zoology **Credits**: (4)
Juvenile Justice Certificate of Proficiency

The Certificate of Proficiency in Juvenile Justice provides a strong theoretical and applied foundation for those interested in the American juvenile justice system. This interdisciplinary program builds upon the basic elements of the American criminal justice system by incorporating coursework from allied social sciences disciplines relevant to juvenile delinquency, juvenile courts, and human dynamics.

- **Program Admission and Prerequisites:** The program is open to all majors and has no special admissions prerequisites or requirements.
- **Grade Requirements:** A minimum grade of "C" in all courses counted towards the completion of the certificate (no "C-" or lower grades allowed).
- **Credit Hour Requirements:** A total of 18-19 credit hours is required for completion of the certificate program.
- **Program Code:** 7052CP
- **CIPC:** 430110

Advisement

All advising for the Certificate of Proficiency in Juvenile Justice will be conducted by Criminal Justice Advisors working through the Department of Criminal Justice (801-626-6146).

Program Learning Outcomes

- Recognize the elements of juvenile criminal behavior
- Identify the differences in criminal procedures and proceedings between adult and juvenile court
- Demonstrate how other criminal justice and liberal arts fields intersect with the juvenile justice system

Required Program Courses (10 hours)

- CJ 1010 SS - Introduction to Criminal Justice Credits: (3)
- CJ 2330 - Juvenile Justice Credits: (3)
- CJ 2360 - Juvenile Law and Procedure Credits: (3)
- CJ 2862 INT - Juvenile Justice Capstone Credits: (1-3)

Elective Courses (8-9 hours)

Select one (1) of the discipline categories below and take the three classes listed.

Child and Family Studies

- CHF 2400 SS/DV - Family Relations Credits: (3)
- FAM 3350 - Diverse Families Credits: (3)
- FAM 4400 - The Family in Stress Credits: (3)

Communication

- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- COMM 3000 - Communication Theory Credits: (3)
- COMM 3060 - Listening and Interviewing Credits: (3)

Psychology
• PSY 1010 SS - Introductory Psychology Credits: (3)
• PSY 3020 - Child and Adolescent Psychopathology Credits: (3)
• PSY 3140 - Adolescent Psychology Credits: (3)

Social Work

• SW 1010 SS CEL - Introduction to Generalist Social Work Credits: (3)
• SW 2100 SS - Human Behavior and the Social Environment I Credits: (3)
• SW 3200 - Child and Family Welfare Credits: (2)

Sociology

• SOC 1020 SS/DV - Social Problems Credits: (3)
• SOC 2600 - Sociology of Family Credits: (3)
• SOC 3260 - Juvenile Delinquency Credits: (3)
Victim Advocacy Certificate of Proficiency

The Certificate of Proficiency in Victim Advocacy provides a strong theoretical and applied foundation for those interested in assisting victims of crime. This interdisciplinary program builds upon the basic elements of the American criminal justice system by incorporating coursework from allied social sciences disciplines relevant to crime, courts, and human dynamics.

- **Program Admission and Prerequisites:** The program is open to all majors and has no special admissions prerequisites or requirements.
- **Grade Requirements:** A minimum grade of "C" in all courses counted towards the completion of the certificate (no "C-" or lower grades allowed).
- **Credit Hour Requirements:** A total of 19-21 credit hours is required for completion of the certificate program.
- **Program Code:** 7053CP
- **CIPC:** 430199

Advisement

All advising for the Certificate of Proficiency in Victim Advocacy will be conducted by Criminal Justice Advisors working through the Department of Criminal Justice (801-626-6146).

Program Learning Outcomes

- Identify the stages of a case through the criminal court process
- Describe the factors that influence, and the resulting consequences of, criminal victimization
- Demonstrate how the principles of criminal justice and social science apply to the assistance of crime victims

Required Program Courses

- CJ 1010 SS - Introduction to Criminal Justice Credits: (3)
- CJ 2400 - Criminal Court Process Credits: (3)
- CJ 3300 - Victimology Credits: (3)
- CJ 2861 INT - Victim Advocacy Capstone Credits: (1-3)

Select one of the following:

- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- PSY 2020 - Mental Health Awareness Credits: (3)
- SW 2200 SS/DV - Issues in Diversity Credits: (3)

Elective Courses (6 credits)

Select six credit hours from the following:

- FAM 4400 - The Family in Stress Credits: (3)
- CJ 1340 - Criminal Investigation Credits: (3)
- CJ 2350 - Laws of Evidence Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- PSY 1010 SS - Introductory Psychology Credits: (3)
- PSY 2020 - Mental Health Awareness Credits: (3)
- PSY 3850 - Forensic Psychology Credits: (3)
- SOC 1020 SS/DV - Social Problems Credits: (3)
- SOC 3000 - Self and Society Credits: (3)
- SW 1010 SS CEL - Introduction to Generalist Social Work Credits: (3)
- SW 2100 SS - Human Behavior and the Social Environment I Credits: (3)
• SW 2200 SS/DV - Issues in Diversity Credits: (3)
Criminal Justice (BS)

- **Program Prerequisite:** Not required.
- **Minor:** Not required. Students are encouraged to complete a minor that compliments their career goals.
- **Grade Requirements:** A grade of "C" or better in courses required for a Bachelor's Degree in addition to an overall GPA for these courses of 2.50 or higher. Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; of which 40 hours must be upper division credit hours (courses numbered 3000 and above). A minimum of 46 Criminal Justice credit hours are required for the Criminal Justice Concentration. A minimum of 79-82 credit hours (including 49 Criminal Justice credit hours) are required for the Crime Scene Investigation Concentration.
- **Program Code:** 7004BS with Concentration code Criminal Justice (7045), Crime Scene Investigation (7046).
- **CIPC:** 430104 with Concentration code Criminal Justice (430104), Crime Scene Investigation (430111).

**Advisement**

All Criminal Justice students are encouraged to meet with a faculty advisor at least annually for course and program advisement. Students are encouraged to take CJ 4860-Criminal Justice Internship, and complete a minor as a way to complete their upper division course requirement. Visit the Criminal Justice Department web page or call 801-626-6146 for more information or to find an advisor. (Also refer to the Department Advisor Referral List).

Students with an interest in forensic science lab work should consider the Forensic Science Fundamentals Certificate of Proficiency and meet with the Director of the Forensic Science Programs.

**Admission Requirements**

Declare your program of study. No special admission or application requirements are needed for this program. Students with a criminal history may be precluded from participating in certain forensic science courses and should see the Director of Forensic Science Programs for advisement prior to selecting this program of study.

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. The following course required for the Criminal Justice major will also satisfy general education requirements: CJ 1010 SS. Students selecting the Crime Scene Investigation Concentration should complete general education requirements by taking the following support courses: CHEM 1110 PS, CHEM 1210 PS, PHYS 1010 PS, PHYS 2010 PS, PHYS 2210 PS, MATH 1040 QL, ZOOL 1020 LS, ANTH 1020 LS/DV, HTHS 1110 LS, ART 2450 CA and/or COMM 1020 HU.

**Program Learning Outcomes**

- Recognize the key historical, theoretical, and practical components of contemporary corrections.
- Identify the fundamental concepts of criminal law as they are applied in the courts.
- Recognize the key historical, theoretical, and practical components of contemporary policing.
- Distinguish between the major theories of crime causation.
- Distinguish between the various types, consequences, and theories of victimization.
- Recall the fundamental concepts of social science statistics.
- Distinguish between the key constitutional rights that impact the contemporary criminal justice system.
- Distinguish between the major theories of ethics.
- Recall the fundamental principles of social science research methodology.

**Major Course Requirements for BS Degree**
Criminal Justice Foundation (9 credit hours)

- CJ 1010 SS - Introduction to Criminal Justice Credits: (3)
- CJ 1330 - Criminal Law and Courts Credits: (3)
- CJ 4200 - Ethical Issues in Criminal Justice Credits: (3)

Select a Concentration:

Criminal Justice Concentration

Criminal Justice Depth (19 credit hours)

- CJ 1300 - Corrections: History, Theory and Practice Credits: (3)
- CJ 2300 - Policing: History, Theory and Practice Credits: (3)
- CJ 3270 - Theories of Crime and Delinquency Credits: (3)
- CJ 3300 - Victimology Credits: (3)
- CJ 3610 - Research Methods in Criminal Justice Credits: (3)
- CJ 4165 - Constitutional Rights Credits: (3)
- CJ 4995 - Criminal Justice Senior Assessment Credits: (1) (to be taken after completion of foundation and depth courses)

Criminal Justice Electives (18 credit hours)

- Select 18 credit hours from courses with a CJ prefix. Students may not use CJ 1070 or CJ 1080 to complete the elective requirements. Additionally, students may not use more than 6 credit hours of internship courses (CJ 2860, CJ 2861, CJ 2862, CJ 4860, or CJ 4861) for the CJ electives.

Crime Scene Investigation Concentration

Graduation approval from the forensic science program director after completion of a program portfolio is required of students selecting this program of study.

Core Crime Scene Investigation (40 credit hours)

- CJ 1340 - Criminal Investigation Credits: (3)
- CJ 1350 - Introduction to Forensic Science Credits: (3)
- CJ 2340 - Crime Scene Investigation Credits: (3)
- CJ 2350 - Laws of Evidence Credits: (3)
- CJ 3120 - Professional Practice for the Forensic Expert Credits: (3)
- CJ 3340 - Crime Scene Photography Credits: (3)
- CJ 3344 - Advanced Forensic Photography Credits: (3)
- CJ 4110 - Physical Methods in Forensic Science Credits: (4)
- CJ 4115 - Friction Ridge Analysis Credits: (4)
- CJ 4116 - Friction Ridge Development Credits: (4)
- CJ 4125 - Research Methods in Forensic Science Credits: (4)
- CJ 4165 - Constitutional Rights Credits: (3)

CSI Support (30-33 credit hours)

- ART 2450 CA - Foundations of Photography: Color/Digital Credits: (3)
- MATH 1040 QL - Introduction to Statistics Credits: (3)
• COMM 1020 HU - Principles of Public Speaking Credits: (3)

Either
• HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) and
• HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
or
• ZOOL 1020 LS - Human Biology Credits: (3) and
  ZOOL 2100 - Human Anatomy Credits: (4)
or
• ANTH 1020 LS/DV - Biological Anthropology Credits: (3) and
  ZOOL 2100 - Human Anatomy Credits: (4)

Either
• CHEM 1110 PS - Elementary Chemistry Credits: (4)
• CHEM 1115 - Elementary Chemistry Lab Credits: (1)
• CHEM 1120 - Elementary Organic Bio-Chemistry Credits: (4)
• CHEM 1125 - Elementary Organic Bio-Chemistry Lab Credits: (1)
or
• CHEM 1210 PS - Principles of Chemistry I Credits: (4)
• CHEM 1215 - Principles of Chemistry I Lab Credits: (1)
• CHEM 1220 - Principles of Chemistry II Credits: (4)
• CHEM 1225 - Principles of Chemistry II Lab Credits: (1)

One of
• PHYS 1010 PS - Elementary Physics Credits: (3) or
• PHYS 2010 PS - College Physics I Credits: (5) or
• PHYS 2210 PS - Physics for Scientists and Engineers I Credits: (5)

One of
• BTNY 2600 - Laboratory Safety Credits: (1) or
• CHEM 2600 - Laboratory Safety Credits: (1) or
• GEO 2600 - Laboratory Safety Credits: (1) or
• MICR 2600 - Laboratory Safety Credits: (1) or
• PHYS 2600 - Laboratory Safety Credits: (1)
Criminal Justice (BIS)

- **Program Prerequisite**: Refer to Integrated Studies (BIS).
- **Credit Hour Requirements**: 18 hours of Criminal Justice courses (CJ prefix) selected in consultation with an advisor and approved by the department chair. Thesis completion pursuant to BIS requirements.
- **Program Code**: 7004
- **CIPC**: 430104
Criminal Justice Minor

- **Grade Requirements**: A grade of "C" or better in courses required for a Criminal Justice minor in addition to an overall GPA for these courses of 2.50 or higher. Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements**: Minimum of 18 credit hours in Criminal Justice courses (CJ prefix).
- **Program Code**: 7004
- **CIPC**: 430104

Course Requirements for Minor

Criminal Justice Required Courses (6 credit hours)

- CJ 1010 SS - Introduction to Criminal Justice **Credits**: (3)
- CJ 3270 - Theories of Crime and Delinquency **Credits**: (3)

Criminal Justice Breadth Courses (6 credit hours)

Select two of the following

- CJ 1300 - Corrections: History, Theory and Practice **Credits**: (3)
- CJ 1330 - Criminal Law and Courts **Credits**: (3)
- CJ 2300 - Policing: History, Theory and Practice **Credits**: (3)
- CJ 4200 - Ethical Issues in Criminal Justice **Credits**: (3)

Criminal Justice Elective Courses (6 credit hours)

Select 6 additional credit hours from Criminal Justice (CJ prefix) courses. An overall total of at least 9 credit hours must be upper division (numbered 3000 or higher). Any course of CJ 1300, 1330, 2300, or 4200 that was taken to fulfill the Breadth requirement may not be used again to fulfill the Elective requirement. Students may not use CJ 4830 Directed Readings or CJ 4950 Field Trips/Travel Study to fill this requirement.
Department of Geography, Environment and Sustainability

**Department Chair:** Dr. Eric C. Ewert  
**Location:** Lindquist Hall, LH 350  
**Telephone Contact:** Sarah Rivkind, 801-626-6207  
**Professors:** Daniel Bedford, Bryan Dorsey, Eric C. Ewert, Julie Rich; **Associate Professors:** Jeremy Bryson, Alice Mulder;  
**Assistant Professors:** Ryan Frazier, Maria Groves

Geography is the study of the spatial organization, arrangement, function, movement, and interrelationships of phenomena on the surface of the earth. It is a science concerned with both physical and cultural phenomena and routinely interfaces with other disciplines in the natural sciences, social & behavioral sciences, humanities, business, and economics. With a global perspective and a robust geospatial toolkit (GIS, Satellite Imagery, Computer Mapping, GPS, and other Technologies.), the department prepares students to engage in the processes that create more sustainable environments and communities throughout the world.  

Dr. Julie Rich with Geography students

**Interdisciplinary Minors**

The Department of Geography, Environment and Sustainability participates in the Asian Studies, Environmental Studies, Ethnic Studies, European Studies and Latin American Studies Minor Programs and the Urban and Regional Planning Emphasis Program. Students who wish to enroll in one of these programs should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)
Geospatial Technology Certificate of Proficiency

Advisor: Dr. Eric C. Ewert, 801-626-6197, eewert@weber.edu

- **Grade Requirements:** A grade of "C" or better in all courses used toward the certificate (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** Minimum of 6 credit hours from the Department of Geography, and 12 credit hours from the Department of Earth and Environmental Sciences. The remaining 1-3 credit hours earned from completing either the Geospatial Internship (GEO/GEOG 2840) or the Geospatial Capstone (GEO/GEOG 2850) courses which will be taken in the department offering the course that particular year (alternates yearly).

- **Program Code:** 6039CP
- **CIPC:** 450702

Program Learning Outcomes

- Students will develop an understanding of and appreciation for the role of geography and geospatial technologies as well as acquire the basic technical skills used to address environmental and human spatial problem solving.
- Students will demonstrate how to effectively create and communicate geospatial data/results to others through cartographically accurate maps/dynamic products, technical reports, and multimedia presentations.
- Students will demonstrate understanding of basic geospatial concepts, such as data models, spatial databases, data projections and coordinate systems, topology, digitizing spatial data, metadata, and quality control.
- Students will demonstrate understanding of geospatial analysis that can be performed on vector and raster data collected from various platforms such as satellites / drones (Remote Sensing), GPS instruments, field maps. They will demonstrate the ability to perform multiple types of analysis, including spatial overlay, raster processing, statistics, terrain and hydrologic analysis, transportation networks, and modeling.
- Students will demonstrate the ability to work in a team environment to complete a set of geospatial tasks or a geospatial project that includes project objectives, methods, data collection, analysis and reporting results in a professional format through completion of a geospatial internship or capstone course.

Course Requirements for Certificate of Proficiency

**Geography Courses Required (6 credit hours)**

- GEOG 1790 - Exploring Our World Through Geospatial Technology Credits: (3)
- GEOG 2400 - Cartography and Map Design Credits: (3)

**Earth and Environmental Science Courses Required (12 credit hours)**

- GEO 1710 - Introduction to Geographic Information Systems (GIS) Credits: (4)
- GEO 1720 - Geospatial Analysis Credits: (4)
- GEO 2200 - Geospatial Data Acquisition Credits: (4)

Select at least 1 hour from the following:

GEO 2840/ GEOG 2840 INT - Geospatial Internship (1-3)
GEO 2850/ GEOG 2850 - Geospatial Capstone (3)

Additional information pertaining to the Northern Utah Geospatial Technology Education Program (NUGeoTec) may be found at: https://www.weber.edu/nugeotec or http://weber.edu/geography.
Sustainable Land Use Planning Certificate of Proficiency

The Certificate in Sustainable Land Use Planning (CSLUP) is a 19-credit hour upper division program designed to prepare students to enter the workforce immediately with solid skills and experience required for a wide variety of entry-level land use planning positions.

- **Certificate requirements:** Students must complete the requirements similar to those for the Planning track in Sustainable Land Use Planning (see Appendix), with the main difference being that students must take a course in GIS and complete an internship. The 19-credit hour course completion requirement will include four required courses and two elective courses.
- **Grade Requirements:** A grade of "C" or better in all courses used toward the certificate (a grade of "C-" is not acceptable). An overall GPA of 2.75 is required for the four core courses in the Certificate Program.
- **Program Code:** 7057CP
- **CIPC:** 030206

Upon completion of the requirements, students who may or may not be pursuing a major or minor in Geography, will receive a certificate showing completion of the program requirements.

### Required Courses

- GEOG 4410 SUS - Sustainable Land Use Planning Credits: (3)
- GEOG 4420 - Advanced Urban and Regional Planning Credits: (3)
- GEO 3710 - Introduction to Geographic Information Systems Credits: (4)
- GEOG 4890 INT - Cooperative Work Experience Credits: (1-6)

### Select Two Elective Courses (6 credit hours)

- CMT 2360 - Commercial Design and Codes Credits: (4)
- CMT 2410 SUS - LEED-GA Preparation Credits: (1)
- ECON 1100 SS - Environmental Issues and Economic Policy Credits: (3)
- ECON 3300 - Environmental Economics Credits: (3)
- GEOG 3210 - Urban Geography: The How and Why of Cities Credits: (3)
- GEOG 3360 - Economic Geography: Globalization, Development and Conflict Credits: (3)
- GEOG 2400 - Cartography and Map Design Credits: (3) Recommended
- GEOG 4400 - Cartography and Map Design Credits: (3) Recommended
- GEOG 4600 - Geospatial Programming and Online Methods Credits: (3)
- GEOG 3500 - Geography of Utah and the American West Credits: (3)
- GEO 1710 - Introduction to Geographic Information Systems (GIS) Credits: (4)
- GEO 1720 - Geospatial Analysis Credits: (4)
- GEO 2840 INT - Geospatial Internship Credits: (1-3)
- GEO 4840 INT - Geospatial Internship Credits: (1-3)
- GEO 2850 - Geospatial Capstone Credits: (3)
- GEO 4850 - Geospatial Capstone Credits: (3)
- GEO 3720 - Geospatial Analysis Credits: (4)
- HIST 3130 - U.S. Urban History Credits: (3)
- HIST 3500 - Historic Preservation Credits: (3)
- MICR 1153 LS - Public Health: Sex, Travel, Food, & Drugs Credits: (3)
- MICR 3012 - Microbiology and Global Public Health Credits: (2)
- MICR 3484 - Environmental Microbiology Credits: (4)
- OCRE 3500 - Community Recreation and Park Planning Credits: (3)
- POLS 2700 - Introduction to Public Administration Credits: (3) Recommended
- POLS 3700 - Bureaucratic Politics Credits: (3)
- POLS 3750 - Urban Government and Politics Credits: (3)
- SOC 3300 - Environment and Society Credits: (3)
- SOC 3840 - Cities and Urban Life Credits: (3)
SOC 3850 - Race & Ethnicity Credits: (3)
*Other elective courses related to planning issues may be accepted with approval from the program advisor.
Geography (BA)

- **Program Prerequisite:** Not required.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major, and an overall GPA in the major of 2.00. Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 39 of these is required for the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); 21 of these are required within the geography major.
- **Program Code:** 7031BS with one of the following cohort codes for tracks: GEOG_TEACH (General Geography), GEOG_EARTH (Earth Systems and Features), GEOG_CLIMS (Climate Science), GEOG_GLOBL (Global Studies, Development, and Diversity), GEOG_ENVIR (Environment and Sustainability), GEOG_PLANN (Sustainable Urban and Regional Planning), GEOG_GEOSP (Geospatial Technology)
- **CIPC:** 450701

Advisement

All Geography students are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6207 for more information or to schedule an appointment.

Use Grad MAPs to plan your degree

Admission Requirements

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program. (Also refer to the Department Advisor Referral List.)

General Education

Refer to Degree Requirements for Bachelor of Arts requirements. Two of the following courses are required for the Geography major or Geography Teaching major: GEOG 1000, GEOG 1300, GEOG 1500 or GEOG 1520 (these courses will also satisfy general education requirements).

Program Learning Outcomes

- To provide students with knowledge about the earth's natural environment and its relationship to society.
- To provide students with knowledge about the world's peoples, nations, cultural environments, and spatial organization.
- To provide students with a good grounding in the modern technical skills of the discipline, including computer cartography, spatial analysis, spatially-oriented quantitative methods and techniques, and geographic information systems.
- To provide (some) students with training emphasizing the understanding of the planning profession and issues related to that field.
- To instill within each student an appreciation for the great variety of cultural forms and ways of thinking throughout the world, and to help students formulate a world view that uses this appreciation to become responsible citizens in America.

Major Course Requirements for BA Degree

The Geography BA requires 39 credit hours.
Required Geography Courses (18 credit hours)

All Geography majors take these 18 core required hours. Select an additional 18 hours from one of seven tracks listed below. Among those 18 hours, students are encouraged to select a course with a SUS designation and one with a CEL designation.

- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3) or
- GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions Credits: (3)

- GEOG 1300 SUS/SS/DV - Global Issues: Places, People and the Planet Credits: (3) or
- GEOG 1520 SS/DV/SUS - United States and Canada: Geography, Diversity and Change Credits: (3)

- GEOG 1790 - Exploring Our World Through Geospatial Technology Credits: (3)
- GEOG 2790 - Pathways and Careers in Geography, Environment & Sustainability Credits: (1)
- GEOG 3790 CRE - Research Methods in Geography Credits: (3) (Spring semester only)
- GEOG 4990 CRE - Senior Seminar in Geography Credits: (3) (Fall semester only)

Select 2 credits from the following:
- GEOG 1002 - Map Reading and Land Navigation Credits: (2)
- GEOG 1005 - Planet Earth: Local Field Studies Credits: (1)
- GEOG 2950 - Regional Field Studies or Field Trips Credits: (1-3)
- GEOG 4950 - Advanced Regional Field Studies or Field Trips Credits: (1-3)

Required Language Arts Courses (12 credit hours)

Students may take any combination of Foreign Language or Language Arts Courses to reach 12 credit hours. At least half of these must be upper division.

Required Regional Courses (3-9 credit hours)

Select at least 1 of the following.
- GEOG 3540 - Geography of Latin America and the Caribbean Credits: (3)
- GEOG 3590 - Geography of Europe: the Land and People who Built a World Power Credits: (3)
- GEOG 3640 - Geography of Asia: Development, Geopolitics and Environment Credits: (3)
- GEOG 3740 - Geography of Africa: Culture, Colonialism, Crises and Change Credits: (3)
- GEOG 3780 - Geographic Area Studies Credits: (1-3)

Elective Courses (6 credit hours)

Select any 2 upper division geography courses.
Geography (BS)

- **Program Prerequisite:** Not required.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major, and an overall GPA in the major of 2.00. Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 36 of these is required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); 27 of these are required within the major.
- **Program Code:** 7031BS with one of the following cohort codes for tracks: GEOG_TEACH (General Geography), GEOG_EARTH (Earth Systems and Features), GEOG_CLIMS (Climate Science), GEOG_GLOBL (Global Studies, Development, and Diversity), GEOG_ENVIR (Environment and Sustainability), GEOG_PLANN (Sustainable Urban and Regional Planning), GEOG_GEOSP (Geospatial Technology)
- **CIPC:** 450701

**Advisement**

All Geography students are encouraged to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6207 for more information or to schedule an appointment.

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). No special admission or application requirements are needed for this program. (Also refer to the Department Advisor Referral List.)

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. One of the following courses is required for the Geography major or Geography Teaching major: GEOG 1000, GEOG 1300, GEOG 1500, or GEOG 1520 (these courses will also satisfy general education requirements).

**Program Learning Outcomes**

- To provide students with knowledge about the earth's natural environment and its relationship to society.
- To provide students with knowledge about the world's peoples, nations, cultural environments, and spatial organization.
- To provide students with a good grounding in the modern technical skills of the discipline, including computer cartography, spatial analysis, spatially-oriented quantitative methods and techniques, and geographic information systems.
- To provide (some) students with training emphasizing the understanding of the planning profession and issues related to that field.
- To instill within each student an appreciation for the great variety of cultural forms and ways of thinking throughout the world, and to help students formulate a world view that uses this appreciation to become responsible citizens in America.

**Required Geography Courses (18 credit hours)**

All Geography majors take these 18 core required hours. Select an additional 18 hours from one of seven tracks listed below. Among those 18 hours, students are encouraged to select a course with a SUS designation and one with a CEL designation.

- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life **Credits:** (3) or
- GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions Credits: (3)
- GEOG 1300 SUS/SS/DV - Global Issues: Places, People and the Planet Credits: (3) or
- GEOG 1520 SS/DV/SUS - United States and Canada: Geography, Diversity and Change Credits: (3)
- GEOG 1790 - Exploring Our World Through Geospatial Technology Credits: (3)
- GEOG 2790 - Pathways and Careers in Geography, Environment & Sustainability Credits: (1)
- GEOG 3790 CRE - Research Methods in Geography Credits: (3) (Spring semester only)
- GEOG 4990 CRE - Senior Seminar in Geography Credits: (3) (Fall semester only)

Select 2 credits from the following:
- GEOG 1002 - Map Reading and Land Navigation Credits: (2)
- GEOG 1005 - Planet Earth: Local Field Studies Credits: (1)
- GEOG 2950 - Regional Field Studies or Field Trips Credits: (1-3)
- GEOG 4950 - Advanced Regional Field Studies or Field Trips Credits: (1-3)

Select a Track (18 credit hours)

- Track A: General Geography and Teaching (18 credit hours)
- Track B: Earth Systems and Features (18 credit hours)
- Track C: Climate Science (18 credit hours)
- Track D: Global Studies, Development, and Diversity (18 credit hours)
- Track E: Environment and Sustainability (18 credit hours)
- Track F: Sustainable Urban and Regional Planning (18 credit hours)
- Track G: Geospatial Technology (18 credit hours)
Geography Teaching (BS)

- **Program Prerequisite:** Must satisfy Teacher Education admission and licensure requirements (see Department of Teacher Education).
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better in courses required for this major and an overall GPA within the major of 2.00.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 36 of these is required for the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); 21 of these are required within the Geography major.
- **Program Code:** 7032BS
- **CIPC:** 131332

Advisement

Teaching majors are encouraged to consult with advisors in both the College of Social and Behavioral Sciences (call 801-626-6207) and the College of Education (call 801-626-6269).

Admissions Requirements

Declare your program of study (see Enrollment Services and Information). Geography Teaching majors must satisfy Teacher Education admission and licensure requirements. (See Teacher Education Department.)

General Education

Refer to Degree Requirements of this catalog for Bachelor of Science requirements. The following general education course options for the Geography Teaching major also will satisfy general education requirements: GEOG 1000, GEOG 1300, GEOG 1500, and GEOG 1520.

Program Learning Outcomes

- To provide students with knowledge about the earth's natural environment and its relationship to society.
- To provide students with knowledge about the world's peoples, nations, cultural environments, and spatial organization.
- To provide students with a good grounding in the modern technical skills of the discipline, including computer cartography, spatial analysis, spatially-oriented quantitative methods and techniques, and geographic information systems.
- To provide (some) students with training emphasizing the understanding of the planning profession and issues related to that field.
- To instill within each student an appreciation for the great variety of cultural forms and ways of thinking throughout the world, and to help students formulate a world view that uses this appreciation to become responsible citizens in America.

Major Course Requirements for Geography Teaching BS Degree

Students completing the department's Track A (see Geography (BS)), GEOG 3500, and HISt 4500, in addition to the courses required by the Teacher Education program, will be recognized as having completed a program of study that is equivalent of the Geography Teaching major.

Required Geography Courses (18 credit hours)
All Geography majors take these 18 core required hours. Select an additional 18 hours from one of seven tracks listed below. Among those 18 hours, students are encouraged to select a course with a SUS designation and one with a CEL designation.

- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3) or
- GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions Credits: (3)

- GEOG 1300 SUS/SS/DV - Global Issues: Places, People and the Planet Credits: (3) or
- GEOG 1520 SS/DV/SUS - United States and Canada: Geography, Diversity and Change Credits: (3)

- GEOG 1790 - Exploring Our World Through Geospatial Technology Credits: (3)
- GEOG 2790 - Pathways and Careers in Geography, Environment & Sustainability Credits: (1)
- GEOG 3790 CRE - Research Methods in Geography Credits: (3) (Spring semester only)
- GEOG 4990 CRE - Senior Seminar in Geography Credits: (3) (Fall semester only)

Select 2 credits from the following:
- GEOG 1002 - Map Reading and Land Navigation Credits: (2)
- GEOG 1005 - Planet Earth: Local Field Studies Credits: (1)
- GEOG 2950 - Regional Field Studies or Field Trips Credits: (1-3)
- GEOG 4950 - Advanced Regional Field Studies or Field Trips Credits: (1-3)

**Required Teaching Courses (6-9 credit hours)**

GEOG 1500 is not required, but strongly suggested for teachers.

- GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions Credits: (3)
- GEOG 3500 - Geography of Utah and the American West Credits: (3)
- HIST 4500 - Teaching Social Studies in Grades 5-12 Credits: (3)

**Elective Courses (9-12 credit hours)**

Students must take 9-12 additional hours. These may be physical, cultural, regional, or technique courses in Geography, support courses in related majors, or courses in the Teacher Education program to reach 36 credit hours.
Geography (BIS)

Geography Minor, Teaching Minor, and BIS

- **Grade Requirements:** A grade of "C" or better in courses used toward the minor in addition to an overall GPA for these courses of 2.00 or higher.
- **Credit Hour Requirements:** Minimum of 21 credit hours in Geography courses for Geography and Teaching Minors. 18 credit hours for the Geography BIS.
- **Program Code:** Geography(7031), Geography Teaching(7032), Geography BIS (7031)
- **CIPC:** Geography(450701), Geography Teaching(131332), Geography BIS

Students who select the Geography Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Teacher Education Department).

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work - Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Course Requirements for Minor or BIS

Geography Courses Required (12 credit hours)

- GEOG 1790 - Exploring Our World Through Geospatial Technology Credits: (3)
- GEOG 2790 - Pathways and Careers in Geography, Environment & Sustainability Credits: (1)

Choose one of the following courses

- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3)
- GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions Credits: (3)

Choose one of the following courses

- GEOG 1300 SUS/SS/DV - Global Issues: Places, People and the Planet Credits: (3)
- GEOG 1520 SS/DV/SUS - United States and Canada: Geography, Diversity and Change Credits: (3)

Choose from the following courses to equal at least two credit hours

- GEOG 1002 - Map Reading and Land Navigation Credits: (2)
- GEOG 2950 - Regional Field Studies or Field Trips Credits: (1-3)
- GEOG 4950 - Advanced Regional Field Studies or Field Trips Credits: (1-3)

Elective Geography Courses (6 credit hours)
Select 6 additional credit hours of upper division Geography courses.
Environmental Studies Minor

Coordinator: Dr. Alice Mulder
Location: SS 302
Telephone: 801-626-6198

The Environmental Studies Minor is an interdisciplinary degree that focuses on the work of science in human activity. The curriculum is rooted in science to ground factual knowledge. However, its trunk is solidly comprised of social science and humanities courses because they teach the application of science in policy-making, business decisions and historical precedent even as they call upon the arts for their expression and upon ethics in consideration of health and social justice issues. The minor reaches across campus because all disciplines play an essential role in shaping environmental thought.

Students will gain an appreciation for local, national and international environmental issues and problems as well as their potential solutions. They will develop a personal philosophy about the environment's role in their lives and their own ability to affect nature and their physical environment by making ethical choices.

- Grade Requirements: A grade of "C" or better is required for all courses.
- Credit Hour Requirements: A minimum of 25 credit hours is required, at least 15 of these must be upper division (numbered 3000 or higher).
- Program Code: 6066
- CIPC: 030104

Students must select courses from outside their major academic department whenever a choice is offered. Students are encouraged to consider diversity in curriculum selection.

Course Requirements for Minor

Core Courses (19 credit hours)

Select a minimum of 19 hours from the following list

- PHYS 2090 PS SUS - Energy and the Environment Credits: (3)
- GEOG 3060 SUS - Environmental Issues: Local to Global Impacts and Solutions Credits: (3) *
- BTNY 1403 LS SUS - Principles of Environmental Science Credits: (3-4) (4 credit hours required)
  or
- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3) and
- GEOG 1005 - Planet Earth: Local Field Studies Credits: (1)
  or
- GEO 1060 PS - Environmental Geosciences Credits: (3) and
- GEO 1065 - Environmental Geosciences Lab Credits: (1)
- ECON 1100 SS - Environmental Issues and Economic Policy Credits: (3) or
- POLS 4940 - Topics in American Politics & Thought Credits: (3) (3 credit hours required)
- ENGL 3520 HU - Literature of the Natural World Credits: (3) or
- HIST 3270 SUS - American Environmental History Credits: (3)
- ARTH 3030 - Native American Art of the Southwest: From the Anasazi to the Present Credits: (4) * or
- HNRS 3900 - Honors Colloquium Credits: (3)

Elective Courses (6 credit hours)

Select a minimum of 6 hours from the following list with no more than one class from each department

- BTNY 1303 LS - Plants and People Credits: (3)
- BTNY 2413 - Introduction to Natural Resource Management Credits: (3)
- BTNY 3454 - Plant Ecology Credits: (4) *
- CS 4830 - Advanced Topics in Computer Science Credits: (1-4) Social (and Environmental) Implications of Computing (1 credit hour required) *

• ENGL 3750 HU - Topics and Ideas in Literature Credits: (3)
• ENGL 4530 - American Literature: Realism and Naturalism Credits: (3)
• ENGL 4710 - Eminent Authors Credits: (3)
  as approved by the Environmental Studies Advisor
• MENG 6030 - Studies in Literary Theory and Criticism Credits: (3)
• GEO 1130 PS - Introduction to Meteorology Credits: (3)
• GEO 3010 - Oceanography and Earth Systems Credits: (3) *
• GEOG 3050 - Weather and Climate: from daily storms to decades of drought Credits: (3) *
• GEOG 3070 - Wetland Environments Credits: (3) *
• GEOG 3080 - Arid Lands: Resources, Landforms, and the Quest for Water Credits: (3) *
• GEOG 3090 - Arctic and Alpine Environments Credits: (3) *
• PUBH 3200 - Epidemiology and Biostatistics Credits: (3) *
• HNRS 1540 HU - Perspectives in the Humanities Credits: (3)
• HNRS 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
  as approved by the Environmental Studies Advisor
• MICR 3484 - Environmental Microbiology Credits: (4) *
• MICR 3502 SUS - Environmental Health Credits: (2) *
• PHYS 3570 - Foundations of Science Education Credits: (3)
• OCRE 4550 - Outdoor Education Philosophies & Principles Credits: (3)
• SOC 3300 - Environment and Society Credits: (3)
• ZOOL 1010 LS - Animal Biology Credits: (3)
• ZOOL 3450 - Ecology Credits: (4) *
• ZOOL 3500 - Conservation Biology Credits: (3) *

Note:

* A prerequisite or consent of the instructor is required. Most prerequisites are in the core curriculum.
Geography Minor

Geography Minor, Teaching Minor, and BIS

- **Grade Requirements**: A grade of "C" or better in courses used toward the minor in addition to an overall GPA for these courses of 2.00 or higher.
- **Credit Hour Requirements**: Minimum of 21 credit hours in Geography courses for Geography and Teaching Minors. 18 credit hours for the Geography BIS.
- **Program Code**: Geography(7031), Geography Teaching(7032), Geography BIS (7031)
- **CIPC**: Geography(450701), Geography Teaching(131332), Geography BIS

Students who select the Geography Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Teacher Education Department).

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d)diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work -Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Course Requirements for Minor or BIS

Geography Courses Required (12 credit hours)

- GEOG 1790 - Exploring Our World Through Geospatial Technology Credits: (3)
- GEOG 2790 - Pathways and Careers in Geography, Environment & Sustainability Credits: (1)

Choose one of the following courses

- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3)
- GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions Credits: (3)

Choose one of the following courses

- GEOG 1300 SUS/SS/DV - Global Issues: Places, People and the Planet Credits: (3)
- GEOG 1520 SS/DV/SUS - United States and Canada: Geography, Diversity and Change Credits: (3)

Choose from the following courses to equal at least two credit hours

- GEOG 1002 - Map Reading and Land Navigation Credits: (2)
- GEOG 2950 - Regional Field Studies or Field Trips Credits: (1-3)
- GEOG 4950 - Advanced Regional Field Studies or Field Trips Credits: (1-3)

Elective Geography Courses (9 credit hours)
Select 9 additional credit hours of upper division Geography courses.
Geography Teaching minors must also take HIST 4500 - Teaching Social Studies in Grades 5-12 (3) and GEOG 3500 - Geography of Utah and the American West (3) in addition to the courses required by the Teacher Education program. GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions (3) is recommended for teachers.
Geography Teaching Minor

Geography Minor, Teaching Minor, and BIS

- **Grade Requirements**: A grade of "C" or better in courses used toward the minor in addition to an overall GPA for these courses of 2.00 or higher.
- **Credit Hour Requirements**: Minimum of 21 credit hours in Geography courses for Geography and Teaching Minors. 18 credit hours for the Geography BIS.
- **Program Code**: Geography(7031), Geography Teaching(7032), Geography BIS (7031)
- **CIPC**: Geography(450701), Geography Teaching(131332), Geography BIS

*Students who select the Geography Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Teacher Education Department).*

**Program Learning Outcomes**

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work -Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

**Course Requirements for Minor or BIS**

**Geography Courses Required (12 credit hours)**

- GEOG 1790 - Exploring Our World Through Geospatial Technology **Credits: (3)**
- GEOG 2790 - Pathways and Careers in Geography, Environment & Sustainability **Credits: (1)**

Choose one of the following courses

- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life **Credits: (3)**
- GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions **Credits: (3)**

Choose one of the following courses

- GEOG 1300 SUS/SS/DV - Global Issues: Places, People and the Planet **Credits: (3)**
- GEOG 1520 SS/DV/SUS - United States and Canada: Geography, Diversity and Change **Credits: (3)**

Choose from the following courses to equal at least two credit hours

- GEOG 1002 - Map Reading and Land Navigation **Credits: (2)**
- GEOG 2950 - Regional Field Studies or Field Trips **Credits: (1-3)**
- GEOG 4950 - Advanced Regional Field Studies or Field Trips **Credits: (1-3)**

**Elective Geography Courses (9 credit hours)**
Select 9 additional credit hours of upper division Geography courses. Geography Teaching minors must also take HIST 4500 - Teaching Social Studies in Grades 5-12 (3) and GEOG 3500 - Geography of Utah and the American West (3) in addition to the courses required by the Teacher Education program. GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions (3) is recommended for teachers.
Department of History

Department Chair: Sara Dant  
Location: Lindquist Hall, Room 232  
Telephone Contact: Jenna Daniels, 801-626-6706  
Professors: Brady Brower, Sara Dant, Vikki Deakin, Gregory Lewis, Branden Little, Susan Matt, Eric Swedin; Associate Professors: Stephen Francis, Jeffrey Richey, Matthew Romaniello; Assistant Professors: Leah LaGrone; Instructors: Eric Fenrich, Nathan Rives; International Visiting Professor: Abdulnaser Kaadan

History is a record of political, social and cultural events and achievements of humankind. Historians analyze and evaluate this record in an attempt to understand and interpret the present. The history offerings are designed to: provide adequate programs to prepare teachers; prepare students who plan to do graduate work; and provide courses which contribute to the general education of all students.

Interdisciplinary Minors

The History Department participates in the Asian Studies, Environmental Studies, Ethnic Studies, European Studies and Latin American Studies Minor Programs. Students who wish to enroll in one of these programs should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)
History (BA)

- **Program Prerequisite**: Not required.
- **Minor**: Required. The Public History and Asian Studies minors also eligible with a History Major.
- **Grade Requirements**: A grade of "C" or better in courses applied toward this major (a grade of "C-" is not acceptable) in addition to a GPA for these courses of 2.50 or higher. Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements**: A total of 120 credit hours is required for graduation; a minimum of 37 of these is required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); 24 of these are required within the major.
- **Program Code**: 7007BA
- **CIPC**: 540101

**Advisement**

History majors are required to meet with their faculty advisor at least annually for course and program advisement. They must also meet with their advisor or the department chair before registration for HIST 4990. Call 801-626-6706 for additional information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for the History major.

**General Education**

Refer to Degree Requirements for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements.

**Program Learning Outcomes**

- Historical Knowledge
- Pastness of Past
- International Perspectives
- Historical Complexity
- Critical Thinking
- Research Skills
- Historical Argumentation

**Major Course Requirements for BA Degree**

**History Core Courses Required (13 credit hours)**

- HIST 1500 SS - World History to 1500 C.E. Credits: (3)
- HIST 1510 SS/DV - World History from 1500 C.E. to the Present Credits: (3)
- HIST 1000 - Introduction to the Craft of History Credits: (1)
- HIST 2700 - History of the United States to 1877 Credits: (3)
- HIST 2710 - History of the United States since 1877 Credits: (3)
Note:

All the above should be taken before upper-division course work (courses numbered 3000 and above).

Language Courses Required to fulfill the BA (12 credit hours)

6 credit hours of foreign language

and the following language arts courses

- HIST 4985 - Historical Research and Methods Credits: (3)
- HIST 4990 - Senior Seminar Credits: (3) *

Note:

* Should be taken during senior year. HIST 4985 is a prerequisite to HIST 4990.

Upper Division Elective Courses (18 credit hours)

Select at least one course in each area.

North American History

- HIST 3010 - Native American History: 1300 to Present Credits: (3)
- HIST 3030 - African-American History Credits: (3)
- HIST 3050 - History of U.S. Latinos Credits: (3)
- HIST 3070 - Women in American History: 1600 to Present Credits: (3)
- HIST 3090 - American Social History Credits: (3)
- HIST 3110 - American Ideas and Culture Credits: (3)
- HIST 3130 - U.S. Urban History Credits: (3)
- HIST 3120 - American Society through Film Credits: (3)
- HIST 3210 - U.S. Constitutional History Credits: (3)
- HIST 3220 - History of the Bill of Rights Credits: (3)
- HIST 3230 - American Foreign Relations Credits: (3)
- HIST 3250 - Religion in American History Credits: (3)
- HIST 3270 SUS - American Environmental History Credits: (3)
- HIST 3280 - American Military History from 1500 to 1890 Credits: (3)
- HIST 3290 - American Military History from 1890 to the Present Credits: (3)
- HIST 4010 - Early North America to 1763 Credits: (3)
- HIST 4020 - Era of the American Revolution: 1763-1800 Credits: (3)
- HIST 4030 - New Nation: 1800-1840 Credits: (3)
- HIST 4040 - Era of the Civil War and Reconstruction: 1840-1877 Credits: (3)
- HIST 4050 - U.S. in the Gilded Age and Progressive Era: 1877-1919 Credits: (3)
- HIST 4060 - Twentieth-Century United States: 1919-1945 Credits: (3)
- HIST 4065 - The United States in the Second World War Credits: (3)
- HIST 4070 - Twentieth-Century United States since 1945 Credits: (3)
- HIST 4110 - History of the American West to 1900 Credits: (3)
- HIST 4120 - The American West since 1900 Credits: (3)
- HIST 4130 - History of Utah Credits: (3)
- HIST 4710 - Special Issues and Topics in American History Credits: (3)
European History

- HIST 4210 - Ancient History Credits: (3)
- HIST 4220 - History of the Middle Ages 300-1300 Credits: (3)
- HIST 4230 - Renaissance and Reformation - Europe: 1300-1660 Credits: (3)
- HIST 4240 - Absolutism, Enlightenment and Revolution - Europe: 1660-1815 Credits: (3)
- HIST 4250 - Nineteenth-Century Europe Credits: (3)
- HIST 4260 - Europe in the Age of Total War Credits: (3)
- HIST 4280 - History of Christianity in Europe Credits: (3)
- HIST 4310 - Tsarist Russia Credits: (3)
- HIST 4320 CRE - Stalin and the Soviet Experiment Credits: (3)
- HIST 4330 - History of England to 1485 Credits: (3)
- HIST 4335 - Tudor and Stuart England Credits: (3)
- HIST 4340 - History of England since 1714 Credits: (3)
- HIST 4440 - East European Empires Credits: (3)
- HIST 4350 - Germany and the Third Reich Credits: (3)
- HIST 4370 - History of Modern France 1789-present Credits: (3)
- HIST 4410 - History of Spain and Portugal Credits: (3)
- HIST 4450 - The Warsaw Pact Credits: (3)
- HIST 4720 - Special Issues and Topics in European History Credits: (3)

Global, Comparative, and General

- HIST 3350 - History and Philosophy of Science Credits: (3)
- HIST 4015 - History of the Atlantic World, 1400-1815 Credits: (3)
- HIST 4510 - Twentieth Century World Credits: (3)
- HIST 4520 - History of Medicine Credits: (3)
- HIST 4530 - Far Eastern History Credits: (3)
- HIST 4550 - Southeast Asian History Credits: (3)
- HIST 4570 - Islamic Civilization Credits: (3)
- HIST 4590 - Middle Eastern History Credits: (3)
- HIST 4610 - History of Africa Credits: (3)
- HIST 4630 - History of Ancient and Colonial Latin America Credits: (3)
- HIST 4650 - Modern Latin America Credits: (3)
- HIST 4670 - History of Mexico Credits: (3)
- HIST 4700 - The U.S. and East Asia: War, Revolution, and Modernization Credits: (3)
- HIST 4730 - Special Issues and Topics in Global and Comparative History Credits: (3)

Other Electives

*May be taken to meet credit hour requirements.*

- HIST 3400 - Principles of Public History Credits: (3)
- HIST 3500 - Historic Preservation Credits: (3)
- HIST 3530 INT - History Editing Credits: (3)
- HIST 3550 - Archives, Principles, Practices & Preservation Credits: (3)
- HIST 4810 - Experimental Course Credits: (3)
- HIST 4830 - Directed Readings Credits: (1-3) (max 3 cr towards major/minor)
- HIST 4860 INT - Internships in Historical Studies Credits: (1-6) (max 6 cr towards major/minor)
- HIST 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6) (max 6 cr towards major/minor)
- HIST 4990 - Senior Seminar Credits: (3)
Note:

*History majors are encouraged to also take POLS 1100 AI - American National Government (3).*
History Teaching (BA)

- **Program Prerequisite:** Not required. However, History Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department in this catalog).
- **Minor:** Required. Does not need to be in the teaching field. Asian Studies minor eligible with History Teaching major.
- **Grade Requirements:** A grade of "C" or better in courses applied toward this major (a grade of "C-" is not acceptable) in addition to a GPA for these courses of 2.50 or higher. Also refer to the general grade requirements for graduation on Degree Requirements.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 40 of these is required within the major. A total of 40 upper division credit hours is required (courses numbered 3000 and above); 24 of these are required within the major.
- **Program Code:** 7008BA
- **CIPC:** 131328

Advisement

History Teaching majors are required to meet with their faculty advisor at least annually for course and program advisement. They must also meet with their advisor or the department chair before registration for HIST 4990. Call 801-626-6706 for additional information or to schedule an appointment. Teaching majors are also encouraged to consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269).

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for the History Teaching major. However, Teaching majors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department). (Also refer to the Department Advisor Referral List.)

General Education

Refer to Degree Requirements for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements.

Program Learning Outcomes

- Historical Knowledge
- Pastness of Past
- International Perspectives
- Historical Complexity
- Critical Thinking
- Research Skills
- Historical Argumentation

Major Course Requirements for BA Degree

History Core Courses Required (16 credit hours)

- HIST 1500 SS - World History to 1500 C.E. Credits: (3)
- HIST 1510 SS/DV - World History from 1500 C.E. to the Present Credits: (3)
- HIST 1000 - Introduction to the Craft of History Credits: (1)
• HIST 2700 - History of the United States to 1877 Credits: (3)
• HIST 2710 - History of the United States since 1877 Credits: (3)
• HIST 4490 - Exploring the Practices and Methods of History Teaching Credits: (3)

Note:

All the above should be taken before upper-division course work (courses numbered 3000 and above).
In addition, please note that HIST 4500 is required for completion of the Secondary Education Licensure program.

Language Courses Required to fulfill the BA (12 credit hours)

• 6 credit hours of foreign language

and the following language arts courses

• HIST 4985 - Historical Research and Methods Credits: (3)
• HIST 4990 - Senior Seminar Credits: (3) *

Note:

* Should be taken during senior year. HIST 4985 is a prerequisite to HIST 4990.

Upper Division Elective Courses (15 credit hours)

Select at least one course in each area.
History Teaching majors must select either HIST 4110, HIST 4120 or HIST 4130 as part of their 18 credit hours.

North American History

• HIST 3010 - Native American History: 1300 to Present Credits: (3)
• HIST 3030 - African-American History Credits: (3)
• HIST 3050 - History of U.S. Latinos Credits: (3)
• HIST 3070 - Women in American History: 1600 to Present Credits: (3)
• HIST 3090 - American Social History Credits: (3)
• HIST 3110 - American Ideas and Culture Credits: (3)
• HIST 3130 - U.S. Urban History Credits: (3)
• HIST 3210 - U.S. Constitutional History Credits: (3)
• HIST 3220 - History of the Bill of Rights Credits: (3)
• HIST 3230 - American Foreign Relations Credits: (3)
• HIST 3250 - Religion in American History Credits: (3)
• HIST 3270 SUS - American Environmental History Credits: (3)
• HIST 3280 - American Military History from 1500 to 1890 Credits: (3)
• HIST 3290 - American Military History from 1890 to the Present Credits: (3)
• HIST 4010 - Early North America to 1763 Credits: (3)
• HIST 4020 - Era of the American Revolution: 1763-1800 Credits: (3)
• HIST 4030 - New Nation: 1800-1840 Credits: (3)
• HIST 4040 - Era of the Civil War and Reconstruction: 1840-1877 Credits: (3)
• HIST 4050 - U.S. in the Gilded Age and Progressive Era: 1877-1919 Credits: (3)
• HIST 4060 - Twentieth-Century United States: 1919-1945 Credits: (3)
• HIST 4065 - The United States in the Second World War Credits: (3)
• HIST 4070 - Twentieth-Century United States since 1945 Credits: (3)
- HIST 4110 - History of the American West to 1900 Credits: (3)
- HIST 4120 - The American West since 1900 Credits: (3)
- HIST 4130 - History of Utah Credits: (3)
- HIST 4710 - Special Issues and Topics in American History Credits: (3)

**European History**

- HIST 4210 - Ancient History Credits: (3)
- HIST 4220 - History of the Middle Ages 300-1300 Credits: (3)
- HIST 4230 - Renaissance and Reformation - Europe: 1300-1660 Credits: (3)
- HIST 4240 - Absolutism, Enlightenment and Revolution - Europe: 1660-1815 Credits: (3)
- HIST 4250 - Nineteenth-Century Europe Credits: (3)
- HIST 4260 - Europe in the Age of Total War Credits: (3)
- HIST 4280 - History of Christianity in Europe Credits: (3)
- HIST 4310 - Tsarist Russia Credits: (3)
- HIST 4320 CRE - Stalin and the Soviet Experiment Credits: (3)
- HIST 4330 - History of England to 1485 Credits: (3)
- HIST 4335 - Tudor and Stuart England Credits: (3)
- HIST 4340 - History of England since 1714 Credits: (3)
- HIST 4350 - Germany and the Third Reich Credits: (3)
- HIST 4370 - History of Modern France 1789-present Credits: (3)
- HIST 4410 - History of Spain and Portugal Credits: (3)
- HIST 4440 - East European Empires Credits: (3)
- HIST 4450 - The Warsaw Pact Credits: (3)
- HIST 4720 - Special Issues and Topics in European History Credits: (3)

**Global, Comparative, and General**

- HIST 3350 - History and Philosophy of Science Credits: (3)
- HIST 4015 - History of the Atlantic World, 1400-1815 Credits: (3)
- HIST 4510 - Twentieth Century World Credits: (3)
- HIST 4520 - History of Medicine Credits: (3)
- HIST 4530 - Far Eastern History Credits: (3)
- HIST 4550 - Southeast Asian History Credits: (3)
- HIST 4570 - Islamic Civilization Credits: (3)
- HIST 4590 - Middle Eastern History Credits: (3)
- HIST 4610 - History of Africa Credits: (3)
- HIST 4630 - History of Ancient and Colonial Latin America Credits: (3)
- HIST 4650 - Modern Latin America Credits: (3)
- HIST 4670 - History of Mexico Credits: (3)
- HIST 4700 - The U.S. and East Asia: War, Revolution, and Modernization Credits: (3)
- HIST 4730 - Special Issues and Topics in Global and Comparative History Credits: (3)

**Other Electives**

*May be taken to meet credit hour requirements.*

- HIST 3530 INT - History Editing Credits: (3)
- HIST 4830 - Directed Readings Credits: (1-3)
- HIST 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)

**Note:**
History Teaching majors are encouraged to also take POLS 1100 AI, American National Government (3).
Social Science Composite Teaching (BA)

- **Program Prerequisite:** Must satisfy Teacher Education admission and licensure requirements (see Teacher Education Department).
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in courses applied toward this major (a grade of "C-" is not acceptable) and a 3.0 GPA within the major. Also refer to the requirements of the Teacher Education Program.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation—a minimum of 70 of these is required within the Social Science Composite Teaching Major. A total of 40 upper-division credit hours is required (courses numbered 3000 and above).
- **Program Code:** 7000BA
- **CIPC:** 131318

**Advisement**

Social Science Composite Teaching majors are required to meet with their faculty advisor at least annually for course and program advisement. They must also meet with their advisor or the department chair before registration for HIST 4990. Call 801-626-6706 for additional information or to schedule an appointment. Teaching majors are also encouraged to consult with advisors in the Jerry and Vickie Moyes College of Education.

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). Social Science Composite Teaching majors must satisfy Teacher Education admission and licensure requirements (see Teacher Education Department).

**General Education**

Refer to Degree Requirements for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements.

**Program Learning Outcomes**

- Historical Knowledge
- Pastness of Past
- International Perspectives
- Historical Complexity
- Critical Thinking
- Research Skills
- Historical Argumentation

**Major Course Requirements for BA**

**Required Major Courses (25 credit hours)**

- HIST 1000 - Introduction to the Craft of History Credits: (1)
- HIST 1500 SS - World History to 1500 C.E. Credits: (3)
- HIST 1510 SS/DV - World History from 1500 C.E. to the Present Credits: (3)
- HIST 2700 - History of the United States to 1877 Credits: (3)
- HIST 2710 - History of the United States since 1877 Credits: (3)
- HIST 4490 - Exploring the Practices and Methods of History Teaching Credits: (3)
- HIST 4500 - Teaching Social Studies in Grades 5-12 Credits: (3)

Note: HIST 4490 and HIST 4500 should be taken either junior and senior year prior to taking the Teacher Education core courses.

Language Courses Required to fulfill the BA (12 credit hours)

- 6 credit hours of foreign language
- HIST 4985 - Historical Research and Methods Credits: (3)
- HIST 4990 - Senior Seminar Credits: (3)

Note: HIST 4985 and HIST 4990 should be taken senior year prior to taking Teacher Education core courses. HIST 4985 is a prerequisite to HIST 4990.

Utah or American West History (3 credit hours)

Select one of the following courses.

- HIST 4110 - History of the American West to 1900 Credits: (3)
- HIST 4120 - The American West since 1900 Credits: (3)
- HIST 4130 - History of Utah Credits: (3)

U.S. History (3 credit hours)

Select one of the following courses.

- HIST 3010 - Native American History: 1300 to Present Credits: (3)
- HIST 3030 - African-American History Credits: (3)
- HIST 3050 - History of U.S. Latinos Credits: (3)
- HIST 3070 - Women in American History: 1600 to Present Credits: (3)
- HIST 3090 - American Social History Credits: (3)
- HIST 3110 - American Ideas and Culture Credits: (3)

U.S. Constitution and Policy (3 credit hours)

Select one of the following courses.

- HIST 3210 - U.S. Constitutional History Credits: (3)
- HIST 3220 - History of the Bill of Rights Credits: (3)
- HIST 3230 - American Foreign Relations Credits: (3)
- POLS 3140 - Foreign Policy of the United States Credits: (3)
- POLS 4020 - Constitutional Law: Powers Credits: (3)
- POLS 4030 - Constitutional Law: Rights Credits: (3)

European History (3 credit hours)

Select one of the following courses.

- HIST 4210 - Ancient History Credits: (3)
- HIST 4220 - History of the Middle Ages 300-1300 Credits: (3)
- HIST 4230 - Renaissance and Reformation - Europe: 1300-1660 Credits: (3)
- HIST 4240 - Absolutism, Enlightenment and Revolution - Europe: 1660-1815 Credits: (3)
- HIST 4250 - Nineteenth-Century Europe Credits: (3)
- HIST 4260 - Europe in the Age of Total War Credits: (3)
World History (3 credit hours)

Select one of the following courses.

- HIST 4015 - History of the Atlantic World, 1400-1815 Credits: (3)
- HIST 4510 - Twentieth Century World Credits: (3)
- HIST 4530 - Far Eastern History Credits: (3)
- HIST 4630 - History of Ancient and Colonial Latin America Credits: (3)
- HIST 4650 - Modern Latin America Credits: (3)

Geography Courses (9 credit hours)

- GEOG 1300 SUS/SS/DV - Global Issues: Places, People and the Planet Credits: (3)
- GEOG 3500 - Geography of Utah and the American West Credits: (3)
- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3) or
- GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions Credits: (3)

Political Science Courses (6 credit hours)

- POLS 1100 AI - American National Government Credits: (3)
  
  Select one of the following courses.
  
  - POLS 3330 - American Political Thought Credits: (3)
  - POLS 3600 - Political Parties Credits: (3)
  - POLS 3610 - Campaigns and Elections Credits: (3)
  - POLS 4600 - American Congress Credits: (3)
  - POLS 4620 - The U.S. Supreme Court Credits: (3)
  - POLS 4640 - American Presidency Credits: (3)

Psychology Courses (9 credit hours)

- PSY 1010 SS - Introductory Psychology Credits: (3)
  
  Select one of the following courses.
  
  - NEUR 2950 - Introduction to Neuroscience Credits: (3)
  - PSY 2710 - Biopsychology Credits: (3)
  
  Select one of the following courses.
  
  - PSY 3010 - Abnormal Psychology Credits: (3)
  - PSY 3100 - Psychology of Diversity Credits: (3)
  - PSY 3430 - Theories of Personality Credits: (3)
  - PSY 3460 - Social Psychology Credits: (3)
  - PSY 3500 - Cognition Credits: (3)

Students should take PSY 3140 to fulfill the required Teacher Education support course.

Sociology Courses (6 credit hours)

- SOC 1020 SS/DV - Social Problems Credits: (3)
  
  Select one of the following courses.
  
  - SOC 3000 - Self and Society Credits: (3)
- SOC 3010 - Social Inequality Credits: (3)
- SOC 3420 - Sociology of Education Credits: (3)
- SOC 3660 - Sociological Research Credits: (3)
- SOC 3850 - Race & Ethnicity Credits: (3)
- SOC 4410 - Sociology of Globalization Credits: (3)
History Minor

- **Grade Requirements**: A grade of "C" or better in courses applied toward the minor (a grade of "C-" is not acceptable) in addition to a GPA for these courses of 2.50 or higher.
- **Credit Hour Requirements**: Minimum of 24 credit hours in History courses. Transferring students with History minors must take at least one approved History course at Weber State.
- **Program Code**: 7007
- **CIPC**: 540101

Course Requirements for Minor

History Courses Required (6 credit hours)

- HIST 1500 SS - World History to 1500 C.E. **Credits**: (3)
- HIST 1510 SS/DV - World History from 1500 C.E. to the Present **Credits**: (3)

Upper-division History Electives (18 credit hours)

*Select at least 18 credit hours from the upper-division History courses. These courses are listed under the History Program.*
Public History Minor

Coordinator: Dr. Leah LaGrone  
Location: Lindquist Hall, Room 261  
Telephone: 801-626-6730 email: leahlagrone@weber.edu

Grade Requirements: A grade of "C" or better in courses used toward this minor (a grade of "C-" is not acceptable) in addition to a GPA for these courses of 2.50 or higher.

Credit Hour Requirements: A minimum of 24 credit hours is required.

Program Code: 7009

CIPC: 540101

This minor may be taken by all majors, including those majoring in History. Courses may not be counted for both the History major and this minor. This minor may be taken as a component of the Bachelor of Integrated Studies.

Course Requirements for Minor

Required Core Courses (15 credit hours)

- HIST 3400 - Principles of Public History Credits: (3)
- One additional upper division course in History (3 credits) taken in consultation with coordinator.
- HIST 4860 INT - Internships in Historical Studies Credits: (1-6) (6 credit hours required)

One of the following (3 credit hours)

- HIST 3500 - Historic Preservation Credits: (3)
- HIST 3530 INT - History Editing Credits: (3)
- ART 4010 - Museum Methods Credits: (3)

Required Interdisciplinary Courses (9 credit hours)

Only 6 credit hours may be taken under one course prefix

- ANTH 3100 - Prehistory of North America Credits: (3)
- ANTH 3300 - Archaeological Field Techniques Credits: (3-6) (3 credit hours required)
- ANTH 3400 CRE - Archaeological Laboratory Techniques Credits: (3)
- ANTH 3600 - Culture Area Studies Credits: (1-3) (3 credit hours required)
- ANTH 4100 - Archaeological Method, Theory, and Cultural Resource Management Credits: (3)
- ART 3420 A-D Introduction to Digital Media (1 credit each)
- ART 3430 - Typography and Publication Design Credits: (3)
- ART 2430 - Introduction to Graphic Design Credits: (3)
- COMM 3400 - Introduction to Public Relations Credits: (3)
- COMM 3440 - Public Relations Writing Credits: (3)
- COMM 3730 - Media Programming and Audiences Credits: (3)
- COMM 3740 - Writing for Screen Credits: (3)
- ENGL 3100 - Professional and Technical Writing Credits: (3)
- ENGL 3210 - Advanced College Writing Credits: (3)
- ENGL 3280 - Biographical Writing Credits: (3)
- GEOG 3300 - Historical Geography of the United States Credits: (3)
- GEOG 4400 - Cartography and Map Design Credits: (3)
- GEOG 4410 SUS - Sustainable Land Use Planning Credits: (3)
- GEOG 4420 - Advanced Urban and Regional Planning Credits: (3)
- POLS 3700 - Bureaucratic Politics Credits: (3)
- POLS 3750 - Urban Government and Politics Credits: (3)
History Teaching Minor

History Teaching minors must meet the Teacher Education admission and licensure requirements (see Teacher Education Department). You cannot declare a teaching minor without also having a Teaching major.

- **Grade Requirements**: A grade of "C" or better in courses applied toward the minor (a grade of "C-" is not acceptable) in addition to a GPA for these courses of 2.50 or higher.
- **Credit Hour Requirements**: Minimum of 24 credit hours in History courses.
- **Program Code**: 7008
- **CIPC**: 131328

Course Requirements for Teaching Minor

History Courses Required (12 credit hours)

- HIST 1500 SS - World History to 1500 C.E. Credits: (3)
- HIST 1510 SS/DV - World History from 1500 C.E. to the Present Credits: (3)
- HIST 2700 - History of the United States to 1877 Credits: (3)
- HIST 2710 - History of the United States since 1877 Credits: (3)

Note:

In addition, please note that HIST 4500 is required for completion of the Secondary Education Licensure program.

Upper-Division Electives (12 credit hours)

Select at least 12 credit hours from the upper-division History courses, including one course from each of the upper division areas. These courses are listed under the History Program.

Teaching minors must select either HIST 4110, HIST 4120 or HIST 4130 as part of their 12 credit hours.
Political Science

Political Science, in the broadest sense, is the study of politics particularly as it relates to governments and people. Political scientists study governments: The origins and preconditions for governments, the growth and evolution of governments, and the decline and conflict among governments. Political scientists also are interested in how governments are structured, how governments make decisions, the policies that result from political decisions and the consequences of these policies, and how governments manage societal and international conflicts. Political scientists also study people: Their values and positions on issues, their preferences among candidates, their support for public officials, and their appraisals of their government. True to their oldest academic traditions, political scientists retain their concern with the fundamental questions of how governments ought to be constituted, and how they can best serve their citizens.

The study of political science has value in several different ways. First, it contributes to a solid liberal arts education and preparation for citizenship. The Greek word "idiot" was used to refer to one who took no interest in the affairs of state. Today, no less than twenty centuries later, it is incumbent upon all useful citizens to learn something about the political system in which they will spend their lives. Educated people ought to know something of the nature of government even if they have no professional interest in political science.

Second, a degree in political science furnishes an excellent background for graduate study in political science, law, administration, business, and international relations. Political science helps students develop reasoning and analytical skills and build competence in oral and written expression. In addition, the department of political science requires students to acquire basic skills in statistical analysis and computer competency.

Third, there are some careers for which an extensive training in political science can be most useful. This is true especially for those planning to seek careers in higher education, the legal profession, state and local government, urban planning, the federal bureaucracy, journalism, the military, law enforcement, teaching, the civil service, or in any of the proliferating organizations that seek to monitor the political processes to influence content of public policy. Further, the training students receive in political science will be useful to students no matter what their ultimate career choices. The comprehensive career guide, *Careers and the study of Political Science*, is available from the department chair.

Internships

Internships are offered through the Political Science program and the Walker Institute of Politics and Public Service to provide students practical understanding of political processes in governmental organizations. Many students have received practical training and gained valuable knowledge by working with United States senators, members of Congress, and Utah State senators and representatives. Moreover, some students work as interns in City and County administrations and in the Utah Legal Services office in Ogden.

Pre-Law

The pre-law advisement program is designed to assist students in scheduling courses, in preparing for the law school admissions test, and in obtaining admission at one of the nationally recognized law schools. Data on the placement of graduates in law schools show the success and the immense value of the program to students. (Dr. Richard Price acts as the Pre-Law Advisor.)

Interdisciplinary Minors

The Political Science Department participates in the Asian Studies, Environmental Studies, European Studies, International Politics, Latin American Studies, Legal Studies, and Public Administration Minor Programs and the Urban and Regional Planning Emphasis Program. Students who wish to enroll in one of these programs should indicate their desire to do so with the
program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)

**Philosophy**

The philosophy program offers courses that fall under three general categories: 1) Liberal Education: teaches the ideas of influential past and contemporary thinkers who have sought to understand the world and our experience of it. These ideas concern such topics as the nature of truth and reality, the limits of knowledge, standards of right and wrong, the experience of beauty, and world religions. 2) Methodology: emphasizes methods of sound practical reasoning, deductive logic, and language analysis. 3) Application: critically analyzes non-philosophical disciplines. For example, the philosophy of democracy analyzes the value assumptions behind democratic forms of government, while medical ethics seeks to identify and resolve dilemmas arising from conflicts between medical technology and the quality of life.
Philosophy (BA)

- **Program Prerequisite:** Not required.
- **Minor:** Required
- **Grade Requirements:** A grade of "C" or better in courses counted toward fulfilling the major (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 40 upper division credit hours are required (courses numbered 3000 and above). Philosophy majors are required to take 36 credit hours within the major, of which at least 27 must be upper division.
- **Program Code:** 7011BA
- **CIPC:** 380101

Advisement

All Philosophy students are required to meet with a faculty advisor at least annually for course and program advisement. Call 801-626-6694 for more information or to schedule an appointment.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements.

Core and General Education

Refer to Degree Requirements for Bachelor of Arts requirements. See Language Courses Required to fulfill the BA listed under the major course requirements. One of the following courses may be used to fulfill both general education (humanities) and program requirements: PHIL 1000, PHIL 1250, PHIL 1120.

Students majoring or minorning in Philosophy who transfer from another institution and who intend to graduate from WSU will be required to take, in the case of the minor, at least one class in PHIL, and in the case of the major, at least two classes in PHIL, including Senior Capstone Seminar.

Program Learning Outcomes

- Historical Knowledge
- Topical Knowledge
- Critical Thinking
- Reading Comprehension
- Writing Skills

Major Course Requirements for BA Degree

Core Courses Required (6 credit hours)

- PHIL 1000 HU - Introduction to Philosophy Credits: (3)
- PHIL 4900 - Senior Capstone Seminar Credits: (3)

Electives (30 credit hours minimum)
Select a minimum of 30 credit hours from the following list, including one of either PHIL 1250 or PHIL 2200, one of either PHIL 3010 or PHIL 3020, one of either PHIL 3650 or PHIL 4600, and one of either PHIL 4510 or PHIL 4520. At least 24 elective credits must be upper division.

- PHIL 1120 HU - Contemporary Moral Problems Credits: (3)
- PHIL 1250 HU - Critical Thinking Credits: (3)
- PHIL 2200 - Deductive Logic Credits: (3)
- PHIL 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- PHIL 3010 - History of Philosophy: Classical & Medieval Credits: (3)
- PHIL 3020 - History of Philosophy: Modern Credits: (3)
- PHIL 3150 - Existentialism Credits: (3)
- PHIL 3200 - Philosophy of Democracy Credits: (3)
- PHIL 3250 - Philosophy of Law Credits: (3)
- PHIL 3350 - Medical Ethics Credits: (3)
- PHIL 3500 - Philosophy of Western Religion Credits: (3)
- PHIL 3550 - Philosophy of Eastern Religion Credits: (3)
- PHIL 3650 - Aesthetics Credits: (3)
- PHIL 3700 - Environmental Philosophy Credits: (3)
- PHIL 4400 - Great Issues in Philosophy Credits: (3)
- PHIL 4450 - Great Thinkers of Philosophy Credits: (3)
- PHIL 4510 - Metaphysics Credits: (3)
- PHIL 4520 - Epistemology Credits: (3)
- PHIL 4530 - Philosophy of Mind Credits: (3)
- PHIL 4540 - Philosophy of Language Credits: (3)
- PHIL 4600 - Ethical Theory Credits: (3)
- PHIL 4810 - Experimental Course Credits: (1-6)
- PHIL 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- PHIL 4830 - Directed Readings Credits: (1-2)

Language Courses Required to fulfill the BA

Students completing a BA in philosophy must complete 6 hours of foreign language courses (these can be taken in more than one language) or demonstrate equivalent competency. Students must also complete 6 hours of language arts, which are automatically satisfied by completing the philosophy course requirements.
Political Science (BA)

- **Program Prerequisite:** Not required for Political Science major. Political Science Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education). Teaching Majors are also required to take HIST 4500 - Teaching Social Studies in Grades 5-12, for a total of 42 semester hours including HIST 4500.
- **Minor:** A minor or a double major is required.
- **Grade Requirements:** Political Science majors must have an overall GPA of 2.00 and a "C" or better grade in courses used toward the major (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 40 upper division credit hours are required (courses numbered 3000 and above). Political Science majors are required to take 39 credit hours within the major; teaching majors must also take HIST 4500 - Teaching Social Studies in Grades 5-12, for a total of 42 credit hours.
- **Program Code:** 7012BA
- **CIPC:** 451001

Advisement

All Political Science and Political Science Teaching students are required to meet with Dr. Thom Kuehls, the Political Science faculty advisor, in order to declare their major or minor and to receive program advisement. Call 801-626-6698 or email Dr. Kuehls at tkuehls@weber.edu for more information or to schedule an appointment. Teaching majors are encouraged to also consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269).

Admission Requirements

There are no special admission or application requirements for the Political Science major. Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. See specific requirements for the BA and BS under the major course requirements. Five Political Science courses can fulfill both general education and Political Science major or minor requirements: POLS 1100 fulfills the American Institutions requirement; POLS 2100, POLS 2200, POLS 2300, and POLS 2400 are all Social Science General Education courses, but students may only count one of these three courses towards the Social Science General Education requirement. Consult with a department advisor for specific general education guidelines. Political Science majors are encouraged to take MATH 1040 (Statistics) to fulfill their Quantitative Literacy Requirement and LIBS 2804 to fulfill their Information Literacy requirement.

Students who transfer from another institution and who intend to graduate from WSU with a minor in Political Science or a Political Science Teaching minor will be required to take at least two classes in Political Science at WSU. Students who transfer from another institution and who intend to graduate from WSU with a major in Political Science or a Political Science Teaching major will be required to take at least three classes in POLS, plus POLS 4990 Senior Seminar at WSU. These classes must be taken during the calendar year immediately preceding graduation.

*AP credit for high school American Government courses will be accepted for Political Science POLS 1100 and POLS 2200. It will count toward the total hours required for graduation and count toward the total of 39 credit hours required for a Political Science major. A score of 3 or higher on the AP U.S. Government and Politics course will count in place of POLS 1100. A score of 3 or higher on the AP Comparative Politics course will count in place of POLS 2200.*

Program Learning Outcomes

- Students should be able to identify the political institutions and processes of the government of the United States.
• Students should be able to explain at least one of the following five subfields of the discipline: American Government and Public Administration, Comparative Politics, International Politics, Public and Constitutional Law, or Political Theory.
• Students should be able to demonstrate critical thinking skills or formulate and defend a thesis in a written or oral format.
• Students should be able to use a proper methodology necessary for writing a paper in the field of Political Science.
• Students should be able to synthesize and demonstrate advanced accomplishment across general and specialized studies.

Political Science Major Course Requirements for BA

Language Courses Required to fulfill the BA (12 credit hours)

Majors obtaining a Bachelor of Arts in Political Science must take either a minimum of twelve hours of foreign language, or six hours of foreign language and six hours of language arts coursework that are primarily intended to develop a student's ability to communicate ideas and concepts with others. The six hours of language arts coursework shall be met by taking any two of the following courses:

- POLS 3330 - American Political Thought Credits: (3)
- POLS 4020 - Constitutional Law: Powers Credits: (3)
- POLS 4030 - Constitutional Law: Rights Credits: (3)
- POLS 4190 - Theories of International Politics Credits: (3)
- POLS 4360 - Classical Political Thought Credits: (3)
- POLS 4380 - Modern Political Thought Credits: (3)
- WGS 3050 - Introduction to Feminist Theories 1700 -- Present Credits: (3)
- ENGL 3210 - Advanced College Writing Credits: (3)
- ENGL 3510 HU/DV - World Literature Credits: (3)
- PHIL 3020 - History of Philosophy: Modern Credits: (3)
- PHIL 3200 - Philosophy of Democracy Credits: (3)

Note:

Any of the Political Science courses taken to meet the BA requirements may also be used to meet the appropriate Political Science requirements listed below. Also, any of the above courses may have pre-requisites not listed here that will need to be met.

Core Courses Required for BA (15 credit hours)

- POLS 1010 - Introduction to Political Science Credits: (3)
- POLS 4990 - Senior Seminar/Senior Thesis Credits: (3) Fall Only. POLS 1010 is a prerequisite for POLS 4990.

And three of the following lower division area courses:

- POLS 1100 AI - American National Government Credits: (3)
- POLS 2100 SS - Introduction to International Politics Credits: (3)
- POLS 2200 SS - Introduction to Comparative Politics Credits: (3)
- POLS 2300 SS - Introduction to Political Theory Credits: (3)
- POLS 2400 SS - Introduction to Law and Courts Credits: (3)
- POLS 2700 - Introduction to Public Administration Credits: (3)

Political Science Additional Upper Division Major Course Requirements for BA (18 Credits)
Take at least three courses in one of the following areas, at least two courses in a second area, and at least one course in the final area.

Area 1: American Government

- POLS 3400 - LGBTQ Politics Credits: (3)
- POLS 3600 - Political Parties Credits: (3)
- POLS 3610 - Campaigns and Elections Credits: (3)
- POLS 3620 - Political Behavior Credits: (3)
- POLS 3700 - Bureaucratic Politics Credits: (3)
- POLS 3750 - Urban Government and Politics Credits: (3)
- POLS 3760 - State Government and Politics Credits: (3)
- POLS 3780 - Lobbying: Theory and Practice Credits: (3)
- POLS 4020 - Constitutional Law: Powers Credits: (3)
- POLS 4030 - Constitutional Law: Rights Credits: (3)
- POLS 4060 - Law and Society Credits: (3) or
- CJ 4065 - Law and Society Credits: (3) or
- SOC 4270 - Sociology of Law Credits: (3)
- POLS 4100 - Free Speech Credits: (3)
- POLS 4600 - American Congress Credits: (3)
- POLS 4620 - The U.S. Supreme Court Credits: (3)
- POLS 4640 - American Presidency Credits: (3)
- POLS 4050 - Institutional Presidency Credits: (3)
- POLS 4750 - Public Policy Analysis Credits: (3)
- POLS 4940 - Topics in American Politics & Thought Credits: (3)

Area 2: Global Politics

- POLS 3140 - Foreign Policy of the United States Credits: (3) or
- HIST 3230 - American Foreign Relations Credits: (3)
- POLS 3200 - Middle East and North Africa Credits: (3)
- POLS 3210 - Politics in the European Union Credits: (3)
- POLS 3290 - Democratization and Political Transitions Credits: (3)
- POLS 4160 - Topics in Global Politics Credits: (3)
- POLS 4170 - Gender, Power, and Global Politics Credits: (3)
- POLS 4180 - International Law and Organization Credits: (3)
- POLS 4190 - Theories of International Politics Credits: (3)
- POLS 4210 - Violence and Contestation Credits: (3)
- POLS 4200 - Dictatorships Credits: (3)
- POLS 4760 - Rwanda: Genocide and Aftermath Credits: (3)
- POLS 4770 - Genocide, War, and Human Rights Credits: (3)

Area 3: Political Theory

- POLS 3330 - American Political Thought Credits: (3)
- POLS 3340 - Environmental Political Theory Credits: (3)
- POLS 4360 - Classical Political Thought Credits: (3)
- POLS 4380 - Modern Political Thought Credits: (3)
- POLS 4940 - Topics in American Politics & Thought Credits: (3) *
• PHIL 3200 - Philosophy of Democracy Credits: (3)
• WGS 3050 - Introduction to Feminist Theories 1700 -- Present Credits: (3)

*Counts in this area when the topic is in Political Theory

Other Elective Courses

An additional 3 credit hours will be needed to reach the required 39. You may get those additional 3 hours from any of the following classes or any of the courses in the above three areas which you have not already taken.

• POLS 1520 SS - Leadership and Political Life Credits: (3)
• POLS 2500 SS/DV - Human Rights in the World Credits: (3)

• POLS 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6) or
• POLS 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)

• POLS 2930 - Peacebuilding in Rwanda Credits: (3)
• POLS 3150 - Model United Nations Credits: (3)
• POLS 3990 - Political Analysis Credits: (3)
• POLS 4800 - Individual Projects and Research Credits: (1-2)
• POLS 4860 INT - Washington D.C. Internships Credits: (1-6)
• POLS 4861 INT - International Internships Credits: (1-6)
• POLS 4865 INT - State and Local Internship Credits: (1-6)
• POLS 4870 INT - Internship in Perspective Credits: (3)
• POLS 4880 INT - Internship Research Credits: (3)
• POLS 4830 - Directed Readings Credits: (3)
• POLS 3070 - Moot Court Credits: (3)

Note:

All Political Science courses- as well as HIST 3230, PHIL 3200, CJ 4065, and WGS 3050-count toward the total hours required for the political science major and minor. However, none of these courses, if they are being counted for the political science major or minor, may count toward another major or minor. Similarly, if any of these courses are being counted for a major or minor that is not political science, they cannot be counted for the major or minor requirements of political science.
Political Science Teaching (BA)

- **Program Prerequisite:** Political Science Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education). Teaching Majors are also required to take HIST 4500 - Teaching Social Studies in Grades 5-12, for a total of 42 semester hours including HIST 4500.
- **Minor:** A minor or a double major is required.
- **Grade Requirements:** Political Science majors must have an overall GPA of 2.00 and a "C" or better grade in courses used toward the major (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 40 upper division credit hours are required (courses numbered 3000 and above). Political Science majors are required to take 39 credit hours within the major; teaching majors must also take HIST 4500 - Teaching Social Studies in Grades 5-12, for a total of 42 credit hours.
- **Program Code:** 7013BA
- **CIPC:** 131317

Advisement

All Political Science and Political Science Teaching students are required to meet with Dr. Thom Kuehls, the Political Science faculty advisor, at least annually for course and program advisement. Call 801-626-6698 or email Dr. Kuehls at tkuehls@weber.edu for more information or to schedule an appointment. Teaching majors are encouraged to also consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269).

Admission Requirements

To declare your program of study, please contact Debbie Strait in the Political Science Department office at 801-626-6694 (see Enrollment Services and Information). There are no special admission or application requirements for the Political Science major. Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. See specific requirements for the BA and BS under the major course requirements. Five Political Science courses can fulfill both general education and Political Science major or minor requirements: POLS 1100 fulfills the American Institutions requirement; POLS 2100, POLS 2200, POLS 2300, and POLS 2400 are all Social Science General Education courses, but students may only count one of these three courses towards the Social Science General Education requirements. Consult with a department advisor for specific general education guidelines. Political Science majors are encouraged to take MATH 1040 (Statistics) to fulfill their Quantitative Literacy Requirement and LIBS 2804 to fulfill Part D of their Computer and Information Literacy requirement.

*Students who transfer from another institution and who intend to graduate from WSU with a minor in Political Science or a Political Science Teaching minor will be required to take at least two classes in Political Science at WSU. Students who transfer from another institution and who intend to graduate from WSU with a major in Political Science or a Political Science Teaching major will be required to take at least three classes in POLS, plus POLS 4990 Senior Seminar at WSU. These classes must be taken during the calendar year immediately preceding graduation.*

*AP credit for high school American Government courses will be accepted for Political Science POLS 1100. It will count toward the total hours required for graduation and count toward the total of 39 credit hours required for a Political Science major. A score of 3 or higher on the AP U.S. Government and Politics course will count in place of POLS 1100. A score of 3 or higher on the AP Comparative Politics course will count in place of POLS 2200.*

Program Learning Outcomes

- Students should be able to identify the political institutions and processes of the government of the United States.
• Students should be able to explain at least one of the following five subfields of the discipline: American Government and Public Administration, Comparative Politics, International Politics, Public and Constitutional Law, or Political Theory.
• Students should be able to demonstrate critical thinking skills or formulate and defend a thesis in a written or oral format.
• Students should be able to use a proper methodology necessary for writing a paper in the field of Political Science.
• Students should be able to synthesize and demonstrate advanced accomplishment across general and specialized studies.

Political Science Major Course Requirements for Teaching BA

Language Courses Required to fulfill the BA (12 credit hours)

Majors obtaining a Bachelor of Arts in Political Science must take either a minimum of twelve hours of foreign language, or six hours of foreign language and six hours of language arts coursework that are primarily intended to develop a student's ability to communicate ideas and concepts with others. The six hours of language arts coursework shall be met by taking any two of the following courses:

- POLS 3330 - American Political Thought Credits: (3)
- POLS 4020 - Constitutional Law: Powers Credits: (3)
- POLS 4030 - Constitutional Law: Rights Credits: (3)
- POLS 4190 - Theories of International Politics Credits: (3)
- POLS 4360 - Classical Political Thought Credits: (3)
- POLS 4380 - Modern Political Thought Credits: (3)
- WGS 3050 - Introduction to Feminist Theories 1700 -- Present Credits: (3)
- ENGL 3210 - Advanced College Writing Credits: (3)
- ENGL 3510 HU/DV - World Literature Credits: (3)
- PHIL 3020 - History of Philosophy: Modern Credits: (3)
- PHIL 3200 - Philosophy of Democracy Credits: (3)

Note:

Any of the Political Science courses taken to meet the BA requirements may also be used to meet the appropriate Political Science requirements listed below. Also, any of the above courses may have pre-requisites not listed here that will need to be met.

Core Courses Required for Teaching BA (18 credit hours)

- POLS 1010 - Introduction to Political Science Credits: (3)
- POLS 4990 - Senior Seminar/Senior Thesis Credits: (3) Fall Only. POLS 1010 is a prerequisite for POLS 4990
- HIST 4500 - Teaching Social Studies in Grades 5-12 Credits: (3)

And three of the following lower division area courses:

- POLS 1100 AI - American National Government Credits: (3)
- POLS 2100 SS - Introduction to International Politics Credits: (3)
- POLS 2200 SS - Introduction to Comparative Politics Credits: (3)
- POLS 2300 SS - Introduction to Political Theory Credits: (3)
- POLS 2400 SS - Introduction to Law and Courts Credits: (3)
- POLS 2700 - Introduction to Public Administration Credits: (3)

Political Science Additional Upper Division Major Course Requirements for Teaching BA (18 credits)
Take at least three courses in one of the following areas, at least two courses in a second area, and at least one course in the final area.

Area 1: American Government

- POLS 3400 - LGBTQ Politics Credits: (3)
- POLS 3600 - Political Parties Credits: (3)
- POLS 3610 - Campaigns and Elections Credits: (3)
- POLS 3620 - Political Behavior Credits: (3)
- POLS 3700 - Bureaucratic Politics Credits: (3)
- POLS 3750 - Urban Government and Politics Credits: (3)
- POLS 3760 - State Government and Politics Credits: (3)
- POLS 3780 - Lobbying: Theory and Practice Credits: (3)
- POLS 4020 - Constitutional Law: Powers Credits: (3)
- POLS 4030 - Constitutional Law: Rights Credits: (3)
- POLS 4060 - Law and Society Credits: (3) or
- CJ 4065 - Law and Society Credits: (3) or
- SOC 4270 - Sociology of Law Credits: (3)
- POLS 4100 - Free Speech Credits: (3)
- POLS 4600 - American Congress Credits: (3)
- POLS 4620 - The U.S. Supreme Court Credits: (3)
- POLS 4640 - American Presidency Credits: (3)
- POLS 4750 - Public Policy Analysis Credits: (3)
- POLS 4940 - Topics in American Politics & Thought Credits: (3)

Area 2: Global Politics

- POLS 3140 - Foreign Policy of the United States Credits: (3) or
- HIST 3230 - American Foreign Relations Credits: (3)
- POLS 3200 - Middle East and North Africa Credits: (3)
- POLS 3210 - Politics in the European Union Credits: (3)
- POLS 3290 - Democratization and Political Transitions Credits: (3)
- POLS 4160 - Topics in Global Politics Credits: (3)
- POLS 4180 - International Law and Organization Credits: (3)
- POLS 4190 - Theories of International Politics Credits: (3)
- POLS 4200 - Dictatorships Credits: (3)
- POLS 4210 - Violence and Contestation Credits: (3)
- POLS 4760 - Rwanda: Genocide and Aftermath Credits: (3)
- POLS 4770 - Genocide, War, and Human Rights Credits: (3)

Area 3: Political Theory

- POLS 3330 - American Political Thought Credits: (3)
- POLS 3340 - Environmental Political Theory Credits: (3)
- POLS 4360 - Classical Political Thought Credits: (3)
- POLS 4380 - Modern Political Thought Credits: (3)
- POLS 4940 - Topics in American Politics & Thought Credits: (3) *
- PHIL 3200 - Philosophy of Democracy Credits: (3)
- WGS 3050 - Introduction to Feminist Theories 1700 -- Present Credits: (3)
Other Elective Courses

Take any of the following as needed for additional credit hour total, or select additional courses from the courses in the three areas above.

- POLS 1520 SS - Leadership and Political Life Credits: (3)
- POLS 2500 SS/DV - Human Rights in the World Credits: (3)
- POLS 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6) or
  - POLS 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- POLS 2930 - Peacebuilding in Rwanda Credits: (3)
- POLS 3150 - Model United Nations Credits: (3)
- POLS 3990 - Political Analysis Credits: (3)
- POLS 4800 - Individual Projects and Research Credits: (1-2)
- POLS 4860 INT - Washington D.C. Internships Credits: (1-6)
- POLS 4861 INT - International Internships Credits: (1-6)
- POLS 4865 INT - State and Local Internship Credits: (1-6)
- POLS 4870 INT - Internship in Perspective Credits: (3)
- POLS 4880 INT - Internship Research Credits: (3)
- POLS 4830 - Directed Readings Credits: (3)

Note:

All Political Science courses- as well as HIST 3230, PHIL 3200, CJ 4065, and WGS 3050-count toward the total hours required for the political science major and minor. However, none of these courses, if they are being counted for the political science major or minor, may count toward another major or minor. Similarly, if any of these courses are being counted for a major or minor that is not political science, they cannot be counted for the major or minor requirements of political science.
Political Science (BS)

- **Program Prerequisite:** Not required for Political Science major. Political Science Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education). Teaching Majors are also required to take HIST 4500 - Teaching Social Studies in Grades 5-12, for a total of 42 semester hours including HIST 4500.
- **Minor:** A minor or a double major is required.
- **Grade Requirements:** Political Science majors must have an overall GPA of 2.00 and a "C" or better grade in courses used toward the major (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 40 upper division credit hours are required (courses numbered 3000 and above). Political Science majors are required to take 39 credit hours within the major; teaching majors must also take HIST 4500 - Teaching Social Studies in Grades 5-12, for a total of 42 credit hours.
- **Program Code:** 7012BS
- **CIPC:** 451001

**Advisement**

All Political Science and Political Science Teaching students are required to meet with Dr. Thom Kuehls, the Political Science faculty advisor, at least annually for course and program advisement. Call 801-626-6698 or email Dr. Kuehls at tkuehls@weber.edu for more information or to schedule an appointment. Teaching majors are encouraged to also consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269).

**Admission Requirements**

There are no special admission or application requirements for the Political Science major. Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).

**General Education**

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. See specific requirements for the BA and BS under the major course requirements. Four Political Science courses can fulfill both general education and Political Science major or minor requirements: POLS 1100 fulfills the American Institutions requirement; POLS 2100, POLS 2200, and POLS 2300 are all Social Science General Education courses, but students may only count one of these three courses towards the Social Science General Education requirement. Consult with a department advisor for specific general education guidelines. Political Science majors are encouraged to take MATH 1040 (Statistics) to fulfill their Quantitative Literacy Requirement and LIBS 2804 to fulfill their Information Literacy requirement.

Students who transfer from another institution and who intend to graduate from WSU with a minor in Political Science or a Political Science Teaching minor will be required to take at least two classes in Political Science at WSU. Students who transfer from another institution and who intend to graduate from WSU with a major in Political Science or a Political Science Teaching major will be required to take at least three classes in POLS, plus POLS 4990 Senior Seminar at WSU. These classes must be taken during the calendar year immediately preceding graduation.

AP credit for high school American Government courses will be accepted for Political Science POLS 1100 and POLS 2200. It will count toward the total hours required for graduation and count toward the total of 39 credit hours required for a Political Science major. A score of 3 or higher on the AP U.S. Government and Politics course will count in place of POLS 1100. A score of 3 or higher on the AP Comparative Politics course will count in place of POLS 2200.

**Program Learning Outcomes**

- Students should be able to identify the political institutions and processes of the government of the United States.
• Students should be able to explain at least one of the following five subfields of the discipline: American Government and Public Administration, Comparative Politics, International Politics, Public and Constitutional Law, or Political Theory.
• Students should be able to demonstrate critical thinking skills or formulate and defend a thesis in a written or oral format.
• Students should be able to use a proper methodology necessary for writing a paper in the field of Political Science.
• Students should be able to synthesize and demonstrate advanced accomplishment across general and specialized studies.

Political Science Major Course Requirements for BS

Majors obtaining a Bachelor of Science in Political Science must take a minimum of twelve hours of coursework that emphasizes analysis of data, application of evidence based investigation, formulation and testing of predictive models, or address quantitative methods at a level that requires quantitative literacy. Three of these twelve hours will be met by taking POLS 3990, a core requirement for Political Science majors seeking a Bachelor of Science. The other nine hours must come from the following list of courses:

- POLS 3610 - Campaigns and Elections Credits: (3)
- POLS 3620 - Political Behavior Credits: (3)
- POLS 4750 - Public Policy Analysis Credits: (3)
- SOC 3600 - Social Statistics Credits: (3)
- ANTH 4300 CRE - Anthropological Research Methods Credits: (3)
- GEOG 3060 SUS - Environmental Issues: Local to Global Impacts and Solutions Credits: (3)
- GEOG 4410 SUS - Sustainable Land Use Planning Credits: (3)
- ECON 3120 - International Finance and Monetary Systems Credits: (3)
- ECON 4170 - Economic Development Credits: (3)
- ECON 4520 - Public Finance Credits: (3)
- PSY 3600 - Statistics in Psychology Credits: (3)
- PSY 4760 - Tests and Measurements Credits: (3)
- SW 3600 - Social Statistics Credits: (3)

Note:

Any of the Political Science courses taken to meet the BS requirements may also be used to meet the appropriate Political Science requirements listed below. Also, any of the above courses may have pre-requisites not listed here that will need to be met.

Core Courses Required for BS (18 credit hours)

- POLS 1010 - Introduction to Political Science Credits: (3)
- POLS 3990 - Political Analysis Credits: (3)
- POLS 4990 - Senior Seminar/Senior Thesis Credits: (3) Fall Only. POLS 1010 is a prerequisite for POLS 4990

And three of the following lower division area courses:

- POLS 1100 AI - American National Government Credits: (3)
- POLS 2100 SS - Introduction to International Politics Credits: (3)
- POLS 2200 SS - Introduction to Comparative Politics Credits: (3)
- POLS 2300 SS - Introduction to Political Theory Credits: (3)
- POLS 2400 SS - Introduction to Law and Courts Credits: (3)
- POLS 2700 - Introduction to Public Administration Credits: (3)

Additional Upper Division Major Course Requirements (18 credit hours)
Political Science Additional Upper Division Major Course Requirements for BS

Take at least three courses in one of the following areas, at least two courses in a second area, and at least one course in the final area.

Area 1: American Government

- POLS 3400 - LGBTQ Politics Credits: (3)
- POLS 3600 - Political Parties Credits: (3)
- POLS 3610 - Campaigns and Elections Credits: (3)
- POLS 3620 - Political Behavior Credits: (3)
- POLS 3700 - Bureaucratic Politics Credits: (3)
- POLS 3750 - Urban Government and Politics Credits: (3)
- POLS 3760 - State Government and Politics Credits: (3)
- POLS 3780 - Lobbying: Theory and Practice Credits: (3)
- POLS 4020 - Constitutional Law: Powers Credits: (3)
- POLS 4030 - Constitutional Law: Rights Credits: (3)
- POLS 4060 - Law and Society Credits: (3) or
- CJ 4065 - Law and Society Credits: (3) or
- SOC 4270 - Sociology of Law Credits: (3)
- POLS 4100 - Free Speech Credits: (3)
- POLS 4600 - American Congress Credits: (3)
- POLS 4620 - The U.S. Supreme Court Credits: (3)
- POLS 4640 - American Presidency Credits: (3)
- POLS 4750 - Public Policy Analysis Credits: (3)
- POLS 4940 - Topics in American Politics & Thought Credits: (3)
- POLS 4050 - Institutional Presidency Credits: (3)

Area 2: Global Politics

- POLS 3140 - Foreign Policy of the United States Credits: (3) or
- HIST 3230 - American Foreign Relations Credits: (3)
- POLS 3210 - Politics in the European Union Credits: (3)
- POLS 3290 - Democratization and Political Transitions Credits: (3)
- POLS 4160 - Topics in Global Politics Credits: (3)
- POLS 4170 - Gender, Power, and Global Politics Credits: (3)
- POLS 4180 - International Law and Organization Credits: (3)
- POLS 4190 - Theories of International Politics Credits: (3)
- POLS 4760 - Rwanda: Genocide and Aftermath Credits: (3)
- POLS 4200 - Dictatorships Credits: (3)
- POLS 4210 - Violence and Contestation Credits: (3)
- POLS 3200 - Middle East and North Africa Credits: (3)
- POLS 4770 - Genocide, War, and Human Rights Credits: (3)

Area 3: Political Theory
• POLS 3330 - American Political Thought Credits: (3)
• POLS 3340 - Environmental Political Theory Credits: (3)
• POLS 4360 - Classical Political Thought Credits: (3)
• POLS 4380 - Modern Political Thought Credits: (3)
• POLS 4940 - Topics in American Politics & Thought Credits: (3) *
• PHIL 3200 - Philosophy of Democracy Credits: (3)
• WGS 3050 - Introduction to Feminist Theories 1700 -- Present Credits: (3)

*Counts in this area when the topic is in Political Theory

Other Elective Courses

An additional 3 credit hours will be needed to reach the required 39. You may get those additional 3 hours from any of the following classes or any of the courses in the above three areas which you have not already taken.

• POLS 1520 SS - Leadership and Political Life Credits: (3)
• POLS 2500 SS/DV - Human Rights in the World Credits: (3)

• POLS 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6) or

- **Program Code:** 7013BS
- **CIPC:** 131317

Advisement

All Political Science and Political Science Teaching students are required to meet with Dr. Thom Kuehls, the Political Science faculty advisor, at least annually for course and program advisement. Call 801-626-6698 or email Dr. Kuehls at tkuehls@weber.edu for more information or to schedule an appointment. Teaching majors are encouraged to also consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269).

Admission Requirements

To declare your program of study, please contact Debbie Strait in the Political Science Department office at 801-626-6694 (see Enrollment Services and Information). There are no special admission or application requirements for the Political Science major. Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. See specific requirements for the BA and BS under the major course requirements. Five Political Science courses can fulfill both general education and Political Science major or minor requirements: POLS 1100 fulfills the American Institutions requirement; POLS 2100, POLS 2200, POLS 2300, and POLS 2400 are all Social Science General Education courses, but students may only count one of these three courses towards the Social Science General Education requirements. Consult with a department advisor for specific general education guidelines. Political Science majors are encouraged to take MATH 1040 (Statistics) to fulfill their Quantitative Literacy Requirement and LIBS 2804 to fulfill Part D of their Computer and Information Literacy requirement.

Students who transfer from another institution and who intend to graduate from WSU with a minor in Political Science or a Political Science Teaching minor will be required to take at least two classes in Political Science at WSU. Students who transfer from another institution and who intend to graduate from WSU with a major in Political Science or a Political Science Teaching major will be required to take at least three classes in POLS, plus POLS 4990 Senior Seminar at WSU. These classes must be taken during the calendar year immediately preceding graduation.

AP credit for high school American Government courses will be accepted for Political Science POLS 1100. It will count toward the total hours required for graduation and count toward the total of 39 credit hours required for a Political Science major. A score of 3 or higher on the AP U.S. Government and Politics course will count in place of POLS 1100. A score of 3 or higher on the AP Comparative Politics course will count in place of POLS 2200.

Program Learning Outcomes

- Students should be able to identify the political institutions and processes of the government of the United States.
• Students should be able to explain at least one of the following five subfields of the discipline: American Government and Public Administration, Comparative Politics, International Politics, Public and Constitutional Law, or Political Theory.

• Students should be able to demonstrate critical thinking skills or formulate and defend a thesis in a written or oral format.

• Students should be able to use a proper methodology necessary for writing a paper in the field of Political Science.

• Students should be able to synthesize and demonstrate advanced accomplishment across general and specialized studies.

Political Science Major Course Requirements for BS

Majors obtaining a Bachelor of Science in Political Science must take a minimum of twelve hours of coursework that emphasizes analysis of data, application of evidence based investigation, formulation and testing of predictive models, or address quantitative methods at a level that requires quantitative literacy. Three of these twelve hours will be met by taking POLS 3990, a core requirement for Political Science majors seeking a Bachelor of Science. The other nine hours must come from the following list of courses:

• POLS 3610 - Campaigns and Elections Credits: (3)
• POLS 3620 - Political Behavior Credits: (3)
• POLS 4750 - Public Policy Analysis Credits: (3)
• SOC 3600 - Social Statistics Credits: (3)
• ANTH 4300 CRE - Anthropological Research Methods Credits: (3)
• GEOG 3060 SUS - Environmental Issues: Local to Global Impacts and Solutions Credits: (3)
• GEOG 4410 SUS - Sustainable Land Use Planning Credits: (3)
• ECON 3120 - International Finance and Monetary Systems Credits: (3)
• ECON 4170 - Economic Development Credits: (3)
• ECON 4520 - Public Finance Credits: (3)
• PSY 3600 - Statistics in Psychology Credits: (3)
• PSY 4760 - Tests and Measurements Credits: (3)
• SW 3600 - Social Statistics Credits: (3)

Note:

Any of the Political Science courses taken to meet the BS requirements may also be used to meet the appropriate Political Science requirements listed below. Also, any of the above courses may have pre-requisites not listed here that will need to be met.

Core Courses Required for Teaching BS (21 credit hours)

• POLS 1010 - Introduction to Political Science Credits: (3)
• POLS 3990 - Political Analysis Credits: (3)
• POLS 4990 - Senior Seminar/Senior Thesis Credits: (3) Fall Only. POLS 1010 is a prerequisite for POLS 4990.
• HIST 4500 - Teaching Social Studies in Grades 5-12 Credits: (3)

And three of the following lower division area courses:

• POLS 1100 AI - American National Government Credits: (3)
• POLS 2100 SS - Introduction to International Politics Credits: (3)
• POLS 2200 SS - Introduction to Comparative Politics Credits: (3)
• POLS 2300 SS - Introduction to Political Theory Credits: (3)
• POLS 2400 SS - Introduction to Law and Courts Credits: (3)
• POLS 2700 - Introduction to Public Administration Credits: (3)

Additional Upper Division Major Course Requirements (18 credit hours)
Political Science Additional Upper Division Major Course Requirements for BS

Take at least three courses in one of the following areas, at least two courses in a second area, and at least one course in the final area.

**Area 1: American Government**

- POLS 3400 - LGBTQ Politics Credits: (3)
- POLS 3600 - Political Parties Credits: (3)
- POLS 3610 - Campaigns and Elections Credits: (3)
- POLS 3620 - Political Behavior Credits: (3)
- POLS 3640 - Media and Politics Credits: (3)
- POLS 3700 - Bureaucratic Politics Credits: (3)
- POLS 3750 - Urban Government and Politics Credits: (3)
- POLS 3760 - State Government and Politics Credits: (3)
- POLS 3780 - Lobbying: Theory and Practice Credits: (3)
- POLS 4020 - Constitutional Law: Powers Credits: (3)
- POLS 4030 - Constitutional Law: Rights Credits: (3)
- POLS 4060 - Law and Society Credits: (3) or
- CJ 4065 - Law and Society Credits: (3)
- POLS 4100 - Free Speech Credits: (3)
- POLS 4600 - American Congress Credits: (3)
- POLS 4620 - The U.S. Supreme Court Credits: (3)
- POLS 4640 - American Presidency Credits: (3)
- POLS 4750 - Public Policy Analysis Credits: (3)
- POLS 4940 - Topics in American Politics & Thought Credits: (3)

**Area 2: Global Politics**

- POLS 3140 - Foreign Policy of the United States Credits: (3) or
- HIST 3230 - American Foreign Relations Credits: (3)
- POLS 3200 - Middle East and North Africa Credits: (3)
- POLS 3210 - Politics in the European Union Credits: (3)
- POLS 3290 - Democratization and Political Transitions Credits: (3)
- POLS 4160 - Topics in Global Politics Credits: (3)
- POLS 4180 - International Law and Organization Credits: (3)
- POLS 4190 - Theories of International Politics Credits: (3)
- POLS 4200 - Dictatorships Credits: (3)
- POLS 4210 - Violence and Contestation Credits: (3)
- POLS 4760 - Rwanda: Genocide and Aftermath Credits: (3)

**Area 3: Political Theory**

- POLS 3330 - American Political Thought Credits: (3)
- POLS 3340 - Environmental Political Theory Credits: (3)
- POLS 4360 - Classical Political Thought Credits: (3)
- POLS 4380 - Modern Political Thought Credits: (3)
• POLS 4940 - Topics in American Politics & Thought Credits: (3) *
• PHIL 3200 - Philosophy of Democracy Credits: (3)
• WGS 3050 - Introduction to Feminist Theories 1700 -- Present Credits: (3)

*Counts in this area when the topic is in Political Theory

Other Elective Courses

Take any of the following as needed for additional credit hour total, or select additional courses from the courses in the three areas above.

• POLS 1520 SS - Leadership and Political Life Credits: (3)
• POLS 2500 SS/DV - Human Rights in the World Credits: (3)

• POLS 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6) or
• POLS 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)

• POLS 2930 - Peacebuilding in Rwanda Credits: (3)
• POLS 3150 - Model United Nations Credits: (3)
• POLS 3990 - Political Analysis Credits: (3)
• POLS 4800 - Individual Projects and Research Credits: (1-2)
• POLS 4860 INT - Washington D.C. Internships Credits: (1-6)
• POLS 4861 INT - International Internships Credits: (1-6)
• POLS 4865 INT - State and Local Internship Credits: (1-6)
• POLS 4870 INT - Internship in Perspective Credits: (3)
• POLS 4880 INT - Internship Research Credits: (3)
• POLS 4830 - Directed Readings Credits: (3)

Note:

All Political Science courses- as well as HIST 3230, PHIL 3200, CJ 4065, and WGS 3050-count toward the total hours required for the political science major and minor. However, none of these courses, if they are being counted for the political science major or minor, may count toward another major or minor. Similarly, if any of these courses are being counted for a major or minor that is not political science, they cannot be counted for the major or minor requirements of political science.
Political Science (BIS)

Political Science Minor/ Teaching Minor/ BIS

- **Grade Requirements:** An overall GPA of 2.00 or higher is required and a grade of "C" or better in all Political Science courses used toward the minor/BIS (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** Minimum of 21 credit hours for Political Science minor/BIS and a minimum of 24 credit hours for the teaching minor, which includes HIST 4500 - Teaching Social Studies in Grades 5-12, a required course for Political Science Teaching Minors.
- **Program Code:** Political Science (7012), Political Science Teaching (7013), Political Science BIS (7012)
- **CIPC:** Political Science (451001), Political Science Teaching (131317), Political Science BIS (451001)

*Students who select the Political Science Teaching minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education).*

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work-Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Course Requirements

Political Science Courses Required (6 credit hours)

*Select two of the following courses*

- POLS 1100 AI - American National Government Credits: (3)
- POLS 2100 SS - Introduction to International Politics Credits: (3)
- POLS 2200 SS - Introduction to Comparative Politics Credits: (3)
- POLS 2300 SS - Introduction to Political Theory Credits: (3)
- POLS 2400 SS - Introduction to Law and Courts Credits: (3)
- POLS 2700 - Introduction to Public Administration Credits: (3)

Elective Requirements (15 credit hours)

*Select at least four courses from the following upper division electives.*

- POLS 3140 - Foreign Policy of the United States Credits: (3) or
- HIST 3230 - American Foreign Relations Credits: (3)
- POLS 3200 - Middle East and North Africa Credits: (3)
- POLS 3210 - Politics in the European Union Credits: (3)
- POLS 3290 - Democratization and Political Transitions Credits: (3)
- POLS 3330 - American Political Thought Credits: (3)
- POLS 3340 - Environmental Political Theory Credits: (3)
- POLS 3400 - LGBTQ Politics Credits: (3)
- POLS 3600 - Political Parties Credits: (3)
- POLS 3610 - Campaigns and Elections Credits: (3)
• POLS 3620 - Political Behavior Credits: (3)
• POLS 3700 - Bureaucratic Politics Credits: (3)
• POLS 3750 - Urban Government and Politics Credits: (3)
• POLS 3760 - State Government and Politics Credits: (3)
• POLS 3780 - Lobbying: Theory and Practice Credits: (3)
• POLS 4020 - Constitutional Law: Powers Credits: (3)
• POLS 4030 - Constitutional Law: Rights Credits: (3)
• POLS 4050 - Institutional Presidency Credits: (3)
• POLS 4060 - Law and Society Credits: (3) or
• CJ 4065 - Law and Society Credits: (3) or
• SOC 4270 - Sociology of Law Credits: (3)
• POLS 4100 - Free Speech Credits: (3)
• POLS 4160 - Topics in Global Politics Credits: (3)
• POLS 4170 - Gender, Power, and Global Politics Credits: (3)
• POLS 4180 - International Law and Organization Credits: (3)
• POLS 4190 - Theories of International Politics Credits: (3)
• POLS 4200 - Dictatorships Credits: (3)
• POLS 4210 - Violence and Contestation Credits: (3)
• POLS 4360 - Classical Political Thought Credits: (3)
• POLS 4380 - Modern Political Thought Credits: (3)
• POLS 4600 - American Congress Credits: (3)
• POLS 4620 - The U.S. Supreme Court Credits: (3)
• POLS 4640 - American Presidency Credits: (3)
• POLS 4750 - Public Policy Analysis Credits: (3)
• POLS 4760 - Rwanda: Genocide and Aftermath Credits: (3)
• POLS 4770 - Genocide, War, and Human Rights Credits: (3)
• POLS 4940 - Topics in American Politics & Thought Credits: (3)
• PHIL 3200 - Philosophy of Democracy Credits: (3)
• WGS 3050 - Introduction to Feminist Theories 1700 -- Present Credits: (3)

Additional Electives

These courses may be used to complete the credit requirements.
• POLS 1010 - Introduction to Political Science Credits: (3)
• POLS 1520 SS - Leadership and Political Life Credits: (3)
• POLS 2500 SS/DV - Human Rights in the World Credits: (3)
• POLS 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6) or
• POLS 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• POLS 2930 - Peacebuilding in Rwanda Credits: (3)
• POLS 3070 - Moot Court Credits: (3)
• POLS 3150 - Model United Nations Credits: (3)
• POLS 3990 - Political Analysis Credits: (3)
• POLS 4800 - Individual Projects and Research Credits: (1-2)
• POLS 4830 - Directed Readings Credits: (3)
• POLS 4860 INT - Washington D.C. Internships Credits: (1-6)
• POLS 4861 INT - International Internships Credits: (1-6)
• POLS 4865 INT - State and Local Internship Credits: (1-6)
• POLS 4870 INT - Internship in Perspective Credits: (3)
• POLS 4880 INT - Internship Research Credits: (3)
• POLS 4940 - Topics in American Politics & Thought Credits: (3)
Note:

Students may count up to 3 hours of POLS 4830, 3 hours of POLS 4800, and 3 hours of POLS 4860 toward the total of 21 hours required for the minor, if needed.
All Political Science courses- as well as HIST 3230, PHIL 3200, CJ 4065, and WGS 3050-count toward the total hours required for the political science major and minor. However, none of these courses, if they are being counted for the political science major or minor, may count toward another major or minor. Similarly, if any of these courses are being counted for a major or minor that is not political science, they cannot be counted for the major or minor requirements of political science.

- **Grade Requirements**: A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: Minimum of 21 credit hours required.
- **Program Code**: 7049
- **CIPC**: 450901

Course Requirements for Minor

Required Core Courses (3 credit hours)

- POLS 2100 SS - Introduction to International Politics Credits: (3)

Additional Course Required (18 credit hours)

*Students must take 18 additional hours with two courses from each area. No more than 6 hours (excluding the core requirement) may be lower division or from the same discipline. Courses may not be counted for both a major and this minor.*

Area I: Contextualizing the International

- ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3)
- ENGL 3510 HU/DV - World Literature Credits: (3)
- GEOG 1300 SUS/SS/DV - Global Issues: Places, People and the Planet Credits: (3)
- GEOG 1500 PS SUS - Climate Change: Science, Society and Solutions Credits: (3)
- GEOG 3060 SUS - Environmental Issues: Local to Global Impacts and Solutions Credits: (3)
- GEOG 3360 - Economic Geography: Globalization, Development and Conflict Credits: (3)
- GEOG 3540 - Geography of Latin America and the Caribbean Credits: (3)
- GEOG 3590 - Geography of Europe: the Land and People who Built a World Power Credits: (3)
- GEOG 3640 - Geography of Asia: Development, Geopolitics and Environment Credits: (3)
- GEOG 3740 - Geography of Africa: Culture, Colonialism, Crises and Change Credits: (3)
- HIST 1510 SS/DV - World History from 1500 C.E. to the Present Credits: (3)
- HIST 4260 - Europe in the Age of Total War Credits: (3)
- HIST 4320 CRE - Stalin and the Soviet Experiment Credits: (3)
- HIST 4450 - The Warsaw Pact Credits: (3)
- HIST 4510 - Twentieth Century World Credits: (3)
- HIST 4530 - Far Eastern History Credits: (3)
- HIST 4550 - Southeast Asian History Credits: (3)
- HIST 4590 - Middle Eastern History Credits: (3)
- HIST 4610 - History of Africa Credits: (3)
- HIST 4650 - Modern Latin America Credits: (3)
- HIST 4720 - Special Issues and Topics in European History Credits: (3)
- HIST 4730 - Special Issues and Topics in Global and Comparative History Credits: (3)
- SOC 4410 - Sociology of Globalization Credits: (3)
- POLS 4190 - Theories of International Politics Credits: (3)

- SPAN 3550 - Cultural Heritage I Credits: (3) or
- JPNS 3550 - Cultural Heritage I Credits: (3) or
• PTGS 3550 - Cultural Heritage I Credits: (3) or
• CHNS 3550 - Cultural Heritage I Credits: (3) or
• FRCH 3550 - Cultural Heritage I Credits: (3) or
• GRMN 3550 - Cultural Heritage I Credits: (3) or
• FRCH 3560 - Cultural Heritage II Credits: (3) or
• GRMN 3560 - Cultural Heritage II Credits: (3) or
• JPN 3560 - Cultural Heritage II Credits: (3) or
• PTGS 3560 - Cultural Heritage II Credits: (3) or
• SPAN 3560 - Cultural Heritage II Credits: (3) or

Area 2: Operationalizing the International

• CJ 4700 - International Criminal Justice Credits: (3) or
• POLS 4180 - International Law and Organization Credits: (3) or
• POLS 2500 SS/DV - Human Rights in the World Credits: (3) or
• WGS 2500 SS/DV - Human Rights in the World Credits: (3) or
• HIST 3230 - American Foreign Relations Credits: (3) or
• POLS 3140 - Foreign Policy of the United States Credits: (3) or
• POLS 4170 - Gender, Power, and Global Politics Credits: (3) or
• WGS 4170 - Gender, Power, and Global Politics Credits: (3) or
• ECON 3110 - International Trade Credits: (3) or
• ECON 3120 - International Finance and Monetary Systems Credits: (3) or
• ECON 4170 - Economic Development Credits: (3) or
• HIST 4720 - Special Issues and Topics in European History Credits: (3) or
• HIST 4730 - Special Issues and Topics in Global and Comparative History Credits: (3) or
• MGMT 3400 - International Business Credits: (3) or
• MKTG 3600 - International Marketing Credits: (3) or
• POLS 3200 - Middle East and North Africa Credits: (3) or
• POLS 3210 - Politics in the European Union Credits: (3) or
• POLS 3290 - Democratization and Political Transitions Credits: (3) or
• POLS 4160 - Topics in Global Politics Credits: (3) or
• POLS 4210 - Violence and Contestation Credits: (3) or
• POLS 4200 - Dictatorships Credits: (3) or
• POLS 4760 - Rwanda: Genocide and Aftermath Credits: (3) or
• POLS 4770 - Genocide, War, and Human Rights Credits: (3) or

Area 3: Applying the International

If the course is variable, or is allowed to be repeated, only 3 credits may apply to this minor. Field trips and/or study trips must have an international component to count for this area.

• FRCH 2020 HU - Fourth Semester French Credits: (3) or
• FRCH 3060 - Grammar & Composition Credits: (3) or
• FRCH 3160 - Introduction to Literature Credits: (3) or
• FRCH 3570 - Special Topics in Culture Credits: (3) or
• FRCH 3610 - Literature Survey I Credits: (3) or
• FRCH 3620 - Literature Survey II Credits: (3) or
• FRCH 3630 - Literature Poetry Credits: (3) or
• FRCH 3631 - Literature: Prose Credits: (3) or
• FRCH 3680 - Literature: Film Credits: (3)
• FRCH 3715 - Business Language II Credits: (3)
• FRCH 3740 - Translation I Credits: (3)
• FRCH 3850 - Study Abroad Credits: (1-6)
• GRMN 2020 HU - Fourth Semester German Credits: (3)
• GRMN 3060 - Grammar & Composition Credits: (3)
• GRMN 3160 - Introduction to Literature Credits: (3)
• GRMN 3570 - Special Topics in Culture Credits: (3)
• GRMN 3610 - Literature Survey I Credits: (3)
• GRMN 3620 - Literature Survey II Credits: (3)
• GRMN 3630 - Literature Poetry Credits: (3)

Political Science Minor/BIS

Grade Requirements: An overall GPA of 2.00 or higher is required and a grade of "C" or better in all Political Science courses used toward the minor/BIS (a grade of "C-" is not acceptable).

Credit Hour Requirements: Minimum of 21 credit hours for Political Science minor/BIS and a minimum of 24 credit hours for the teaching minor, which includes HIST 4500 - Teaching Social Studies in Grades 5-12, a required course for Political Science Teaching Minors.

Program Code: Political Science (7012), Political Science Teaching (7013), Political Science BIS (7012)

CIPC: Political Science (451001), Political Science Teaching (131317), Political Science BIS (451001)

Students who select the Political Science Teaching minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education).

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work-Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflectons from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills.
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Course Requirements

Political Science Courses Required (6 credit hours)

Select two of the following courses
- POLS 1100 AI - American National Government Credits: (3)
- POLS 2100 SS - Introduction to International Politics Credits: (3)
- POLS 2200 SS - Introduction to Comparative Politics Credits: (3)
- POLS 2300 SS - Introduction to Political Theory Credits: (3)
- POLS 2700 - Introduction to Public Administration Credits: (3)

Elective Requirements (15 credit hours)

Select at least four courses from the following upper division electives.
- POLS 3140 - Foreign Policy of the United States Credits: (3) or
- HIST 3230 - American Foreign Relations Credits: (3)

- POLS 3200 - Middle East and North Africa Credits: (3)
- POLS 3210 - Politics in the European Union Credits: (3)
- POLS 3290 - Democratization and Political Transitions Credits: (3)
- POLS 3330 - American Political Thought Credits: (3)
- POLS 3340 - Environmental Political Theory Credits: (3)
- POLS 3400 - LGBTQ Politics Credits: (3)
- POLS 3600 - Political Parties Credits: (3)
- POLS 3610 - Campaigns and Elections Credits: (3)
• POLS 3620 - Political Behavior Credits: (3)
• POLS 3700 - Bureaucratic Politics Credits: (3)
• POLS 3750 - Urban Government and Politics Credits: (3)
• POLS 3760 - State Government and Politics Credits: (3)
• POLS 3780 - Lobbying: Theory and Practice Credits: (3)
• POLS 4020 - Constitutional Law: Powers Credits: (3)
• POLS 4030 - Constitutional Law: Rights Credits: (3)
• POLS 4050 - Institutional Presidency Credits: (3)
• POLS 4060 - Law and Society Credits: (3) or
• CJ 4065 - Law and Society Credits: (3) or
• SOC 4270 - Sociology of Law Credits: (3)
• POLS 4100 - Free Speech Credits: (3)
• POLS 4160 - Topics in Global Politics Credits: (3)
• POLS 4170 - Gender, Power, and Global Politics Credits: (3)
• POLS 4180 - International Law and Organization Credits: (3)
• POLS 4190 - Theories of International Politics Credits: (3)
• POLS 4200 - Dictatorships Credits: (3)
• POLS 4210 - Violence and Contestation Credits: (3)
• POLS 4360 - Classical Political Thought Credits: (3)
• POLS 4380 - Modern Political Thought Credits: (3)
• POLS 4600 - American Congress Credits: (3)
• POLS 4620 - The U.S. Supreme Court Credits: (3)
• POLS 4640 - American Presidency Credits: (3)
• POLS 4750 - Public Policy Analysis Credits: (3)
• POLS 4760 - Rwanda: Genocide and Aftermath Credits: (3)
• POLS 4770 - Genocide, War, and Human Rights Credits: (3)
• POLS 4940 - Topics in American Politics & Thought Credits: (3)
• PHIL 3200 - Philosophy of Democracy Credits: (3)
• WGS 3050 - Introduction to Feminist Theories 1700 -- Present Credits: (3)

Additional Electives

These courses may be used to complete the credit requirements.

• POLS 1010 - Introduction to Political Science Credits: (3)
• POLS 1520 SS - Leadership and Political Life Credits: (3)
• POLS 2500 SS/DV - Human Rights in the World Credits: (3)
• POLS 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6) or
• POLS 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• POLS 2930 - Peacebuilding in Rwanda Credits: (3)
• POLS 3070 - Moot Court Credits: (3)
• POLS 3150 - Model United Nations Credits: (3)
• POLS 3990 - Political Analysis Credits: (3)
• POLS 4800 - Individual Projects and Research Credits: (1-2)
• POLS 4830 - Directed Readings Credits: (3)
• POLS 4860 INT - Washington D.C. Internships Credits: (1-6)
• POLS 4861 INT - International Internships Credits: (1-6)
• POLS 4865 INT - State and Local Internship Credits: (1-6)
• POLS 4870 INT - Internship in Perspective Credits: (3)
• POLS 4880 INT - Internship Research Credits: (3)
• POLS 4940 - Topics in American Politics & Thought Credits: (3)
Note:

Students may count up to 3 hours of POLS 4830, 3 hours of POLS 4800, and 3 hours of POLS 4860 toward the total of 21 hours required for the minor, if needed. All Political Science courses as well as HIST 3230, PHIL 3200, CJ 4065, and WGS 3050-count toward the total hours required for the political science major and minor. However, none of these courses, if they are being counted for the political science major or minor, may count toward another major or minor. Similarly, if any of these courses are being counted for a major or minor that is not political science, they cannot be counted for the major or minor requirements of political science.
Public Administration Minor/BIS

Contact: Dr. Gary Johnson
Office: SS 288
Website: garyjohnson@weber.edu
Phone: 801-626-6697

- Grade Requirements: A grade of "C" or better in all courses used toward the minor (a grade of "C-" is not acceptable).
- Credit Hour Requirements: Minimum of 24 credit hours required.
- Program Code: 7043
- CIPC: 440401

Students may not major in Political Science and Minor in Public Administration.

Course Requirements for Minor

Required Core Courses (9 credit hours)

- POLS 3700 - Bureaucratic Politics Credits: (3)
- POLS 3750 - Urban Government and Politics Credits: (3)
- POLS 4750 - Public Policy Analysis Credits: (3)

Elective Courses (15 credit hours required)

- ECON 1010 SS - Economics as a Social Science Credits: (3)
- ECON 2010 SS - Principles of Microeconomics Credits: (3)
- ECON 4520 - Public Finance Credits: (3)
- ECON 4550 - Introduction to Econometrics Credits: (3)
- ENGL 3100 - Professional and Technical Writing Credits: (3)
- FIN 3500 - Capital Budgeting Credits: (3)
- GEOG 4410 SUS - Sustainable Land Use Planning Credits: (3)
- GEOG 4420 - Advanced Urban and Regional Planning Credits: (3)
- MGMT 3010 - Organizational Behavior and Management Credits: (3)
- MGMT 4400 - Advanced Organizational Behavior Credits: (3)
- HIST 3130 - U.S. Urban History Credits: (3)
- PSY 3460 - Social Psychology Credits: (3)
- SCM 4400 - Global Supply Chain Management Credits: (3)
- SOC 3840 - Cities and Urban Life Credits: (3)
- SOC 3850 - Race & Ethnicity Credits: (3)
- SOC 4270 - Sociology of Law Credits: (3)
- POLS 3760 - State Government and Politics Credits: (3)

Political Science Teaching Minor

Political Science Minor/ Teaching Minor/ BIS

- **Grade Requirements**: An overall GPA of 2.00 or higher is required and a grade of "C" or better in all Political Science courses used toward the minor/BIS (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: Minimum of 21 credit hours for Political Science minor/BIS and a minimum of 24 credit hours for the teaching minor, which includes HIST 4500 - Teaching Social Studies in Grades 5-12, a required course for Political Science Teaching Minors.
- **Program Code**: Political Science (7012), Political Science Teaching (7013), Political Science BIS (7012)
- **CIPC**: Political Science (451001), Political Science Teaching (131317), Political Science BIS (451001)

Students who select the Political Science Teaching minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education).

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work-Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Course Requirements

Political Science Courses Required (6 credit hours)

*Select two of the following courses*

- POLS 1100 AI - American National Government Credits: (3)
- POLS 2100 SS - Introduction to International Politics Credits: (3)
- POLS 2200 SS - Introduction to Comparative Politics Credits: (3)
- POLS 2300 SS - Introduction to Political Theory Credits: (3)
- POLS 2400 SS - Introduction to Law and Courts Credits: (3)
- POLS 2700 - Introduction to Public Administration Credits: (3)

Elective Requirements (15 credit hours)

*Select at least four courses from the following upper division electives.*

- POLS 3140 - Foreign Policy of the United States Credits: (3) or
- HIST 3230 - American Foreign Relations Credits: (3)

However, none of these courses, if they are being counted for the political science major or minor, may count toward another major or minor. Similarly, if any of these courses are being counted for a major or minor that is not political science, they cannot be counted for the major or minor requirements of political science.
Department of Psychological Science

Department Chair: Aaron Ashley
Location: Social Science Building, Room 370
Telephone Contact: Mickey Cole 801-626-6247
Professors: Aaron Ashley, Eric Amsel, Azenett Garza, Joseph Horvat, Theresa Kay, Leigh Shaw; Associate Professor: Shannon McGillivray; Assistant Professors: Timothy Black, Sarah Herrmann, Cade Mansfield, Aminda O'Hare, Melinda Russell-Stamp; Instructor: Kathryn Sperry

The reasons for selecting a major, minor, or BIS emphasis in Psychological Science are to understand human behavior and to prepare for careers working or doing research with people. The program is designed for students to learn the core content of psychology and the foundational methods of psychological inquiry, as well as to have opportunities to integrate and apply psychological concepts.

Students majoring (including teaching majors) in Psychology have a program of study which provides training in the foundation in the field but allows for additional coursework in students' areas of interest. BIS students are trained in the conceptual and methodological foundation of the discipline while pursuing topics of interest in the field and related ones. Minors are free to pursue topics of interest to augment their major without the requirement that they acquire the discipline's foundational knowledge, skills, and abilities.

Psychological Science Curriculum, Requirements, and Policies

The Department of Psychological Science offers a 45 credit hour major, a 20 hour BIS emphasis, and an 18 credit hour minor. The curriculum provides classes addressing the conceptual, methodological, and statistical knowledge of the discipline (Core General Courses), the breadth of the discipline (Core Content Courses), and the integration and application of the discipline (Capstone Experience). Additional classes provide greater content area specialization (Elective Group A) and experiential or individualized instruction opportunities (Elective Group B).

All Psychological Science major (including teaching major) and minor students must meet with the designated Department Adviser as soon as they declare to plan their course of study. BIS students with an emphasis in psychology must additionally have their psychological science courses approved by the designated Department Adviser (Advising Policy).

To count towards students' degree in Psychology, psychology courses must be passed with a grade of C or higher (Course Grade Policy).

Students declaring a Psychological Science major, minor, or BIS emphasis in a given catalog year can apply previously completed courses towards their degree (see Course Grade Policy) as long as the courses were taken no longer than 15 years prior to the date of declaration (Course Sunset Policy).

A student with a Psychological Science major, minor, or BIS emphasis must earn at least a 2.50 Psychological Science GPA for courses being used for graduation (Psychological Science GPA Policy).

Students may transfer undergraduate psychology credits from any other accredited institution of higher education toward their degree (see the Sunset Policy) by submitting a request through the University's Transfer Office. Courses taught in departments other than Psychology will not generally transfer as Psychology courses. Lower division (1000- or 2000-level) courses at another institution will not generally count as equivalent to upper division (3000- or 4000-level) WSU courses. To challenge a transfer articulation, please contact the Department Chair with documentation including the syllabi from the courses taken (Transfer Articulation Policy).

Students who are majoring in Psychological Science must complete at least 9 credit hours of Psychological Science courses (see Course Grade Policy) in residence at Weber State University; students who are minoring in Psychological Science must complete at least 6 credit hours of Psychological Science courses (see Course Grade Policy) in residence at Weber State University (Residency Requirement).

Degree Programs in Psychology

Bachelor of Science

- Psychological Science Major (BS)
45 credit hours total, including 11 Core General Course credits, 18 Core Content Course credits, 4 Capstone Course credits, and 12 elective credits taken from any area (only 1 course from Area Group 3). However, only a maximum of 6 credits from Electives Group B will be allowed to apply toward the Psychological Science Major.

- Psychological Science Teaching Major (BS)
  - 45 credit hours total, including 11 Core General Course credits, 18 Core Content Course credits, 4 Capstone Course credits, PSY 4000 (taken as a capstone or elective), and 9 elective credits taken from any area. Only 6 credits from Electives Group B will be allowed to apply toward the Psychological Science Teaching Major.

Emphasis Option for Bachelor of Integrated Studies

- Psychological Science (BIS)
  - 20 credit hours total, including 11 Core General Course credits and 9 credits taken from any area with the approval of the designated Department Adviser.

Minor

- Psychological Science Minor
  - 18 credits, including PSY 1010 and 15 credits taken from any area. Only 3 credits from Electives Group B will be allowed to apply toward the Psychology Minor.

Honors, Departmental

- Psychological Science Departmental Honors
  - Department Honors is conferred on students who keep at least a 3.70 GPA in Psychological Science and 3.25 overall GPA. Students must complete PSY 4910 and 3 credits from the Honors Program. An application for department honors in Psychological Science is available from the Department Adviser.

Interdisciplinary Minors

The Psychological Science Department participates in the Latin American Studies, Linguistics, Neuroscience, and Women & Gender Studies minor programs. Students who wish to enroll in one of these programs should indicate their desire to do so with the relevant program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)
Psychological Science (BS)

- **Program Prerequisite:** None.
- **Minor:** Required, unless a student is a double major.
- **Grade Requirements:** A grade of "C" or better is required in all courses used to fulfill requirements for the psychology major or minor (a grade of "C-" is not acceptable). In addition an overall GPA for Psychology courses of 2.50 or higher is required. Also refer to the general grade requirements for graduation Degree Requirements.
- **Psychological Science Sunset Policy:** Students declaring a Psychological Science major, minor, or BIS emphasis in a given catalog year can apply previously completed courses towards their degree (see Course Grade Policy) as long as the courses were taken no longer than 15 years prior to the date of declaration.
- **Credit Hour Requirements:** The University requires a total of 120 credit hours for graduation. For psychology, a minimum of 45 credit hours are required within the major. The University requires a total of 40 upper-division credit hours (courses numbered 3000 and above).
- **Program Code:** Psychological Science (7055BS)
- **CIPC:** Psychological Science (420101)
- **Students are responsible for applying for graduation:** Click here for more information.
- **For more information on the major** click here to go to the Department of Psychological Science's webpage.

**Advisement**

After declaring psychology as a major, each student is assigned an advisor. Psychology majors should consult with their advisor each semester prior to registration or as needed. Call the department secretary to schedule an appointment. Psychology teaching majors are encouraged to also consult with an advisor in the Jerry and Vickie Moyes College of Education (call 801-626-6269, Teacher Education Department). (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for the psychology major. Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. A number of courses in the major fulfill general education requirements (PSY 1010, PSY 2000) or graduation requirements (PSY 2370, PSY 3100).

**Program Learning Outcomes**

- **Knowledge:** Students will understand psychology as a scientific discipline. Essential to this, students will understand a core set of statistical and methodological knowledge regarding how psychologists critically evaluate, creatively test, and scientifically defend psychological claims. They will also understand a core set of content knowledge addressing the biological, cognitive/behavioral, social/personality, and developmental aspects of behavior and their integration.
- **Knowledge:** Characterize the nature of the science of psychology and grasp the foundations of the science for consuming and producing psychological claims.
- **Knowledge:** Students will be able to generally characterize psychology as a science, distinguishing its assumptions and methods with those of other disciplines, and specifically describe the strengths and limits of different research methods and the validity of conclusions derived from the research when consuming or producing psychological claims.
- **Knowledge:** Demonstrate knowledge, understanding, and synthesis of the breadth and depth of psychological science.
- **Knowledge:** Students will be able to demonstrate theory and research representing different content areas (biological, developmental, abnormal, experimental, and individual differences) and approaches (e.g., behavioral, biological, cognitive, evolutionary, humanistic, psychodynamic, and socio-cultural) of the discipline and appreciate the
interactions at the different levels of analysis synthesizing them into comprehensive and multifaceted bio-psycho-social explanations human nature.

- Application: Students will be able to critically apply psychological principles and research to explain social issues, inform public policy, solve problems, understand themselves, and achieve career goals.
- Application: Students will be able to transfer their knowledge of psychological science to understanding and improving society.
- Application: Students will be able to describe the ways that psychological science has applications to social issues, processes, and domains (mental health, law, military, business, and education) and demonstrate ways that disciplinary knowledge can be used to inform social policy, solve social problems, and improve human functioning.
- Application: Students will be able to transfer their knowledge of psychological science to understanding and improving themselves and planning their future.
- Application: Students will be able to use knowledge of psychology science to promote their personal development and career planning by gaining insight into their behavior, mental processes, interests, and talents to develop self-management, self-improvement, and self-assessment strategies necessary to reach their personal and professional goals.

- Values/Ethics: Students will share key values adopted by psychologists, which include (but are not limited to) skepticism and intellectual curiosity, tolerance of ambiguity, respect for human diversity, appreciation of their civic, social, and global responsibilities, and humility regarding the limits of their psychological knowledge and skills. Students will also grasp the spirit of the APA Code of Ethics, follow its guidelines, and recognize the necessity of ethical behavior in all aspects of the science and practice of psychology.
- Values/Ethics: Students will understand and adopt key attitudes, beliefs, values, and responsibilities consistent with being a student of psychological science.
- Interpersonal Relations and Communication: Students will exhibit skills to professionally communicate their understanding of terms, concepts, research, and theories of the discipline to others via written and oral formats. Students will also have interpersonal and collaborative skills necessary to effectively work in groups with others who hold diverse opinions, beliefs, and attitudes.

**Psychological Science General Core**

**General Core**

PSY 1010 is required for all courses in the psychology curriculum EXCEPT the following: PSY 1540, PSY 2000, PSY 2020, PSY 2370, PSY 2710, PSY 2400, PSY 3100, PSY 3600, PSY 3605, PSY 3615, PSY 3616, and PSY 4900.

- PSY 1010 SS - Introductory Psychology Credits: (3)

**Statistics and Research Methods**
There are two options to complete the required Statistics and Research Methods course sequence in Psychology. A student must complete one option or the other and cannot complete the sequence by a combination of courses in each option.

Option A

This option is strongly encouraged for all Psychology Majors including teaching majors and those with a BIS emphasis. PSY 3615/3616 is a yearlong course sequence offered each academic year, with 3615 offered in the Fall of a given academic year and 3616 offered in the Spring. The sequence must be completed in the same academic year and with the same faculty member to complete the departmental Statistics and Research Methods requirement. It is recommended that the course sequence be taken in the junior year and has the prerequisite of PSY 1010 and MATH 1010 or QL with passing grades of C or better.

- PSY 3615 - Psychological Statistics and Methods I Credits: (4)
- PSY 3616 - Psychological Statistics and Methods II Credits: (4)

Option B

PSY 3600 is recommended to be taken no later than first semester junior year and has a prerequisite of MATH 1010, or QL with passing grade of C or better. PSY majors may substitute CJ 3600, SW 3600, or SOC 3600 for PSY 3600, but an additional 3 credits will be added to the graduation requirement (this addition is waived for dual majors). PSY 3605 is recommended to be taken no later than first semester junior year and has PSY 3600 or its equivalent as a prerequisite/co-requisite. PSY 3610 is recommended to be taken no later than second semester junior year. PSY 1010 and PSY 3600 (or equivalent with prior approval from the department chair) are required prerequisites. Prerequisite/Co-requisite: PSY 3605 (or equivalent with prior approval from the Department Chair).

- PSY 3600 - Statistics in Psychology Credits: (3)
- PSY 3605 - Psychology Statistics Lab Credits: (1)
- PSY 3610 CRE - Research Methods in Psychology Credits: (4)

Psychological Sciences Core Content Courses

One of the following courses in each area must be taken to fulfill the core course requirements. However, students may opt to take the other course(s) in each section as electives.

Area A: Biological Basis of Behavior

Select one course from the following:

- PSY 2710 - Biopsychology Credits: (3)
- NEUR 2950 - Introduction to Neuroscience Credits: (3)

Area B: Development Basis of Behavior

Select one course from the following:

- PSY 3000 - Child Psychology Credits: (3)
- PSY 3140 - Adolescent Psychology Credits: (3)

Area C: Abnormal Psychology

- PSY 3010 - Abnormal Psychology Credits: (3)

Area D: Cognitive Basis of Behavior

Select one course from the following:

- PSY 2250 - Learning and Memory Credits: (3)
• PSY 3255 - Conditioning, Learning, & Behavior Modification Credits: (3)
• PSY 3500 - Cognition Credits: (3)

Area E: Individual Differences and Social Processes

Select one course from the following:
• PSY 3430 - Theories of Personality Credits: (3)
• PSY 3460 - Social Psychology Credits: (3)

Area F: Diversity

Select one course from the following:
• PSY 2000 SS - The Psychology of Human Relationships Credits: (3)
• PSY 2370 - Psychology of Women and Gender Credits: (3)
• PSY 3100 - Psychology of Diversity Credits: (3)

Capstone Requirement

4 credit hours of capstone is required for Psychology Majors and Teaching Majors. Students must complete PSY 4950 (1) and one other 3-credit capstone class listed below to fulfill the capstone requirement. Students must complete 24 credits in the psychology major and PSY 3610 and PSY 3616 prior to enrolling in capstone courses. Additionally, students must have permission of instructor and/or capstone contract to enroll in the following courses.

Students may opt to take the other courses in this group as an elective.

Note: PSY 4950 requires one of the other capstone courses as a pre-requisite or co-requisite. PSY 4000 is required of teaching majors as a capstone or elective course. PSY 4310 requires PSY 3010 as a pre-requisite. PSY 4905 pre-requisite course(s) will depend on the class topic. PSY 4910 is taken for one semester to complete and defend a research proposal. This course is taken for a second semester to complete and defend the research project.

• PSY 4950 - Capstone Experience: Promoting Psychological Literacy Credits: (1)

Select One Additional Course to Fulfill Capstone

• PSY 4000 - Advanced General Credits: (3)
• PSY 4050 - Evolutionary Psychology Credits: (3)
• PSY 4090 - History and Systems of Psychology Credits: (3)
• PSY 4100 - Psychology in the Media Credits: (3)
• PSY 4140 - Theories of Development Credits: (3)
• PSY 4310 - Introduction to Counseling Theories Credits: (3)
• PSY 4760 - Tests and Measurements Credits: (3)
• PSY 4905 - Capstone Selected Topics in Psychology Credits: (3)
• PSY 4910 - Senior Thesis Credits: (3) (to be repeated twice for credit)

Electives

12 credit hours of electives required for Psychology Majors and Psychology Teaching Majors. Choose courses from Groups A or B below, the General Core, Core Content, or Capstone courses.

Psychological Science Elective Courses

PSY 2830 must be taken prior to completing PSY 3610/PSY 3616, otherwise the student may enroll in PSY 4830. PSY 2830/PSY 4890 require the student to have a current job in the field. PSY 2830 may be taken by non-psychology majors or minors; PSY 4890 requires PSY major or minor status. PSY 4830 requires 18 credit hour of psychology courses, approved by the supervising instructor, one of which must be PSY 1010. Permission of the instructor is also required. PSY 4920 may be used for
credit toward a major or minor or BIS in psychology but only when written permission of the department is given at the time of registration.

Electives Group A: Area Specialization Courses

- PSY 2010 - Science and Profession of Psychology Credits: (3)
- PSY 2020 - Mental Health Awareness Credits: (3)
- PSY 2400 - Positive Psychology Credits: (3)
- PSY 3020 - Child and Adolescent Psychopathology Credits: (3)
- PSY 3240 - The Psychology of Drug Use and Abuse Credits: (3)
- PSY 3255 - Conditioning, Learning, & Behavior Modification Credits: (3)
- PSY 3270 - Motivation and Emotion Credits: (3)
- PSY 3450 - Psychology of Language Credits: (3)
- PSY 3550 - Psychology of Consciousness Credits: (3)
- PSY 3560 - Group Dynamics and Counseling Credits: (3)
- PSY 3730 - Perception Credits: (3)
- PSY 3740 - Neuropsychopharmacology Credits: (3)
- PSY 4390 CEL - Capstone Practicum Credits: (3)
- PSY 4510 - Industrial and Organizational Behavior Credits: (3)
- PSY 4900 - Selected Topics in Psychology Credits: (2-3)
- PSY 4990 - Seminar Credits: (1)
- NEUR 4949 - The Neuroscience of Sex, Romance, and Sexual Orientation Credits: (3)

Electives Group B: Individualized Instruction and Experiential Courses

- PSY 1540 - Designing Your Life Credits: (3)
- PSY 2800 INT CRE - Projects and Research Credits: (1-3)
- PSY 2830 CRE - Directed Readings Credits: (1-3)
- PSY 2860 - Practicum Credits: (1-3)
- PSY 2890 INT - Cooperative Work Experience Credits: (1-2)
- PSY 4800 INT CRE - Projects and Research Credits: (1-3)
- PSY 4830 INT CRE - Directed Readings Credits: (1-3)
- PSY 4860 CEL - Practicum Credits: (1-4)
- PSY 4890 INT - Cooperative Work Experience Credits: (1-2)
- PSY 4920 INT - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
Psychological Science Teaching (BS)

- **Program Prerequisite:** None. Psychology Teaching majors and minors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).
- **Minor:** Required, unless a student is a double major.
- **Grade Requirements:** A grade of "C" or better is required in all courses used to fulfill requirements for the psychology major or minor (a grade of "C-" is not acceptable). In addition an overall GPA for Psychology courses of 2.50 or higher is required. Also refer to the general grade requirements for graduation Degree Requirements.
- **Credit Hour Requirements:** The University requires a total of 120 credit hours for graduation. For psychology, a minimum of 45 credit hours are required within the major. The University requires a total of 40 upper division credit hours (courses numbered 3000 and above).
- **Program Code:** Psychological Science Teaching (7056BS)
- **CIPC:** Psychological Science Teaching (131335)

**Advisement**

After declaring psychology as a major, each student is assigned an advisor. Psychology majors should consult with their advisor each semester prior to registration or as needed. Call the department secretary to schedule an appointment. Psychology teaching majors are encouraged to also consult with an advisor in the Jerry and Vickie Moyes College of Education (call 801-626-6269, Teacher Education Department). (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for the psychology major. Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. A number of courses in the major fulfill general education requirements (PSY 1010, PSY 2000) or graduation requirements (PSY 2370, PSY 3100).

**Program Learning Outcomes**

- **Knowledge:** Students will understand psychology as a scientific discipline. Essential to this, students will understand a core set of statistical and methodological knowledge regarding how psychologists critically evaluate, creatively test, and scientifically defend psychological claims. They will also understand a core set of content knowledge addressing the biological, cognitive/behavioral, social/personality, and developmental aspects of behavior and their integration.
- **Knowledge:** Characterize the nature of the science of psychology and grasp the foundations of the science for consuming and producing psychological claims.
- **Knowledge:** Students will be able to generally characterize psychology as a science, distinguishing its assumptions and methods with those of other disciplines, and specifically describe the strengths and limits of different research methods and the validity of conclusions derived from the research when consuming or producing psychological claims.
- **Knowledge:** Demonstrate knowledge, understanding, and synthesis of the breadth and depth of psychological science.
- **Knowledge:** Students will be able to demonstrate theory and research representing different content areas (biological, developmental, abnormal, experimental, and individual differences) and approaches (e.g., behavioral, biological, cognitive, evolutionary, humanistic, psychodynamic, and socio-cultural) of the discipline and appreciate the interactions at the different levels of analysis synthesizing them into comprehensive and multifaceted bio-psycho-social explanations human nature.
- **Application:** Students will be able to critically apply psychological principles and research to explain social issues, inform public policy, solve problems, understand themselves, and achieve career goals.
• Application: Students will be able to transfer their knowledge of psychological science to understanding and improving society.
• Application: Students will be able to describe the ways that psychological science has applications to social issues, processes, and domains (mental health, law, military, business, and education) and demonstrate ways that disciplinary knowledge can be used to inform social policy, solve social problems, and improve human functioning.
• Application: Students will be able to transfer their knowledge of psychological science to understanding and improving themselves and planning their future.
• Application: Students will be able to use knowledge of psychology science to promote their personal development and career planning by gaining insight into their behavior, mental processes, interests, and talents to develop self-management, self-improvement, and self-assessment strategies necessary to reach their personal and professional goals.
• Values/Ethics: Students will share key values adopted by psychologists, which include (but are not limited to) skepticism and intellectual curiosity, tolerance of ambiguity, respect for human diversity, appreciation of their civic, social, and global responsibilities, and humility regarding the limits of their psychological knowledge and skills. Students will also grasp the spirit of the APA Code of Ethics, follow its guidelines, and recognize the necessity of ethical behavior in all aspects of the science and practice of psychology.
• Values/Ethics: Students will understand and adopt key attitudes beliefs, values, and responsibilities consistent with being a student of psychological science.
• Values/Ethics: Students will make strides in adopting key assumptions (e.g., monism), beliefs (e.g., determinism), attitudes (skepticism and intellectual curiosity, tolerance of ambiguity) values (humility regarding their knowledge and skills), and responsibilities (e.g., interpersonal, civic, social, and global responsibilities) of being a student of psychological science.
• Values/Ethics: Students will understand and uphold the ethical standards which guide their interpersonal, professional and scientific behavior.
• Values/Ethics: Students will learn and behave in a manner consistent with the APA ethical code regarding their research, professional, and interpersonal activities.
• Interpersonal Relations and Communication: Students will exhibit skills to professionally communicate their understanding of terms, concepts, research, and theories of the discipline to others via written and oral formats. Students will also have interpersonal and collaborative skills necessary to effectively work in groups with others who hold diverse opinions, beliefs, and attitudes.
• Interpersonal Relations and Communication: Students will acquire skills to communicate professionally to others in various formats following disciplinary practices and conventions (e.g., APA style).
• Interpersonal Relations and Communication: Students' written, oral, and visual communication in formal and informal contexts will demonstrate an adequate level technical competence (grammar, structure, and style) and use of professional conventions (e.g., APA style and other professional conventions) to express, defend, or critique psychological claims ideas in a disciplinary appropriate manner.
• Interpersonal Relations and Communication: Students will demonstrate competence to work effectively in groups (projects, research, etc.)
• Interpersonal Relations and Communication: Students will learn to effectively work with others in group settings, which includes demonstrating skills to listen, communicate, and collaborate in unbiased, non-prejudicial ways.

Psychological Science General Core

General Core

PSY 1010 is required for all courses in the psychology curriculum EXCEPT the following: PSY 1540, PSY 2000, PSY 2020, PSY 2370, PSY 2710, PSY 2400, PSY 3100, PSY 3600, PSY 3605, PSY 3615, PSY 3616, and PSY 4900.

• PSY 1010 SS - Introductory Psychology Credits: (3)

Statistics and Research Methods

There are two options to complete the required Statistics and Research Methods course sequence in Psychology. A student must complete one option or the other and cannot complete the sequence by a combination of courses in each option.

Option A
This option is strongly encouraged for all Psychology Majors including teaching majors and those with a BIS emphasis. PSY 3615/3616 is a yearlong course sequence offered each academic year, with 3615 offered in the Fall of a given academic year and 3616 offered in the Spring. The sequence must be completed in the same academic year and with the same faculty member to complete the departmental Statistics and Research Methods requirement. It is recommended that the course sequence be taken in the junior year and has the prerequisite of PSY 1010 and MATH 1010 or QL with passing grades of C or better.

- PSY 3615 - Psychological Statistics and Methods I Credits: (4)
- PSY 3616 - Psychological Statistics and Methods II Credits: (4)

Option B

PSY 3600 is recommended to be taken no later than first semester junior year and has a prerequisite of MATH 1010, or QL with passing grade of C or better. PSY majors may substitute CJ 3600, SW 3600, or SOC 3600 for PSY 3600, but an additional 3 credits will be added to the graduation requirement (this addition is waived for dual majors). PSY 3605 is recommended to be taken no later than first semester junior year and has PSY 3600 or its equivalent as a prerequisite/co-requisite.

PSY 3610 is recommended to be taken no later than second semester junior year. PSY 1010 and PSY 3600 (or equivalent with prior approval from the department chair) are required prerequisites. Prerequisite/Co-requisite: PSY 3605 (or equivalent with prior approval from the Department Chair).

- PSY 3600 - Statistics in Psychology Credits: (3)
- PSY 3605 - Psychology Statistics Lab Credits: (1)
- PSY 3610 CRE - Research Methods in Psychology Credits: (4)

Psychological Sciences Core Content Courses

One of the following courses in each area must be taken to fulfill the core course requirements. However, students may opt to take the other course(s) in each section as electives.

Area A: Biological Basis of Behavior

Select one course from the following:

- PSY 2710 - Biopsychology Credits: (3)
- NEUR 2950 - Introduction to Neuroscience Credits: (3)

Area B: Development Basis of Behavior

Select one course from the following:

- PSY 3000 - Child Psychology Credits: (3)
- PSY 3140 - Adolescent Psychology Credits: (3)

Area C: Abnormal Psychology

- PSY 3010 - Abnormal Psychology Credits: (3)

Area D: Cognitive Basis of Behavior

Select one course from the following:

- PSY 2250 - Learning and Memory Credits: (3)
- PSY 3255 - Conditioning, Learning, & Behavior Modification Credits: (3)
- PSY 3500 - Cognition Credits: (3)

Area E: Individual Differences and Social Processes
Select one course from the following:

- PSY 3430 - Theories of Personality Credits: (3)
- PSY 3460 - Social Psychology Credits: (3)

Area F: Diversity

Select one course from the following:

- PSY 2000 SS - The Psychology of Human Relationships Credits: (3)
- PSY 2370 - Psychology of Women and Gender Credits: (3)
- PSY 3100 - Psychology of Diversity Credits: (3)

Capstone Requirement

4 credit hours of capstone is required for Psychology Majors and Teaching Majors. Students must complete PSY 4950 (1) and one other 3-credit capstone class listed below to fulfill the capstone requirement.

Students must complete 24 credits in the psychology major and PSY 3610 and PSY 3616 prior to enrolling in capstone courses. Additionally, students must have permission of instructor and/or capstone contract to enroll in the following courses.

*Students may opt to take the other courses in this group as an elective.*

Note: PSY 4950 requires one of the other capstone courses as a pre-requisite or co-requisite. PSY 4000 is required of teaching majors as a capstone or elective course. PSY 4310 requires PSY 3010 as a pre-requisite. PSY 4905 pre-requisite course(s) will depend on the class topic. PSY 4910 is taken for one semester to complete and defend a research proposal. This course is taken for a second semester to complete and defend the research project.

- PSY 4950 - Capstone Experience: Promoting Psychological Literacy Credits: (1)

Select One Additional Course to Fulfill Capstone

- PSY 4000 - Advanced General Credits: (3)
- PSY 4050 - Evolutionary Psychology Credits: (3)
- PSY 4090 - History and Systems of Psychology Credits: (3)
- PSY 4100 - Psychology in the Media Credits: (3)
- PSY 4140 - Theories of Development Credits: (3)
- PSY 4310 - Introduction to Counseling Theories Credits: (3)
- PSY 4760 - Tests and Measurements Credits: (3)
- PSY 4905 - Capstone Selected Topics in Psychology Credits: (3)
- PSY 4910 - Senior Thesis Credits: (3) (to be repeated twice for credit)

Electives

12 credit hours of electives required for Psychology Majors and Psychology Teaching Majors. Choose courses from Groups A or B below, the General Core, Core Content, or Capstone courses. Psychology Teaching majors are also required to take courses required by the Teacher Education program, and also PSY 4000 or PSY 4090. PSY 4000 is recommended as the choice unless a case can be made for PSY 4090.

Psychological Science Elective Courses

PSY 2830 must be taken prior to completing PSY 3610/PSY 3616, otherwise the student may enroll in PSY 4830. PSY 2830/PSY 4890 require the student to have a current job in the field. PSY 2830 may be taken by non-psychology majors or minors; PSY 4890 requires PSY major or minor status. PSY 4830 requires 18 credit hour of psychology courses, approved by the supervising instructor, one of which must be PSY 1010. Permission of the instructor is also required. PSY 4920 may be used for credit toward a major or minor or BIS in psychology but only when written permission of the department is given at the time of registration.

Electives Group A: Area Specialization Courses
• PSY 2010 - Science and Profession of Psychology Credits: (3)
• PSY 2020 - Mental Health Awareness Credits: (3)
• PSY 2400 - Positive Psychology Credits: (3)
• PSY 3020 - Child and Adolescent Psychopathology Credits: (3)
• PSY 3240 - The Psychology of Drug Use and Abuse Credits: (3)
• PSY 3255 - Conditioning, Learning, & Behavior Modification Credits: (3)
• PSY 3270 - Motivation and Emotion Credits: (3)
• PSY 3450 - Psychology of Language Credits: (3)
• PSY 3550 - Psychology of Consciousness Credits: (3)
• PSY 3560 - Group Dynamics and Counseling Credits: (3)
• PSY 3730 - Perception Credits: (3)
• PSY 3740 - Neuropsychopharmacology Credits: (3)
• PSY 4390 CEL - Capstone Practicum Credits: (3)
• PSY 4510 - Industrial and Organizational Behavior Credits: (3)
• PSY 4900 - Selected Topics in Psychology Credits: (2-3)
• PSY 4990 - Seminar Credits: (1)
• NEUR 4949 - The Neuroscience of Sex, Romance, and Sexual Orientation Credits: (3)

Electives Group B: Individualized Instruction and Experiential Courses

• PSY 1540 - Designing Your Life Credits: (3)
• PSY 2800 INT CRE - Projects and Research Credits: (1-3)
• PSY 2830 CRE - Directed Readings Credits: (1-3)
• PSY 2860 - Practicum Credits: (1-3)
• PSY 2890 INT - Cooperative Work Experience Credits: (1-2)
• PSY 4800 INT CRE - Projects and Research Credits: (1-3)
• PSY 4830 INT CRE - Directed Readings Credits: (1-3)
• PSY 4860 CEL - Practicum Credits: (1-4)
• PSY 4890 INT - Cooperative Work Experience Credits: (1-2)
• PSY 4920 INT - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)

Additional Coursework for Psychology Teaching Majors

Psychology Teaching majors are also required to take courses required by the Teacher Education program. PSY 4000 is recommended as the choice unless a case can be made for PSY 4090.

• PSY 4000 - Advanced General Credits: (3) or
• PSY 4090 - History and Systems of Psychology Credits: (3)
Psychological Science (BIS)

- **Grade Requirements**: A grade of "C" or better in courses used toward the BIS emphasis (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: Minimum of 20 credit hours (includes PSY 1010).
- **Program Code**: 7055
- **CIPC**: 420101

**Advisement**

For advisement contact the Department Chairperson who will help you select courses which will compliment your other two BIS areas or complement your major.

**Program Learning Outcomes**

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work - Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

**Psychological Science General Core**

**General Core**

PSY 1010 is required for all courses in the psychology curriculum EXCEPT the following: PSY 1540, PSY 2000, PSY 2020, PSY 2370, PSY 2710, PSY 2400, PSY 3100, PSY 3600, PSY 3605, PSY 3615, PSY 3616, and PSY 4900.

- PSY 1010 SS - Introductory Psychology **Credits**: (3)

**Statistics and Research Methods**

There are two options to complete the required Statistics and Research Methods course sequence in Psychology. A student must complete one option or the other and cannot complete the sequence by a combination of courses in each option.

**Option A**

This option is strongly encouraged for all Psychology Majors including teaching majors and those with a BIS emphasis. PSY 3615/3616 is a yearlong course sequence offered each academic year, with 3615 offered in the Fall of a given academic year and 3616 offered in the Spring. The sequence must be completed in the same academic year and with the same faculty member to complete the departmental Statistics and Research Methods requirement. It is recommended that the course sequence be taken in the junior year and has the prerequisite of PSY 1010 and MATH 1010 or QL with passing grades of C or better.

- PSY 3615 - Psychological Statistics and Methods I **Credits**: (4)
- PSY 3616 - Psychological Statistics and Methods II **Credits**: (4)

**Option B**
PSY 3600 is recommended to be taken no later than first semester junior year and has a prerequisite of MATH 1010, or QL with passing grade of C or better. PSY majors may substitute CJ 3600, SW 3600, or SOC 3600 for PSY 3600, but an additional 3 credits will be added to the graduation requirement (this addition is waived for dual majors).

PSY 3605 is recommended to be taken no later than first semester junior year and has PSY 3600 or its equivalent as a prerequisite/co-requisite.

PSY 3610 is recommended to be taken no later than second semester junior year. PSY 1010 and PSY 3600 (or equivalent with prior approval from the department chair) are required prerequisites. Prerequisite/Co-requisite: PSY 3605 (or equivalent with prior approval from the Department Chair).

- PSY 3600 - Statistics in Psychology Credits: (3)
- PSY 3605 - Psychology Statistics Lab Credits: (1)
- PSY 3610 CRE - Research Methods in Psychology Credits: (4)

**Elective Courses**

Select 9 credit hours of coursework from Group A or B. Only one course from Electives Group B will be allowed to apply toward the BIS. Approval of the Department Chair is required.

**Psychological Science Elective Courses**

PSY 2830 must be taken prior to completing PSY 3610/PSY 3616, otherwise the student may enroll in PSY 4830. PSY 2830/PSY 4890 require the student to have a current job in the field. PSY 2830 may be taken by non-psychology majors or minors; PSY 4890 requires PSY major or minor status. PSY 4830 requires 18 credit hour of psychology courses, approved by the supervising instructor, one of which must be PSY 1010. Permission of the instructor is also required. PSY 4920 may be used for credit toward a major or minor or BIS in psychology but only when written permission of the department is given at the time of registration.

**Electives Group A: Area Specialization Courses**

- PSY 2010 - Science and Profession of Psychology Credits: (3)
- PSY 2020 - Mental Health Awareness Credits: (3)
- PSY 2400 - Positive Psychology Credits: (3)
- PSY 3020 - Child and Adolescent Psychopathology Credits: (3)
- PSY 3240 - The Psychology of Drug Use and Abuse Credits: (3)
- PSY 3255 - Conditioning, Learning, & Behavior Modification Credits: (3)
- PSY 3270 - Motivation and Emotion Credits: (3)
- PSY 3450 - Psychology of Language Credits: (3)
- PSY 3550 - Psychology of Consciousness Credits: (3)
- PSY 3560 - Group Dynamics and Counseling Credits: (3)
- PSY 3730 - Perception Credits: (3)
- PSY 3740 - Neuropsychopharmacology Credits: (3)
- PSY 4390 CEL - Capstone Practicum Credits: (3)
- PSY 4510 - Industrial and Organizational Behavior Credits: (3)
- PSY 4900 - Selected Topics in Psychology Credits: (2-3)
- PSY 4990 - Seminar Credits: (1)
- NEUR 4949 - The Neuroscience of Sex, Romance, and Sexual Orientation Credits: (3)

**Electives Group B: Individualized Instruction and Experiential Courses**

- PSY 1540 - Designing Your Life Credits: (3)
- PSY 2800 INT CRE - Projects and Research Credits: (1-3)
- PSY 2830 CRE - Directed Readings Credits: (1-3)
- PSY 2860 - Practicum Credits: (1-3)
- PSY 2890 INT - Cooperative Work Experience Credits: (1-2)
- PSY 4800 INT CRE - Projects and Research Credits: (1-3)
- PSY 4830 INT CRE - Directed Readings Credits: (1-3)
- PSY 4860 CEL - Practicum Credits: (1-4)
- PSY 4890 INT - Cooperative Work Experience Credits: (1-2)
- PSY 4920 INT - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
Psychological Science Minor

- **Grade Requirements:** A grade of "C" or better in courses used toward the Minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** Minimum of 18 credit hours (includes PSY 1010).
- **Program Code:** 7055
- **CIPC:** 420101

**Advisement**

For advisement contact the Department Chairperson who will help you select courses which will complement your other two BIS areas or complement your major.

**Required Course**

- PSY 1010 SS - Introductory Psychology **Credits:** (3)

**Elective Courses**

Select 15 credit hours of coursework from Group A or B. Only one course from Electives Group B will be allowed to apply toward the minor. Approval of the Department Chair is required.

**Psychological Science Elective Courses**

PSY 2830 must be taken prior to completing PSY 3610/PSY 3616, otherwise the student may enroll in PSY 4830. PSY 2830/PSY 4890 require the student to have a current job in the field. PSY 2830 may be taken by non-psychology majors or minors; PSY 4890 requires PSY major or minor status. PSY 4830 requires 18 credit hour of psychology courses, approved by the supervising instructor, one of which must be PSY 1010. Permission of the instructor is also required. PSY 4920 may be used for credit toward a major or minor or BIS in psychology but only when written permission of the department is given at the time of registration.

**Electives Group A: Area Specialization Courses**

- PSY 2010 - Science and Profession of Psychology **Credits:** (3)
- PSY 2020 - Mental Health Awareness **Credits:** (3)
- PSY 2400 - Positive Psychology **Credits:** (3)
- PSY 3020 - Child and Adolescent Psychopathology **Credits:** (3)
- PSY 3240 - The Psychology of Drug Use and Abuse **Credits:** (3)
- PSY 3255 - Conditioning, Learning, & Behavior Modification **Credits:** (3)
- PSY 3270 - Motivation and Emotion **Credits:** (3)
- PSY 3450 - Psychology of Language **Credits:** (3)
- PSY 3550 - Psychology of Consciousness **Credits:** (3)
- PSY 3560 - Group Dynamics and Counseling **Credits:** (3)
- PSY 3730 - Perception **Credits:** (3)
- PSY 3740 - Neuropsychopharmocology **Credits:** (3)
- PSY 4390 CEL - Capstone Practicum **Credits:** (3)
- PSY 4510 - Industrial and Organizational Behavior **Credits:** (3)
- PSY 4900 - Selected Topics in Psychology **Credits:** (2-3)
- PSY 4990 - Seminar **Credits:** (1)
- NEUR 4949 - The Neuroscience of Sex, Romance, and Sexual Orientation **Credits:** (3)
Electives Group B: Individualized Instruction and Experiential Courses

- PSY 1540 - Designing Your Life Credits: (3)
- PSY 2800 INT CRE - Projects and Research Credits: (1-3)
- PSY 2830 CRE - Directed Readings Credits: (1-3)
- PSY 2860 - Practicum Credits: (1-3)
- PSY 2890 INT - Cooperative Work Experience Credits: (1-2)
- PSY 4800 INT CRE - Projects and Research Credits: (1-3)
- PSY 4830 INT CRE - Directed Readings Credits: (1-3)
- PSY 4860 CEL - Practicum Credits: (1-4)
- PSY 4890 INT - Cooperative Work Experience Credits: (1-2)
- PSY 4920 INT - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
Department of Social Work and Gerontology

Department Chair: Mark Bigler  
Location: Lindquist Hall, Room 330  
Telephone Contact: Taryn Pearce 801-626-6157  
Professor: Mark Bigler, Kerry Kennedy-Pressey, Associate Professors: Barrett Bonella, Corina Segovia Tadehara; Assistant Professors: Justin Lee, Kristina Moleni, Steve Vigil; Instructor: Heidee Miller

Social Work

The goal of social work education at every level is for students to integrate the knowledge, skills, and values of the profession into a generalist practice framework. Social work education takes place in four year undergraduate and two-year graduate programs and leads to professional degrees at the baccalaureate and master's levels, respectively. These levels of education differ from each other in the level of knowledge and skill they expect students to synthesize in practice competence. These distinctions and the discretion provided by the tradition of academic freedom contribute to the desired uniqueness of each program. The Social Work program at Weber State University is accredited at the baccalaureate level by the Council on Social Work Education.

Social Work is a self-regulating profession with sanction from public, private and voluntary auspices. Through all its roles and functions and multiple settings, social work is based on knowledge and competence in evidence-based practice skills, and is guided by professional values and ethics. With its central focus on the transactions between people and their environments, social work uses research and theory from social, behavioral, and biological sciences as well as from social work practice itself, developing a unique perspective on the human condition.

Sound curriculum designs give the educational program the integrated focus inherent in the profession's enduring philosophical base. This ensures historical continuity and provides a stable framework from which to assess and incorporate practice innovations, emerging knowledge, and interdisciplinary exchanges. This combination of curricular stability and flexibility is essential if the program is to respond effectively to changing social forces and provide leadership in the profession's ongoing quest for progressive social change.

It is, therefore, essential that all professional social workers have in common knowledge, skills, and values that are generally transferable from one setting, population group, geographic area, or problem to another.

The Social Work program is designed to: (1) prepare students for generalist entry-level social work practice; (2) prepare students for graduate social work education; (3) prepare students to take the Social Service Worker licensing examination; (4) provide a liberal, interdisciplinary learning experience to help students in their understanding of and adjustment to living in a democratic society; and (5) provide continuing educational opportunities for baccalaureate and paraprofessional social welfare providers.

Gerontology

Gerontology is the multi-disciplinary study of the processes of aging from conception to death with special focus on the later life cycle and the problems associated with aging and the aged in society. Individuals working in the field of aging need a broad range of knowledge that transcends a single academic discipline. The Gerontology Program at Weber State University is designed to: (1) provide preparation for employment in both the private and public sector including working with senior citizen centers, nutrition programs, housing projects, long-term care facilities, state and local aging programs, Hospice, research, senior volunteer programs, job services, retirement planning and other age-related employment; (2) provide continuing education for job enrichment and preparation for persons already in the aging employment sector through consultation, workshops and academic courses to enhance career opportunities; (3) provide general education courses designed to assist students in understanding and dealing with older persons within their family and society at large; (4) encourage students to go directly into aging employment and/or to seek graduate degrees in gerontology or related fields leading to positions in national, regional and local aging network sectors.

Note: No new majors are being accepted in this program at this time. However, the minor, BIS emphasis, and non-degree certificate programs are active and available.
Social Work (BA)

Social Work Major Bachelor's Degree (BS or BA)

- **Program Prerequisite:** Must be accepted to the program (see Admissions Requirements described later in this section).
- **Minor:** The Social Work Major requires either: (a) the completion of a minor; or (b) a minor alternative. Minor requirements are found in the University catalog under the specific programs that offer them. As an alternative to a minor, a Social Work Major may choose to complete 18 credits (generally the equivalent of six courses) from a set of approved elective enrichment courses listed below.
- **Grade Requirements:** A grade of "C" or better is required in all courses toward and included in this major (a grade of "C-" is not acceptable). In addition, an overall GPA for these courses of 2.5 must be maintained. Also refer to the general grade requirements Degree Requirements. Students not meeting the minimum grade requirements for an individual Social Work course may repeat that course one (1) time before being dropped from the Social Work program. In the rare event a student is unable to complete SW 4860 and SW 4861 in the field agency they are originally placed, at the discretion of the field placement advisor, the student may request a new placement one (1) time only. Students at any time failing to meet the overall GPA of 2.5 will be given a probationary semester to raise their GPA to the minimum standard. Failure to comply with this policy will result in being dropped from the Social Work program.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 41 of these is required within the major not counting the prerequisite courses totaling 18 semester hours. A total of 40 upper division credit hours is required for graduation from Weber State University (courses numbered 3000 and above).
- **Program Code:** 7017BA, 7017BS
- **CIPC:** 440701

Advisement

Students accepted into the program are assigned to a faculty advisor for academic and professional advising. The faculty advisor assists students with course scheduling, academic counseling, and professional self-assessment. Students are required to see their faculty advisor at least one time per semester prior to registration. Call the Social Work/Gerontology office number, 801-626-6157, or the Department Chair, 801-626-6156, for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare a program of study (see Enrollment Services and Information). Satisfactory completion of the following is required prior to formal acceptance into the program:

1. WSU Writing Competency (Composition)*
2. WSU Information Literacy*
3. 60-63 semester graduation hours (or equivalent) including the prerequisite courses listed below for the Behavioral and Social Sciences, Human Development, and Social Work prerequisites. These courses must be completed with a grade of "C" or better and with a total GPA of 2.5 or better.
4. Students agree to abide by the National Association of Social Workers Code of Ethics.

Note:

*Refer to General Requirements on Degree Requirements

Program Learning Outcomes

- Identify as a professional social worker and conduct oneself accordingly
- Apply social work ethical principles to guide professional practice
• Apply critical thinking to inform & communicate professional judgements
• Engage diversity and difference in practice
• Advance human rights and social and economic justice
• Engage in research-informed practice and practice-informed research
• Apply knowledge of human behavior and the social environment
• Engage in policy practice to advance social and economic well-being and to deliver effective social work services
• Respond to contexts that shape practice
• Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities

Courses Required Prior to Formal Acceptance to the Social Work Program

Behavioral and Social Science Prerequisites (9 credit hours)

• ANTH 1000 SS/DV - Introduction to Anthropology Credits: (3)
• PSY 1010 SS - Introductory Psychology Credits: (3)
• SOC 1010 SS/DV - Introduction to Sociology Credits: (3)

Human Development Prerequisite (3 credit hours)

• ZOOL 1020 LS - Human Biology Credits: (3)

Note:

*Any transfer course in this area must contain only human biology content, courses with animal or plant content are not acceptable

Social Work Prerequisites (6 credit hours)

• SW 1010 SS CEL - Introduction to Generalist Social Work Credits: (3)
• SW 2100 SS - Human Behavior and the Social Environment I Credits: (3)

Note:

*ZOOL 1020 should be taken prior to or concurrently with SW 2100

Formal Admission to the Social Work Program

Formal applications for admission to the program will be considered during the semester the student is in the process of completing final prerequisites or anytime thereafter. Applications may be downloaded from the Department's website or obtained at the Social Work office (Lindquist Hall, Room 330). The Admissions and Retention Committee will consider all applications and make one of the following recommendations:
1. Full admission to the program;
2. Admission to the program with contingencies;
3. Denial of admission to the program.

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. See specific requirements for the BA and BS under the major course requirements. The following courses for the Social Work prerequisite requirements will also fulfill general education requirements: SW 1010 SS CEL - Introduction to Generalist Social Work; ANTH 1000 SS/DV - Introduction to Anthropology; PSY 1010 SS - Introductory Psychology; SOC 1010 SS/DV - Introduction to Sociology; and ZOOL 1020 LS - Human Biology.
Major Course Requirements for BS or BA Degree

The following should be taken after completing the above prerequisites.

Required Social Work Core Courses (38 credit hours)

- SW 2200 SS/DV - Issues in Diversity Credits: (3)
- SW 3100 - Human Behavior and the Social Environment II Credits: (2)
- SW 3200 - Child and Family Welfare Credits: (2)
- SW 3500 - Social Welfare & Gerontological Policy Development and Service Credits: (3)
- SW 3600 - Social Statistics Credits: (3) (or equivalent)
  (Prerequisite – Quantitative Literacy. Must be completed prior to SW 4861)
- SW 3700 - Social Work Research Credits: (3) (It is recommended to take a Statistics course [SW 3600] prior to Research)
- SW 3900 - Social Work Methods, Values, and Ethics Credits: (3)
- SW 3910 - Social Work Practice I Credits: (3) (Make application for Social Service Field Experience prior to completing SW 3910)
- SW 3920 - Social Work Practice II Credits: (3)
- SW 3930 - Social Work Practice III Credits: (3)
- SW 4500 - Interventions for Populations at Risk Credits: (3)
- SW 4860 INT - Social Service Field Experience I Credits: (4)
- SW 4861 INT - Social Service Field Experience II Credits: (4)
- SW 4990 - Social Work Senior Seminar Credits: (2)

Courses Required to fulfill the BA

The following must be taken to qualify for a Bachelor of Arts (BA) degree in Social Work

- 12 semester credits in any foreign language

  OR

  - 6 semester credits in any foreign language

  and

  - SW 3800 - Writing in Social Work (3)

Select one of the following

- ANTH 1040 HU/DV - Language and Culture Credits: (3)
- COMM 1020 HU - Principles of Public Speaking Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
- ENGL 2200 HU/DV - Introduction to Literature Credits: (3)
- ENGL 2220 HU/DV - Introduction to Fiction Credits: (3)
- ENGL 2710 HU/DV - Perspectives on Women's Literature Credits: (3)
- ENGL 3510 HU/DV - World Literature Credits: (3)
- PHIL 1120 HU - Contemporary Moral Problems Credits: (3)
- PHIL 1250 HU - Critical Thinking Credits: (3)

Note:

Courses taken to meet BA requirements may also be applied to fill general education requirements. SW 3800 Writing in Social Work may NOT be counted by BA candidates as credit toward the 18 credit hours approved as an alternative to a traditional minor.
Electives (Optional)

- SW 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- GERT 3000 - Death and Dying Credits: (3) or
- SW 3000 - Death and Dying Credits: (3)
- GERT 3120 - Aging: Adaptation and Behavior Credits: (3) or
- SW 3120 - Aging: Adaptation and Behavior Credits: (3)
- GERT 3320 - Ethnicity and Older Women in the American Society Credits: (3) or
- SW 3320 - Ethnicity and Older Women in the American Society Credits: (3)
- SW 3800 - Writing in Social Work Credits: (3) (optional for BS in Social Work)
- SW 4140 - Perspectives on Drug Use and Substance Abuse Credits: (3)
- SW 4150 - DSM-5 Credits: (3) (optional for BA in Social Work)
- GERT 4220 - Societal Responses to Aging Credits: (3) or
- SW 4220 - Societal Responses to Aging Credits: (3)
- SW 4240 - Introduction to TeleMental-Health Credits: (3)
- SW 4250 - Medical Social Work Credits: (3)
- SW 4600 - Social Work in Special Settings Credits: (2-4)
- GERT 4650 - Retirement: Adjustment/Planning Credits: (3) or
- SW 4650 - Retirement: Adjustment/Planning Credits: (3)
- SW 4265 - Crisis Intervention and Trauma Credits: (3)
- SW 4800 - Projects and Research Credits: (1-3)
- SW 4810 - Experimental Course Credits: (1-6)
- SW 4830 - Directed Readings Credits: (1-3)
- SW 4850 - Social Work Study Abroad Credits: (1-4)
- SW 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)

Courses Approved as an Alternative to a Traditional Minor

As an alternative to a minor, a Social Work Major may choose to complete a minimum of 18 credits (generally the equivalent of six courses) from the following list of elective enrichment courses. Other courses not on this list may be approved to meet this requirement at the discretion of a student’s faculty advisor with the consent of the Social Work faculty. At least six of these credits must be taken in Social Work. No more than six credits may be taken within a single discipline. Students are strongly encouraged to consult with their faculty advisor in selecting one of these options. Courses used to meet the minor alternative MUST be pre-approved by a faculty advisor.

Social Work (6 credit hours)

- SW 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- SW 3000 - Death and Dying Credits: (3) *
- SW 3120 - Aging: Adaptation and Behavior Credits: (3) *
- SW 3320 - Ethnicity and Older Women in the American Society Credits: (3) *
- SW 3800 - Writing in Social Work Credits: (3) (optional for BS in Social Work)
- SW 4140 - Perspectives on Drug Use and Substance Abuse Credits: (3)
- SW 4150 - DSM-5 Credits: (3) (optional for BA in Social Work)
- SW 4250 - Medical Social Work Credits: (3)
- SW 4600 - Social Work in Special Settings Credits: (2-4)
• SW 4650 - Retirement: Adjustment/Planning Credits: (3) *
• SW 4800 - Projects and Research Credits: (1-3) (consent of department chair required)
• SW 4810 - Experimental Course Credits: (1-6)
• SW 4830 - Directed Readings Credits: (1-3) (consent of department chair required)
• SW 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)

Note:

*Cross-listed with Gerontology (GERT)

Anthropology

• ANTH 3500 - Advanced Cultural Anthropology Credits: (3)
• ANTH 3700 - Sex Roles: Past, Present and Future Credits: (3)
• ANTH 3900 - Magic, Shamanism and Religion Credits: (3)

Communication

• COMM 3080 - Intercultural Communication Credits: (3) (prerequisite COMM 2110)

Child and Family Studies

• FAM 3350 - Diverse Families Credits: (3)
• ECED 3500 - Young Children: Adversity and Resilience Credits: (3) (prerequisite CHF 1500)
• FAM 3550 - Parenting Education Credits: (3)
• FAM 3650 - Family Processes Credits: (3) (prerequisite CHF 2400, FAM 3350)
• FAM 4400 - The Family in Stress Credits: (3)

Criminal Justice

• CJ 3040 - Community Policing Credits: (3)
• CJ 3060 - Corrections in the Community Credits: (3)
• CJ 3270 - Theories of Crime and Delinquency Credits: (3)
• CJ 3300 - Victimology Credits: (3)
• CJ 3400 - Drugs and Crime Credits: (3)

Economics

• ECON 3410 - Women in the World Economy Credits: (3) (prerequisite ECON 2010)

Gerontology

• GERT 3000 - Death and Dying Credits: (3) *
• GERT 3120 - Aging: Adaptation and Behavior Credits: (3) *
• GERT 3320 - Ethnicity and Older Women in the American Society Credits: (3) *
• GERT 4650 - Retirement: Adjustment/Planning Credits: (3) *

Note:
Health

- HLTH 3000 - Foundations of Health Promotion Credits: (3) (prerequisite HLTH 1030)
- HLTH 3400 - Substance Abuse Prevention Credits: (3)
- HLTH 3420 - Multicultural Health and Nutrition Credits: (3) (same as NUTR 3420)
- HLTH 3500 - Human Sexuality Credits: (3)

Health Administrative Services

- HAS 3000 - The Healthcare System Credits: (3)
- PUBH 3150 - Introduction to Public Health Credits: (3)
- HAS 3190 - Cultural Diversity in Patient Education Credits: (3)
- HAS 3260 - Healthcare Leadership and Management Credits: (3) (prerequisite HAS 3000)
- HAS 4400 - Legal and Ethical Aspects of Health Administration Credits: (3) (prerequisite HAS 3000 & HAS 3260)
- HAS 4520 - Long-Term Care Administration Credits: (3) (prerequisite HAS 3000 & HAS 4400)

Management

- MGMT 3010 - Organizational Behavior and Management Credits: (3)
- MGMT 4400 - Advanced Organizational Behavior Credits: (3) (prerequisite MGMT 3010)

Philosophy

- PHIL 3350 - Medical Ethics Credits: (3)

Political Science

- POLS 3330 - American Political Thought Credits: (3)
- POLS 3700 - Bureaucratic Politics Credits: (3)
- POLS 4600 - American Congress Credits: (3)
- POLS 4750 - Public Policy Analysis Credits: (3)

Psychology

- PSY 3000 - Child Psychology Credits: (3)
- PSY 3010 - Abnormal Psychology Credits: (3)
- PSY 3100 - Psychology of Diversity Credits: (3)
- PSY 3430 - Theories of Personality Credits: (3) (prerequisite PSY 1010)
- PSY 3460 - Social Psychology Credits: (3) (prerequisite PSY 1010)
- PSY 3500 - Cognition Credits: (3) (prerequisite PSY 1010)

Sociology

- SOC 2600 - Sociology of Family Credits: (3)
- SOC 3270 - Criminology Credits: (3) (prerequisite SOC 1010 or SOC 1020)
- SOC 3300 - Environment and Society Credits: (3)
- SOC 3410 - Sociology of Religion Credits: (3)
- SOC 3420 - Sociology of Education Credits: (3)
- SOC 3430 - Medicine and Healthcare in Society Credits: (3)

Women's Studies

- WGS 3050 - Introduction to Feminist Theories 1700 -- Present Credits: (3)
Gerontology (BS)

Note: No new majors are being accepted in this program at this time. However, the minor, BIS emphasis, and non-degree certificate programs are active and available.

- **Program Prerequisite:** Not required.
- **Minor:** Required.
- **Grade Requirements:** A grade of "C" or better is required in all courses used toward the major (a grade of "C-" is not acceptable) in addition to an overall GPA for Gerontology courses of 2.5 or higher. Also refer to the general grade requirements for graduation on Degree Requirements.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 31 of these is required within the major. A total of 40 upper division credit hours is required for graduation from Weber State University (courses numbered 3000 and above); 19-28 of these are required within the major.
- **Program Code:** 7006BS
- **CIPC:** 301101

Advisement

Students are assigned to a faculty advisor for academic and professional advising. The faculty advisor assists students with course scheduling, academic counseling, and professional self-assessment. Students are required to see their faculty advisor at least one time per semester prior to registration. Call the Social Work/Gerontology office number, 801-626-6157, for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study (see Enrollment Services and Information). Students must file "Major/Minor Declaration" form with the department office.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. GERT 1010 will fill both a major/minor and general education requirement.

Major Course Requirements for BS Degree

**Required Gerontology Courses (22 credit hours)**

- GERT 1010 SS - Introduction to Gerontology Credits: (3)
- GERT 3320 - Ethnicity and Older Women in the American Society Credits: (3)
- GERT 3400 - Methods of Research: Social and Behavioral Research Credits: (4)
- GERT 3500 - Social Welfare & Gerontological Policy Development and Service Credits: (3)
- GERT 3600 - Social Statistics Credits: (3)
- GERT 4860 - Introductory Field Practicum Credits: (2)
- GERT 4861 - Advanced Field Practicum Credits: (2)
- GERT 4990 - Senior Seminar Credits: (2)

**Gerontology Elective (3 credit hours)**

*Select 1 course from the following*

- GERT 2220 - Introduction to Social Gerontology Credits: (3)
Area Course Electives (6 credit hours)

Select a minimum of six credit hours from one of the following five areas (all six credits MUST be from the same area): (1) Counseling, (2) Health and Leisure, (3) Administrative/Management, (4) Social Services, and (5) Nutrition. Students who complete a double major in a related approved field will satisfy this requirement. It should be noted that prerequisites for classes listed below must be satisfied.

1. Counseling

- PSY 3430 - Theories of Personality Credits: (3)
- PSY 4310 - Introduction to Counseling Theories Credits: (3)
- PSY 4340 - Skills and Techniques of Counseling Credits: (3)
- SOC 3000 - Self and Society Credits: (3)
- ANTH 1040 HU/DV - Language and Culture Credits: (3)
- SW 3910 - Social Work Practice I Credits: (3)
- SW 3920 - Social Work Practice II Credits: (3)

2. Health and Leisure

- HLTH 3400 - Substance Abuse Prevention Credits: (3)
- HTHS 1101 - Medical Terminology Credits: (2)
- HTHS 3328 - Pathophysiology of Cells and Tissues Credits: (2)
- PE 1098 - Fitness for Life Credits: (1)
- PEP 2480 - Fitness for Life Concepts Credits: (1)
- OCRE 3100 - Recreation Leadership and Group Facilitation Credits: (3)

3. Administrative/Management

- ACTG 2010 - Survey of Accounting I Credits: (3)
- ACTG 2020 - Survey of Accounting II Credits: (3)
- BSAD 3000 - Small Business Management Credits: (3)
- MKTG 3010 - Marketing Concepts and Practices Credits: (3)

4. Social Services (select from two academic areas)

- SW 1010 SS CEL - Introduction to Generalist Social Work Credits: (3)
- SW 2100 SS - Human Behavior and the Social Environment I Credits: (3)
- SW 3900 - Social Work Methods, Values, and Ethics Credits: (3)
- ANTH 3500 - Advanced Cultural Anthropology Credits: (3)
- CHF 2400 SS/DV - Family Relations Credits: (3)
- FAM 4400 - The Family in Stress Credits: (3)

5. Nutrition

- NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
- NUTR 2320 - Food Values, Diet Design and Health Credits: (3)
• NUTR 3320 - Health and Nutrition in the Older Adult Credits: (3) or
• HLTH 3320 - Health and Nutrition in the Older Adult Credits: (3)

• NUTR 3420 - Multicultural Health & Nutrition Credits: (3) or
• HLTH 3420 - Multicultural Health and Nutrition Credits: (3)
Social Work (BS)

Social Work Major Bachelor's Degree (BS or BA)

- **Program Prerequisite:** Must be accepted to the program (see Admissions Requirements described later in this section).
- **Minor:** The Social Work Major requires either: (a) the completion of a minor; or (b) a minor alternative. Minor requirements are found in the University catalog under the specific programs that offer them. As an alternative to a minor, a Social Work Major may choose to complete 18 credits (generally the equivalent of six courses) from a set of approved elective enrichment courses listed below.
- **Grade Requirements:** A grade of "C" or better is required in all courses toward and included in this major (a grade of "C-" is not acceptable). In addition, an overall GPA for these courses of 2.5 must be maintained. Also refer to the general grade requirements Degree Requirements. Students not meeting the minimum grade requirements for an individual Social Work course may repeat that course one (1) time before being dropped from the Social Work program. In the rare event a student is unable to complete SW 4860 and SW 4861 in the field agency they are originally placed, at the discretion of the field placement advisor, the student may request a new placement one (1) time only. Students at any time failing to meet the overall GPA of 2.5 will be given a probationary semester to raise their GPA to the minimum standard. Failure to comply with this policy will result in being dropped from the Social Work program.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; a minimum of 41 of these is required within the major not counting the prerequisite courses totaling 18 semester hours. A total of 40 upper division credit hours is required for graduation from Weber State University (courses numbered 3000 and above).
- **Program Code:** 7017BA, 7017BS
- **CIPC:** 440701

**Advisement**

Students accepted into the program are assigned to a faculty advisor for academic and professional advising. The faculty advisor assists students with course scheduling, academic counseling, and professional self-assessment. Students are required to see their faculty advisor at least one time per semester prior to registration. Call the Social Work/Gerontology office number, 801-626-6157, or the Department Chair, 801-626-6156, for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

**Admission Requirements**

Declare a program of study (see Enrollment Services and Information). Satisfactory completion of the following is required prior to formal acceptance into the program:

1. WSU Writing Competency (Composition)*
2. WSU Information Literacy*
3. 60-63 semester graduation hours (or equivalent) including the prerequisite courses listed below for the Behavioral and Social Sciences, Human Development, and Social Work prerequisites. These courses must be completed with a grade of "C" or better and with a total GPA of 2.5 or better.
4. Students agree to abide by the National Association of Social Workers Code of Ethics.

**Note:**

* Refer to General Requirements on Degree Requirements

**Program Learning Outcomes**

- Identify as a professional social worker and conduct oneself accordingly
- Apply social work ethical principles to guide professional practice
• Apply critical thinking to inform & communicate professional judgements
• Engage diversity and difference in practice
• Advance human rights and social and economic justice
• Engage in research-informed practice and practice-informed research
• Apply knowledge of human behavior and the social environment
• Engage in policy practice to advance social and economic well-being and to deliver effective social work services
• Respond to contexts that shape practice
• Engage, assess, intervene, and evaluate with individuals, families, groups, organizations, and communities

Courses Required Prior to Formal Acceptance to the Social Work Program

Behavioral and Social Science Prerequisites (9 credit hours)

• ANTH 1000 SS/DV - Introduction to Anthropology Credits: (3)
• PSY 1010 SS - Introductory Psychology Credits: (3)
• SOC 1010 SS/DV - Introduction to Sociology Credits: (3)

Human Development Prerequisite (3 credit hours)

• ZOOL 1020 LS - Human Biology Credits: (3)

Note:

*Any transfer course in this area must contain only human biology content, courses with animal or plant content are not acceptable*

Social Work Prerequisites (6 credit hours)

• SW 1010 SS CEL - Introduction to Generalist Social Work Credits: (3)
• SW 2100 SS - Human Behavior and the Social Environment I Credits: (3)

Note:

*ZOOL 1020 should be taken prior to or concurrently with SW 2100*

Formal Admission to the Social Work Program

Formal applications for admission to the program will be considered during the semester the student is in the process of completing final prerequisites or anytime thereafter. Applications may be downloaded from the Department's website or obtained at the Social Work office (Lindquist Hall, Room 330). The Admissions and Retention Committee will consider all applications and make one of the following recommendations:
1. Full admission to the program;
2. Admission to the program with contingencies;
3. Denial of admission to the program.

General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. See specific requirements for the BA and BS under the major course requirements. The following courses for the Social Work prerequisite requirements will also fulfill general education requirements: SW 1010 SS CEL - Introduction to Generalist Social Work; ANTH 1000 SS/DV - Introduction to Anthropology; PSY 1010 SS - Introductory Psychology; SOC 1010 SS/DV - Introduction to Sociology; and ZOOL 1020 LS - Human Biology.
Major Course Requirements for BS or BA Degree

The following should be taken after completing the above prerequisites.

Required Social Work Core Courses (38 credit hours)

- SW 2200 SS/DV - Issues in Diversity Credits: (3)
- SW 3100 - Human Behavior and the Social Environment II Credits: (2)
- SW 3200 - Child and Family Welfare Credits: (2)
- SW 3500 - Social Welfare & Gerontological Policy Development and Service Credits: (3)
- SW 3600 - Social Statistics Credits: (3) (or equivalent)
  (Prerequisite – Quantitative Literacy. Must be completed prior to SW 4861)
- SW 3700 - Social Work Research Credits: (3) (It is recommended to take a Statistics course [SW 3600] prior to Research)
- SW 3900 - Social Work Methods, Values, and Ethics Credits: (3)
- SW 3910 - Social Work Practice I Credits: (3) (Make application for Social Service Field Experience prior to completing SW 3910)
- SW 3920 - Social Work Practice II Credits: (3)
- SW 3930 - Social Work Practice III Credits: (3)
- SW 4500 - Interventions for Populations at Risk Credits: (3)
- SW 4860 INT - Social Service Field Experience I Credits: (4)
- SW 4861 INT - Social Service Field Experience II Credits: (4)
- SW 4990 - Social Work Senior Seminar Credits: (2)

Courses Required to fulfill the BS

The following must be taken to qualify for a Bachelor of Science (BS) degree in Social Work

- SW 3600 - Social Statistics Credits: (3)
- SW 3700 - Social Work Research Credits: (3)
- SW 4150 - DSM-5 Credits: (3)

And select one of the following

- HLTH 1020 LS - Science and Application of Human Nutrition Credits: (3)
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4)
- ZOOL 1020 LS - Human Biology Credits: (3)

Note:

Courses taken to meet BS requirements may also be applied to fill general education requirements, program prerequisites and required Social Work core courses. SW 4150 - DSM-5 may NOT be counted by BS candidates as credit toward the 18 credit hours approved as an alternative to a traditional minor.
Additional science courses may be counted as electives or be applied to fill general education requirements.

Electives (Optional)

- SW 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- GERT 3000 - Death and Dying Credits: (3) or
- SW 3000 - Death and Dying Credits: (3)
- GERT 3120 - Aging: Adaptation and Behavior Credits: (3) or
• SW 3120 - Aging: Adaptation and Behavior Credits: (3)
• GERT 3320 - Ethnicity and Older Women in the American Society Credits: (3) or
• SW 3320 - Ethnicity and Older Women in the American Society Credits: (3)
• SW 3800 - Writing in Social Work Credits: (3) (optional for BS in Social Work)
• SW 4140 - Perspectives on Drug Use and Substance Abuse Credits: (3)
• SW 4150 - DSM-5 Credits: (3) (optional for BA in Social Work)
• GERT 4220 - Societal Responses to Aging Credits: (3) or
• SW 4220 - Societal Responses to Aging Credits: (3)
• SW 4240 - Introduction to TeleMental-Health Credits: (3)
• SW 4250 - Medical Social Work Credits: (3)
• SW 4600 - Social Work in Special Settings Credits: (2-4)
• GERT 4650 - Retirement: Adjustment/Planning Credits: (3) or
• SW 4650 - Retirement: Adjustment/Planning Credits: (3)
• SW 4265 - Crisis Intervention and Trauma Credits: (3)
• SW 4800 - Projects and Research Credits: (1-3)
• SW 4810 - Experimental Course Credits: (1-6)
• SW 4830 - Directed Readings Credits: (1-3)
• SW 4850 - Social Work Study Abroad Credits: (1-4)
• SW 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)

Courses Approved as an Alternative to a Traditional Minor

As an alternative to a minor, a Social Work Major may choose to complete a minimum of 18 credits (generally the equivalent of six courses) from the following list of elective enrichment courses. Other courses not on this list may be approved to meet this requirement at the discretion of a student’s faculty advisor with the consent of the Social Work faculty. At least six of these credits must be taken in Social Work. No more than six credits may be taken within a single discipline. Students are strongly encouraged to consult with their faculty advisor in selecting one of these options. Courses used to meet the minor alternative MUST be pre-approved by a faculty advisor.

Social Work (6 credit hours)

• SW 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• SW 3000 - Death and Dying Credits: (3) *
• SW 3120 - Aging: Adaptation and Behavior Credits: (3) *
• SW 3320 - Ethnicity and Older Women in the American Society Credits: (3) *
• SW 3800 - Writing in Social Work Credits: (3) (optional for BS in Social Work)
• SW 4140 - Perspectives on Drug Use and Substance Abuse Credits: (3)
• SW 4150 - DSM-5 Credits: (3) (optional for BA in Social Work)
• SW 4250 - Medical Social Work Credits: (3)
• SW 4600 - Social Work in Special Settings Credits: (2-4)
• SW 4650 - Retirement: Adjustment/Planning Credits: (3) *
• SW 4800 - Projects and Research Credits: (1-3) (consent of department chair required)
• SW 4810 - Experimental Course Credits: (1-6)
• SW 4830 - Directed Readings Credits: (1-3) (consent of department chair required)
• SW 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)

Note:
Anthropology

- ANTH 3500 - Advanced Cultural Anthropology Credits: (3)
- ANTH 3700 - Sex Roles: Past, Present and Future Credits: (3)
- ANTH 3900 - Magic, Shamanism and Religion Credits: (3)

Communication

- COMM 3080 - Intercultural Communication Credits: (3) (prerequisite COMM 2110)

Child and Family Studies

- FAM 3350 - Diverse Families Credits: (3)
- ECED 3500 - Young Children: Adversity and Resilience Credits: (3) (prerequisite CHF 1500)
- FAM 3550 - Parenting Education Credits: (3)
- FAM 3650 - Family Processes Credits: (3) (prerequisite CHF 2400, FAM 3350)
- FAM 4400 - The Family in Stress Credits: (3)

Criminal Justice

- CJ 3040 - Community Policing Credits: (3)
- CJ 3060 - Corrections in the Community Credits: (3)
- CJ 3270 - Theories of Crime and Delinquency Credits: (3)
- CJ 3300 - Victimology Credits: (3)
- CJ 3400 - Drugs and Crime Credits: (3)

Economics

- ECON 3410 - Women in the World Economy Credits: (3) (prerequisite ECON 2010)

Gerontology

- GERT 3000 - Death and Dying Credits: (3) *
- GERT 3120 - Aging: Adaptation and Behavior Credits: (3) *
- GERT 3320 - Ethnicity and Older Women in the American Society Credits: (3) *
- GERT 4650 - Retirement: Adjustment/Planning Credits: (3) *

Note:

* Cross-listed with Social Work (SW)

Health

- HLTH 3000 - Foundations of Health Promotion Credits: (3) (prerequisite HLTH 1030)
- HLTH 3400 - Substance Abuse Prevention Credits: (3)
- HLTH 3420 - Multicultural Health and Nutrition Credits: (3) (same as NUTR 3420)
- HLTH 3500 - Human Sexuality Credits: (3)
Health Administrative Services

- **HAS 3000** - The Healthcare System **Credits**: (3)
- **PUBH 3150** - Introduction to Public Health **Credits**: (3)
- **HAS 3190** - Cultural Diversity in Patient Education **Credits**: (3)
- **HAS 3260** - Healthcare Leadership and Management **Credits**: (3) (prerequisite HAS 3000)
- **HAS 4400** - Legal and Ethical Aspects of Health Administration **Credits**: (3) (prerequisite HAS 3000 & HAS 3260)
- **HAS 4520** - Long-Term Care Administration **Credits**: (3) (prerequisite HAS 3000 & HAS 4400)

Management

- **MGMT 3010** - Organizational Behavior and Management **Credits**: (3)
- **MGMT 4400** - Advanced Organizational Behavior **Credits**: (3) (prerequisite MGMT 3010)

Philosophy

- **PHIL 3350** - Medical Ethics **Credits**: (3)

Political Science

- **POLS 3330** - American Political Thought **Credits**: (3)
- **POLS 3700** - Bureaucratic Politics **Credits**: (3)
- **POLS 4600** - American Congress **Credits**: (3)
- **POLS 4750** - Public Policy Analysis **Credits**: (3)

Psychology

- **PSY 3000** - Child Psychology **Credits**: (3)
- **PSY 3010** - Abnormal Psychology **Credits**: (3)
- **PSY 3100** - Psychology of Diversity **Credits**: (3)
- **PSY 3430** - Theories of Personality **Credits**: (3) (prerequisite PSY 1010)
- **PSY 3460** - Social Psychology **Credits**: (3) (prerequisite PSY 1010)
- **PSY 3500** - Cognition **Credits**: (3) (prerequisite PSY 1010)

Sociology

- **SOC 2600** - Sociology of Family **Credits**: (3)
- **SOC 3270** - Criminology **Credits**: (3) (prerequisite SOC 1010 or SOC 1020)
- **SOC 3300** - Environment and Society **Credits**: (3)
- **SOC 3410** - Sociology of Religion **Credits**: (3)
- **SOC 3420** - Sociology of Education **Credits**: (3)
- **SOC 3430** - Medicine and Healthcare in Society **Credits**: (3)

Women's Studies

- **WGS 3050** - Introduction to Feminist Theories 1700 -- Present **Credits**: (3)
Gerontology (BIS)

Gerontology

- **Grade Requirements**: A grade of "C" or better in courses used toward the minor/emphasis (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: Minimum of 17 credit hours.
- **Program Code**: 7006
- **CIPC**: 301101

**Program Learning Outcomes**

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work-Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

**Course Requirements**

Gerontology Courses Required (11 credit hours)

- GERT 1010 SS - Introduction to Gerontology **Credits**: (3)
- GERT 3320 - Ethnicity and Older Women in the American Society **Credits**: (3)
- GERT 3500 - Social Welfare & Gerontological Policy Development and Service **Credits**: (3)
- GERT 4860 - Introductory Field Practicum **Credits**: (2)

Gerontology Electives (6 credit hours)

*Select two courses from the following 5 courses*

- GERT 2220 - Introduction to Social Gerontology **Credits**: (3)
- GERT 3000 - Death and Dying **Credits**: (3)
- GERT 3120 - Aging: Adaptation and Behavior **Credits**: (3)
- GERT 4220 - Societal Responses to Aging **Credits**: (3)
- GERT 4650 - Retirement: Adjustment/Planning **Credits**: (3)
Social Work (BIS)

Refer to the Social Work (BIS) Bachelor of Integrated Studies section of this catalog for program requirements.

- **Grade Requirements**: Minimum grade of "C" is required in all courses toward and included in the Social Work emphasis (a grade of "C-" is not acceptable). In addition, an overall GPA for these courses of 2.50 must be maintained.
- **Credit Hour Requirements**: Minimum of 19 credit hours.
- **Program Code**: 7017
- **CIPC**: 440701

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work - Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflectios from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Course Requirements for BIS Emphasis

Social Work Courses Required (19 credit hours)

- SW 1010 SS CEL - Introduction to Generalist Social Work Credits: (3)
- SW 2100 SS - Human Behavior and the Social Environment I Credits: (3)
- SW 2200 SS/DV - Issues in Diversity Credits: (3)
- SW 3100 - Human Behavior and the Social Environment II Credits: (2)
- SW 3200 - Child and Family Welfare Credits: (2)
- SW 3500 - Social Welfare & Gerontological Policy Development and Service Credits: (3)
- SW 3700 - Social Work Research Credits: (3)
Gerontology Minor

Gerontology

- **Grade Requirements**: A grade of "C" or better in courses used toward the minor/emphasis (a grade of "C-" is not acceptable).
- **Credit Hour Requirements**: Minimum of 17 credit hours.
- **Program Code**: 7006
- **CIPC**: 301101

Department of Sociology and Anthropology

Department Chair: Huiying Hill
Location: Lindquist Hall 241
Telephone Contact: Belinda McElheny, 801-626-6241
Professors: Huiying Hill, Brenda Marsteller Kowalewski, Marjukka Ollilainen, Carla Trentelman; Associate Professors: Pepper Glass, Robert Reynolds; Assistant Professors: Joanna Gautney, Madeline Mackie, Robert Morris, Mark Stevenson, David Yoder

Sociology

Sociology Coordinator: Dr. Huiying Hill, 801-626-6241

Sociology is the study of social life, social change, and the social causes and consequences of human behavior. Sociologists investigate the structure of groups, organizations, and societies, and how people interact within these contexts. Since all human behavior is social, the subject matter of sociology includes, but is not limited to, street crime and delinquency, corporate downsizing, how people express emotions, welfare or education reform, how families differ and flourish, divisions of ethnicity, gender and social class, religious cults, medicine, media, and other social phenomena. Because sociology addresses the most challenging issues of our time, it is a rapidly expanding field whose potential is increasingly tapped by those who craft policies and create programs. Few fields have such broad scope and relevance for research, theory, and application of knowledge. Sociology is a popular major for students planning futures in such professions as law, business, education, architecture, politics, public administration, urban planning and development, human services, and a myriad of other professions. It also provides a solid foundation for pursuing graduate degrees in related fields. Although a career as a sociologist requires a Master's Degree or PhD, an undergraduate education in sociology can be applied to almost any profession a student pursues.

Interdisciplinary Minors

The Sociology Department participates in the Asian Studies, Ethnic Studies, European Studies, Legal Studies and Women's Studies Minor Programs and the Urban and Regional Planning Emphasis Program. Students who wish to enroll in one of these programs should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)

 Anthropology

Anthropology Coordinator: Dr. Mark Stevenson, 801-626-6244

Anthropology takes a holistic approach to describing and explaining human differences and similarities around the world and throughout time. It looks at humans both culturally and biologically within an ecological context. It examines contemporary humans as well as those of the historic and prehistoric past and searches for patterns of human existence. Specialized fields include archaeology, linguistics, ethnology, and biological anthropology. Students are taught to question and examine the significance of beliefs, attitudes and prejudices, and to understand the anthropological position of relativism and valuing cultural and biological variation. The program prepares students for a broad range of public and private sector employment in anthropology-related fields or to enter professional or graduate schools appropriate to their interests. Anthropology is an essential discipline in the 21st Century, contributing knowledge for successful living and working in our diverse human world.

Interdisciplinary Minors

The Anthropology Program participates in the Asian Studies, Ethnic Studies, Environmental Studies, European Studies, Latin American Studies, Linguistics, and Women's Studies Minor Programs. Students who wish to enroll in one of these programs should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)
Archaeological Technician (AAS)

Archaeological Technician

Director: Dr. David Yoder
Telephone Contact: (801) 626-6842

Gainful Employment Disclosure
Archaeology can be an emphasis within the anthropology major or minor, part of a Bachelor of Integrated Studies degree, or stand alone as an independent program. The program trains students for work as archaeological technicians, adding a vocational component to an academic discipline. Archaeology, with its modern emphases on scientific problem solving, an evolutionary perspective, and ecological theory, is also a valuable part of a student's science education.

- **Grade Requirements**: A minimum grade of "C" in courses counted toward fulfilling the major (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements**: Minimum of 26 credit hours for the Institutional Certificate of Proficiency, which must include ENGL 1010 (3) or equivalent. Minimum of 63 credit hours for the Associate of Applied Science degree, which must include ENGL 1010 (3) (or equivalent), COMM 1020 (3), and MATH 1050 (3) and 9 additional credit hours of general education, including one course in each of the Humanities, Sciences, and Social Sciences areas.
- **Program Code**: 7019AAS
- **CIPC**: 450301

General Education

Refer to Degree Requirements for Associate of Applied Science degree requirements.

Transferring students with Anthropology courses can transfer 9 hours of credit from an acceptable Anthropology program.

Advisement

All declared Archaeological Technician students are assigned to the Director of the Archaeological Technician program for advisement. Students are officially notified that they must be formally advised by the Director at least once a year with all contacts posted in their files to be maintained in the department. Contact with the Director is by appointment; undeclared students with questions should also contact the Director of the Archaeological Technician Program, Dr. David Yoder, phone: (801) 626-6842 or the Department of Sociology and Anthropology, phone: (801) 626-6241.

Major Course Requirements for AAS Degree

Required Program Core Courses (38-40 credit hours)

- ANTH 1000 SS/DV - Introduction to Anthropology Credits: (3)
- ANTH 1020 LS/DV - Biological Anthropology Credits: (3)
- ANTH 2030 SS - Principles of Archaeology Credits: (3)
- ANTH 3100 - Prehistory of North America Credits: (3)
- ANTH 3200 - Archaeology of Early Civilizations Credits: (3)
- ANTH 3300 - Archaeological Field Techniques Credits: (3-6) (must complete 6 credit hours)
- ANTH 3400 CRE - Archaeological Laboratory Techniques Credits: (3)
- ANTH 3600 - Culture Area Studies Credits: (1-3)
- ANTH 4100 - Archaeological Method, Theory, and Cultural Resource Management Credits: (3)
- ENGL 3100 - Professional and Technical Writing Credits: (3) (Prerequisite: ENGL 2010)

- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3) and
- GEO 1115 - Physical Geology Lab Credits: (1)
• SOC 3600 - Social Statistics Credits: (3)

Support Courses

Complete at least two of the following:
• ANTH 4200 - Anthropological Theory Credits: (3)
• GEO 3150 - Geomorphology Credits: (4)
• HIST 4110 - History of the American West to 1900 Credits: (3)
Archaeological Technician Certificate of Proficiency

Archaeological Technician Certificate of Proficiency

Director: Brooke Arkush
Telephone Contact: (801) 626-7202

Archaeology can be an emphasis within the anthropology major or minor, part of a Bachelor of Integrated Studies degree, or stand alone as an independent program. The program trains students for work as archaeological technicians, adding a vocational component to an academic discipline. Archaeology, with its modern emphases on scientific problem solving, an evolutionary perspective, and ecological theory, is also a valuable part of a student's science education.

- **CIPC**: 450301

General Education

Refer to Degree Requirements for Associate of Applied Science degree requirements.

*Transferring students with an Anthropology Minor can transfer 3 hours of credit from an acceptable Anthropology program.*

Advisement

All declared Archaeological Technician students are assigned to the Director of the Archaeological Technician program for advisement. Students are officially notified that they must be formally advised by the Director at least once a year with all contacts posted in their files to be maintained in the department. Contact with the Director is by appointment; undeclared students with questions should also contact the Director of the Archaeological Technician Program, Dr. Brooke Arkush, phone: (801) 626-7202 or the Department of Sociology and Anthropology, phone: (801) 626-6241.

Course Requirements for Institutional Certificate

Required Program Core Courses (21 credit hours)

- ANTH 2030 SS - Principles of Archaeology Credits: (3)
- ANTH 3100 - Prehistory of North America Credits: (3)
- ANTH 3200 - Archaeology of Early Civilizations Credits: (3)
- ANTH 3300 - Archaeological Field Techniques Credits: (3-6) (must complete 6 credit hours)
- ANTH 3400 CRE - Archaeological Laboratory Techniques Credits: (3)
- ANTH 4100 - Archaeological Method, Theory, and Cultural Resource Management Credits: (3)

Support Courses

*Complete at least one of the following:*

- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3) and
- GEO 1115 - Physical Geology Lab Credits: (1)
- GEOG 1000 PS SUS - Planet Earth: Air, Water, Land and Life Credits: (3)
Recommended Courses

*Students are encouraged to select one or two additional courses from the following:*

- ANTH 1000 SS/DV - Introduction to Anthropology **Credits:** (3)
- ENGL 3100 - Professional and Technical Writing **Credits:** (3) (Prerequisite: ENGL 2010)
- SOC 3600 - Social Statistics **Credits:** (3)
Anthropology (BA)

Anthropology

- **Program Prerequisite:** Not required.
- **Minor:** Required
- **Grade Requirements:** Minimum grade of "C" in courses counted toward fulfilling the major (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation, of which 40 must be upper division credit hours (courses numbered 3000 and above). A minimum of 39 Anthropology credit hours is required within the Anthropology General Track. A minimum of 42 Anthropology credit hours is required within the Anthropology Archaeology Track.
- **Program Code:** 7018BA or 7018BS, with ARCH or ANTH cohort based on track choice.
- **CIPC:** Anthropology General Track (450201), Anthropology Archaeology Track (450201)

*Transfer students who are majoring in Anthropology can transfer up to 18 hours from an acceptable Anthropology program. Only 9 of the transferred hours can be lower division.*

Advisement

All Anthropology majors, minors, and BIS students should meet with a faculty advisor at least once a year. Undeclared students and those with general questions need to contact the current coordinator of Anthropology via the Sociology & Anthropology department office phone: (801) 626-6241.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for the major or minor. New freshmen and transfer students admitted to WSU in good standing qualify for admission to this major.

Core and General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. The following courses may be used to fulfill both general education and program requirements: ANTH SS/DV 1000, ANTH LS/DV 1020, ANTH HU/DV 1040, ANTH SS/DV 2010, and ANTH SS 2030. (See university policy on any limitations).

Program Learning Outcomes

- Understand human biological and cultural differences and similarities across the world and through time in terms of anthropological descriptions (data) and explanations (theories).
- Understand the nature of the four specialized fields within anthropology (archaeology, biological anthropology, anthropological linguistics, and cultural anthropology), and how these interrelate to provide a holistic approach to documenting human differences and similarities across the world and through time.
- Be proficient in basic anthropological concepts and terminology.
- Know the processes of theory formation and how various theories have been developed, applied, and evaluated throughout the history of the discipline of anthropology.
- Be familiar with a variety of anthropological research methods and analytic techniques.
- Be able to apply critical thinking and reasoning skills to anthropological problems and issues.
- Be able to write, speak, and communicate about anthropological issues.
- Be aware of human prejudice and discrimination (e.g., racism, ethnocentrism, sexism, anthropocentrism), and the anthropological insights and alternatives which value the broad range of human behavior and adaptations.
Major Course Requirements

Required Program Courses (15 credit hours)

- ANTH 1000 SS/DV - Introduction to Anthropology Credits: (3)
- ANTH 4200 - Anthropological Theory Credits: (3)
- ANTH 4300 CRE - Anthropological Research Methods Credits: (3)
- ANTH 4900 CRE - Senior Capstone Seminar Credits: (3)
- SOC 3600 - Social Statistics Credits: (3) or equivalent as approved by the program coordinator

Note:

In addition, students must select one of the following two tracks to pursue.

Language Courses Required to fulfill the BA

- 6 credit hours of foreign language
  and the following language arts courses
- ANTH 1040 HU/DV - Language and Culture Credits: (3)
- ANTH 4830 INT - Readings and/or Projects Credits: (1-3) (Must register for 3 credit hours)
  or refer to the Degree Requirements section in this catalog and complete Option 1 - Foreign Language listed under Requirements for Bachelor's Degrees.

General Anthropology Track

Four-Field Fundamentals Courses (6 credit hours)

Select two courses from the following

- ANTH 1020 LS/DV - Biological Anthropology Credits: (3)
- ANTH 1040 HU/DV - Language and Culture Credits: (3)
- ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3)
- ANTH 2030 SS - Principles of Archaeology Credits: (3)

Electives (18 credit hours)

Select a minimum of 18 additional credit hours from the following

- ANTH 1020 LS/DV - Biological Anthropology Credits: (3) *
- ANTH 1040 HU/DV - Language and Culture Credits: (3) *
- ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3) *
- ANTH 2030 SS - Principles of Archaeology Credits: (3) *
- ANTH 2810 - Experimental Course Credits: (1-6)
- ANTH 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- ANTH 2950 - Elementary Anthropological Field Trip Credits: (1-3)
- ANTH 2990 - Special Topics in Anthropology Credits: (1-3)
- ANTH 3100 - Prehistory of North America Credits: (3)
- ANTH 3200 - Archaeology of Early Civilizations Credits: (3)
- ANTH 3300 - Archaeological Field Techniques Credits: (3-6)
- ANTH 3400 CRE - Archaeological Laboratory Techniques Credits: (3)
- ANTH 3500 - Advanced Cultural Anthropology Credits: (3)
- ANTH 3600 - Culture Area Studies Credits: (1-3)
• ANTH 3700 - Sex Roles: Past, Present and Future Credits: (3)
• ANTH 3900 - Magic, Shamanism and Religion Credits: (3)
• ANTH 4100 - Archaeological Method, Theory, and Cultural Resource Management Credits: (3)
• ANTH 4810 - Experimental Course Credits: (1-6)
• ANTH 4830 INT - Readings and/or Projects Credits: (1-3)
• ANTH 4890 INT - Internship in Anthropology Credits: (1-3)
• ANTH 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• ANTH 4950 - Advanced Anthropological Field Trip Credits: (1-3)
• ANTH 4990 - Seminar in Anthropology Credits: (1-3)

Note:

*Course may not be used to fulfill both elective and four-field fundamental course requirements.*
Anthropology (BA), Archaeology Track

Anthropology

- **Program Prerequisite**: Not required.
- **Minor**: Required
- **Grade Requirements**: Minimum grade of "C" in courses counted toward fulfilling the major (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements**: A total of 120 credit hours is required for graduation, of which 40 must be upper division credit hours (courses numbered 3000 and above). A minimum of 39 Anthropology credit hours is required within the Anthropology General Track. A minimum of 42 Anthropology credit hours is required within the Anthropology Archaeology Track.

- **CIPC**: Anthropology General Track (450201), Anthropology Archaeology Track (450201)

Transfer students who are majoring in Anthropology can transfer up to 18 hours from an acceptable Anthropology program. Only 9 of the transferred hours can be lower division.

Advisement

All Anthropology majors, minors, and BIS students should meet with a faculty advisor at least once a year. Undeclared students and those with general questions need to contact the current coordinator of Anthropology via the Sociology & Anthropology department office phone: (801) 626-6241.

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for the major or minor. New freshmen and transfer students admitted to WSU in good standing qualify for admission to this major.

Core and General Education

Refer to Degree Requirements for either Bachelor of Science or Bachelor of Arts requirements. The following courses may be used to fulfill both general education and program requirements: ANTH SS/DV 1000, ANTH LS/DV 1020, ANTH HU/DV 1040, ANTH SS/DV 2010, and ANTH SS 2030. (See university policy on any limitations).

Program Learning Outcomes

- Understand human biological and cultural differences and similarities across the world and through time in terms of anthropological descriptions (data) and explanations (theories).
- Understand the nature of the four specialized fields within anthropology (archaeology, biological anthropology, anthropological linguistics, and cultural anthropology), and how these interrelate to provide a holistic approach to documenting human differences and similarities across the world and through time.
- Be proficient in basic anthropological concepts and terminology.
- Know the processes of theory formation and how various theories have been developed, applied, and evaluated throughout the history of the discipline of anthropology.
- Be familiar with a variety of anthropological research methods and analytic techniques.
- Be able to apply critical thinking and reasoning skills to anthropological problems and issues.
- Be able to write, speak, and communicate about anthropological issues.
- Be aware of human prejudice and discrimination (e.g., racism, ethnocentrism, sexism, anthropocentrism), and the anthropological insights and alternatives which value the broad range of human behavior and adaptations.
Major Course Requirements

Required Program Courses (15 credit hours)

- ANTH 1000 SS/DV - Introduction to Anthropology Credits: (3)
- ANTH 4200 - Anthropological Theory Credits: (3)
- ANTH 4300 CRE - Anthropological Research Methods Credits: (3)
- ANTH 4900 CRE - Senior Capstone Seminar Credits: (3)
- SOC 3600 - Social Statistics Credits: (3) or equivalent as approved by the program coordinator

Note:

In addition, students must select one of the following two tracks to pursue.

Language Courses Required to fulfill the BA

- 6 credit hours of foreign language
  and the following language arts courses
- ANTH 1040 HU/DV - Language and Culture Credits: (3)
- ANTH 4830 INT - Readings and/or Projects Credits: (1-3) (Must register for 3 credit hours)
  or refer to the Degree Requirements section in this catalog and complete Option 1 - Foreign Language listed under Requirements for Bachelor's Degrees.

Archaeology Track

Core Courses (24 credit hours)

- ANTH 1020 LS/DV - Biological Anthropology Credits: (3)
- ANTH 2030 SS - Principles of Archaeology Credits: (3)
- ANTH 3100 - Prehistory of North America Credits: (3)
- ANTH 3200 - Archaeology of Early Civilizations Credits: (3)
- ANTH 3300 - Archaeological Field Techniques Credits: (3-6) (must complete 6 credit hours)
- ANTH 3400 CRE - Archaeological Laboratory Techniques Credits: (3)
- ANTH 4100 - Archaeological Method, Theory, and Cultural Resource Management Credits: (3)

Electives (must complete a minimum of 3 hours)

Must select one of the following.

- GEO 1110 PS - Dynamic Earth: Physical Geology Credits: (3) and
- GEO 1115 - Physical Geology Lab Credits: (1)
- ANTH 4890 INT - Internship in Anthropology Credits: (1-3) (Must register for 3 credit hours)

Recommended

- ANTH 3600 - Culture Area Studies Credits: (1-3)
- ENGL 3100 - Professional and Technical Writing Credits: (3) (Prerequisite: ENGL 2010)
- GEO 3150 - Geomorphology Credits: (4)
- HIST 4110 - History of the American West to 1900 Credits: (3)
Note:

*Strongly recommended additional skills for all majors: foreign language & computer skills.*
Anthropology (BS)

Anthropology

- **Program Prerequisite**: Not required.
- **Minor**: Required
- **Grade Requirements**: Minimum grade of "C" in courses counted toward fulfilling the major (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements**: A total of 120 credit hours is required for graduation, of which 40 must be upper division credit hours (courses numbered 3000 and above). A minimum of 39 Anthropology credit hours is required within the Anthropology General Track. A minimum of 42 Anthropology credit hours is required within the Anthropology Archaeology Track.
- **Program Code**: 7018BA or 7018BS, with ARCH or ANTH cohort based on track choice.
- **CIPC**: Anthropology General Track (450201), Anthropology Archaeology Track (450201)

Transfer students who are majoring in Anthropology can transfer up to 18 hours from an acceptable Anthropology program. Only 9 of the transferred hours can be lower division.

Advisement

Major Course Requirements

Required Program Courses (15 credit hours)

- ANTH 1000 SS/DV - Introduction to Anthropology Credits: (3)
- ANTH 4200 - Anthropological Theory Credits: (3)
- ANTH 4300 CRE - Anthropological Research Methods Credits: (3)
- ANTH 4900 CRE - Senior Capstone Seminar Credits: (3)
- SOC 3600 - Social Statistics Credits: (3) or equivalent as approved by the program coordinator

Note:

In addition, students must select one of the following two tracks to pursue.

General Anthropology Track

Four-Field Fundamentals Courses (6 credit hours)

Select two courses from the following

- ANTH 1020 LS/DV - Biological Anthropology Credits: (3)
- ANTH 1040 HU/DV - Language and Culture Credits: (3)
- ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3)
- ANTH 2030 SS - Principles of Archaeology Credits: (3)

Electives (18 credit hours)

Select a minimum of 18 additional credit hours from the following

- ANTH 1020 LS/DV - Biological Anthropology Credits: (3) *
- ANTH 1040 HU/DV - Language and Culture Credits: (3) *
- ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3) *
- ANTH 2030 SS - Principles of Archaeology Credits: (3) *
- ANTH 2810 - Experimental Course Credits: (1-6)
- ANTH 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- ANTH 2950 - Elementary Anthropological Field Trip Credits: (1-3)
- ANTH 2990 - Special Topics in Anthropology Credits: (1-3)
- ANTH 3100 - Prehistory of North America Credits: (3)
- ANTH 3200 - Archaeology of Early Civilizations Credits: (3)
- ANTH 3300 - Archaeological Field Techniques Credits: (3-6)
- ANTH 3400 CRE - Archaeological Laboratory Techniques Credits: (3)
- ANTH 3500 - Advanced Cultural Anthropology Credits: (3)
- ANTH 3600 - Culture Area Studies Credits: (1-3)
- ANTH 3700 - Sex Roles: Past, Present and Future Credits: (3)
- ANTH 3900 - Magic, Shamanism and Religion Credits: (3)
- ANTH 4100 - Archaeological Method, Theory, and Cultural Resource Management Credits: (3)
- ANTH 4810 - Experimental Course Credits: (1-6)
- ANTH 4830 INT - Readings and/or Projects Credits: (1-3)
- ANTH 4890 INT - Internship in Anthropology Credits: (1-3)
- ANTH 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- ANTH 4950 - Advanced Anthropological Field Trip Credits: (1-3)
- ANTH 4990 - Seminar in Anthropology Credits: (1-3)
Note:

* Course may not be used to fulfill both elective and four-field fundamental course requirements.
Anthropology, Archaeology Track (BS)

Anthropology

- **Program Prerequisite:** Not required.
- **Minor:** Required
- **Grade Requirements:** Minimum grade of "C" in courses counted toward fulfilling the major (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation, of which 40 must be upper division credit hours (courses numbered 3000 and above). Recommended

- ANTH 3600 - Culture Area Studies Credits: (1-3)
- ENGL 3100 - Professional and Technical Writing Credits: (3) (Prerequisite: ENGL 2010)
- GEO 3150 - Geomorphology Credits: (4)
- HIST 4110 - History of the American West to 1900 Credits: (3)

Note:

Strongly recommended additional skills for all majors: foreign language & computer skills.
Sociology (BS)

Sociology BS & Sociology Teaching BS

- **Program Prerequisite:** Not required for the Sociology major. Sociology Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).
- **Minor:** Required
- **Grade Requirements:** A minimum grade of "C" in courses counted toward the major (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation, of which 40 must be upper division credit hours (courses numbered 3000 and above). A minimum of 36 Sociology credit hours are required for the major.
- **Program Code:** Sociology (7020BS), Sociology Teaching (7021BS)
- **CIPC:** Sociology (451101), Sociology Teaching (131317)

*Transfer students who are majoring in Sociology can transfer up to 18 hours from an acceptable Sociology program. Only 9 of the transferred hours can be lower division.*

Sociology Teaching Majors are also required to take SOC 3420, HIST 4500, and COMM 1020 in addition to the courses required by the Teacher Education Program.

**Advisement**

Sociology majors are assigned to a faculty advisor and are encouraged to meet with that advisor annually for course and program advisement. Call 801-626-6241 for additional information. Teaching majors are encouraged to also consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269).

**Admission Requirements**

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for the Sociology major. Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education). (Also refer to the Department Advisor Referral List.)

**General Education**

Refer to Degree Requirements for Bachelor of Science requirements. The following course will fulfill General Education, Diversity and program requirements: SOC 1010.

**Program Learning Outcomes**

- Conduct research and analyze data
- Communicate skillfully
- Identify and explain the terms, concepts, and theories of the discipline of sociology
- Practice critical thinking
- Apply historical, cultural, and global perspectives to the interaction of groups and societies
- Prepare a foundation for careers, graduate studies, and informed participation in a complex society

**Major Course Requirements for BS Degree**

Required Program Courses (18 credit hours)
• SOC 1010 SS/DV - Introduction to Sociology Credits: (3)
• SOC 3030 - Classical Sociological Theory Credits: (3)
• SOC 3600 - Social Statistics Credits: (3)
• SOC 3660 - Sociological Research Credits: (3)
• SOC 4030 - Contemporary Sociological Theory Credits: (3)
• SOC 4900 CRE - Senior Capstone Course Credits: (3) or
• SOC 4930 INT - Community Engaged Capstone Credits: (3)

Sociology Electives (select 6 courses, 18 credit hours, three of which can be lower division)

• SOC 1020 SS/DV - Social Problems Credits: (3)
• SOC 2400 SS - Introduction to Ethnic Studies Credits: (3)
• SOC 2370 - Sociology of Gender Credits: (3)
• SOC 2600 - Sociology of Family Credits: (3)
• SOC 2810 - Experimental Course Credits: (1-6)
• SOC 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• SOC 3000 - Self and Society Credits: (3)
• SOC 3010 - Social Inequality Credits: (3)
• SOC 3250 - Deviance and Social Control Credits: (3)
• SOC 3260 - Juvenile Delinquency Credits: (3)
• SOC 3270 - Criminology Credits: (3)
• SOC 3300 - Environment and Society Credits: (3)
• SOC 3400 - Social Change Credits: (3)
• SOC 3410 - Sociology of Religion Credits: (3)
• SOC 3420 - Sociology of Education Credits: (3)
• SOC 3430 - Medicine and Healthcare in Society Credits: (3)
• SOC 3550 - Organizations in Society Credits: (3)
• SOC 3840 - Cities and Urban Life Credits: (3)
• SOC 3850 - Race & Ethnicity Credits: (3)
• SOC 4220 - Life in a Consumer Society Credits: (3)
• SOC 4270 - Sociology of Law Credits: (3)
• SOC 4410 - Sociology of Globalization Credits: (3)
• SOC 4550 - Sociology of Work Credits: (3)
• SOC 4810 - Experimental Course Credits: (1-6)
• SOC 4830 INT - Readings and/or Projects Credits: (1-3)
• SOC 4890 INT - Internship Credits: (1-6)
• SOC 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• SOC 4990 - Seminar in Sociology Credits: (3)

Deviance and Criminology Track

If a student desires to focus on Deviance and Criminology within the sociology major, the student must take three courses (9 elective credit hours) from the following courses:

• SOC 3250 - Deviance and Social Control Credits: (3)
• SOC 3260 - Juvenile Delinquency Credits: (3)
• SOC 3270 - Criminology Credits: (3)
• SOC 4270 - Sociology of Law Credits: (3)
Sociology Teaching (BS)

Sociology BS & Sociology Teaching BS

- **Program Prerequisite:** Not required for the Sociology major. Sociology Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education).
- **Minor:** Required
- **Grade Requirements:** A minimum grade of "C" in courses counted toward the major (a grade of "C-" is not acceptable). Also refer to the general grade requirements for graduation.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation, of which 40 must be upper division credit hours (courses numbered 3000 and above). A minimum of 36 Sociology credit hours are required for the major.
- **Program Code:** Sociology (7020BS), Sociology Teaching (7021BS)
- **CIPC:** Sociology (451101), Sociology Teaching (131317)

Transfer students who are majoring in Sociology can transfer up to 18 hours from an acceptable Sociology program. Only 9 of the transferred hours can be lower division.

Sociology Teaching Majors are also required to take SOC 3420, HIST 4500, and COMM 1020 in addition to the courses required by the Teacher Education Program.

Advisement

Sociology majors are assigned to a faculty advisor and are encouraged to meet with that advisor annually for course and program advisement. Call 801-626-6241 for additional information. Teaching majors are encouraged to also consult with advisors in the Jerry and Vickie Moyes College of Education (call 801-626-6269).

Admission Requirements

Declare your program of study (see Enrollment Services and Information). There are no special admission or application requirements for the Sociology major. Teaching majors must meet the Teacher Education admission and licensure requirements (see Department of Teacher Education). (Also refer to the Department Advisor Referral List.)

General Education

Refer to Degree Requirements for Bachelor of Science requirements. The following course will fulfill General Education, Diversity and program requirements: SOC 1010.

Program Learning Outcomes

- Conduct research and analyze data
- Communicate skillfully
- Identify and explain the terms, concepts, and theories of the discipline of sociology
- Practice critical thinking
- Apply historical, cultural, and global perspectives to the interaction of groups and societies
- Prepare a foundation for careers, graduate studies, and informed participation in a complex society

Major Course Requirements for BS Degree

Required Program Courses (18 credit hours)
SOC 1010 SS/DV - Introduction to Sociology Credits: (3)
SOC 3030 - Classical Sociological Theory Credits: (3)
SOC 3600 - Social Statistics Credits: (3)
SOC 3660 - Sociological Research Credits: (3)
SOC 4030 - Contemporary Sociological Theory Credits: (3)

SOC 4900 CRE - Senior Capstone Course Credits: (3) or
SOC 4930 INT - Community Engaged Capstone Credits: (3)

Sociology Electives (select 6 courses, 18 credit hours, three of which can be lower division)

- SOC 1020 SS/DV - Social Problems Credits: (3)
- SOC 2400 SS - Introduction to Ethnic Studies Credits: (3)
- SOC 2370 - Sociology of Gender Credits: (3)
- SOC 2600 - Sociology of Family Credits: (3)
- SOC 2810 - Experimental Course Credits: (1-6)
- SOC 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- SOC 3000 - Self and Society Credits: (3)
- SOC 3010 - Social Inequality Credits: (3)
- SOC 3250 - Deviance and Social Control Credits: (3)
- SOC 3260 - Juvenile Delinquency Credits: (3)
- SOC 3270 - Criminology Credits: (3)
- SOC 3300 - Environment and Society Credits: (3)
- SOC 3400 - Social Change Credits: (3)
- SOC 3410 - Sociology of Religion Credits: (3)
- SOC 3420 - Sociology of Education Credits: (3)
- SOC 3430 - Medicine and Healthcare in Society Credits: (3)
- SOC 3550 - Organizations in Society Credits: (3)
- SOC 3840 - Cities and Urban Life Credits: (3)
- SOC 3850 - Race & Ethnicity Credits: (3)
- SOC 4220 - Life in a Consumer Society Credits: (3)
- SOC 4270 - Sociology of Law Credits: (3)
- SOC 4410 - Sociology of Globalization Credits: (3)
- SOC 4550 - Sociology of Work Credits: (3)
- SOC 4810 - Experimental Course Credits: (1-6)

- SOC 4890 INT - Internship Credits: (1-6)
- SOC 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- SOC 4990 - Seminar in Sociology Credits: (3)

Deviance and Criminology Track

If a student desires to focus on Deviance and Criminology within the sociology major, the student must take three courses (9 elective credit hours) from the following courses:

- SOC 3250 - Deviance and Social Control Credits: (3)
- SOC 3260 - Juvenile Delinquency Credits: (3)
- SOC 3270 - Criminology Credits: (3)
- SOC 4270 - Sociology of Law Credits: (3)
Anthropology (BIS)

- **Grade Requirements:** Minimum grade of "C" in courses counted toward fulfilling the minor (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- **Credit Hour Requirements:** Minimum of 18 credit hours.
- **Program Code:** 7018
- **CIPC:** 450201

*Transferring students with an Anthropology Minor can transfer 9 hours of credit from an acceptable Anthropology program.*

Advisement

All Anthropology majors, minors, and BIS students should meet with a faculty advisor at least once a year. Undeclared students and those with general questions need to contact the current coordinator of Anthropology via the Sociology & Anthropology department office phone: (801) 626-6241.

Course Requirements

Required Program Courses (6 credit hours)

- ANTH 1000 SS/DV - Introduction to Anthropology Credits: (3)
- ANTH 4200 - Anthropological Theory Credits: (3)

Four-Field Fundamentals Courses (6 credit hours)

*Select two from the following*

- ANTH 1020 LS/DV - Biological Anthropology Credits: (3)
- ANTH 1040 HU/DV - Language and Culture Credits: (3)
- ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3)
- ANTH 2030 SS - Principles of Archaeology Credits: (3)

Electives (6 credit hours)

*Select a minimum of 6 additional credit hours from the following*

- ANTH 1020 LS/DV - Biological Anthropology Credits: (3) *
- ANTH 1040 HU/DV - Language and Culture Credits: (3) *
- ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3) *
- ANTH 2030 SS - Principles of Archaeology Credits: (3) *
- ANTH 2810 - Experimental Course Credits: (1-6)
- ANTH 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- ANTH 2950 - Elementary Anthropological Field Trip Credits: (1-3)
- ANTH 2990 - Special Topics in Anthropology Credits: (1-3)
- ANTH 3100 - Prehistory of North America Credits: (3)
- ANTH 3200 - Archaeology of Early Civilizations Credits: (3)
- ANTH 3300 - Archaeological Field Techniques Credits: (3-6)
- ANTH 3400 CRE - Archaeological Laboratory Techniques Credits: (3)
- ANTH 3500 - Advanced Cultural Anthropology Credits: (3)
- ANTH 3600 - Culture Area Studies Credits: (1-3)
- ANTH 3700 - Sex Roles: Past, Present and Future Credits: (3)
- ANTH 3900 - Magic, Shamanism and Religion Credits: (3)
- ANTH 4100 - Archaeological Method, Theory, and Cultural Resource Management Credits: (3)
- ANTH 4300 CRE - Anthropological Research Methods Credits: (3)
- ANTH 4810 - Experimental Course Credits: (1-6)
- ANTH 4830 INT - Readings and/or Projects Credits: (1-3)
- ANTH 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- ANTH 4990 - Seminar in Anthropology Credits: (1-3)

**Note:**

*Course may not be used to fulfill both elective and four-field fundamental course requirements.*

*Strongly recommended skills for minors: foreign language, computer, and statistics.*
Sociology (BIS)

Sociology

- **Grade Requirements:** A minimum grade of "C" in courses counted toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** Minimum of 18 credit hours.
- **Program Code:** Sociology (7020), Sociology Teaching (7021)
- **CIPC:** Sociology (451101), Sociology Teaching (131317)

Transferring students with a Sociology Minor can transfer 9 hours of credit from an acceptable Sociology program. Students who select the Sociology Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education). Sociology Teaching Minors are also required to take SOC 3420 and HIST 4500 in addition to the courses required by the Teacher Education Program.

**Program Learning Outcomes**

- Interdisciplinary Work - Made multiple connections across three academic disciplines.
- High Impact Educational Experience - Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work - Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection - Provided analyses/results/conclusions/ reflections from the Capstone experience.
- Academic speaking and writing - Used effective oral and written English-language skills
- Post-Graduate Planning - Planned for careers and/or graduate programs.

**Course Requirements for Minor**

**Sociology Courses Required (9 credit hours)**

- SOC 1010 SS/DV - Introduction to Sociology Credits: (3) or
- SOC 1020 SS/DV - Social Problems Credits: (3)
- SOC 3030 - Classical Sociological Theory Credits: (3)
- SOC 3660 - Sociological Research Credits: (3)

**Sociology Electives (select three courses, 9 credit hours, only one of which can be lower division)**

- SOC 1020 SS/DV - Social Problems Credits: (3)
- SOC 2400 SS - Introduction to Ethnic Studies Credits: (3)
- SOC 2810 - Experimental Course Credits: (1-6)
- SOC 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- SOC 3000 - Self and Society Credits: (3)
- SOC 3010 - Social Inequality Credits: (3)
- SOC 2600 - Sociology of Family Credits: (3)
- SOC 2370 - Sociology of Gender Credits: (3)
- SOC 3250 - Deviance and Social Control Credits: (3)
- SOC 3260 - Juvenile Delinquency Credits: (3)
- SOC 3270 - Criminology Credits: (3)
- SOC 3300 - Environment and Society Credits: (3)
• SOC 3400 - Social Change Credits: (3)
• SOC 3410 - Sociology of Religion Credits: (3)
• SOC 3420 - Sociology of Education Credits: (3)
• SOC 3430 - Medicine and Healthcare in Society Credits: (3)
• SOC 3550 - Organizations in Society Credits: (3)
• SOC 3600 - Social Statistics Credits: (3)
• SOC 3840 - Cities and Urban Life Credits: (3)
• SOC 3850 - Race & Ethnicity Credits: (3)
• SOC 4030 - Contemporary Sociological Theory Credits: (3)
• SOC 4220 - Life in a Consumer Society Credits: (3)
• SOC 4270 - Sociology of Law Credits: (3)
• SOC 4410 - Sociology of Globalization Credits: (3)
• SOC 4550 - Sociology of Work Credits: (3)
• SOC 4810 - Experimental Course Credits: (1-6)
• SOC 4830 INT - Readings and/or Projects Credits: (1-3)
• SOC 4890 INT - Internship Credits: (1-6)
• SOC 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• SOC 4990 - Seminar in Sociology Credits: (3)

Deviance and Criminology Track

If a student desires to focus on Deviance and Criminology within the sociology minor/BIS, the student must take two courses (6 elective credit hours) from the following courses:

• SOC 3250 - Deviance and Social Control Credits: (3)
• SOC 3260 - Juvenile Delinquency Credits: (3)
• SOC 3270 - Criminology Credits: (3)
• SOC 4270 - Sociology of Law Credits: (3)
Anthropology Minor

- Grade Requirements: Minimum grade of "C" in courses counted toward fulfilling the minor (a grade of "C-" is not acceptable) and an overall GPA of 2.00.
- Credit Hour Requirements: Minimum of 18 credit hours.
- Program Code: 7018
- CIPC: 450201

Transferring students with an Anthropology Minor can transfer 9 hours of credit from an acceptable Anthropology program.

Advisement

All Anthropology majors, minors, and BIS students should meet with a faculty advisor at least once a year. Undeclared students and those with general questions need to contact the current coordinator of Anthropology via the Sociology & Anthropology department office phone: (801) 626-6241.

Course Requirements

Required Program Courses (6 credit hours)

- ANTH 1000 SS/DV - Introduction to Anthropology Credits: (3)
- ANTH 4200 - Anthropological Theory Credits: (3)
  OR
- ANTH 4300 CRE - Anthropological Research Methods Credits: (3)

Four-Field Fundamentals Courses (6 credit hours)

Select two from the following

- ANTH 1020 LS/DV - Biological Anthropology Credits: (3)
- ANTH 1040 HU/DV - Language and Culture Credits: (3)
- ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3)
- ANTH 2030 SS - Principles of Archaeology Credits: (3)

Electives (6 credit hours)

Select a minimum of 6 additional credit hours from the following

- ANTH 1020 LS/DV - Biological Anthropology Credits: (3) *
- ANTH 1040 HU/DV - Language and Culture Credits: (3) *
- ANTH 2010 SS/DV - Peoples and Cultures of the World Credits: (3) *
- ANTH 2030 SS - Principles of Archaeology Credits: (3) *
- ANTH 2810 - Experimental Course Credits: (1-6)
- ANTH 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
- ANTH 2950 - Elementary Anthropological Field Trip Credits: (1-3)
- ANTH 2990 - Special Topics in Anthropology Credits: (1-3)
- ANTH 3100 - Prehistory of North America Credits: (3)
- ANTH 3200 - Archaeology of Early Civilizations Credits: (3)
- ANTH 3300 - Archaeological Field Techniques Credits: (3-6)
- ANTH 3400 CRE - Archaeological Laboratory Techniques Credits: (3)
- ANTH 3500 - Advanced Cultural Anthropology Credits: (3)
- ANTH 3600 - Culture Area Studies Credits: (1-3)
- ANTH 3700 - Sex Roles: Past, Present and Future Credits: (3)
• ANTH 3900 - Magic, Shamanism and Religion Credits: (3)
• ANTH 4100 - Archaeological Method, Theory, and Cultural Resource Management Credits: (3)
• ANTH 4300 CRE - Anthropological Research Methods Credits: (3)
• ANTH 4810 - Experimental Course Credits: (1-6)
• ANTH 4830 INT - Readings and/or Projects Credits: (1-3)
• ANTH 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• ANTH 4950 - Advanced Anthropological Field Trip Credits: (1-3)
• ANTH 4990 - Seminar in Anthropology Credits: (1-3)

Note:

*Course may not be used to fulfill both elective and four-field fundamental course requirements.
Strongly recommended skills for minors: foreign language, computer, and statistics.
Sociology Minor

Sociology

- **Grade Requirements:** A minimum grade of "C" in courses counted toward the minor (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** Minimum of 18 credit hours.
- **Program Code:** Sociology (7020), Sociology Teaching (7021)
- **CIPC:** Sociology (451101), Sociology Teaching (131317)

Transferring students with a Sociology Minor can transfer 9 hours of credit from an acceptable Sociology program.

Students who select the Sociology Teaching Minor must satisfy the Teacher Education admission and licensure requirements (see Department of Teacher Education).

Sociology Teaching Minors are also required to take SOC 3420 and HIST 4500 in addition to the courses required by the Teacher Education Program.

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work -Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.

Course Requirements for Minor

Sociology Courses Required (9 credit hours)

- SOC 1010 SS/DV - Introduction to Sociology **Credits:** (3) or
- SOC 1020 SS/DV - Social Problems **Credits:** (3)
- SOC 3030 - Classical Sociological Theory **Credits:** (3)
- SOC 3660 - Sociological Research **Credits:** (3)

Sociology Electives (select three courses, 9 credit hours, only one of which can be lower division)

- SOC 1020 SS/DV - Social Problems **Credits:** (3)
- SOC 2400 SS - Introduction to Ethnic Studies **Credits:** (3)
- SOC 2810 - Experimental Course **Credits:** (1-6)
- SOC 2920 - Short Courses, Workshops, Institutes, and Special Programs **Credits:** (1-6)
- SOC 3000 - Self and Society **Credits:** (3)
- SOC 3010 - Social Inequality **Credits:** (3)
- SOC 2600 - Sociology of Family **Credits:** (3)
- SOC 2370 - Sociology of Gender **Credits:** (3)
- SOC 3250 - Deviance and Social Control **Credits:** (3)
- SOC 3260 - Juvenile Delinquency **Credits:** (3)
- SOC 3270 - Criminology **Credits:** (3)
- SOC 3300 - Environment and Society **Credits:** (3)
- SOC 3400 - Social Change Credits: (3)
- SOC 3410 - Sociology of Religion Credits: (3)
- SOC 3420 - Sociology of Education Credits: (3)
- SOC 3430 - Medicine and Healthcare in Society Credits: (3)
- SOC 3550 - Organizations in Society Credits: (3)
- SOC 3600 - Social Statistics Credits: (3)
- SOC 3840 - Cities and Urban Life Credits: (3)
- SOC 3850 - Race & Ethnicity Credits: (3)
- SOC 4030 - Contemporary Sociological Theory Credits: (3)
- SOC 4220 - Life in a Consumer Society Credits: (3)
- SOC 4270 - Sociology of Law Credits: (3)
- SOC 4410 - Sociology of Globalization Credits: (3)

Master of Criminal Justice Program

Program Director: Bradford Reynolds
Telephone Contact: 801-626-6151

Who Should Apply

The program is designed for criminal justice and social service professionals who wish to continue their education.

Program Description

The Master of Science Degree in Criminal Justice is designed to provide post-baccalaureate education to criminal justice professionals and traditional students who have not yet begun a career in criminal justice. The primary goal of the program is to develop in graduates the ability to analyze, comprehend, and explore the complex problems confronting the criminal justice system. The program emphasizes theory, research and administration in the criminal justice system. Students will be able to conceptualize the problems of crime and justice from social, cultural, economic, and political perspectives. In addition, the successful graduate will understand research methods and design as well as statistical strategies used to analyze social science research. Course work will also provide a foundation for those students desiring to pursue doctoral studies.

About the Faculty

The graduate faculty brings diverse backgrounds both in terms of education and professional experience. Faculty graduate degrees include Public Administration, Sociology, Criminal Justice, Psychology, and the Law. Past professional experiences among the faculty include law enforcement administration, prosecuting attorney, criminal defense attorney, probation officer, corrections officer, and forensic investigator. Faculty research interests cross the full spectrum of the justice system and include issues related to the police, courts, criminal procedures, adult and youth corrections.

About the Program

The Master of Science Degree in Criminal Justice is a fully on-line degree program that allows students the opportunity to continue their education from anywhere with active Internet service. Applications are accepted on a continuous basis and courses are offered every semester (fall, spring, and summer). In general, students should be able to complete their degree in as few as 12-16 months.
Master of Science in Criminal Justice (MCJ)

Admission Requirements

Admission to the master's program will be competitive and entrance restricted to a limited number of well qualified applicants. Applicants should possess an undergraduate degree from a regionally accredited university or college. Specific admissions criteria include:

- A completed application to the Master of Criminal Justice Program
- A cumulative undergraduate GPA of at least 3.0; or if the cumulative undergraduate GPA is below 3.0, a 3.0 GPA calculated on the last undergraduate work comprising a minimum of 60 semester hours (90 quarter hours) of undergraduate work.*
- Official transcripts from all colleges/universities attended
- A current resume or vita
- A written personal statement explaining interest in the program
- Three (3) Letters of Recommendation
- TOEFL (required for International students and may be required for students who do not use English as their primary language)

*Simply meeting the minimum overall GPA of 3.0 does not guarantee admission into the program

Students should familiarize themselves with the MCJ program policies found on the Criminal Justice Department website.

Graduation Requirements

The Master of Science Degree in Criminal Justice requires the completion of 36 semester hours. Four core courses totaling 12 semester hours are required. These courses are:

- MCJ 6100 - Contemporary Criminal Justice (3)
- MCJ 6110 - Research Methods in Criminal Justice (3)
- MCJ 6120 - Theories of Crime and Delinquency (3)

A minimum GPA of 3.0 for all courses is required. No "C" grade or lower is allowed in core courses.

The remaining hours will be chosen from elective courses of interest to the student. More than one "C" grade in these courses will not count toward completion of the degree.

- Program Code: 7033MS
- CIPC: 430104

Program Learning Outcomes

- Critically analyze key issues, ideas, and/or concepts affecting the criminal justice system. (Critical analysis)
- Design and/or implement empirically valid research related to criminal justice. (Research methods)
- Model professional-level writing skills in academic and/or non-academic settings. (Writing)
- Create and/or defend an evidence-based argument regarding criminal justice law, policies, or procedures. (Evaluation)

Master of Science Degree Criminal Justice Courses

Required Courses (9 credit hours)

- MCJ 6100 - Contemporary Criminal Justice Credits: (3)
- MCJ 6110 - Research Methods in Criminal Justice Credits: (3)
- MCJ 6120 - Theories of Crime and Delinquency Credits: (3)

Elective Courses (27 credit hours)
Select 27 credit hours of courses with an MCJ prefix.
WSU Master of Social Work (MSW) Eligibility Requirements

To be eligible for admission to the Weber State University Master of Social Work (MSW) Program, applicants must meet the following minimum requirements:

1. Possession of a bachelor's degree or recognized equivalent from an accredited institution. NOTE: Individuals who have earned an undergraduate degree in social work from a CSWE-accredited program can apply for the MSW program with advanced standing status. The undergraduate social work degree must have been granted no more than five years prior the student's first semester in the WSU MSW program.
2. A satisfactory scholastic average, generally a minimum grade-point average of B or better (3.0 on a 4-point scale) in all coursework after the first two years (typically the first 60 semester units or 90 quarter units) of undergraduate study.
3. Significant undergraduate exposure to study in the social sciences. As a minimum this includes at least nine (9) semester credit hours of coursework in the social sciences, such as anthropology, criminal justice, political science, psychology, and sociology (courses in other disciplines a student believes are relevant may be approved by review of course syllabi).
4. A course in introductory statistics, research methods, or quantitative reasoning. This requirement must be satisfied prior to matriculation if you are offered admission.
5. Candidates for advanced standing must also have a course in mental health diagnostics.
6. The following courses are strongly recommended: Introduction to Psychology; Introduction to Sociology; Human Biology or any biology course covering anatomy and physiology that emphasizes the impact of organic, chemical, and body systems impairments on human behavior (NOT Introduction to Biology); social science courses that examine a macro context (e.g., Introduction to Political Science, Introduction to Economics, Introduction to Anthropology, etc.).

WSU Master of Social Work (MSW) Admissions Requirements

Application for admission to the Weber State University Master of Social Work (MSW) Program involves submission of the following:

1. The WSU MSW Program application form.
2. A $30.00 application fee (non-refundable).
3. Official transcripts from all undergraduate institutions attended. Electronic transcripts from a college or university records office are acceptable. Official transcripts in hard copy can be mailed to the ATTN: MSW Admissions, Department of Social Work and Gerontology, Weber State University 1299 Edvalson Street, Ogden, UT, 84408.
4. A resume that outlines the student's employment history, specifically highlighting social work-related experience.
5. An original statement of purpose (three to four double-spaced pages in length, with one-inch margins, and 12-point Times New Roman font). This should include
   - A description of your understanding of the social work profession and its core values. How have you incorporated social work values in your human service experiences and interactions with others? What significant relationships and life experiences have you had in giving or receiving help that have motivated you to enter the field of social work? What personal qualities equip you for the social work profession? Discuss your experiences and feelings about working with populations different from your own.
   - A description of your areas of interest in social work practice, why you have this area of interest, what social problem(s) you expect to address with an MSW, and how the MSW will facilitate change in this or these areas.
   - A discussion of what you expect to be doing in five years and 10 years.
   - An explanation of why the WSU MSW Program is a good fit for your goals.
6. A minimum of three recommendations from academic instructors and/or professional colleagues who have supervised you in a social work-related position (paid, volunteer, or internship). Personal recommendations are not acceptable (i.e., recommendations from friends, family members, or religious leaders).

Grade Requirements

To receive a Master of Social Work (MSW) degree, the student must complete all course in the MSW program, including leveling and/or bridge courses (if applicable) with a grade of "C" or higher, and maintain an overall GPA of 3.0 or higher.

Master of Social Work, Traditional (MSW)

WSU Master of Social Work (MSW) Eligibility Requirements

To be eligible for admission to the Weber State University Master of Social Work (MSW) Program, applicants must meet the following minimum requirements:

1. Possession of a bachelor's degree or recognized equivalent from an accredited institution. NOTE: Individuals who have earned an undergraduate degree in social work from a CSWE-accredited program can apply for the MSW program with advanced standing status. The undergraduate social work degree must have been granted no more than five years prior the student's first semester in the WSU MSW program.

2. A satisfactory scholastic average, generally a minimum grade-point average of B or better (3.0 on a 4-point scale) in all coursework after the first two years (typically the first 60 semester units or 90 quarter units) of undergraduate study.

3. Significant undergraduate exposure to study in the social sciences. As a minimum this includes at least nine (9) semester credit hours of coursework in the social sciences, such as anthropology, criminal justice, political science, psychology, and sociology (courses in other disciplines a student believes are relevant may be approved by review of course syllabi).

4. A course in introductory statistics, research methods, or quantitative reasoning. This requirement must be satisfied prior to matriculation if you are offered admission.

5. Candidates for advanced standing must also have a course in mental health diagnostics.

6. The following courses are strongly recommended: Introduction to Psychology; Introduction to Sociology; Human Biology or any biology course covering anatomy and physiology that emphasizes the impact of organic, chemical, and body systems impairments on human behavior (NOT Introduction to Biology); social science courses that examine a macro context (e.g., Introduction to Political Science, Introduction to Economics, Introduction to Anthropology, etc.).

WSU Master of Social Work (MSW) Admissions Requirements

Application for admission to the Weber State University Master of Social Work (MSW) Program involves submission of the following:

1. The WSU MSW Program application form.

2. A $30.00 application fee (non-refundable).

3. Official transcripts from all undergraduate institutions attended. Electronic transcripts from a college or university records office are acceptable. Official transcripts in hard copy can be mailed to the ATTN: MSW Admissions, Department of Social Work and Gerontology, Weber State University 1299 Edvalson Street, Ogden, UT, 84408.

4. A resume that outlines the student's employment history, specifically highlighting social work-related experience.

5. An original statement of purpose (three to four double-spaced pages in length, with one-inch margins, and 12-point Times New Roman font). This should include:
   - A description of your understanding of the social work profession and its core values. How have you incorporated social work values in your human service experiences and interactions with others? What significant relationships and life experiences have you had in giving or receiving help that have motivated you to enter the field of social work? What personal qualities equip you for the social work profession? Discuss your experiences and feelings about working with populations different from your own.
   - A description of your areas of interest in social work practice, why you have this area of interest, what social problem(s) you expect to address with an MSW, and how the MSW will facilitate change in this or these areas.
   - A discussion of what you expect to be doing in five years and 10 years.
   - An explanation of why the WSU MSW Program is a good fit for your goals.

6. A minimum of three recommendations from academic instructors and/or professional colleagues who have supervised you in a social work-related position (paid, volunteer, or internship). Personal recommendations are not acceptable (i.e., recommendations from friends, family members, or religious leaders).

Grade Requirements
To receive a Master of Social Work (MSW) degree, the student must complete all course in the MSW program, including leveling and/or bridge courses (if applicable) with a grade of "C" or higher, and maintain an overall GPA of 3.0 or higher.

- **Program Code:** 7017MSW with MSW_TRAD cohort.
- **CIPC:** 440701

### Program Learning Outcomes

- Competency 1: Demonstrate ethical and professional behavior;
- Competency 2: Engage diversity and difference in practice;
- Competency 3: Advance human rights and social, economic, and environmental justice;
- Competency 4: Engage in practice-informed research and research-informed practice;
- Competency 5: Engage in policy practice;
- Competency 6: Engage with individuals, families, groups, organizations, and communities;
- Competency 7: Assess individuals, families, groups, organizations, and communities;
- Competency 8: Intervene with individuals, families, groups, organizations, and communities;
- Competency 9: Evaluate practice with individuals, families, groups, organizations, and communities.

### Required Core Courses (39 credits)

- MSW 6010 - Foundations of Social Work Credits: (3)
- MSW 6100 - Behavior, Environment & Social Systems Credits: (3)
- MSW 6150 - Behavioral Health, Diagnostics, and Mental Health Credits: (3)
- MSW 6200 - Human and Social Diversity and Oppression Credits: (3)
- MSW 6300 - Ethics, Ethical Practice, Ethical Decision-Making Credits: (3)
- MSW 6400 - Macro Aspects of Clinical Practice Credits: (3)
- MSW 6500 - Social Policy and Social Work Practice Credits: (3)
- MSW 6600 - Research I: Research Informed Practice Credits: (3)
- MSW 6700 - Research II: Practice-Informed Research Credits: (3)
- MSW 6900 - Clinical Practice I: Traditional Theories and Model Credits: (3)
- MSW 6930 - Clinical Practice III: Evidence-Based Practice Credits: (3)
- MSW 6940 - Clinical Practice IV: Group Work Credits: (3)

### Required Field Courses (12 credits)

- MSW 6760 - Foundation Field I Credits: (3)
- MSW 6761 - Foundation Field II Credits: (3)
- MSW 6860 - Advanced Field I Credits: (3)
- MSW 6861 - Advanced Field II Credits: (3)

### Electives (9 credits)

*Select from the following courses:*

- MCJ 6100 - Contemporary Criminal Justice Credits: (3)
- MCJ 6120 - Theories of Crime and Delinquency Credits: (3)
- MCJ 6150 - Diversity Issues in Criminal Justice Credits: (3)
- MCJ 6170 - Juvenile Justice & Delinquency Credits: (3)
- MCJ 6200 - Advanced Victimology Credits: (3)
- MCJ 6210 - Judicial Administration Credits: (3)
- MCJ 6220 - Contemporary Law Enforcement Credits: (3)
- MCJ 6230 - Contemporary Corrections Credits: (3)
- MED 6020 - Diversity in Education Credits: (2)
• MED 6030 - Advanced Educational Psychology Credits: (2)
• MED 6100 - Leadership and Organizational Theory Credits: (2)
• MED 6140 - Adolescent Development Credits: (2)
• MED 6803 - Diverse Family Contexts Credits: (2)
• MED 6807 - Parenting Credits: (2)
• MHA 6000 - Health Systems & the Healthcare Economy Credits: (3)
• MHA 6100 - Leading & Managing People in Healthcare Credits: (3)

NOTE: It is strongly recommended that MSW students take MHA 6000 or MHA 6100 prior to enrolling in this course.

• MHA 6320 - Health Policy and Economics Credits: (3)
• MHA 6350 - Decision Making for Healthcare Leaders Credits: (3)

NOTE: It is strongly recommended that MSW students take MHA 6000 or MHA 6100 prior to enrolling in this course.

• MHA 6440 - Health Ethics and Law Credits: (3)
• MSW 6235 - Loss Across the Lifespan Credits: (3)
• MSW 6245 - Aging Services Credits: (3)
• MSW 6255 - Sexuality in Social Work Practice Credits: (3)
• MSW 6265 - Crisis Intervention and Trauma Credits: (3)
• MSW 6275 - Harm Reduction in Practice Credits: (3)
• MSW 6285 - Dialectical Behavior Therapy Credits: (3)
• MSW 6850 - Graduate Social Work Study Abroad Credits: (1-4)
Military Science (Army ROTC)

Chair: Lieutenant Colonel Angelique A. Pifer
Location: Annex 11/Mail Code 4501
Telephone Contact: Jane Michels, 801-626-6518; Fax 801-626-7651

Military Science (Army ROTC) focuses on leadership development. Students pursue the major of their choice while studying Military Science, and graduate with the ability to function effectively as leaders. Upon completion of Army ROTC and graduation from college students become commissioned officers in the active Army, Army Reserve or National Guard. Instructors, uniforms and equipment are provided at no cost to the student or the University. All contracted students receive $300- $500 per month ($3,000-$5,000 per academic year). Army ROTC also covers the cost of tuition and fees for Army ROTC scholarship students and provides a book allowance of $1,200 per academic year.

The Margin of Difference. Army ROTC cadets learn to be leaders and receive hands-on experience in managing physical, financial, and human resources. They develop self-confidence and superior decision-making skills. Employers value these leadership qualities and recognize associated potential.

Four-Year Program. The traditional Army ROTC program covers four years consistent with normal undergraduate progression (freshman-senior). The four-year program is divided into two parts called the basic course and the advanced course. The basic course is usually taken during the first two years of college. It covers subjects such as land navigation, leadership development, small unit tactics, weapons marksmanship and military history. This program is designed for high performing students who wish to try Military Science without obligation, while enhancing their leadership skills and self-confidence. Upon successful completion of the basic course, students are eligible to enter the advanced course.

Advanced course requirements are normally completed during the junior and senior years. The advanced course further develops and refines leadership competencies, and qualifies the student for a commission in the United States Army. Advanced course students receive a $450 (Junior year) - $500 (Senior year) per month tax-free subsistence allowance [$4,500 (Junior year) - $5,000 (Senior year) per year].

Two-Year Program. This is a special program for junior and community college transfers or students who did not take Army ROTC during their first two years of college. To enter the two year program, a student first participates in a four-week leadership training course. This usually takes place between the sophomore and junior year. Students are paid for attending this instruction, have the opportunity to compete for two-year scholarships, and may receive academic credit.

Scholarships. Army ROTC provides numerous scholarship opportunities. All WSU contracted cadets receive some form of financial assistance, which can include up to 100% tuition, fees, books and other costs paid. High school seniors may qualify for the four-year Army ROTC scholarship. College students may qualify for four, three, or two-year scholarships. Students may choose from two different options. The first option pays the cost of tuition and fees and a flat rate for textbooks and classroom supplies. The second option pays the students up to $10,000 for housing and the same flat rate for textbooks and classroom supplies. The Green to Gold scholarship allows Soldiers serving on active duty to leave the Army early and attend college/ROTC full-time while receiving scholarship benefits. Other scholarship opportunities include: room and book grants and the Western Undergraduate Exchange (WUE) program. Nursing students qualify for additional incentives. Call or visit the Department of Military Science for details.

Placement Credit For Veterans. Veterans may qualify for advanced course placement based on prior military experience. Concurrently, they can take full advantage of veteran's benefits and receive financial aid for Army ROTC participation.

Simultaneous Membership Program (SMP). This program is available to cadets who wish to serve in the Army Reserve or National Guard while attending college and pursuing a commission through Army ROTC. SMP students are eligible to receive Reserve drill pay, tuition assistance, other monetary incentives, and $350-$500 per month ($3,000-$5,000 per academic year) from Army ROTC. Call or visit the Department of Military Science for details.

Leave of Absence. Students, including scholarship recipients, who wish to take a leave of absence to serve a mission for their church can do so conveniently before the start of the Junior year.

Commission Requirements. In order to qualify for a commission as a Second Lieutenant in the United States Army, each student must:
1. Complete all required Military Science instruction while attending college as a full-time student, and obtain a baccalaureate or higher degree prior to age 31 (age waiver possible for qualified students).
2. Meet medical and physical fitness standards.
4. Successfully complete the Leadership Development and Assessment Course.
5. Be recommended by the Professor of Military Science.

**Service Obligation.** There is no military service obligation for basic course students, unless on scholarship. Advanced course and scholarship (contracted) students incur an obligation to serve in the active Army, Army Reserve or National Guard.
Military Science Minor/BIS

- **Foundational Courses**: In order to enroll in courses leading to the Military Science minor, students should complete MILS 1010, MILS 1020, MILS 2010, MILS 2020 and MILS 2400. The department may award experiential credit for these courses for: prior military service, Advanced Individual Training (AIT), Leader's Training Course (LTC) or Accelerated Cadet Commissioning Training (ACCT).
- **Grade Requirements**: Obtain a grade of "C" or better in all courses used toward the minor, and a cumulative GPA of 2.5 for Military Science courses.
- **Credit Hour Requirements**: A minimum of 21 hours in Military Science courses as outlined below.
- **Program Code**: 7010
- **CIPC**: 280599

**Required Courses (21 credit hours)**

- MILS 3010 - Adaptive Team Leadership Credits: (4)
- MILS 3020 - Leadership in Changing Environments Credits: (4)
- MILS 4010 - Mission Command and the Army Profession, Part 1 Credits: (4)
- MILS 4020 - Mission Command and the Army Profession, Part 2 Credits: (4)
- MILS 4400 - Advanced Physical Readiness Credits: (2)

- HIST 3280 - American Military History from 1500 to 1890 Credits: (3) or
- HIST 3290 - American Military History from 1890 to the Present Credits: (3)
Naval Science

Weber State provides a program in Naval Science (Navy and Marines Corps) through an inter-campus agreement with the University of Utah. Students may minor in Naval Science by satisfying requirements identified.

For information on this program contact the College of Social & Behavioral Sciences at 801-626-6232

Goals:

1. To help educate midshipmen in a major field of interest to the Navy or Marine Corps leading to a baccalaureate degree.
2. To provide midshipmen with fundamental concepts and principles of naval science and with the professional naval knowledge necessary to establish a sound basis for future growth as a Naval or Marine Corps officer.
3. To prepare midshipmen for service with the highest sense of honor and integrity as commissioned officers, to cultivate the essential elements of military leadership, and to foster the growth of a strong sense of loyalty and dedication to the service and the nation.
4. To prepare midshipmen to continue their education in a field of interest to naval science later in their careers.
5. To instill the values of civilian higher education into the naval service by utilizing the expertise of civilian faculty instruction.

Cross-town Enrollment Agreement

Weber State and the University of Utah have entered a Crosstown Enrollment Agreement effective Autumn Quarter, 1982. Interested Weber State students may attend for credit at the University of Utah Naval Science courses leading to active duty commission in the United States Navy or Marine Corps upon graduation.

Four-Year Scholarship Program

A four-year, government sponsored educational program to attract young men and women to a career as commissioned officers in the United States Navy or Marine Corps. Admission is obtained through national competition. The optimum time for application is during the fall school period in the senior year of high school. The program is open, however, to Weber State students who are freshmen or sophomores so long as they are within the age limitations.

The Navy provides uniforms and textbooks, pays tuition and fees, and provides a $100.00 per month retainer pay for a period not to exceed four years. Students requiring more than four years to earn their degree are granted a leave of absence, equivalent to the excess over four years. Students in approved engineering majors may receive up to five (5) years of benefits. Upon completion of the Naval Science curriculum and the awarding of a college degree, the graduate is commissioned in the Regular Navy or Marine Corps and serves on active duty for a period of not less than four years.

Two-Year Scholarship Program

Similar to the program above, but only two years in length. The benefits (tuition, books, fees and $100 per month) are the same, as is the four-year commitment upon graduation. Freshman/sophomore curriculum in Naval Science is taught in condensed form at Newport, Rhode Island, during the summer prior to the junior year.

Application for the two-year scholarship must be made by April of the sophomore year. Selection is on a national scale. Applicants must have completed at least two semesters of calculus and at least one semester of physics by the end of the sophomore year. You may apply at the Naval Science Department or at the Navy Recruiting Office.

NROTC College Program

NROTC College Program is a program which leads to a commission in the U.S. Naval Reserve or Marine Corps Reserve. Admission is obtained through application at the University Department of Naval Science. Selection is made on the basis of the predicted grade point average and an interview with two or more assistant professors in the Department of Naval Science. Final acceptance is contingent on meeting the mental, physical, and aptitude requirements.

NROTC College Program students are supplied with uniforms and Naval Science textbooks. They must pay their own tuition, fees and other educational expenses. Upon completing the upper division level (junior and senior years), they receive a $100.00 per
month retainer pay for a period not to exceed two years. On completion of the Naval Science curriculum which is identical to that for the NROTC Scholarship Program, and receipt of a college degree, the NROTC College Program graduate is commissioned in the Naval Reserve or Marine Corps Reserve and serves on active duty for a period of not less than three years.

Two-Year NROTC College Program

Students who are going to enter their junior year or the last two years of a five-year academic program leading to a BS/BA degree may apply for the Two-Year College Program during the winter before their junior year. Applicants must successfully complete a physical examination, have at least a C average, and have completed or agreed to complete course work in mathematics and science. The Two-Year College program midshipman attend a six week Naval Science institute prior to their junior year. They receive Naval Science books and uniforms, and $100.00 a month during the junior and senior years. The program is identical with the College Program during the last two years. The Two-Year College Program midshipman serves a minimum of three-years on active duty upon graduation and commissioning.

Marine Option

A special upper division curriculum in the Department of Naval Science for NROTC students desiring a commission in the Marine Corps. The Marine Option is available to a limited number of applicants. See course listing for description of courses in Marine Option curriculum.

LDS Missions

Subject to approval by the Chief of Naval Personnel, NROTC students may be granted a two-year leave of absence to serve on a church mission.

Supplemental Workshops

One or two per year treating subjects of current interest, e.g., topics of Defense Management, International Security, Maritime Strategy, Ocean Resources/ Exploration and the like.

Summer Training

NROTC Scholarship Program students are required to participate in three summer training periods termed "summer cruises." The periods are normally of eight weeks duration and are taken during the summer following the freshmen, sophomore and junior years, respectively. NROTC College Program students are required to participate in one summer training period of 6-8 weeks duration. The "cruise" occurs at the end of the junior year. Marine option students are required to complete Officer Candidate School (Bulldog) training in summer between Junior and Senior year.
Naval Science Minor

- **Mission:** The Navy ROTC Program was established to develop midshipmen mentally, morally, and physically; to imbue them with the highest ideals of duty, loyalty, and with the core values of honor, courage, and commitment in order to commission college graduates as naval officers who possess a basic professional background, are motivated toward careers in the naval service, and have a potential for future development in mind and character so as to assume the highest responsibilities of command, citizenship and government.

- **Program Prerequisites:** Students must be enrolled in a program leading to a Bachelor's degree at Weber State University. Students must also be enrolled in the NROTC program with the Navy Detachment at the University of Utah. (https://nrotc.utah.edu/)

- **Grade Requirements:** There are no course grade requirements, however there are term GPA requirements to remain in good standing with NROTC program (see the current NROTC Battalion Handbook for GPA minimums).

- **Credit Hour Requirements:** A total of 23 credit hours is required for the Navy Option; or 17 credit hours is required for the Marine Option.

- **Program Code:** 7059
- **CIPC:** 280401

**Advising**

Students wishing to take NAVS courses must be enrolled in the NROTC program at the University of Utah. Student should speak with an academic advisor in the Division of Online & Continuing Education at Weber State University to demonstrate their enrollment in the program and receive the appropriate cohort tag in their program of study to be able to register for NAVS courses.

Completion of the minor program requires enrollment in the NROTC program through the Naval Detachment at the University of Utah. NROTC program enrollment leads to commissioning in the US Navy or Marine Corps. Students interested in completing this program should contact the Executive Secretary at the University of Utah Department of Naval Science (nrotc@navsci.utah.edu or https://nrotc.utah.edu/).

**Program Requirements**

In addition to the course requirements, students are expected to maintain the academic and programmatic standards as part of NROTC program enlistment. These standards are listed in the NROTC Battalion Handbook, found at the University of Utah NROTC website (https://nrotc.utah.edu/). These requirements include, but are not limited to:

- Attendance in lab sections each week during the Fall and Spring semesters associated with courses.
- Term GPA requirements
- Mandatory training cruises lasting 2-6 weeks during the summer
- Dress and grooming standards including wearing of uniforms
- Standards of personal conduct
- Physical fitness requirements

**Course Requirements for Minor**

Complete one of the following options listed below:

**Navy Option (23 credit hours)**

- NAVS 1010 - Introduction to Naval Science Credits: (2)
- NAVS 1020 - Seapower and Maritime Affairs Credits: (3)
- NAVS 2000 - Leadership and Management Credits: (3)
- NAVS 2010 - Naval Ship Systems II: Naval Engineering Credits: (3)
- NAVS 3010 - Navigation Credits: (3)
- NAVS 3020 - Naval Operations and Navigation II Credits: (3)
• NAVS 4000 - Naval Ship Systems I: Weapons Credits: (3)
• NAVS 4020 - Leadership and Ethics Credits: (3)

Marine Option (17 credit hours)

• NAVS 1010 - Introduction to Naval Science Credits: (2)
• NAVS 1020 - Seapower and Maritime Affairs Credits: (3)
• NAVS 2000 - Leadership and Management Credits: (3)
• NAVS 2110 - Evolution of Warfare Credits: (3)
• NAVS 3110 - Fundamentals of Maneuver Warfare Credits: (3)
• NAVS 4020 - Leadership and Ethics Credits: (3)
Dr. Ezekiel R. Dumke College of Health Professions

Dr. Yasmen Simonian, Dean

The Weber State University Dr. Ezekiel R. Dumke College of Health Professions, in cooperation with affiliated clinical facilities and other departments on the campus, offers an expanding program for the education and training of health care professionals. The programs emphasize an integration of the sciences, discipline-specific skills and knowledge, clinical experiences, and liberal arts which enable the graduate to make a maximum contribution to patient care as a member of the health care team. All of the health and medical science education programs in the Dumke College of Health Professions share a common core curriculum. Students have the unique opportunity to meet and work together in their semesters of study, learning to apply the biomedical sciences and foster the team concept of health care to patient needs.

Associate Dean: Dr. Ken Johnson
Location: Marriott Allied Health Bldg., Suite 401
Telephone Contact: Ann Gessel, 801-626-7117
Admissions and Advisement: 801-626-6128

Department Chairs

Athletic Training: Dr. Valerie Herzog 801-626-7656
Dental Hygiene: Frances McConaughy 801-626-6829
Emergency Healthcare: Dr. William Robertson 801-626-8705
Health Sciences: Dr. Travis Price 801-626-6505
Health Administrative Services: Dr. Darcy Carter 801-626-7242
Medical Laboratory Sciences: Dr. Matthew Nicholaou 801-626-6118
School of Nursing: Dr. Sally Cantwell 801-626-6833
Radiologic Sciences: Dr. Robert Walker 801-626-7156
Respiratory Therapy: Dr. Paul Eberle 801-626-7071

Certifications are offered in Medical Laboratory Assistant, Diagnostic Medical Sonography, Emergency Medical Technician, Nuclear Medicine, Athletic Training, Radiation Therapy and Radiologic Sciences (including emphases listed under Advanced Radiography and other Emphases program.)

Program History

Founded in 1953, nursing at Weber State University offers students career progression from Associate RN Degree to Associate of Science (PN to RN) or Associate of Applied Science Degree Nursing (AAS) (PN to RN), to Baccalaureate Nursing (BSN), to Master of Science in Nursing via a ladder curriculum. The curriculum model enables student progression through various preparation levels in accordance with individual ability, aspirations, career goals and changing life circumstances. The program ensures entry level practitioners by providing a foundation from the physical, biological, behavioral and nursing sciences for application in caring for clients in a variety of nursing environments.

The nursing program embraces three levels of preparation for nursing practice: Associate's Degree Nursing (ADN), RN to BSN (BS), and Master of Science in Nursing (MSN). Educational offerings provide distinctive purposes and expectations for each level of nursing preparation while recognizing common areas of achievement within each level. Competency standards define graduate characteristics at each preparation level.

Four entry options are available for students. Two of these lead to licensure by examination at AS/AAS levels. The third option leads to a baccalaureate degree in nursing. The fourth option leads to a master of science in nursing with either a concentration in nursing administration or nursing education.

Entry Options

Registered Nurse (RN) [AS]: Two years are required for students entering this option. Students selecting this option must complete nursing major credits plus fulfill university general education credits required for graduation with an associate of science degree. Students selected for an associate of science degree in nursing may take the NCLEX-PN through the equivalency clause in the Utah Nurse Practice Act at completion of the first year. An additional year of course work entitles graduates to take the National Examination for licensure as a registered nurse.

PN to RN Program (RN Completion) [AS/AAS]: This entry option is open to PN's and those eligible to take the NCLEX-PN. Students selecting this option must complete one additional year of nursing major credits plus fulfill university general education credits required for graduation with an associate of applied science / associate of science degree.
Registered Nurse to BSN (RN-to-BSN) [BS]: The BSN Option is available to registered nurses who have completed an AS degree in nursing. Potential students must have an active unencumbered Utah license or plan to successfully pass the NCLEX-RN exam within the first semester of the BSN program.

Previous graduates of an AAS degree will need to complete the WSU general education requirements for the AS Degree prior to requesting admission to the RN to BSN program.

Admission is dependent upon program space availability.

Master of Science in Nursing (MSN): The MSN program is designed to prepare 1) nurse administrators, 2) college-level nursing faculty, and 3) nurse educators employed within healthcare institutions. The concentrations of nursing educator and nurse administrator will prepare students for advanced careers in nursing. Both concentrations are specifically intended for individuals with nursing experience who want to advance their careers as nurse administrators or college faculty. Please refer to Master of Science in Nursing (MSN) for requirements.

Licensure

Applicants who have been convicted of a felony, treated for serious mental illness or substance abuse should discuss their eligibility status with the Utah State Board of Nursing. Acceptance to the nursing program does not assure eligibility for a RN license. The Utah Board of Nursing makes final decisions on issuance of professional licensure.

Accreditation

The School of Nursing programs (AAS/AS, BSN, and MSN) are accredited by:
Accreditation Commission for Education in Nursing (ACEN)
3343 Peachtree Road NE, Suite 850
Atlanta, GA 30326
P. 404.975.5000
F. 404.975.5020
www.acenursing.org

Admission Process For Entry Options

Admission is competitive; therefore, the listed criteria for admission should be considered as minimum standards.

Associate of Science Degree Nursing (RN)

DCHP Admission Office (801) 626-6136
Applicants for admission must first apply for admission to Weber State University. Applicants must also apply for admission to the Associate of Science Degree Nursing program. Dr. Ezekiel R. Dumke College of Health Professions Admissions Advisement Office in the Marriott Allied Heath Building (MAH108B) or complete application information and forms are available on the School of Nursing website at http://weber.edu/nursing. Applications must be completed and on file by the admission cycle application deadline. An application fee must be paid at the time the application is submitted. Admission applications are reviewed by the School of Nursing Admissions and Advancement Committee. Applicants are notified of committee decision by mail.
All prerequisite courses must be successfully completed with a "C" grade or better in order to advance into the first semester of the nursing program. Admission requirements are outlined on the admissions application available at http://weber.edu/nursing.

Associate of Science/Associate of Applied Science Degree (PN-to-RN)

Enrollment Director (801) 626-7774, prompt 6
Applicants for admission must first apply for admission to Weber State University. Applicants must also apply for admission to the Associate Degree Nursing program. Applications are available on the School of Nursing website at http://weber.edu/nursing. Applications must be completed and on file by the admission cycle application deadline. An application fee must be paid at the time the application is submitted. Admission applications are reviewed by the School of Nursing Admissions and Advancement Committee. Applicants are notified of committee decision by mail. Applicants to this program must have an LPN license or be eligible for testing for the NCLEX-PN exam.

All prerequisite courses must be successfully completed with a "C" grade or better in order to advance into fall the third semester of the nursing program. Admission requirements are outlined on the admissions application available at http://weber.edu/nursing.

**Bachelor of Science Degree (RN-to-BSN)**

_School of Nursing Enrollment Director (801) 626-7774, prompt 6_

Applicants must first apply for admission to, or be a current matriculated student of, Weber State University. Applicants must also apply for admission to the Bachelor of Science Degree Nursing program. Applications must be completed and on file by the admission cycle application deadline. An application fee must be paid at the time the application is submitted. Admission applications are reviewed by the School of Nursing Program Admissions and Advancement Committee. Applicants are notified of committee decision by mail. Admission requirements are outlined at http://weber.edu/nursing.

**Master of Science in Nursing (MSN)**

_Enrollment Director (801) 626-7774, prompt 6_

**Minimum Admission Requirements:**
Applicants should apply for admission to Weber State University or be a current matriculated student of Weber State University. The online process for application to the MSN program becomes available in October of each year at weber.edu/MSN. The priority application deadline is March 1. Admission is for fall each year. Applicants will need to make a choice between the Administrative or Education Concentration on their application.

An application fee must be paid at the end of the online application process. Admission applications are reviewed and evaluated by the Nursing Program Admissions and Advancement Committee. For more information please contact School of Nursing Enrollment Director at (801) 626-7774, prompt 6.

*Please refer to Master of Science in Nursing (MSN) for requirements.*
Nursing, PN-to-RN [RN Completion] (AAS)

The AAS Degree is one of two options for RN Completion (PN-to-RN)

- **Grade Requirements:** A minimum grade of "B-" in all Nursing courses in addition to a grade of "C" in each prerequisite and support course.
- **Credit Hour Requirement:** A minimum of 63 credit hours is required for the AAS. This includes Practical Nursing Program nursing courses (18 hours), 20 credit hours of RN curriculum, and 25-29 credit hours of non-nursing, made up of pre-requisites, General Education, and required support courses.
- **Program Code:** 2009AAS
- **CIPC:** 513801

Advisement

Admission Requirements

School of Nursing Enrollment Director at (801) 626-7774, prompt 6.

Admission is competitive; therefore, the criteria listed on the application form should be considered as minimum standards. Applicants for admission must first apply for admission to Weber State University. Applicants must also apply for admission to the Associate Degree Nursing Program. Applications may be obtained on the School of Nursing website. Applications must be completed and on file by the admission cycle application deadline. An application fee must be paid at the time the application is submitted. Admission applications are reviewed by the School of Nursing Admissions and Advancement Committee. Applicants are notified of committee decision by mail. Applicants to this program must have an LPN license or be eligible for testing for the NCLEX-PN exam. Accepted applicants must have their PN license prior to the end of their third semester. All prerequisite courses must be successfully completed with a "C" grade or better in order to advance into the third semester of the nursing program. Admission requirements are outlined on the admissions application.

Program Learning Outcomes

- Patient Centered Care: Use nursing knowledge to include the patient in all care processes and decisions. Design and implement care which is adapted and centered on the unique wholeness of the individual patient and their family.
- Teamwork and Collaboration: Promote collaborative clinical decision making with nursing and interdisciplinary colleagues through implementation of effective communication and team building skills.
- Evidence-based Practice: Make judgments in practice substantiated with evidence that integrates nursing science and knowledge to provide competent care to individuals and families.
- Quality Improvement: Monitor patient care outcomes to measure the effectiveness of patient care processes. Suggest and implement changes to improve the quality and safety of patient care.
- Patient Safety: Incorporate patient safety goals into the plan of care for all patients.
- Informatics: Use information and technology to communicate, manage knowledge, mitigate error, and support decision making when providing direct patient care.

Major Course Requirements for PN-to-RN (RN Completion) AAS Option

Nursing Courses Required

The following courses must be taken in sequence. PN to RN students start in the 3rd semester of the associate degree program.

Third Semester

- NRSG 2500 - Patient Centered Nursing Care 3 Credits: (3)
- NRSG 2551 INT/CEL - Patient-Centered Nursing Care Experience II Credits: (4.5)
- NRSG 3100 - Pharmacology for Nurses II Credits: (3)
Fourth Semester

- NRSG 3200 - Complex Patient Centered Nursing Care 1 Credits: (3)
- NRSG 3300 - Entry Into Nursing Professional Practice Credits: (3)
- NRSG 3350 INT/CEL - Entry Into Nursing Professional Practice Capstone Credits: (3)

Prerequisite/Support Courses Required

The following courses must be taken in sequence listed or earlier. Prerequisite and support courses must be completed and passed with a "C" or better prior to progression to the next semester.

Nursing Prerequisite

- Licensed as a Licensed Practical Nurse (LPN) or Utah PN-NCLEX eligible with passing LPN Boards during semester three.
- CHEM 1110 PS - Elementary Chemistry Credits: (4) and
  CHEM 1115 - Elementary Chemistry Lab Credits: (1)
  OR
- CHEM 1130 PS - Introduction to General, Organic & Biochemistry Credits: (4) and
  CHEM 1135 - Introduction to General, Organic & Biochemistry Lab Credits: (1)
- WSU Math QL Requirement
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) and
  HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
  OR
- ZOOL 2100 - Human Anatomy Credits: (4) and
  ZOOL 2200 LS - Human Physiology Credits: (4)

Additional Education Prerequisites

- CHF 1500 SS/DV - Human Development Credits: (3) or
- PSY 1010 SS - Introductory Psychology Credits: (3)
- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)

Third Semester

- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)

Fourth Semester

- HU or CA Humanities or Creative Arts (3)
Nursing (AS)

- **Grade Requirements**: A minimum grade of "B-" in all Nursing courses in addition to a grade of "C" in each support course.
- **Credit Hour Requirement**: The AS in Nursing is approximately 76-80 credit hours. This includes 38-42 credit hours of General Education and 38 Nursing credit hours. Twenty residency hours are also required.
- **Program Code**: 2009AS
- **CIPC**: 513801

Advisement

Contact the DCHP Admissions Office at (801) 626-6136 for admission advisement.

Admission Requirements

Admission is competitive; therefore, the criteria listed on the application form should be considered as minimum standards. Applicants for admission must first apply for admission to Weber State University. Applicants must also apply for admission to the Associate of Science Degree Nursing Program, Dr. Ezekiel R. Dumke College of Health Professions Admissions Advisement Office in the Marriott Allied Health Building (MAH108B) or complete application information and forms are available on the School of Nursing website. Applications must be completed and on file by the admission cycle application deadline. An application fee must be paid at the time the application is submitted. Admission applications are reviewed by the School of Nursing Admissions and Advancement Committee. Applicants are notified of committee decisions by mail. Applicants to this program must have a current CNA or EMT certificate in order to apply. All prerequisite courses must be successfully completed with a "C" grade or better in order to advance into the first semester of the nursing program. Admission requirements are outlined on the admissions application.

Program Learning Outcomes

- **Patient Centered Care**: Use nursing knowledge to include the patient in all care processes and decisions. Design and implement care which is adapted and centered on the unique wholeness of the individual patient and their family.
- **Teamwork and Collaboration**: Promote collaborative clinical decision making with nursing and interdisciplinary colleagues through implementation of effective communication and team building skills.
- **Evidence-based Practice**: Make judgments in practice substantiated with evidence that integrates nursing science and knowledge to provide competent care to individuals and families.
- **Quality Improvement**: Monitor patient care outcomes to measure the effectiveness of patient care processes. Suggest and implement changes to improve the quality and safety of patient care.
- **Patient Safety**: Incorporate patient safety goals into the plan of care for all patients.
- **Informatics**: Use information and technology to communicate, manage knowledge, mitigate error, and support decision making when providing direct patient care.

Major Course Requirements for AS Degree

Nursing Courses Required

The following courses must be taken in sequence.

**First Semester**

- NRSG 2100 - Pharmacology for Nurses I Credits: (1.5)
- NRSG 2200 - Nursing Foundations Credits: (3)
- NRSG 2251 INT/CEL - Foundations of Nursing Lab and Clinical Credits: (4.5)

Second Semester

- NRSG 2300 - Patient Centered Nursing Care 1 Credits: (3)
- NRSG 2351 INT/CEL - Patient-Centered Nursing Care Experience I Credits: (4.5)
- NRSG 2700 - Pharmacology for Nurses I Credits: (1.5)

Third Semester

- NRSG 2500 - Patient Centered Nursing Care 3 Credits: (3)
- NRSG 2551 INT/CEL - Patient-Centered Nursing Care Experience II Credits: (4.5)
- NRSG 3100 - Pharmacology for Nurses II Credits: (3)

Fourth Semester

- NRSG 3200 - Complex Patient Centered Nursing Care 1 Credits: (3)
- NRSG 3300 - Entry Into Nursing Professional Practice Credits: (3)
- NRSG 3350 INT/CEL - Entry Into Nursing Professional Practice Capstone Credits: (3)

Prerequisite/Support Courses Required

The following courses must be taken in the sequence listed or earlier. Prerequisite and support courses must be completed and passed with a "C" or better prior to progression to the next semester.

- CHEM 1110 PS - Elementary Chemistry Credits: (4)
- CHEM 1115 - Elementary Chemistry Lab Credits: (1)
  OR
- CHEM 1130 PS - Introduction to General, Organic & Biochemistry Credits: (4)
- CHEM 1135 - Introduction to General, Organic & Biochemistry Lab Credits: (1)

- WSU Math QL Requirement

- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4)
- HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
  OR
- ZOOL 2100 - Human Anatomy Credits: (4)
- ZOOL 2200 LS - Human Physiology Credits: (4)

Additional General Education and Support Courses

American Institution (AI), Humanities (HU), and Social Science (SS) General Education Requirements must be completed before the third semester.

- CHF 1500 SS/DV - Human Development Credits: (3)
- PSY 1010 SS - Introductory Psychology Credits: (3)
- Additional WSU Gen Ed Courses for Core, Breadth, and Degree Requirements for Associate of Science Degree
Nursing PN-to-RN [RN Completion] (AS)

The AS Degree is one of two options for PN-to-RN (RN Completion)

- **Grade Requirements:** A minimum grade of "B-" in all Nursing courses in addition to a grade of "C" in each support course.
- **Credit Hour Requirement:** The AS for RN Completion is approximately 76-80 credit hours. This includes Practical Nursing Program nursing courses (18 hours), 20 credit hours of RN curriculum, 38-42 credit hours required of non-nursing, made up of pre-requisites, General Education, and required support courses.
- **Program Code:** 2009AS
- **CIPC:** 513801

Advisement

Admission Requirements

Contact the School of Nursing Enrollment Director at (801) 626-7774, prompt 6, for admission advisement. Admission is competitive; therefore, the criteria listed on the application form should be considered as minimum standards. Applicants must first apply for admission to Weber State University. Applicants must also apply for admission to the PN to RN (RN Completion) Program. Admission times and deadlines vary according to campus location. For applications and deadline information, please contact the School of Nursing Enrollment Director. Admission applications are reviewed and evaluated by School of Nursing Admissions and Advancement Committee. Applicants are notified of committee decision by mail. Admission requirements are outlined on the admissions application. Applicants to this program must have an LPN license or be eligible for testing for the NCLEX-PN exam. Accepted applicants must have their PN license prior to the end of their third semester. All prerequisite courses must be successfully completed with a "C" grade or better in order to advance into the third semester of the nursing program. Admission requirements are outlined on the admissions application.

Program Learning Outcomes

- Patient Centered Care: Use nursing knowledge to include the patient in all care processes and decisions. Design and implement care which is adapted and centered on the unique wholeness of the individual patient and their family.
- Teamwork and Collaboration: Promote collaborative clinical decision making with nursing and interdisciplinary colleagues through implementation of effective communication and team building skills.
- Evidence-based Practice: Make judgments in practice substantiated with evidence that integrates nursing science and knowledge to provide competent care to individuals and families.
- Quality Improvement: Monitor patient care outcomes to measure the effectiveness of patient care processes. Suggest and implement changes to improve the quality and safety of patient care.
- Patient Safety: Incorporate patient safety goals into the plan of care for all patients.
- Informatics: Use information and technology to communicate, manage knowledge, mitigate error, and support decision making when providing direct patient care.

Major Course Requirements for PN-to-RN (RN Completion) AS Option

Nursing Courses Required

The following courses must be taken in sequence. PN to RN students start in the 3rd semester of the associate degree program.

Third Semester

- **NRSG 2500 - Patient Centered Nursing Care 3 Credits:** (3)
- **NRSG 2551 INT/CEL - Patient-Centered Nursing Care Experience II Credits:** (4.5)
- **NRSG 3100 - Pharmacology for Nurses II Credits:** (3)
Fourth Semester

- NRSG 3200 - Complex Patient Centered Nursing Care 1 Credits: (3)
- NRSG 3300 - Entry Into Nursing Professional Practice Credits: (3)
- NRSG 3350 INT/CEL - Entry Into Nursing Professional Practice Capstone Credits: (3)

Prerequisite/Support Courses Required

The following courses must be taken in sequence listed or earlier. Prerequisite and support courses must be completed and passed with a "C" or better prior to progression to the next semester.

Nursing Prerequisite

- Licensed as a Licensed Practical Nurse (LPN) or Utah PN-NCLEX eligible with passing LPN Boards during semester three.
- CHEM 1110 PS - Elementary Chemistry Credits: (4) and
  - CHEM 1115 - Elementary Chemistry Lab Credits: (1)
  OR
- CHEM 1130 PS - Introduction to General, Organic & Biochemistry Credits: (4) and
  - CHEM 1135 - Introduction to General, Organic & Biochemistry Lab Credits: (1)
- WSU Math QL Requirement
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) and
  - HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
  OR
- ZOOL 2100 - Human Anatomy Credits: (4) and
  - ZOOL 2200 LS - Human Physiology Credits: (4)

Additional Prerequisites

- CHF 1500 SS/DV - Human Development Credits: (3) or
- PSY 1010 SS - Introductory Psychology Credits: (3)
- Additional WSU Gen Ed Courses for Core, Breadth and Degree Requirements to meet an Associate of Science Degree

Third Semester

- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)

Fourth Semester

- Gen Ed HU or CA Humanities or Creative Arts (3)
- Gen Ed IL Information Literacy (1)
- Gen Ed CA Creative Arts (3)
Nursing, RN-to-BSN (BS)

- **Admission Requirements:** Graduate of an Accreditation Commission for Education in Nursing (ACEN) Program or equivalent program. A challenge examination may be required for those graduating from an equivalent program. Current licensure as a registered nurse in the State of Utah without restrictions is required.
- **Minor:** Not required.
- **Grade Requirements:** A minimum grade of "B-" or better is required in all upper division nursing courses, and a grade of "C" or better is required for all support courses.
- **Credit Hour Requirements:** A total of 120 credit hours is required for a Bachelor of Science Degree. Of the 120 hours, 40 must be upper division level. The BSN nursing curriculum provides 28 upper division hours.
- **Program Code:** 2009BS
- **CIPC:** 513801

Advisement

**Admission Requirements**

Contact the School of Nursing Enrollment Director at (801) 626-7774, prompt 6, for admission advisement. Admission is competitive; therefore, the criteria listed on the application form should be considered as minimum standards. Applicants must first apply for admission to, or be a current matriculated student of, Weber State University. Applicants must also apply for admission to the Bachelor of Science Degree Nursing program. Applications may be obtained through the School of Nursing Enrollment Director. Applications must be completed and on file by the admission cycle application deadline. An application fee must be paid at the time the application is submitted. Admission applications are reviewed by the School of Nursing Program Admissions and Advancement Committee. Applicants are notified of committee decision by mail. Admission requirements are outlined on the applicant website available at http://weber.edu/nursing.

General Education

Refer to Degree Requirements for Bachelor of Science requirements.

Program Learning Outcomes

- Patient Centered Care: Integrate nursing expertise to include the patient in all care processes and decisions. Collaborate with patients, families, and communities to design unique and dynamic patient centered care environments.
- Teamwork and Collaboration: Evaluate the ability to use effective communication and collaboration skills when working with patients, families, and colleagues. Adapt communication, leadership, and teambuilding skills, to promote quality, competent and successful decision-making by nursing and collaborative interdisciplin ary teams.
- Evidence-based Practice: Make judgments in practice substantiated with evidence that synthesizes nursing science and knowledge and integrate in the provision of competent care to individuals, families, and communities.
- Quality Improvement: Monitor outcomes to apply evidence-based interventions to improve the quality of health care systems.
- Patient Safety: Generate patient safety plan based on patient safety goals.
- Informatics: Use information and technology to communicate, manage knowledge, mitigate error, and support decision making in a variety of patient care and community settings.

Prerequisites

Students must have completed the following courses or equivalents.
- CHEM 1110 PS - Elementary Chemistry Credits: (4) and
- CHEM 1115 - Elementary Chemistry Lab Credits: (1)
OR
- CHEM 1130 PS - Introduction to General, Organic & Biochemistry Credits: (4) and
- CHEM 1135 - Introduction to General, Organic & Biochemistry Lab Credits: (1)

Human Anatomy and Human Physiology (8 cr)*
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) and
- HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
  *previous course numbers 111, 112, and 113 are acceptable equivalents.

- PSY 1010 SS - Introductory Psychology Credits: (3) or
- CHF 1500 SS/DV - Human Development Credits: (3)

- ENGL 2010 EN2 - Intermediate College Writing Credits: (3)

WSU Quantitative Literacy Requirement
- MATH 1030 QL - Contemporary Mathematics Credits: (3) or
- MATH 1040 QL - Introduction to Statistics Credits: (3) or
- MATH 1050 QL - College Algebra Credits: (4) or
- MATH 1080 QL - Pre-calculus Credits: (5)

Major Course Requirements for BS Degree (RN to BSN)

Nursing Courses Required (25 credit hours)

Complete the following courses:

- NRSG 4100 - Care Coordination and Interdisciplinary Collaboration for Safe Patient Outcomes Credits: (3)
- NRSG 4200 SUS - Scholarship for Evidence-Based Practice Credits: (3)
- NRSG 4300 - Healthcare Policy and Decision Making Credits: (3)
- NRSG 4400 SUS/CEL - Population Health in Nursing Credits: (4)
- NRSG 4500 - Nursing Management and Leadership Credits: (3)
- NRSG 4600 - Communication, Collaboration, and Information Management in Healthcare Credits: (3)

Select six (6) credit hours from the following courses:

- NRSG 4045 - ELNEC: End-of-Life Nursing Education Consortium Credits: (3)
- NRSG 4050 - Nursing Assessment Across the Life Span Credits: (3)
- NRSG 4060 - Oncology Nursing Credits: (3)
- NRSG 4070 - Disaster Nursing Credits: (3)
- NRSG 4080 - Adult Critical Care Credits: (3)
- NRSG 4090 - Nursing: High Risk OB/Pediatric Patient Credits: (3)
- NRSG 4700 - Forensic Nursing Credits: (3)
- HAS 3240 - Human Resource Development in Healthcare Credits: (3)
- NRSG 3400 - Mental Health: The Complex Role Credits: (3)

Upper Division Elective (3 credit hours)

Complete 3 hours of upper division credits from any department.
The Department of Athletic Training (AT) in the Dr. Ezekiel R. Dumke College of Health Professions, offers programs that educate students in the prevention, evaluation, management, and rehabilitation of injuries and illnesses. The variety of teaching environments and facilities are supported by faculty with diverse expertise and offer graduate and undergraduate students exceptional educational, clinical, and research experiences. The state-of-the-art facilities, including fully equipped laboratory classrooms, research labs, and hydrotherapy pool provide outstanding opportunities for student instruction and research. With curriculums designed to develop professional knowledge and skills, graduates from the department are prepared for careers in athletic training (via the MS in Athletic Training), or professional graduate programs in athletic training, physical therapy, occupational therapy, physician's assistant, and medicine (via the BS in Athletic Therapy).

The department of Athletic Training offers a Master of Science degree in athletic training, and Bachelor of Science degrees in athletic therapy and athletic training. Note that the BS in Athletic Training is being phased out and is no longer accepting students.

The department also supports the efforts of undergraduates seeking the bachelor of integrated studies degree, offering sports medicine as an emphasis for the BIS Program.

See also Master of Science in Athletic Training (MS).
Rehabilitation Sciences (BS)

The Department of Athletic Training (AT) offers an undergraduate program in Rehabilitation Sciences. This program is designed for students preparing to enter professional graduate programs in athletic training, physical therapy, occupational therapy, physician's assistant programs, and/or medicine. Students who graduate from this major only will NOT BE ELIGIBLE TO SIT FOR THE BOARD OF CERTIFICATION (BOC) EXAM TO BECOME A CERTIFIED ATHLETIC TRAINER OR ANY OTHER PROFESSIONAL MEDICAL CERTIFICATION EXAM.

- **Program Prerequisites:** Make application and be accepted to Weber State University. Formally declare Rehabilitation Sciences as an intended major with the College of Health Professions (CHP) advisement coordinator. (See Admission Requirements below.)
- **Minor:** Not required.
- **Grade Requirements:** Grade of "B-" or better in all Rehabilitation Sciences major courses and grade of "C" or better in all support courses and electives in addition to a Weber State University GPA of 3.00 or higher in all courses required for this major.
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 40 of which must be upper division (courses numbered 3000 and above).
- **Program Code:** 2081BS
- **CIPC:** 511199

Advisement

Advisors are available to the student for counseling on grades and progress toward graduation. The CHP advisors serve as the academic advisors prior to admission to the program, and the AT department advisor will assume control of advisement after admission into the program. The Rehabilitation Sciences Program Director serves as the graduate school advisor to students. Rehabilitation Sciences majors are encouraged to meet with an advisor at least once within the first four weeks of each semester.

Admission Requirements

1. Before a student can be considered for the Rehabilitation Sciences program, the following application requirements must be met:
   1. Admission to Weber State University.
   2. Declare Rehabilitation Sciences as a major
   3. Submit a Rehabilitation Sciences Student Application which demonstrates the following:
      1. Completion of 25 credit hours with a minimum 3.00 Weber State University GPA. Of these 25 credits, the students must demonstrate completion of
         1. HTHS 1110 and HTHS 1111; or ZOOL 2100 and ZOOL 2200
         2. HTHS 1101
         3. RHS 1550
         4. RHS 2175
         5. RHS 2890
         6. RHS 1300; or RHS 2300; or PAR 1000 and PAR 1001 (lab)
      2. Grade "B-" or better in all courses and "C" or better in all support courses within the program.

2. Applications may be obtained from the Rehabilitation Sciences Program website at http://www.weber.edu/rehabsciences/Admissions.html.

3. Students are accepted on a rolling basis, but they are encouraged to submit their application by the fourth week of the new semester (after the admission requirements have been completed and met). Students who fail to meet admission requirements will not be allowed to enroll in RHS 3080; RHS 3200; RHS 3301; RHS 4150; RHS 4250; RHS 4650; RHS 4800 or RHS 4890.

Retention Requirements

1. After students are selected into the Rehabilitation Sciences program, retention in the program will be based on the following criteria:
   1. Grade "B-" or better in all core courses within the program.
2. Grade "C" or better in all the support courses within the program.
3. Students must maintain a Weber State University GPA of 3.0 or higher.

Students who fail to meet the retention criteria will be placed on probation in the Rehabilitation Sciences program for one semester. If standards are not met by the end of the probationary period, the student may be dismissed from the program at the discretion of the program director.

1. Students who receive any grade below a "B-" in a core course must repeat that course and receive a grade of "B-" or higher to remain in the major.
2. Students who receive any grade below a "C" in a support course must repeat that course and receive a grade of "C" or higher to remain in the major.
3. Failure to repeat the course (when offered) will result in dismissal from the program at the discretion of the program director.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. These courses also fulfill General Education or degree requirements: CHEM 1010, CHEM 1110, CHEM 1210, HTHS 1110, MICR 2054, NUTR 1020, PHYS 1010, PHYS 2010, PSY 1010, ZOOL 1010, ZOOL 1020, ZOOL 1110, ZOOL 2200.

Program Learning Outcomes

- Educating participants and managing risk for safe performance and function.
- Implementing standard evaluation techniques and formulating a clinical impression for the determination of a course of action.
- Employing standard care procedures and communicating outcomes for efficient and appropriate care of the injured.
- Reconditioning participants for optimal performance and function.
- Understanding and adhering to approved organizational and professional practices and guidelines to ensure individual and organizational well-being.

Major Course Requirements for BS Degree (57-66 credit hours)

It is the responsibility of the student and academic advisors to determine which courses to take when an "OR" option is noted. This is largely determined by the prerequisite coursework of the student's prospective graduate program(s).

Core Courses (26-30 credit hours)

- RHS 1550 - Introduction to Rehabilitation Sciences Credits: (2)
- RHS 2175 - Introduction to Sports Medicine Credits: (3)
- RHS 1300 - First Aid: Responding to Emergencies Credits: (2)
  or
- RHS 2300 - Emergency Response Credits: (3)
  or
- PAR 1000 INT - Emergency Medical Technician Credits: (4) and
- PAR 1001 - Emergency Medical Technician Lab Credits: (2)

- RHS 2890 - Introduction to Cooperative Work Experience Credits: (1)
- RHS 3300 - Evaluation and Care of Musculoskeletal Injuries: Lower Extremities Credits: (3)
- RHS 3301 - Evaluation and Care of Musculoskeletal Injuries: Upper Extremities Credits: (3)
- RHS 4150 - Therapeutic Modalities for Rehabilitation Sciences majors Credits: (3)
- RHS 4250 - Rehabilitation for Rehabilitation Sciences majors Credits: (3)
- RHS 4650 - Management for Rehabilitation Sciences Majors Credits: (3)
- RHS 4890 INT - Cooperative Work Experience Credits: (1-6) Minimum of 3 credits required
Some students will be required to complete an FBI background check and drug test prior to completing the work experience (RHS 2890 and RHS 4890). The expenses will be paid for by the student. Some students may also be required to secure additional immunizations, including a hepatitis B vaccination, depending on the cooperative work experience site. The expenses will be paid by the students.

Support Courses (28-33 credit hours)

Chemistry (choose one of the following)

- CHEM 1010 PS - Introductory Chemistry Credits: (3)
- CHEM 1110 PS - Elementary Chemistry Credits: (4) and
- CHEM 1115 - Elementary Chemistry Lab Credits: (1)
- CHEM 1200 - Preparation for College Chemistry Credits: (3)
- CHEM 1210 PS - Principles of Chemistry I Credits: (4) and
- CHEM 1215 - Principles of Chemistry I Lab Credits: (1)

Physics (choose one of the following):

- PHYS 1010 PS - Elementary Physics Credits: (3)
- PHYS 2010 PS - College Physics I Credits: (5)

Biology (choose one of the following):

- ZOOL 1010 LS - Animal Biology Credits: (3)
- ZOOL 1020 LS - Human Biology Credits: (3)
- ZOOL 1110 LS - Principles of Zoology Credits: (4)
- MICR 2054 LS - Principles of Microbiology Credits: (4)

Human Anatomy & Physiology (choose one of the following series):

- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) and
- HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
  or
- ZOOL 2100 - Human Anatomy Credits: (4) and
- ZOOL 2200 LS - Human Physiology Credits: (4)

Other support courses:

- HTHS 1101 - Medical Terminology Credits: (2)
- PSY 1010 SS - Introductory Psychology Credits: (3)
- NUTR 1020 LS SUS - Science and Application of Human Nutrition Credits: (3)
- ESS 3450 - Structural Kinesiology Credits: (3)

Program Electives (120 credits needed for BS degree, with 40 being upper-division credits)

Choose One of the Following:
Rehabilitation Sciences majors are required to take ONE of the following 3-credit RHS elective courses:

- RHS 3080 - Evidence Based Practice for Rehabilitation Sciences Credits: (3)
- RHS 3200 - Psychology of Sport, Injury & Rehabilitation Credits: (3)
- RHS 3505 - Standardized Patient Training Credits: (3)
- RHS 4999 - Special Topics in Rehabilitation Sciences Credits: (3)

It is recommended that a student's remaining elective coursework be based on the pre-requisite coursework of the graduate programs they plan to apply to. This coursework tends to vary somewhat from program to program, and it is the student's responsibility to ensure that their pre-professional (undergraduate) coursework fulfills the entrance requirements of the graduate programs that they are applying to. A list of suggested preprofessional pre-requisite courses can be found on the applicant checklist.

Optional RHS Elective Course:

- RHS 2431 - Taping, Wrapping, Bracing, Padding, and Splinting Credits: (1)
- RHS 4800 CRE - Individual Projects Credits: (1-4)
Sports Medicine (BIS)

Bachelor of Integrated Studies

- **Grade Requirements:** A minimum grade of “C” (2.0) in each of the courses taken for the three emphases.
- **Credit Hour Requirements:** The student must take a minimum of 18 credit hours each from at least three (3) different academic departments or recognized disciplines. A student has numerous possibilities in developing a BIS degree using the academic disciplines both in HPER and campus wide.

*The course of study in each discipline must be approved by the appropriate program director.*
BIS Possible Options

These are only recommendations; many combinations and options for potential careers are possible.

Health Education & Health Promotion Emphasis

Program Code: 5013
CIPC: 512207
Community Health Promotion
Occupational Health Education
Clinical Health Education (See Department of Health Administrative Services in the Dr. Ezekiel R. Dumke College of Health Professions)
Family Life Health Promotion
Gerontological Health Promotion
Drug Abuse Prevention Education

Nutrition Emphasis

Dietary Analysis
Dietary Prescription
Nutrition Education
Weight Management
Nutritional Ergogenics

Exercise Science Emphasis

Program Code: 5019
CIPC: 310505
Coaching Sport
Corporate Fitness
Community Fitness
Sports Medicine
Sport Communication
Commercial/Facility Management
Sport Psychology

BIS Requirements

Also refer to individual minor programs.

Program Learning Outcomes

- Interdisciplinary Work-Made multiple connections across three academic disciplines.
- High Impact Educational Experience-Engaged in high impact practices through at least one of these: (a) collaborative learning projects, (b) undergraduate research, (c) public performances, (d) diversity/global learning, (e) community engaged learning, (f) internships, or (g) intensive writing.
- Capstone Signature Work-Synthesized and reported key research/skills/theories from academic disciplines.
- Analysis and Reflection-Provided analyses/results/conclusions/reflections from the Capstone experience.
- Academic speaking and writing-Used effective oral and written English-language skills
- Post-Graduate Planning-Planned for careers and/or graduate programs.
Sports Medicine Emphasis Option 1

This course of study is recommended for students who have chosen Exercise Science as one of their three areas of emphasis. Suggested coursework (see AT Program Director to develop an individualized plan)

Course Requirements for emphasis: Upper Division 12, Total Hours 23

Recommended Courses

- ZOOL 2100 - Human Anatomy Credits: (4)
- ZOOL 2200 LS - Human Physiology Credits: (4)
- RHS 2175 - Introduction to Sports Medicine Credits: (3) or
- RHS 3200 - Psychology of Sport, Injury & Rehabilitation Credits: (3)
- RHS 3300 - Evaluation and Care of Musculoskeletal Injuries: Lower Extremities Credits: (3)
- RHS 3301 - Evaluation and Care of Musculoskeletal Injuries: Upper Extremities Credits: (3)

Elective Courses

Sports Medicine Emphasis Option 2

This course of study is recommended for students who have NOT chosen Exercise Science as one of their three areas of emphasis.

Course Requirements for emphasis: Upper Division 18, Total Hours 23

Recommended Courses

- ZOOL 2100 - Human Anatomy Credits: (4)
- ZOOL 2200 LS - Human Physiology Credits: (4)
- RHS 2300 - Emergency Response Credits: (3)
- RHS 3300 - Evaluation and Care of Musculoskeletal Injuries: Lower Extremities Credits: (3)
- RHS 3301 - Evaluation and Care of Musculoskeletal Injuries: Upper Extremities Credits: (3)

Elective Courses

- ESS 3500 - Biomechanics Credits: (3)
- ESS 3510 - Exercise Physiology Credits: (3)
A paramedic is a person who usually renders advanced life support care to persons at the site of an illness or injury or en route to a hospital facility. They function under the direct supervision of an Emergency Physician or Registered Nurse and are certified for such functioning by a state Emergency Medical Services agency.

The institutional certificate and two-year applied science degree program in Paramedic Studies are based on a national curriculum designed to provide an academic background in science, health related fields, and communication using critical thinking and assessment based management. The program prerequisites provide the general requirements and foundation that prepares the student to meet the demands of the paramedic courses.

Satisfactory completion of the prerequisite requirements are required prior to starting the paramedic sequence and include:
1. a "C" or better in ENGL 1010, MATH 0990, Anatomy and Physiology classes, and Medical Terminology; and
2. an overall GPA of 2.7 or above; and
3. Current state EMT Certification; and
4. a score of 75% or better on the departmental EMT assessment exam on no more than two attempts

The longstanding Utah Bureau of EMS policy requiring one year of EMS experience or Advanced EMT has been relaxed. Eligible students may wish to consider PAR 1005 and PAR 1006 to gain EMS field experience prior to entering the paramedic program.

This program may require more than two years for completion depending upon the timing it takes for an individual to complete the prerequisite requirements.

Weber State contracts with authorized clinical and field agencies to precept students for EMT and paramedic certification. Background criminal investigation and drug testing of students is required prior to starting PAR 2000 in the fall semester. "The WSU Emergency Healthcare Department's paramedic program is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP)."

"The paramedic program will "prepare competent entry-level Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains," with or without exit points at the Emergency Medical Responder, Emergency Medical Technician, and Advanced Intermediate levels.

Acceptance to the paramedic program does not assure eligibility for a state or National Registry certification. Utah or a related state Office of EMS makes the final decisions on the issuance of professional licensor or certification. For students that may have a disability or testing accommodation concerns you must contact the Utah Bureau of EMS or National Registry of EMT's. See health.utah.gov/ems and nremt.org.
Paramedic Studies (AAS)

- **Program Prerequisite:** Acceptance to the program via application process. See the Admission Requirements listed below.
- **Grade Requirements:** "C" or better in all prerequisite and support courses, with a minimum GPA of 2.7. All courses with the PAR prefix must be passed with a "B-" or better in order for a student to progress through the paramedic program sequence and be awarded an institutional certificate and/or the AAS degree.
- **Credit Hour Requirements:** A total of 60-63 credit hours is required for graduation; 36 of these are required within the program. Three upper division credit hours (HLTH 3400) are required within the program.
- **Program Code:** 2046AAS
- **CIPC:** 510904

Advisement

Paramedic Studies students must meet with the Dumke College of Health Professions academic advisor prior to application. Call 801-626-6136 for more information or to schedule an appointment.

Admission Requirements

Students are eligible to apply for admission to the Paramedic Studies program upon completion of the following:

1. Making application to Weber State University
2. Obtaining admissions counseling by a Dumke College of Health Professions advisor
3. Satisfactory completion of the prerequisite requirements
4. Completion of the Paramedic program application form by designated date:
   1. Successful completion of the program EMT written assessment exam with a minimum score of 75% on no more than two attempts
   2. Payment of the $25 application fee
   3. Entrance testing and application must be completed by May 15th for confirmed fall acceptance.
      Applications received between May 15 and August 1 will be approved on a "space available" basis.
5. Current Utah or appropriate state EMT certification

General Education

Refer to Degree Requirements for Associate of Applied Science Degree requirements. The following courses required for this program will also fulfill general education requirements: Biomedical core courses (see below), COMM 2110, PSY 1010 and SOC 1020. MATH 1010 and ENGL 2010 are required.

Major Course Requirements for AAS Degree

Paramedic Courses Required

*All courses with the PAR prefix must be passed with a "B-" or better in order for a student to progress through the paramedic program sequence and be awarded an institutional certificate and/or AAS degree.*

- PAR 1000 INT - Emergency Medical Technician Credits: (4)
- PAR 1001 - Emergency Medical Technician Lab Credits: (2)
- PAR 2000 - Introduction to Paramedic Practice Credits: (4)
- PAR 3010 - Cardiac and Medical Emergencies Credits: (6)
- PAR 2020 - Traumatic Emergencies Credits: (3)
- PAR 2030 - Special Populations in Paramedic Practice Credits: (3)
- PAR 2040 - Paramedic Skills and Simulation Lab Credits: (4)
- PAR 2100 - Capstone Course in Paramedic Practice Credits: (4)
• PAR 2110 INT - Paramedic Clinical Experience Credits: (3)
• PAR 2120 INT - Paramedic Field Internship Credits: (9)

Note:

For students that may have a disability or testing accommodation concerns you must contact the Utah Bureau of EMS or the National Registry of EMT. See health.utah.gov/ems and nremt.org

Biomedical core courses required (or acceptable equivalent)

• HTHS 1101 - Medical Terminology Credits: (2)

Must be taken in sequence

• HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4)
• HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)

Acceptable Equivalent to completing the anatomy and physiology requirement

• ZOOL 2100 - Human Anatomy Credits: (4)
• ZOOL 2200 LS - Human Physiology Credits: (4)

AAS Support Courses Required (15 credit hours)

All support courses must be passed with a "C" or better.

• COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
• HLTH 3400 - Substance Abuse Prevention Credits: (3)
• HTHS 2230 - Introductory Pathophysiology Credits: (3)
• PSY 1010 SS - Introductory Psychology Credits: (3)
• SOC 1020 SS/DV - Social Problems Credits: (3)
Paramedic Certificate of Completion

- **Program Prerequisite:** Applications for an institutional certificate of completion in Paramedic are open to all students prepared with the following prerequisites. See the Admission Requirements listed in the Paramedic Studies (AAS) program.
- **Grade Requirements:** "C" or better in all prerequisite courses, with a minimum GPA of 2.7. All courses with the PAR prefix must be passed with a "B-" or better in order for a student to progress through the paramedic program sequence and be awarded an institutional certificate and/or the AAS degree.
- **Credit Hour Requirements:** The Institutional Certificate of Completion in Paramedic requires a minimum of 36 core paramedic credits for completion. Dependent upon what method a student completes the required prerequisites, up to an additional 30 credit hours may be required.
- **Gainful Employment Disclosure**
- **Program Code:** 2045CC
- **CIPC:** 510904

Admission Requirements

Students are eligible to apply for admission to the Institutional Certificate of Completion in Paramedic program upon completion of the following:
1. Making application to Weber State University
2. Obtaining admissions counseling by a Dumke College of Health Professions advisor
3. Satisfactory completion of the prerequisite requirements
4. Completion of the Paramedic program application form by designated date:
   1. Successful completion of the program EMT-B written assessment exam with a minimum score of 75% on no more than two attempts
   2. Payment of the $25 application fee
   3. Entrance testing and application must be completed by May 15th for confirmed fall acceptance.
   4. Applications received between May 15 and August 1 will be approved on a "space available basis."
5. Current Utah or appropriate state EMT certification

Courses Required for the Institutional Certificate of Completion in Paramedic

**Prerequisite Courses**

- HTHS 1101 - Medical Terminology Credits: (2) *
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) * and
- HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4) *
- or
- ZOOL 2100 - Human Anatomy Credits: (4) and
- ZOOL 2200 LS - Human Physiology Credits: (4)
- ENGL 1010 EN1 - Introductory College Writing Credits: (3) *
- MATH 0990 ND - Beginning Algebra Credits: (4) or equivalent

**Note:**

*These classes can be taken through independent study. Call 801-626-6785.*

**Paramedic Courses Required**
All courses with the PAR prefix must be passed with a "B-" or better in order for a student to progress through the paramedic program sequence and be awarded an institutional certificate and/or AAS degree.

- PAR 1000 INT - Emergency Medical Technician Credits: (4)
- PAR 1001 - Emergency Medical Technician Lab Credits: (2)
- PAR 2000 - Introduction to Paramedic Practice Credits: (4)
- PAR 3010 - Cardiac and Medical Emergencies Credits: (6)
- PAR 2020 - Traumatic Emergencies Credits: (3)
- PAR 2030 - Special Populations in Paramedic Practice Credits: (3)
- PAR 2040 - Paramedic Skills and Simulation Lab Credits: (4)
- PAR 2100 - Capstone Course in Paramedic Practice Credits: (4)
- PAR 2110 INT - Paramedic Clinical Experience Credits: (3)
- PAR 2120 INT - Paramedic Field Internship Credits: (9)

Note:

For students that may have disability or testing accommodation concerns you must contact the Utah Bureau of EMS or the National Registry of EMT. See health.utah.gov/ems and nremt.org
Emergency Healthcare Sciences (BS)

This degree builds on the Institutional Certificate in Paramedic and AAS in Paramedic Studies using additional upper division program (PAR) courses, support and general education courses. A strong core of Heath Administration Services (HAS) and Health Information Management (HIM) courses will be utilized to provide a more diverse healthcare background. The degree in Emergency Healthcare Sciences was designed to be broad enough to enhance those working in medical education, QA/QI, supervision, human resources, air medical services, public health and mobile integrated healthcare.

In response to the needs of working fire and EMS, with the exception of five on-campus days for PAR 3110, Critical Care Transport, the entire degree can be completed online. Curriculum maps will provide projected timelines and department recommended, online general education courses.

Admission Requirements: Minimum GPA accepted is 2.7. Also required is a current National Registry or State certification or license as a paramedic without restrictions. After formal degree advisement by the Dumke College of Health Professions, a departmental degree application process is initiated.

Minor: Not required.

Grade Requirements: A minimum grade of "C" or better is required in all program (PAR) courses, general education and support courses.

Credit Hour Requirements: A total of 120 credit hours is required for a Bachelor of Science Degree. Of the 120 hours, 40 must be upper division level. The BS in EHS curriculum provides 35 upper division hours with 6 credits coming from the Cardiac and Medical Emergency section in the Institutional Certificate. (Any General Education course may be utilized; however, courses below feature online delivery)

- Program Code: 2052BS
- CIPC: 519999

Advisement: Contact the Dumke College of Health Professions Advisor (801) 626-6136.

Program Learning Outcomes

- Demonstrate terminal competency by passing the National Registry paramedic certification exam
- Demonstrate predicted National Registry paramedic certification utilizing the HESI predictive exam with a minimum score of 650.
- Demonstrate clinical and field readiness by achieving the 3 competent score.
- Demonstrate affective domain employment traits by achieving Satisfactory in the 11 categories of professionalism as defined by the 2010 EMS Education Standards.

Prerequisites

The Institutional Certificate in Paramedic and AAS in Paramedic Studies (or equivalent) is needed to progress into the Bachelor's degree program.

- PAR 1000 INT - Emergency Medical Technician Credits: (4) *
- PAR 1001 - Emergency Medical Technician Lab Credits: (2) *
- HTHS 1101 - Medical Terminology Credits: (2) *
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) *
- HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4) *
- MATH 0990 ND - Beginning Algebra Credits: (4) *
- MATH 1010 - Intermediate Algebra Credits: (4-5) **
- MATH 1030 QL - Contemporary Mathematics Credits: (3) ^
- ENGL 1010 EN1 - Introductory College Writing Credits: (3) *
- ENGL 2010 EN2 - Intermediate College Writing Credits: (3) **
- PAR 2000 - Introduction to Paramedic Practice Credits: (4) *, **
- PAR 2040 - Paramedic Skills and Simulation Lab Credits: (4) *, **
- PAR 2110 INT - Paramedic Clinical Experience Credits: (3) *, **
- PAR 3010 - Cardiac and Medical Emergencies Credits: (6) *, **
- PAR 2020 - Traumatic Emergencies Credits: (3) *, **
- PAR 2030 - Special Populations in Paramedic Practice Credits: (3) *, **
- PAR 2120 INT - Paramedic Field Internship Credits: (9) *, **
- PAR 2100 - Capstone Course in Paramedic Practice Credits: (4) *, **
- HLTH 3400 - Substance Abuse Prevention Credits: (3)
- HTHS 2230 - Introductory Pathophysiology Credits: (3)
- PSY 1010 SS - Introductory Psychology Credits: (3)
- SOC 1020 SS/DV - Social Problems Credits: (3)
- COMM 2110 HU CEL - Interpersonal and Small Group Communication Credits: (3)
  (Will accept COMM 1020 Public Speaking)

* Paramedic Certificate; **AAS Degree; ^QL for BS Degree

Bachelor of Science in Emergency Healthcare Sciences

(Courses selected for online delivery)
- WEB 1701 - Document Creation
- QL 1030/1040/ or 1050 - QL Mathematics
- General Education - AI/PS/CA/SI
- HTHS 2240 - Introduction to Pharmacology Credits: (3)
- HAS 3000 - The Healthcare System Credits: (3)
- PUBH 3200 - Epidemiology and Biostatistics Credits: (3)
- PUBH 3500 - Biomedical Research Support Credits: (2)
- HAS 3240 - Human Resource Development in Healthcare Credits: (3) or
  HAS 3230 - Health Communication Credits: (3)
- HAS 3260 - Healthcare Leadership and Management Credits: (3) or
- HIM 3300 - Introduction to Quality Improvement in Healthcare Credits: (3) or
- MICR 1153 LS - Public Health: Sex, Travel, Food, & Drugs Credits: (3)
- HAS 4400 - Legal and Ethical Aspects of Health Administration Credits: (3)
- PAR 3110 - Critical Care Transport Course Credits: (6)
- PAR 3130 - Mobile Integrated Healthcare Credits: (2)
- PAR 4110 - Emergency Medical Services Management Topics Credits: (3)
- PAR 4120 - Emergency Medical Service Teaching Topics Credits: (3)
- PAR 4130 - Capstone Seminar in Emergency Medicine Research Credits: (3)
Emergency Healthcare Sciences (BIS)

- Program Code: 2052
- CIPC: 519999

18 hours of Emergency Healthcare courses selected in consultation with an advisor and approved by the department chair
Emergency Medical Technician EMT and Advanced Certification

Basic

Basic life support, patient assessment and treatment modalities comprise this EMT curriculum. US Department of Transportation (DOT) and Utah State Department of Health standards for certification are met. For students 18 years or older, state certification is optional with an additional fee. For students that may have disability or testing accommodation concerns you must contact the Utah Bureau of EMS. See health.utah.gov/ems.

Required Course (no prerequisites are required)

- PAR 1000 INT - Emergency Medical Technician Credits: (4) and
- PAR 1001 - Emergency Medical Technician Lab Credits: (2)

Advanced EMT (Formerly EMT-Intermediate)

Utah State Department of Health and Department of Transportation Standards for Advanced EMT certification are utilized to provide advanced life support to the sick and injured.

Required Courses

The following can be taken in addition to the above courses and are offered at the Davis Area Technology College.

- PAR 1010 - Emergency Medical Technician - Intermediate Introduction Credits: (2)
- PAR 1011 - Emergency Medical Technician - Intermediate Introduction Lab Credits: (2)
- PAR 1020 - Emergency Medical Technician - Intermediate Credits: (2)
- PAR 1021 - Emergency Medical Technician - Intermediate Lab Credits: (2)
Department of Dental Hygiene

Department Chair: Frances McConaughy
Location: Allied Health, Room 475
Telephone Contact: Kaila Rawlinson, 801-626-6130
Professor: Frances McConaughy; Associate Professors: Susan Alexander, Shelly Costley, Shane Perry; Assistant Professors: Kimberlee Caldwell, Joe Hopkin; Instructor: Kathren Diamond

The dental hygienist is a health educator and clinician concerned with the prevention of dental disease. Dental hygienists perform their services in a variety of settings, and are members of the dental team who are licensed to provide services directly to the client. Dental hygienists provide oral health education, remove deposits from around the teeth and gums, expose dental radiographs and deliver other treatments to prevent and manage dental disease.

The dental hygiene curriculum is three years in length. The first year may be completed at any accredited college or university and consists of pre-dental hygiene courses. These courses include: chemistry, anatomy, physiology, microbiology, English, public speaking, psychology, sociology and nutrition. This year of pre-dental hygiene courses is followed by two years of specialized study in dental hygiene.

The two year dental hygiene curriculum includes practical experience in the WSU Dental Hygiene Clinic. Students also rotate to off-campus sites for extended clinical experiences.

Students who successfully complete the three-year curriculum are awarded an Associate of Science degree from Weber State. A fourth year leading to a bachelor's degree is optional. To become a licensed dental hygienist, each student must successfully pass a written National Board Exam and a practical regional exam. The Dental Hygiene Program is accredited by the American Dental Association's Commission on Dental Accreditation, a specialized accrediting agency recognized by the Council on Post-secondary Accreditation and the United States Department of Education.

Dental Hygiene (AS)

- **Program Prerequisite:** Completion of the prerequisite courses listed under the Admission Requirements below.
- **Grade Requirements:** Prerequisite course work must meet a standard of 2.5 GPA. All courses required for the major must be successfully completed with a grade of "C" or better (a "C-" grade is not acceptable).
- **Credit Hour Requirements:** A total of 44 credit hours of dental science course work is required for the Associate degree. Additionally, 35 hours of prerequisites are necessary. Students must also complete nine additional credit hours to meet WSU requirements for the Associate of Science Degree. Total credit hour requirements equal 88 hours.
- **Program Code:** 2002AS
- **CIPC:** 510602

Advisement

Prospective students are advised by the advisement counselors in the Dr. Ezekiel R. Dumke College of Health Professions Advisement office. The number of this office is: 1-801-626-6136. The Dr. Ezekiel R. Dumke College of Health Professions Advisement Office will send brochures and applications upon request. Individual counseling appointments can be made for direct assistance.

Admission Requirements

Students must apply to and be accepted into the program to be admitted into any of the courses offered by and required for a degree in Dental Hygiene. The science and all prerequisite courses are listed below and must be completed with a minimum GPA of 2.5 prior to being admitted into the program. These basic science courses must have been taken within five years of the date of anticipated enrollment in the Dental Hygiene Program.

- ZOOL 2100 - Human Anatomy (4)
- ZOOL 2200 LS - Human Physiology (4)
• CHEM 1130 PS - Introduction to General, Organic & Biochemistry (5) OR CHEM 1110 PS - Elementary Chemistry (5)
• MICR 1113 LS - Introductory Microbiology (3)

The Biomedical Core (HTHS 1110 and HTHS 1111) may be substituted for the four courses listed above. This core will award 4 credit hours to the General Education requirement of Life and Physical Sciences. Three more credit hours of approved Physical Science are needed to complete this category of the general education requirements.

**Other prerequisite courses include:**

• HTHS 2230 - Introductory Pathophysiology (3)
• ENGL 1010 EN1 - Introductory College Writing (3)
• ENGL 2010 EN2 - Intermediate College Writing (3)
• PSY 1010 SS - Introductory Psychology (3)
• NUTR 1020 LS SUS - Science and Application of Human Nutrition (3)
• Math QL - Intermediate Algebra (4)
• Information Literacy, part D

Either
• SOC 1010 SS/DV - Introduction to Sociology (3) or
• SOC 1020 SS/DV - Social Problems (3)

Either
• COMM 1020 HU - Principles of Public Speaking (3) or
• COMM 2110 HU CEL - Interpersonal and Small Group Communication (3)

**Application Process**

Applicants to the program must complete a specific Dental Hygiene Program application form to be considered for admission into the Dental Hygiene Program, this application package can be obtained from the Advisement Office in the Dr. Ezekiel R. Dumke College of Health Professions (801-626-6136). The application package will request that you submit current transcripts and verification of previous health-related work experience. The application deadline for Fall Semester enrollment is January 15 of each year. A $50.00 application fee must be paid at the time the application is submitted.

**General Education**

Refer to Degree Requirements for Associate of Science requirements. The majority of general education requirements for the AS degree are taken as prerequisites to the program. However, students must complete all Associate of Science general education requirements to earn the degree in Dental Hygiene.

**Major Course Requirements for Associate of Science Degree**

**Dental Science Courses Required**

• DENT 2201 - Concepts of Community Dental Health Credits: (1)
• DENT 2205 - Head/Neck and Dental Anatomy Credits: (2)
• DENT 2206 - Clinical Dental Hygiene/Radiology Credits: (4)
• DENT 2207 - Dental Hygiene I Credits: (3)
• DENT 2208 - Radiology Credits: (2)
• DENT 2211 - Oral Pathology Credits: (3)
• DENT 2215 - Periodontology Credits: (2)
• DENT 2216 INT - Clinical Dental Hygiene II Credits: (3)
• DENT 2217 - Dental Hygiene II Credits: (3)
• DENT 2219 - Dental Materials Credits: (1)
• DENT 2235 - Dental Medicine I Credits: (2)
• DENT 2250 - Professional Ethics Credits: (1)
• DENT 3301 INT - Community Dental Health Service Learning Lab Credits: (1)
• DENT 3305 - Pain Control Credits: (3)
• DENT 3336 INT - Clinical Dental Hygiene III Credits: (4)
• DENT 3337 - Dental Hygiene III Credits: (3)
• DENT 3346 INT - Clinical Dental Hygiene IV Credits: (4)
• DENT 3347 - Dental Hygiene IV Credits: (2)

Dental Science Electives

• DENT 2800 - Individual Research Credits: (1-3)
• DENT 2830 - Directed Readings, Projects and Research Credits: (1-3)
• DENT 2920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• DENT 3130 - Independent Study Credits: (1-3)
• DENT 4405 INT - Dental Hygiene Clinical Teaching Practice Credits: (4)
• DENT 4410 - Dental Hygiene Needs of the Geriatric Client Credits: (2)
• DENT 4530 INT CRE - Principles and Application of Evidence-Based Dental Hygiene Practice Credits: (2)
• DENT 4780 - Baccalaureate Thesis Credits: (3)
• DENT 4800 - Individual Research Credits: (1-3)
• DENT 4810 - Summer Elective Clinic Credits: (4)
• DENT 4830 - Directed Readings, Projects and Research Credits: (1-3)
• DENT 4890 INT - Advanced Community or Clinical Work Experience Credits: (2)
• DENT 4920 - Short Courses, Workshops, Institutes, and Special Programs Credits: (1-6)
• DENT 4990 - Seminar Credits: (1-2)
Dental Hygiene (BS)

- **Program Prerequisite:** Successful completion of an Associate of Science Degree in Dental Hygiene, National Board Examination and a Regional or State Practical Exam. Maintenance of a current dental hygiene license
- **Minor:** Not Required.
- **Grade Requirements:** All courses required for the major must be successfully completed with a grade of "C" or better (a "C-" grade is not acceptable).
- **Credit Hour Requirements:** A total of 120 credit hours is required for graduation; 88 of these are taken for the AS degree and an additional 7 must be taken to complete the BS in Dental Hygiene degree. A prerequisite to the Baccalaureate Thesis course is an upper division Research and Statistics course (numbered 3000 or above, minimum of 3 cr hrs). Thirteen more upper division hours are selected by the student from a menu of elective courses. Transcripts of transfer students will be evaluated on an individual basis. Transfer students must also complete the residency requirement (30 credit hours of WSU course work).
- **Program Code:** 2002BS
- **CIPC:** 510602

Advisement

Bachelor of Science Dental Hygiene majors must complete a contract with the Dental Hygiene Department Chair. (Also refer to the Department Advisor Referral List.)

Admission Requirements

An Advanced Dental Hygiene major application and a program of study contract must be completed with the Dental Hygiene Department Chair prior to beginning any of the advanced courses.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. Any general education requirements not taken as part of the Associate of Science program must be completed in order to graduate with a Bachelor of Science Degree.

Program Learning Outcomes

- The necessary biophysical, psychosocial and dental hygiene knowledge requisite for a comprehensive understanding of dental hygiene practice
- The technical skills, both fundamental and advanced, essential to the practice of dental hygiene
- The reasoning and judgment skills necessary to engage in problem-solving behavior
- The theoretical bases, research and communication skills necessary for the acquisition, advancement and dissemination of dental hygiene knowledge
- The leadership and initiative capabilities essential for assuming roles of responsibility within the dental hygiene profession and society
- The moral habitude requisite for the effective performance of responsibilities within dental hygiene practice and within society

Major Course Requirements for BS Degree

*To be taken in addition to the courses required for an Dental Hygiene (AS).*

Dental Science Courses Required (7 credit hours) **
• DENT 4530 INT CRE - Principles and Application of Evidence-Based Dental Hygiene Practice Credits: (2)
• DENT 4780 - Baccalaureate Thesis Credits: (3) *
• DENT 4890 INT - Advanced Community or Clinical Work Experience Credits: (2)

Note:

* A prerequisite to the Baccalaureate Thesis course is an upper division Research and Statistics course (numbered 3000 or above, minimum of 3 cr hrs).
** Each student must also select upper division course work bring the total of upper division hours to 40 credit hours.
The Health Administrative Services Department (HAS) provides an opportunity for health practitioners, students in the health disciplines, and others to prepare themselves for healthcare management, healthcare information, and public health roles in both traditional and nontraditional health care settings. In addition, many students use the programs in the department to prepare themselves for graduate studies in health administration and other related disciplines. The curriculum is organized so that students may tailor their studies in any one of the following program options: Health Administration, Health Information Management (HIM), Public Health, and Health Information Technology. All study emphases lead to a Bachelor's Degree except for Health Information Technology, which leads to an Associate of Applied Science degree. Two Institutional Certificate programs are also housed within the HAS Department in both Healthcare Coding and Classification as well as a Post-Baccalaureate certificate program in Health Information Management. A Master's Degree (with two different formats) is also offered in Health Administration within the HAS Department. For more information on this program visit www.weber.edu/mha. The HAS Department was developed to better prepare health practitioners and others to take advantage of the challenges and opportunities facing them as vital members of the nation's health care team.

Bachelor Degrees

- **Health Administration**: Designed to provide health care practitioners and others with the skills and competencies to function as supervisors and managers in health care settings. In the changing health care environment, new and challenging demands are placed on health care personnel to expand their conventional roles to include increased administrative responsibilities. This curriculum provides a working foundation in management and interpersonal skills, while at the same time introducing the student to the health care delivery system and its many and varied issues and challenges. Graduates are not only better prepared to assume increased management responsibilities, but to do so with a better understanding of the complex system in which they work. The degree is certified by the Association of University Programs in Health Administration.

- **Health Information Management**: This profession focuses on health care data and the management of health care information resources. The profession addresses the nature and structure of health data and the translation of that data into usable forms of information which support the health care of individuals and populations. HIM professionals collect, integrate, and analyze primary and secondary collections of data and manage information resources related to the research, planning, provision, and evaluation of health care services. This emphasis provides students with the knowledge and skills necessary to become self-directed learners who possess critical-thinking skills and problem-solving abilities, communication and interpersonal skills, a commitment to life-long learning, and important ethical values. The program fosters the acquisition of leadership abilities and systems thinking necessary for adapting careers within a changing health care environment. The HIM emphasis is accredited by the Commission on Accreditation for Health Informatics and Information Management Education, making students eligible to write the national certification exam of the AHIMA, the Registered Health Information Administrator.

Public Health

The Bachelor of Science in Public Health prepares graduates to take entry-level jobs in epidemiology and public health administration and local and state department of health. Graduates will also be prepared to fill positions supporting public health research at academic institutions, pharmaceutical companies, and private research organizations. Additionally, completion of the degree will prepare students to enter a graduate program in Public Health, Biomedical Informatics, or Health Administration.

Associate Degree

**Health Information Technology**: Health Information Technology is a program offered under Health Administrative Services. Health Information Technicians perform the essential functions of maintaining health data and records in acute, long-term, and ambulatory health care settings. Opportunities also exist in related health care settings, e.g., insurance companies, medical clinics, computer software vendors, and health maintenance organizations. These functions include, but are not limited to, the coding of...
diseases and operations, maintaining statistics, transcribing medical reports, performing DRG and utilization review procedures, supervising employees.

In addition to classroom and laboratory course work, students participate in a supervised clinical experience in a hospital medical record department or other health information environment.

The Health Information Technology program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education.

Successful completion of the Health Information Technology two-year program leads to an associate of applied science degree and the student is then eligible to sit for the national certification exam. Students passing this national examination may use the professional designation Registered Health Information Technician.

Institutional Certificates

**Healthcare Coding and Classification:** This program develops the ability of students to use the International Classification of Diseases, version 10 (ICD-10-CM), and the International Classification of Diseases, version 10, Procedural Coding System (ICD-10-PCS) of the U.S. Department of Health and Human Services and the Common Procedural Terminology (CPT) of the American Medical Association. The program develops expertise for both outpatient/office practice and acute-care inpatient levels of proficiency. Students will also use and apply both coding schemes in the systems of reimbursement for healthcare services.
Health Information Technology (AAS)

- **Program Prerequisite:** HTHS 1101 - Medical Terminology and HTHS 1110 LS - Integrated Human Anatomy and Physiology I with a grade of "C" or better.
- **Minor:** Not required.
- **Grade Requirements:** A grade of "C" or better in required courses (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** A minimum of 63 credit hours is required for graduation.
- **Program Code:** 2025AAS
- **CIPC:** 510707

Advisement

After the student has completed all the prerequisites they should meet with a faculty advisor for course and program advisement. Call 801-626-7242 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Each student must complete a program application after successful completion (grade of C or better) of the program prerequisites.
All students admitted to the WSU Health Administrative Services AAS and BS program may be required to comply with a departmental background check and drug screen test prior to internship or other professional practice experience. If the background check reveals a history of convicted criminal actions, or the drug test results are positive for controlled substances, the students may be dismissed from the program and will not be entitled to any refunds of tuition or other fees. Most Healthcare employers have this same requirement as a condition of employment.

General Education

Refer to Degree Requirements for Associate of Applied Science requirements.

Program Learning Outcomes

- **Domain 1:** Data Content, Structure & Standards (Information Governance)
- **Domain 2:** Information Protection: Access, Disclosure, Archival, Privacy & Security
- **Domain 3:** Informatics, Analytics and Data Use
- **Domain 4:** Revenue Management
- **Domain 5:** Compliance
- **Domain 6:** Leadership

Major Course Requirements for AAS Degree

Program Prerequisites (6 credit hours)

- HTHS 1101 - Medical Terminology Credits: (2)
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) or
- ZOOL 2100 - Human Anatomy Credits: (4)

Health Information Courses Required (30 credit hours)
• HIM 2000 - Introduction to Health Information Systems and Settings Credits: (3)
• HIM 2250 - Health Care Privacy and Security Credits: (3)
• HIM 2300 - Diagnosis Coding Credits: (3)
• HIM 2320 - Ambulatory and Physician Office Coding Credits: (3)
• HIM 2330 - Healthcare Reimbursement Credits: (2)
• HIM 2410 - ICD-10-PCS Coding Credits: (2)
• HIM 2500 - Healthcare Data Management Credits: (3)
• HIM 2861 INT - (2nd Year) Professional Practice Experiences Credits: (2)
• HIM 2862 - Professional Practice Management Credits: (2)
• HIM 2863 - Professional Practice Experience in Coding Credits: (1)
• HIM 3000 - Health Informatics Credits: (3)
• HIM 3300 - Introduction to Quality Improvement in Healthcare Credits: (3)

Support Courses Required (17.5-21 credit hours)

• HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4) or
  • ZOOL 2200 LS - Human Physiology Credits: (4)

• HTHS 2230 - Introductory Pathophysiology Credits: (3)
• HTHS 2240 - Introduction to Pharmacology Credits: (3)
• HAS 3000 - The Healthcare System Credits: (3)

• WEB 1700 - Introduction to Computer Applications Credits: (3)
  or
• WEB 1701 - Document Creation Credits: (1) and
  • WEB 1702 - Content, Internet Identity, and Device Management Credits: (1) and
  • WEB 1703 - Data Manipulation, Visualization, and Presentation Credits: (1)
  or
• WEB 1501 - Document Creation Competency Exam Credits: (.5) and
• WEB 1502 - Content, Internet Identity, and Device Management Competency Exam Credits: (.5) and
• WEB 1503 - Data Manipulation, Visualization, and Presentation Competency Exam Credits: (.5)

• MATH 1030 QL - Contemporary Mathematics Credits: (3) or
• PUBH 3200 - Epidemiology and Biostatistics Credits: (3) or
• HTHS 1108 - Bio calculations for Health Professions Credits: (5)
Health Information Management Certificate of Proficiency

- **Program Prerequisite:** Applicants must possess a bachelor's degree from a regionally accredited institution and be accepted into the certificate program.

- **Grade Requirements:** To receive a Health Information Management Certificate of Proficiency the student must complete all courses in the certificate program with a grade of "C" or higher (a grade of "C-" is not acceptable).

- **Credit Hour Requirements:** 30 credit hours as specified below (a minimum of 10 semester credit hours must be completed in residence at Weber State University).

- **Gainful Employment Disclosure**

- **Program Code:** 2006CP
- **CIPC:** 510706

Program Description

This program focuses on the management of health care data and information resources. The program addresses the nature and structure of health data and the translation of that data into usable forms of information which support the health care of individuals and populations. HIM professionals collect, integrate, and analyze primary and secondary collections of data and manage information resources related to the research, planning, provision, and evaluation of health care services. This certificate provides students that already have a bachelor's degree the ability to build on previous education to develop the skills necessary to be an effective leader in health information management.

Course Requirements for Certificate of Proficiency

Courses Required (30 credit hours)

- HIM 5000 - Clinical Foundations in HIM **Credits:** (3)
- HIM 5010 - Health Data Management **Credits:** (3)
- HIM 5020 - Diagnosis and Procedure Coding **Credits:** (3)
- HIM 5030 - Clinical Data Management for Quality Care & Revenue Cycle Integrity **Credits:** (3)
- HIM 5040 - Privacy, Security and Confidentiality in Health Care **Credits:** (3)
- HIM 5050 - Health Information Systems & Technology **Credits:** (3)
- HIM 5080 - Health Information Management Issues **Credits:** (3)
- HIM 5090 INT - HIM Internship **Credits:** (3)
- HAS 3240 - Human Resource Development in Healthcare **Credits:** (3)
- HAS 3750 - Healthcare Financial Administration **Credits:** (3)
Healthcare Coding & Classification Certificate of Proficiency

- **Grade Requirements:** To receive a Healthcare Coding & Classification Certificate of Proficiency the student must complete all courses in the certificate program with a grade of "C" or higher (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** 27 credit hours as specified.

**Gainful Employment Disclosure**
- **Program Code:** 2007CP
- **CIPC:** 510713

**Program Description**

This program provides training to candidates interested in the application of disease and operation codes to episodes of care in the U.S. healthcare system. There currently is a nationwide shortage of qualified healthcare coders. Qualified coders are needed at all levels of the healthcare system to provide coded clinical data for reimbursement and research purposes. The program develops the ability of students to use the International Classification of Diseases, version 9 (ICD-9-CM) and version 10 (ICD-10-CM), and the International Classification of Diseases, version 10, Procedural Coding System (ICD-10-PCS) of the U.S. Department of Health and Human Services and the Common Procedural Terminology (CPT) of the American Medical Association. The program develops expertise for both outpatient/office practice and acute-care inpatient levels of proficiency. Students will use and apply both coding schemes in the systems of reimbursement for healthcare services. Completion of all courses earns the student a Healthcare Coding & Classification Certificate of Proficiency and prepares them to sit for the American Health Information Management Association's Certified Coding Associate (CCA) certification examination.

**Program Learning Outcomes**

- Domain 1: Data Content, Structure & Standards (Information Governance)
- Domain 2: Information Protection: Access, Disclosure, Archival, Privacy & Security
- Domain 3: Informatics, Analytics and Data Use
- Domain 4: Revenue Management
- Domain 5: Compliance
- Domain 6: Leadership

**Course Requirements for Institutional Certificate**

**Program Prerequisites (6 credit hours)**

- HTHS 1101 - Medical Terminology Credits: (2)
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) or
- ZOOL 2100 - Human Anatomy Credits: (4)

**Courses Required (21 credit hours)**

- HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4) or
- ZOOL 2200 LS - Human Physiology Credits: (4)
- HTHS 2230 - Introductory Pathophysiology Credits: (3)
- HTHS 2240 - Introduction to Pharmacology Credits: (3)
- HIM 2300 - Diagnosis Coding Credits: (3)
- HIM 2320 - Ambulatory and Physician Office Coding Credits: (3)
- HIM 2330 - Healthcare Reimbursement Credits: (2)
• HIM 2410 - ICD-10-PCS Coding Credits: (2)
• HIM 2863 - Professional Practice Experience in Coding Credits: (1)
Regulatory Affairs Post Baccalaureate Certificate

The Post Baccalaureate Certificate in Regulatory Affairs program prepares individuals to manage the regulatory process for companies innovating and developing cutting-edge products in science, biotechnology, pharmaceuticals, and medicine. Such programs includes instruction in regulatory affairs, clinical documentation, human and animal subject protection, Food and Drug Administration (FDA) regulations, data management and analysis, good manufacturing practices, and quality management.

Admissions Requirements

- Completed application
- 3.0 GPA or higher
- Bachelor's degree (official transcripts)
- Resume/CV
- Essay
- Two letters of recommendation
- Healthcare experience preferred

Program Requirements

- Grade Requirement: To receive a Post Baccalaureate Certificate in Regulatory Affairs, the student must complete all courses in the program with a grade of "C" or higher, and maintain an overall program GPA of 3.0 or higher.
- Program Code: 2083GC
- CIPC: 510702

Course Requirements

Required Courses

- MHA 6000 - Health Systems & the Healthcare Economy Credits: (3)
- MHA 6100 - Leading & Managing People in Healthcare Credits: (3)
- MENG 6140 - Foundations of Professional and Technical Writing Credits: (3)
- RGAF 6000 - Introduction to Regulatory Affairs Credits: (3)
- RGAF 6100 - Biostatistics Applied to Research Credits: (3)
- RGAF 6200 - Regulatory Drugs & Biologics Credits: (2)
- RGAF 6230 - Regulatory Devices and Diagnostics Credits: (2)
- RGAF 6250 - Regulatory Clinical Evidence Credits: (2)
- RGAF 6300 - Compliance in Regulatory Affairs Credits: (3)

Elective Course

- RGAF 6500 - Internship Credits: (3)
Health Administration (BS)

Health administration is rapidly growing, as is the demand for qualified individuals. A bachelor's degree in our Health Administration program prepares you for a leadership role in hospitals, clinics, nursing homes, health departments, rehabilitation centers, skilled nursing facilities and a variety of other organizations within the healthcare industry. As a fully certified AUPHA program, our Health Administration degree provides the skills and competencies required for supervisors and managers in a healthcare setting.

- **Program Prerequisite:** Health Administration has a set of course prerequisites which are expected to be completed prior to declaration of cohort for this major. See the list of prerequisites in the course requirements discussed below. An application for this program is required upon completion of general education and prerequisites. A cohort designation for the major will be made upon receipt and processing of the program application. Students will not be allowed to register for classes in the major without designation of this cohort.

All students admitted to the Health Administration BS program may be required to comply with a departmental background check and drug screen test prior to internship or other professional practice experience. If the background check reveals a history of convicted criminal actions, or the drug test results are positive for controlled substances, then the students may be dismissed from the program and will not be entitled to any refunds of tuition or other fees. Most healthcare employers have this same requirement as a condition of employment.

- **Minor:** Not required.
- **Grade Requirement:** A grade of "C" or better in courses required for all emphases (a grade of "C-" is not acceptable), in addition to a minimum cumulative GPA of 2.75.
- **Credit Hour Requirements:** 120 credit hours are required for graduation. Forty-(40) upper division credit hours is required (courses numbered 3000 and above). Please see requirements under emphases as discussed below.
- **Program Code:** 2078BS
- **CIPC:** 510701

Advisement

Students are encouraged to meet with a faculty advisor annually for course and program advisement. For additional information, or to schedule an appointment, call 801-626-7242.

Use Grad MAPs to plan your degree

Admission Requirements

Declare your program of study. In addition, the following steps are required:

1. Schedule an appointment for academic advisement with a member of the Department of Health Administrative Services faculty.
2. Make application to the program and the Dr. Ezekiel R. Dumke College of Health Professions. Overall GPA of 2.75 is required.

General Education

All general education courses should be completed before applying to the Health Administration program. Refer to Degree Requirements for Bachelor of Science requirements. Some of the courses required by this program may also fulfill general education requirements. Check with a department advisor if you have questions.

Program Learning Outcomes

- Communication - Graduates will demonstrate professional level proficiency in written and oral communication, be able to communicate across health disciplines, prepare effective reports, and make business presentations.
- Collaboration and Teamwork - Graduates will be able to work effectively in teams and to collaborate and develop positive relationships with peers, subordinates and superiors.
• Critical and Creative Thinking - Graduates will be able to seek information using management tools to collect data and apply metrics, to analyze data, form conclusions and make recommendations even when dealing with ambiguities in the information.

• Professionalism - Graduates will have the ability to align personal and organizational conduct with ethical, legal, and professional standards and will be responsible for self direction.

• Leadership - Graduates will have an understanding of supervisory and management principles as well as the ability to effect change in teams and organizational units through positive influence on both peers and subordinates.

• Organizational Awareness and Governance - Graduates will understand the structure, governance, and functioning of health care entities and systems as well as the importance of integration across the health care spectrum.

• Community Awareness - Graduates will have the ability to investigate population health characteristics and assess population health needs in a local community. The graduate should demonstrate an awareness of the ecological and social factors that influence health behavior.

• Human Resources Management - Graduates will understand and be able to implement the human resource processes needed for staffing and operating a healthcare organization.

• Financial Management - Graduates will have the ability to examine and interpret financial and accounting documents, understand and utilize budgets, understand third party payment processes, apply variance analysis and other techniques to managerial accounting information in order to understand and improve operations.

• Information Technology Management - Graduates will have the ability to recognize critical elements of information technology and use information technology for decision support.

• Performance Improvement and Quality Management - Graduates will have the ability to use quality and systems tools to measure, promote and implement quality improvement and patient satisfaction initiatives in health service organizations while accepting shared accountability for outcomes.

• Marketing and Strategic Planning - Graduates will have the ability to conduct an external and internal environmental analysis for a health services organization, develop a marketing plan for a health services product, and understand the principles of strategy formulation.

Major Course Requirements

See department for recommended sequence of major courses.

Required Prerequisite Courses

The following prerequisite courses must be completed with a grade of "C" or higher (a grade of "C-" is not acceptable) prior to enrollment in required courses of the program.

• HAS 3000 - The Healthcare System Credits: (3)
• HTHS 1101 - Medical Terminology Credits: (2)
• HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) and
• HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
  OR
• ZOOL 2100 - Human Anatomy Credits: (4) and
• ZOOL 2200 LS - Human Physiology Credits: (4)
  OR
• ZOOL 1020 LS - Human Biology Credits: (3)
• ACTG 2010 - Survey of Accounting I Credits: (3)
• ECON 1010 SS - Economics as a Social Science Credits: (3) or
• ECON 2010 SS - Principles of Microeconomics Credits: (3)

Required Courses (44-47 credit hours)

• HAS 3010 - Professionalism in Healthcare Credits: (3)
• HAS 3020 - Healthcare Marketing Credits: (3)
• PUBH 3150 - Introduction to Public Health Credits: (3)
• HAS 3230 - Health Communication Credits: (3)
• HAS 3240 - Human Resource Development in Healthcare Credits: (3)
• HAS 3260 - Healthcare Leadership and Management Credits: (3)
• HAS 3750 - Healthcare Financial Administration Credits: (3)
• HAS 4320 - Healthcare Economics and Policy Credits: (3)
• HAS 4400 - Legal and Ethical Aspects of Health Administration Credits: (3)
• HAS 4741 - Senior Seminar Capstone Credits: (3)
• HAS 4860 INT - Practicum/Internship Credits: (2-6) (3 or 6 credit hours required)
• HIM 2330 - Healthcare Reimbursement Credits: (2)
• HIM 3000 - Health Informatics Credits: (3)
• PUBH 3200 - Epidemiology and Biostatistics Credits: (3)
• HIM 3300 - Introduction to Quality Improvement in Healthcare Credits: (3)

Elective Courses (6 credit hours required)

• HAS 3190 - Cultural Diversity in Patient Education Credits: (3)
• HAS 4160 - Medical Practice Management Credits: (3)
• HAS 4410 - Clinical Instructional Design and Evaluation Credits: (3)
• HAS 4420 - Clinical Instructional Skills Credits: (3)
• HAS 4520 - Long-Term Care Administration Credits: (3)
• HAS 4525 - Post-Acute Care Operations Credits: (3)
• HAS 4620 - International Health and Healthcare Credits: (3)
• HAS 4800 - Individual Study Credits: (1-3)
• HAS 4850 - Study Abroad Credits: (1-6)
• HAS 4990 - Seminar Credits: (1)
• HIM 3550 - Healthcare Data Analytics Credits: (3)
• HIM 3610 - Advanced Principles of Revenue Cycle Management Credits: (3)
• HTHS 2230 - Introductory Pathophysiology Credits: (3)
Health Information Management (BS)

Health Information Management (HIM) is a rapidly emerging field within the healthcare industry. HIM professionals work to acquire, analyze, and protect electronic health records. These highly trained professionals work with the latest technologies to manage, secure and protect healthcare information and data. They are vital parts of healthcare organizations of all sizes from private physician offices to large hospital complexes.

Program Prerequisite: Health Information Management (BS) degree requires the following prerequisites:

- HTHS 1101 - Medical Terminology (2)
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I (4)

An application for this program is required upon completion of these prerequisite courses. A cohort designation for the major will be made upon receipt and processing of the program application. Students will not be allowed to register for classes in the major without designation of this cohort.

All students admitted to the Health Information Management (BS) degree program will be required to comply with a departmental background check, drug screen, provide proof of immunizations prior to internship or other professional practice experience. If the background check reveals a history of convicted criminal actions, or the drug test results are positive for controlled substances, then the students may be dismissed from the program and will not be entitled to any refunds of tuition or other fees. Most healthcare employers have this same requirement as a condition of employment.

- Minor: Not required.
- Grade Requirement: A grade of "C" or better in courses required for all emphases (a grade of "C-" is not acceptable), in addition to a minimum cumulative GPA of 2.75.
- Credit Hour Requirements: A total of 120 credit hours are required for graduation. A total of 40 upper division credit hours is required (courses numbered 3000 and above). Please see requirements under emphases as discussed below.
- Program Code: 2079BS
- CIPC: 510706

Advisement

Students are encouraged to meet with a faculty advisor annually for course and program advisement. Call 801-626-7242 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Use Grad MAPs to plan your degree

Admission Requirements

Declare your program of study. In addition, the following steps are required:

1. Schedule an appointment for academic advisement with a member of the Department of Health Administrative Services faculty.
2. After completing the program prerequisites, make application to the program and the Dr. Ezekiel R. Dumke College of Health Professions. Applications will be processed two times each academic year. Application deadlines are February 15th and September 15th each year.
3. Overall GPA of 2.75 is required.

General Education

Refer to Degree Requirements for Bachelor of Science requirements. Some of the courses required by this program may also fulfill general education requirements. Check with a department advisor if you have questions.

Major Course Requirements

See department for recommended sequence of major courses.

Required Prerequisite Courses
The following prerequisite courses must be completed with a grade of "C" or higher (a grade of "C-") is not acceptable) prior to enrollment in required courses of the program:

- HTHS 1101 - Medical Terminology Credits: (2)
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4)

Required Courses (79 credit hours)

- HIM 2000 - Introduction to Health Information Systems and Settings Credits: (3)
- HIM 2250 - Health Care Privacy and Security Credits: (3)
- HIM 2300 - Diagnosis Coding Credits: (3)
- HIM 2320 - Ambulatory and Physician Office Coding Credits: (3)
- HIM 2330 - Healthcare Reimbursement Credits: (2)
- HIM 2410 - ICD-10-PCS Coding Credits: (2)
- HIM 2500 - Healthcare Data Management Credits: (3)
- HIM 2861 INT - (2nd Year) Professional Practice Experiences Credits: (2)
- HIM 2862 - Professional Practice Management Credits: (2)
- HIM 2863 - Professional Practice Experience in Coding Credits: (1)
- HIM 3000 - Health Informatics Credits: (3)
- PUBH 3200 - Epidemiology and Biostatistics Credits: (3)
- HIM 3300 - Introduction to Quality Improvement in Healthcare Credits: (3)
- HIM 3450 - Healthcare Systems Analysis and Design Credits: (3)
- PUBH 3500 - Biomedical Research Support Credits: (2)
- HIM 3550 - Healthcare Data Analytics Credits: (3)
- HIM 3610 - Advanced Principles of Revenue Cycle Management Credits: (3)
- HIM 4100 - Health Information Services Management Credits: (3)
- ACTG 2010 - Survey of Accounting I Credits: (3)
- HAS 3000 - The Healthcare System Credits: (3)
- HAS 3230 - Health Communication Credits: (3)
- HAS 3240 - Human Resource Development in Healthcare Credits: (3)
- HAS 3260 - Healthcare Leadership and Management Credits: (3)
- HAS 3750 - Healthcare Financial Administration Credits: (3)
- HAS 4860 INT - Practicum/Internship Credits: (2-6) (3 credits required)
- HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
- HTHS 2230 - Introductory Pathophysiology Credits: (3)
- HTHS 2240 - Introduction to Pharmacology Credits: (3)
- MIS 2010 - Business Computer Skills Credits: (1)
Public Health (BSPH)

Program Prerequisite: Completion of general education requirements and prerequisite courses listed below. An application for the program is required upon completion of general education and prerequisites. A cohort designation for the major will be made upon receipt and processing of the program application. Students will not be allowed to register for classes in the major without designation of this cohort.

All students admitted within the WSU Health Administrative Services department may be required to comply with a departmental background check and drug screen test prior to internship or other professional practice experience. If the background check reveals a history of convicted criminal actions, or the drug test results are positive for controlled substances, then the students may be dismissed from the program and will not be entitled to any refunds of tuition or other fees. Most Health Care and Public Health employers have this same requirement as a condition of employment.

Minor: Not required.

Grade Requirement: A grade of "C" or better in courses required for all emphases (a grade of "C-" is not acceptable), in addition to a minimum cumulative GPA of 2.75.

Credit Hour Requirements: A total of 120 credit hours are required for graduation. A total of 40 upper division credit hours is required (courses numbered 3000 and above). Please see requirements listed below.

- Program Code: 2053BS
- CIPC: 512201

Advisement

Students are encouraged to meet with a faculty advisor annually for course and program advisement. Call 801-626-7242 for more information or to schedule an appointment. (Also refer to the Department Advisor Referral List.)

Admission Requirements

Declare your program of study. In addition, the following steps are required:

1. Schedule an appointment for academic advisement with a member of the Department of Health Administrative Services faculty.
2. Make application to the program and the Dr. Ezekiel R. Dumke College of Health Professions.
3. Overall GPA of 2.75 is required.

General Education

All general education courses should be completed before applying to the BSPH program. Refer to Degree and General Education Requirements for Bachelor of Science requirements. Some of the courses required by this program may also fulfill general education requirements. Check with a department advisor if you have questions.

Program Learning Outcomes

- Communicate public health information in both oral and written forms and through a variety of media, to diverse audiences
- Locate, use, evaluate, and synthesize public health information
- Describe public health application of quantitative and qualitative data
- Describe implications of policies, programs, and services and advocate for the implementation
- Explain the ways public health, healthcare, and other organizations can work together to assure the health of individuals and the population

Major Course Requirements for BS Degree
Public Health

Prerequisite Courses Required (20 credit hours)

- HLTH 1030 SS - Healthy Lifestyles Credits: (3)
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) and
  HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
- MICR 1113 LS - Introductory Microbiology Credits: (3)
- ACTG 2010 - Survey of Accounting I Credits: (3)
- ECON 1010 SS - Economics as a Social Science Credits: (3)

Courses Required (60 credit hours)

- HAS 3000 - The Healthcare System Credits: (3)
- HAS 3020 - Healthcare Marketing Credits: (3)
- PUBH 3150 - Introduction to Public Health Credits: (3)
- HAS 3010 - Professionalism in Healthcare Credits: (3)
- HAS 3190 - Cultural Diversity in Patient Education Credits: (3)
- HAS 3230 - Health Communication Credits: (3)
- HAS 3240 - Human Resource Development in Healthcare Credits: (3)
- HAS 3260 - Healthcare Leadership and Management Credits: (3)
- HAS 3750 - Healthcare Financial Administration Credits: (3)
- HAS 4320 - Healthcare Economics and Policy Credits: (3)
- HAS 4400 - Legal and Ethical Aspects of Health Administration Credits: (3)
- PUBH 4500 - Grant Writing Credits: (2)
- PUBH 4700 - Public Health Capstone Credits: (3)
- HAS 4860 INT - Practicum/Internship Credits: (2-6) (3 credit hours required)
- PUBH 3200 - Epidemiology and Biostatistics Credits: (3)
- PUBH 3210 - Advanced Epidemiology & Population Health Credits: (3)
- PUBH 3500 - Biomedical Research Support Credits: (2)
- HIM 3550 - Healthcare Data Analytics Credits: (3)
- HTHS 2230 - Introductory Pathophysiology Credits: (3)
- MICR 3012 - Microbiology and Global Public Health Credits: (2) or
- MICR 3502 SUS - Environmental Health Credits: (2)
- HLTH 3000 - Foundations of Health Promotion Credits: (3)

Elective Courses (6 credit hours)

- RHS 3600 - Ergonomics for Health and Safety Credits: (2)
- HLTH 1110 - Stress Management Credits: (3)
- HLTH 1300 - First Aid: Responding to Emergencies Credits: (2)
- HLTH 2300 - Emergency Response Credits: (3)
- HLTH 3160 - Principles of Health Behavior Credits: (3)
- HLTH 3500 - Human Sexuality Credits: (3)
- HLTH 4250 - Contemporary Health Issues of Adolescents Credits: (2)
- HTHS 1101 - Medical Terminology Credits: (2)
- HAS 4620 - International Health and Healthcare Credits: (3)
- MICR 1153 LS - Public Health: Sex, Travel, Food, & Drugs Credits: (3)
Health Administrative Services Minor/BIS

Health Administrative Services Minor

- **Grade Requirements:** A grade of "C" or better in courses used toward the minor.
- **Credit Hour Requirements:** Between 16 and 24 credit hours depending on emphasis.
- **Program Code:** Health Administrative Services (2004), Health Information Management (2006), Long-Term Care (2005)
- **CIPC:** Health Administrative Services (510701), Health Information Management (510706), Long-Term Care (510718)

Course Requirements for Health Services Administration Emphasis

Required Courses (18 credit hours)

- HAS 3000 - The Healthcare System **Credits:** (3)
- HAS 3020 - Healthcare Marketing **Credits:** (3)
- HAS 3230 - Health Communication **Credits:** (3)
- HAS 3240 - Human Resource Development in Healthcare **Credits:** (3)
- HAS 3260 - Healthcare Leadership and Management **Credits:** (3)
- HAS 4400 - Legal and Ethical Aspects of Health Administration **Credits:** (3)

Elective Courses (5 credit hours required)

- HAS 3010 - Professionalism in Healthcare **Credits:** (3)
- PUBH 3150 - Introduction to Public Health **Credits:** (3)
- HAS 3190 - Cultural Diversity in Patient Education **Credits:** (3)
- HAS 3750 - Healthcare Financial Administration **Credits:** (3)
- HAS 4320 - Healthcare Economics and Policy **Credits:** (3)
- HAS 4620 - International Health and Healthcare **Credits:** (3)
- HAS 4740 - Senior Seminar **Credits:** (1)
- HAS 4800 - Individual Study **Credits:** (1-3)
- HAS 4850 - Study Abroad **Credits:** (1-6)
- HAS 4990 - Seminar **Credits:** (1)
- HIM 3000 - Health Informatics **Credits:** (3)
- PUBH 3200 - Epidemiology and Biostatistics **Credits:** (3)
- HIM 3300 - Introduction to Quality Improvement in Healthcare **Credits:** (3)
- HIM 3550 - Healthcare Data Analytics **Credits:** (3)
- HIM 3610 - Advanced Principles of Revenue Cycle Management **Credits:** (3)
Post-Acute Nursing Administration Certificate

- **Program Prerequisite:** Applicants must possess current license as a Registered Nurse (RN) and an associate degree to be accepted into the certificate program.
- **Grade Requirements:** To receive a Post-Acute Nursing Administration Certificate the student must complete all courses in the certificate program with a grade of "C" or higher (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** 16 credit hours as specified below (a minimum of 10 semester credit hours must be completed in residence at Weber State University).

Program Description

The Post-Acute Nursing Administration Certificate program is a joint program offered by the Health Administrative Services department and the School of Nursing. This certificate program provides essential management training to registered nurses (RNs) currently working in nursing homes, assisted living facilities, home health and hospice agencies, and other post-acute care settings.

Course Requirements for Certificate

Courses Required (16 credit hours)

- HAS 3240 - Human Resource Development in Healthcare Credits: (3)
- HAS 3750 - Healthcare Financial Administration Credits: (3)
- HAS 4520 - Long-Term Care Administration Credits: (3)
- HAS 4800 - Individual Study Credits: (1-3)
- NRSG 4500 - Nursing Management and Leadership Credits: (3)
- NRSG 4600 - Communication, Collaboration, and Information Management in Healthcare Credits: (3)
Department of Health Sciences

Department Chair: Travis Price  
Location: Marriott Allied Health Building, Rm 109  
Telephone Contact: Chris Housley 801-626-6505  
Professors: Jim Hutchins, Kathryn Newton, Travis Price; Assistant Professors: Justin Burr, Brad Winterton;  
Instructors: Marvin Orrock, Pamela Silberman

The Associate of Science in Health Sciences (ASHS) prepares students for entrance into a wide variety of health professions programs currently housed in the Dumke College of Health Professions (DCHP) such as: Dental Hygiene, Emergency Care and Rescue, Nursing, Radiologic Sciences, Respiratory Therapy, Medical Laboratory Sciences, Health Information Management and Health Administrative Services. It also serves as a preparatory associate degree for other Weber State University Bachelor of Science majors including: Anthropology, Gerontology, Athletic Training, Athletic Therapy, Health Promotion, Human Performance Management, Recreation, Sales and Service Technology, and the Bachelor of Integrated Studies (BIS). Students can choose to complete an ASHS degree or a specific ASHS degree track to customize their academic program: Associate of Science in Health Sciences - Dental Hygiene Track, Associate of Science in Health Sciences - Nursing Track, Associate of Science in Health Sciences - Radiologic Sciences Track, Associate of Science in Health Sciences - Medical Laboratory Sciences Track, and the Associate of Science in Health Sciences - Respiratory Therapy Track. The ASHS degree tracks are designed to expose students to a health professions program as well as provide specific training for potential career opportunities.

Interdisciplinary Minors

The Health Sciences Department participates in the interdisciplinary Neuroscience Minor Program. Students who wish to enroll in this program should indicate their desire to do so with the program coordinator who will help them work out a proper combination of courses to fit their particular needs. (See the Engaged Learning, Honors, and Interdisciplinary Programs section of this catalog.)
Health Sciences (AS)

- **Grade Requirements**: An overall GPA of 2.5 or higher is required. A course grade of "C" or higher is required for all Health Sciences and the health professions (DENT, NRSG, MLS, RADT, and REST) support courses.
- **Credit Hour Requirements**: A total of 60 credit hours is required for graduation.
- **Program Code**: Health Science (2029AS), Health Science Dental Hygiene Track (2029ASDENT), Health Science MLS Track (2029ASMLS), Health Science Nursing Track (2029ASNRS), Health Science Respiratory Therapy Track (2029ASREST), Health Science Radiologic Science Track (2029ASRADT), Health Science Public Health (2029ASPUBH)
- **CIPC**: 510000

Advisement

Students may contact an advisor in the Dr. Ezekiel R. Dumke College of Health Professions Admissions Advisement Office (Marriott Allied Health Building, Room 108, Phone 801-626-6136, Email healthprofessions@weber.edu) for program information.

General Education

Refer to Degree Requirements for Associate of Science requirements. The following courses suggested for the AS Degree in Health Sciences will also fulfill general education requirements: CHEM 1110, CHEM 1130, COMM 1020 or COMM 2110, HTHS 1110, MICR 1113, NUTR 1020, PSY 1010, SOC 1010/SOC 1020. Consult with Academic Advising or the Dr. Ezekiel R. Dumke College of Health Professions Admissions Advisement office regarding general education guidelines.

Program Learning Outcomes

- Students will demonstrate content knowledge of human body systems
- Students will demonstrate understanding of medical terminology and fluency in medical English
- Students will demonstrate understanding of the relationship between normal human physiology and disease
- Students will demonstrate scientific knowledge and skills in scientific reasoning
- LO1. Evaluate evidence and draw scientific conclusions about natural phenomena.
- LO2. Give examples of the integration of science across different disciplines.
- LO3. Explain specific interactions between science and society.
- LO4. Employ problem solving and data analysis tools.
- LO5. Classify levels of organization in humans.
- LO6. Diagram the ways in which human bodies obtain and use energy at the system, cellular, and molecular levels in an effort to maintain homeostasis.
- LO8. Cite the ecological interactions between humans and their environment, which affect human health.
- LO10. Explain how diseases disrupt anatomy and/or physiology.
- LO11. Evaluate probable causes of disease, given a case study.
- LO12. Recognize the meaning of medical words, whether written or spoken.
- LO13. Deconstruct the etymology of medical words.

Major Course Requirements for the Associate of Science in Health Sciences Degree and Degree Tracks
Health Sciences Core Courses Required (10 credit hours)

- HTHS 1101 - Medical Terminology Credits: (2)
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) and HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
or
- ZOOL 2100 - Human Anatomy Credits: (4) and ZOOL 2200 LS - Human Physiology Credits: (4)

Associate of Science in Health Sciences (13 credits)

WSU General Education Requirements, Health Sciences Core Requirements, and the following support courses:
- HTHS 1103 - Introduction to Health Careers and Care in a Diverse Society Credits: (3)
- HTHS 1120 - Case Studies in Health Sciences Credits: (3)
- HTHS 2230 - Introductory Pathophysiology Credits: (3)
- HTHS 2231 - Introductory Pathophysiology Laboratory Credits: (1)
- HTHS 2240 - Introduction to Pharmacology Credits: (3) or HTHS 3240 - Pharmacology Principles and Clinical Applications Credits: (3)

Associate of Science in Health Sciences-Dental Hygiene Track (10 credits)

WSU General Education Requirements, Health Sciences Core Requirements, and the following support courses:
- HTHS 1120 - Case Studies in Health Sciences Credits: (3)
- HTHS 2230 - Introductory Pathophysiology Credits: (3)
- HTHS 2231 - Introductory Pathophysiology Laboratory Credits: (1)
- HTHS 2240 - Introduction to Pharmacology Credits: (3) or HTHS 3240 - Pharmacology Principles and Clinical Applications Credits: (3)

Associate of Science in Health Sciences-Medical Laboratory Sciences (MLS) Track (11 credits)

WSU General Education Requirements, Health Sciences Core Requirements, and the following support courses:
- MLS 1113 - Introduction to Medical Laboratory Practices Credits: (4) *
- MLS 1114 - Principles of Hematology and Hemostasis Credits: (4) *
- HTHS 1120 - Case Studies in Health Sciences Credits: (3)
* Online MLS students must have a signed affiliation agreement prior to registering for these courses.

Associate of Science in Health Sciences-Nursing Track (10 credits)

WSU General Education Requirements, Health Sciences Core Requirements, and the following support courses:
- HTHS 1120 - Case Studies in Health Sciences Credits: (3)
- HTHS 2230 - Introductory Pathophysiology Credits: (3)
- HTHS 2231 - Introductory Pathophysiology Laboratory Credits: (1)
- HTHS 2240 - Introduction to Pharmacology Credits: (3) or HTHS 3240 - Pharmacology Principles and Clinical Applications Credits: (3)

Associate of Science in Health Sciences-Respiratory Therapy Track (12 credits)
WSU General Education Requirements, Health Sciences Core Requirements, and the following support courses:

- HTHS 1120 - Case Studies in Health Sciences Credits: (3)
- HTHS 2230 - Introductory Pathophysiology Credits: (3)
- HTHS 2231 - Introductory Pathophysiology Laboratory Credits: (1)
- HTHS 2240 - Introduction to Pharmacology Credits: (3) or
  HTHS 3240 - Pharmacology Principles and Clinical Applications Credits: (3)
- REST 1540 - Survey of Respiratory Therapy Credits: (1)
- REST 1560 - Multi-Skilled Health Care Worker Credits: (1)

Associate of Science in Health Sciences-Radiologic Sciences Track (10 credits)

WSU General Education Requirements, Health Sciences Core Requirements, and the following support courses:

- RADT 1022 - Introduction to Radiologic Technology Credits: (2)
- RADT 1542 - Radiographic Anatomy and Positioning V Credits: (2)
- RADT 1681 - Clinical Simulation V Credits: (1)
- RADT 2803 - Independent Research Credits: (1-3)
- RADT 2921 - Workshop, Conferences and Telecourses Credits: (1-3)

Associate of Science in Health Sciences-Public Health Track (15 credits)

WSU General Education Requirements, Health Sciences Core Requirements, and the following support courses:

- ACTG 2010 - Survey of Accounting I Credits: (3)
- ECON 1010 SS - Economics as a Social Science Credits: (3)
- PUBH 3150 - Introduction to Public Health Credits: (3)
- MICR 1113 LS - Introductory Microbiology Credits: (3)

Recommended Elective Courses to fulfill AS degree credit-hour requirement (60 credits), if necessary:

- HTHS 1103 - Introduction to Health Careers and Care in a Diverse Society Credits: (3)
- HTHS 1108 - Biocalculations for Health Professions Credits: (5)
- HTHS 1120 - Case Studies in Health Sciences Credits: (3)
- HTHS 2240 - Introduction to Pharmacology Credits: (3) or
  HTHS 3240 - Pharmacology Principles and Clinical Applications Credits: (3)
- HTHS 2830 - Health Sciences Directed Readings Credits: (1-3)
- HTHS 2904 - Information Resources in the Health Professions Credits: (1)
- HTHS 2990 - Health Sciences Seminar Credits: (1)
- NEUR 2950 - Introduction to Neuroscience Credits: (3)
- PAR 1000 INT - Emergency Medical Technician Credits: (4) and
  PAR 1001 - Emergency Medical Technician Lab Credits: (2)
- HIM 2250 - Health Care Privacy and Security Credits: (3)
- HIM 3000 - Health Informatics Credits: (3)
- PUBH 3200 - Epidemiology and Biostatistics Credits: (3)
- HIM 3300 - Introduction to Quality Improvement in Healthcare Credits: (3)
- HAS 3000 - The Healthcare System Credits: (3)
- HAS 4400 - Legal and Ethical Aspects of Health Administration Credits: (3)
- MLS 4410 - Interdisciplinary Health Care Teams Credits: (3)
Electroneurodiagnostics (BIS)

- **Grade Requirements:** A grade of "C" or better in courses used toward the BIS emphasis (a grade of "C-" is not acceptable).
- **Credit Hour Requirements:** Minimum of 18 credit hours in Neuroscience; minimum of 23 credit hours in Health Sciences; minimum 30 credit hours in Electroneurodiagnostics (courses taken in collaboration with the University of Utah Electroneurodiagnostics Program).
- **Program Code:** Neuroscience (END) 7051, Health Science (END) 2063, Electroneurodiagnostics (END) 2064
- **CIPC:** 51.0903

**Advisement**

Contact the Department of Health Sciences or Department of Neuroscience END advisor who will help you select courses. This is a predefined set of Concentrations for the BIS degree. Students cannot combine these END concentrations with other BIS concentrations.

**Neuroscience (END) Concentration Courses Required**

Students must complete coursework in each of the following areas (cognitive/behavioral neuroscience; cellular/molecular neuroscience; clinical/medical neuroscience).

- NEUR 2950 - Introduction to Neuroscience Credits: (3)
  
  *Cognitive/Behavioral Neuroscience Area*

- NEUR 3750 - Cognitive and Behavioral Neuroscience Credits: (3) or
- PSY 2710 - Biopsychology Credits: (3) or
- PSY 3730 - Perception Credits: (3)

*Cellular/Molecular Neuroscience Area*

- NEUR 3950 - Cellular and Molecular Neuroscience Credits: (3) or
- ZOOL 3200 - Cell Biology Credits: (4) or
- ZOOL 3300 - Genetics Credits: (4) or
- ZOOL 4100 - Vertebrate Embryology Credits: (4)

*Clinical/Medical Neuroscience Area*

- NEUR 3850 - Clinical Neuroscience Credits: (3) or
- PSY 3740 - Neuropsychopharmacology Credits: (3) or
- HTHS 2240 - Introduction to Pharmacology Credits: (3) or
- HTHS 3240 - Pharmacology Principles and Clinical Applications Credits: (3) or
- ZOOL 1020 LS - Human Biology Credits: (3) or
- ZOOL 2200 LS - Human Physiology Credits: (4)

Additionally, students will complete 6 credit hours of electives in consultation with their advisor.

**Health Sciences (END) Concentration Courses Required**

Before applying to the University of Utah Electroneurodiagnostic Program, students should complete the following required courses:

- HTHS 1101 - Medical Terminology Credits: (2)
- HTHS 1110 LS - Integrated Human Anatomy and Physiology I Credits: (4) and
- HTHS 1111 - Integrated Human Anatomy and Physiology II Credits: (4)
  or
- ZOOL 2100 - Human Anatomy Credits: (4) and
• ZOOL 2200 LS - Human Physiology Credits: (4)
• HTHS 1103 - Introduction to Health Careers and Care in a Diverse Society Credits: (3)
• HTHS 1120 - Case Studies in Health Sciences Credits: (3)
• HTHS 2230 - Introductory Pathophysiology Credits: (3)
• HTHS 2231 - Introductory Pathophysiology Laboratory Credits: (1)
• HTHS 2240 - Introduction to Pharmacology Credits: (3) or
• HTHS 3240 - Pharmacology Principles and Clinical Applications Credits: (3)

University of Utah Electroneurodiagnostics (END) Program Courses Required

Students will apply for admission to the University of Utah Electroneurodiagnostics (END) Program.
• HTHS 3410 - Foundations of Health Science Technology Credits: (3)
• HTHS 3412 - Health Science Technology Applications Credits: (3)
• HTHS 3997 - Digital EEG Concepts Credits: (3)
• HTHS 3998 - Normal Adult EEG Credits: (3)
• HTHS 3999 - Artifacts in EEG Credits: (3)
• HTHS 4010 - Interdisciplinary Health Care Teams Credits: (3)
• NEUR 3998 - EEG in Epilepsy Credits: (3)
• NEUR 3999 - EEG in Ped Patients & Neonates Credits: (3)
• BIS 3850 - BIS Internship Credits: (1-3) (3 credits required)
Medical Laboratory Scientists (MLS) and Medical Laboratory Technicians (MLT) - also known as Clinical Laboratory Scientists (CLS) and Clinical Laboratory Technicians (CLT) - perform laboratory tests on patient samples to provide information needed to diagnose or monitor treatment. These professionals do everything from providing cancer-testing results, to predicting the correct antibiotic to prescribe, to typing the correct blood for surgery. Examples of common laboratory tests include tests to detect anemia, diagnose diabetes and strep throat, and provide a transfusion to an accident victim. Doctors rely on laboratory test results to make informed patient diagnoses. Patient history along with physical signs and symptoms are vital, but most diagnoses need confirmation that only laboratory tests can provide. The laboratory professionals provide answers to life-and-death questions every day.

The MLS program follows a ladder approach from the Associates of Applied Science (AAS) degree through a Bachelor of Science (BS) degree. Students interested in applying to the campus associate level MLT program must first meet with an academic advisor and complete prerequisite courses. If accepted into the MLT program, successful completion of two academic semesters leads to an Associates of Applied Science degree, and allows graduates eligibility to national certification (ASCP MLT). Qualified students wishing to continue can apply for acceptance into the MLS BS program, which generally requires two years of study and provides eligibility to national certification (ASCP MT) upon successful completion of all academic requirements.

Students interested in the online MLS AAS Program must be employed, or have the support of, a clinical laboratory. Students will receive the didactic (lecture) portion of each course online, while completing specific laboratory competencies in the clinical laboratory under the supervision of qualified clinical laboratory mentors where they work. Please refer to the employer support information on the MLS Department web site: http://www.weber.edu/mls (online DEGREES/PROGRAMS).

Accreditation

The Medical Laboratory Sciences Programs are nationally accredited by the National Accrediting Agency for Clinical Laboratory Science (NAACLS) 5600 N. River Rd. Suite 720, Rosemont, IL 60018-5119. http://www.naacls.org.
Medical Laboratory Sciences (AAS)

- **Program Prerequisite:** Completion of the support courses listed under the Admission Requirements.
- **Grade Requirements:** A grade of "B-" or better in all MLS courses, and a grade of "C" or better in all support courses.
- **Credit Hour Requirements:** A total of 67-68 credit hours is required for graduation, 33-34 of these are required MLS courses, 22 are required support courses, and 12 are required general education courses.
- **Program Code:** 2039AAS
- **CIPC:** 511004

Advisement

Students interested in the MLS program are required to meet with a health professions advisor located in the Dumke College of Health Professions Admissions and Advisement Office, room 108. After initial advisement, students are encouraged to meet with an MLS advisor after acceptance into the program. To schedule an advising appointment, contact the advisement office at 801-626-6128.

Admission Requirements

**Campus students:**

1. Applicants must have a minimum cumulative GPA of 3.0 and meet with an advisor.
2. Complete MLS 1113 and MLS 1114 and most or all of the MLS support courses by April 1 of the year of application (student may be enrolled in those courses that spring semester). For the list of support courses, see Course Requirements for the AAS Degree.
3. Apply for the AAS program and include a non-refundable $25 fee by April 1st for fall semester acceptance. Applications can be found online. For more information, call the MLS office at 801-626-6118.
4. Complete a federal background check and drug screen by the end of fall semester after acceptance into the program.
5. Students for whom English is not their native language need to submit documentation of proficiency in English. Please refer to the MLS website for more details.

**Online students:**

1. Applicants must have a minimum cumulative GPA of 2.7.
2. Must be currently employed by an accredited (TJC/CAP/COLA/CLIA) laboratory that can provide a multidisciplinary laboratory experience. Contact the AAS MLS online academic advisor, Ashley Wilkinson for advising.
3. Have employer read and sign a Statement of Support form.
4. Apply to WSU for general admissions.
5. Send all official transcripts from other institutions to the WSU admissions office.
